Appalachian Lumber Co.

Appalachian Lumber offers custom treads of any size, as well as pie treads and custom landing treads. The treads are made from high-quality hardwoods and are available in more than 20 species, the company says.

appalachianlumber.net

Aria Vent Inc.

The Flushmount Pro is an ultra-minimal, frameless floor vent. They are compatible with all flooring types (LVP, hardwood, tile, etc.). The vents are flush, with no rim, and the only thing visible is a single rectangular air channel that delivers comparable air flow to grille models. Aria Vent patented vents are proudly made in Canada.

ariavent.com

Artistic Finishes Inc.

Enduracor is Artistic Finishes' line of waterproof accessories for floors ranging from 2.5 to 15 mm. The line features a four-layer design, making it one of the most technologically advanced accessories on the market, the company says. It is available in quarter round, wall base, stair nose, T-mold, reducer and square nose.

Seneca Millwork Inc.

Seneca Millwork's SignatureFlex flexible moldings products are designed for curved architecture and flooring applications. They are manufactured out of polyurethane material and provide a durable, cost-effective alternative to custom wood applications, the company says. They are available in an unfinished smooth or wood grain surface and can be painted or stained and installed like real wood.

senecamillwork.com

Southern Wood Floors

Southern Wood Floors' complete line of vents, grilles, grates and diffusers are made from and matching the same Reclaimed Antique Heart Pine and domestic Southern Heart Pine as the company's solid and engineered wood flooring. The products are available in a range of styles and sizes, with or without dampers, flush mount or self-rimming drop in style, in louvered, linear or egg crate design.

southernwoodfloors.com

Stairtek

Stairtek's Retread is available in thousands of colors, 12 species and eight textures, which makes matching prefinished wood flooring a breeze, the company says. All Stairtek products offer a 25-year warranty on an aluminum oxide finish.

stairtek.com

Top Step Vents

Top Step Vents offers 1/4-inch steel flush-mount vents and air returns that are durable with 97% air flow. Custom sizes are also available, and no color matching or finish work is needed, the company says.

topstepvents.com

Unity Hardwoods LLC

Unity Hardwoods offers unfinished moldings for 3/4-inch flooring and stair nosings in thicknesses of 3/4, 1/2, 3/8 and 5/16 inch. All of the company's products, which include stair treads and risers, are available in red oak, white oak, maple, hickory and walnut, with other species available upon request.

unityhardwoods.com

Vanishing Vents

Vanishing Vents are designed for an exact match of color, texture and sheen and are produced using the same material as the floor. The vents are 100% louvered for superior air disbursement and proper space heating/cooling, the company says. They are compatible with prefinished engineered hardwood, LVP, LVT, laminate and other materials.

flooringvents.com

Ventiques

Ventique wood vents' unique design allows for a flush mount, seamless finish for use with hardwood, laminate and LVP, the company says. By integrating the two-part frame and vent insert, Ventique grills are interchangeable. The wood vents are available in a variety of sizes and species for the grills and multiple colors for the metal frame.

ventiques.com

Yantarnaya Pryad-Parquet

Nine species of wood were used in this design, which aimed to naturally incorporate the color and overall style of the room into the flooring, the company says. No stain was used as a part of this installation; rather, the color was achieved solely by the variety of species used.
