

TALOS™ Bill Validator

THE NEXT GENERATION OF NOTE VALIDATION

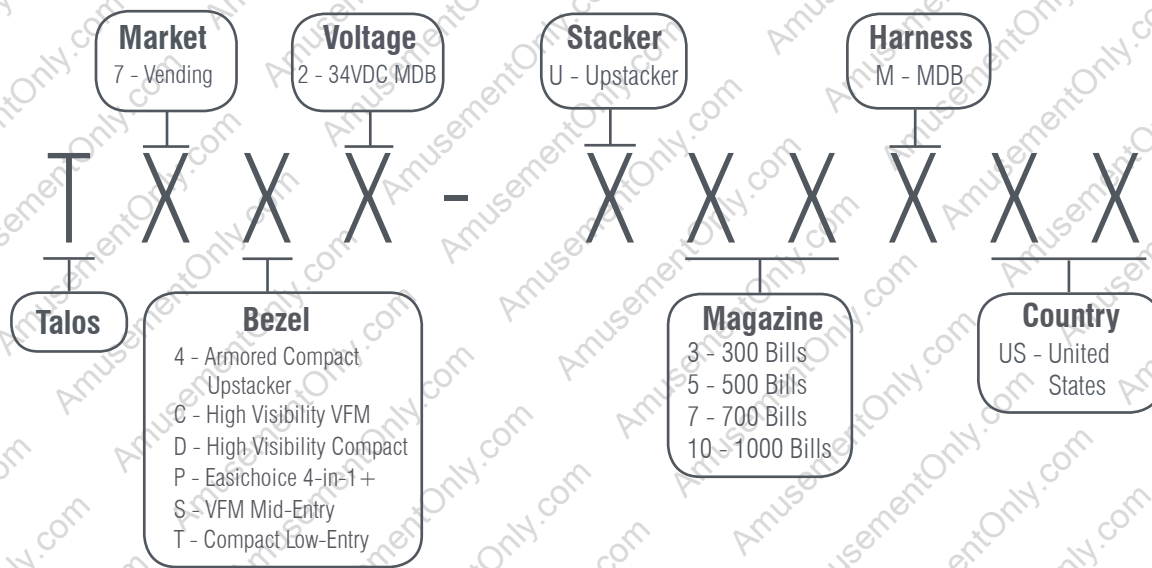

Built on a legacy of over 20 years of MEI reliability and performance, CPI presents the industry's most modular note validation system.

- 100% backwards capability enables seamless integration with existing bezels to streamline spares inventory
- Improved jam performance provides 50% decrease in jams as compared to previous models, allowing for fewer service calls and increased uptime
- Enhanced sensor technology and the industry's widest note coverage provide best in class fraud protection, ensuring rejection of all known counterfeits
- 2x faster note validation than previous models provides higher throughput during peak hours
- USB connection ensures seamless upgrades and data retrieval, reducing at-machine upgrade time by up to 80%
