INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of World Hope International, Inc. and Affiliate

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of World Hope International, Inc. and Affiliate (collectively known as WHI), which comprise the consolidated statement of financial position as of December 31, 2015, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of World Hope International, Inc. and Affiliate as of December 31, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Consolidating Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information in the supplemental schedules is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position and results of operations of the individual entities, and it is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

1. Organization and Summary of Significant Accounting Policies

Organization

World Hope International, Inc. (World Hope) is a not-for-profit organization incorporated under the Indiana Non-Profit Corporation Act. World Hope's mission is to alleviate suffering, injustice and poverty. World Hope pursues this mission by identifying and equipping field-based leadership and, with that leadership, implementing responses that are positive and sustainable. These responses address health, volunteer and other initiatives, anti-trafficking, clean water wells and sanitation initiatives, education, public awareness and economic development. The consolidated financial statements include the accounts of World Hope, but do not include the various foreign locations where World Hope may provide some support but over which it has no legal or direct control.

First Step Economic Opportunity Zone, Inc. (First Step) was incorporated in the State of Delaware in June 2009. World Hope has a 65.42% ownership in First Step. The remaining 34.58% is owned by related parties (see Note 12). First Step was established to help bring ethical foreign direct investment to Sierra Leone. First Step is leveraging the substantial presence and experience of World Hope in Sierra Leone to reduce the risks and costs for international business to establish export processing activity in Sierra Leone.

Principles of Consolidation

The accompanying consolidated financial statements reflect the activities of World Hope and First Step (collectively known as WHI). The financial statements of the organizations have been consolidated because they are under common control and there is an economic interest. All material intercompany balances and transactions have been eliminated during consolidation.

Basis of Accounting and Presentation

The accompanying consolidated financial statements of WHI have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Consequently, revenue is recognized when earned and expenses are recognized when the obligation is incurred.

Cash and Cash Equivalents

WHI considers all highly liquid investments, other than amounts held as part of the short-term or long-term investment portfolios, with purchased maturities of three months or less to be cash equivalents. Cash and cash equivalents include amounts in checking accounts and money market funds. Restricted cash relates to WHI's split-interest agreements.

Pledges Receivable

Promises to give are recognized as revenue when the donor has made an unconditional promise to contribute funds to WHI in future periods. Promises to give are recorded at their net realizable value if expected to be collected in one year or at their present value if expected to be collected in more than one year. Conditional promises to give are recognized when the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

1. Organization and Summary of Significant Accounting Policies (continued)

Pledges Receivable (continued)

conditions on which they depend are substantially met. WHI provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to an allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off. As of December 31, 2015, WHI had a \$50,000 pledge receivable which was due in less than one year and which management deemed to be fully collectible.

Notes Receivable

Notes receivable represent micro-finance loans issued to provide sources of funding to micro-finance institutions. Notes receivable are recorded when the funds are disbursed. A loan loss reserve is estimated and recorded based on prior collection experience and management's judgment. Interest income is recognized on the accrual basis. A loan becomes overdue when a scheduled payment is missed.

Inventory

Inventory is stated at the lower of cost or market using the first-in, first-out (FIFO) method. As of December 31, 2015, inventory comprised mostly of supplies and equipment used mainly for the wells program.

Investments

Investments consist of money market funds and an equity investment in a program-related entity. The money market fund investments are recorded at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The equity investment in Africa Felix Juice, LLP (AFJ) is carried at the lower of cost or estimated fair value. In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 325-20, Cost Method Investments, WHI performs an impairment analysis of its investment in AFJ if factors are observed that may indicate that a decrease in the value of the investment has occurred that is other than temporary, and if necessary, records an impairment loss to the carrying value of the investment.

Fair Value of Financial Instruments

FASB ASC Topic 820, Fair Value Measurements and Disclosures, defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosures about fair value measurements. The ASC emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and therefore a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, the ASC established a fair value hierarchy based upon the transparency of the inputs to the valuation of an asset or liability. These inputs may be observable, whereby market participant assumptions are developed based on market data obtained from

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

1. Organization and Summary of Significant Accounting Policies (continued)

Fair Value of Financial Instruments (continued)

independent sources, or unobservable, whereby market participant assumptions are developed by the reporting entity based on the best information available in the circumstances.

The three levels of fair value hierarchy are described as follows:

Level 1 – Based on unadjusted, quoted market prices in active markets for identical assets or liabilities accessible at the measurement date.

Level 2 – Based on inputs, other than quoted prices included in Level 1, that are observable for the asset or liability, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets.

Level 3 – Based on unobservable inputs for the asset or liability including the reporting entity's own assumptions in determining fair value.

As of December 31, 2015, WHI's investments, with the exception of its equity investment in AFJ and its split-interest agreements, were measured at fair value on a recurring basis.

Property and Equipment

Office and other equipment, furniture and fixtures, vehicles and software are stated at cost and are depreciated or amortized on a straight-line basis over the estimated useful lives of the assets, ranging from three to five years, with no salvage value. Leasehold improvements are stated at cost and are amortized using the straight-line method over the remaining life of the lease. Buildings and improvements are recorded at cost and depreciated over 27.5 years. Expenditures for minor repairs and maintenance costs are expensed when incurred. World Hope capitalizes all property and equipment purchased with a cost of \$5,000 or more, while First Step capitalizes all property and equipment purchased with a cost of \$1,000 or more. Upon retirement or disposal of assets, costs and accumulated depreciation are eliminated from the respective accounts and any resulting gain or loss is included in revenue or expenses.

Split-Interest Agreements

WHI's split interest agreements with donors consist of a charitable gift annuity and an annuity receivable. WHI initially records revenue from charitable gift annuity contributions in the year in which the agreement is executed. The amount of the revenue recognized in the first year is the difference between the amount of the assets received and the fair value of the future cash flows expected to be paid to the designated beneficiaries. In succeeding years, revenue is recorded for the reduction in the present value of future cash payments to the beneficiaries. The charitable gift annuity assets are included in restricted cash and cash equivalents and the liabilities are included in charitable gift annuities in the accompanying consolidated statement of financial position.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

1. Organization and Summary of Significant Accounting Policies (continued)

Transactions in Foreign Currencies

WHI conducts many of its programs through field offices in foreign countries and, accordingly, transacts in the local currencies of those countries. These foreign currency transactions are translated into U.S. dollars using methods that make the rate used in the particular field office as close as possible to reality. Translations are made either using a monthly weighted average (based on rates for U.S. dollar-local currency conversions through the bank) or the spot rate (using the exact rate obtained at the bank when a check is cashed). The resulting gain or loss is reflected in expenses in the accompanying consolidated statement of activities. The U.S. dollar is considered the functional and reporting currency of WHI.

Classification of Net Assets

The net assets of WHI are reported as follows:

- Undesignated, unrestricted net assets represent the portion of expendable funds that are available for support of WHI's operations.
- The noncontrolling interest of unrestricted net assets represents the ownership interest held by related parties in First Step.
- Temporarily restricted net assets represent amounts that are specifically restricted by donors or grantors for various purposes or periods of time.
- Permanently restricted net assets represent amounts that include donor-imposed restrictions that stipulate that the resources be maintained in perpetuity and that only the investment earnings on such amounts be used in the manner specified by the donor.

Revenue Recognition

WHI recognizes all unconditional contributed support in the period in which the commitment is made. Grants and contributions are considered unrestricted and are available for operations unless specifically restricted by the donor. WHI reports gifts of cash and other assets as temporarily restricted if they are received with donor stipulations that limit the use of the donated assets. When a stipulated time restriction ends or a purpose restriction is satisfied, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying consolidated statement of activities as net assets released from restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized.

WHI has cost-reimbursable grants and contracts with U.S. government agencies and other organizations. Revenue from these grants and contracts is recognized as costs are incurred on the basis of direct costs plus allowable indirect costs. Direct and indirect expenses incurred but not reimbursed under these grants and contracts are reported as part of grants and accounts receivable in the accompanying consolidated statement of financial position.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

1. Organization and Summary of Significant Accounting Policies (continued)

Revenue Recognition (continued)

Program income is recognized when earned and represents interest income on notes receivable, as well as rental and consulting income generated by First Step. Amounts which have not been collected as of year-end are included in grants and accounts receivable in the accompanying consolidated statement of financial position net of any anticipated losses due to uncollectible accounts.

In-Kind Contributions

In-kind contributions received by WHI consist of clothing, hygiene products, equipment, and drugs and medicines and are recorded as in-kind contributions in the accompanying consolidated statement of activities at the estimated fair value at the time of receipt. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Upon donation to a donee organization, the materials are expensed at the estimated fair value at their time of donation to WHI and are included in grants and assistance in the accompanying consolidated statement of functional expenses.

WHI's programs are also furthered by a substantial number of nonprofessional volunteers who have donated their services to WHI. The value of these services is not reflected in the accompanying consolidated financial statements because they do not meet the criteria for recognition under GAAP.

Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying consolidated statement of functional expenses. Direct costs associated with specific programs are recorded as program expenses. Indirect costs are allocated to specific programs based on salary allocations.

Estimates

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

2. Notes Receivable

Notes receivable consisted of the following as of December 31, 2015:

Notes receivable issued to Koperasi Harapan Sejahtera, Indonesia, through April 2021, interest of 7.25% per annum

\$ 19,331

Less: Current Portion

(3,081)

Long-Term Portion

\$ 16,250

Interest income earned on notes receivable was \$4,648 for the year ended December 31, 2015, and is reported as part of program income in the accompanying consolidated statement of activities.

The ending balances of notes receivable are individually evaluated for impairment. A loan loss reserve is established based on prior collection experience and current economic factors which, in management's judgment, could influence the ability of loan recipients to repay the amounts per the loan terms. Loan balances are written off only when they are deemed to be permanently uncollectible. The credit quality indicator for notes receivable is determined by repayment status and delinquency status. For the year ended December 31, 2015, WHI wrote off \$38,225 of uncollectible notes receivable.

Investments

As of December 31, 2015, investments consisted of money market funds totaling \$620,018. These investments are related to two donor-restricted endowment funds and earnings from the funds, totaling \$9,121, which is to be used to fund specific donor purposes, to fund operations, or to be reinvested in the fund.

Due to the Ebola crisis in Sierra Leone, AFJ suspended its operations and defaulted on a loan from a member of World Hope's Board of Directors, who is also a shareholder of First Step. As AFJ is not deemed a going concern without additional equity capital, WHI's management performed an impairment valuation on its investment in AFJ and recorded an impairment loss for the full amount of its investment in AFJ totaling \$446,123 for the year ended December 31, 2015.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

4. Fair Value Measurements

The following table summarizes WHI's assets and liabilities measured at fair value on a recurring basis as of December 31, 2015, aggregated by the fair value hierarchy level with which those measurements were made:

	<u></u>	Total air Value	in Mar Ide As Lia	ed Prices Active kets for entical ssets/ bilities evel 1)	Ol	ignificant Other oservable Inputs Level 2)	Unob In	nificant servable puts evel 3)
Assets: Investments: Money market funds	\$	620,018	\$	-	\$	620,018	\$	-
Deposits and other noncurrent assets: Annuity receivable		29,293				29,293		
Total Assets	\$	649,311	\$		\$	649,311	\$	
Liabilities: Charitable gift annuities	\$	78,071	\$		\$	78,071	\$	
Total Liabilities	\$	78,071	\$		\$	78,071	\$	

WHI used the following methods and significant assumptions to estimate fair value for assets recorded at fair value:

Money market funds – These are subject to certain restrictions and generally have no established trading market. Fair value is determined based on the net asset value of the share held by the fund at year-end.

Annuity receivable and charitable gift annuities – These are revalued annually by calculating the present value based on the current appraised value of the investments, the donor's life expectancy and a discount rate.

Effective January 1, 2015, WHI transferred its money market funds from Level 1 to Level 2 based upon a reassessment of the underlying observable inputs for valuing the investment.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

5. Property and Equipment and Accumulated Depreciation and Amortization

WHI held the following property and equipment as of December 31, 2015:

Land and improvements	\$	519,067
Buildings and improvements		388,583
Software		301,110
Vehicles		712,366
Leasehold improvements		225,148
Office and other equipment		309,106
Furniture and fixture		27,867
Total Property and Equipment		2,483,247
Less: Accumulated Depreciation and Amortization	_(<u>1,062,663</u>)
Property and Equipment, Net	\$	1,420,584

Depreciation and amortization expense amounted to \$341,216 for the year ended December 31, 2015.

6. Notes Payable

As of December 31, 2015, WHI had an unsecured note payable that is noninterest-bearing and carries an imputed interest rate of 1.15%. The note is due in 60 monthly installments of \$17,208 starting June 1, 2012. The balance due on the note payable was \$289,528 as of December 31, 2015.

As of December 31, 2015, the scheduled maturities, including the imputed interest payments, were as follows:

For the Year Ending December 31,	
2016	\$ 206,500
2017	86,540
Total	292,540
Less: Imputed Interest	(3,512)
Total	<u>\$ 289,528</u>

Interest expense for this note payable totaled \$4,947 for the year ended December 31, 2015.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

7. Commitments and Contingencies

Office Leases

In January 2013, World Hope entered into a noncancelable ten-year lease agreement for its headquarters office space, commencing on May 1, 2013 and expiring on April 30, 2023. Under the terms of the lease, WHI is committed to annual rentals, adjusted for defined escalations of 2.5% annually, and its share of the building's operating expenses. As an inducement to this lease, the landlord provided WHI with a leasehold construction allowance of \$186,730.

Under GAAP, lease incentives and all rental payments, including fixed rent increases, are amortized over the life of the lease on a straight-line basis as a reduction to rent expense. The difference between the GAAP rent expense and the required lease payment is reflected as deferred rent liability in the accompanying consolidated statement of financial position.

Office rent expense for World Hope's headquarters amounted to \$112,245 for the year ended December 31, 2015, and is included as part of occupancy expense in the accompanying consolidated statement of functional expenses.

Total future minimum lease payments under the lease are as follows:

For the Year Ending December 31,	
2016	\$ 124,584
2017	127,702
2018	130,894
2019	134,167
2020	137,521
Thereafter	 333,998

WHI also leases office space in various countries under short-term lease agreements that allow for cancellation with minimal cost and at WHI's discretion.

Facility Lease

First Step leases space to a related party tenant, AFJ, under a noncancelable operating lease agreement expiring in 2026. Contractual monthly payments were reduced to \$2,000 effective July 1, 2013.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

7. Commitments and Contingencies (continued)

Facility Lease (continued)

The future aggregate minimum annual rental revenues are as follows:

For the Year Ending December 31,	
2016	\$
2017	
2018	
2019	
2020	
Thereafter	_
Total	\$

Concentration of Credit Risk

WHI maintains its cash and cash equivalents with certain commercial financial institutions, which aggregate balance, at times, may exceed the Federal Deposit Insurance Corporation (FDIC) insured limit of \$250,000 per depositor per institution. As of December 31, 2015, WHI exceeded the maximum limit insured by the FDIC by approximately \$167,000. WHI monitors the creditworthiness of these institutions and has not experienced any credit losses on its cash and cash equivalents.

Foreign Operations

WHI has or had field offices in Cambodia, Sierra Leone, Azerbaijan, Liberia, Mozambique and Bosnia during the year ended December 31, 2015. WHI maintains cash, accounts receivable, fixed assets and other assets in each of these countries. The future of these programs can be adversely affected by a number of potential factors, such as devaluations or changes in the political climate. As of December 31, 2015, WHI had assets in these countries totaling approximately \$1,656,000, representing approximately 49% of WHI's total consolidated assets.

8. Pension Plan

WHI sponsors a defined contribution annuity retirement plan for all employees. If an employee is eligible to participate in the plan and elects to participate, WHI contributes 4% of the participating employee's annual compensation to the plan. Pension expense totaled \$18,351 for the year ended December 31, 2015, and is included as part of salaries, taxes and benefits in the accompanying consolidated schedule of functional expenses.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

9. Temporarily Restricted Net Assets

As of December 31, 2015, temporarily restricted net assets were available for use in the following programs:

Clean water wells and sanitation \$ 361,919
Time-restricted \$ 5,136

Total \$ 367,055

10. Endowment Funds

Permanently restricted net assets consist of two donor-restricted endowment funds. The income from the funds is to be used to fund specific donor purposes, to fund operations, or to be reinvested in the fund. As required by GAAP, net assets associated with donor-restricted funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

WHI has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) not to limit spending from the endowment fund to "interest and dividends" earned, but to allow WHI to elect to spend a portion of the overall value of the fund after considering the factors listed below, keeping in mind the permanent duration of the fund. To date, WHI has not made such an election and has instead taken a very prudent and conservative approach. WHI has pursued a spending policy not to release more than the interest and dividend income annually on the original value of the gifts donated to start the permanent endowment and the original value of subsequent gifts to the permanent endowment. The realized and unrealized gains and losses, if any, are included in the temporarily restricted net assets of the endowment portfolio.

Section 55-268.14(A) of the Virginia UPMIFA eliminates the concept of historical dollar value and instead provides that an institution may adopt a spending policy that will preserve the purchasing power of the "principal" while distributing as "income" a reasonable amount in light of investment performance and general economic conditions. The statute lists a number of factors to be considered in adopting a spending policy:

- The duration and preservation of the fund.
- The purposes of WHI and the donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of WHI.
- The investment policies of WHI.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

10. Endowment Funds (continued)

Endowment Composition

As of December 31, 2015, WHI's endowment had the following net asset composition:

	nporarily stricted	rmanently estricted	<u>Total</u>		
Donor-restricted	\$ 5,136	\$ 614,882	\$	620,018	
Total Endowment Funds	\$ 5,136	\$ 614,882	\$	620,018	

Endowment Activity

Changes in endowment net assets were as follows for the year ended December 31, 2015:

	nporarily estricted	rmanently estricted	Total		
Endowment net assets, beginning of year	\$ 5,136	\$ 613,731	\$	618,867

res	striction (und	er UPMIFA	, without pu	rpose re	strictions	3		

5.136

Funds with Deficiencies

From time to time, the fair value of assets associated with an individual donor-restricted endowment fund may fall below the level that the donor or UPMIFA requires WHI to retain as a fund of perpetual duration. There were no such deficiencies as of December 31, 2015.

Investment Objectives and Spending Policy

Endowment funds are invested in money market funds to protect the corpus of the gift and to ensure that there is a continuous annual stream of interest income to fund endowment spending. Currently, WHI does not have a spending policy. Spending is in accordance with the terms of the donor agreement and limited by the amount of investment income generated on an annual basis.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2015

11. Income Taxes

World Hope is exempt from payment of taxes on income other than net unrelated business income under Section 501(c)(3) of the Internal Revenue Code. No provision for income taxes was required for the year ended December 31, 2015.

First Step is subject to federal and state income taxes. For the year ended December 31, 2015, First Step had a net operating loss and has a cumulative net operating loss carryforward from prior years that is available to offset taxable income through 2034. No deferred tax asset has been recorded related to the net operating loss carryforwards as management believes that the future taxable income required to realize the deferred tax asset is uncertain at this time.

WHI follows the authoritative guidance relating to accounting for uncertainty in income taxes included in FASB ASC Topic 740, *Income Taxes*. These provisions provide consistent guidance for accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. WHI performed an evaluation of uncertain tax positions for the year ended December 31, 2015, and determined that there were no matters that would require recognition in the consolidated financial statements or that may have any effect on its tax-exempt status. As of December 31, 2015, the statute of limitations for tax years 2012 through 2014 remains open with the U.S. federal jurisdiction or the various states and local jurisdictions in which WHI files tax returns. It is WHI's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense. As of December 31, 2015, WHI had no accruals for interest and/or penalties.

12. Related Parties

Two of World Hope's board members own shares of First Step and control a combined 34.58% of First Step's shares as of December 31, 2015. World Hope and those board members of World Hope together own 100% of First Step.

13. Subsequent Events

In preparing these consolidated financial statements, WHI has evaluated events and transactions for potential recognition or disclosure through May 4, 2016, the date the consolidated financial statements were available to be issued. There were no subsequent events identified required to be recognized or disclosed in the consolidated financial statements.
