

## The Dragon Times

In an election that many political experts said reflected the anger and disillusionment of Americans with the Washington establishment, voters refused to return many incumbent Democrats to office. Not a single Republican member of the United States Senate or House was defeated. The Republican Party gained control of both houses of Congress for the first time in 40 years. Even the speaker of the house, Tom Foley, was defeated-something that had not happened to the holder of that office in more than 130 years.

## Last-minute negotiations con-

 ducted by former President Jimmy Carter, Sen. Sam Nunn and retired Gen. Colin Powell enabled the U.S. to avoid a bloody invasion of Haiti and to restore elected President-in-exile Jean-Bertrand Aristide to office. Eventually, 20,000 troops entered the country to maintain order and to aid in the transition of power from the island's military rulers to Aristide. The settlement, which allowed the military leaders to leave the country, and Carter's role received mixed reactions back in the U.S.The discovery of the bodies of O.J. Simpson's ex-wife, Nicole, and her friend, Ronald Goldman, and the football legend's arrest touched off a barrage of media coverage that captivated the attention of much of the world. Complicated legal maneuvers and a grueling jury selection process delayed the start of the trial for months.

With a knockout punch in the 10th round, 45 -year-old George Foreman claimed the WBA heavyweight boxing title from Michael Moorer, making Foreman the oldest man to win the championship.

A 38-year-old truck driver, despondent over problems with his marriage and business, penetrated White House security when he crashed a stolen, single-engine plane into the wall two floors below the President's bedroom.

Pleas from fans to "play ball" fell on deaf ears as major league baseball players and owners failed to resolve their differences over instituting a salary cap. Quests to set new batting records came up short when the season ended in August and the World Series was cancelled. Just before Christmas, talks broke down and owners put into play the salary cap. Both sides filed unfair-labor-practice charges with the National Labor Relations Board.

Expected to be an early victim of the television rating wars, $E R$ surprised even its own network by capturing more than 30 percent of the Thursday night viewers with its fast-paced, emergency room drama.

Cheering at the Homecoming game are Shauna Christensen, Jessica Gooch, Amanda Sinz, Kendall Thomas and Roger Hoskins, John Shortell.

Principal Margo Deatherage and Vice Principal Noel Senecal watch the Homecoming football game.

## Another School Year

by Simon Mantal
Extra! Extra! Read all about it! The 94-95 school year arrived, bringing with it new faculty and many new faces. Despite the decrease in the number of students, the amount of school spirit was tremendous.

The Dragon Times is not just another name for a yearbook, but is a great way of summing up times together at Alconbury High School. It symbolizes the many great moments and memories that we shared while attending classes, practicing for sports, and attending events.

Students had an excellent chance to travel seeing the many sights in Britain and Europe. Many Seniors went to Canterbury to study Chaucer's Canterbury Tales. MUN gave students the opportunity of going to the Hague, Holland. Many Juniors and a few lucky Seniors were able to go to Normandy to study background history of D-Day.

Alconbury High School isn't all work and no play. There are many events such as sports, dances, and various club orientated activities, which are worthy news reports. Welcome to our "paper."

Sports: Volleyball Player's Alison Schier, Melissa Lodwick, Juniors; Sophomore Jessica Filbey, and Junior Lina Ponder, work together to return the ball at the Homecoming volleyball match against Lakenheath Red.

The Older Generation; Sophomore, Wendy Scoville, Juniors Chasity Hughes, and Aisha Mack share some time together before going off to their Biology classes.

Entertainment: Sophomore Melissa Morris and Senior Eleanor Mason, along with Freshman Ava Rose, Sophomores Sasha Iiams, and Wendy Scoville keep the spirit alive with their entertaining rendition of the school fight song at Homecoming.

Seniors: Erica Molinar, and Nicole Futch, contemplate whether to visit the Cathedral or the shrine, while on their trip to Canterbury, England.

In the busy main hall, Seventh graders reverse roles on Wednesday: Veronica Ingram, Brian Hardin and Emily Egan change the rules for girls and boys dressing.

Freshman Kylene Hayslett portrays the complete sports gentleman as she surveys the foyer for a fishing partner. She even has her camera ready to take a picture of the one that got away.

Dressed like twins, Freshmen Shanda Adams and Ava Rose look like they had rather be tucked in bed with their soft teddies instead of at school on Baby Day pouting.

Ben Chambers, Eleanor Mason, Jessica Jones and Nicole Moore were some of the representatives of the Senior class protesting at the school assembly during the skit.

# The Dragons Show Spirit 

Yes ma'am, we are cool. The new Freshmen princesses on Opposite Sex Day are Nathan Hardin, David Brankline, Robert Perry and in the fetching red hat, Micah Gathercoal.

by Christie Stewart
The Student Council chose a great time to have "Spirit Week" for Homecoming. First, Monday was Columbus Day, so we had no school. Tuesday and Wednesday, we had a delay of two hours because of the fog that rolled in, so school started at 10:30 am.

On Tuesday, October 11, when you entered school, you noticed something odd. Kids were running around dressed like babies! This was because Baby Day kicked off Spirit Week! During lunch, classes challenged one another at games of volleyball in the main gym. The first game was Freshmen having a go at the Sophomores, who won that game. However, the Sophomores won their second game against the Seventh grade. Also, at that time, the Art Club had food sales with hotdogs, chips, and drinks.

Wednesday, Opposite Sex Day was in full effect. Girls were dashing gentlemen, and the fella's were giggling young ladies. Lunch time activities included a Pie Eating Contest with Lina Ponder devouring first place for the Juniors, and Micah Gathercoal gobbled second place for his Freshmen class. Mr. Blake's MUN class turned out to be great chefs with another food sale. After school for the runners at

AHS, there was a 5 km Fun Run.
No more fog! Thursday was a nice, clear morning with the return of our regular schedule; $8: 30$. There was a variety of ideas for Class Theme Day. Seventh graders relived "England Past." Eighth played "Me and My Teddy." Ninth grade surfed out as "Beach Bums." The Tenth grade came down with "Dragon Fever." Eleventh graders gave us the "Kiss of Death," and the Seniors mellowed out with "Hippie Day," winning the Spirit Stick. More calories! The Junior class sold scrumptious hotdogs and drinks.

Green and Gold Day was on Friday, October 14. The Pep assembly featured Mr. Monson's Beard Growing contest, Senior Chance Kraft won. All class skits were performed. The faculty won the volleyball game against the Seniors, but the Seniors still took first place for the Spirit Stick, with the Eighth graders coming in second.

Finally, what would Spirit Week be without Saturday's Homecoming dance when Freshmen through Seniors dressed up in their best, excited and ready to go out on that "Starry, Starry Night."

## Tricycle Race Thrills Lunch Bunch

The last heat of the Tricycle race came down to Senior Symone Linthicome challenging Eighth grader Michael Zimmer. They each won two previous meets before the championship. Although Symone pulled ahead at the beginning, Michael kept peddling passing her at the halfway point. He was greatly encouraged by a crowd of supporters. Michael was elated when he won, gaining points for his class.

"Me and My Teddy" was the theme day for the Eighth Graders: Front row; Jonathan Williamson, Jenny Fifield, Jason Hooks, Kristina Ames. Back row; Michael Zimmer, Sarah Woodrow, Brandon Almond, Tynya Hemingway, Karintha Tervalon.

Seventh graders Lakeisha Kirby and Jennifer Henderson remember days of no worries on Baby Day.

Senior Jeremy Kenerson shows his school spirit by dressing up as a Hippie for his classes theme day.

Freshmen Jerimiah Moncrief and Jacob Chambers strike a cute pose outside the annex on Opposite Sex Day.

Eric Morgan, Nathan Jennings, and Gustavo Luna proudly hold the Spirit Stick after the senior class won it at the Homecoming Pep Rally.

Eighth graders show the spirit to win second place in the Spirit Competition. Front row: Wendy Velasquez, Kristina Ames, Jennifer Diamond. Second row; Jonathan Williamson, Christina Colpitts, Jason Hooks, Nick Monson.

Wingback, Luke Lucero, and Corner, Derrick Gray take a breather during the second half.

Senior, Julie Tennyson, sets up for her powerful serve against the Lancers Red team.

Halfback, Quentin Burt breaks the Lakenheath defense tackles with the help of Shilo Velasquez, 68, and Jeff Howard, 16 at the Homecoming football game.

## The Miles Way

Coach, Gary Miles, introduces the Alconbury Dragon football team at the Homecomming pep rally. Gary Miles coaches the best kind of game because his team shows more teamwork than any UK team.

## Players Move With Spirit

by Chance Kraft
The Homecoming Game; that once in a year day when all of our fall sports teams strive to play their best game of the season. The spirits of the athletes, students and even the teachers were higher than ever before and our school pride was unimaginable.

Football, with the manliest of the men, started at 1 pm on Friday, October 14. The Dragons took on the Lancers and played a hard fought game. Sadly, Lakenheath went home with a $32-6$ victory, but our mighty Dragons didn't leave the field with a "defeat." Jeff Howard hit Jay Hoskins on a 40 yard scoring strike. The play capped an eight-play, 72 yard drive. Quentin Burt led rushing with 42 yards on six Carries. Chance Kraft had 38 yards on seven carries. This proved that a score isn't what matters in a football game, it's the way the game is played.

Alconbury's tough volleyball women demonstrated their vast volleyball talent

Sophomore Melissa Tucker serves the ball while practicing for her singles tennis match during Homecoming week. Friday's Tennis victories helped brighten the spirits of students.

They're off! Matt Monson, Teresa Fox, Michael Zimmer, Tabitha Copeland, Aliya Faille, Jennifer Henderson, and Adrienne Stone leave the rest of the crowd behind as they begin the 5 K race

in all 6 of their games. The sporty volleyball ladies put up an exuberant fight against the Lancers. Even though the the Lady Dragons didn't end up with the victory, the Lancers had won the first 3 games, they showed the Lancers that volleyball at Alconbury wasn't something to be taken lightly.

Tennis was held at Lakenheath, Friday. The Dragon guys and gals had those rackets swinging like you wouldn't believe! Ron Scoville and Gustavo Luna took third place in the doubles category, while Johnmark White took fourth for mens' singles. Linette Samuels walked away with an outstanding second place for J.V. Womens' singles.

Cross Country met Oct. 15th at Hinchingbrooke Park. Melissa Farringer, also known as "Speedy Gonzalas," set a new school record, running three miles with the time of 19:53. All of our boys placed in the top ten.

Christina Diamond, Jennifer Ames, Meredith Wright, and Joanna Huckins strut their stuff in the big gym at the Homecomming pep rally.

# Starry, Starry Night 

## by Melissa Edge

Alconbury's newly selected court was announced at the Homecoming Dance, Saturday, October 15 th. The selection process was a short and stressful competition. Only the three girls and guys from the Junior, Sophomore, and Freshmen classes would be nominees and the four girls and guys from the Senior class. The week prior to Homecoming, the students voted in their English classes.

At the dance, the overall votes were tallied. When the clock struck ten, the court was announced. The 1994 Homecoming Court was made up of Senior King Chance Kraft and Queen Karin Brixius, Senior Prince Ian Fay and Princess Julie Tennyson, Junior Duke Derrick Gray and Duchess Ellyn Brixius, Sophomore Squire Michael Copeland and Madian Christina Diamond. Freshmen Attendants were

Nathan Hardin and Daralee Futch.
All of the court received sashes, the ladies were given flowers, and the King and Queen got crowns. The song "Starry, Starry Night" played in dedication to the court, who danced together as couples.

The theme for the night was a "Starry, Starry Night." The small gym was all adorned in black and white with stars everywhere. Student council representatives helped decorate and sold drinks and snacks.

As for the rest of the dance, Student Council sponsor Ms. Dottie Rose did a great job getting it all together! Everyone danced the night away and seemed to have enjoyed themselves. As the clock struck midnight, the evening was complete, and everyone went home.

Sophomores John Buchanan, Michael Culpepper along with Juniors Christopher Faille and Matt Monson give a thumbs up before they leave to go to the dance.

All the guests wait, suspense growing, as the 1994 Homecoming Court is announced.

Patrice Walker and Senior Gus Luna's spirits fall when the DJ stops the music.

Friends Danny Wardroup, Kim Bell, James Cornett, Linette Samuels, Valencia Blanks, Andrew Edwards, Michael Copeland and Christina Diamond pose for a group photograph with the professional photographer at the dance.

Balloons float high as Sophomore Marie Wylie and Freshman Quentin Burt stand waiting while things are sorted out with the DJ. Students maintained control of the situation when the DJ wanted more money to continue the dance.

The Homecoming Court: Freshman Attendant Daralee Futch, Sophomore Maiden Christina Diamond, Junior Duchess Ellyn Brixius, Senior Princess Julie Tennyson, Queen Karin Brixius with King Chance Kraft, Senior

Prince Ian Fay, Junior escort Jon Talley, Sophomore Prince Michael Copeland, and Freshman Attendant Nathan Hardin.

# Dragons Let Loose 

Seniors, Erica Molinar, Shannon Stewart, Nicole Futch, and Katy Buchanan admire the riverside view at Canterbury.

Tasha Lynch tries to stay up on ice skates at the Kettering Leisure Center during the fun day that Eighth graders spent pursuing a variety of sporting activities sponsored by the Duke of Edinburgh awards scheme.

## Normandy

## Conquered

To get to France, those that went on the Normandy trip were not lucky enough to use the new Channel Tunnel, but they did get to go on an overnight ferry called the Normandie. Many took advantage of the cinema on board and watched the newly released film- Maver ick-. For those with lots of energy, there was a disco to attend on the top deck. Others just listened to walkmans or socialized and looked forward to reaching the shores of France in the morning.

Junior Danny Wardroup whiles away the time with game boy and walkman on the way to Nommandy.

Eighth grader LaChae Moore repells from a 40 ft .drop.

The Normandy conquerors: Front row; Danny Wardroup, Julian Platt and Michelle Solis. Second row; Mr. Ralph Blake, Ms. Dora Mueller, Melissa Farringer, Julie Tennyson, Antonika Walker, Symone Linthicome, Tamara Corley, Adrienne French and Annalie Detchon. Third row; Ashleigh Carraway, Joanna Huckins,

Karin Brixius, Ashley Davis, Misty Comstock, Lisa Gates, LaMer Meadows and Kristi Noss. Back row; Justin Swilling, Robert Keegan, Johnmark White, Inna Jackson, Jay Hoskins, Christie Stewart and Brian Mulford.

## By Eleanor Mason

Dragons ventured out of their normal surroundings to experience the English and French Countryside after returning from the Summer vacation.

September saw Senior class going to Cantebury on an English field trip. All but four Seniors managed to fit on one bus, including English teachers Ms. Dottie Rose and Mr. Dennis Nail.

Seniors followed in the footsteps of the pilgrims from The Canterbury Tales by visiting buildings and walking streets older than America's constitution. Museums and medieval hospitals had been explored by the time lunch arrived, so the weary travellers rested and ate in the shadow of the cathedral. They, then, set off to see stained glass windows, get incense up their noses and buy postcards inside the beautiful cathedral.

By the end of the day, the sun was shining, feet were tired, and it was time to go home, but it was a great day out.

October 3-5 saw the Juniors and a
sprinkling of Seniors crossing the English channel to Normandy. This time, it was Mr. Ralph Blake's U.S. History and American Government classes that escaped from the hassle of homework.

It took an endless bus ride and overnight ferry to reach Normandy. Junior Joanna Huckins explained, "First of all, we visited a museum at Caen. From Caen, we went to the American cemetery at Omaha Beach. We also visited St. Mere Eglise, where paratroopers landed, (one landed on the church) during the Second World War. The next day, we saw the famous Bayeaux tapestry and visited Arromanche, where we shopped 'til we dropped. We all ate lots of junk food at an Italian restaurant. The best part was the French meringues, which I got everyone hooked on. The trip was fun but tiring, and we came back with fond French memories.

Seniors, Mike Farringer and Steven Voivedich embrace their idol inside the cathedral at Canterbury.

## Weather Forecast

By Karin Brixius
The Junior year is always a tough one with prom to plan, fund raisers to organize, and all the extra work to do before their Senior year

The Juniors hosted the Saddie Hawkins dance as a fund raiser during November, which was a big success. Some other fundraisers they did were selling food at break and at football and basketball games.

Other responsibilities that Juniors had were their classes. They're all challenging and quite an experience. From Mr. Amundson's English class and The Scarlet Letter to Mr. Blake's U.S. History class and their field trip to Normandy. Plus there extra electives that fill up there schedule. Now, with only one more year of high school to look forward to, the Juniors have a lot of preparation and precious moments to share.

## Dear Ian

## Dear Ian,

I have this problem, and it seems to be controlling my life. I am reluctant to go see a psychiatrist, because I'm afraid he/she will think I'm being melodramatic. Okay, enough beating around the bush. I'm a chocoholic. I've tried denying it for years, but, now, I'm face to face with my problem. When I first realized I was addicted to chocolate, I was at a party, where there were humongous platters of shrimp, lobster, and other delicacies. Then, all of a sudden, I saw child with a Mars bar and immediately snatched it out of his hand and ate it like a starving dog. I looked up to find all of the other guests staring at me, like I was the most cruel and inhuman person on the face of the Earth. I was so ashamed. Ever since then, I haven't attended any social gatherings in fear of repeating this embarrassing experience. Please help me.

Ashamed at Alconbury

## Dear Ashamed,

You are not alone. There are many like you all over the world. Don't feel ashamed, I have had a similar experience at a party. Yes, I, too, am a chocoholic. I have gone to a group called Chocoholics Anonymous, and it really helped a lot. I recommend for you to join this group and leave your guilty conscience in the past. What you did was not your fault, you need help, and C. A. is where you'll find it.

Ian
day, I find myself walking home into a virtual pigsty. My house is so messy, that if you drop something on the floor you might as well just kiss it good-bye. See-ya, adios, hasta luego. Sometimes my boyfriend comes over and helps me with the kitchen and the living room, but then I feel horrible for him having to do what my family should have already done. I feel like just leaving a lot of the time, but I know that my parents need me desperately. What with all of my homework, watching my brother and sister, and then on top of all of that, cleaning up a disaster area, I don't have any time for my personal life. Like my house, my life is in shambles. Please help.

Basket-case at Brampton.
Dear Basket-case,
I know how you feel. It is very natural to feel the way you do. Sometimes I feel the same way when I come home to find that my sister has left all of her dishes lying out on the table, when my mom is going to be home from work in a half an hour. That probably isn't anywhere near as serious as your situation, but here are some of the things you can do about it. First of all, you can call a family discussion to try and stop all of the messiness. Secondly, make a duty roster, saying who has to do what (this works in my house). Lastly, and most importantly, tell your parents how you feel and don't underestimate how understanding they can be.

Dear Ian,
After every long, monotonous school

As Sophomore Kelly Scott strolls to her next class in the T-building, she turns and asks," What are you looking at!?"

"How's the sandwich, Bryan?," asks Sophomore Danette McKee during our oh-so-short break.

## Class of 1998

## The Glorious Ninth

by Melissa Edge
The ninth grade class took a big step forward. Last year, they were only minor middle schoolers and, now, they have become responsible high schoolers. They have met many new people. The previous year, the majority of the students went to Alconbury, but the others attended Chicksands. Now, they are all combined as one. They are separated in their own ways as many creative individuals.

Their first field trip was taken to see a play called The Christ=
mas Carol, which the English teachers organize. It took place in February. Even though it was a bit off season, they all still had a great time.

Towards the end of the second quarter, many students departed from the school. This was due to the fact Alconbury was downsizing, and Chicksands was closing. The class lost quite a few students throughout the school year, though the few left made up for that in spirit.

This school year was great, good luck to next year!

Mr. Gary Miles, the Freshmen class sponsor, finds time to call another school. He has a busy schedule teaching social studies and coaching football and wrestling.

Halfback, Quentin Burt, has a clear path ahead of him as Left Guard, Shilo Velasquez, makes a devestating block. $\Rightarrow$

(I)

## It Was Quite A Season!

## by Chance Kraft

The spirit, heart, and determination of the Dragons was one that could not be broken throughout their eight game season. These guys gave it all their heart, no matter what the situation. The other teams may have beaten them on the scoreboard, but the Dragons always beat them on the field.

They played their hardest even with all odds against them. The Dragons had a tough season with two of their starting players out for one of their hardest games against Lakenheath Blue, where Freshman Quentin Burt
stepped up to the Quarterback position for the first time in his career. The inexperienced Quarterback did a fine job for the team.
One of Alconbury's biggest accomplishments unfolded at the end of the season when the Dragons came close to beating the European hopefuls; Lakenheath Red. The Dragons stormed ahead in the first three quarters with a 16-6 lead, when a couple of errors on the Alconbury side enabled the Red team to catch up and cost the Dragons the game. All in all, the Dragons played a good season of football. -

The football team might not have had the best year that they would have wanted. With a $2-$ 6 record and a $0-6$ record in conference, however, they definitely gave the other team a run for their money. The coaches from the other schools told Coach Gary Miles that the Dragons had the hardest hitting team in the league, and the other teams did not look forward to playing the mighty Dragons despite their loosing streak.

Even though the Dragons may not have won all their games, they never went down without a fight.

Football Team: Front row; Manager Shannon Stewart, Robert Parks, Micah Gathercoal, Chance Kraft, Michael Farringer, Eric Morgan, Shilo Velasquez Manager Daralee Futch. Second row; Scott McKee, Brian Mulford, Michael Brown, Ronald Ortiz, Michael Copeland, Luke

Lucero. Third row; Dana Charlton, Michael Culpepper, Matt Walker, Bryan Petree, Tim Jochum, Joseph Bauer. Fourth row; Derrick Gray, Terrell McCoy, Jay Hoskins, Jeff Howard, Tim Johnson, Nathan Jennings. Back row; Coaches Doug Kennian, Dan Carpenter, Gary Velasquez

Varsity Volleyball Team: Front Row; Manager Kim Bell, Wendy Scoville, Melissa Lodwick, Co-Captain Julie Tennyson, Jessica Filbey, Alissa Stone, Manager Chasity

Hughes. Back Row; Coach Phil Chapman, Alison Schier, Caroline Brown, Captain Lina Ponder, Valencia Blanks, Coach David Brinkworth.

Varsity player, Sophomore Wendy Scoville demonstrates her super serving skill against a victorious Lakenheath Red.

Junior Varsity player, Amanda Dunn, Sophomore, makes a smooth pass up to her setter against Lakenheath's Junior Varsity Blue Team.

Junior Melissa Lodwick backs up Co-Captain, Julie Tennyson, Senior, who makes a great dig during the Homecoming games.

## Dragons Rule The Court

## by Julie Tennyson

The fall sports season was a tough one for the ladies' Volleyball teams. Coached by Phil Chapman and David Brinkworth, both the Junior Varsity and Varsity teams were difficult to beat.

On the court, the Varsity was captained by Junior Lina Ponder and Senior Julie Tennyson. Although the season record was $0-6$, the opposition was given a run for their money during the six match season.

Ponder's serves were unstopable, while Junior, Alison Schier's super sets to Junior Melissa Lodwick proved to be exciting play. Nothing could get by Senior Julie Tennyson, whose
miraculous digs and recoveries, contributed in all games.

The Ladies Varsity Volleyball tournament was held at Alconbury on October 21-22.
The Dragons scored an earned victory against Iceland, and served as tough competition for other teams. The Dragons placed fifth.

Lina Ponder received the All-Tournament and All-Conference Awards.

The Junior Varsity girls had a successful season. Phil Chapman coached the team, who finished the season with a record of 3-3. Captains were Sophomores Amanda Dunn and Angie Bingham. Sophomore Valencia Blanks accurate hits and Freshmen Kelley Downs' all around good play-
ing contributed to the victories of the team.

It was a good season for both of the teams."It was something to look forward to about school," said Senior Nicole Moore who played for the Varsity Team. Both teams sent a big thank you to their managers, Sophomore Kim Bell and Junior Chasity Hughes, whose long hours and dedication helped the players make it through the season. It was a good learning experience and everyone improved their skills a great deal. It was a lot of fun.

Junior Varsity Volleyball Team; Front Row; Manager Kim Bell, Valencia Blanks, Kelley Downs, Caroline Brown, Christine Ladrido, Marclyn Shill, Angie Bingham, Manager Chasity Hughes. Back Row; Coach Phil

Chapman, Michelle Turner, Kasey Billings, Amanda Dunn, Danette McKee, Martha Billingsley, Kristi Noss, Coach David Brinkworth.

Tennis Team: Front row; Jacob Chambers, Cooper Wright, Gustavo Luna, Johnmark White, John Buchanan, Linette Samuels, Cheryll Ladrido. Sec-
ond row; Josh Thomas, Scott Lee, Katy Buchanan, Nicole Futch, Bryan Almond, Melissa Tucker. Back row; Ron Scoville, Aaron Zimmerman, Jon Calkins.

Sophomore John Buchanan is stretching out of the ordinary, when a tennis ball come whizzing towards him during a home match.

## Tennis Use Their Best Actions To Keep the Rest On Their Toes.

The Tennis team did well, considering the fact that the team was small and inexperienced. The season started with two ladies varsity players; Seniors Katy Buchanan and Nicole Futch. Katy and Nicole fought against their opposition, but, teamwise, were overwhelmed by Lakenheath and London Central's players.

In Men's Varsity, Seniors Ron Scoville and Gustavo Luna missed DODDS Central European Championships by one point but placed third in men's doubles.

The Junior Varsity team was successful with three new ladies; Sophomores Melissa

Tucker, Cheryll Ladrido, and Linette Samuels playing like professionals. The J. V. Men also won a lot of matches with Sophomores Scott Lee, Bryan Almond, and Freshman Jacob Chambers. Cooper Wright, Eighth grade, practiced and played with the team.

Mr. Eddie Gibb coached the team.

Although they didn't win as often as they would have liked, the team earned the respect of their opponents and coaches.

Seniors Gustavo Luna and Ron Scoville are practicing team work skills, so they can perform like professionals at the following game.

Dance Team: Front row; Jennifer Henderson, Nicole Bell, Danielle Gray, She'mya Gibbs, Kaylisha Shepherd, Instructor Ms. Amber Jackson, Lakeisha Kirby. Back row; Sponsor Ms. Sandy DeLaughter, Alissa Stone, Nori

## 1, 2, 3 LET'S DANCE!

by Anglia Johnson
The dance team was put together by Pam Bell, along with Alissa, and Adrienne Stone, at the end of the football season. The girls worked hard with Ms. Amber Jackson, who performed with the dancers at the Winter Pep Assembly. They came during lunch and after school to learn their new dance. The team had 19 members with Pam Bell and Christa Preston as Co-Captains. It took the Dance team four weeks to find a sponsor. Ms.

DeLaughter took on the job, and the team were happy to see her.
At the Winter Pep Assembly on January 6 , the dance team had their first performance to the song by SVW, "Anything." They also performed at the basketball game after school on the same day. The girls were dressed in dark jeans, white or black sneakers and T-shirts as they synchronized movement with music. They also marched in the Christmas Parade

Sophomore Alissa Stone, a dance team member, is showing off one of Ms. DeLaughter's Christmas sweatshirts at the Winter parade.

Eighth graders Wyndi Parker and Casey Beeman, on January 6, at the Winter Pep Assembly, show what they've got for us to handle to the song "Anything" by SWV.

## 40 The Dragon Times

Freshman Mike Handy leans into his stretching exercises before the Boys' Varsity Homecoming Meet at Hinchingbrooke Park, Oct 15.

Coach Kris Monson discusses the route to the finish line with runner Nick Monson at the 5 K fun run on base.

Boys' Varsity team lead, Freshman Craig Dubose crosses the finish line at the 5 K race after school on October 12.

Cross Country Team: Front row; Kurt Brethauer Dennis Byers, Aliya Faille, Jennifer Kuhnert, Adri enne Stone, Laura Brixius, Glenis Howard, Teresa Fox, Tabitha Copeland, Jean Kozlowski, Trina Bryant, Matt Losiewicz, Christopher Zimmer. Second row; Douglas Parker, Brandon Iiams, James Rykard, Julian Tsukano, Mike Zimmer, Jason Hooks,

Jonathan Williamson, Brandon Almond, Nick Monson, Nick Blake, Terence Witherspoon, Ray Steward. Back row; Ann Kozlowski, Coach Mike Monson, Melissa Farringer, Matt Monson, Ben Chambers, Craig Dubose, Robert Perry, Nathan Hardin, Ian Josephs, Mike Candy, Sarah Thomas, Liz Cullum and Coach Kris Monson

Freshman Nathan Hardin sprints to collect his placement card at the end of the 5 K race on RAF Alconbury Base during Homecoming week.

## Cross Country 41

Junior Melissa Farringer is on her way to breaking the school record by 18 seconds during the Homecoming meet at Hinchingbrooke Park, Saturday, Oct. 15. She ran three
miles in 19 minutes 53 seconds to win the girls' high school race.

> Melissa Farringer Races to Second Place Win in Europeon Championship.

## Championship Team Sprints to Win

## by Mike Monson

The Cross Country team began with a group of 40 enthusiastic runners. Some had been training during the summer, while others were giving the sport a try for the first time. Each week the team increased the number of miles that they ran for training and, as a result, the times of all runners got faster and faster.

The team ran six meets before the European Finals, which were held at Heidelberg, Germany.

All season long, the Boy's Varsity finished strong against extremely fast competition. Leading the Boy's Varsity team were Freshmen Craig Dubose and Nathan

Cross Country Coach Mike Monson shouts last minute instructions to the runners in the 5 K race, Wednesday of Homecoming week. Teachers, students and members of the public joined the Cross Country team in this fun run.

At the Winter Pep Assembly, The Girl's Basketball team is introduced by Sponsor Ms. Beth Boozer, Coach Ms. Lois Ingram, Co-Captains Lina Ponder and Inna Jackson.

Sophomore Samantha Russell keeps her eye on the basket as she goes around Lakenheath Red at the Jan. 28 , game, where she took 7 rebounds.

During the basketball tournament Feb. 10, Sophomore Jakina Poitier out maneuvers ASL as she lines up her pass in the second game.

Against ASL on Jan 14, Lina Ponder jumps to hit the ball to Inna Jackson, at the opening of the game.

Girl's Basketball Team: Front row; Stephanie Randall, Martha Billingsley, Lina Ponder, Coach Willie Gibbs, Inna Jackson, Samantha Russell, and Jakina Poitier. Back row; Manager Aisha Mack, Sponsor

Beth Boozer, Liz Cullum, Caroline Brown, Rachel Heidinger, Kimberly Bell, Mishawn Wylie, and Coach Lois Ingram.

Top shooter, Senior Inna Jackson aims for a free shot against ASL at home.

Kim Bell, Sophomore, puts out the stops for the Eagles during the tournament

Freshman Rachel Heidinger shoots for two points during warm up for the Jan. 20, game against London Central.

## Jackson Goes for Gold

The Girl's Basketball Team did an exceptionally good job. Inna Jackson took top honors as All Conference, All Tournament and the best rebounder on the team. Academic All Conference awards went to Jakina Poitier, Lina Ponder, Samantha Russell and Martha Billingsley

The UK Tournament, held at Alconbury, saw tough play and great success. The first of three games was against London Central. The game ended with the Dragons in a 12 point lead, 50-38. They lost to ASL, but, in the final game, they beat Lakenheath Blue, 31-21. This earned the team a third place standing.

The season began Jan. 6, with a win over Croughton, 62-13, on home ground. Inna Jackson scored twenty points. Another victory was gained one day later, as they out scored London Central, 33-16. Jackson scored 9 points and Lina Ponder hit for seven

The following weekend,

Lakenheath Blue won the Friday game by 8 points, $38-30$, but on Saturday, ASL scored 58 points to Alconbury's 12 points.

On Jan. 18, the Lady Dragons beat ACS Hill, 50-43. Jakina Poitier scored 14 points and Inna Jackson put in 22.

The next Friday, Jan. 20, London Central saw defeat with 52-23. On Saturday, Although Samantha Russell put up 7 points, Lakenheath Red took the game, 57-28.

The ladies smeared Croughton 51-14 on the 27th but despite Jackson's 17 points against Lakenheath Red, Saturday, they lost by only four points, 37-33

The last weekend before tournament, Feb. 3-4, the team lost against ASL, 60-30, and Lakenheath Blue, 31-26.

Managers Aisha Mack and Joseph Bauer kept the team equipped.

All Conference Senior Jay Hoskins gives a case of 45 against 45 in making a score against Lakenheath Red at the UK Tournament.

Sophomore Drew Edwards gets up for a power lay up as Jay Hoskins backs him up during the Lancer Tournament game.

Junior Julian Platt is up for two of his 14 points against London Central as his earth-shattering, teeth clattering, monster slam dunk brings the fans to their feet.

Sophomore Quentin Burt puts up a free throw against London Central at a home game.

Jay Hoskins was named to the UK All Conference team. Along with Gus Luna, Gary Goins and Julian Platt, who was named to the All Tournament Team, they played in the All-Star Game, February 18, at Lakenheath.

The season began with Alconbury hosting the UK Basketball Jamboree, December 9-10.

On January 6, both men's teams beat London Central. The Junior Varsity caught an early lead winning 41-30. The Varsity topped off the evening with a 7559 victory. Hoskins shot 23 points and grabbed 13 rebounds.

On the weekend of the 20 , the

Varsity overpowered Lakenheath Red, 74-52. Hoskins dunked 25 points and Platt hit 19. Every player on the JV scored against London Central as they won 48-22, lead by Bobby Simms, 11 points.

The following weekend was another clean sweep. Friday, Platt led the Varsity with 20 points to a $72-47$ score against ACS Hillingdon. JV clobbered out a 56-18 win, with John Buchanan hitting 12. Saturday, The Varsity beat Lakenheath 6438. Platt sunk 22 points and Quinton Burt tossed in 19 , along with 10 rebounds.

The British Boys Champs fell from grace as Drew Edwards topped scores with 26 and Mike Brown chipped in 14 to win 10856.

From February 9-11, Alconbury hosted the UK Basketball Tournament. After three tough games, the Dragons took third place. Varsity won 12 games in the season, losing only 5 . Junior Varsity won 11 and lost one.

Players get into a Dragon Huddle before the home game against London Central.

Selected for his All Tournament play, Junior Julian Platt grabs the rebound and heads for the home basket during the tournament.

It's a Monster Slam Dunk!

Wrestling Team: Front row; Jeremy Selstrom, Craig
Dubose, Shilo Velasquez, Ben Chambers, Ron Scoville, Luke Lucero, Jacob Chambers. Back row; Coach Eddie
Gibb, Manager George Cook, Cooper Wright, Chris

Faille, Nathan Hardin, Manager Amanda Dunn, Manager Christine Ladrido, Coach Rob Miller.

Cooper Wright, Eighth grade, Cradles a Bobcat in the 119 lb . weight class, on his way to third place in the UK Wrestling Championships - JV Division.

Captain Ron Scoville, along with Coaches Rob Miller and Gary Miles, watches the Championship matches.

Sophomore Shilo Velasquez faces off against the Champion of the 172 lb . weight class during finals, which placed him second.

Senior Ron Scoville places the Chicken Wing on his Iceland opponent. In the UK Finals, he earned First Place in the 142 lb . weight class, giving him a chance at the European title in Germany.

## Winning Against the Odds

[^1][^2]

The coaches of the cheerleading team, Ms. Barbara Wright and Ms. Juanita Wilde watch the cheerleaders perform at the Fall pep rally.

During a pep rally Meredith Wright, Dara Futch, Joanna Huckins, Courtney Wilde, and Chris Diamond talk about their upcoming routine.
"Jump show your spirit!" Rachel Heidinger, Jennifer Ames, and Shannon Connery yell to their fellow classmen at a football pep rally.

The Football Cheerleaders: Front row; Co-Captain Chris Diamond. Second row; Jennifer Ames, Shannon Connery. Back row; Courtney Wilde, Rachel Heidinger,

Jennifer Ames, Meredith Wright, Mandi Sparks, and Courtney Wilde cheer "You should of been a Dragon" during the basketball tournament.

## Go Dragons!

by Karin Brixius
The Cheerleaders looked excellent all year and went out in style. They performed their last dance routine at the basketball tournament to "Let me see your tootsie roll." After dazzling everyone with their dancing skills, they threw tootsie rolls to the cheering audience.

Throughout the season the cheerleaders continually supported all of the sports teams by creating and designing posters with encouraging words of wisdom and small pieces of candy. They were a hundred percent spirit and encouragement, eager to show their enthusiasm.

At the beginning of the basketball season two new members and two alternates were selected. Once the squad was
complete again, they all pulled together to work on new half time routines, chants, and stunts.

The football and basketball cheerleaders got together every day and practiced in the small gym or library from three-thirty to five o'clock. Captain Meredith Wright said, "I like being involved in the game and promoting school spirit." After practice a lot of their time was devoted to making posters for the homecoming game, basketball tournament, and individual poster for each team participant's locker

Mandi Sparks exclaimed, "Cheerleading is a sport no matter what anyone else says. We really do work hard.'

Chris Diamond, Meredith Wright, Courtney Wilde, Joanna Huckins, Jennifer Ames, Rachel Heidinger, and Shannon Connery chant, "All the Way, All the Way, Go Dragons," at the Homecoming football game

Junior Joanna Huckins cheers "Lets get fired up" during the Girl's Basketball Tournament at the base gym against ASL

## The Younger

Eighth graders: Front row; Aaron Hardin, Jerry Samuels, Dezina Hale, Teiquisha Jackson, She'mya Gibbs, Quincy Jackson. Second row; Adam Cantwell, Chris Trujillo, Tynya Hemingway, Teresa Fox, LaCreasha Sutton. Back row; Clinton Shill, Jennifer Thomas, Stacie Miller Wendy Velasquez, Tabitha Copeland, Jean Kozlowski, Stacey Sayko, Anne Harper, Catherine Brown, Shinnon Fakhri, Trina Bryant

 <br> <br> Section 51}

Seventh graders Diane Lodwick and Jennifer Kuhnert participate in their class skit, "History with a twist," at the Homecoming Pep Rally.

Jean Kozlowski checks over her English. Page

Catherine Langley prepares to leave class. Page

The Eighth graders were some of the most spirited and hard working students. The class co operated on projects in their subjects and extra curricular activities.
"In Social Studies, we did a project that involved trading. We each got five chips and the different colors represented different values. Then, you would trade with another person to get your total higher, but you couldn't talk. You had to use sign language. The people with the highest scores, lowest scores, all were put in different groups. Circles were the highest, then triangles, and lowest were squares. Each time you traded, you could get a different group. I was a circle the whole time," relates Melissa Barbett, "I liked that game, and it was fun."

In English, students read books and stories. Brandon Almond enjoyed the myth project. "It was fun to paint, draw, and see everything come together. Most of the presentations were really funny and pretty good. It was funny how people forgot their lines, but ad-libbed. The props were good also. It was neat how some people filmed theirs, then, showed it on video. I also really liked our puppet show. Even though some things went wrong, it turned out o. k."

Most science projects were done in groups. The science classes participated in the Jason Project. Math classes were divided into general math and one algebra.

Some students thought "Advisory is the best thing in Eighth grade." Jenny Fifield feels, "You can express your feelings and your ideas. The most I know about it is that you do fun stuff."

The Winter Dance on Dec. 9, called for a lot of cooperation. Jen Diamond "traced stars; little stars, big stars and mediocre stars. Then, I cut them all out and started on the tin foiling all the stars." Everyone dressed nicely for the dance and had a good time. Junior High Student Council sponsored the dances.

Ms. Lynda Piazzoni was the team leader for the Eighth grade. She called meetings and coordinated all the special events for the class.

"Our homecoming theme took ages to decide, and put together," explains Sarah Woodrow. "Our Student council selected Me and My Teddy Bear to symbolize our growing up. Our final skit was our best idea. We did a dance to Teddy Bear's Picnic. Everyone had a blast learning it and performing it. Over all, our theme helped the Eighth grade strut their stuff."
"On Wednesday, it was class theme day, where we dressed in our night clothes and brought our teddy bears from home," says Tasha Lynch. "Mine was a big fluffy white bear named Jerry, and my other was a brown small bear named Travis." Above are Anne Harper, Rebecca Armbruster, Shinnon Fakhri, Teresa Fox and Jean Kozlowski with their teddy bears.

## NEWS IN BRIEF

World Record for Skipping
by Danielle Gray
On Oct. 25, a group of girls; Danielle
Gray, Jennifer Mealey, Erin Mealey and
Tashay Bell helped break the British record for jump roping. It took a long time to get everybody to jump at the same time, but they did it. The new record is twelve jumps with 103 people. They appeared on TV, Nov. 25 , at 5 pm on BBC 1 . They will be in the Guinness Book of World Records.

Groups Need More Time
by Jon Williamson
Advisor groups should have more time, like three times a week instead of two times in seven days. Advisory is a class where we can have fun and learn all at once. I think if we had advisory more, we would have lots more fun. If we had activities we could do just with our advisor group, that would be fun as well.

## Intramurals Was A Big Hit

by Clifford Kettinger
Sports during lunch was set up by Ms. Ready. First, we had a 3 on 3 basketball tournament. Our team won. The people were Nick Monson, Jason Hooks, Stephen Colon and me.

Next, Ms. Ready set up a 7th and 8th grade hockey tournament. Our team was tied for first.
"This Intramural thing was a good idea. It gave us something to do during lunch, and it also keeps us in shape."

Amy Lee was selected "Student of the Month" for October.

by Amy Lee
Student Council was a major part of my life this year.

The Student Council is composed of four officers, 13 representatives, and 12 alternates. Ms. Jones is the sponsor.

Activities the Student Council have been involved in were Homecoming activities, fund raisers, a recycling project, and the winter dance. All of these events have kept us on our feet with very little spare time.

Fund raisers we have had includ-
ed a faculty car wash, a teacher face painting contest, and break and lunch bake sales. Each one of these was successful, thanks to the efforts of all the officers, reps, alternates and Ms. Jones.

Stacey Sayko adds, "We bring the information to our advisory groups, discuss it, ask questions, and bring the information back to the next Student Council meeting."

Over all, Student Council has been a fun, but a time consuming experience for all involved.

Representatives: Front row; Sarah Woodrow, Erin Mealey, Jennifer Kuhnert, Desiree Reyna. Second row; Stacey Sayko, Kaylisha Shepherd, Diane Lodwick, Ana

Tsukano, Teresa Fox, Kendall Thomas. Back row; Jeremy Selstrom, Melanie Hughes, Laura Brixius, Nicole Bell, Danielle Gray, She'mya Gibbs, Cooper Wright.

## Class of 2000

## Seventh Graders Have a Busy Year.

by Tracy Jern
The Seventh grade class had many activities, some of which were a field trip with Mr. Nail in October, to Canterbury; in April, the class went to Edale for an outdoor learning experience. The Base Commander's office talked to them about peer pressure, stress from drawdowns, and changes within themselves. In late January-early February the seventh grade class participated in the Jason Project. The Red Cross also came to talk to the classes about AIDS Awareness.

The seventh and eighth graders had their first dance on Friday, December 9. Other activities they had were Intermural sports during lunch, such as, basketball and floor hockey. They incorporated chess and checkers into their activities.

The favorite classes of the seventh grades was Math and Science. In December, the science class dissected frogs.

Adrienne Stone tells her classmates to "Hang in there, there is only five more years to go." Jeremy Selstrom said, "This is life, life ain't fair, so live it," when he hears his friends complaining of pop quizzes or tests and homework.

Samuel Anderson listens attentively at the Junior High Student Council elections.

Sophomores George Delgado and Amber Craft bury themselves in their World Regions classwork.
David Brankline puts the final touches on an assignment for Mr. Miles' World Regions class.

## Jinderstanaines

## By Steve Custer and Simon Mantal

Whether you enjoy studying the origins of the world's most powerful democracy and how it came to be or taking an in depth view of people and their behavior, Social Studies has much to offer.

With the World Regions or Geography classes, students learned about the world. Political boundaries, and the geographic form were studied through maps and charts. Freshmen presented cultures from countries around the world. In February, Seventh graders took a trip into Huntingdon to see how land effects history.

American Government looked at the structure of the United States government and the Constitution. Students passed bills on current issues, which brought a lot of heated debate. There were position papers written on issues such as Health Care, Drugs, and Euthanasia. As a follow up, they wrote Senators and received good responses. The U. S. branches
of government, legislative, executive, and judicial were all described and studied.

Psychology and Sociology were two of the most well liked courses. Students learned about behaviors and cultures. Psychology dealt with the mental and emotional processes. Sociology looked at human society and social relations.

Driver's Education students found out about the laws of the road. Watching videos on things such as driving under the influence was a part of this course.

In Model United Nations, students prepared for and went to The Hague International Model United Nations. THIMUN was a highly educational experience, as the students learned diplomacy, international relations, and current events.

Social Studies classes are offered for seventh through twelfth grades. These interesting and necessary classes proved they hold something for everyone.

Meredith Wright watches as Katy Buchanan calls for a page to deliver a note to another delegation.

The OAS Delegation: Melissa Morris, Daphne Diaz, Chance Craft, April Conrad and Susan Downs pose for their formal photograph in The Hague.

Jessica Filbey, Annalie Detchon and April Conrad chat with Mike Farringer, Melissa Morris and Simon Mantal before dinner at the "Chow Choy" restaurant.

Being briefed are the Alconbury delegates: Frot row; Peter Newbury, Justin Swilling, April Conrad Daphne Diaz, Susan Downs, Meredith Wright. See ond row; Ian Fay, Steve Custer, Kris Ritola, Court ney Wilde, Mike Farringer, Simon Mantal, Mand Sparks, Luke Lucero. Back row; Jessica Filbey, Kal) Buchanan, Annalie Detchon, Bryan Almond, Melis sa Morris, Josh Clifton, Josh Pronk.

by Josh Clifton
The Model United Nations class assembled January 22, to depart on one of the most educational field trips. At $6: 30 \mathrm{pm}$, rain pouring, they stood waiting for the bus taking them to board their ferry at Harwich. They sailed eight hours before another bus took them to the Bel Air Hotel, The Hague, Holland.

Instead of catching up on the sleep that they missed, they went to the Dutch Congessgebouw (Congress Hall) to lobby delegates from 156 international schools on world issues. Lobbying continued Monday and Tuesday.

On Wednesday, the group met in general
assembly. Then, the delegates represented Ireland and the OAS in their separate committees until adjournment at $5: 00 \mathrm{pm}$. These meetings continued until Friday.

After the delegates debated on the world's problems, they went to the hotel and discussed the days events. The delegates traveled their own ways to eat dinner. They ate at McDonalds', ordered Domino's pizza, and many other local restaurants.

On Saturday, they woke up early to watch the closing ceremonies.

MUN endeavors to give students the experience of world government with real issues. Obviously, they succeeded in making a model into a reality.
 their countries for voting procedures.

Jessica Filbey, Katy Buchanan, and Annalie Detchon walk to the Congressgebouw, followed by the rest of the Alconbury delegates.

Junior Christine Ladrido displays a dress from the Philippines.

By Anglia Johnson
The Multi-Cultural Club set many goals for itself. They sold Alconbury watches, so they could make money for the club.

They went on many trips. The first trip was to London. The following trip was to Chinatown in London. They got to see the life of London Chinese people.

The club put together a wonderful MultiCultural Assembly presented Feb. 14. Clothing and poetry from many nations were featured. The Black Heritage Essay contest winners were announced. A combined band played and a speaker, Ernest Ogunleye, told of his experiences in Britian.

Their meeting place was in their sponsor, Ms. Martha Duncan's room during lunch on Tuesday and Thursday. The officers were Alissa Stone as President, Linette Samuels as Vice President and Anglia Johnson as Treasurer.

They also held a talent show and a fashion show. Altogether, the Multi-Cultural Club had a wonderful year.

Sophomore Dani Lovette wears a Kimono from Japan as a Haiku is read.

First place for the Black Heritage Essay (7-9) is presented to Seventh grader Jessica Arrieta.
Ms. Monica Abbott explains and plays the Japanese harp, which she brought from her home country.

## The Many Shades of Our Cultures

by Steve Custer
The Foreign Language department is one worthy of recognition. These classes teach students to think, speak, and write a foreign language. The skills learned are ones that will improve communication between nations, increasing trade and friendship.

Students begin by learning basic phrases. Then, they learn more complex nouns and verbs. As they continue, a more varied and complex vocabulary is built up. Eventually, the use of English stops in the class, allowing students to practice their second language.

There are four levels of

During the Christmas Parade, French students, Sarah Woodrow, Kylene Hayslett, and April Peris say "Happy Christmas" to the crowd. training. "Joyeux Noel."

##  <br> We Speak the Language.

French and Spanish taught, plus two levels of German. The highlight of these classes are the trips taken to the native countries to try out the language and see places that are discussed in the classes. Seventh graders began language as part of their exploratory classes. By eighth grade, students began formal

During the Christmas parade, fifteen language students marched in groups carrying banners and shouting "Feliz Navidad $y$ " and

The classes raised money by selling baked goods.

Nathan Hardin, Melissa Tucker, Kevin Smith, and Kasey Billings show pride as Duke of Edinbourgh participants on top of a hill overlooking a valley in Wales after a hike to the top.

Rock climbing and repelling are part of the fun participants have while they are on hiking expeditions.

Duke of Edinbourgh Award Director, Ms. Maureen McQuitty, has organized the Award for the past 17 years at Alconbury. She is enthusiastic trying to recruit participants for the scheme. She says, "DOE people are fun to work with. We all learn a lot together." The DOE scheme is fun. There is always a lot of information about the places where the DOE'ers are rambling.

Another part about the Award scheme is the profession al level of teaching for the participants. Mr. Terry Wei land gives an extravagant demonstration on the equipment to bring on a hike.

DOE participants Amanda Dunn, Melissa Tucker, Kasey Billings, Nathan Hardin, Kevin Smith, and Gabriel Tyner go gallivanting through Wales.

## To Boldly Go Where No Hiker Has Gone Before

by Chance Kraft

The Duke of Edinbourgh's Award Scheme is a program of leisure time activities, which challenge young people throughout the world between the ages of 14 to 25 . Its goals are to serve others, acquire skills, experience adventure, and make new friends, young and old. It is not competitive and anyone with the necessary perseverance, enterprise, and effort can gain an award. There are three levels, bronze, silver, and gold. Young people at AHS have gained awards at all levels and continue this tradition.

The first meeting was on Wednesday, 8th September, at lunch in the library. Some of the possible activities included service activities at the Fire Department, hiking on the South Downs, and learning First Aid. Existing interests, such as sports participation, could be counted towards an award.

The participants partake in many expeditions over the course of the year. They travel to far away places and hike the area. At the first of the year, they went to the Brecons in Wales. It was a three day hike, where participants
resided in a youth hostel in the evenings. In later hikes, they were expected to camp out in tents. They also went to South Downs in March. They stayed in a hostel the first night to plan their next day's hike. The following day, they proceeded to hike over the Seven Sisters hills.

One other hike that took place was the Gold final for the old gold participants. The old Gold participants, Mike Farringer and Chance Kraft, hiked with a group from The Royal Hospital School in North Yorkshire.

The awards ceremony was held in the fall. Many famous people have earned awards.

Next year will be a whole new array of hikes for the future participants and returning award holders. It is an opportunity for students who enjoy being together in the outdoors and working together with a variety of people.

Senior Mike Farringer, a DOE Gold participant and group leader, shows off his victory over a dead sheep in a Wales expedition.

Senior Chance Kraft, a DOE Gold participant and group leader, enjoys a lovely T-bone steak dinner after a long day's hike in a hostel in Wales.

## BUSINESS

Senior Nicole Futch delivers the Dispatch.

## 76

Sophomore Tim Johnson admires his project.

## 81

Brian Hardin, grade seven, learns his home keys.

Freshmen Shanda Adams, Meghan Guinn, and Melody Cudd, three of Alconbury's JROTC (junior recruiting officer training corps) members, prepare to go to their Thursday classes.

"What does that say?" Senior, Student Council Presidents, Karin Brixius and Chance Kraft, wonder as they read over the agenda for an assembly that they're about to lead.

## Govern In Style

by Chance Kraft
THE STUDENT COUNCIL was the governing body in the school.

The Student Council had a good year in getting things passed for the student body. Last year, the Student Council was able to pass the wearing of hats in the halls. This year, they had to update and rewrite some of the handbook to fit the changes.

The Student Council again took the task of setting up another Leadership Conference for our students in March. They included the Junior High in the the conference the first part of the day.

The Student Council was in charge of putting on Homecoming. It was a big success, except for little quirks that were worked out by the end of the night.

They also found time in their busy schedule to have an extra dance at the Sports Bar in January, right after the long Christ-
mas break. But it wasn't your average dance, this was a "Sock Hop." Everyone had to deposit their shoes at the front door, or they could not dance.

The Student Council were able to hold a May Day for the entire school. The student body had the day off from classes and participated in various activities. There was an assortment of booths, like a "Pie-in-the-Face" booth and other various things just as much fun.

One of the tasks given to the council was to survey the student body on what kind of school they wanted after the draw down.

The Student Council can do a lot for the student body. Just remember, if you need something important done, just contact one of your friendly Student Council personnel.

Student Council: Front row; Class Presidents Symone Linthicome 12, Ellyn Brixius 11, Mike Copeland 10 , Craig Dubose 9, Amy Lee 8, Adrienne Stone 7. Second row; Christine Ladrido, Meredith Wright, Mike Farringer, David Brankline, Annalie Detchon, Shannon Connery. Back row; Freeman Chambers, Matt Monson, Caroline Brown, Angela Snyder, Evette Zamora-Soon, Michelle Turner, Alissa Stone, Chasity Hughes, Sarah Thomas.

Student Council Officers: Parliamentarian Jon Calkins; Presidents Karin Brixius and Chance Kraft; Secretary Katy Buchanan; and Treasurer Joanna Huckins.

The Junior High Student Council Representatives Tabitha Copeland, Jean Kozlowski, President Amy Lee, Ana Tsukano, are in the progress of planning their winter dance.

President, Karin Brixius reads the agenda for the days Student Council meeting held in the library

Parliamentarian, Jon Calkins jots down some notes of the upcoming events at the Wednesday Student Council meeting.

Student Council Sponsor, Ms. Dotti Rose observes to make sure everything runs smoothly at the meeting.

Trying to keep up with all the latest news and get it to us before it is old again, our newspaper staff is always putting forth effort. Newspaper is voluntary. The staff regularly meets weekly in order to keep organized.

Due to the hard work it takes to complete a newspaper, the Dragon Dispatch comes out every two months. It keeps us up to date with events that happened concerning school. Each paper has its own feature, a sports section, dedications, and a section about the up coming holiday. The dedication section is very popular.

The Dragon Dispatch is a publication of the Newspaper Club at Alconbury High School

Kevin Smith and Angela Snyder, editors of our school newspaper, research through example newspapers in the library.

Freshman Monique Hoskins concentrates not on the keyboard, but what is being written in the screen.

Freshman George Delgado types his fastest to see if he can beat the computers best score.

Standing impatiently Antonika Walker waits as her document finally is processed through the printer.

4Eighth grader Quincy Jackson enters the code into his computer during his exploratory computer class.

Freshman Martha Billingsley spends time after class to finish up her typing assignment.

## The World at Our Fingertips!

by Melissa Edge

If you are in need of getting a job or plan on going to college, Business courses will help you on your way.

The students in keyboarding say, "It is all just typing." Basically, it is, but they have to learn how to type using "Home Row." They learn how to type without looking at the keyboard. Ms. DeLaughter, the keyboarding teacher, made certain the class didn't bore the students. None of the letters on her computers are in the correct space, so the students must learn the keyboard by heart. She keeps them busy by doing simplified memos, unbound manuscripts, and several documents.

The Pascal teacher, Ms. Watson, supervised her students as they communicated with their other teacher in Germany. The students were taught how to use Telecommunications. They sent information back and forth from Germany.

Ms. Dunsmore was in charge of the Distance Learning Program. The students she taught weren't at this school, they were in different places, such as Japan, Turkey, Italy, Germany, and the U. K. She taught them through computers how to use Pascal by way of computer language. They use a program called Confer. The entire communicating system is linked to the University of Maryland.

Computer Science introduced students into many ways of using computers. They did word processing, data bases, and spreadsheets. They were also taught how to use the Electronic Mail Program and to put together layout documents such as news letters.

## Hard Work Gains Honors

by Tracy Jern
The National Honor Society was designed to recognize and promote academic achievement.

Members must have a cumulative GPA of 3.5 or better, and be in the tenth to the twelfth grades. The members must also complete 20 hours of service, either in the community, school, or in the church.

The induction ceremony was held in the Spring. It is known as the Candlelight Ceremony. One lighted candle represents the eternal light of knowledge, followed by four candles showing scholarship, leadership, service, and character. An official explains the significance of the lighted candle and other members explain about the other candles, lighting them. Immediately after the last candle is lit, new members recite the Pledge of Membership.

The National Senior Honor Society members deserve recognition for their high academic achievements and service.

National Honor Society: Front row; Christine Ladrido, Joanna Huckins, Courtney Wilde, Meredith Wright Second row; Cheryll Ladrido, Melissa Tucker, Michael Scott Lee, Ron Scoville, Matt Monson Back row; Ashleigh Carraway, Amanda Dunn, Jessica Jones, Jennifer Senecal, Johnmark White. Other members; Bryan Almond, John Buchanan, Annalie Detchon, Susan Downs, Melissa Morris, Samantha Russell.
by Stacey Sayko
The National Junior Honor Society is an organization that recognizes Middle School students who have achieved high academic standards and shown a commitment to their community.

Members have to maintain a GPA of 3.5 , and have volunteered their services in their school, church, and other service organizations. Many members also volunteered at the Bazaar.

The group met the first Friday of every month to discuss their ideas for the future projects. To the members of this organization, the National Junior Honor Society, means pride, fulfilling their educational desires and community needs for both the present and the future.

National Junior Honor Society: Front row; Ian Josephs, Clifford Kettinger, Jon Williamson, Teiquisha Jackson. Back row; Brandon Almond, Stacey Sayko, Amy Lee, Nick Monson, Cooper Wright, Craig Dubose. Other members; Kristina Ames, Jacqueline Cox, Kelley Downs, Christina West, Michael Zimmer.

National Honor Society Officers: Treasurer Lina Ponder, Historian Joanna Huckins, President Scott McKee, Vice President Ron Scoville, Secretary Jessica Jones.

National Junior Honor Society Officers: Front row: President Cooper Wright, Secretary Stacey Sayko Back row: Treasurer Craig Dubose, Vice President Nick Monson.

## by Amy Lee

MATH COUNTS is a challenging competition provided for all seventh and eighth grade students nationwide. The four levels of competition include the School, the Chapter, and the National Competition.

At the Chapter Competition on Feb. 10, at Lakenheath, Alconbury's top team, made up of four Eighth graders, beat out all participants from the UK and the Azores, taking first place. Individually, Amy Lee won first, Greg Shannon captured third, Paul Allen earned fifth, and Nick Monson placed seventh out of twen-ty-four competitors.

They advanced to the European Competition at Ramstein AFB, Germany, held on March 10. They were one of eighteen teams invited to attend.

Math Counts met every Tuesday and Thursday at lunch and every Wednesday after school in Mr. Hardin's room. However as competition dates grew closer, they worked even more often.

What is the hardest thing about Math counts? As the sponsor, Mr. Frank Hardin, puts it, "Half the battle in Math Counts is understanding the question."

Math Counts: Front row; Nick Monson, Michael Zimmer, Brandon Almond. Back row; Paul Allen, Jeremy Selstrom, Greg Shannon, Jennifer Yorgovan, Sponsor Mr. Frank Hardin, Amy Lee.

## Add It Up

Greg Shannon, Paul Allen and Nick Monson attend a lunch time coaching session in Mr. Hardin's room to figure out the problems for the contest.

## ${ }_{80}$ Entertainment

Sophomore Michael Culpepper puts together robotics pieces with pliers and screwdriver.

During Automotive Technology, Senior Jeremy Kenderson dis mantles a crank case in the Auto Shop as Junior John Calkins supervises.

Seventh graders Chris Malott and Alan Smith use the honoejector to make plastic molded discs.

Eighth graders Stacie Miller and Jennifer Diamond try to figure out how to get the parts of their lawn mower motor together in Power Mechanics

Freshmen Michael Moon watches as Freshmen Jasmine Simmons uses the torque wrench to put a cylinder back on motor

Senior Gary Goins and Sophomore Drew Edwards work efficiently on their mouse trap cars under Mr. Phil Chapman's direction.

## Tool Time

by Daphne Diaz
Shop and industries was made up of four class subjects; Technical Education, Technical Drafting, Manufacturing/Communications Tech, and Career Decisions. Mr. Phil Chapman has the knowledge to teach all these classes.

In Technical Education students were introduced to manufacturing, communication, power, energy, and transportation. Using tools, and equipment in the tech lab, they planned, designed and constructed projects.

Technical Drafting covers basic fundamentals to equipment and skills related to the production of drawings. Areas of study are orthographic projection, geometrical construction, pictorial drawing, introduction to computer aided design (CAD) and career related information. Students used CAD to construct drawings in the different areas.

Students taking the Manufacturing/Communication Tech were introduced to drafting, video production, lasers, computers, robotics, manufacturing and careers. Students plan, design, and construct projects using problem solving skills with industrial tools, equipment and materials in the tech lab. Among the many projects on which students worked, mouse trap cars and jewelry boxes were two of them. When asked what they enjoyed about their class, Senior George England responded, "I like to associate with people while I'm working." Sophomore Drew Edwards felt, "This class has helped me develop job skills."

Career Decisions was a course where one could explore career opportunities and learn how to make career decisions. They completed interesting surveys, which helped find a career direction.

Mr. Gerald Curran, AHS's expert on Power Mechanics and Automotive Technology, teaches Eighth through Twelfth grade students. In Power Mechanics, students learned about fourcylinder engines, diesel engines, and their parts. Eighth grader Tabitha Copeland felt "This class will help me learn about cars when needed in the future."

$\uparrow$ Nail biting is what Math Analysis is made of, as Junior, Kristi Noss discovered.

Seniors, Eleanor Mason and Simon Mantal are engrossed in their Math Analysis homework
$\Rightarrow$ Seventh grade mathematician, Ashley Lewis knows the answer for a question on the division of fractions

Without math the world would still be without computers and the many new technological advances that have improved our lifestyle. None of this came about without many mathematicians spending most of their lives agonizing over how to solve this or that, then, lightening strikes and the answer is found.

There may not be anything of such drama happening at Alconbury High School, but there's certainly a lot of budding mathematicians.

by Eleanor Mason

Most students take a math course every year they are in school. The most basic class offered is Seventh grade math, where you can learn about the division of fractions, algebra, geometry and trigonometry. Eighth grade students learn much the same, but at a higher level. Freshmen are introduced to a more indepth study of algebra in Pre - Algebra.

## Math $\mathcal{B o g g l e s}$ The $\mathfrak{M i n d}$

TSophomores, Joseph Bauer Jr. and Neal McKee discuss the complexity of parabolas in Algebra II.
-Freshman, Quentin Burt learns to use a protractor in Geometry.

4Junior, Ellyn Brixius gets to take advantage of technology in the math lab. She finds a computer comes in handy when drawing graphs.

You are then prepared to take Algebra I as a Sophomore. This class deals with geometry. Juniors usually take Algebra II, which also deals with trigonometry. In this class, there is the chance to use graphing calculators and computers in the math lab. By the time your Senior year arrives, you are ready to take math analysis, or if you took that last year, AP calculas.

All in all, there is much for mathematicians to do at Alconbury.

Juniors Aaron Morris and Jon Talley, get acquainted with the new girl in school. She's a little boney for most guys taste.

Junior Jacob Mechan and Sophomore Meredith Wright work on a copper experiment in Chemistry, while Junior Andrew Couick struggles to see through his glasses.

"Light, darn it" Junior, Antonika Walker, science teacher Ms. Lisa Stephens, and Senior Steve Voidvedich all anticipate the lighting of the bunson burner for their copper experiment in chemistry

Junior, Tammy Corley and Senior, Stuart
Cameron work on their study guide questions for
Biology II.

## Star Struck Scientists

MCGYVER, James Bond, and even the A-Team, all have one thing in common, they build nifty gadgets to help them in their adventures. Although that is just fiction, science is used every day, perhaps without us even thinking about it.

Without science there would be little change in our technologies and we would progress little.

Scientific discoveries make our lives more comfortable and a lot easier. Improving our transportation and communication, while at the same time helping us better understand the many cul-

by Simon Mantal

tures around us, as well as, improving our knowledge of our environment.

There were several science courses offered this year. There was Physical Science offered to Freshmen, and there were several classes offered to grades 10 12. Biology I \& II, which looked into the study of the anatomy, reproduction, and environment of many forms of life. Chemistry was another science offered, and it explored chemical equations of
many substances. Physics sought to explain the relationships between energy and matter, and of course the unforgetable computer sciences and PASCAL. For the Seventh graders, there was Life Science and for Eighth grade, Earth Science.

Whatever science course you may have taken, hopefully, it gave you a better insight to the world in which you live. An increased understanding could mean a greater appreciation for our planet, and perhaps lead you to a career in the world of science.

# Meet A Few Good People 

## by Christie Stewart

ALTHOUGH JROTC decreased in size, there was still plenty of activity. In the Fall, JROTC sold Back to School grams and hosted a dance. JROTC had many activities of their own. Among them were Drill team, Colour Guard, Physical Training, Rocketry Club and the Military Ball in November. Thursdays were always inspection days and the cadets did a good job of looking their best in uniform during school hours

In March, the Drill team went to Germany for the DoDDs European Drill team competition. Money was raised for this event by bagging at the base shopette and asking various organizations for donations. An awards banquet and an end of the school year picnic was held in the Spring.

Unfortunately, JROTC will not continue next year, but thanks to the JROTC instructors Lt. Col. Robert Heslin and Cmsgt. Bill Mann for introducing and teaching JROTC to Alconbury High School.

The Court of the Military Ball held in the small gym in November; Duke Mike Copeland, Prince Derrick Gray King Micah Gathercoal, Queen Shannon Stewart, Princess Christina Diamond, Duchess Melody Cudd.

Junior, First Lt. Tony Pirolo stands at attention.

Cadet John Reyes and Cadet Andrew Wade display a rifle drill at our winter sports assembly

Cadets Andrew Wade, Willie Thornton, and Ian Josephs take responsibility for flag detail in the morning and after school at AHS.

JROTC cadets marched as participants for the Alcon-
bury base Christmas parade in December.

## Monica Abbott

Having worked at AHS for 3 years, she taught Health and Home Economics this year. "Success is doing the things you know you should do," emphasizes Ms. Abbott.

Beverly Almond
Ms. Almond was a Comp. Ed. Aide She tutored 8th and 11 th grade English, History, and 7th and 8th grade Math. She enjoys making literature live. Her words of wisdom are "Carpe diem."

## Brian Amundson

Mr. Amundson has taught English 9 11 for 9 years. He enjoys 17th Centu-ry-American Lit. The students who know "Knowledge is Power", is what makes a good school. He chairs the English/Social Studies Department.

Dianne M. Baldwin
Ms. Baldwin has taught Math 8 and Algebra I at AHS for two years. Her advice is "Do unto others as you would have them do unto you." She enjoys brain teasers, and the enthusiasm of students. She sponsors NHS and NJHS

Wesley Bond
Mr. Bond has been a counselor helping students resolve their problems since 1973. He advises to further an education beyond high school. "The conge niality of the students and faculty" make AHS

## Ralph Blake

Mr. Blake taught U. S. Government, AP and U. S. History, and Model United Nations here for 2 of his 31 teaching years. He enjoys teaching all kinds of debate. He was the Assist. Football Coach

Elizabeth Boozer
This was Ms. Boozer's first year at AHS as Biology and Science 7 teacher. Genetics in Biology and Chemistrys' Acids/Bases/Salts are favorite lessons. She sponsored Girls' Basketball and advised "Always do your best."

## Phillip Chapman

Mr. Chapman has has been part of this "excellent Staff" 18 years. He teaches Drafting, Architecture and Career Design, CWE, Computer, Manufacturing, Transportation, and Construction Technology, and CADKEY, which he enjoys most. Volleyball, Track and Field are what he coaches.

## Gerald Curran

Mr. Curran has taught Power Mechan ics, Auto Technology, Physical Best and Fitness for Life, which he enjoys best, at AHS for two years. "Good Luck is preparation applied to opportunity

Sharon Curran
Ms. Curran has taught English 8 and Yearbook for 2 years here. She REAL LY enjoys finishing the yearbook Advising students, she says, "You car have anything you want, as long as you pay for it."

Sandy Delaughter
Arriving from Germany this year to teach Business, Ms. Delaughter sponsored the Dance Team and the Dragon Dispatch newspaper.

## Rosalie Dorrn

Having been at AHS 13 years, Mc Dorrn taught Anthropology, Worla History, Psychology, Humanities and Socialogy. She enjoys the students and teaching History of Art and Architco ture in Humanities.

## Martha Duncan

Ms. Duncan is the 7th and 8th grade counselor but has taught Health, Home Ec, English 9, Government, and Shakespeare. She sponsors the Multiculural club, FTA and FHA. "If it is to be, it is up to me." is her motto.

Barbara Dunsmore
Ms. Dunsmore loves teaching Algebra, especially "Real Life Applications." She even holds lunch time sessions. She's in charge of Pascal via telecommunications, and sponsors the Chess Club.

## Jim Fisher

The universe expects you to be true to your nature," quips Science and World Regions teacher Mr. Fisher. He's taught at AHS for ten years as a great favorite with students.

## Eddie Gibb

Mr. Gibb taught Physics and Geometry at AHS for 6 years. Being quite the athletic guy, he coaches Tennis, Wrestling and Soccer. He likes the smallness of the school.

Marilyn Goodsell
Ms. Goodsell teaches four levels of French and Spanish 1.

## Susan Guinan

Ms. Guinan likes watching students come up with a new idea, while teaching Fundamentals of Art, Studio Art, Exploratory Art 7 and 8. She recommends "Pay attention to the doughnut, not the hole in the middle." She sponsors the Art Club and the Sophomore Class.

## Frank Hardin

Mr. Hardin has been teaching Math 7 and Intro-Algebra here for two years. He does Math Counts and Math Tutoring. "The students are fun to teach at AHS."

## Robert M. Heslin

Aerospace Science I, II, III, and Exploratory JROTC keep Mr. Heslin busy, along with sponsoring the Model Rocket Club and Intermural Physical Fitness. He urges students to "Remember this education will be the foundation for your entire future."

## Sally Jean Jones

Besides working in Special Ed. Eng lish, math and Learning Strategies Ms. Jones tutors English and History She sponsored Middle School Student Council and was the SAC Secretary "Live, Love and Learn," she says.

## Principal Margaret Deatherage

This is Ms. Deatherage's first year as AHS Principal. Mostly she enjoys being in the classrooms. "Schools and societies succeed by people working hard and celebrating each others' skills, successes, and talents. Everyone has something to offer and if willing, everyone can make our world a better place to live.'

## Assistant Principal Noel Senecal

Besides his office work, Mr. Senecal works with 7 and 8 Advisory. He believes a school is only as good as the people who inhabit it, but "When pressures close in, know where to hide." Mr. Senecal has made a good impression during his first year at AHS.

Secretaries: Four secretaries handled the business of the school, keeping track of students in attendance and guidance and records. They become familiar with all teachers, students, parents and numerous forms.

## Shirley Camsell

Louella Hardin

Lois Ingram Dee Yasuf

## Dave Elliot

Supply and Procurement

Vic Giles
Supply /Maintenance

Susan M. Karlesses
Along with teaching Compensatory Education, Ms. Karlesses monitors the School Improvement Program. She's impressed by the faculty and passes on to all, "Carpe Diem."

## CMS Bill Mann

Three levels of ROTC leadership along with the ROTC Drill Team and Color Guard makes CMS Mann's words, "Go for the gold, we all deserve the best in life," meaningful. Girls' Softball also benefitted from his coaching.

Maureen McQuitty
For 19 years, Ms. McQuitty has been the Host Nation Advisor at AHS and is known for her superior work with the Duke of Edinburgh's Award scheme. She likes taking students away from the school setting on field trips and hikes.

Eric Measells
With three levels of band, Chorus, Music Appreciation and theory, Mr. Measells looks forward to his DOE expeditions. Hemiolas and Electronic music are favorites with him. A word of wisdom, "Don't."

Gary Miles
Mr. Miles teaches Drivers Ed., Street Law, Minority Studies and World Geography. Besides sponsoring the Freshmen, he coaches Football and Wrestling. "The harder you try, the luckier you get."

Nancy Mitchell
Ms. Mitchell is the Library Media Specialist. She keeps all the school funds in order as Officer Manager.

## Mike Monson

Mr. Monson teaches Math Analysis, Health and P. E. Besides being the Athletic Director, he coaches Cross Country and Boys'Basketball, whose members have given him the best memories. His humor reminds us that "Pickles don't grow on olive trees."

Dora M. Mueller
First semester, Ms. Mueller continued her work since 1993, as school nurse.

At a meeting, Jim Fisher laughs

## Dennis Nail

Mr. Nail has taught Senior and Seventh grade English at AHS for seven years. He sponsored the Senior class.

## Lynda Piazzoni

Ms. Piazzoni has been teaching Eighth Grade U. S. History and Computer Studies at AHS for two years. She sponsors the Eighth Grade class and is the school bookkeeper.
with Sally Jones about a joke.

Janis Ready
In her first year at AHS, Ms. Ready taught Middle School P. E., Study Skills and Physical Fitness, which she enjoys most. She supervises Intramurals.

## Dotti Rose

Ms. Rose instructs AP/Honors English, College Prep. and English 10. She is responsible for the excellent Student Council. "Enjoy each moment in life - it is precious!"

## Joy Jochum-Schell

Ms. Schell favors Math and Science when working as an aide in Special Education. She tells students, "Be yourself, work hard and have fun."

## Lisa Stephens

Science 9, AP Chemistry and Chemistry teacher Ms. Stephens likes lab work with her students. In her first year at AHS she participated in the Duke of Edinburgh scheme.

## Cyndi Taggart

"Deutsch ist fur Denker!!" says Ms. Taggart to German students. Advance Spanish students are also taught by Ms. Taggart who has been here for 7 years. She likes interviews, one to one, with students in the target language.

## Carla Watson

In addition to acting as the facilitator for Distance Ed., Ms. Watson taught Computer Science, Algebra I and AP Calculus. She was the Junior Class Advisor and sponsored the Computer Club.

## Richard Weiland

Mr. Weiland spends his days steeped in Biology. He participates in the Duke of Edinburgh scheme.

Jan Wolford
"We live in interesting times," claims Ms. Wolford as she teaches Seventh Grade World Geography and Drama. She has promoted the Drama Productions for the last two years at AHS.

Maria Gayton
Ms. Gayton was hired in November to teach three courses in Spanish.

## Paulette Solis-Guillen

Second semester, Ms. SolisGuillen became the school nurse in the mornings.

## Entertainment

Senior, Katy Buchanan stars in the X-mas play.

96

Senior, Ash-
ley Davis, studies in the library.

104

Senior, Ron Scoville, puts his talent to good use, in raising money for the band class, so that they can go to the Hague, Holland, in March 1995.

Junior Prince and Princess
Brian Mulford and Susan Downs.

Sophomore Duke and Duchess Adam Zimmerman and Sasha liars.

Freshman Escort and Maid
Micah Gothercod and Shannon Connery

## A Night to Remember

by Tracy Vern
The Winter Cotillion's music played by D. J.'s Chris Zimmerman and Doc bo o med loudly through the Sports Bar. There was a good selecion played to suit everyone's taste from Cointry to Rock

to Dance music. The Sports Bar was decorated in festive red, green, and gold colors. There were balloons tied to the tables, streamers and garland hanging from the ceiling, and colored flashing lights everywhere. The Sports Bar supplied free drinks, such as Coke, Diet Coke, and Sprite.

In addition to dancing, added excitement happened when the fire alarm went off, but the activities continued outside until the building was safe.

Other events going on at the dance were a photographer taking pictures of the students, and the crowning ceremony
The dance sponsored by the Seniors was held on December 3, 1994, at the Sports Bar. Ms. Rose, Ms. Deatherage, Mr . Nail, and Mr. Caulking
were the chaperons.
In General, the Cotillion went off without any major problems, and everyone had a great time.

Winter Cotillion King and Queen Gustavo Luna and April Comad.

Junior Suzanne Meadows and Seniors Steve Voivedich and Karin Brixius relax quietly on the couch after some vigorous dancing.

Freshmen Shannon Connery, Nicola Maguire, and Kelley Downs take a breather from all the festivities.

## ${ }_{96}$ Entertainment

Sophomore Jessica Filbey, as Mother Bayard, laughs modestly as Robert Parks whispers sweet nothings in her ear as he listens to her stories about the past in The Long Christmas Dinner by Thornton Wilder.

Senior Mike Farringer, as Father Bayard, and Freshman Kevin Smith, a visiting cousin, raise toasts to the ladies during their drama performance for the school.

Eighth grader Jenny Fifield, as the nurse, arrives with a new addition to the Bayard family and Senior Julie Tennyson, playing Lucy Bayard, adores her new child in The Long Christmas Dinner

Saluting his goodbyes to the family, Freshmen, Kevin Smith enters the columns of death as he goes off to fight in World War I.

"Don't talk back to your Mama" exclaims Melissa Lodwick to her rebellious daughter Ellyn Brixius, while Allison Schier looks on with disbelief during a scene from $A$ Raisin in the Sun.

Being part of stage management, Sophomore Dana Charlton helps by doing his bit behind the curtains.

Recalling her past life, Senior Katy Buchanan sighs in relief as her days waste away in The Long Christmas Dinner.

The lines just flow from the lips of Junior Melissa Farringer and Sophomore Courtney Wilde during the rehearsal of the school play.

## "All the World's a Stage. . ."

In Drama, they do more than just learning lines and standing before an audience. They have to do work backstage, and, most importantly, know how to take orders and be on cue. One of the things they do includes constructive criticism by peers.

The Drama Club gave an outstanding performance of the The Long Christmas Dinner by Thorton Wilder. The story involves the joys and tragedies of the Bayard family over a period of 90 years, through the family Christmas dinners.

Also, they performed A Raisin in the Sun

## ... and all men and women players."

and The Bald Soprano as part of their December performances.
They performed many scenes throughout the year.

They held an additional performance in the beginning of February. Some of the plays performed were You're A Good Man, Charlie Brown, The Glass Menagerie, Butterflies are Free, and The Importance of being Ernest. They put together the sets for these, which turned out to be more work than they had expected.

Besides performing for the school, they went to Lakenheath for an Invitational Speech and Drama Festival in April. Only fifteen students from each school, both junior high and high school students, were allowed to attend.
The spring play was another event which took work and determination.

Seniors, Inna Jackson and Symone Linthicome compare Canterbury Tales notes during Senior English, while Eric Morgan pretends not to look.

Eighth grade students, Rachel Holder, Erin Mealey, Dezina Hale and Tedd Lowe finish presenting their Davey Crockett story (part of a myth project), just in time for lunch.

By Eleanor Mason.
As everyone knows, English is the fundamental class forming the basis for many other subjects. Not only do we learn the mechanics of writing, but also how to express our ideas and interpret what others are trying to say.

There is the encouragement to get pleasure out of English. In learning to understand what we read, not only do we gain knowledge of our own worlds, but we gain an understanding of others.

Although we normally read the same thing that was read by the previous class, we get to experience those wonderful book reviews about which we heard others complaining, or those endless lists of vocabulary words over which students were having nightmares. We realize how much we have learned and how easy those spelling tests seem now.

Not only do we get to study such books as Nathanial Hawthorne's, The Scarlet Letter and Chaucer's Canterbury Tales, but we have the opportunity to watch video's and go on field trips that relate to the books we are studying.

Seventh graders learn the basics of what makes a good story. Vocabulary and spelling lists get them ready for what lies ahead. Eighth graders read stories and do a variety of writing, including the National Writing Assessment essays in April. They read and saw Shakespeare's A Midsummer Night's Dream.

The great thing about English is when you take what you have learned and use it in the outside world, that is when Excellant English Excells.

During Eighth grade English class, Lisa Mello creates a book jacket for a book she would wish to write for her first project of the year
> "A great teacher has always been measured by the number of his students who surpass him." Anonymous

English 99

Junior English students, Joanna Huckins and Lisa Gates are engrossed in Nathanial Hawhorne's The Scarlett Letter, while Mr. Brian Amundson, explains a tricky word to Chris Fayley.

Junior, Annalie Detchon studies her Scarlett Letter vocabulary words before taking a quiz in Junior English.

## Excellent

## Englisf

 ExcelsIn the library, Senior Jessica Jones enjoys studying Silas Marner for her AP English class, however, she forgot there's a test the next day over what she has read.

Practice makes perfect as the brass and woodwind section plays for the Duke of Edinburgh performance in Cambridge: Front row; Flutes - Joanna Huckins, Sasha Iiams, Aisha

Mack, Wendy Scoville. Second row; Saxophones - Melissa Barrett, Chantel Lowe, Michael Handy, Scott McKee. Clar inets - Danette McKee, Ava Rose. Violinist - Eleanor Mason.

Back row; Trumpet - Josh Clifton, Ashleigh Carraway, Kasey Billings, Ron Scoville. Baritone - Brad Wolfe. Saxophone Marclyn Shill. Trombones - Matt Walker, Steve Custer.

## Music Maintains Magic

Section Leader Ron Scoville, Senior, practices his International Honor Band music before band class. He was one of the four trumpets to be selected.

Eighth grader, Sarah Woodrow concentrates on "Away in a Manger" as she plays her French horn in the Intermediate Band at the Christmas program.

Senior Eleanor Mason added a new sound to the band with her violin.

Amy Lee, Eighth grade, plays "Merry Christmas" during daily practice on her flute.

Music Director Mr. Eric Measells conducts the combined bands for their performances.

Seventh graders Jessica Arrieta, Christen Bowker, and Jeremy Selstrom on clarinets for the Beginner Band start
off the Christmas Concert with "America."

The music department may not be the largest, but it is one of the busiest. Director Eric Measells coordinates the beginner, intermediate and advanced bands, along with the chorus.

Four students were selected to go to Badkissingen, Germany, March 12-16, for the Dodds Europe Honor Band; flautist Katy Buchanan, baritone saxophonist Josh Pronk, French horn player Jessica Filby and percussionist Patrick Jochum. Jeremy Hatcher sang with the Honor Choir. The International Honor Band included three trumpet players; Ron Scoville, Kasey Billings, Ashleigh Carraway, and percussionist Jon Talley, during March 16-19, at The Hague, Holland.

In September, the advanced band and chorus went to the Barbican in London to hear Mahler's First Symphony and talk to members of the London Symphony Orchestra. At home, they participated in the fall sports season by playing at Homecoming and during pep rallies.

In November, the advanced band performed with St. Peter's School from Huntingdon at a Duke of Edinburgh Award
Concert in Great St. Mary's Church, Cam-

## Nine Musicians Attain Honors

bridge. The chorus, also, traveled to Lakenheath for a choir festival. Ninety students attended from four schools for this three day event.

December was even busier. The advanced band played for the lighting of the Christmas tree and the base Christmas parade. On the thirteenth, the school's Winter Concert took place in which all music students participated.

After much preparation, the Solo Ensemble Festival at London Central showed off talents. On February 14 th, the band combined with St. Peter's School at the Multicultural program.

In March and May, the music department played concerts for the community. But, April 18-19, saw Alconbury hosting the UK District Band Festival, bringing three bands together. During second semester students experimented with electronic music, writing their own compositions or adapting music to the computer.

On trumpet, Josh Clifton and Jacob Chambers along with the band, are joined by St. Peter's School band to play "The Three Ayers of Glouchester" at the Multi Cultural assembly.

The Advanced Band warms up with "The Stars and Stripes Forever" at the football field before heading out to the Christmas Parade

Seventh graders, Laura Brixius and Jennifer Kuhnert play "Holiday Greetings" on their flutes during the Christmas Concert.
"Go, Fight, Win" resounds in the school gym at the Winter Pep rally: Front; Melissa Morris, Sasha Iiams. Second row; Michelle Turner, Wendy Scoville, Aisha Mack, Jessica Filbey

Mr. Measells directs the Choir at the Multi Cultural Assembly singing "The Star Spangled Banner." Front row; Natalie Arrieta, Adrienne French, Lisa Gates, Nori Atkins. Second row; Alissa Stone, Chasity Hughes, Micah Gathercoal, Deb-
orah Holder, Shannon Connery. Third row; Mike Rafferty, Robert McClure, Jennifer Ames, Sarah Thomas, Amber Craft. Back row; Lina Ponder, Terrell McCoy, Jeremy Hatcher, Mike Williams, Monique Hoskins, Katy Buchanan.

Playing their clarinets, Seventh graders Maresha Mitchell and Ashley Lewis finger "Little Drummer Boy," as part of the Beginning Band's offerings at the Winter Concert, Dec. 13

$\rightarrow-12$

Sophomore Bryan Almond trys to keep his fingers warm in order to play the sousaphone with the Advanced Band during the Winter Parade.

Award winning drummers, Junior Jon Talley and Senior Patrick Jochum are ready to begin the marching cadence.

## By Daphne Diaz

The library was a busy place if you were a student. With top notch staff and aides, the library provided excellent help with finding information on a certain topic. Although the library is generally thought of as only having dusty books, it has a lot more. With computers to look up book and information locating, an expanding audio visual department, and an excellent range of books, it is no wonder why the library is in such demand. Checking out a book now, is even computerized. Each book in the library contains a bar code, which you pass through the scanner, then you enter your student number into the computer. That is the simple and quick way of checking out books is our computerized library.

While touring through the library, you would see many people working on a variety of different projects. Senior Mike Farringer said, "I like to use the laminating machine to laminate big posters." Besides the interesting people, you will find top of the line computers, that will help you find any information. The Librarian Ms. Nancy Mitchell added, "I think that computers are changing libraries more and more every day."

Junior Lisa Gates feels an advantage of being an aide is that, "it helps you establish career goals when you enter the career of another person."

To fully understand the reasons that the library is in such demand, take a trip through the library. It is a wonderful place.

TSenior Jeremy Cox and Eighth grader Douglas Detchon take advantage of the computers during their lunch hour to play games.

## Library Lends A Hand

$\uparrow$ Freshman Craig Dubose searches for his subject on the new card catalog computer program.

$\curvearrowleft$ Deligently at work, Senior Mike Farringer struggles to finish his Physics homework.

Wenior Nicole Moore, in the T.V. studio, demonstrates how to use the video equipment while working on a Physics project.

tComputer hacker Tom Mealey, Sophomore, trys to figure out how to use the bar code reader to check out books during his aide period.

TJunior Willie Thornton and Senior Jeremy Cox get assistance in locating information from Librarian Ms. Nancy Mitchell.

The Multi-Cultural Club was a fluctuating group of students, who worked to spread harmony between people. Under the guidance of Ms. Martha Duncan, they organized the MultiCultural Assembly held, appropriately, on Feb. 14. Then, they put on the talent show, Feb. 28. They, also, sold breakfast during the CTBS testing week of March 14-16.
The planning committee for the assembly was Veronica Ingram, Michelle Turner, President Alissa Stone, Freeman Fields, Melissa Morris, and sponsor Ms. Martha Duncan.

Seventh graders Catherine Langley, Jeremy Selstrom and Cynthia Parsons show their beautifully made flower arrangements for the dining table.

Senior Gary Goins takes up the fine art of frying ground beef. Next thing you know he'll be head chef at one of England's finest restaurants.

Ms. Monica Abbott teaches students that the consistency of the cookie dough must be stiff in order to roll it without sticking to the board. Seventh grader Micah Tyner listens with anticipation. He hates to waste precious cooking time.

## Delicious Delights

by Nancy LaRouche
Home Economics was a whole new experience for students. The biggest change was a new teacher, Ms. Abbott.

There were many exciting things Home Ec. classes did. They began immediately on their cooking skills, making everything from pancakes to pizza. During the month of November, they prepared a tantalizing feast to feed all invited guests. Served at this better than Sizzler bonanza was traditional turkey and gravy, yams, potatoes, an apple dessert and other various Thanksgiving day menu items. Josh Pronk, a respectable guest at this sociable event claimed the entire meal was well worth leaving English class for.

The cooking part of Home Ec. lasted the first semester, while the second semester focused more on sewing. Students learned to make ornaments, clothes, and to repair old worn articles of clothing. In order to pass the second part of Home Ec., Ms. Abbott assigned a project that enabled each student to create his own design. Most of the boys insisted on making stylish vests, while the girls chose to create cute and elaborate blouses or skirts.

Although Home Economics was mostly populated by seventh graders in one of their nine week exploratory classes. They studied table settings, making their own arrangements, made Christmas decorations from cloth, and learned to bake heart shaped sugar cookies for Valentines Day. Figuring out those measurments and reading a recipe became mastered skills.

There were also an acceptable amount of upperclassmen enrolled in a different period of this domestic class. Selecting a country and cooking its foods proved the most popular lesson. Italian cuisine led the way.

The Home Economics lab was always popular for eating lunch and having meetings. The whole school could rely on interesting smells and warmth coming from there.

## - Volhing Like Gelling to Griks with the Real Noild

## Exploring The World of Art.

Many different art classes are offered; Seventh grade art, Fundamental art, and Studio art. Students study art techniques and artists. They draw, paint, and work with ceramics, and build models and sculptures. Before Christmas, the Fundamental art class was working on making sarcopises, and the Studio art class was painting on silk.

The art teacher, Ms. Guinan claims, society today knows about past cultures from the art they left behind.

Field trips in which the art classes participated included a workshop in Germany called "Creative Connections" in the Spring. In the beginning of the year the studio art class went to Cambridge University to sit in on a sketching class.

Some exceptional art students, Christa Preston, Samantha Stewart, Matt Monson, Mike Pedrick, and Alissa Stone have had their works of art sent to DoDDS traveling art exhibition.
> "Through the arts, human kind leaves the thoughts and feelings about the world we live in". -Ms. Guinan

The art club met after school for students who liked to come and be creative. Ms. Guinan supplied the materials and gave her time to those who chose to participate.

The art classes had a very busy and productive year learning and appreciating other cultures and leaving a piece of themselves behind for others to study.

Senior Channel Bedford takes her time not to smear her silk painting.

[^3] the lines while coloring.

Shinnon Fakhri, an eighth grader, molds her clay into a charm for a necklace.

Ms. Sue Guinan, the art teacher, believes art is the key to the past.

Brett Platt, Chris Cullum. Russell Jordan, David Guay, Jenniler Yorgovan, and Adrienne Stone enjoy drawing cartoons in seventh grade art class.

Sophomore Anglia Johnson shapes clay into a clay charm.

Ms. Janis Ready's Freshman Physical Education has students Liz Cullum, Kevin Smith and Mike Brown getting out of a knot without breaking hands.

## Itis a Moring Experience!

by Valencia Blanks
There's no doubt about Physical Education being the favorite class. This is the only class where you can stay fit and do a variety of sports too. Not only do people learn about their physical health, they have fun doing it.

But, senior high P.E. isn't all fun and games. One day out of the week, the students

## The most popular class in school.

are in the classroom studying "Fitness for Life" and why it is important to understand what you can do to adopt a healthy life style. Topics such as nutrition, endurance, strength, agility and exercise programs are studied to promote awareness of physical fitness. The rest of the week, they're in the gym doing activities they learned about in the classroom. In the gym, they can do many different sports such as hockey, basketball, Europeon handball, soccer, or weight training.

Besides the physical activity, junior high students do the "Physical Best" program. They are mostly involved in team games and games of low organization such as pinball or gillyball.

There were three P.E teachers; Ms. Ready, Mr. Monson, and Mr. Curran. Physical Education is a moving experience.

- Junior Lina Ponder dribbles the basketball during tryouts to secure her place on the team.

*Eighth graders James Buchanan and Shinnon Fakhri square off to hit the puck to Nick Monson in a game of floor hockey during first period.
- Senior Gus Luna dives to block the soccer ball during P.E. class.

$\boldsymbol{V}$

* Eighth grader She'mya Gibbs gets ready to hit the birdie during badminton at Kettering Leisure Center on October 28.

个Sophomore Josh Thomas measures his strength by lifting weights on the universal gym machine at school.

## Looking Back At the Seniors of 95’

by Steven Voivedich
When you are wherever you are, and things aren't going so great at work; you have too many bills, your kid is getting ready to graduate and tuition for college is astronomically high, it will be nice to sit back and remember when life was, oh, so simple, back when you were a Senior at Alconbury High School.

The year was 1994, and graduation was in the air. The summer was an unusually warm one and there was all kinds of things to do, off the base, of course. Once school started again friends were reunited and all the fun began, especially if you were a Senior. Not only were you at the top of the totem-pole at the school, people had a certain respect for you. You could get away with more, even though teachers denied it, and all you had to look forward to was graduating, and, maybe, college. But all we had to do was graduate, right? One day you were feeling fine with no worries, then SMACK, reality slapped you in the face. You started worrying about what you're going to do with your life, how you were going to do it, and whether or not you could do it.

Aside from the reality smacks and the occasional homework, the only thing left to do was, have fun. Whether you hung out at
"What are you looking at?" is the expression given by Senior, Steven Voivedich, during 1st hour M.U.N class.
the bowling alley or at Anthony's pizza, the basic idea was to have a good time. The main thing that the bowling alley seniors did for fun with the other bowling alley people was party. Plain and simple. Other than that, they went to concerts and bummed around the bowling alley.

If you enjoyed the company of the people at the Anthony's pizza, there were plenty of things to do. The usual crowd of seniors that went to the Anthony's pizza liked to go to their friend's houses, go to parties at their friend's houses, and basically hang out with their friends, or watch Ace Ventura or Snow White.

Other than the bowling alley people or the Anthony's pizza people, the other people did their own things. It didn't matter if you enjoyed hanging out at home with your parents or just you and your girlfriend or boyfriend doing whatever, or going to the dance clubs with your close friends, the bottom line when being a senior was having a really good time.

The seniors on Alconbury A.F.B got along fairly well, considering the fact that there

were many contrasting groups of people all in one little bubble called R.A.F Alconbury. There was, of course, the occasional arguments between people and feelings get hurt. Someone may have gotten mad at someone else because they told some body something they weren't supposed to tell. But, in the end, people forgave each other and things fell back into place.

Then, people were concentrating on school, and it was time to get down to business. Soon it was time to graduate and go our separate ways. It was time to say our goodbyes and prepare ourselves for a whole new way of living, a way of living that most of us have not yet experienced, life in the real world! No more sitting around on Saturdays or just hanging out with our friends. Before we could go, we had to look at, and think about, ourselves and our fellow classmates. That was the last time you could see one another on those terms. That was the last time you would have so many friends in one place. That was the last time you could, just have fun. So, hopefully you had fun and didn't forget the Seniors, and the good times, of 1995 !
"I'll fly away!" is how Senior, Mike Farringer, copes with the stresses of being a Senior.

## Mr. Dennis Nail

Senior Class Sponsor

Ms. Dottic Rose

Our thanks to you for civerything you liave done for us. The Senior Class

## ADS and Index

Cheerleader Shannon Connery shows her spirit.

48

Mr. Weiland shows his Dragon pride during spirit week.

## Section

## Seventh graders learn about news broadcasting.

Anthony Hardy takes pictures of the Canterbury field trip.

## 58

Seniors Krista Burt and Nancy LaRouche relax while reading the newspaper in the rec center

Ron,
From the moment you entered our lives, you have filled our home with love and happiness. Your smile, your warmth, your desire to do what is right, has blessed us.

## Ron Scoville

You have many talents, continue to use them to help others. Remember who you are, where you're going, and what it takes to get there.

Love,
Dad, Mom, Wendy, Stephanic, Stacey, Joseph and David

## April Conrad

Bugs,
We knew you could do it! We're so proud!

Remember to let God guide you in all you do. We will always be there to help you.

We really love you,
Daddy, Mom \& Andy

P. S. Nick loves you, too!

## AUTOGRAPHS

Freshmen Kylene Hayslett and April Peris are working to complete their French assignment. Four levels of French were offered to students.

Junior High students raise money by auctioning teachers faces to be painted. Principal Ms. Margo Deatherage got her cat face from Freshman Matt Walker.

Although they didn't star as actors, they helped the plays become successful by working back stage; Jake Meehan, Shannon Stewart, Aaron Zimmerman and Brian Mulford.

Pronk, Matthew 31

Eighth graders Casey Beeman and Christina Colpitts put together an engine in their Power Mechanics class

Ms. Joy Jochum-Schell helps Seventh Grader Tunisa Mercer-Bey use the computer to do English work.

The gang's all here: Jeff Howard, Jakina Poitier, Jay Hoskins, Mishawn Wylie and Julian Platt.

Seventh graders Cynthia Parsons, Lakeisha Kirby, Kaylisha Shepherd and Adam Filbey find their way, through pushing and shoving, through their hall.

No boys, it's not a new Senior girl, but Chance Kraft dressed up for Opposite Day during Spirit Week

How many chips can you eat during break? Sophomores Dana Charton, Brian Leo and Paul Snyder get more than their share.

140 INDEX

## Quarterback

Quarterback Quentin Burt, a Freshman, did a good job for the football team.

"Eeh! That is so Bad!" says Junior Ashleigh Carraway as she gets ready for her first test.

Freshman Christina West, Junior Angela Snyder and Freshman Sarah Thomas show big smiles as they greet friends on the way to classes.

Junior Suzanne Meadows strolls with Senior Jeremy Kenerson on their way home from school.

## 142 The Dragon Times

Featuring the zany Yearbook class. Front row; Melissa Edge, April Conrad, Daphne Diaz, Karin Brixius, Chance Kraft, and Steve Voivedich. Back row; Anglia Johnson, Simon Mantal, Tracy Jern, Christie Stewart, and Ian Fay.

## Deadlines ... ? What are deadlines?

by Tracy Jern
The entrepreneur class was given the difficult challenge of putting together the yearbook. With the help of sponsor and teacher Ms. Curran, the job got done.
Organizing the yearbook was not an easy task. First, the style and theme of the book must be decided. Then, a preliminary layout has to be drawn, many times over, in some cases. Pictures needed to be taken and cropped to fit the layout. Body and caption copy was written, typed in the computer, and approved. Finally, triplicates had to be drawn and everything check, sorted and mailed to the publisher to be printed.

Another aspect involved was persuading businesses
and parents to buy advertisements to help pay the $\$ 16$, 000 bill. Books had to be sold.
Putting together a yearbook was fun but frustrating. Between choosing the color, theme, and allotment of pages, there were a few "breakdowns" when things became stressful. However, working as a group and getting to know everyone was the most fun.

The yearbook class taught responsibility and what it is like being in the real world. It is not a class where students can slack off - it is like a job with deadlines to be met. The students and teacher deserve to be commended on their difficult and excellent work.

The creative Senior, Julie Tennyson works diligently on a division page layout during the beginning of the year.

## Looking Back

## Older Generation

Presley, Jackson Marriage
The May 26, 1994, marriage of Presley and Jackson surprised many people. Some believe it is a public relations ploy to improve Jackson's public image, while others believe the couple is in love. Others believe that Jackson's business influence will benefit Presley.
John Candy Dies
Candy's obesity contributed to his success as a comic actor, but may have contributed to his death of a heart attack at age 42, on Mar. 4, 1994. Candy had just finished the comedy film Wagons East when he died. His other films included Uncle Buck, Summer Rental, and Cool Runnings.

## Sports

Tonya Harding Loses Title Olympic figure skater Tonya Harding was stripped of her 1994 national title and banned for life from the US Figure Skating Assn. because she impeded the investigation into the attack on her rival, Nancy Kerrigan. Persons involved in the attack were sentenced to prison.

49ers Win Super Bowl XXVIIII
The San Diego Chargers lost to the San Francisco 49ers, 26-49, January 30, 1995, in the first all Californian Super Bowl.

On the field, Alconbury Defense waits during a timeout in the 1994 season.

## Younger Generation

Whipping Boy, Michael Fay In Singapore, Michael Fay, 18, pleaded guilty to spray painting cars and possessing stolen street signs. In the US, a young man with no criminal record who was charged with such offenses would almost certainly have ended up on probation. However, in Singapore things were different. Fay was slapped with a twothousand two hundred dollar fine and sentenced to four months in prison - plus six strokes on his bare buttocks with a rattan cane.

## Mother Drowns Kids

Susan Smith, a mother of two, reported her children were in the family car when it was stolen. However, Smith was later arrested and reportedly confessed to driving the car into a lake with the children still inside. The horror of a mother murdering her own children shook the American people.

## Travel

Channel Tunnel
England and France were joined in 1994 as the Channel Tunnel linking both countries was formally inaugurated. The ease of communications is eventually expected to settle differences between the two countries.
Vacation Fun for Youth
Ibiza, Spain, was the island site for five hundred students from the European Youth Group. They invaded the island paradise from April 18, to renew their faith. About twenty-five Alconbury students took part.

## Business

## "It Could Be You."

The U. K. Lottery opened business Monday, Nov. 14. The first Jackpot reached 12 million pounds. Part of the earnings go to support the arts in Great Britian. Although the slogan seemed hopeful, it probably wasn't you.

Trader Brings Down Ban
Exchange Trader Ni، Leeson brought down of of the most secure banks the world by speculating the open futures market. he escaped from Singapor institutions around tl world closed in to buy profitable parts of the ban How one man could extra $\$ 600,000,000$ of cred became a scandal to be re ulated.

## Entertainmen

Are You Innocent becau: You're Famous?
Former football sta sportscaster and actor, O. Simpson was suspected murders of his ex-wif Nicole and a male friend hers. Friends of Nicole sa they had a stormy marriag The trial was a medi extravaganza in America.

The Lion King is King
Disney's animated filı was the biggest box offic attraction of the yea Loved by children an adults, the story captivate millions of people aroun the world. The video sol out in stores on its releas in March.
