THE

OF THE

Show

**T**hinking back through the year we wonder what has made it so great, what have we accomplished, and was it all worth it?

We played many roles, from wild obnoxious kids running through the halls, to responsible students focusing on our grades. We grew and matured, laughed and cried. Wel-

**TARS** came new faculty and students, but also had to

say goodbye to our friends. That was how the year developed.

"The show must go on," and it did. From awesome Pep Rallies, exciting dances, band concerts, and field trips, we jam packed the year with activities. The majority of the school attended. The spirit was non-stop.

Truly, we are the "Stars of the Show. This has been the best athletic and academic year in the history of AHS. The athletic ability was the strongest. Academics; we were rated at the top. We succeeded at both despite being the smallest school in the UK.

The stage was set. The stars ready. Light, Camera, DRAGONS!

The Homecoming was great. Spirit week concluded with an astounding Friday Pep Rally featuring contests between the classes. On Saturday, everyone competed hard in all the sports. The dance, as well, was a roaring success.

In Tennis, Shane Andrews won singles 6-1 and 6-2 against Lakenheath. The girls played well, and earned team points.

Cross Country ran against ASL, ACS Cobham, Lakenheath, LC, Menwith Hill, and ACS Hillingdon at Hinchinbrook Park. The top Varsity runner was Kamuela Bean, 4th out 51 runners. At Junior Varsity level for men were Breon Wells 2nd, Brandon Floyd 3rd, Johnny Butler 9th out 31, and in girl's JV, Adrienne Thompkins 10th out of 37.

The Volleyball team won 15-5, 15-1, and 15-2 against London Central.

The football team won against the Bearkats from Bad Kreuznach, 35 to 0, lead by Andrew Thompkins scoring four times, as well as Skyler Lee. The halftime show featured the cheerleaders doing a dance, along with some cheers, to get the crowd excited. The band incorporated parents to make the music fast and loud, bringing the festivities to a triumphant close.

Spirit Week, the week before Homecoming, is to get students enthusiastic for the games the following Saturday.

Monday began as Pajama Day, Tuesday chilled out as Hippy Day, Wednesday saw Senior Citizens Day, Thursday was GI Joe/GI Jane Day, Friday was Class Theme Day; the Seventh and Eighth graders dressed nicely, Freshman changed to the Opposite Sex, the Sophomores donned Spice Girls' attire, Juniors pretended to be 007, and the Seniors brought back the 1950's.

The Homecoming Dance was held at Buckden Towers in Buckden. There were a lot of happy faces, with the winning of the football game against Bad Kreuznach and the winning of the Volleyball against London Central.

# And the Spirit Stick goes to ...

Some spirit deficient people would say that a pep rally isn't anything more than an hour out of class, but the meaning of "pep rally" goes way beyond that. A pep rally is a time to show your school spirit, a time to share laughs, and a time to go into complete competition battle to see which class is the best.

The Class of '98 proved to the school that even though they're the least populated class, they had the highest participation percentage and won the "Sock and Hit" contest. The Juniors put up a good fight winning the "Best Skit," "Chubby Bunny," "Hoola hoop" relay, and the "Gum in the Pie" feast. The Class of 2000 won the "Snickers" eating contest. Posters and loud cheering also earned points with the judges. What a day.

WHY do we compete? Some say it's for the mighty Spirit Stick. At the Homecoming Pep Rally, the Spirit Stick was won by the Class of '98. The reason for winning a pep rally is for one thing; spirit.

On the Junior-Senior trip to Canterbury in September, Junior Skyler Lee walks around the courtyard surrounding Canterbury Cathedral during lunch.

The Junior year is a year of changes; the change from planning for vacation to planning for college. The Junior year means responsibilities; one being giving the Prom.

The eleventh grade class managed to represent itself and the school to the highest caliber. They held Prom at Wybosten in May, as well as the annual Sadie-Hawkins Day dance. Representatives from the Junior class comprised a good portion of the Duke of Edinburgh Award Scheme, and acted as

Ambassadors at the Model United Nations in the Hague. They helped staff the Yearbook class, and publish the school's newsletter; Dragon's Lair. Perhaps most importantly, they were integral parts of the sport's program, including Championship Football and Volleyball teams.

Did we accomplish our goals? We emerged from being Juniors, a year older, better trained and more confident, and adding one more year of high school memories.

Perhaps the greatest memory produced from this marvelous season was recognized as the Homecoming win. Alconbury broke a losing streak that had dated back 13 years. Kicker and cornerback **Lawrence Barry** made the comment, "Now, we are a real high school," after beating Bad Kreuznach, 35-0.

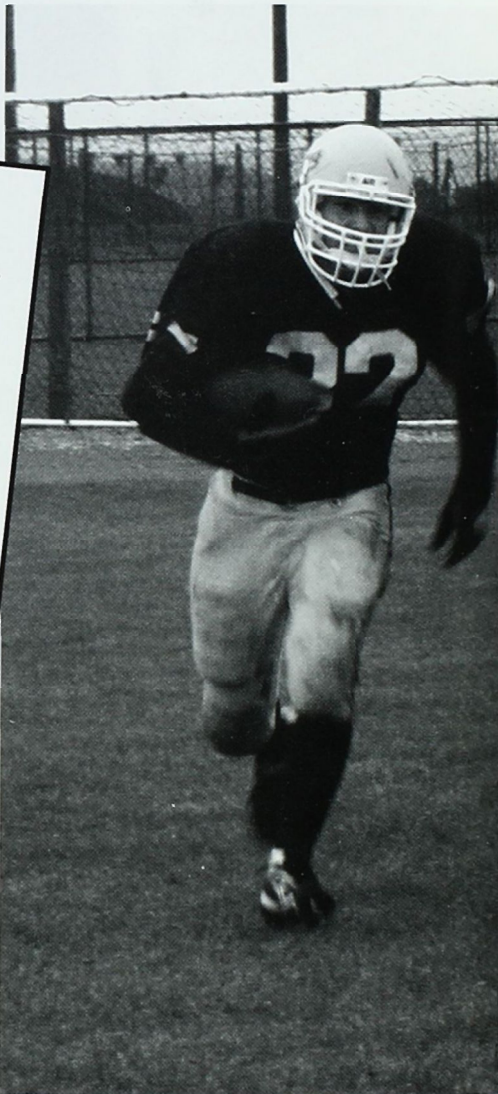

The season started against long time rivals London Central, which resulted in a 40-8 win by Alconbury, and continued against Division II defending Champions, SHAPE. Dragons were beaten 30-0, but the game remained a victory in the team's hearts. Traveling to Brussels, the team pulled off an overtime victory, 27-26. After the Homecoming game, the Dragons mercy ruled London Central 52-12, clenching

a spot in the Division III North playoffs. The regular season ended with an impressive victory in Giessen, 26-21, that brought the playoffs back to Alconbury.

After a regular season that left the Dragons undefeated in their division, they started the trip to the Division Three Championship game. The semi-final game was played at Alconbury. The Dragons held off a late Bamberg drive to advance to the Championship game, winning 14-8. The Division Three Crown was played in Hohenfels, Germany. The Dragons lost in the final two minutes after a fierce battle with a score of 53-50.

## *Block buster Now Showing:* *We are the* **Champions**

The Women's Volleyball Team had a season full of hard work resulting in many achievements. With a record of 11-3, they earned the UK Conference Champions' title. This entitled the team to a trip to Germany for the Dodds Europe Championship. While there, the girls played tough games against Wuerzburg (15-7, 9-15, 8-15), Bamberg (15-3, 15-4), and Kaiserslautern (15-12, 13-15, 9-15).

Alconbury hosted the UK Tournament. The teams participating were Lakenheath Blue Lancers, London Central Bobcats, and Iceland Vikings. In the end, the Dragons battled to defeat their rivals, Lakenheath Red Lancers, with the scores of 15-12, 15-11 to become the UK Tournament

Champions. The best JV in the UK had a record of 5-2.

While the other teams shouted and cheered on the court, the Dragons were calm and patient.

They worked hard every day from 3:30 to 5:00 pm; spiking, serving, and digging balls. Sometimes the base volleyball team would drop by the gym and pound a few spikes at them. **Jenn Mealey** led the Dragons with 110 kills. **Jamie Bertelli** had 67 aces and **Amber Haggins** made the most blocks with 9.

The Champions were coached by **Ms. Nancy Peck**, **Mr. Jim Smith**, and managed by **Mindy Larouche**. These coaches strove to mold the number one team in the UK.

Eighth grader **Adrienne Thompkins** was the top girl's runner for the JV.

Most Valuable runner **Kamuela Bean** leaves the others, as he runs through the woods during the Hinchinbrook Park Homecoming meet.

## *The Race is on for* **Running Man**

Thirty students, all but four from the Middle School, made up the Cross Country team. The sport is an event where you only see the runners twice, the start and the finish.

For the Cross Country runners, **Coach Frank Hardin** said that it was an exciting year. "We had a great group of kids and, all in all, we had a successful season." All the runners had an eventful experience, but there were seven who did really well. They were **Kamuela Bean** for the Varsity, **Brandon Floyd, Alex Gales, Breon Wells, Ben Wolfe, David Talbott** for the boys and **Adrienne Thompkins** for the girls.

**Breon Wells and Kamuela Bean** had an exceptional

year. They each finished in under sixth place out of the 70 runners that competed. The best time of **Breon Wells** for two miles was 11 minutes, 46 seconds. He finished first in every race except one. In Varsity, Sophomore **Kamuela Bean's** best time for three miles was 17 minutes, 52 seconds. The lowest he ever finished was sixth place, so he was considered the number one runner in Dodds UK.

Practices lead to the track on base once a week and out the gate to tour the area most nights.

The Cross Country runners finished with a fun run in Menwith Hill.

During the U. K. Finals at Lakenheath, Alconbury placed in the top five seeds. The guys held the first two positions in the Men's Single's division, with **Shane Andrews** retaining number one from last year and **Bryan Meeder** winning the number two position. **Brian Hardin** and **Chris Talbott** grabbed the number four title in Men's Double's.

The girls did well since they were all beginners. In Girl's Singles, **Chavonne Bishop** placed number four. **Lydia Evans** and **Jessica Arrieta**, Double's team, slammed their way to fifth place.

During The European Championships at Wiesbaden, Germany, **Shane**

**Andrews** took eighth place out of sixty. **Brian Hardin** and **Chris Talbott**, Doubles, were placed as twelfth.

At the Fall Sports Banquet on November 17, **Shane Andrews** was selected Most Valuable and Most Inspirational player. **Bryan Meeder** was voted Most Improved player.

**Mr. Gerald Curran** and **Mr. Edward Gibb** were the excellent coaches. They did an outstanding job of coaching beginners into winners during the 97-98 school year. In the end the coaches were very proud of their charges progress and ability to keep going even when the going got tough for the players.

## The Cheerleaders

The Fall Cheerleaders cheered at all the football games. Even through the freezing weather, they stood firm. They worked together as a team. At all the pep rallies, they performed the best dances and great crowd cheers. They learned many new stunts such as the basket toss, the extension, and many more.

The Basketball Cheerleaders had eight cheerleaders in the beginning of the season. Sponsor **Ms. Pam Gordon**, was always very patient. The demerit system was quite tough; it was 15 demerits for a cheerleader to be off the team. Five demerits for every detention, plus they had to run one mile.

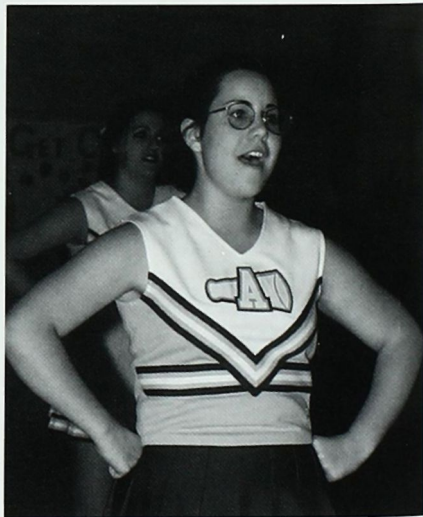

They held bake sales, and raised lots of money.

They cheered at the OSC meeting in mid-November. They were treated to a taco salad dinner. In December, they attended the bon-fire, they cheered and did some dances. They had lots of different music for dances, including the Dip. It seemed to be everyone's favorite song. They learned more the 52 cheers!

Cheerleaders were selected carefully. They were judged on jumps, gymnastics skills, and how well each knew the cheers. Mostly, it was performance skills that got them on the team.

# Putting the moves on Them

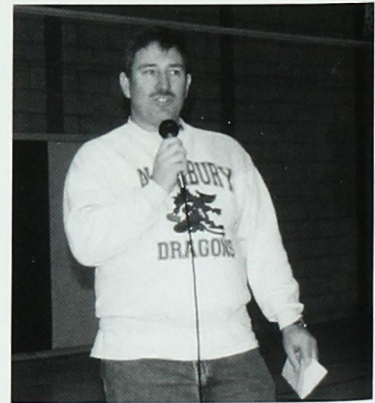

For having new and inexperienced team members, the wrestling season seemed like it might have its flaws. These new wrestlers added a lot of fuel to the fire as they conquered their opponents with amazing intensity. Young wrestlers inspired other wrestlers on the team, such as **James Groff's** energy and aggressiveness and **Mike Hensley's** dramatic victories.

When it came to the U. K. Championships, all varsity wrestlers attained a spot in the top three places of their weight class. Alconbury came away with two golds, three silvers, and the rest bronze

medals.

Juniors **Mike Zimmer** and **Skyler Lee** went to the **Dodds European Championships in Wurzburg, Germany, Feb. 6-7.** Mike Zimmer took fifth in the 112 lb. weight category, which had tough competitors. Skyler Lee won the title of **European Champion** in the 171 lb. weight class. He was able to keep his undefeated season pristine.

**Other outstanding wrestlers included** Mike Hensley, Sean Clawson and Justin Havelick, **who showed determination to beat their U. K. opponents.**

## *Practice to make it look really* **Professional**

The Girls' Basketball Team had talent, height, depth, discipline, and, most importantly, the drive to win. They were led by Captains **Sara Smith** and **Amber Haggins**, first year players **Jamie Bertelli** and **Autumn-Dawn Rosado**, and returning Honorable All-Conference player **Hope Brill**.

Beginning with a blow-out loss to ASL, losses to London Central and Lakenheath Blue were closer. The rematch against ASL seemed to bring the same outcome as the first, but then the Lady Dragons beat London Central by a margin of eight points, getting their first win in two years.

The second win was against Lakenheath Blue in an exciting double overtime. The win was a motivational turning point. Three of the five starters fouled out; however, the team maintained composure and had

confidence in the substitutes who came through when it really counted.

By the end of the season, the Lady Dragons proved that they were not a team to be taken lightly. The third win came during the U. K. Tournament at Lakenheath, Feb. 5-7, when they beat Lages.

The leading scorers for the season were **Jamie Bertelli**, who was voted the Most Valuable Player, and **Hope Brill**. Tops in rebounding were **Shawna Fuqea**, whose skills steadily improved over the season, and **Amber Haggins**, also selected the Most Inspirational team member.

Managers were **Becki Hensley**, **Tunisa Mercer-Bey**, **Tabatha Tyo**, and **Samantha Sullivan**. Coaches **Jennifer Patrick** and **Melonie Jones** worked hard making the team learn the game and follow the rules.

The Dragons Basketball team returned with great eagerness and strength. With returning powerhouse **Ron Ortiz** and **Duane Chapman**, the Dragons managed to finish the season with a 4-6 record.

Senior **Ron Ortiz** was named to the All-Conference and All-Tournament teams in the United Kingdom.

Starting out with a loss to ASL, the Dragons quickly won respect by inflicting the mercy rule against London Central Bobcats.

The undefeated Lakenheath Red Lancers learned a lesson from Alconbury, as they tasted defeat for the first time by the score of 63-58. The Dragons managed to defeat rivals Lakenheath Blue, 66-62 at the end of the season with the help of newcomers **Andrew Thompkins** and **Brett Floyd**. London Central and Lakenheath

experienced defeat with the aid of key ball-handlers, **Brian Hardin** and **DJ Parker** and aggressive forward **Albert Butler**.

During the tournament at Lakenheath, February 5-7, the Dragons lost a heart breaker to ASL 51-54. But, rebounded by defeating Lajes, before being eliminated by Lakenheath Red. Important players included; **Duane Chapman**, averaging 24 points, **Phillip Carey** and **Ron Ortiz** grabbing 12 rebounds a game and averaging 17 points a game, and guards **Shane Andrews** and **Brett Floyd**, who averaged five steals per game. Assisting the team as managers were **Jimmy Jensen**, **Kylene Hayslett**, and **John Shortell**. Coaches for the Dragon Basketball team included **Ken Bell**, **Pete Watterson**, and **Everton Chapman**.

# Academics and Administration

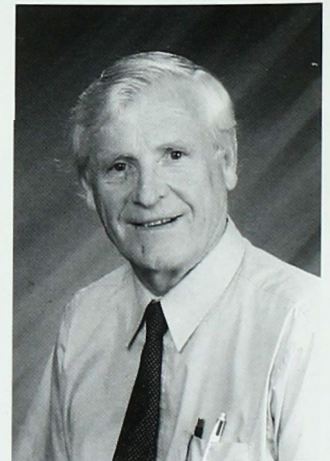

"Excellence in Learning Through Excellence in Teaching" portrays a powerful message to the stakeholders of our school. It is through the exceptional skills and talents of all stakeholders, both individually and collectively, that our school has been able to create an environment of academic excellence.

An environment of academic excellence is present when students accept the challenge to be an experimenter and a discoverer, an innovator and creator, a thinker and a problem solver. Academic excellence is present when students accept the challenge to be self-directed, self-disciplined, self-dependent and aware of his intellectual, moral, and social responsibilities to himself and to society. Academic excellence is present when the students and faculty create a caring and concerned environment for each other and their peers in the classroom, the hallways, and throughout the campus. The commitment has been made to "Excellence in Learning Through Excellence in Teaching" by a dynamic faculty, an outstanding student body, and an involved and supportive community with high expectations for student success.

## Express Yourself

If playing with clay, painting a picture, learning art styles, or doing crafts appeals, join an art class.

The Middle School semester class did a variety of projects, like hand-warmers and watercolor, concentrating on techniques.

Fundamentals of Art explored ideas concentrating on the figure and media. They made people sculptures and drew in charcoal, pastels and

paints. Humanities and Art History learned the styles of art creating projects to coincide with each unit. They did an Egyptian mural, illuminated letters, frescos, and Greek temples as well as painting in modern styles.

Ceramics made pinch, coil and slab pots, along with sculptures. Students could see art work displayed throughout the school.

Keyboarding students learned basic keyboarding techniques before learning to format reports and various types of correspondence. Students also used basic and more advanced features of the word processing program.

Accounting students discovered that assets always had to equal liabilities plus capital. They learned to process and maintain financial records for single ownership companies, partnerships, and corporations.

In Computer Science, the students worked mainly on the Pagemaker and

Power Point programs. They made a project on themselves and presented it to the class. They created a project for another class to show. Using various software programs, they designed posters on topics such as a music group they liked, a warning sign, and an advertisement. They also surfed the Internet and created a Home Page, and a page on a research topic, publishing them on the net. Students were able to find special sites that helped them create their pages.

After studying short stories, the eighth grade read an autobiography of Jane Pitman, and *Johnny Tremaine*.

The Freshmen practiced parliamentary procedure. Writing was emphasized and novels were devoured.

Sophomores read *Antigone*, a Greek tragedy, and *Night*, about a German concentration camp. Tenth grade Honors read a series of novels culminating with science fiction.

American Literature was the emphasis for the

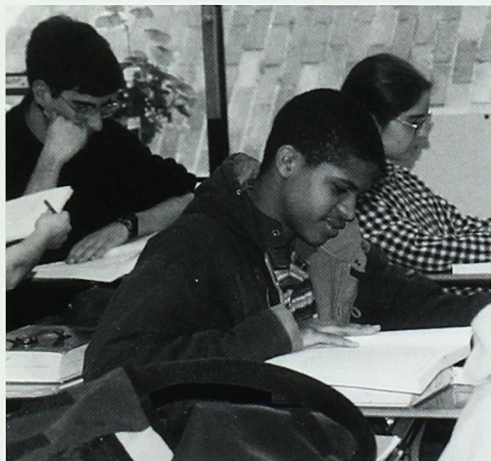

Juniors. They read *The Old Man and the Sea* and *The Scarlet Letter*. The Honors class worked on the school newspaper.

Seniors read *Macbeth* and *Hamlet* by Shakespeare. Students studied *The Canterbury Tales* and the satire of *Gulliver's Travels*.

Spanish classes learned by playing games and doing projects like paper dolls and family trees. Oral practice was necessary every day. Ms. Evans took over Ms. Taggart's classes when she became ill.

French classes worked through vocabulary, conjugation of verbs and doing a French version of *Romeo and Juliet*. French III compiled oral reports of important people in medieval history.

## Take One!

Starting with 7th grade Pre-Algebra through Calculus, math teachers and students were involved with Benchmark 4. 2 of the School Improvement plan. This emphasis fit with the "Excellence in Education" plan because math teachers decided to "focus on any student who scored below 70% on any test or any final grade." Although this did not keep a student from scoring below C-, it did mean every effort was made to prevent it. One effort

to help students was the tutoring that took place from 2-3 afternoons a week. These sessions generally were well attended.

As a challenge to stronger math students, the Middle School participated in the National Math Counts program. Alconbury students also took the National math test (NAEP-National Assessment of Educational Progress) and the standardized CTBS exams.

Construction projects were a satchet bag, gift bag, holiday towel, patch-

work pillows, and butcher apron. Consumer projects included a visit to the commissary where the assistant produce manager guided students in produce selection and a behind the scenes tour, and a visit to the BX to determine equipment costs for an infant.

Relationships were enhanced through team work, sharing, peer coaching, and role playing. Volunteers shared their skills with the students in bread making, knitting and sewing demonstrations.

The library was managed by Mr. Bartimus and Ms. Turner, who were waiting to help.

Mr. Eric Measells was the teacher responsible for the wonderful music performances. The first performance definitely brought out everyone's Christmas spirit. The harmonizing voices of Chorus sang *Have Yourself a Merry Little Christmas*.

The band played at the base's lighting of the Christmas Tree.

What pep rally is complete without music? The band played at every pep rally and got the students and teachers fired up. *Tequila and Go, Fight, Win!* became songs of

pep rally tradition.

It didn't stop there. The band combined with some supportive parents and played in cold weather to encourage the football team.

The Advanced Band and Chorus attended the Lakenheath Band Festival, where they joined up with London Central and Lakenheath to make beautiful music. They played *Happy Times March* and *Bye, bye Birdie*.

Senior Kylene Hayslett was selected to DoDDS-E Honor Choir.

The Spring Finale Concert again featured all bands and the choir students in a culmination of the year's musical achievements.

Sophomores James Groff, Jessica Arrieta and Chris Zimmer give their report on Spain to the World History class.

Science and Social Studies classes employed active learning techniques.

Science 7 learned about solutions by separating them. Science 8 were taught about convection while watching ice cubes melt. Science 9 classes studied the basics of chemistry and physics. In one experiment, the class poured acid on Styrofoam peanuts and watched them catch on fire. They also went on a field trip to a Science Museum. There, they saw shrunken monkey heads, virtual volleyball and basketball, and learned the history of toilets.

In Biology, the students were taught about cells in hyper- and hypotonic solutions. In one lab, they put an egg in acid. Its shell turned soft. Then, they put it in Kayro syrup and it shriveled. Students grew seeds in four pots under different conditions to see what seeds needed to

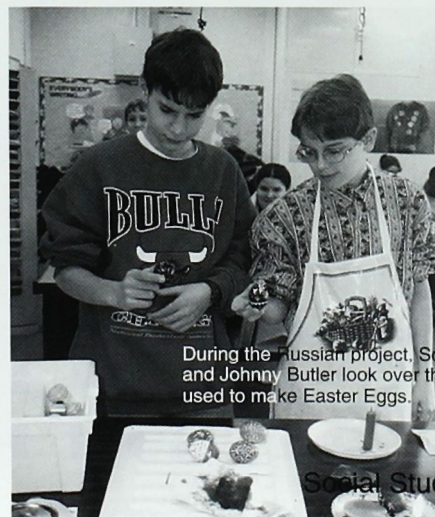

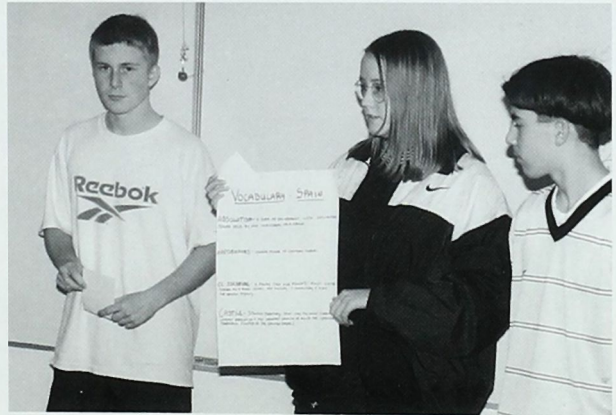

grow.

In Physiology and Anatomy, the students learned about the function and structure of the human body and medical terminology.

The Social Studies classes had an exciting year. In World History, the students learned the history of England, Spain, France, Russia, and the German States. Once the students divided a chapter teaching each other the material, and gave quizzes that they made themselves.

American History tied in their work with American English. World Geography made maps and studied cultures. MUN went to London Central for a practice convention. At the end of January, students went to the Hague, where they interacted with a thousand foreign students, modeling the UN.

# Jobs for All

In Automotive technology, students studied the principles of the internal combustion engines. Following demonstrations, they changed oil and radiator fluids, worked on brake, exhaust, and carburation systems, using hand tools. After making calculations with micrometers, they determined engine timing and combustion.

Drafting began with sketching views of mechanical objects. Then, students tried perspective and sectional drawings of machine parts.

During Architectural drafting, students made floor plans and construct models of their individual house plans.

structured a land speed record assault vehicle, "Racing car," using computer assisted drafting techniques.

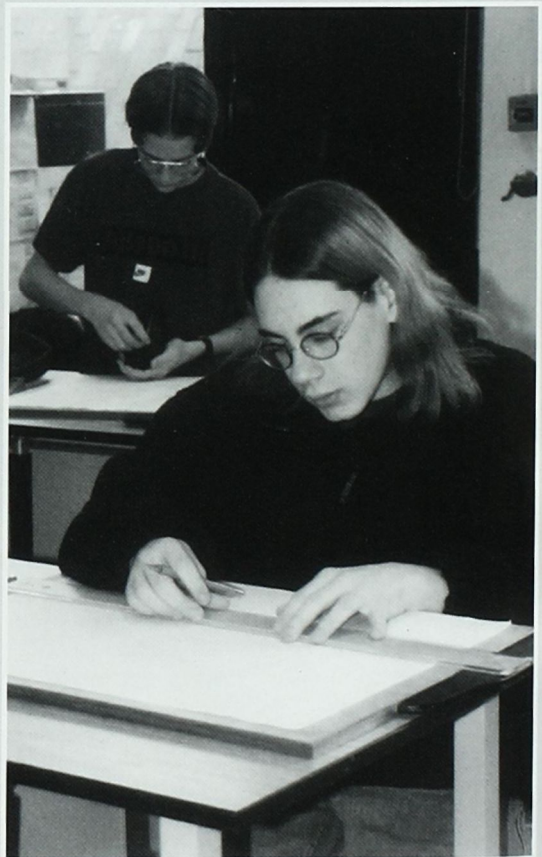

Driver's Ed. taught the basic principles of safe driving on the highway transportation system. Students were made aware of the driving decision making process and the responsibilities of a driver. Operational costs, insurance requirements, along with safe efficient driving were emphasized. Practical application in changing tires, and working under the hood was fun. Students also learned how to buy cars. They inspected cars and "bought" to a budget.

*Besides Administrators and Teachers, there are many people who support the school by taking care of files, supplies and endless paperwork. Students were aware of their work rarely, but without their help education would not happen. Busing the students to school and to activities takes hours. Transferring into and out of school involves volumes of paper and communications. Even the substitutes have to be arranged for and accommodated. And, the teachers do appreciate getting paid.*

During the school year, the National Honor Society did service projects such as presenting Halloween safety skits for elementary students and acting as DARE role models for the fifth grade drug awareness program.

The National Honor Society is composed of those students recognized as having accomplishments in the areas of leadership, character, service, and academics with the minimum cumulative grade point average of three point five. A minimum amount of twenty service hours must be completed throughout the year in order for members to uphold the NHS motto of serving one another and the community. The National Honor Society is a way for individual members to share their abilities and skills with their peers, their school, and their community. Ms. Joan White is the sponsor.

The induction ceremony for the new members was held during an all school assembly on March 3, in the small gym. Eleven high school and fifteen middle school students were inducted. The keynote address was given by Ms. Sylvia Allen. The candles were lit and pledges taken under the direction of President Jacquie Estrada.

The Student Council felt their primary concern was to rid the school of negativism, promoting positive aspects of "life at Alconbury." They did their best by being the student's voice in school decisions and organizing lots of activities for the students.

New Student orientation kicked off the year followed by an ice cream social. The announcements were spiced up as students groaned over one of Patrick Murphy's jokes of the day and tried to guess the music quiz.

Being responsible for Homecoming week activities and the dance, meant pulling together. When students hit overload, even moms and dads helped decorate for the dance. The pep assembly was lots of fun and began with an all-school lunch compliments of the Student Council. Who will ever forget Paul Allen's incredible performance in the "Chubby Bunny" activity?

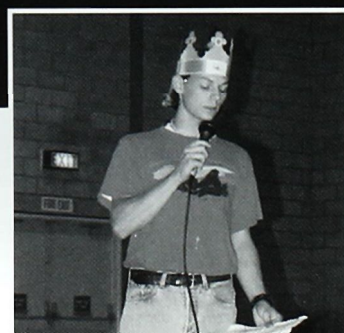

Will Christmas legends ever be the same? They also sponsored the Christmas assembly with skits from each class, along with competitions.

Other activities included a chess tournament held in February, and routings to theme parks and popular attractions such as Segaworld.

Student Council worked to ensure the improvement of their school.

Ms. Peck was the Student Council sponsor. Shane Andrews was overheard to say, "Without Ms. Peck, the harmonious five would be incapable of success."

The Duke of Edinburgh Award can be achieved at the Bronze, Silver, or Gold level. Qualifications in the areas of physical recreation, skills, service, and expedition are needed to attain the award. A residential project is required for the Gold Award.

The participants learned compass skills, map orienteering, and some realized the difficulty of putting up a tent in the dark.

The group traveled to Shropshire for a practice hike, as well as the Brecon Beacons in Cantriff, Wales. The participants peaked the highest mountain in the Brecon Beacons, called the Pen Y Fan. This was a parent-student hike where the young people had to encourage their parents up the mountain.

DOE participants from Swaziland informed us of the way of life and way of hiking in the South African country.

Den Haag, Netherlands was bombarded with teen-agers in suits walking purposefully and talking animatedly about world affairs. This event was the thirtieth anniversary of THIMUN. For this five day trip at the end of January, Mr. Ralph Blake and Ms. Maureen McQuitty accompanied Alconbury's seventeen delegates.

Students from across the world came to debate problems facing our world today. MUN acts as a sounding board for students to vent their countries frustrations and invent or provide ways to implement strategies to eradicate major problems.

Delegates were responsible for knowing their committee or commission's area of specialty based policy. Our delegates were required to write resolutions and position papers according to Cuba's policy.

The Ambassador of Cuba, Jacquelyn Estrada, gave a one minute speech in the General Assembly opening ceremonies. Josh Evans was responsible for seeing a resolution passed dropping the economic embargo imposed by the USA. This was passed on Friday after lobbying by the delegation all week. The closing ceremonies contained the 185 nation flag parade with a brass band playing songs of unity.

Those who attended Cotillion found a large buffet in a room adjoining to the dance floor. The night was filled with dancing, romancing, and great bundles of balloons.

Among the chaperons Ms. Johnson, Ms. Peck, Mr. Toth, Ms. Pike and other parents and siblings of the Senior class enjoyed observing the students as they danced into the night. Ben, the Disc Jockey for the night, announced students who would be leaving the Alconbury family.

The "State" competition was available to those who prove successful at the local contest. This was held Feb. 23, at the Village and won by the Alconbury team over twenty-three students from three teams. Lakenheath and Croughton were the other UK teams.

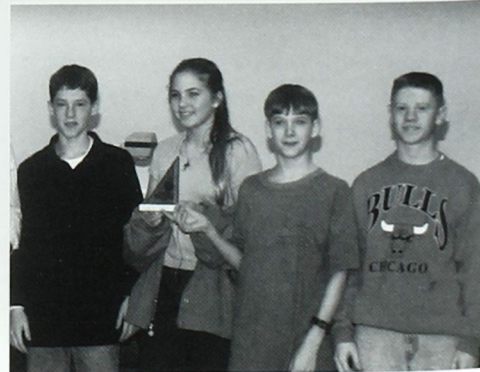

Following their win, Captain Ben Wolfe and Justin Murphy returned to Wiesbaden for the second year from Alconbury, along with David Talbott and Victoria Stiegel.

A Multi-Cultural pot-luck was held in February for *Black History Month*. For Womens month they also had luncheon with a speaker.

The organization attended the Key Theater. In Peterborough, they watched *Huckleberry Finn*, *Me and My Girl*, and *Macbeth*.

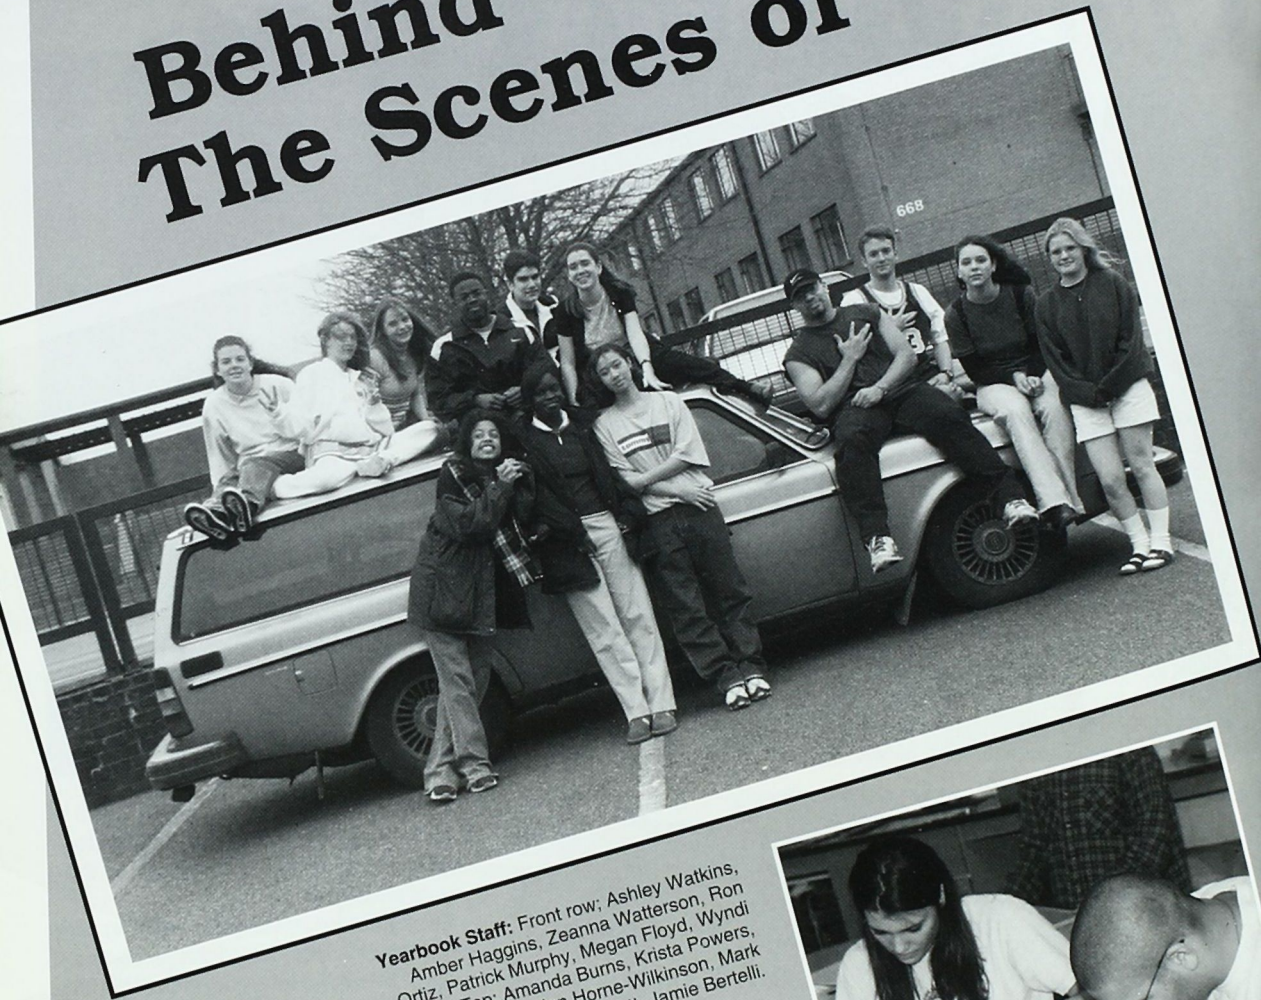

The group was involved in many fund raisers. They worked at a few basketball games, sold popcorn regularly during breaks, and held lunches for students on Wednesdays. This money enable them to go on excursions, and help support Mindy LaRouche's visit to an orphanage.

Concentrating on meeting the deadline, Jamie Bertelli works on her Academics division page.

At the beginning of class, Mark Blatt excitedly prepares to create the Cross Country double page spread.

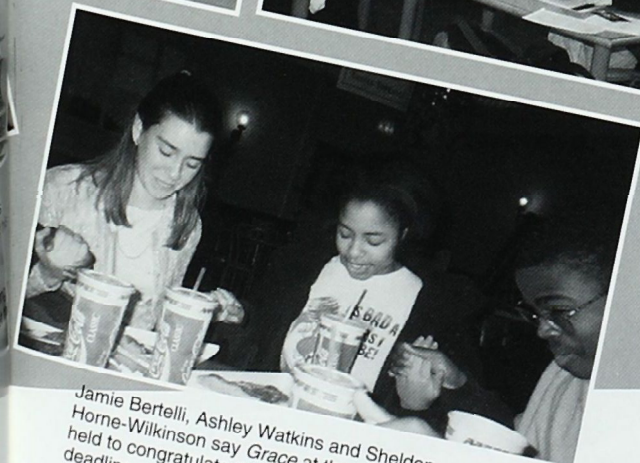

Jas Colon transfers her division page on to a triplicate as Wyndi Parker crops her pictures for the Homecoming spread, so they will fit on the page.

When you walk past the yearbook class, it may seem like chaos; however, it is really a lot of hard work and organization with everyone doing different things at different times. The group has to work together and strive to finish layouts, do triplicates, and most importantly, meet the deadlines. Pictures and computer program and rules for each section made them rely on each other's help. Raising money was a challenge. With a budget of \$9,000, each staff member knew their work counted as they sold books and advertisements.

Overall, the class is a lot of fun, and in the end, all of the hard work pays. They celebrated. Congratulations to the staff for making it through the stressful year and completing an exceptional yearbook.

Pajama Day of Homecoming week shows in the spirit of Tiffany Sheakley, Victoria Stiegel, Tony Imgrund, Sarah Dochow, Esther Butler, Ben Clarke, Nicole Mims, Christina Averhart, Jackie Menger and Sean Clawson.

The Middle School Student Council met Tuesdays at lunch under the guidance of Ms. Jones and Mr. Nail, did a lot of good work and had fun doing it.

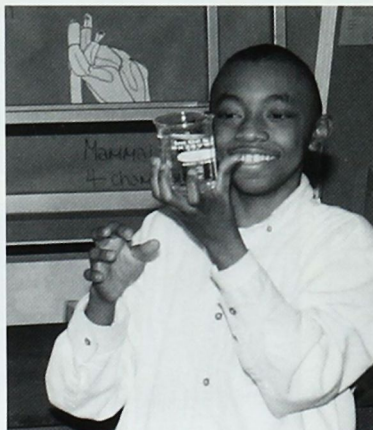

They collected soda cans, giving the money to a charity called *Guide Dogs for the Blind*. They wrote letters to service men in Bosnia and sent cards. In order to fund raise, they held a number of bake sales raising over \$50. per time.

On the 27th of February, they sponsored a Middle School dance. *Starry Night* was the theme. It was held at the Recreation Center with a DJ and refreshments.

In May, several members traveled to Germany to attend a leadership skills conference.

Although they sometimes struggled to keep people happy and satisfied, they tried to consider many ideas and concerns. The members of the group enjoyed the experience of being on the council.

Even though the Eighth grade shared the same school with the high school, now they will be moving to the upstairs hallway and begin that final count down to the year 2002. The Eighth Grade Student Council took on mature responsibilities organizing a charity fund raiser. The students collected soda cans to raise money for *Guide Dogs for the Blind*.

On March 30th, some of

the class traveled to Edale, where they experienced nature first hand. They went rock climbing, canoeing, and caving.

Though only a class of 38, the Eighth grade was definitely a class of high spirit and pride. Many participated in Cross Country, Wrestling and band. The class of 2002 gave the school something to be proud of!

Seventh grade was hard enough, being the "new kids," let alone having to adjust to the hectic schedules, demanding teachers, and realization that there was no more recess. The fact of the matter was that coming to high school was just one of the minor ones.

The students had opportunities to mix with the high school by joining activities like

Cross-Country, Wrestling, Track, and Band. With these opportunities, many of seventh graders were able to excel.

The seventh grade class participated in activities, including a potluck held for guest speaker Mr. Estrada during Hispanic Heritage month. They attended the Jason Science Project.

### Millions around the world mourned

the tragic death of Princess Diana, who was killed Aug. 31 in Paris during a high-speed car crash. Diana, 36, and her companion, Dodi Fayed, were reportedly being chased by photographers who were following them from the Hotel Ritz. Fayed, along with chauffeur Henri Paul, also died when the Mercedes crashed in a tunnel along the Seine River. The news sent shock waves around the world and sparked an international debate about the paparazzi's role in the tragedy. An autopsy later revealed Paul was driving legally drunk.

Who's laughing now?!

YOU BETTER TOUCH THAT BALL ON THE NEXT ONE! ARGHHH! NOT WITH YOUR FACE!

DON'T TAKE THEM LIGHTLY!

Surely you didn't think that you could send a ball into our **FREE LUNCH LAND** and get away with it..... Some teams insist on learning lessons "the hard way." Mmmmm.....

"Excuse me, but can I get my gum out of your purse?"

**Focus!**

Watching "Rudy" TOGETHER.....

Cover! "Mindy, HELP!"

Peck's nerves are shot..... Fighting over sleeping bags.....
