

**What Goes Around
Comes Around**

ALCONBURY HIGH SCHOOL

RAF Alconbury, Huntingdon
Cambridgeshire, England

VOLUME XVIII

1999

The Student Council began with one main focus: To better student life. The council was made up of elected members from each class who voted on ideas for implementation. The first item was to reverse the Homework detention policy. Students can now do homework in detention.

The most stressful burden the Student Council organized was Homecoming. The most difficult part seemed to be finding workers for events who were not in sports' events. However, they pulled it off with a rushed Spirit Week, a superb Pep Rally and a wonderful Dance.

At the beginning of November, they set its jets to full speed as they

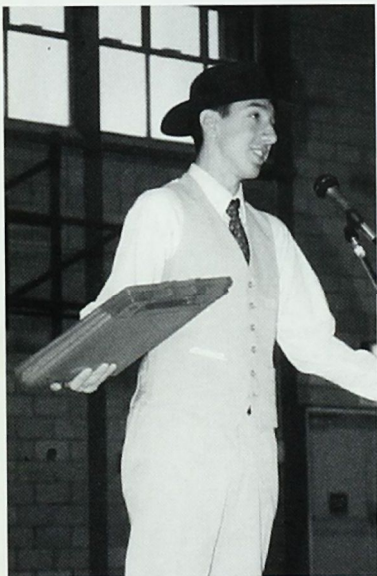

prepared for the Winter Assembly. As sponsor Ms. Nancy Peck would be away, Ms. Martha Duncan helped with the work. After the Christmas Parade, students assembled in the gym for class competitions, the introduction of the winter sports' teams, and Christmas music.

The issue of block scheduling was pushed to the committee stage of discussion and became a big issue for the rest of the year.

Returning from Vacation, the group planned a winter dance and a Talent Show. Most of their efforts went into the Drag-on Fest, held at the end of the year.

Third row; Jennifer Ellington, Thomas Westmoreland, Sarah Bertino, Chassidy Macon, Craig McAllister.

Juniors Jessica Arrieta, James Groff and Bryan Meeeder sell food at the Basketball game to earn money for their class.

Alconbury High School experienced another year of "What Comes Around Goes Around."

We function in a never ending cycle. Every year and especially this year between the end of '98 and the beginning of '99, our school's population goes up and down. New kids from around the globe come, just as the old students go ... old memories never forgotten.

There are many things that happen in school and in everyone's daily lives that relate to our theme.

We work in a rotating schedule. The same few teachers keep the classes revolving to the daily routine of buses, classes, friends, lunch, activities, and busses again.

In the small school sphere, whatever news or gossip comes around, goes around too. This

accounts for the rotation of friends, boy friends, and girl friends.

Friends may not always be close, but with only a few people in the orb, people usually end up becoming friends after a falling out period. Alconbury love life seems to spin as well. The love lives of individuals can be a succession of partners and placed in a web connecting each of us in a continuous circle.

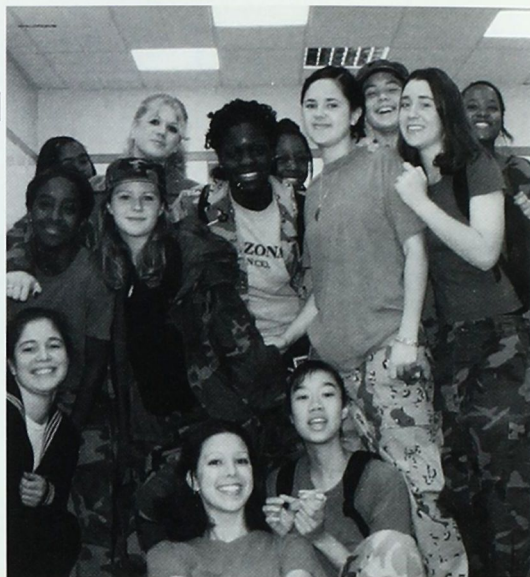

1999 marks the turning point in the twentieth century. Past years will be embraced by all of us. As the 90's end, it is our job to make this year the best yet; to remember when we act, "What comes around, usually, goes around.

by Jayme Bertelli

Sophomore Chandriel Carter finishes a project for English on the book *Night*.

Soldier Day; Front; Sara Smith, Autumn-Dawn Rosado, Zecanna Watterson. Second row; Dadrhya Dessasure, Sarah Davison, Amber Haggins, Lisa Gutowski, Jayme Bertelli. Back row; Valerie Medcaugh, Victoria Stiegel, Tequila Bowen.

Making the Rounds ...

The whole student body was going nuts over the "Spirit Week." Every morning, after the Monday holiday, they would come to school dressed in that day's fashion, either saluting the Tuesday soldiers or greeting the Wednesday hicks with a "howdy ya'll." Thursday, students walked into their classes backwards, hearing and seeing things the backward's way.

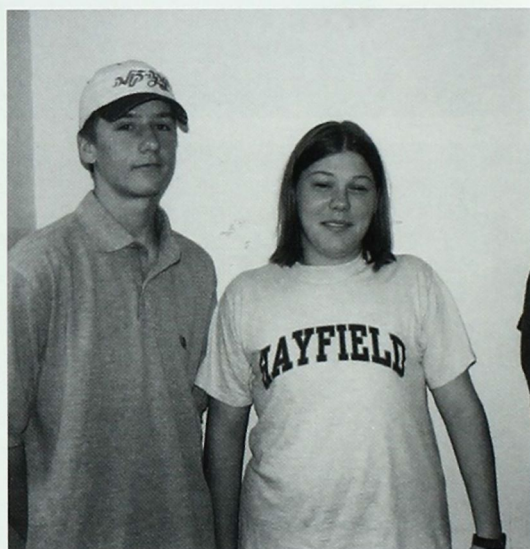

On Friday, students pranced around the halls dressed in their class theme outfits. The Middle School hallways were covered in pillows, teddy bears, stuffed animals and the Middle Schoolers in their PJs and knotted hair. The Freshman came with a complete "Blast from the Past." Dressed in their athletic finest, the Sophomores displayed their spirit in "Sports Day," looking toward the Future, the Juniors showed everyone what they want to be in "Future Career Day."

Last, but not least, the

Seniors told what they thought to be the most important years of all, "The 80's."

Although Spirit Week was only once a year, it will be remembered as the most fun week. Everyone was happy and excited for the coming sport's events and the dance Saturday; they revealed it on their faces.

During the course of Spirit Week, many people did things that they would have never done the other days of the year. For example, the 7th and 8th grade halls were just bursting with laughter and singing. In the Freshmen hall, the girls were linking arms and skipping under floating record discs, while the boys did a macho walk. The Sophomore hall was full of soccer, football, and sport things, and people were talking in the sport jargon. The Junior and Senior hall was all chatter and laughing. It didn't matter if they looked goofy or sounded goofy, they were having fun.

Sophomores James Meyer and Damara Price show their class spirit by dressing in the usual "Soccer Fashion" on Friday.

... On Spirit Week!

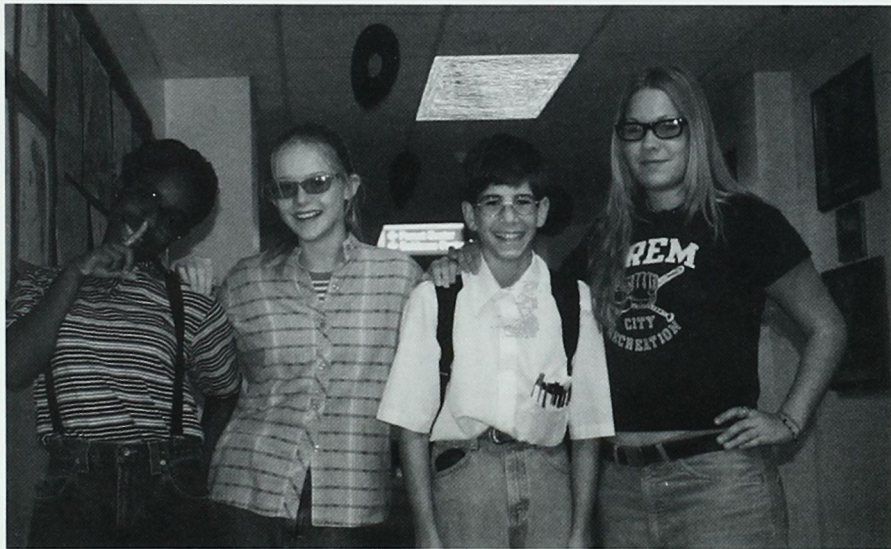

■ Eighth graders Chassidy Macon and Sarah Naughton prepare to sleep their Friday classes away.

Juniors Josh Tucker and Patrick Nesheim clear the hall for the future US President, Albert Butler.

Dadryia Dessasure, Krista Powers, Jason Osley and Laura Wake show that they are Nerds on Tuesday.

■ Senior Shavonne Hummel, dressed for the '80's, sings "Tennis Supa-star" during the Tennis team's skit.

■ Freshmen Gemma Breedlove, Danielle Kress, Sara Dochowand Kristen Hudson flock around their "T" Bird Andrew Concilio on class day.

Good Times Roll!

The Spirit Week Pep Rally was great fun and always interesting. The first day, the middle school took first place for Dress up. Then, on the second day, and the third, and, you'll never guess who took first place on Friday ... the Middle School! The Middle School, also, won the "Unleash the Dragon" contest on Friday, where they paid a certain amount to uncover the Dragon in the big gym. They out spent the Seniors by a whopping \$72. Needless to say, the Middle School came in first place, winning the mighty Spirit Stick, with the Seniors taking a close second.

The different contests were, lip-singing, pie-eating, pudding-feeding, shave-the-balloon, and, how could we forget, the awesome CHUBBY BUNNY? There were the skits from each class and each sports team performed a skit. The football skit with Skyler Lee, Lawrence Barry, Richard Reather, Darius Clark, and Michael Zimmer dressed as cheerleaders was brilliant! They pumped up the crowd with their "graceful" rendition of a cheer spelling Alconbury!

The Pep Rally was organized by the Student Council; MC President Greg Sansone.

by Sharvonne Hummel

That's a good pie, kin da' bubble gum chewy though, thinks Lawrence Barry, Winner Phillip Carey, Alex Foster, Jason Devokatis, and Nikkia Ware.

Stephanie Reynolds, Winner Sheldon Home, Stephanie Toth, Laura Wakes and Phillip Gray shave those slippery balloons!

Richard Reather struts his Michael Jackson Vanilla Ice look as he lip-sings "Ice, Ice Baby" for the Seniors.

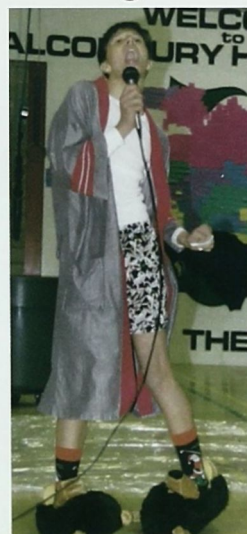

Michael Zimmer painstakingly passes his life saver to Shannon Wiese as Christianne Mohr looks on in wonder.

Eighth grader Santi Castilleja lip-sings "Barbie Girl" by Aqua for an audience going wild, as he won this contest.

Junior Albert Butler can't believe he's been beat by his younger sister, Freshman Esther Butler in the chubby bunny contest.

Sarah Naughton devours a pudding cup from a blind-folded Jessica Bennett which makes a mess of these Eighth graders.

Freshman Victoria Stiegel shows off the awesome bonfire . . . sadly, because of strong winds, this fire never got lit.

October 17, 1998 was one special day for the Dragons. The Volleyball team faced a long-time rival, the London Central Bobcats. Fortunately, the Bobcats couldn't give much of a fight as the Dragon ladies swept them in two straight matches, 15-3 in each game.

The football team faced the Giessen Griffins for their Homecoming game. The Dragons fought a tough battle but came out the victor, 28-21, to claim

the Division III North Championship.

The Tennis team was at the European Championships. Chris Talbott took seventh place. His brother, David Talbott and long time friend Bryan Meeder finished eleventh in doubles.

The Cross Country team had a big day at Hinchbrook Park. Kamuela Bean finished second place and continued on the European Championship in Germany.

by Lawrence Barry

Autumn-Dawn Rosado spikes one to ensure the win over the Bobcats.

Lawrence Barry sets up a block as Skyler Lee blows through the line during their Homecoming victory.

Lady Dragons celebrate their victory over the Bobcats.

Sophomore Stephanie Roth displays team work as she bumps the ball toward Sara Smith during their Homecoming game.

Homecoming Games

Junior Sheldon Home runs the ball for an impressive fifteen yard gain during the Homecoming victory.

Lydia Evans, Jessica Arrieta, Nina Cartier, and their coach, Mary Farris, go over some plays before practice.

Junior Bryan Meeder, Men's Singles and Doubles leader, shows his skills during his Lakenheath match at Alconbury.

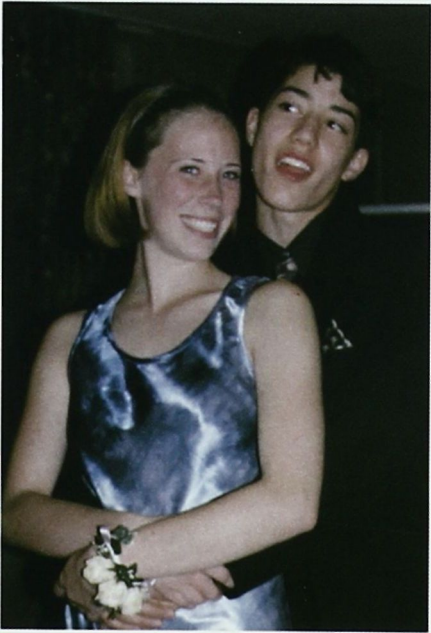

The Cross Country team getting under way at Hinchbrook Park, with Breon Wells in the lead.

Esther Butler and Albert Butler have set aside their problems (remember chubby bunny?) to lead the group in a round of "Macarena!"

Daniel Nadel, Esther Butler and Valerie Medcraugh relax after a strenuous dance session.

Shannon Wiese and Michael Zimmer take a moment to have a quick snuggle.

Skyler Lee gently places a corsage onto Sara Smith's wrist before heading to the dance.

Kathy Fifield "flirts" with Mr. Marian Januszkiewicz.

Dance "Everything!"

Homecoming Court; Prince Sheldon Horne, Princess Lisa Gutowski, King Zachary Pullins, Queen Zeanna Watterson, Duchess Sarah Davison, Duke Alex Foster, Lady Kristin Hudson, Lord Andrew Concilio.

Senior Dadryia Dessasure rests her feet from dancing for a moment.

On October 17, 1998, after the exciting football game with Geissen, which we WON, the high school students went home to prepare for the Homecoming Dance.

The dance was held at the R.A.F. Brampton Officers Club, which was not very pleasant. It didn't look like a place that anyone would have a dance! After a very, quick miracle of decoration and cover up, performed by Ms. Nancy Peck and a few other members of the Student Council, the place shaped up nicely.

People began arriving around eight o'clock, and the music, provided by the awesome DJ Ben Lockheart, began at about 8:15. After an hour and half of dancing among laser lights, smoke, and some great music, the Student Council was ready to announce the Homecoming Royalty.

Zachary Pullins and

Zeanna Watterson were crowned King and Queen of the night. They graced the floor with their wonderful dancing to the night's theme, "Everything" by Mary J. Blige. Eventually, every one joined the dancing, sharing in the royalty's moment. They didn't mind though, because it was not only their moment, but everyone's.

The rest of the night, the couples danced closely. They also ate chips and other snacks provided by the Student Council, and if they got parched, they could buy a non-alcoholic drink from the bar. They also posed for pictures, gossiped, laughed, and enjoyed their time together.

The place may have seemed just a little bit weird to have a dance at first ... but then again, with the knowledge that we were all champions and celebrating, everyone had a great night!

Good Times Rolling Up!

"My fondest memory of my senior year was my second week of school. I came into the hall way where my locker is located, and to my amazement, there above my head, were a whole bunch of green graduation caps! I thought it was awesome, because they all had different senior's names on them. It really touched me! I also liked the symbolism of my high school education." - Shavonne Hummel

"My favorite dance would have to be Prom, last year. I was able to go to two Proms, one here and the other at Lakenheath. I like Prom because it's the biggest dance of the year, and I can dress up to my very finest. Unlike Homecoming and the Winter Formal. Prom tells me it's the end of the year is pretty much over!" - Jenny Fifield

"Being a seniOr is rewarding within itself. YOu realize all yOur wOrk fOr the last 13 years has paid Off. YOu always feel superior and it's cOmmOn to catch seniOritis. Despite the pressures Of the upcOming cOLlege years it is cOmforting tO knOw tHe days Of independence are sO near; yet sO far away. Being a seniOr marks a periOd that yOu are gOing to be flying On yOur Own sOOn!" - Nathan & Autumn-Dawn

"My friends are an important asset because they are there to pick me up when I'm down, help me out when I'm in need of it and block for me to get the first down. Friends make you laugh and are the primary reason why good times are so good. To be honest, without my friends, I'd be second string in sports, failing all my classes, and have no self confidence or esteem." - Skyler Lee

Brian Hardin and Chris Zimmer rush to block as Phillip Carey grabs the hand off during the London Central 44-22 massacre.

All European volleyball player Jayme Bertelli eyes her hit to watch it go over the net at Homecoming.

Senior Izzy Clark sets a free shot in the basketball game against London Central.

We take our sports seriously, which is why most other schools hate to play us. Can you blame us? Dragon sports have come alive the past few years and our programs continue to be successful throughout the year. The Dragon Football team has enjoyed a winning reputation with an overall

record of 17-5 over three years, and an 8-0 record this year. By winning the Division III crown, it earned the respect of schools across Europe.

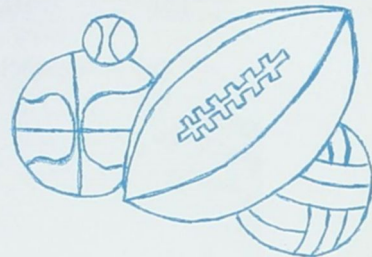

The Volleyball team played outstanding in the Division III tournament and lost a nail biter to Ankara, taking second out of sixteen

teams.

The tennis team gave it their all and represented Alconbury well, as did the Cross Country team winning several meets and sending one man to Europe.

Sports have taken a new name and Dragon pride has carried us through many winning seasons.

by Richard Reather

Richard Reather - Defensive End

The Dragons motto was "First we'll be best, then we'll be first!" "We are the champions!" was the song played after the Dragons defeated the Tigers for the Division III crown.

The offensive line was outsize most of the season, but was never out played. Senior Running back Skyler Lee scored 21 touchdowns and ended up with 1,786 yards for the season.

Senior Quarterback Richard Reather grabbed the MVP award for the title game, and ended up scoring 7 touchdowns, and passing for 3 for the season. Aceback Lawrence Barry said after the championship game "We were the best team that Alconbury ever fielded!"

The Dragons scored about twice as much as their opponents. The first game was at Baumholder, and Alconbury disposed of them 38-12. The

next week the Dragons toasted the Bobcats 44-22. They showed heart the next week by beating Brussels 30-28. A trip to Bad Krueznach resulted in a near mercy ruling of the Bearcats, that score was 53-14. Lawrence Barry ran his first touchdown of his career. After a week off, the Dragons slipped past the Giessen Griffins 12-6 on Homecoming Day. The Dragons came from behind in the mud-bowl at London Central to claim victory 26-16 and an undefeated regular season record of 6-0.

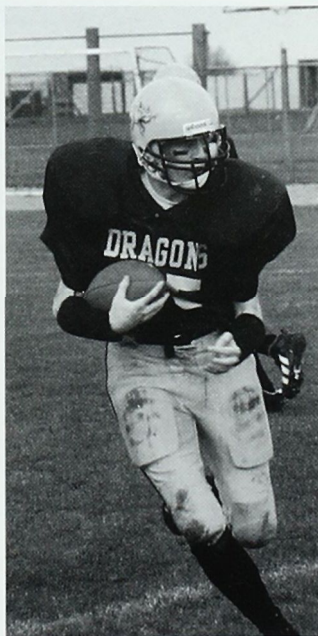

The Dragons held on to the lead in the second half to overcome a tough Bamberg team for a second year in a row. The final score was 28-18.

Revenge was in the minds of the Dragon players as a rematch with Hohenfels ended in a 28-21 Dragon victory.

by Richard Reather

Football Coach Eric Mead with Assistant Coach Phil Adams staying cool during the Dragon's Homecoming game.

Aceback Lawrence Barry runs the ball for a first down during the Homecoming game which the Dragons won 12-6.

Dragons Homecoming game against Giessen.

Sophomore Stephanie Toth getting the ball, with Senior Zeanna Watterson by her side at the Brussels game on Oct. 3.

Senior Sara Smith, the Varsity's main setter, sets the ball at the Championships against Ankara on Oct. 31, in the Alconbury gym.

going

Volleyball Team: First row; Danielle Kress, Kristen Hudson, Krista Powers, Kayla Hudson, Becki Hensley. Second row; Esther Butler, Lydia Kanuga, Nichole Home, Zeanna Watterson, Amber Haggins, Lisa Gutowski. Back row; Valerie Medaugh, Jamie Bertelli, Sarah Davidson, Stephanie Toth, Coach Nancy Peck, Autumn-Dawn Rosado, Sara Smith, Gemma Breedlove, Monica Carson.

Coach Ms. Nancy Peck is giving a last few words before winning the semi-final game at the Base gym.

The 1998 season was yet another success story for the Lady Dragons. With a multitude of returning players, the Ladies only built upon last year's success and dazzled the crowds with their "killer instinct" as they mowed down one opponent after another.

They sailed through conference play undefeated, winning the Division III North Conference Championship. Jayme Bertelli, Zeanna Watterson, and Amber Haggins were named to the All-Conference team.

Next, the Ladies turned their attention to the European Championship Tournament with hopes of making a name for themselves. The Dragons sailed through the Pool Play, defeating seven other teams, as they emerged as the only team undefeated entering the final day of competition. After defeating Brussels in the quarter-finals, the Ladies, then, defeated Marymount in the Semi-finals earning a trip to the Championship match.

Ankara	15- 6 10-15 13-15 10-15

The Dragons faced Ankara in the final match and put up a good fight before earning second place in Europe. Jamie Bertelli, Autumn-Dawn Rosado, and Sara Smith were named to the All-Tournament team. Weeks later, both Bertelli and Rosado were named to the DODDS All-Europe Volleyball team. Jamie Bertelli and Zeanna Watterson combined for the toughest back court defense in all of Division III.

Amber Haggins and Sara Smith split time as the team's setter and combined for over 300 "kill assists" as they sent the ball into the air to be spiked by their teammates. An exciting addition to the 1998 repertoire of tricks was the "double block," which enabled the Dragons to "stuff" many hit attempts by opposing teams.

The JV squad was also undefeated. Perhaps they will make the 1999 season as memorable as this one.

Jamie Bertelli and Stephanie Toth are preparing to hit the ball during the semi-final game.

All Conference performance from Amber Haggins As she bumps the ball for Jamie Bertelli to hit over the net in the Championship.

Let Those Tennis Balls Roll!

The Tennis Team did an excellent job, playing tough matches against Lakenheath, International School of Brussels, London Central, and Men with Hill. When they weren't practicing, they were playing hard; slowly and surely smashing their opponent's confidence.

The boys' team had an exceptionally good season, winning almost all their matches. Their best meet was against Menwith Hill, winning 8 to 1 match points. The winning matches were by Chris Talbott Men's Singles 6-1, 6-0; Bryan Meeder Men's Singles 8-0; David Talbott and Aaron Ledford Men's Doubles 6-0, 6-0; Chris Talbott and Bryan Meeder Men's Doubles 8-0. The three boys that went to Weisbaden for the Championships were Chris Talbott, Bryan Meeder, David Talbott, with Chris bringing home a 9th place victory in all of Europe.

The girls also had the amount of new players. When the championships at Weisbaden approached, things got a little complicated because player Jessica Arrieta hurt her wrist. The three girls that

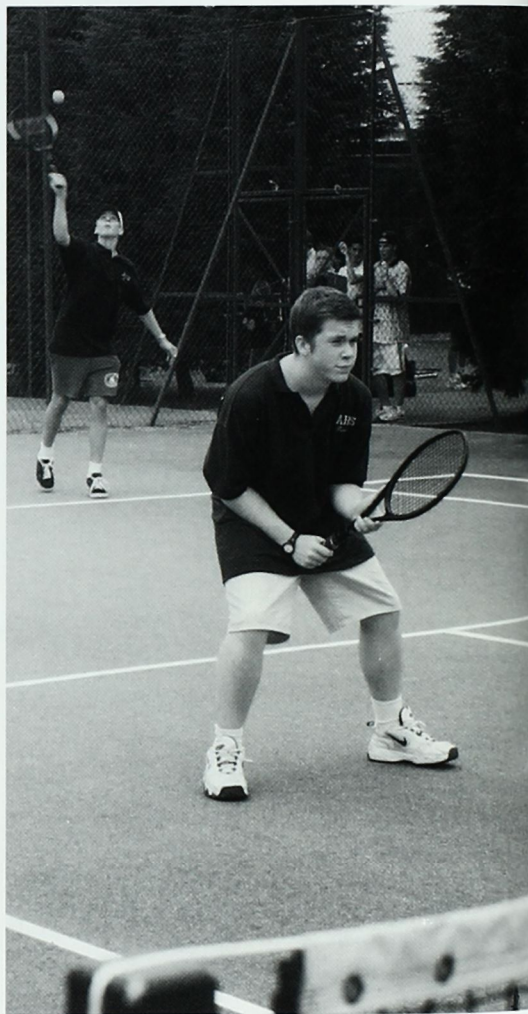

ended up going were Nina Cartier, Lydia Evans, and Barbara Parks, with Shavonne Hummel as the standby.

The best meet that the girls' team had was against the Menwith Hill team, winning 9 matches to zero! The winning girls were ... all of them! The scores were: Nina Cartier Woman's Singles 6-2, 6-0; Lydia Evans Woman's Singles 8-0; Amanda Burns Woman's Singles 8-1; Shavonne Hummel and Barbara Parks Woman's Doubles 6-3, 6-4.

The Coach, Ms. Mary Farris, encouraged and helped the Tennis Team, along with Mr. Farris' help for the boys' team ... and we wouldn't even have had a team if it wasn't for all the help and support from Mr. Eddie Gibb!

All in all, even with the seemingly relentless rain and wind, the Tennis team came out better than they started.

by Shavonne Hummel

James Meyer serves the ball as Aaron Ledford prepares to smash the returning ball back in Lakenheath's faces.

Ashley Stackhouse enjoys Coach Eddie Gibb humor as they wait with Amanda Burns for their Homecoming matches to begin. Tennis

Tennis Team: Front Row: Barbara Parks, Jacqueline Safreed, Lydia Evans, Jessica Arrieta, and Dadryia Dessasure. Second row: Coach Mary Farris, Aaron Ledford, Bryan Meeder,

James Meyer, Damara Price, Shavonne Hummel. Back row: David Talbott, Chris Talbott, Daniel Nadel, Nina Cartier.

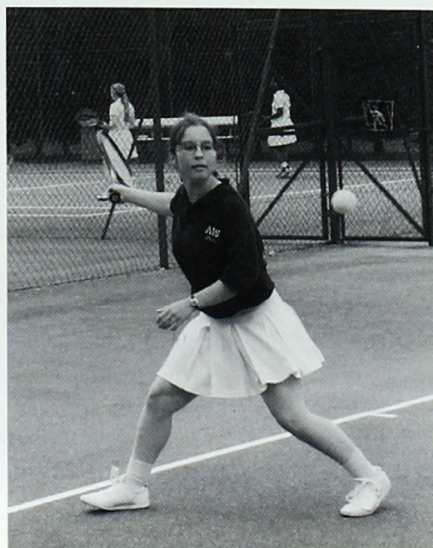

David Talbott and his mom watch as Coach Mary Farris discusses a discrepancy with the I.S.B. Coach.

Jessica Arrieta follows through as she and her partner easily win over Lakenheath doubles opponents.

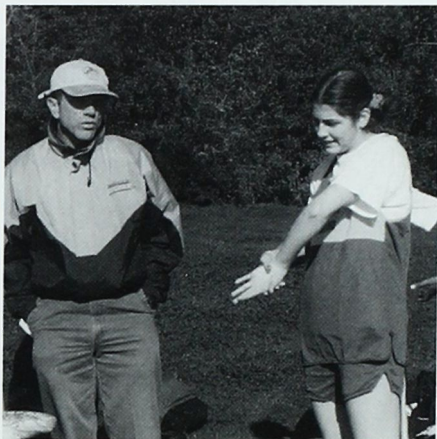

Chris Talbott hits a powerful forehand from behind the service line, intimidating his opponent.

Nina Cartier takes time as she returns this ball ... notice how carefully she watches the ball.

Running in Circles

Coach Ken Bell gives last minute advice to Eighth grader Sarah Bertino before the start of the Homecoming race at Hinchingsbrook Park.

As many of the students were heading home, the Cross Country team was just warming up for their miles of jogging, running up to seven miles a day to prepare for the Saturday races. Each course consisted of a two mile course for the middle school runners and a three mile course for the varsity runners. The Cross Country team worked hard, and it paid off.

Racing at Lakenheath, Cobham, Menwith Hill, London Central and Alconbury, the team got in some traveling time. The men's varsity came in the top five every race, including a first place finish by Kamuela Bean at the UK Regional Championships at Hinchingsbrook Park. The top ten runners from the UK championships went to the European Championship in Heidelberg, Germany, to compete against the best runners in Europe, where Kamuela finished 60 out of a possible 175 runners.

Both middle school teams did exceptionally well during the season.

Cross Country Team: Front row; Angela Elliot, Cassie Fink, Sarah Bertino, Bryon Melter, Josh Melter, Jennifer Ellington. Second row; Sonia Reyna, Lisa Rhoden, Aileen Kucsera, Erika Wells, Breon Wells, David Thomas, Zach Ledford, Jessica Baffa, Alicia Christensen. Third row; Kim-

berly Moore, Spring Rosado, Sarah Naughton, Ricky Baffa, Santi Castilleja, Jason Shortell. Back row; Coach Frank Hardin, Peter Park, Kamuela Bean. Not Pictured: Johnny Butler, Robert Risher, Tyrell Flurry, Cole Price, Johnna Ellington, Chassidy Macon, Allison Toth, Nikkia Ware.

Varsity Boys team strike a pose; Kamuela Bean and Peter Park.

The Middle School team begin their race; Matt Sansone and Breon Wells finished on top.

The up and coming runners were Matt Sansone, who came in first three times and second two times with times around 15:05, and Breon Wells, who started the season late, but made up for it with two first place finishes at 13:32. These two lead the pack throughout the season.

The Girls' Middle School team made the '98 season a good one with runners like Sarah Bertino, who took first twice and never came in below third. The girls' team was so large they barely had any competition.

Many people on the team improved greatly. Practices were varied from runs to such places as Tesco to the base gym to work out. Many people ran for the exercise or for conditioning for other sports. Whatever the case, practices promised a good workout. The season was challenging under Coaches Ken Bell and Frank Hardin.

by Peter Park

Erika Wells and Sarah Naughton pose for a shot after practice. Cross country provided a bonding experience for many middle school runners.

Kamuela Bean heads for the finish at the Regional Championships, placing first with a time of 17:52.

Over the Rim

Basketball Team: Front row: Casey Pratt, John Wright, David Talbott, Curt Painter, Zach Pullins, Joe Castaldo, Alex Foster, Manager Laura Wake.

Back row: Coach Pete Watterson, James Stewart-Smith, Danny Nadel, Andre Hammond, Phil Carey, Lawrence Barry, Izzy Clark, Captain Albert Butler, Manager Chris Block, Coach Ken Bell.

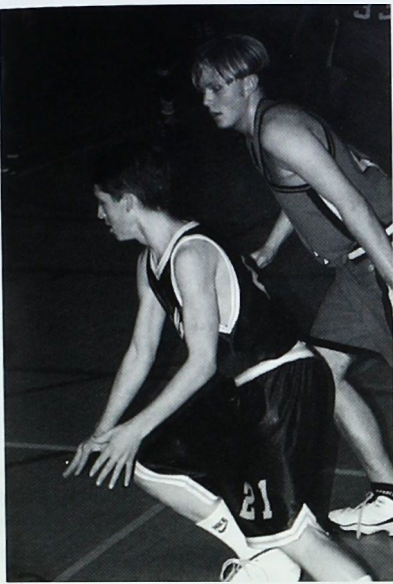

Coach Pete Watterson and Coach Ken Bell give the team a pep talk during timeout against the Bobcats.

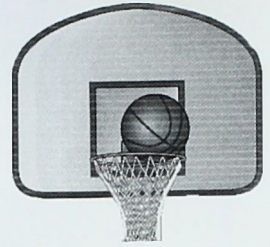

Junior Joe Castaldo flies in the air to get the ball from London Central as "Izzy" Clark backs him.

Sophomore James Stewart-Smith goes for a lay-up shot.

Freshman David Talbott out maneuvers Arron Sheply from Lakenheath as he sets up the play.

Freshman Andre Hammond shoots for two points after being fouled in the London Central game.

The team prepares to take the floor for the Bad Kreuznach game with Albert Butler, "Izzy" Clark and Phil Carey to lead the way.

The basketball team set their minds to winning it all, but with only two returning players, the team had to begin from scratch.

The Jamboree started the season. After four strenuous weeks of practice, the first opponents were London Central. Although the team was ahead by 12 at half time, London came back. Captain Albert Butler scored 15 points. Defensively, Phil Carey grabbed 12 rebounds.

Next, a nailbiting finish with the Menwith Hill Mustangs saw the Dragons win by one point. Top scorer was Andre Hammond with 21. Controlling the offense was Zach Pullins with four assists and five steals.

Iceland would be no match. Phil Carey lead the rebounds, including two blocks.

Spirits were high, but the Dragons started a downhill slide, losing the next five games. With a new offense by Coaches Ken Bell and Pete Watter-

son, the team was ready to change their record.

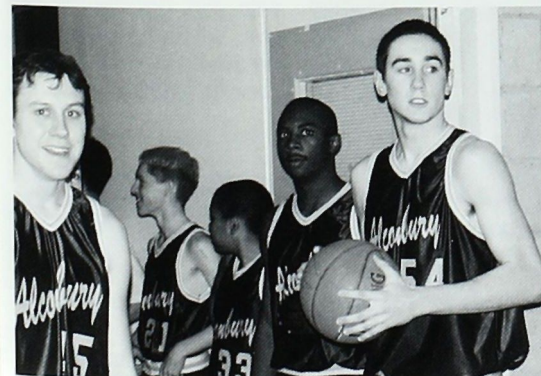

On an away trip to Brussels, they knew the game would be a crowd pleaser. The game went to the final seconds, Brussels scored and held the lead for 3 seconds. The next day, the gap widened.

At home, Bad Kreuznach dominated from the start, but the Dragons beat London Central by 5 points.

It was all over. The Dragons ended the season with a 3-11 record. Some special standouts were Andre Hammond with 37 steals and a 71% free throw average, Phil Carey leading with 19 blocks, 176 rebounds and 131 points scored. Albert Butler led the scoring with 149 and Zach Pullins had 29 assists, trailed by Joe Castaldo with 26.

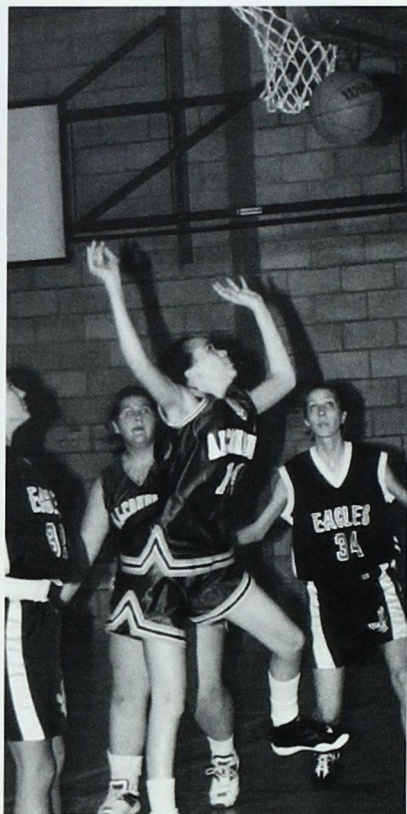

Most Valuable Players were Albert Butler and Andre Hamond. Phillip Carey was voted Most Inspirational and Lawrence Barry was Most Improved.

by Phil Carey

Sophomore Stephanie Toth shoots a free throw, while Gemma Breedlove defends her.

Freshman Gemma Breedlove rolls up a shot against the Eagles.

Got the

Seasons come and seasons go, but the memories, discipline and teammates always stay. They started with many beginners and only six returning players. After a few weeks of practice and determination, Coaches Melonie and Jason Jones turned their fifteen girls into a fired up basketball squad, with team Captains Jamie Bertelli, Lisa Gutowski and Amber Haggins.

With a 1-1 record after the Jamboree, the first games out of the way and a few prep games, the first Conference game was a long bus ride to Brussels, Belgium. The eight Lady Dragons, who traveled, were fired up, but the game was a struggle. Even with Gemma Breedlove's awesome defense, four of the five starters were in foul trouble, so Alconbury came 7 points behind. The following day, the final score left the Dragons behind 9 points, leaving for England without victory.

The next week, the Dragons played the Bear-Kats. On Friday night, the rain fell on the starting five, who were pulled out, while their subs battled. Second quarter, the

Girls Basketball Team: Front row; Kristen Hudson, Krista Powers, Dacryia Dessasure, Danielle Kress, Laneisha Motley. Back row; Mgn. Melinda

Lynch, Gemma Breedlove, Esther Butler, Jamie Bertelli, Emma Humbert, Amber Haggins, Lisa Gutowski, Liara Hammond, Coach Melonie Jones.

Basket

Hook up

starters scored 25 points in 8 minutes, but the game was lost.

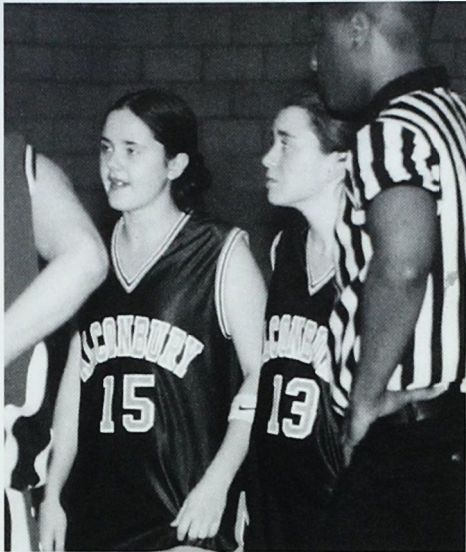

Saturday, the game was constantly up and down the court full speed. "We didn't even have time to set up the plays," noted top scorer and rebounder Stephanie Toth. Despite scoring 21 points in the fourth quarter. Most Valuable Player Amber Haggins's rebounds and Breedlove's steals helped, but they did not grab the victory.

Finally the battle against London Central Bobcats determined tournament placing. Friday's game score wavered, but the Dragons lost by one point. However, the next day, the girls pulled together, even when three starters fouled out. Nicole Home, voted "Most Inspirational player" combined with Gutowski, played like pros, along with Esther Butler. The Super star was Laneisha Motley, who was the Most Improved Player of the year. With such effort, the Dragons were victorious.

They did not travel to the European Tournament, however, they didn't regret anything.

by Lisa Gutowski & Amber Haggins

Junior Amber Haggins, Most Valuable Player, aims for the basket against the Eagles.

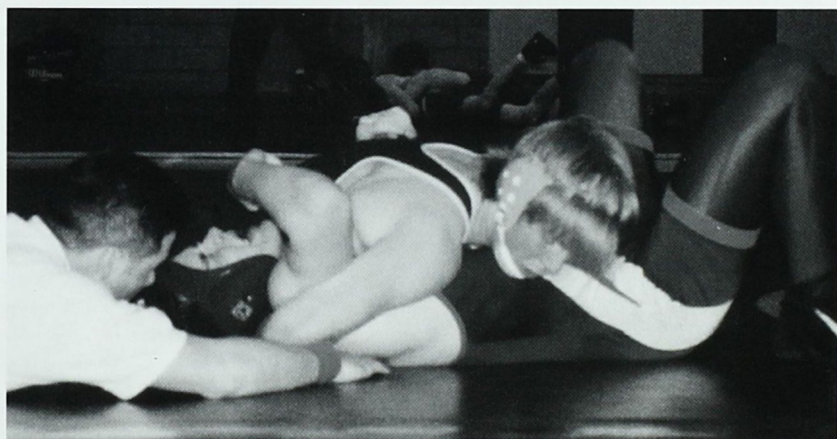

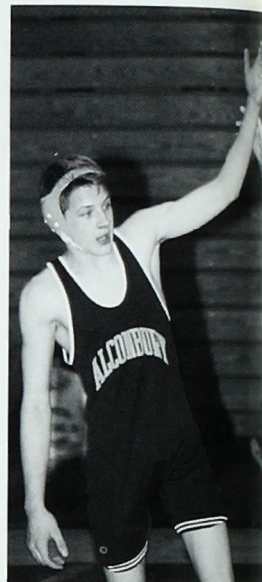

ball

At the European Finals Mike Zimmer begins his match with a Heidelberg opponent, whom he had to wrestle twice to take his title.

Freshman Josh Melter is given the victory hold after winning Feb. 6.

The Dragons Wrestling team ended their season with a bang. Beginning with the fly weight, 103 lb. Freshman Justin Murphy, who was a small dog with a big bite.

112 lb. Senior Mike Zimmer suffered a broken cam, but it mended in time to wrestle the UK Championship, taking second. Zimmer went to Regionals claiming the title of the Northern Region beating the man who had won first, then he placed third in the European Championships.

Josh Melter, the 110 pounder, wrestled exceptionally well at the UK's and Regionals, fighting his way to runner up at the Europeans.

A great asset, Junior Brian Hardin tried wrestling his first year. In his stacked weight class, Hardin took UK beating two of Europe's top seeds, first in Regionals, going to Europe, and earning Most Valuable Player award.

At 152 lbs. was James

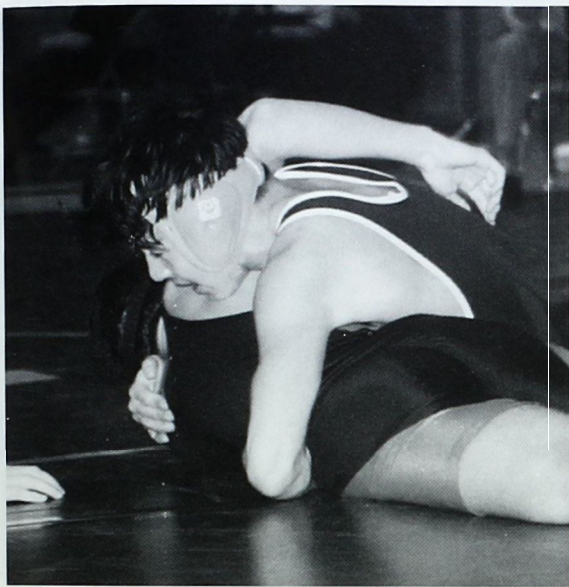

Wrestling Team: Front row; Ian Davison, John Meyer, Matt Werling, Jason Shortell, Michael Fish, Santi Castilleja. Back row; Coach Mike Tarach, Manager Valerie Medaugh, Justin Murphy, Mike Zimmer, Josh

Melter, James Groff, Skyler Lee, Mike Hensley, Manager Monika Carson, Coach Tim Quilter.

With a cry of mercy, Menwith Hill gets pinned by 152 lb. James Groff.

MVP Junior Brian Hardin on his way to pinning one of Europe's best, as he pushes for quick speed pin at home February 6.

Rolling In Reverse Style

Groff whose unique wrestling style attained places in both UK and Northern Regionals.

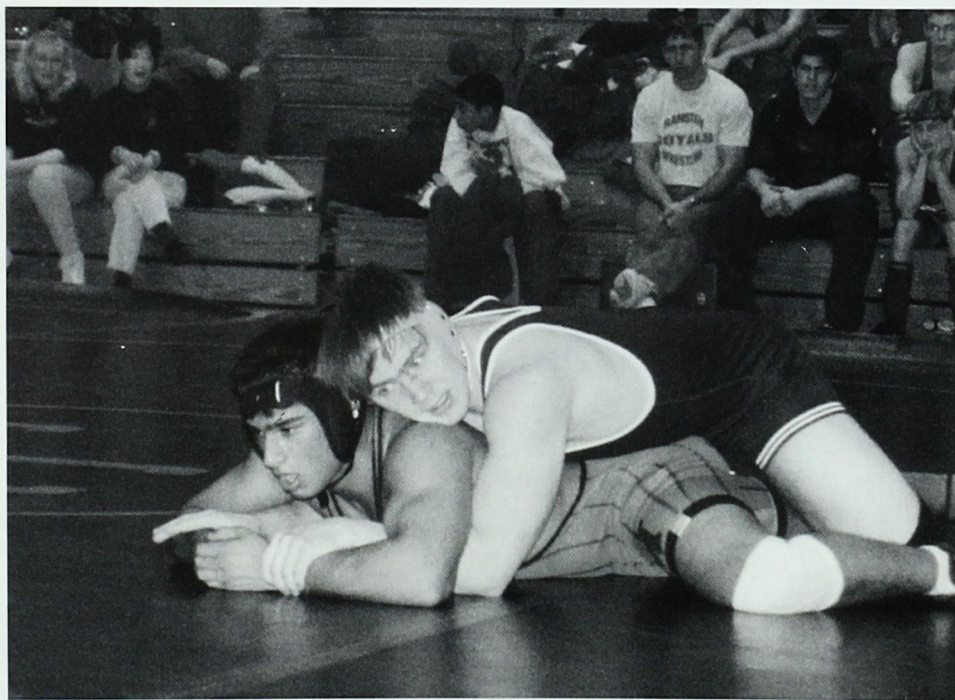

Senior Skyler Lee, 189 lbs, went throughout the season undefeated. He won all three championships and collected MVP at the European Championships and won his second consecutive gold medal there.

Wrestling with these winners were the middle school team, who learned discipline, motivation and the act of causing annihilation.

No team is complete without their coaches. Head Coach Dave Werling lead Coaches Mike Tarach and Tim Quilter. Sponsor Eric Mead inspired them to work harder.

At the European Championships, out of 28 teams, the Dragon Six placed tenth, over fellow UK team Lakenheath, who had twice the number of wrestlers. Wrestling had its most successful year.

by Skyler Lee

European Champion, Senior Skyler Lee tries to turn over the British National Champion from the Midlands, who is frozen to the mat with fear.

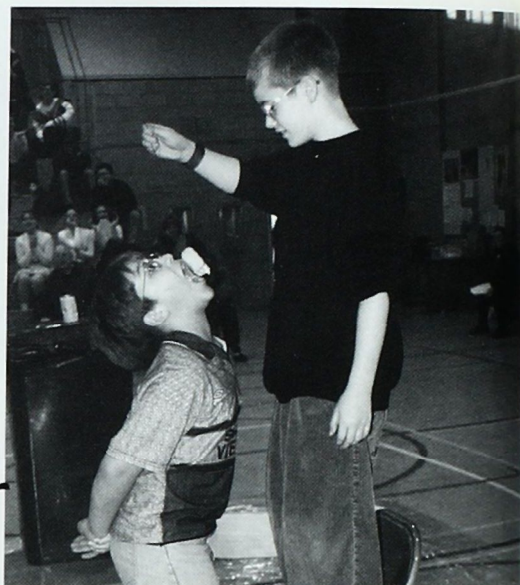

Manager Valerie Medaugh, Danielle Kress and Mike Zimmer keep score as Sponsor Eric Mead watches a match.

Senior Jenny Fifield cuddles with her newly won Grinch prize from a contest sponsored by AVID.

Jonathan Mueller fishes for a doughnut from Zachary Ledford in hopes of scoring Middle School points.

Junior Natasha Holstine and Senior Jason Rayford twist in competition with Sophomore Sarah Davison, but Eighth grader Ian Davison won.

Cheerleaders Round Up Support

The Pep Rallies gave students a chance to show what school spirit was. There were two assemblies, one for Homecoming and one for the rejoicing of Winter Recess, which ended with candy being thrown into the stands.

At the Winter Assembly, the winter sports teams were presented by their coaches. As the participants were getting their skits ready, a new game of Trivia was played with the audience. Brilliant questions were asked such as, "What are the names of Santa's reindeer?" and "What do kids get in their stocking if they're bad?" Sophomores won the Spirit Stick on the strength of their skit to Santa, Baby. The Middle School continued their dominance of the lip-synching game with Matt Werling's Boom-bastic.

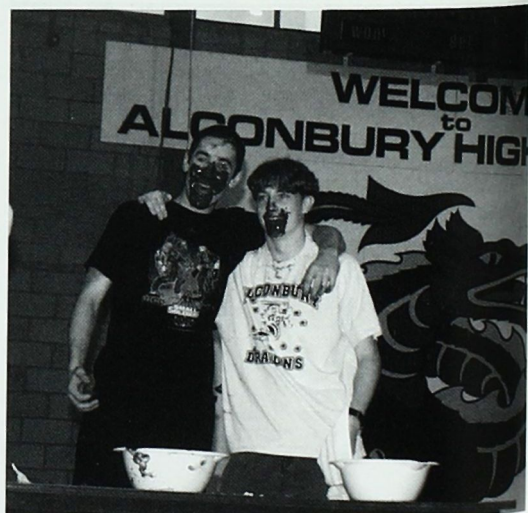

The games interposed

were eating pudding without a utensil, fishing for a suspended donut, and Twister.

Most importantly however, the pep rallies gave students a chance to show their appreciation for the sports' teams.
by Greg Sansone

Having had no cheerleaders during the fall season, winter season Cheerleaders renewed the dignity and enthusiasm of school spirit. They practiced Monday through Friday and an occasional Saturday, with weight training on the side. Their work shone on the sidelines during halftimes and basketball games. They performed during pep rallies. They were invited to a competition held in London in March, where they won first in dance and second in the whole competition out of nine schools.

by Sarah Davison

Good friend Phillip Carey congratulates Senior Lawrence Barry after he won the "no hands" pudding eating contest.

Coaches and Cheerleaders: Front row; Ms. Kristi Kimbrough, Ms. Mary Farris, Becki Hensley, Kayla Hudson, Kathy Fifield, Sarah Davison, Erica Holstine. Back row; Alexandra Jones, Ms. Tara Drake.

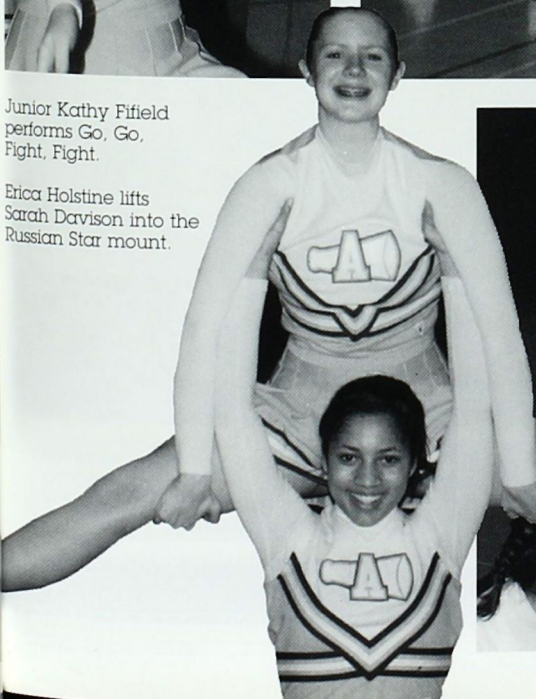

The Cheerleaders take charge with Move It On Over during a half time performance.

Kathy Fifield, Becky Hensley and Alex Jones get ready for the game.

Juniors

The class of 2000 had a lot of responsibility planning the prom and making sure the Seniors had a great graduation. They attempted the hard task of planning and looking for the right college, not to mention passing the hardest year of classes in high school.

The Junior class represented Alconbury well from academics, sports and clubs. In sports, they participated in tennis, volleyball, football, and had a number one cross country runner, Kamuela Bean. They turned out for basketball, wrestling, soccer, and baseball.

With twelve students continuing from the old days in eighth grade, they numbered thirty-one in all for this Junior year. They got bigger and better as they went into their Senior year.

Academics

Chris Jones and Craig McAllister work as lab partners in Science 8 to discover the way muscles in a chicken leg work.

Excellence in Learning through Excellence in Teaching was the motto of Alconbury High School. Almost half the student body was on the Honor Roll at the end of first semester with the number increasing at the end of the year. The School Improvement Plans put emphasis on writing research information, charts and graphs, and the use of technology. Students were tested throughout on these skills, and teachers implemented them into daily lessons.

To graduate students must have 4 English credits, 3 Social Studies, 3 Mathematics, 2 Science, 1 Career Education, 2 Foreign Language, 1 Fine Arts, and a half semester of Health. One credit in Technology was added this year, plus four and a half credits in electives, making 24 credits in all.

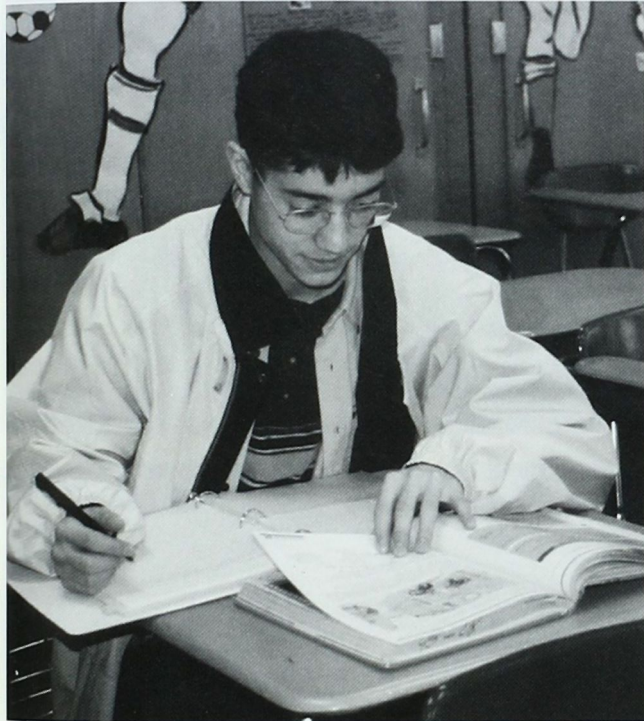

by Valerie A. Medcough

The Band playing the Winter Concert: Flute is Jenny Fifield, French horns, Robert Fisher, Jessica Rayford, Saxophone Matthew Werling, Trumpets Tanya Isdale and Ivan Pratt.

Senior Salutatorian Mike Zimmer interprets a short story in French IV.

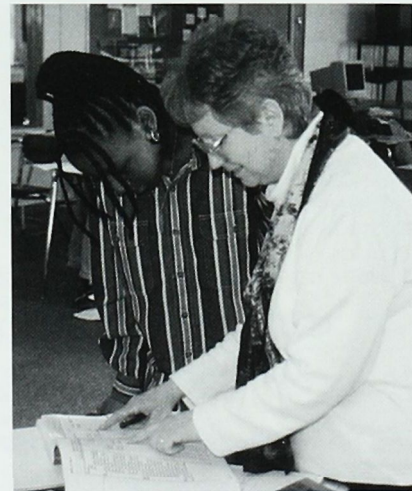

In Art, Seventh grader Traci Wellman tempera paints her plaster of Paris Handwarmer using designs and patterns.

Checking her answers in Accounting, Freshman Tequila Bowen, consults Ms. Lyndia Piazzoni.

AVID tutor Ms. Teddy Bell checks Nydja Mercer-Bey's English paper for corrections.

With parents watching, Senior Richard Reather accepts the Utah State Univ. Success scholarship from Counselor Ms. Martha Duncan.

The objective of English was to get students to write essays preparing them for college, and also to read as many literature classics as possible.

Circling

Seventh and Eighth grade English introduced students to new stories and books. The did research papers, learning to use the Internet. Reading plays and writing their

own poems were favorite activities.

Freshmen wrote poetry and learned Romeo and Juliet. Sophomores did four units; Oppression, Drama, the King Arthur legend, and Science Fiction. Juniors devoured American literature, producing poetry essays and giving oral presentations, along with visuals. Senior concentrated on British literature and composed the Seven P paper.

Through

The difference between English and Honors or AP English class is the sheer work load, and fast pace which the class operates. The reading requirements are a lot higher, with eight additional novels per year.

Time

by Lawrence Barry

English 7: Brian LaFrance and Joe Kerce work together to find the answers to the story questions.

English 9: Kelly Ann Alvin gets herself organized to do the questions for *The Interlopers*.

Social Studies 7: Crystal Lane works on a poster project about land forms.

The Social Studies objective was to understand the social behavior of a country's people or a certain time period.

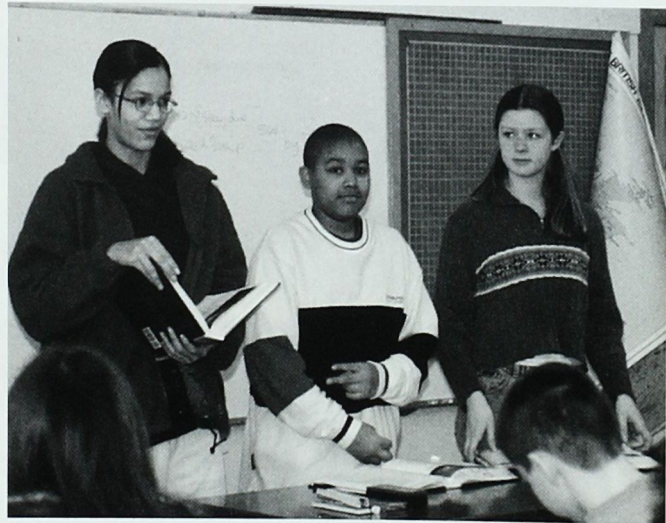

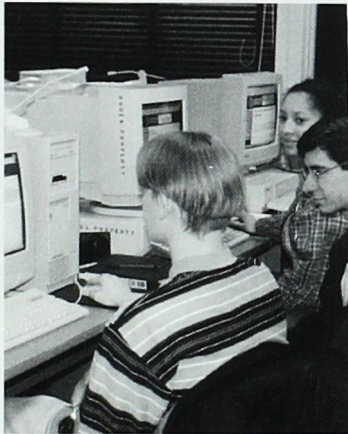

There are many types of classes like Government, World History, American History, Psychology, and World Regions. Helping students learn were Mr. Tom Rowe, Mr. Ralph Blake, and Ms. Joan White.

Middle School Social Studies were taught by Ms. Louella Hardin and Ms. Nancy Peck, who says she tries to prepare them for high school level social studies. Seventh graders studied geography and eco-systems. Eighth graders were taught United States history up to the civil war, so when they became Juniors, they pick up after the reconstruction.

In U.S. History, upperclassmen set apart time to discuss issues that affected and effect the world.

In fact, most Social Studies classes showed students how they are tied to world events. Students learned through active participation by doing projects, reading many kinds of materials and reporting information. Cooperation is a key word in Social Studies.

by Lawrence Barry

Honors English 10: Barbara Parks, Alex Foster and Sarah Davison do their choral reading of the poem The Splendor Falls.

Contemporary Issues: John Shortell, Jon Evans and Erica Holstine search information for the Arab Israeli Simulation project.

Honors English 11: Kathy Fifield works with Jennifer Kay and Phil Carey with Lisa Gutowski on review sheets for The Old Man and the Sea.

Questions

Science and Math are becoming more important in American Society and definitely more important at AHS with the 4.2 objective. The A+ teachers such as Mr. Eric Mead, Mr. Eddie Gibb, Mr. Bill Gay, Ms.

Nancy Peck, and Mr. Frank Hardin introduce and elaborate the many faces of the subjects.

All Science classes gave the fundamentals of life but each had their own specialty, like Physiology is the exploration of the human body, Biology is the exploration of plants and animals. Chemistry is a combination of math and science, which introduced us to the make-up of the world with molecules, atoms, and ions. Physics shows how things work. Each class did experiments and recorded data.

Algebra I and II is the exploration of equations through unknown quantities. In Geometry, students study graphs, angles, and equations. To prepare for these higher level courses, seventh grade math taught fractions, decimals and percents, along with beginning equations. Challenging problems were used to introduce math vocabulary and a doorway to higher math. In Eighth grade, the students learned Algebra equations as well as graphing.

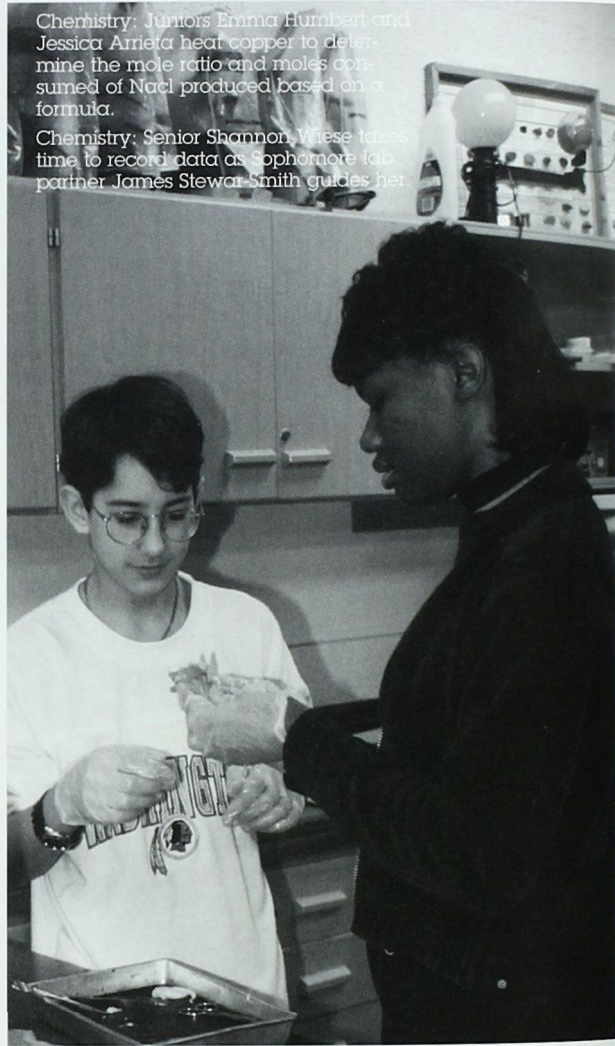

As technology continues, math, and science will help the future seem brighter.

by Don Trafelet

The World

From

The

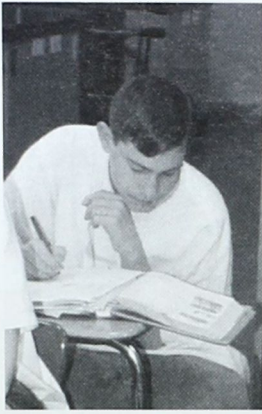

Chemistry: Juniors Emma Humbert and Jessica Arrieta heat copper to determine the mole ratio and moles consumed of NaCl produced based on a formula.

Chemistry: Senior Shannon Wiese takes time to record data as Sophomore lab partner James Stewart Smith guides her.

Science 8: Eighth graders Ricky Baffa and Chassidy Macon study the musculature of a chicken wing in Mr. Mead's class.

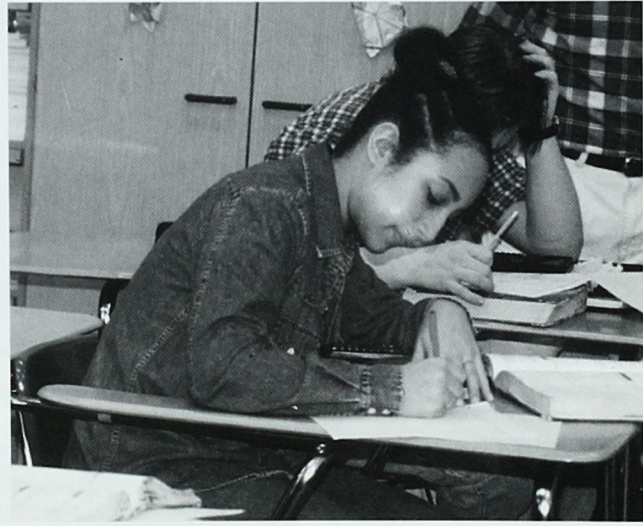

Pre-Algebra Freshman Michael Grady does some problem solving.

Biology: Sophomores Adasha Garrison and Nydja Mercer-Bey select the frogs they will dissect.

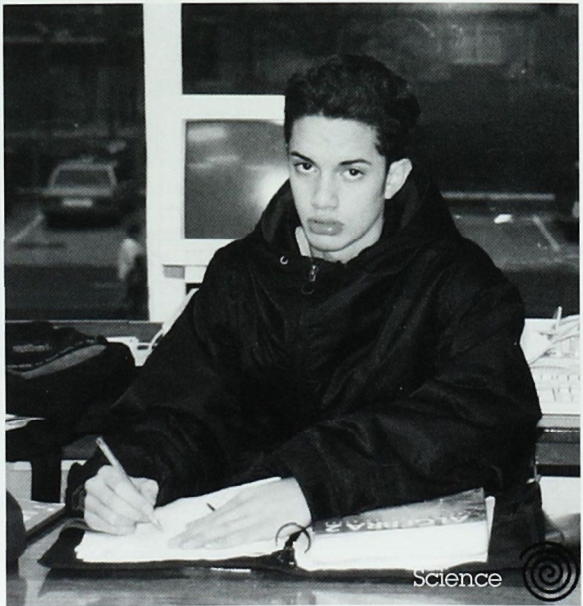

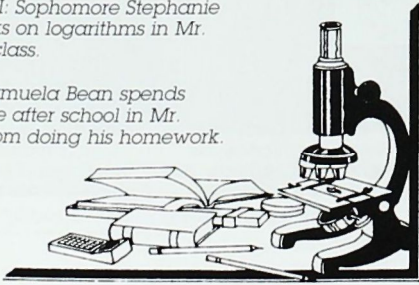

Algebra II: Junior Natasha Holstine gets down to functions work during a class study time.

Algebra II: Sophomore Stephanie Toth works on logarithms in Mr. Hardin's class.

Junior Kamuela Bean spends some time after school in Mr. Gibb's room doing his homework.

Beginning Band: William Turner, Stephanie Gartland, Lacy Tyo, Michael Fish and Chassidy Macon perform at the Winter Music Assembly.

Play

The Band and Choir lived up to all expectations. At the Winter Concert, the Beginning Band started with carols such as *Good King Wencelas*, *Jingle Bells* and *Little Drummer Boy*. The Choir sang, among other songs, *Love in Any Language*, *Nuttin' for Christmas*, and the Advanced Band played, *Christmas Noel*, *The Tempest*. Everyone played the *Christmas Finale* along with the Choir and the audience joining.

February 26-27, the Band and Choir participated in the Solo and Ensemble Festival held at Alconbury. In March, they performed another smashing concert. The first week of April, the Choir traveled to London Central to sing in the Choir Festival. The last week in April took the Band to Lakenheath for the Band Festival. At the end of May, the combined classes put on one last show for the parents, and the second week of June, they performed at Dragon Fest.

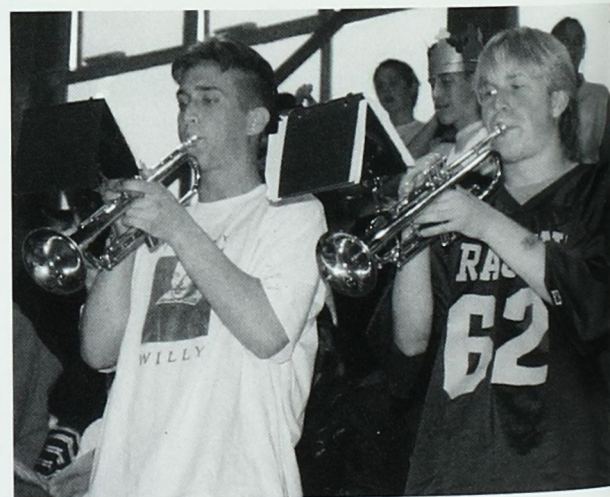

A class often forgotten in the music department was Music Appreciation. This class studied the art of listening. Students analyzed music from the 1400's to the present. They studied the relationships of music with the historical background, along with art and literature from the era. The students put together a Hyper-Studio report on a particular composer. Music teachers Mr. Eric Measells said, "The students say that they don't enjoy some of the music, but it is something that they will never forget."

Second semester, Computer Music taught students to compose their own songs by using technology.

by Shavonne Hummel

It

Again!

Band: Christopher Jones, Mr. Eric Measells and Melinda Lynch lead the band in *Go, Fight, Win* for the Homecoming pep rally.

Juniors Ivan Pratt and James Groff "get down" with *Rock On* as they play trumpets for Homecoming pep rally.

Band: Alexandra Concilio, Sarah Bertino, Matt Werling, Sonica Reyna, Shavonne Hummel and Nina Cartier practice Go-G-O.

Choir: Front row; Nydja Mercer-Bey, Becky Hensley, Mike Hensley, Jason Rayford. Back row; Nina Cartier, Sara Smith, Natasha Holstine, Stephanie Reynolds, Lydia Evans, Jamie Bertelli and Mindy LaRouche sing *The First Noel*.

Computer Music: Senior Mike Hensley listens to the music in his head as he composes.

Choir: Natasha Holstine, Lydia Evans, Jamie Bertelli and Stephanie Reynolds harmonize to, *Love in Any Language*.

Mindy LaRouche communicates *Love in Any Language* to the audience in sign language.

Art: Seventh graders Nikkia Ware, Jennifer Ellington and Gabrielle Colon paint a Volleyball banner for the tournament.

Art: Eighth grader Slobhan Arnold makes a Valentine in Art.

Home Economics, or "Practical education for living," provided Seventh graders with a chance to try cooking and other household skills. "I believe in the importance of families," claimed teacher Ms. Duncan. High school students also enjoyed a class that gave them a chance to cook for thanksgiving. They studied nutrition, child development, sewing, and consumer affairs.

Fundamentals of Art was popular among students. They tried their hand at skills like sculpting, painting and learning basic drawing techniques. Students particularly enjoyed the field trips to the Monet exhibit in London. Middle school students took Art for a semester, and there was a Ceramics class second semester.

Drafting provided students with a chance to hone their architectural skills. Learning how to use precision instruments and design land assault vehicles. Students hoping to get a driver's license benefited from Driver's Education, where they learned safe driving principles, insurance rules and the cost of running a car. They worked on safety aspects of their machines and explored buying an automobile. Automotive Technology further studied the internal combustion engine with practical hands on experience.

by Peter Park

Cycle

of

Life

Home Ec: The pie tasting contest has Ms. Martha Duncan serving Natasha Holstine, Laneisha Motley, Jon Evans and Justin Murphy the goods.

Drafting: Freshman Jason Devokaitis tests his Land Assault Vehicle.

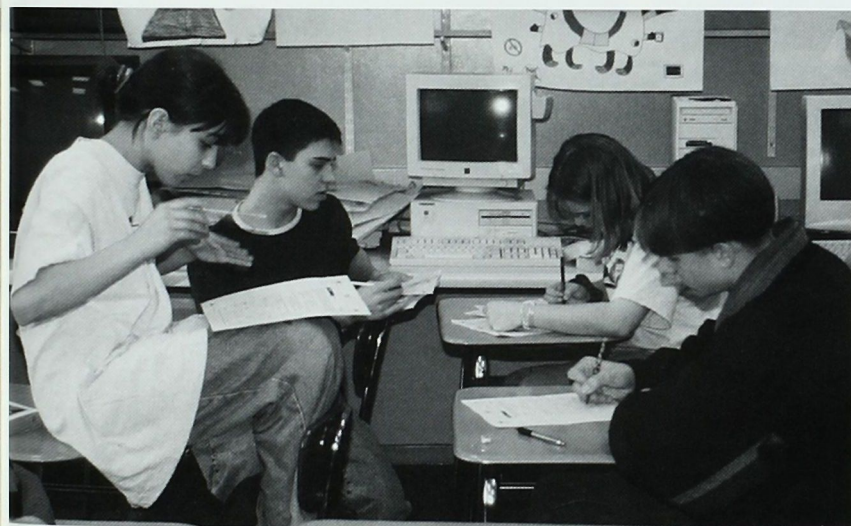

Languages became a requirement for all Freshmen, with two years needed to graduate. Being in Europe provided students the opportunity to utilize their lingual abilities, perhaps over vacations such as Paris and Madrid.

Ms. Joan White's French classes read from French Literature, watched videos to increase dialogue understanding, along with doing work from their textbook. Besides speaking, students experience French culture through project and a field trip. Senior Skyler Lee thought French "est important pour une un:veriste".

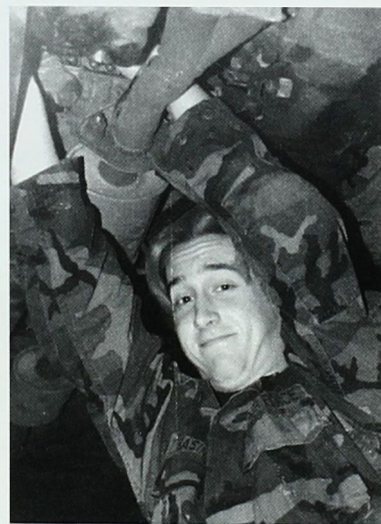

Under Ms. Cyndi Taggart's direction, Spanish classes learned by speaking only Spanish during her class. They watched videos in the language and made family trees, paper dolls, and played vocabulary games.

Advanced French: Senior Mike Zimmer challenges Sophomore Nydja Mercer-Bey to a game of Scrabble.

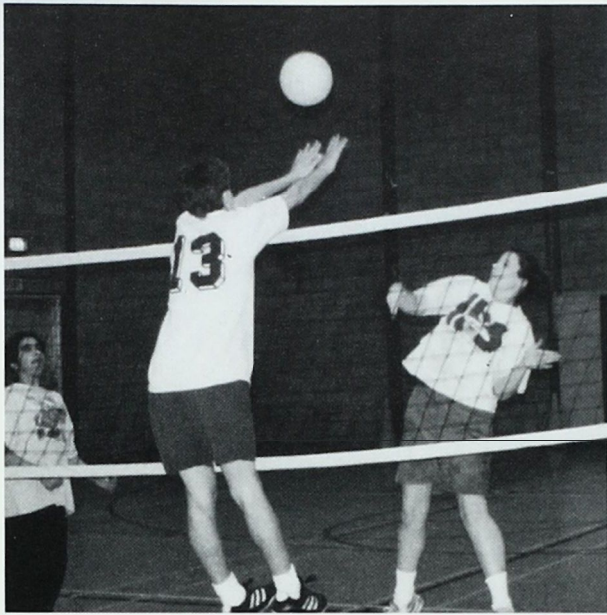

Spanish II: Angela Elliott, Peter Park, Jas Colon and James Meyer engage in a speaking activity during class.

Driver's Ed: Junior Ivan Pratt takes the plug from the oil pan while replacing the oil.

Drafting: Freshmen Will Mangual and Mike Grady work out problems of linear balance.

Fitness for Life: Lydia Karuga keeps her eye on the volleyball, as Andrew Concilio goes up for a blocks one hit by Esther Butler.

Carlo Bulcman, Josh Melter, Andrew Concilio, watch as Kevin Wallior controls the soccer ball.

Rounding

The point of high school is to prepare you for the future. Health, and Physical Education do just that.

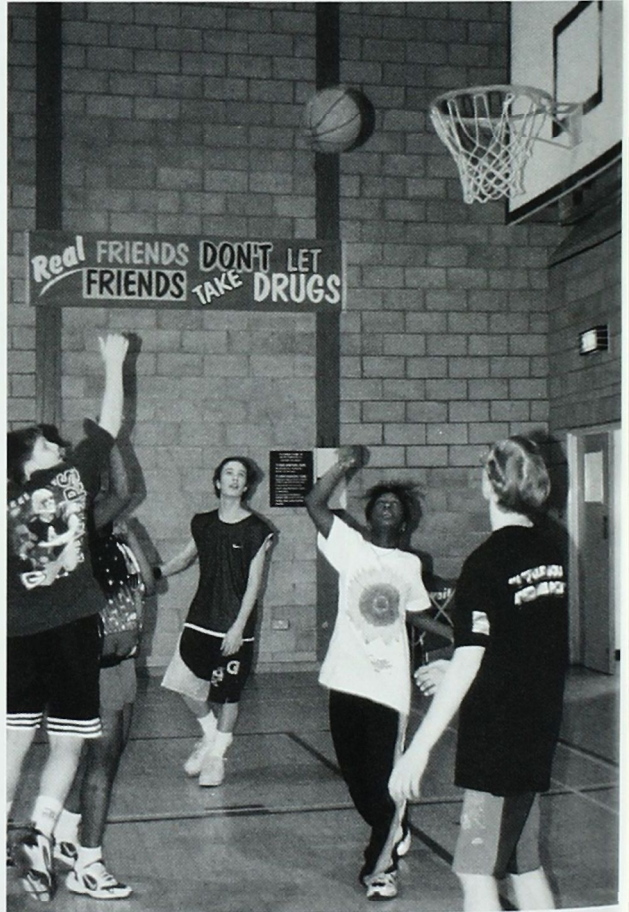

In Health, students create colorful posters and learn how to be of healthy mind and body. They are taught how to handle situations and stress. Taught by Mr. Ken Bell, the atmosphere is one of fun.

Gym, through Life Sports and Fitness for Life, fits hand in hand with health. You go to health to learn how to take care of yourself and in Physical Education, with Mr. Gerald Curran, Mr. Ken Bell or Mr. Eric Mead, you get to do it. You learn the importance of team work. Emphasis is on team sports with gillyball, soccer, and basketball being the most popular sports. After an exercise and warm up time, students select from several options each day what they want to play. Training for individual sports, such as tennis and wrestling, was given. Middle School classes enjoyed the bowling and the competition volleyball.

Besides activities, dressing for class and doing a workbook in Fitness for Life were important parts of getting a good grade. Mostly, being a good sport and playing by the rules, contributed to a class most students rated as their favorite. Students could feel good about themselves through learning new skills and games.

by Erica Holstine

Bases

During a basketball game, Craig McAllister shoots with Chris Jones, Michelle Hinton and Jason Shortel defending.

PE 8: Alicia Christensen practices serving the volleyball.

With the Internet and computer businesses growing, the emphasis on being computer literate is great. In business, Ms. Lynda Piazzoni teaches valuable skills, all important to the growing technology. Computer Applications projects included learning the software; Power Point, Excel, and Access. Presentations and Publications class learn to use Hyper Studio, MS Publisher, Internet and Page Composer. Accounting problems were completed using traditional accounting methods as well as automated accounting skills. All seventh graders were required to pass Keyboarding. The student body was tested on keyboarding to prepare them to meet the challenge for a new age.

Calculus, Pascal and Physics were offered via computer called Distance Education. Ms. Barbara Dunsmore coordinates this program with students around the world.

Accounting: Junior Amber Haggins tries to find where she has lost two cents in her records as Ms. Lynda Piazzoni checks her work.

Presentations & Publications: Sophomore Monika Carson moves illustrations on her Power Point presentation for Science.

Keyboarding: To practice accuracy, Seventh grader Phil Gray keeps his eyes on the lesson with the keys covered.

Media Center: Seventh graders Kim Moore and Cassie Fink select some books for independent reading for their English class.

Closing

The Media Center is a place to find help and to relax from school. Many classes are conducted

through the Media Center. It is a place that provides all sorts of information, books, video tapes, CD's, CD-Roms, access to the internet, magazines, newspapers, along with reference sources. It is the best place for meeting and doing individual projects. If help is needed, go to the books or the internet.

However, the internet has some requirements such as a "Use of Internet Agreement" signed by students and parents. While on the internet, Hotmail or chat lines are restricted.

A

One of best things that the Media Center does is help find information about college through the use of Expan on the computers. This program will give requirements for college on the internet addresses and all the information required. The best part about the library is the computer speed and the CCMail.

Circle

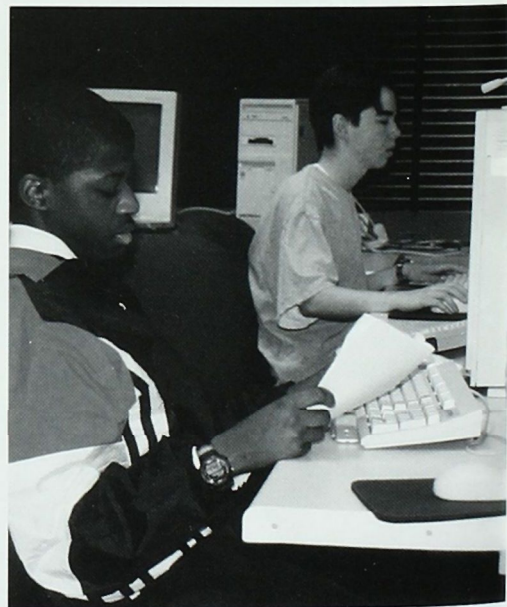

The Media Center was, also, a meeting point for everything

from morning break to mid-term graduation.
by Jenny Fifield

Media Center: Seventh Graders William Turner and Jeff Lambert use the media center after school to play Magic.

Lydia Evans speaks to the computer while Jon Evans inspects a new CD-Rom.

Media Center: Freshman Cregg Carter searches the Internet for Social Studies information and Sophomore Billy Kennedy corrects his English Essay.

AVID: Ms. Candy Sansone helps Eighth grader Angela Elliott with her math during tutoring time in the media center.

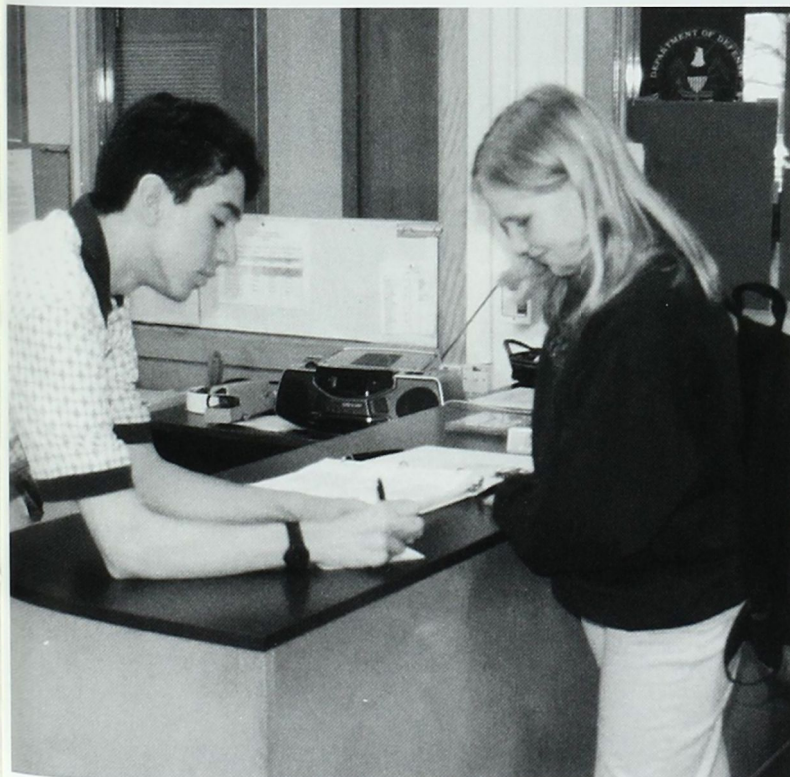

The CWE class taught by Ms. Debra Johnson met eight times a semester to discuss students interests, abilities, values, and resources regarding their line of work. They discussed the job site, and how well they were adapting to the surrounding environment. Along with the doing the job to the best of their ability, they were required to turn in weekly time sheets signed by their supervisor, and a Mid-quarter grade form. The jobs were assigned to prepare them for a career.

Avid, taught by Mr. Ken Bell, was where students learned the importance of proper study skills, note taking, and organizational skills. As part of the regularly scheduled classes, students learned about college and financial aid. Their obligations were taking notes, and carrying an Avid notebook, which must be updated with assignments from every class. Twice a week, the students got tutoring in classes that for which they needed help, and they had an opportunity to finish their homework.

Ms. Sally Jones' Special Education classes also provided support for students with their class work. Students got help in test taking and writing skills.

by Jenny Fifield

Learning Strategies: Junior Tunisa Mercer-Bey sorts money for Monopoly to help her learn math.

CWE: Junior office aide Greg Sansone writes an admit slip for Eighth grader Catherine O'Mara after her absence.

Clubs and Organizations

Raising money for the Junior class, Jessica Arrieta and sponsor Ms. Barbara Dunsmore sell food during the basketball game in the big gym.

Middle School Student Council sponsors the Valentine Grams as Aileen Kucsera cuts hearts after school to help prepare them.

The FTA and FHA Clubs sell food during lunch. Shavonne Hummel and Mindy LaRouche serve Jas Colon, Dadrhya Dessasure, Johnna Ellington, Jennifer Kay, Chris Jones, Lisa Gutowski and Amber Haggins.

What would Alconbury do without clubs? National Honor Society is an organization for students to get recognition for hard work and good grades. Along with that, they do community service and hold meetings.

Future Teachers and Future Homemakers of America encour-

age students to be involved with education, while they raise money for field trips to plays and activities.

Math counts is not for the weak minded. If the team wins in the U.K., they travel to Europe to compete against other schools.

Joining DOE, meant getting

ready to work because there are hikes, doing community service and residential expeditions.

MUN is about politics and going to the Hague to argue a point. And, there are more organizations to join to keep students busy.

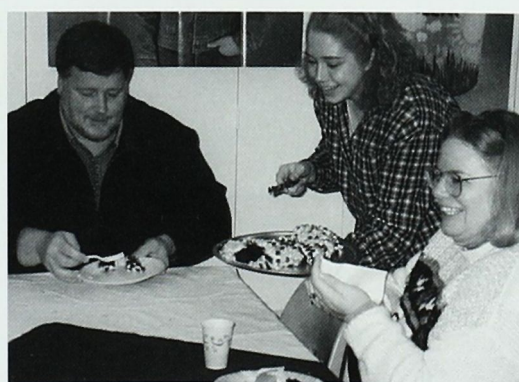

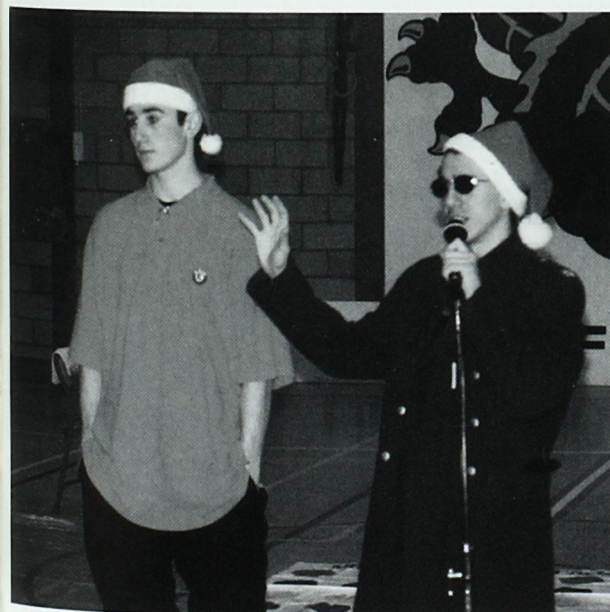

by Richard Reather

Juniors Chris Zimmer, Brian Hardin and Chris Talbott decorate clothing collection boxes for Bosnia for a NHS Service project.

For Student Council, Phil Carey and President Greg Sansone announce the winners of the Spirit Stick at the Winter Pep Rally.

With guides, Chris Talbott, Shannon Wiese, Josh Tucker, Mike Zimmer, Autumn-Dawn Roscago, Greg Sansone and Brian Hardin freeze in Wales.

Mr. Gary Bartimus accepts his second piece of cake that Jenny Fifield baked for the Thanksgiving Feast sponsored by the Multi-Cultural club, as Ms. Debra Johnson finds it enjoyable.

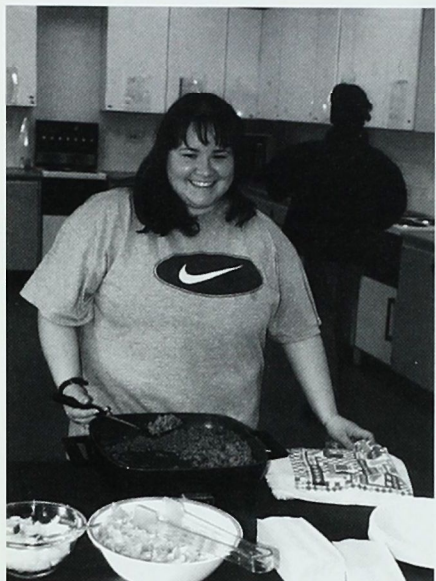

Multi-Cultural

Future Homemakers and Future Teachers of America

President Senior Mindy LaRouche dishes up Taco filling for lunch.

Lisa Gutowski enjoys a Burrito.

Lunch is a regular feature; Mindy LaRouche, Dadrhya Dessasure, Jas Colon, Johnna Ellington and Jennifer Kay.

Sponsor Ms. Martha Duncan.

The Future Teachers, Future Homemakers, and Multi-cultural Clubs did a number of leadership activities. These clubs participated in individual and combined projects.

In response to American Education Week, students acted as shadows for teachers. The project provided career awareness and gave a new look at the educational process. As part of the "Read Across America," members were encouraged to read to a younger sibling or friend.

The Thanksgiving Feast and fundraisers were other examples of the clubs' activities.

A *Christmas Carol* and *Dick Whittington and his Fabulous Cat* were two performances that the clubs attended. A Lot of involvement took place.

Lord of the Fries began production in January with the showing of this spoof at the end of May. The lead was Santi Castilleja. Cast included Sponsor Mr. Dennis Nail surrounded by Bryon Melter, Robert Fisher, Nina Cartier, Nikkia Ware, Shavonne Hummel, Cassie Fink, Lisa Marie Rhoden, Sonia Reyna, Angela Elliott and Alexandra Concilio.

Drama Group

NHS: Front; Kevin Wallior, Santi Castilleja, Vice President Amber Haggins, Mike Zimmer, Chris Talbot. Back; Sponsor Ms. Joan White, Leland Lambert, Skyler Lee, Presi-

dent Autumn-Dawn Rosado, John Shortell, Chris Zimmer, Treasurer Nina Cartier. Top; Aaron Ledford, Brian Hardin. Secretary Breon Wells.

The 24 members of NHS and NJHS presented Halloween safety skits for the elementary school. Members served as volunteer readers during March 2nd "Read Across America." They were models and interviewees for the DARE program. A Clothing drive for an orphanage in Bosnia was organized and a bake sale for the spring parent-teacher conference helped to offset the cost of spring initiation for new members.

National Honor Society

Get Ready to Rock & Roll Up Your Sleeping Bag!

The Duke of Edinburgh's Award Scheme began in 1956 for young people from all backgrounds and abilities, ages 14-25. AHS has been involved for 21 years and run by Ms. Maureen McQuitty.

The experiences gained through participating in any of the three awards, Bronze, Silver, or Gold, were rewarding. Apart from involvement in Community Service, Hobbies, and Sports, award candidates must go through their paces by putting up with leaky tents in the dark, struggling to read a map in blizzards and below-zero temperatures, slipping in the mud, and, of course, working closely with the positive and encouraging leaders, Mr. Eric Measells and Ms. Sally Jones.

The DOE participants had another practice hike in the spring. It was compulsory that the students prepared for the hike themselves. Throughout

the year, beginners and veterans learned to do route cards, plan journeys, check equipment, and pack a lot of gear into a large rucksack that ended up weighing a ton!

The Gold Award participants looked forward to completing their final expedition scheduled for June in the Moume Mountains, Northern Ireland. This was the one they had been practicing for all year.

Every kid showed pride in being able to pack their ruck, hike 20 miles, eat gorp, survive the week-end without sugar, gain independence and leadership skills, and make a commitment to a program that asked them to be all they could be. The only problem was, once they got started, they couldn't stop. The urge to do something out of the ordinary was made entirely possible with Duke of Edinburgh Award Scheme!

by Autumn-Dawn Rosado

Shannon Wiese, Michael Zimmer and Autumn-Dawn Rosado pause for a breather while marching the cycleway in Wales during the Fall hike.

World Problems Debate

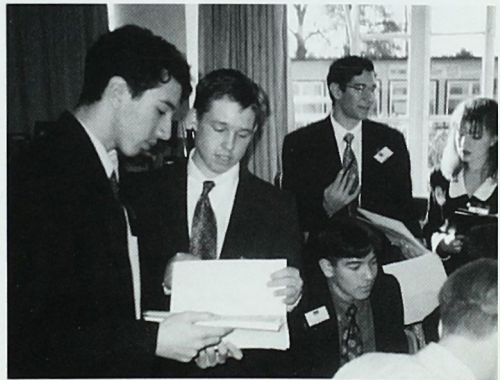

Most students who entered the Model United Nations class were unaware of what was to be expected and experienced. The result of study and hard work researching a country was going to the Hague, living and working in a multi-cultural environment for a full week, leading the life of a diplomat. AHS represented Algeria, under the guidance of Mr. Ralph Blake, a thirty year veteran of The Hague International Model United Nations (THIMUN).

MUN was held in Den Haag. Those 3000 international participants who attended the XI annual session tried to find solutions to world problems, such as the environment, human rights, refugees, drug trafficking and others. They lobbied, passed resolutions, debated and ran from meeting to meeting. There were plenty who wore their "busi-

ness" outfits and carried briefcases, while acting like grown-ups in this superficial environment. Reality took the form of the Bosnian war crimes trial held across the street, which delegates were encouraged to attend.

Most representatives wished to return to the Hague, a truly unforgettable experience that gives students insight as to how business is handled in the United Nations. Lydia Evans said, "The whole experience of MUN has been eye-opening. Seeing how passionate some of the students feel about world affairs is comforting. I am sure there were some future ambassadors present." Even though the United Nations may have its problems, THIMUN can be said to have been a wonderful experience for students with an eye on the future.

by Autumn-Dawn Rosado

Greg Sansone checks his facts with Chris Talbott, as Brian Hardin and Jon Evans discuss human rights at the London Central conference.

Listening to UN assistants, Joe Castaldo, Lydia Evans and Josh Tucker get their questions answered.

Winter Cotillion Court: Front; King
Lawrence Barry and Queen Jamie

Bertelli. Back; Lady Gemma Breedlove,
Lord Andre Hammond, Princess

Emma Humbert, Prince Phillip Carey,
Duke Peter Park, Duchess Krista Powers.

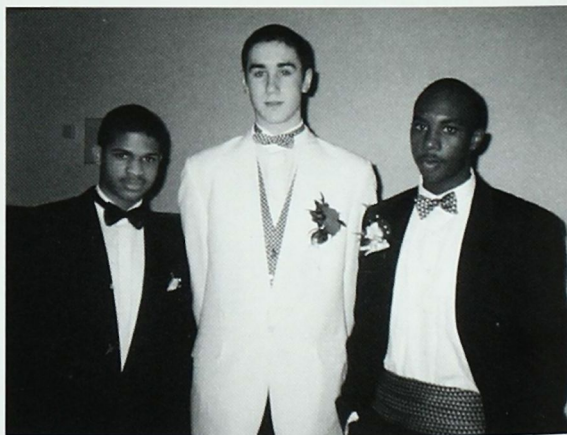

Winter Cotillion, the second of the three formal dances, was held February 5, at the "Village." It was a joint operation organized by the Freshman and Senior classes. The two chairmen from each class were Andrew Concilio and Kristen Hudson for the Freshmen and Zeanna Watterson and Zach Pullins for the Seniors.

No one knew what to expect, but as soon as the lights were dimmed, the ladies wanted to dance and the party began.

Halfway through the cotillion, the court was announced by Ben the DJ. The voting had been done in English classes and counted by a discreet few, so it was a delightful surprise. As soon as all were named, they danced the ceremonial turn on the floor with everyone joining before the song ended. At ten-thirty, when the dance ended each person was glad they had attended.

by Greg Sansone

Zach Pullins, Phil Carey and Izzy Clark check out the girls.

Winter Cotillion

Autumn-Dawn Rosado works on the Senior collage, while Nathan Ledford fixes his division page lay out.

The yearbook class spent a long time arguing about the theme to this year's book. At all times, the group seemed to be split, which made coordination fraught with problems. It finally emerged that each staff member brought their own talents to the project.

With a year's experience, Jamie Bertelli became the expert. Skyler Lee was called upon to do art work besides his pages and even wrote copy for wrestling at the season's end. Jenny Fifield sent flyers and made calls securing advertisements to pay the \$10,000 bill, besides taking pictures. Richard Reather became the expert in Division pages. Shavonne Hummel whizzed through layouts. Erica Holstine entered the class after the methods were taught, but, by the end, was completing tasks with little problem.

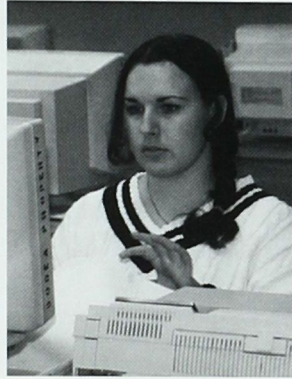

When the semester was over, Autumn-Dawn Rosado was still working to help finish the last deadline, with Ms. Sharon Curran, the sponsor.

There is a lot to learn in this project; vocabulary, layout, photography and cropping, a computer program and working together. The staff hope their efforts are well received.

Yearbook

Valerie Medaugh salutes the end of the first deadline at the staff pizza party.

Shavonne Hummel types her music pages on the Comtran program.

Yearbook Staff: Front row; Valerie Medaugh, Erica Holstine, Nathan Ledford, Autumn-Dawn Rosado, Monika Carson, Jamie Bertelli. Back row: Skyler Lee, Lawrence Barry, Richard Reather, Peter Park, Don Trafelet, Shavonne Hummel.

Middle School

It's Jeffery Lambert cutting some apples in his Home Economics class for apple pie.

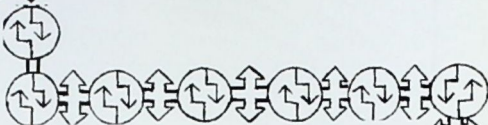

Philip Gray paints a watercolor landscape in Seventh grade art class.

gart. Second row; Philip Gray, Alex Jaeger, Crystal Lane, Jessica Bennett, Kim Moore. Back row; Maureen Cummins, Michelle Hinton, Robert Fisher.

The Middle School were winners of the first Spirit Stick Competition at the Homecoming pep rally, winners of the uncovering the Dragon and developers of notorious bake sales. They sponsored the Valentine's Candy Grams. Throughout the year, they overcame obstacles like eating at the cafeteria for a semester and not participating in overseas athletics. But, during their time here, they had their share of fun. Such fun was the field trips they took to London for a play and the trip to historical Canterbury and Edale. What middle schooler can forget the January Dance? These crusades were led by Ms. Louella Hardin and Ms. Sally Jones, the sponsors who planned the middle school's year, along with their Student Council.

by Skyler Lee

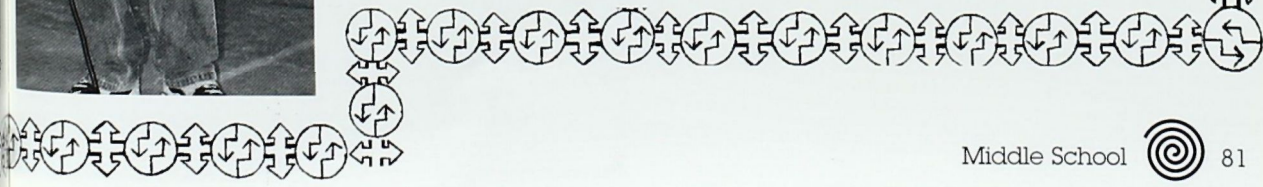

Showing spirit at the Homecoming Pep Rally are Bryon Melter, Sarah Naughton, Michelle Hinton, Erika Wells, Paul Clayton, Alicia Christensen, Kyle Cox, David Thomas, Ian Davison, Brian La France, Matt Sansone and Jake Babcock, along with sponsor Ms. Sally Jones.

Jonathan Butler, Allison Toth, Sarah Naughton, Angela Elliot, Sonia Reyna, Jessica Bennett and Alexandra Concilio accept applause after their skit at the winter pep rally.

Among great cheering, Matt Werling does his mime to Boombastic during the winter pep rally.

Sonia Reyna strikes up Rock On with her clarinet during the Homecoming pep rally.

The soon to be Kings and Queens of the middle school were excited about the upcoming year of the eighth grade.

The seventh graders took that giant step from sixth to seventh grade. Being in the seventh grade allowed them to get a hint of what high school life was like.

The highlight of the year was winning the Spirit Stick during Homecoming by gaining more points than any of the other classes. They went to Canterbury in March and worked on fractured fairy tales in English class. Their favorite subjects were P.E. and Science classes.

One of their expectations will, hopefully, be going off campus for lunch, and some say that they will be preparing for high school sports.

Autumn-Dawn and Spring Eve Rosado

When you both walk through the fields of life
And experience happiness and joy as never before,
Smile a little smile for your mother and me,
For we also will rejoice in that happiness and joy.

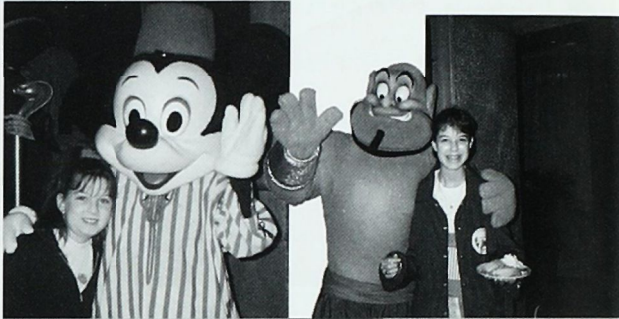

When you both feel that the world has struck
You down and you feel the chill of doom,
Smile a little smile for your mother and me,
For we will be there with our love to guide
You forward, and to help you look up.

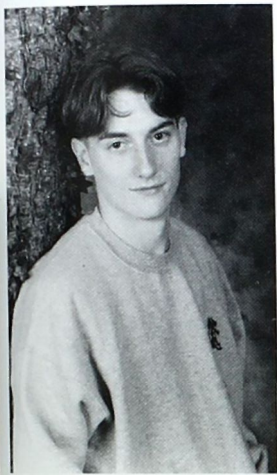

In the many times that the world will be
At your feet, and your accomplishments
Are praised by many, hold your heads up high,
And smile a little smile, for your mother and
I will be full of that same pride

When the time comes to you both to feel disappointment
And adversity, you will always have a shoulder
To cry on and a hand to hold and arms to enfold you,
And the warmth of a smile to carry you forward.

Your Mother and I have one gift for
You both to carry on in life with,
A gift that stems from all those smiles, all the
Joy, all that happiness you both have given us.
That Gift is the Mirror of LOVE. In the love
We share for each other you both will find
That you have grown into capable strong precious women
Who want to share their love and joy with the world, knowing that
In sharing love you become stronger and happier.

And when you smile that little smile for your mother and me,
May you remember how much we love you,
And just how much we care.

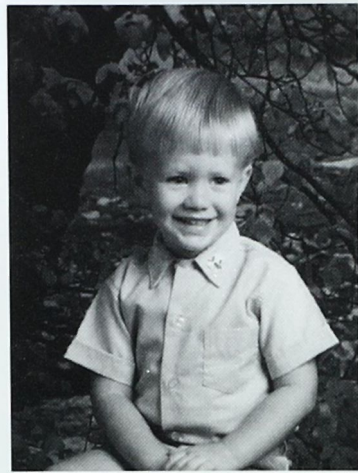

We are
so
Proud
of you.

All the Best for
the Future.

Much love, Mom, Dad, Jennifer
and Laura

From Then...

...To Now

Jasminda Colon

To Our Cool Cousin Jasminda,

We can't wait for you to be back in the States again! Congratulations on your graduation!

Love, Becky, Josh and Jeremy

Jasminda,

Every life has its dark and cheerful hours. Happiness comes from choosing which to remember. Congratulations!!

Love, Uncle Mark

To My Special Niece, Jasminda:

Today's dreams are tomorrow's future. Never fear to reach for your dreams, for there is nothing out of your reach as long as you have patience, persistence, and always keep your goals in sight. I am honored and proud to be your favorite Aunt. Love always and forever, Aunt Marie

Just the other day I remember you starting school, And tears fell because my little girl was growing up. So many steps you've taken since that day. Memories so precious in my mind, Indescribable emotions of love and pride surround me like mist. Now you're spreading your wings and starting to fly. Dreams fulfilled are a step away. Anything is possible, may you find joy in your anything's.

Congratulations! Love, Mom

You gave me happiness along with some sorrow. You brought laughter along with some tears. You brought wonder along with some moments of sheer terror. You provided me with entertainment along with some insight into life. But most of all you gave me love. Love, Dad

Jas,

Congrats! I'll be happy to get your room but I'll miss you when you're gone.

Love, Your Sister, Gabby

©1998

To the Great Fisherwoman:

For the one that got away and the one that didn't! Congratulations and Sappy Graduation!

With all our love,

Uncle Steve, Aunt Penny, Nora & Nate

To our Granddaughter, Jasminda:

All the wonderful things in life are so simple that one is not aware of their wonder until they are beyond touch. Cherish your yesterdays; dream your tomorrows; but love your todays! Happy Graduation! Loving Wishes, Grandmom and Grandpop

From A Few Months Old To Kindergarten To Now, A Senior. You've Come A Long Way Baby - We're So Proud of You!

Skyler Lee

*In the hollow of thy hand,
as he grows from boy to man,
Helps his understanding deepen and increase.
In the hollow of thy hand,
as he grows from boy to man,
Let him know the special blessing of thy peace.
As he faces life's demands,
may he take a valiant stand,
Give him shelter in the hollow of thy hand.*

**You'll always be our Champion!
We Love You.
Dad, Mom, Austin, Spencer, and Lindsey**

Congratulations Class of '99

From the AHS Administrative Team
Mr. Charles Toth, Principal
Ms. Debra Johnson, Ass't Principal

**Excellence in Learning
from
Excellence in Teaching**

Alconbury Class of 99

To our wonderful daughter
MINDY LAROUCHE

You are what every parent wishes is a daughter
and more and we thank God every day for
choosing us as your family. From the moment
you were born it was apparent that you were
very special and it shows.

And now, as you continue your road towards
education and life, we wish you every
success in whatever your future brings.

Know that we will always be there for you
and with you.

We love you oodles-congratulations,
Mom, Ken (Dad), Katie, Nancy & Erica

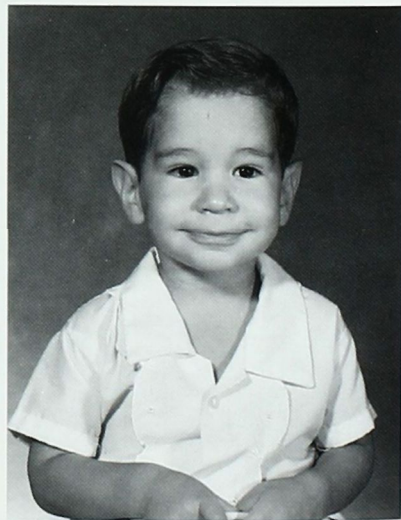

Life affords no higher pleasure than that of
surmounting difficulties, passing from one
step of success to another, forming new wish-
es, and seeing them gratified. He that labors
in any great or laudable undertaking has his
fatigues first supported by hope, and after-
wards rewarded by joy...

To strive with difficulties, and to conquer
them, is the highest human felicity.

by Samuel Johnson

Jon Evans

Con cariño,
Dad, Mom & Lydia

*Congratulations
Mike
Zimmer*

あ

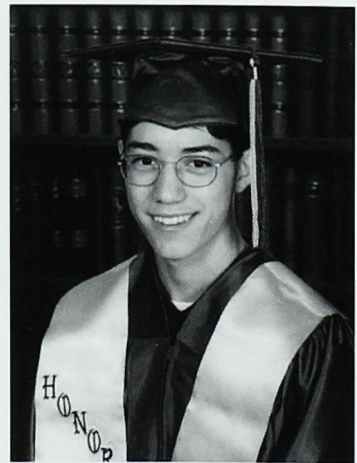

進

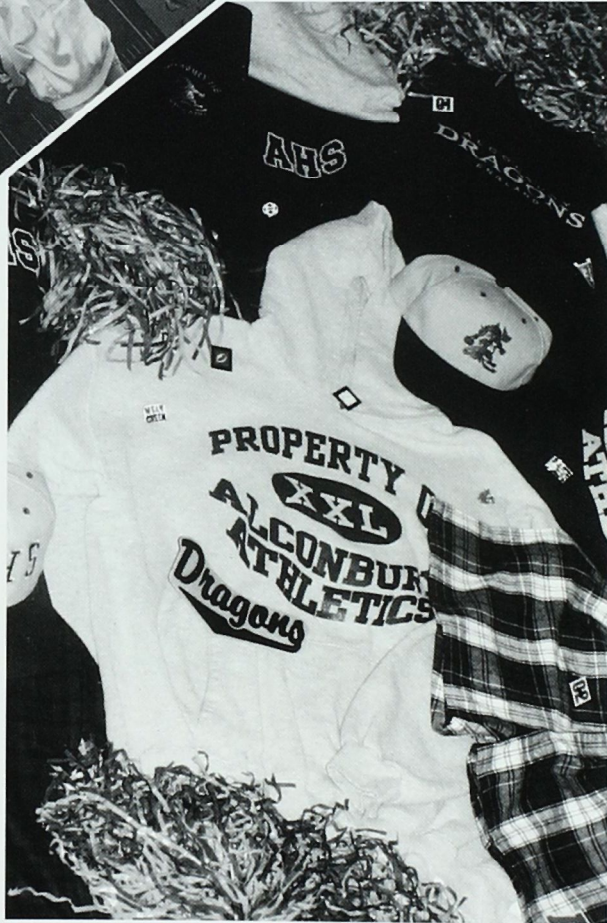

*As you cross the threshold of
one millenium to the next -
Be confident in your abilities to
challenge your future.
We all know you possess the
spirit to succeed in all you do.*

*Love,
Mom, Dad, & Chris*

AHS Boosters Club

**Working
for
You.**

Congratulations to the Seniors.
