We Are The

Students

Back-to-School Dance

After a week of meeting new teachers, finding classes, and getting to know new friends, students were given the chance to show what they got at the back to school dance.

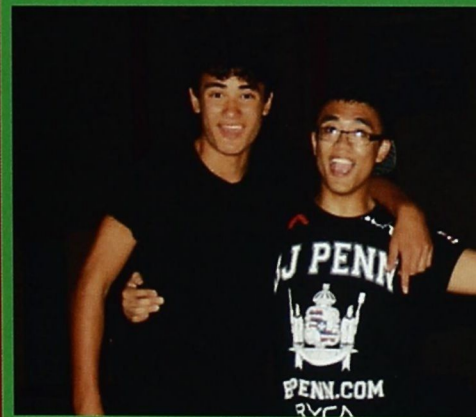

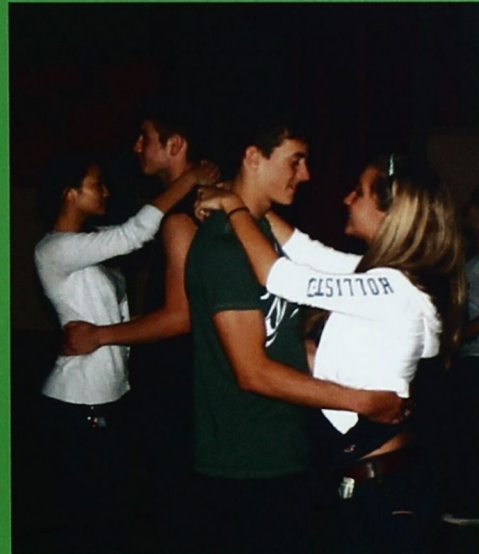

Students got to hang with friends, eat some great food, and listen to some awesome music. From dance-offs to limbo, there was

something for everyone. The fiesta theme got everyone in the mood. Thanks to the student council for decorating the gym and also thanks to the seniors for the great food.

It was a night for students to let loose and relax and will be a night that will not be forgotten.

--Emma Reiner

Below: Justin Thibodeau and Noelle Baffa, along with Gavin Maltais and Emily Luong, enjoy a slow dance.

Top: Jonathan Lee, Izzy Connolly, and Tim Weber rock out to their jam.
Bottom: Solomon Dana and Andrew Luong hug to celebrate their bromance.

Dancers take a break from dancing to do the limbo.

Neon Night

Below: Keith Marasigan and Olivia Phillips dance to a slow song.

Neon Night was sponsored by the junior class. It was a fabulous way to end exam week. The night was spectacular with all of the effects given off by the black light cannons.

Even though a lot of students from Alconbury attended, the MUN class

missed out and spent the entire week at THIMUN for their semester final.

A big "Thank You" to Ian Armour who volunteered to DJ the dance and helped keep the crowd going the whole time. Neon Night was the dance of the year.

--Ashley Goluba

Above: Brendan Johnson, Kevin Beasley, and Marrison Cole have dressed the part, decked out with white shirts and neon body paint.

Top: Jacob Poole, Sophie Mobius, Elise Wimmer, and Thomas Hammerbacker.

Bottom: Brendan Johnson signs Andrew Luong's shirt with a highlighter for a better neon effect.

Homecoming 2011

The Homecoming Dance this year was awesome, almost unbeatable. Due to the outstanding DJ Christopher McDonald, everyone danced. The variety of music at this dance was spectacular and ranged from rap to pop to techno to even dubstep.

The food was delicious, with the chocolate fountain and cupcakes as the highlights. The cupcakes

were donated by 10 students who entered the cupcake wars. The 1st place winner was Xavier Merrill, with his brother Matthew Merrill not far behind in 2nd place.

In the opposite room, in case you wanted to take a break from dancing, was a fooseball table. There you could challenge your friends and enjoy a nice friendly game of fooseball.

We Are Spirited!

The homecoming theme this year was “LIVE from the Red Carpet,” giving the hallways fantasy, action, old Hollywood, romance, and animation themes. The spirit days this year consisted of hallway day, class-color day, super-hero day, and green-and-gold day.

The pep rally led by student council was definitely a memorable one. With the great decorations and hours of prep time, this pep rally turned out to be amazing. One student observed, “The skit written by Mrs. Pisierra and Gavin Maltais was hilarious!”

We Are Creative Connections

Creative Connections is a week-long event, held in Oberwesel, Germany, that gives students a chance to focus on the arts. Students choose from 11 workshops, focusing on various arts forms, which end with an exhibit and performance.

Students Gavin Maltais (music arranging), Imogen Weaver (dance), Nichole Pisierra (show choir), Christiana Crowder (strings) and Ashley Steele (drawing) all took something different away from their classes.

"It's a free environment to explore and draw," says Ashley, who was working with charcoal and erasers.

"I thought it was frustrating at first, but as I'm doing more, it's starting to click."

This year's theme was "Inspiration" and, according to Ms. Mitchell, "The most amazing part of Creative Connections was that I was the one who was inspired by the students. It is such an amazing opportunity for students who share a common interest to come together and feed off of each other's creativity."

"There is no way you can come back and not be changed from this experience. The opportunity to spend just under 24 hours a day for a week doing what you love to do...heaven!!"

--Emma Reiner

We Are Club Beyond

Club Beyond is a weekly youth club that gives students a chance for good food, crazy games, and all around fun. With dinner offered for the high school and snacks for the middle school, this is the place to be on Tuesdays. Along with the incredible food provided by volunteers, crazy games each week keep students on their toes. To top this all off, each club meeting ends with a meaningful message from one of the Club Beyond leaders.

Club Beyond has its share of trips, going to Austria in the winter and Romania in the summer. Austria is a week-long trip where students ski, snowboard, and hang out. For students, it is a chance to hang with friends

from other schools. From sledding to going into town to a rockin' New Year's Eve party, students are never without things to do.

This year's Romania trip is shaping up to be an amazing experience. It will give students a chance to serve others while having a good time. Club Beyond: where faith, friends, and fun connect.

Cyber Patriot!

CyberPatriot is a national high school cyber defense competition that is designed to give hands-on exposure to the foundations of cyber security.

CyberPatriot's goal is to excite students about science, technology, engineering, and mathematics (STEM) education.

The team assembles in the library.

Alconbury's CyberPatriot team consisted of Ben Nelson, Ian Armour, and Joel Fouhrman. They worked together in this nationwide competition and did well.

ALCONBURY DRAMA CLUB

This year, the Alconbury Drama Club had a blast putting on *Your A Good Man Charlie Brown*. Directed by Ms. Kemp, the play was a huge success. They had sell-out crowds for their two-day run, March 8th and 9th.

WE ARE THE CROSS COUNTRY TEAM

The Alconbury Cross Country team gave it their all this year and successfully placed second and third at the European Championships in Heidelberg, Germany.

The 2011-2012 boys' cross country team, Jonathan Lee, Ben Nelson, Zach Nelson, Patrick Short, Edison Kupec, Erik Martin, Josh Schappert, Madison Brann, Tom Irby, Ian Raab, and Tyler Rocha, took an impressive 2nd place at the European Championships this year.

Those who contributed to the European competition consisted of Ben Nelson, who took 5th place; Jonathan Lee,

who placed 7th; Tom Irby, who took 9th; and Edison Kupec, who pulled off a strong 12th place.

The 2011-2012 girls' cross country team, Alex Sherenco, Imogen Weaver, Kayci Kavanagh, and Ashley Cazier, came in 3rd place at the European Championships.

Those who contributed to the European competition were Ashley Cazier, who placed 2nd; Alex Sherenco, who placed 12th; Kayci Kavanagh, who followed Alex with 13th place; and Imogen Weaver, who took 14th place.

The Cross Country team had a wonderful year!

We are the FOOTBALL TEAM!

The Dragons' football team this season consisted of a lot of new players. The Dragons lost a lot of valuable players from the previous year this season but made do without them. After working out the entire summer and giving their all during "Hell Week," the football players were ready to take on any team that dared to play them.

The Dragons' first game was against Menwith Hill in the Jamboree. The Dragons unfortunately came up short 8-12. The following week the Dragons went to Bamburg, new to Division III, but lost 0-44.

The Dragons were determined to break this unintentional streak and murdered the Brussels Brigands 44-6 the next week. This gave the Dragons a big confidence boost. Unfortunately, the Dragons weren't expecting Rota to be a big threat this season and in the end lost to them in the semi-finals. Although there weren't many wins this season, the Dragons had a lot of fun playing together and never gave up!

The seniors will be missed next year as they go on to bigger and better things. Hopefully some of the younger players will step up to take their spots on the field next year.

We are the *Tennis Team*

The 2011-2012 tennis team had an incredible season. The team won at least half of the matches they played. Coach Behr said it was a great learning experience for the younger and older players.

They won Division III Europeans for the second year in a row. For tennis, only six players can go to Europeans. The Alconbury players who went to Euros were Ashley Hand, Nichole Pisierra, Allison

Cavin, Ronnie Behr, Matthew Thrasher, and Isaiah Beltran.

The incredible Ashley Hand (Senior) was the first player in Alconbury history to make number 6 for singles in all of Europe.

A few of the tennis players said that tennis is a very mental game because if you have your mind set on winning you can win.

WE ARE THE VOLLEYBALL TEAM

The volleyball team has worked long and hard all season, and made do with a very new and young team. On the team this season, two of the athletes had never played before, and another two had just come up from the JV team.

The team ended the season with a victory against Menwith Hill, one against Brussels, and a very close but unfinished match against DII school Bitburg.

We hope to see many of the returning players again next year.

Congratulations to Ashley Goluba for being selected for the All-Region Team and Ashley Steele for being selected to the Alternate All-Region Team.

For the entire season, Ashley Steele had the highest kill and ace averages, whereas Ashley Goluba had the highest setting and digging averages, and Hailey Sorensen led the team in blocks.

We Are the Boys' Basketball Team

The Alconbury boys' team put on a convincing string of performances over the 2011-2012 season. With only 12 players, the Dragons were able to hold their own against the toughest of challengers.

This year's team focused on building strong players for the future of Alconbury basketball and creating a basis for a program on the rise.

At the end of the season the Dragons had 5 wins and 3 losses in the conference stage and Europeans. Kahlil Williams received the best defensive player award and Chris Lanphear was awarded the best offensive player of the year.

We Are the Girls' Basketball Team

After many years of Ron Behr's coaching the girls' basketball team here at Alconbury, he has stepped down to let Coach Duke Eidt take the reins this year. "It was tough to adjust to the new coaching style at first," one player said, "but we adapted well."

Under the new leadership, the girls impressed fans with their tremendous improvement.

In addition to Eidt's coaching this year, another coach stepped up to help out the team, Coach Adrian Mazier. She is in the Navy, and she took time out of her busy work schedule to help the girls keep improving. The team was very thankful to have had her coach.

WE ARE THE BASEBALL TEAM

The baseball team has worked hard and, for a new team, has really worked well together. This is only the second year that baseball has been at Alconbury but compared to last year the team showed great improvement.

The baseball team this year was coached by Coach Miller and Coach Liebgott. This is the first year both have coached the Alconbury baseball team. The two coaches did not disappoint though; the Dragons had a winning season.

Pitcher Beau Hocevar said, "This season was hard but I had a ton of fun. It's sad that this is my last year of baseball here but I enjoyed it."

We are the Rifle Team

The Rifle Team stayed busy this year and has plenty to show for it. This being the team's first year, they just barely missed Europeans by only 169 points. They overcame many obstacles, starting off the year with the wrong rifles and equipment. With the help of the school and JROTC, they were able to get the proper equipment.

Each student learned a lot and had fun. Senior Andrew Luong won most valuable player, senior Stuart

Brann won coaches award, and freshman Tanner Carlile won most improved.

The students learned all their skills from coaches Major Bartmess and Mr. Herb Teachy. Mr. Teachy is a Grand Master Rifleman and has been instrumental in the team's success.

After overcoming many obstacles at the start of the year, the coaches and students are looking forward to next year and are excited to compete. -Emma Reiner

We are the Wrestling Team

The Alconbury 2011-2012 wrestling team has had an amazing year. Coach Bruce Ballard with assistant coach Mr. Leese taught students to the best of their abilities. Two students qualified to go to Europeans: sophomore Xavier Merrill and freshman Dallin Cazier.

This year the Alconbury wrestling team worked extremely hard and hosted the sectionals, and competed to win against six other teams from other schools around Europe.

WE ARE THE Boys' Soccer TEAM

Boys' soccer had a fantastic year, led by Jeff Black and Tyler Grissett. While Jeff Black led the offense to score the goals, Tyler Grissett stayed back to help guard the goal on defense. This year Zach Nelson and Chris Lanphear were the keepers; it was the first year in goal for both of them.

Coach Black is a veteran coach here at Alconbury, this year being his fifth with the team. This year all of the soccer players dyed their hair blond to spark some excitement during the tournament here at Alconbury. There will be great hopes for the soccer team next year!

WE ARE THE GIRLS' SOCCER TEAM

This year the Alconbury Dragons girls' soccer team has been working very hard in practice and in games. The Dragons have shown us this year that they are more aggressive, ready for anything that is thrown at them, and are showing off everything they have. This year there are thirteen girls that came out for the team, each of them with their own skills and abilities. The Alconbury Dragons are a very confident and fearless team.

The coaches this year have made sure to work the girls to their highest potential to ensure that they are all working together to be the best team they can be. Nine of the thirteen girls that are on the team this year are juniors, so next year we should have a very strong, experienced team. Everyone is excited to see how the team will do this year in Europeans.

WE ARE THE SOFTBALL TEAM

The Dragons' softball team hit off the season with lots of enthusiasm and energy. The group this year had a small handful of returning players and fresh new faces as well. This year's team was led by senior captains, Ashley Steele and Stephanie Buan.

The softball team opened their arms to new players such as sophomores, Hailey Sorensen and Monique Ahlheim, and freshmen, Miranda Karr, Courtney Dowell, and Becky Matthews. Coach Siftar was a huge promoter of good sportsmanship and equal play, so all new players had the chance to enjoy the game and get more experience.

The team faced many Division I and II schools and have showed improvement in each game. The Dragons hope to get enough training and practice to fight for the championships at Europeans.

WE ARE THE TRACK & FIELD TEAM

The Alconbury Track team had a great turn out this year. With new additions to the varsity team, Alconbury remains undefeated for division III. Coach Foutz, Coach Ballard, Coach Kaleikini, Coach Barnes, and Coach Brown have been working closely with each runner to improve the overall team performance.

At the very first track meet in AFNorth, Jada Griffin-Howard qualified in the 100m sprint and 200m sprint

with the fastest time in Europe. Nastassia Peters also qualified in the 100m sprint. Brendan Johnson qualified in the 300m hurdles. The girls 4x100 relay team has qualified and the boys are now .5 seconds away.

Both girls and boys sprint medley teams have also qualified. Many others are close to qualifying for Europeans and this will surely be a successful and proud year for the Alconbury Track team.

Middle School Student Life!

“The best year yet!” - Aleah Cole

“We rule the middle school!”

7th Grade Field Trip *Frontier Center*

At the beginning of each year, the seventh grade takes a field trip. This year's seventh grade went to "Rock UK Frontier Center" which is in Northamptonshire. The field trip was three days long, and the students stayed in the accomodation provided by the center.

The students participated in a number of activities including rockclimbing, canoeing, raft-building, bridge-building and more. The main purpose for these activities was to help the students communicate with each other by using teamwork.

"Well, my favorite part was how we were with our friends and we were learning while having a beast time! The swing was awesome!" said seventh grader Aleah Cole when asked about the trip.

Many other students enjoyed the giant swing as well. The students not only participated in activities, but at the end of the last night there was a big bonfire that allowed student to spend more time with each other and bond. You can ask any seventh grader and they will tell you that this was a great way to start their school year.

6th Grade Field Trip

Grafham Water

At the beginning of the school year, the 6th-grade class took a three-day trip to Grafham Water, where they did numerous fun and exciting activities that taught them about leadership and teamwork. These activities included rock climbing, mountain bike riding, canoeing, rope and climbing activities, and also sailing. At the end of the trip, all of the 6th-graders were part of a sailboat race to test their new teamworking skills. This was a lot of fun for the students even though most of them got soaked!

Back-to-School Dance

*6 Fiesta Night!

The 2011-2012 school year began with a big fiesta sponsored by Student Council! The dance was held in the small gym and had many festive decorations, such as pinatas, streamers, lights, and balloons.

The middle school dance was held from 5-7pm. As students entered they could feel the energy of the place and hear the music from outside of the gym. It was a dance that many kids recall as being "so much fun!" People were dancing from the moment they got in the gym till the second the dance ended.

The middle school Back-to-School Dance was a complete success and a great way to start the 2011-2012 school year at Alconbury Middle/High School.

Right before the holidays, the Middle School Student Council threw a holiday-themed dance called the Jingle Bell Dance. This dance was in our school's gym. The middle schoolers had a great time and even got a surprise visit from Santa himself (Tyler Grissett). They got to eat, dance, and hang out with their friends.

We Are... Middle School Cross Country

Middle School Cross Country had a very good season this year. The season began with thirteen runners. The Middle School runners had the opportunity to travel everywhere the high school runners went except for Europe. The team was coached by Coach Kalikeni.

Anslem Short was the Middle School's top runner this season although all of the runners did outstanding. The majority of runners are in the eighth grade and if they continue to run next year, they will all make a very strong High School team.

MATH

This year, Alconbury Middle/High School is offering nine math courses which include Math 6, 7, and 8, Algebra I, Geometry, Algebra II, Discrete Math, Pre-Calculus, and AP Calculus. The teachers that teach these classes are Mrs. Balderstone, Mrs. Wilson, Mr. Behr, and Ms. Heimburger.

--Ashley Goluba

Ms. Heimburger's 8th grade algebra class demonstrates unit proportions by baking a double batch of yummy treats.

SCIENCE

This year, Alconbury Middle/High School is providing ten different science courses for students. The middle school sciences--Science 6, 7, and 8--are taught by Mrs. O'Connor and Mrs. Balderson. A period of 8th grade Science, Chemistry, Chemistry Applications, and Physics are taught by Mrs. Miller. Biology, Environmental Science, Anatomy, and AP Biology are all taught by Mr. Cogswell.

Our 21st century school went wireless this year, and every students received a personal laptop.

Supporting our new 1-to-1 computer model, technology classes offered this year include eight different choices: Business Lab with Mr. Eidt, Video Communications and Computer Applications for 7th and 8th grade with Mrs. Grimmage, Virtual School with Mrs. Bilverston, and Cisco 1 and 2 with Mr. Behr.

TECHNOLOGY

This year, eight brave students participated in Model United Nations at the Hague in the Netherlands. Juniors Joel Fourhman, Eddie Kupec, Rachel Malcolm, Ben Nelson, Sami Reinebold, and Sydney Smith, along with freshmen, Lauren Downey and Emma Reiner, represented many countries throughout the year, all leading up to THIMUN.

The students spent a week debating and voting with hundreds of other students from around the world, but they made sure to take some time out to have fun, too, enjoying an afternoon at Efteling amusement park.

The Alconbury Model United States Senate team faced off against 12 other DoDDS schools in Raunheim, Germany from March 24-27.

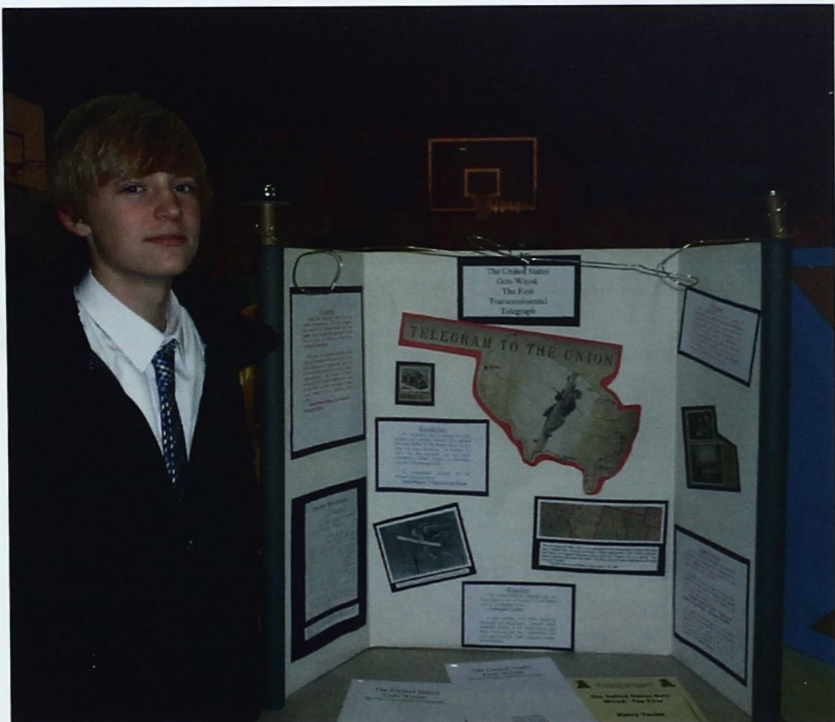

Senators in this 112th Congress debated, argued, and negotiated positions on bills that related to rights of convicts, college tuition and financial aid, oil drilling (fracking), piracy on the high seas, physician assisted suicides, women in combat, and a final joke bill that related to top movie *The Hunger Games*.

It was a great experience for the team who was able to meet with other DoDDS students from as far away as Bahrain, as well as old friends and former classmates.

NATIONAL HISTORY DAY

Below: 8th grader Henry Yocum with his project the "First Transcontinental Telegraph"

Though some students have done National History Day before, this year's middle school NHS was full of first time students who learned just how hard this project really was. "This project will definitely test your friendships," says Adriana Grussing, whose project about the camera she did with a group. "It will either make your friendships stronger or tear them apart." The one thing students agree on is that one must work ahead. This is not a project one can do the night before while expecting to get a good grade.

NATIONAL HISTORY DAY

This year was Alconbury's 4th National History Day (NHD). It is a national program held in all 50 states. Every year there is a different theme; this year's theme was Revolution, Reaction, Reform. Judges from the community came to ask questions and grade the students on what they have done. The high school students that were participating in the event this year were the juniors and sophomores. This year we had four Alconbury history teachers teach the students about NHD. Those teachers included Mr. Centofanti, Mr. Eidt, Ms. Payne, and Mr. Siftar.

J R O T C

JROTC was led this year by Sgt. Jacob and Maj. Gino Bartmess. The purpose of this class is to teach leadership, responsibility, and discipline.

Some events that took place this year were Veteran's Day at the American Cemetery in Madingley, The September 11 ceremony, and the Open Ranks Ceremony.

At Europeans this year, the drill team took 3rd place Sabre Team, 3rd place Color Guard, and 1st place Regulation Commander. This was a competition against Division I and II schools, so Alconbury accepted these accomplishments with great honor.

--Noelle Baffa

BAND

Above: High school students perform at the winter concert led by Mr. Claassen

This year's band class has proven to be amazing this year with a wonderful winter concert. However a lot of hard work and practice was necessary for each song until it became perfect. According to Kindred Barlolong, "Every day in band, my peers and I work hard past our limits. We do make mistakes every time but the best part of making mistakes is working towards a goal to perfecting them. We practice for many reasons and one main reason is to satisfy the audience's ears."

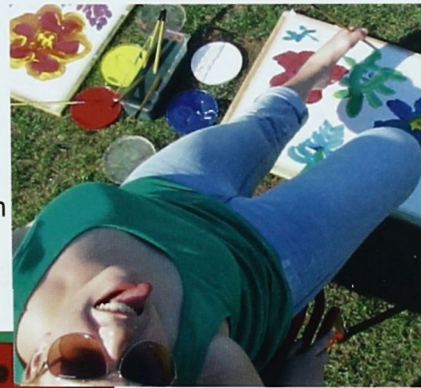

Also this year students Taylor Reed (Clarinet), Ariel Stein (French horn) and Tyler Rocha (Percussion) remarkably represented Alconbury, along with the honor choir in Oberwesel, Germany. With this year's amazing talent, next year looks like it will be exquisite

-Emma Reiner

Alconbury Middle/High School offers an excellent and fun-filled art program led by Ms. Jessica Mitchell. There are a variety of art classes offered, including Fundamentals of Art, Drawing and Painting, and Studio art.

Every year, DoDDS schools across Europe are given the opportunity to submit pieces of art and poetry to *Showcase* where students' work is published into a book. Alconbury has a few students who participate every year.

CHOIR

This year's choir students have put on a number of amazing performances. From singing the national anthem at pep rallies to preparing to sing at graduation, they stayed very busy. Students Nichole Pisierra, Ashley Cazier, Gavin Maltais, Joshua Schappert, and Jonathan Lee also attended Oberwesel, Germany for a week of honor choir.

At the winter choir concert, students wowed audiences with numerous song choices. Also this year, for the first time ever the choir put on a spectacular pop ensemble. With this year's amazing choir, who knows what next year will bring?

The high school drama class began the school year under the direction of Mr. Hansen, who retired in January. The new teacher, Ms. Kemp, was able to come in and pick up where Mr. Hansen left off, working with the class to support a schoolwide production of *You're a Good Man, Charlie Brown*.

Second semester students are planning their May production of "The Driver's Test," starring Sarra Hamilton, Eddie Kupec, Zain Leach, Kevin Beasley, Karina Torres, and Destiny Pryor.

AVID is a college prep class that helps prepare students for the real world. This year, students got to do team-building field trips, which included activities that students did at summer camp.

Later in the year, students even got to go to a college and experience what college life is like, including sitting in on some classes and getting tours from current students.

This elite group of middle and high school students was interviewed and selected by the AVID teachers based on the students' grades and motivation. Student Miranda Karr says, "AVID is helping me feel ready to choose what college and what job I would like to do in the future."

Zachary,

You are and have always been such a joy for us. Now, with graduation at hand, we recognize that our time with you was too short and we are being forced to let you go into the world to live out your own dreams. Now we must watch from a distance while you find your own path, lead your own life and, through all the bumps and bruises, failures and successes, you become the amazing man we know you will be. After all the love, hope and joy you have given us we can only pray that you will remember how much we love you.

Love,

Mom and Dad

Congratulations Isaiah Miguel Ejército Beltran

To Our Dearest Isaiah,

When we look at you now, tall and strong, we don't just see our seventeen-year old Iggy Boy, we see you in all of your life's stages at once. We see you as a newborn in the NICU of USNH Balboa with all the IVs and monitors, the silky brown haired boy pushing his pushcart toy around our Mañori Kaigan home and poking holes at those Shoji doors, carrying your Woody toy around even if it was dirty and smelly, the navy shorts and pressed white shirt of a first grader at Paradise Valley Elementary School, tenderly serving others while you bag food and groceries for the homeless people of Catania every Saturday morning, being a dedicated Altar Server at every Sunday mass.

I remember the blue denim shorts and striped polo shirts that heralded the onset of middle school, a well-worn back pack and a handful of snacks on trains through Japan and Europe, the Principal and Presidential awards and honors you have received, the sports man of your high school, playing tennis, football and baseball, and now, a man. You have taught us many things as we have watched you grow. From you we have learned the power of a tender heart as we have witnessed your quiet kindness to others all of your life. Your teachers throughout grade school always remarked about your wonderful personality and warm genuine smile.

You taught us how to find joy in the moment. You have the gift of turning the mundane into amusement. And you taught us about courage. In your 17 years you have had six homes and attended six schools. Change has been constant. Anyone who has moved knows that it is never without trial. You have navigated these changes with elegance, courage, acceptance, and again humor, when all else failed. You are stronger than you know.

Each chapter has a specific lesson that God, in His all knowing wisdom, sees that you must learn. Painful chapters draw us near to Him, and joyful chapters illuminate the glory and wonder of our world. Both are important. Iggy, we love you. You are the son that every parent dreams of having. We could not be more thankful for you and proud of the man you have become.

Senior year is a year of letting go, when parenthood becomes a complicated mixture of pushing you forward and holding you back. Every day we cry a few tears as we get used to the idea of your moving on from our home, but at the same time, we are so excited for you to embrace this next phase of life. Have fun, work hard, and enjoy every single day.

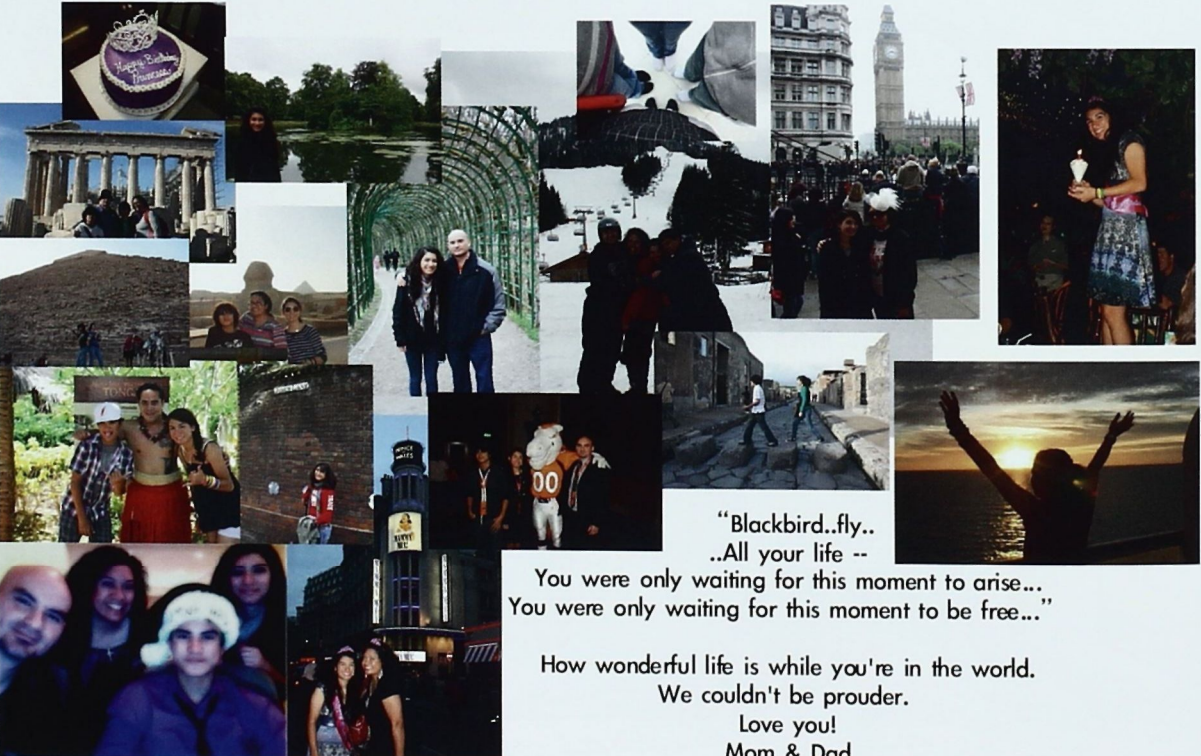

We are in your corner, your loudest cheerleaders, and proudest family!

Congratulations Beautiful Ashley!

You've reached an important milestone in your life!
You are graduating from high school in quite spectacular style.

Remember that life is not about the destination,
But rather the journey.

Enjoy your amazing journey
Trusting that you are exactly where you are
meant to be.

Count on God

And your family to be with you every step of the way!
Know that your faith has inspired some of us to grow
in our own faith.

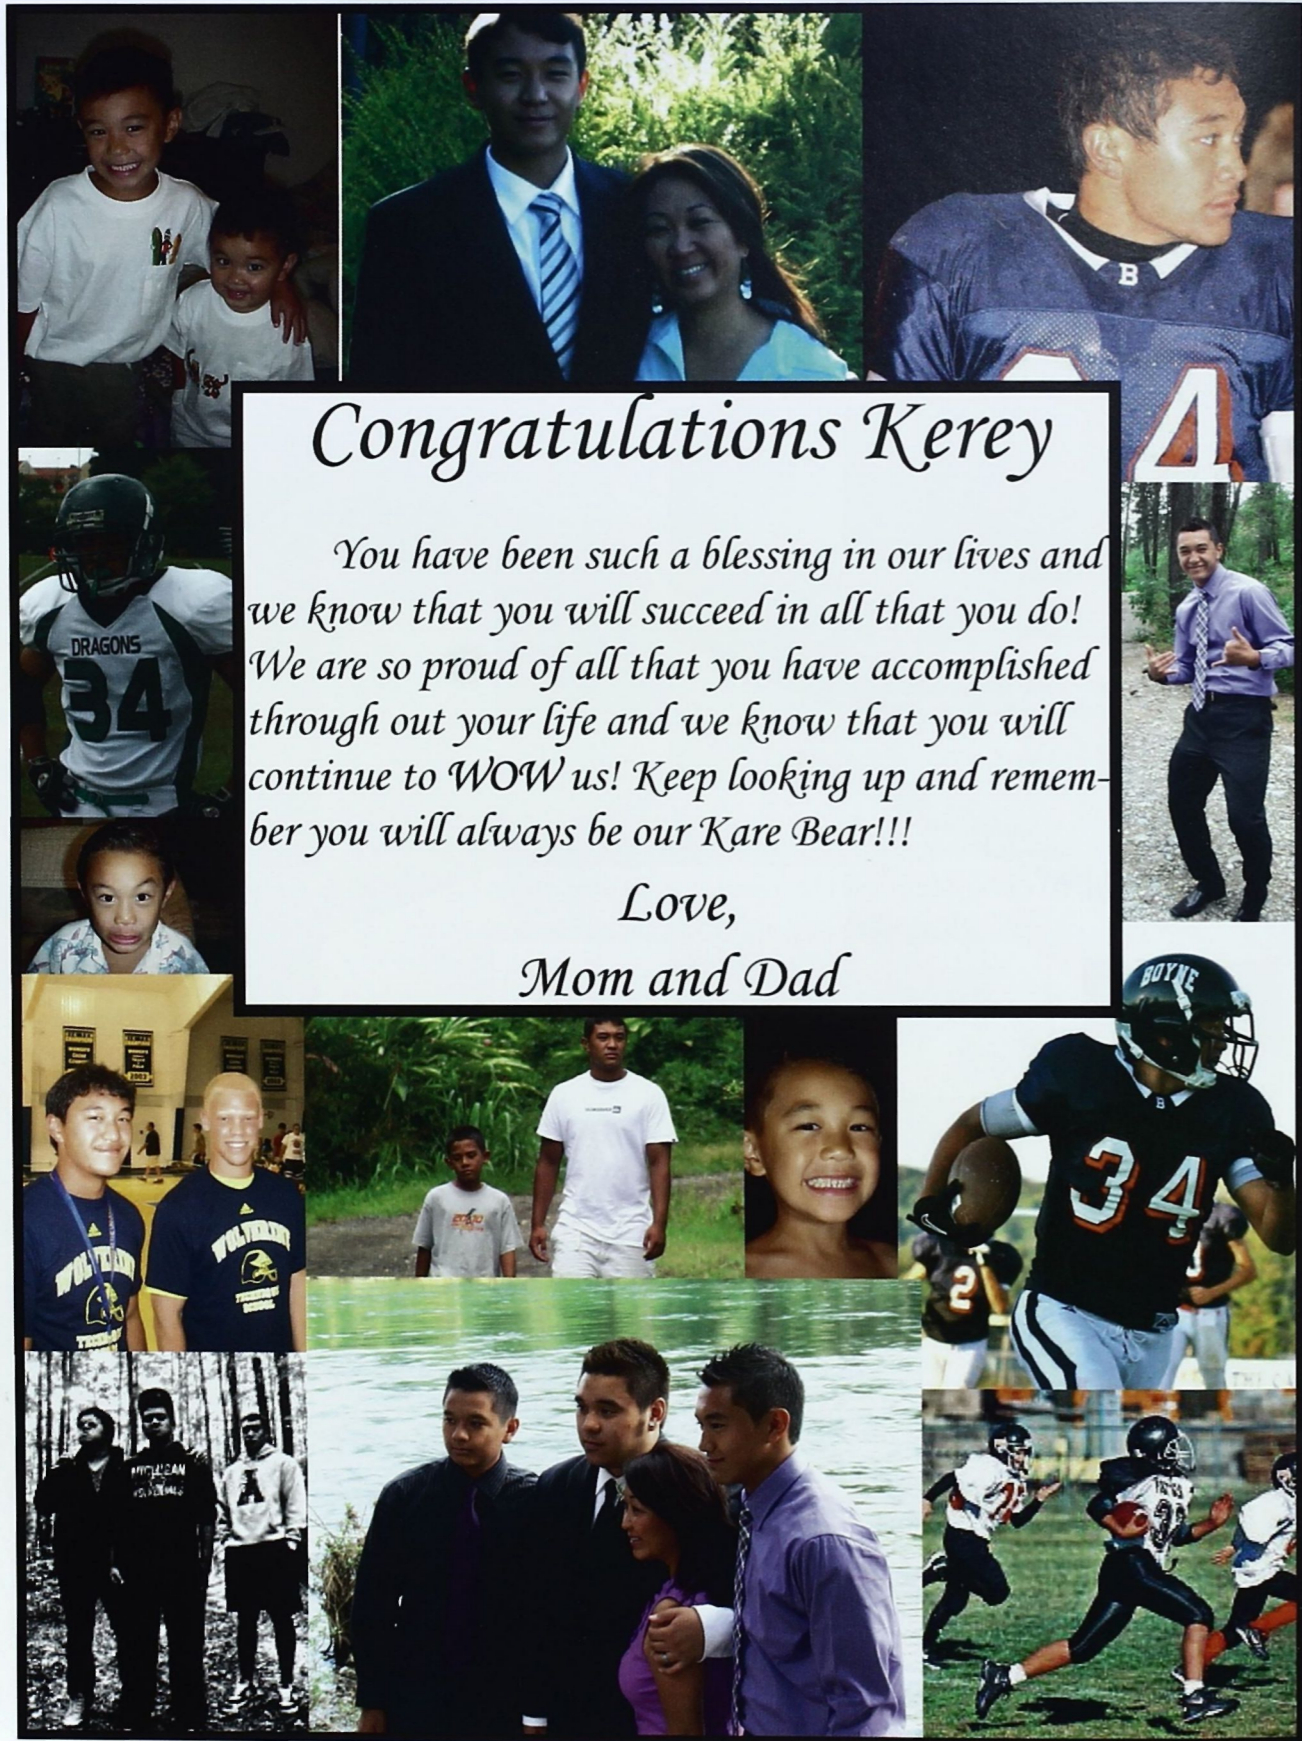

Use the gifts that you have received; strong will
especially, to enhance your life, and don't take any of those gifts for granted.

Know that you never cease to amaze us
with your kind heart, your
Brilliance and determination to succeed!

You are truly a unique blessing and we
Are forever thankful for YOU!

With Love,
Mom, Dad, Mandy, Millie and Chuck

Congratulations Kerey

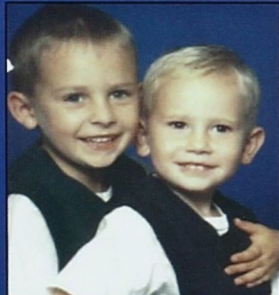

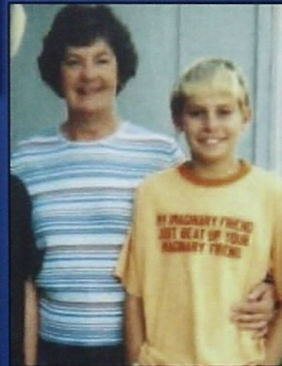

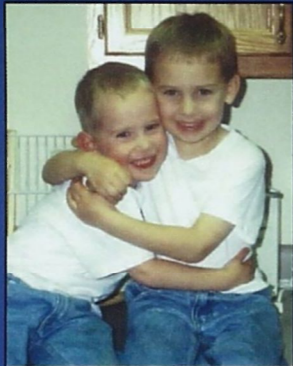

You have been such a blessing in our lives and we know that you will succeed in all that you do! We are so proud of all that you have accomplished through out your life and we know that you will continue to WOW us! Keep looking up and remember you will always be our Kare Bear!!!

On Wings of Knowledge

There you are in your cap and tassel
 Ready to make the world your castle.
 It seems just yesterday you were a kid,
 Watching everything we did.

Now we're watching you graduate--
 The grown young woman we helped create!
 On wings of knowledge you will fly,
 Following your vision and rising high.

We could not be prouder of you;
 We wish you success in all you do.
 Remember one thing we want you to know:
 Our love is with you wherever you go.

~Joanna Fuchs

Dearest Alex,

With pride and admiration we have watched you grow, from a courageous child to a determined young lady, who has taken each facet of your life and molded them to fit your dreams. Learning from the world you have travelled and from the people around you, you have matured into a confident young lady. Your experiences have helped prepare you to face the exciting new adventures life has in store for you. Whether soaring high in the sky or sailing the seas of life, no matter where you are, always remember that your family will always be here for you and love you with all our hearts.

Always Our Love, Mom and Dad

CONGRATULATIONS ASHLEY

We are so proud of you and all your accomplishments! You are a wonderful Daughter and Sister. We wish only the best to you in your future endeavours!

Dear Fritz,

You're moving up to high school, no longer "The Middle Schooler." Life is different and the responsibilities will change each year. The opportunities to excel in High School will always be there waiting for you. How you choose to handle them will determine your level of success in the future.

It is now your time to excel. Define your goals and meet them. We will al-

ways be here to guide and help you achieve your goals and dreams for the future.
