**DEPARTMENT OF DEFENSE EDUCATION ACTIVITY  
ANDERSEN ELEMENTARY/MIDDLE SCHOOL  
UNIT 14006 BLDG 21000  
APO AP 96543-4006  
OFFICE OF THE PRINCIPAL**

Dear Parents and Students,

Andersen Middle School parents and students experienced a year like no other in school year 1997-1998!

Students in Kindergarten through fifth grades began school on September 29, 1997 in converted troop billeting, education center classrooms, a conference center and religious education classrooms. The end of this first year saw our elementary school ready to move into brand new school facilities near Chapel II on Andersen Air Force Base.

During the school year we utilized the base library, we rode buses to utilize facilities throughout the base for various programs. All of us "brown bagged" our lunches and snacks, and hauled lots of fruit drinks and gallons of water to quench our thirst on hot days.

School year 1997-1998 was also marked by Guam's most disastrous typhoon - Typhoon Paka, packing world record wind speeds of up to 238 miles per hour.

The Andersen Middle "Dragons" never even slowed down throughout these challenges!

We decided upon the "Dragons" as our mascot, and adopted our distinctive school colors; black, silver and blue, formed a student council and participated in a broad range of extracurricular activities from band to yearbook.

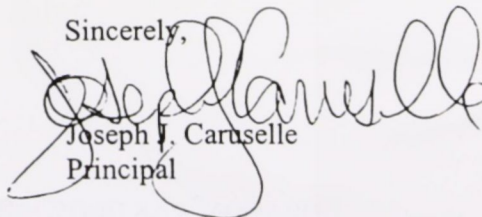

Our teachers are the best! We loved working with you and we enabled you to succeed in a challenging educational environment!

In short, we may never again enjoy a more exciting school year!

We wish each of you the best in all that you aspire to be!

Sincerely,

  
Joseph J. Caruselle  
Principal

## Vice Principal's Message

**DEPARTMENT OF DEFENSE EDUCATION ACTIVITY  
NORTH ELEMENTARY/MIDDLE SCHOOL  
UNIT 14006 BLDG 21000  
APO AP 96543-4057**

Dear Parents and Students,

This has been a most unusual and rewarding school year for me. The excitement of being a part of starting a new school. The privilege of working with such fine Army, Navy and Air Force members and families.

The end of October, I blew in on my first typhoon from the United Kingdom. Working with such dedicated individuals for our second typhoon and starting school back in such a timely manner after such a mess has certainly provided totally new and memorable experiences. The hard work paid off and the students did not miss an excessive amount of school.

Thank you so much for sharing with me and including me in your communities.

Sincerely,

A handwritten signature in cursive script that reads "Pat McKay". The signature is written in dark ink.

Pat McKay  
Assistant Principal

## BREAKING NEW GROUND

*Andersen Middle School started from scratch. We spoke to let our voices be heard all over Guam. We then became independent and started from the beginning with great will power and determination. We started out with books, desks, furniture, and empty rooms. Our community met up and got together to set up our school learning environment.*

**Lt. Col. Stu Nelson and  
Mr. Joseph Caruselle**

Mr. Jenme Quigly, Mr. Joseph Caruselle  
Col. Wayne Hodges, Col. Al Riggle

Mr. Joseph Caruselle, Col. Wayne Hodges  
Lieu. General Santorelli

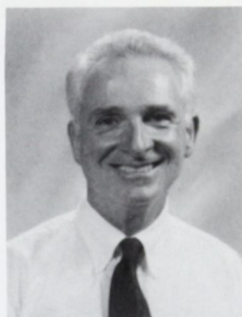

*We all had goals of high achievements for our new school. In the beginning of the school year we all worked our best and hardest to make our school stand out among the rest. We have met many of our goals that we have set, and we are still improving academically and socially.*

*We have set up a student council to make decisions and plan activities. We also have set up other clubs such as band, yearbook club, and math counts for the best interests of the students. With these activities and much more our students gain experience and improve on many skills for their future careers.*

*Our school still has a long way to go to reach our milestones, but with the determination of everyone working together we can pave the road to success for future generations to have the best opportunity to learn.*

# ATTITUDE

By  
Charles Swindoll

"The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts. It is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think say or do. It is more important than appearance, giftedness or skill. It will make or break a company...a church...a home. The remarkable thing is we have a choice every day regarding the attitude we will embrace for that day. We cannot change our past...we cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the one string we have, and that is our attitude...I am convinced that life is 10% what happens to me and 90% how I react to it. And so it is with you...we are in charge of our Attitudes.

Thank you for a great year!

Ms. Kris Kessler
