# Moving On

*We have come a long way from building 21000. Now we are in better and improved facilities equipped with bigger classrooms and more computers.*

*This year we have even more clubs such as Art Club, Dive Club, Student Council, Yearbook, and many more. We even offer sports such as girls' and boys' basketball and soccer, including a coed track and field team. All of these activities are benefiting our students by giving them a chance to improve their skills and motivate them to keep their grades up.*

*Speaking of grades, now we have a quarterly award ceremony to honor our hard working students and help them reach their full potential. Our first award ceremony was held on November 13<sup>th</sup> and it honored students who received a grade point average of 3.0 to 4.0.*

*In February, the N.C.A. (North Central Association) visited our school for an inspection. They are a team of professionals that give an accreditation to DOD schools that meet certain standards. We were given a glowing report because we more than met their standards for accreditation. The team was especially impressed with the teachers' professionalism, the students' skills, school spirit, and the support of the whole community. We have even established a School Improvement Plan. (S.I.P.) We have set benchmarks, goals that we are trying to achieve. Our teachers are helping by improving our skills in every subject so that we may excel in school and Tera Nova Tests.*

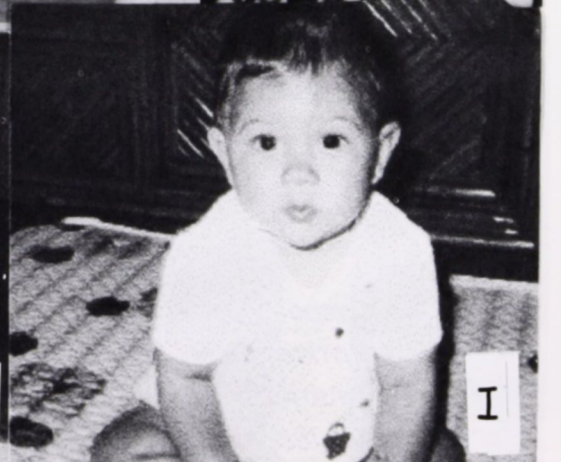

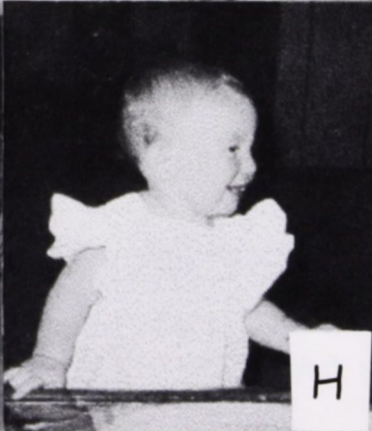

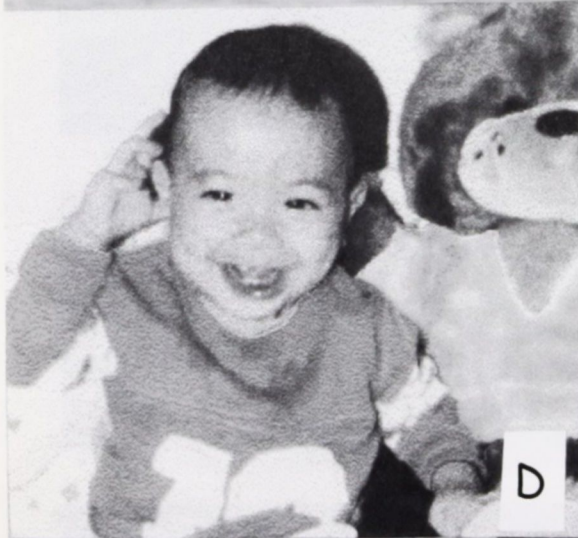

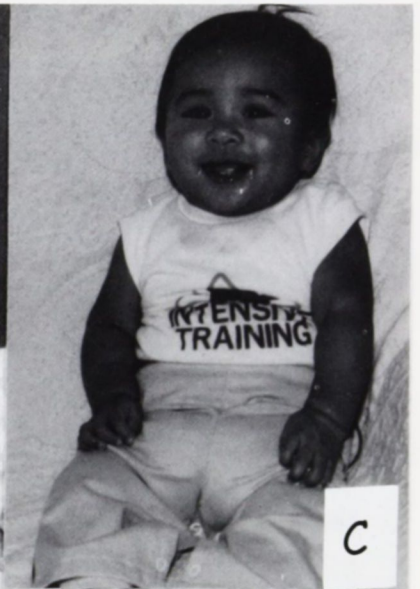

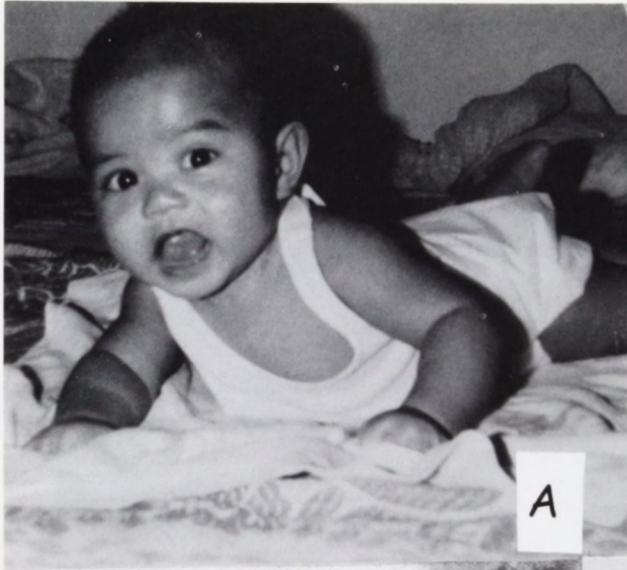

*Our school has created a better and more stimulating learning environment for our creative young minds. We will achieve our goals by working together to excel in all subjects and skills in the future, and continue to prepare our students for the new millennium.*

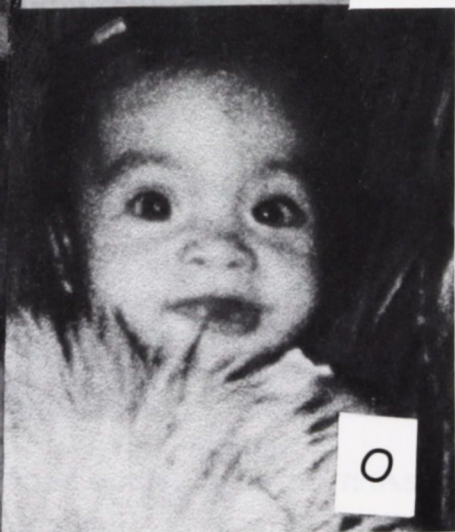

# BEFORE THEY

Long before these students were taking U.S. History, writing notes, playing sports, and just hanging out with their friends, this is how they looked when they were at their cutest. Can you recognize these little Dragons? Answers will be on page 23.

"What? You want to dance with all of us!"

"Group work means it's okay to talk Luz."

"This is the place for 8th graders."

"No stairs at the new school, yeah!"

"Sure, we can make funny faces."

# GO DRAGONS!!

Jasmin, "Don't look at me that way. Luz took the balloon, see?"

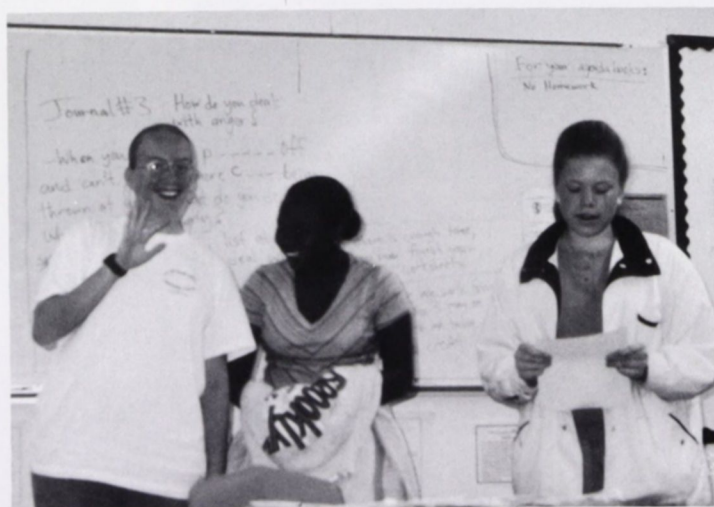

Guys, "Ring around the rosie ...!"

Mike, "What did she say the answer was?"

Good Luck Students!!

The Black Heritage Council is a non-profit organization on Andersen Air Force Base, whose purpose is to support and promote the development of leadership and professionalism, and to share an African-American cultural perspective, in an effort to educate ourselves, our youth, and our community. In addition, the organization fosters a continual awareness and knowledge of African-American military and societal contributions. The Black Heritage Council is open to all active duty members, their dependents, and DoD civilians. We meet bi-weekly, on Tuesdays, at 1130 in the Green Room, at the Top of the Rock. For more information on joining this dynamic organization, contact MSgt Ray Covington, 366-1392, or SSgt Leslie Witherspoon, 366-1396.
