# Welcome to Andersen

# A Message From Our Principals

Bailey, Helen

Sheedy, Jason

Flores, Arthur

The yearbook staff wanted to have our esteemed and very busy principals answer one of several questions asked of them. The questions ranged from "What was your impression of our school when you first arrived?" to "What do you think is the most important part of being an educator?" This page contains the impressive results from our administrators. Enjoy!

## First

## Impression

### Your first impressions of our school?

"This is the most beautiful school that I have ever seen. The teachers were very welcoming and the students were the most well-behaved students that I have ever worked with during my career."

### Your favorite part of being a principal?

"My favorite part of being a principal is seeing each child grow academically throughout the school year. I enjoy playing basketball at recess as well as jumping double dutch during recess. I also love to see the smiling faces as I walk around the school during the day."

## I

## Believe

### What do you believe is the most important part of being an educator?

I believe every child has the right to an education.

I believe that everyone who enters our school can learn and show respect for others.

I believe that everyone who enters our school can take responsibility for his/her own work and his/her own behavior.

I believe that hard work produces good results.

I believe we can overcome failure and some measure of success is possible for all students.

I believe our best today may not be our best tomorrow. I measure success by effort first and the results second.

I believe in generous praise for individual and group work.

I believe the rules should be followed.

I believe reading daily is not only good but also a standard that must be met. Be it at home or the classroom.

I believe in keeping continuous communication with parents, peers and students.

I believe a school needs to have a safe, healthy, caring, and nurturing environment.

I believe in having fun and being nice.

I believe everyday should begin and end with a smile.

I believe in children, family, and public education.

## Greetings from Your New Assistant Principal

### What is the best part of being an Assistant Principal here at Andersen Elementary School?

I came to Andersen Elementary School from McCool Elementary School where I was a Spanish teacher. When I arrived at Andersen Elementary School I looked at the building and thought, What a beautiful school! I was anxious and nervous when I first arrived, but I was given such a warm welcome by the office staff. I quickly felt like I was part of the team here; Team Andersen! I am so grateful to have so many wonderful and professional people that surround me. The best part about being an assistant principal at AES is being able to interact with the people here, the teachers, the support staff, and more importantly the students.

My favorite activity is visiting the classrooms and interacting with the students. I enjoy seeing first hand what everyone is learning and how they are learning.

I have had the opportunity of meeting parents and, in some cases, grandparents. Meeting everyone in the hallways, the Dolphin Theater, the gym, and the cafeteria and seeing everyone in different settings outside the classrooms is also very enjoyable for me. The only thing I do not enjoy is when someone is sent to my office for misbehaving or not doing his or her work! I do try very hard to help students make good and positive decisions and return to their classrooms with a changed attitude and ready to learn.
