Dedication

This year, 1976, is a year filled with many happy memories. But, also sad memories are endured and remembered. One such event was the death of Herr Warndorf our German teacher. Herr Warndorf had been teaching for sixteen years in the American dependent schools here in Germany. He has taught many students the cultures and customs of our host nation, and most important of all, the language. We are proud and delighted to dedicate this yearbook in memory of Herr Klaus Warndorf. We feel it is a gift from all of the students to a person who was very deserving of the honor.

Nevah!!

Mr. Paul Britton
Principal

I have been gratified this year to see people make progress in being both tough and humane—tough in perservering in pursuits of one's own appropriate goals, humane in developing a sensitivity for all people regardless of race or beliefs. The extent to which all of us can continually dedicated ourselves to excellence in our own work, and respect for others on the basis of how well a person is doing what he is capable of, is the extent to which dignity and happiness will result for all.

Mr. Milton Alexander
Assistant Principal

Congratulations to the Class of '76 and all students of Ansbach American High School. This has been the best year of our existence. Teachers and students have been great. Thanks for your help.

Yearbook

Another school year has come to a close, and we will be wondering where all the times have gone. But, this yearbook will help us capture some of those precious moments. It took alot of effort and devotion to make this yearbook and I would like to express my appreciation to those who have made these memories possible.

Very special thanks are bestowed upon our sponsor Mrs. Donna Ogden who gave up many moments of her precious time, even weekends, in order to guide the course of this yearbook. She did an outstanding job, and this book will verify her efforts.

I would also like to voice my appreciation to Miss Carol McCuistion who took over this yearbook after Mrs. Ogden left. She confessed to knowing nothing of a yearbook, but was willing to learn. And her devoting helped us out tremendously.

Special recognition goes to Jo Anne Franciscus, the assistant editor who gave much of her free time, including weekends, to work on this yearbook.

Sam Cox deserves a very special token of appreciation. As head photographer, he worked many days and nights taking pictures to fill this book.

Shawn Samson, our typist did tremendous amount of work on the copy. Her patience and endurance deserve applause.

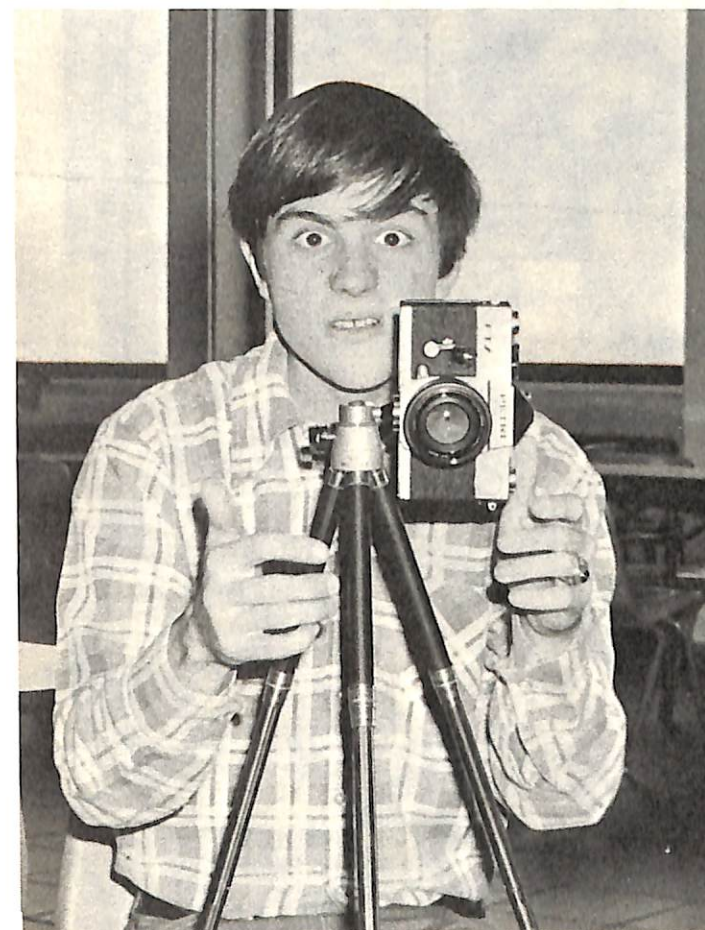

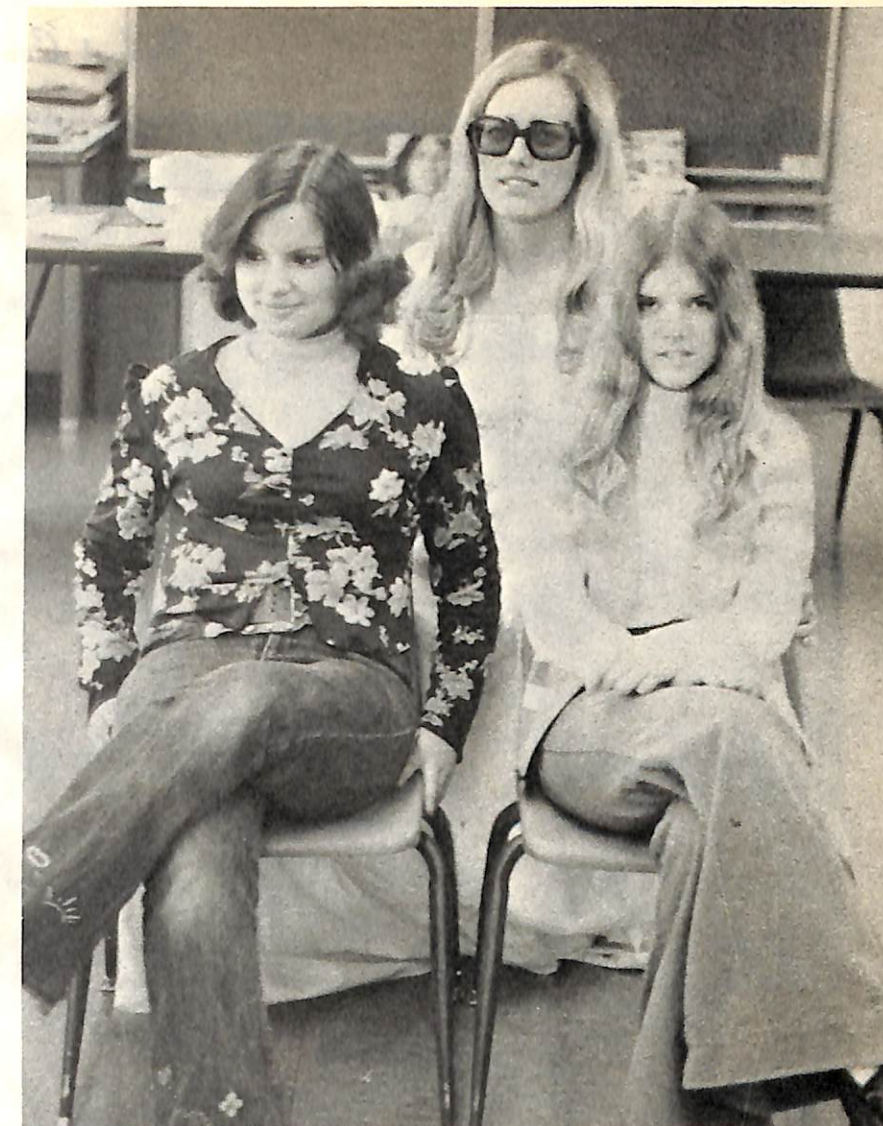

The following people also helped to put this yearbook together, and their work should not go unnoticed.

In Appreciation

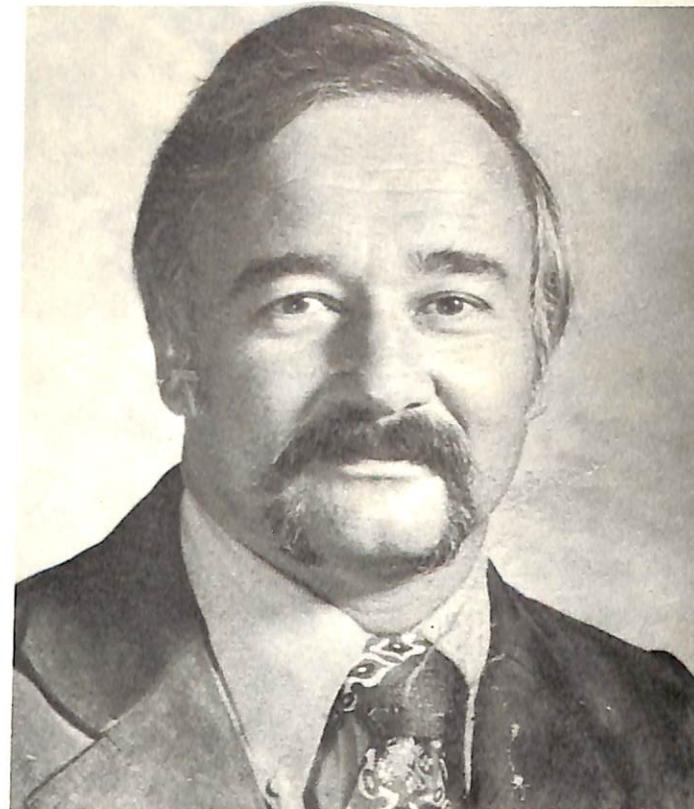

Gary Thomas Westhusin

This page, "In Appreciation" is something new. But, its appearance was merited by a teacher of whom students have expressed their gratification.

Mr. Westhusin, as he is commonly known to the students here at Ansbach High School, is the U.S. History teacher, the Civil Liberties teacher, the American Government teacher, the Senior Class Sponsor, the Horticulture Club sponsor, and . . .

The man is deserving of much appreciation for his thoughtfulness to the students. We would like to thank Mr. Westhusin for all that he has done for this school and the students.

May he look back on this school year and smile because we have acknowledged the greatness of this man.

Enlist in the Army and start college at the same time.

Over 1000 colleges and the Army have an educational plan called Project Ahead. It's a way to enlist in the Army and start your college education at the same time.

If you qualify under Project Ahead, you choose a participating school before you enlist. You'll take courses taught by accredited colleges right on post, with the Army paying up to 75% of the tuition. And after your enlistment's over, you'll be able to continue your education with further financial assistance.

If you're interested in starting on your college degree while you're working at a good job, call me.
