David Robinson & Aaron Turner

10 IS BETTER

Once upon a time, a group of sophomores decided that the juniors were not quite worthy of the privilege they were about to inherit. So ... they "borrowed" the senior couches. Ironically, the graduating seniors felt the same way. The sophomores had to steal them from the seniors who had already hid them from the juniors.

You may wonder, what does AVID mean? To students in the AVID program at AMHS, the word means more than just the acronym: Advancement Via Individual Determination. AVID means that college-bound students will be prepared for difficult courses. The AVID program encourages students to strive for good grades in rigorous courses from middle school through high school. The focus in AVID is on the W-I-C-R curriculum, which stands for Writing, Inquiry, Collaboration, and Reading. Small tutorial groups pair students with similar classes together to assist each other in their advanced courses. The atmosphere is the same in every AVID classroom in AMHS; students are excited to learn new things and busy with diligent preparation for the world beyond the classroom. From guest speakers to Socratic Seminars, there are many diverse activities in AVID, which help students in their quest for higher learning and success.

We cannot begin to tell you how proud we are of you. We have watched you grow from an incredibly cute, beautiful, small child into a gorgeous, beautiful, young woman.

Only yesterday you were just a short, chubby-cheeked, little girl and today you are graduating high school and running off to college.

Though it may seem to you that it has taken forever to reach this point in your life, it has happened all too quickly for us. While we are sad to see you leave and start the rest of your life, we know that you will do good and will make us proud.

No matter what has happened in the past or what will happen in the future, always know that we love you and will always be there for you. You make us proud and

I know that you will continue to do so during your time in Florida.

Congratulations our little Sambo, you made it to the next level.

We love you and we are going to miss you and think of you everyday.

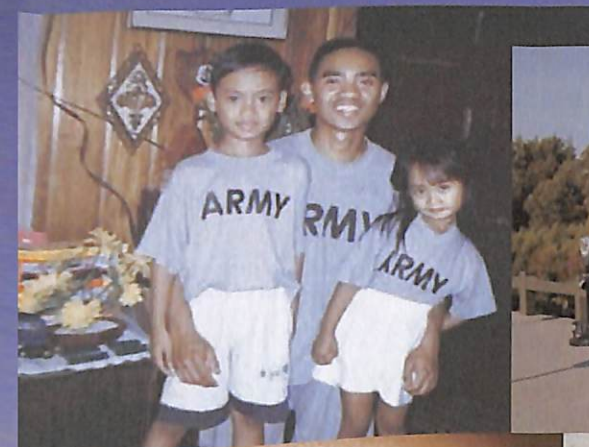

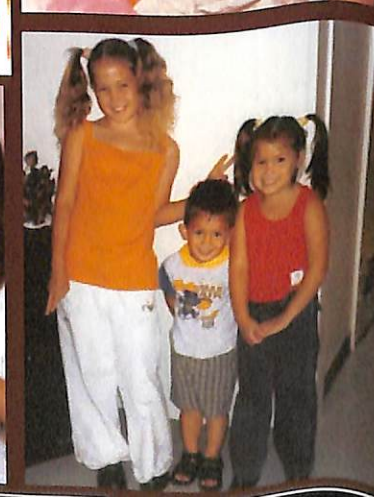

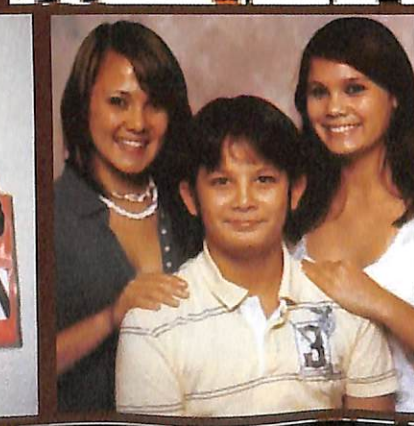

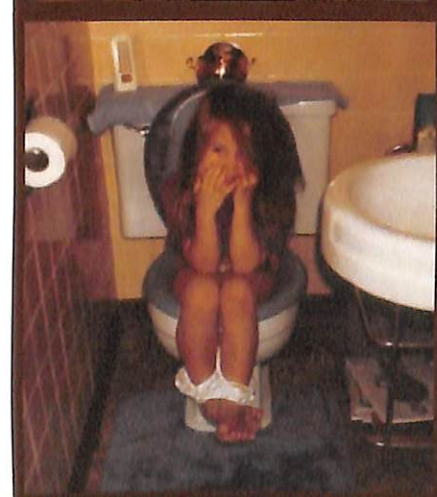

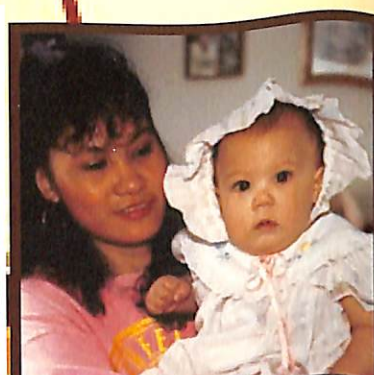

Love Mom, Dad, Brittany, and C.J.

"SBFFLSPB!"

I feel like I've known you so much longer than a year. We always have so much fun together and are crazy together. No one truly understands me like you do and I'm so lucky to have a best friend like you!

Over the years I have watched you grow into a beautiful, strong, smart, young woman. You have made me proud. I know that you can make it through anything. You always have. You are wiser beyond your years. I love you, baby. Congratulations on graduating! Love, Mom & Aaron

Kristin, I can hardly believe that you are finished with high school. You have grown into such a beautiful and vibrant person. You've exceeded in school, sports, and friendships. You've shown me that you can go far. That you want to. That you will. You'll never cease to amaze me with what you accomplish. I love you and couldn't be more proud of you... God bless you sweetie. Congratulations and GO JAYHAWKS !!! -Mom

Now you're just beginning your journey in the world. College and random jobs are on horizon. New people and experiences coming at you from every angle. Long study nights and double shifts at work to wear you down. Fun weekends and road trips to keep you going. You'll have your hardships and struggles, but i know you'll take them on headstrong. You'll have a wonderful experience and exciting times that will help keep you positive. Being yourself- happy, beautiful, and smart- you'll take on the world. You'll always be my Kiki; my baby sister. I'm so proud of you. I LOVE YOU! -Mary

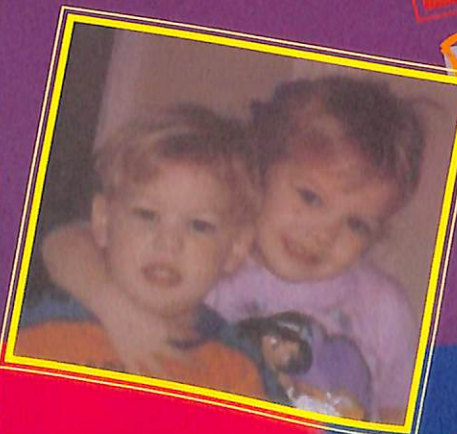

Kristin Hemker

Kristin, Kristin, You're finally leaving me with mom and dad... Now i won't have someone to team up with when we fight. I have to say im gonna miss the country accents and talking in german to confuse mom. I guess I'll have to figure out a new way next year. Even though i dont want to admit it, i am going to miss you. -Kevin

A daughter is the happy memories of the past, the joyful moments of the present, and the hope and promise of the future! -Unknown

Kristin, You are getting ready for the greatest changes in your life- moving away from home and starting college. You have prepared well to achieve your goals in life. -Mentally through developing good study habits; Physically with sports to build the stamina that you will need; and Spiritually with participating in church and school activities. You set high standards for yourself, and with your determination you can accomplish anything. you set out to do. I love you very much. I am very proud of you, and I am proud to be your Dad!!

VIVI Viary Ann

Our daughter is laughter and tenderness, sweet memories, too... but most of all, happiness every year through.

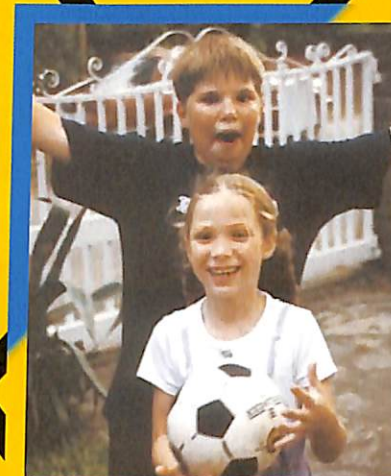

It doesn't seem so long ago, but more like yesterday, that you were just a little girl, still happily at play.

And yet somehow, as time has passed, you've grown sweeter, dear. That's why you're thought so much of, and loved more every year.

Viary Ann, Eres nuestra motivacion para luchar cada dia, eres motivo de alegria en nuestras vidas desde tu nacimiento. Te amamos mucho enana!

Sisters

Sisters are sisters
in every single way,
and you're stuck with them
forever and a day!

They stick up for each other,
no matter right or wrong.
And help back up the story,
when something has gone wrong.

They're accomplices to
practical jokes, partners in crime,
sidekicks to dirty deeds,
together all the time.

They help each other
with essays, math,
the Civil War, and plants,
when studying has put
their brains in a complete trance.

Yes, sisters are sisters
in every single way,
and you're stuck with them,
forever and a day.

"Have no fear of moving
into the unknown.
Simply step out fearlessly
knowing that I am with you,
therefore no harm
can befall you;
all is very, very well.
Do this in complete faith
and confidence."

I am very proud of you. You are the best sister in the whole world. I love you, Lalil

Joshlyn Learn

I never thought in a million years that I would be sitting here trying to write something for your senior page. Where has the time gone? Since you were born, you have really changed our lives.

It is hard to believe you have grown up so fast.

We have watched you grow from a beautiful little girl into a beautiful young lady. During your childhood and teen years, you have endured so much. You have had ups and downs. You have experienced happiness, and sadness. You have witnessed life, and have seen death. You have experienced love and heartbreak. You have made many wonderful friends, and have lost some a time or two.

You have had teachers that you have learned from yet also those that you taught something to as well. You have seen people come in your life and then go. Throughout life, you have met many people, Joshlyn. Many who have left a lasting impression with fond memories.

All These people have touched your life in one way or another, have helped mold you into the wonderful person you are now. Life outside of childhood is very much the same. You will endure the same experiences and face some of the same experiences yet with different outcomes.

I have always believed in the saying, "If God has brought you to it, he will bring you through it."

There is nothing that you cannot face Joshlyn.

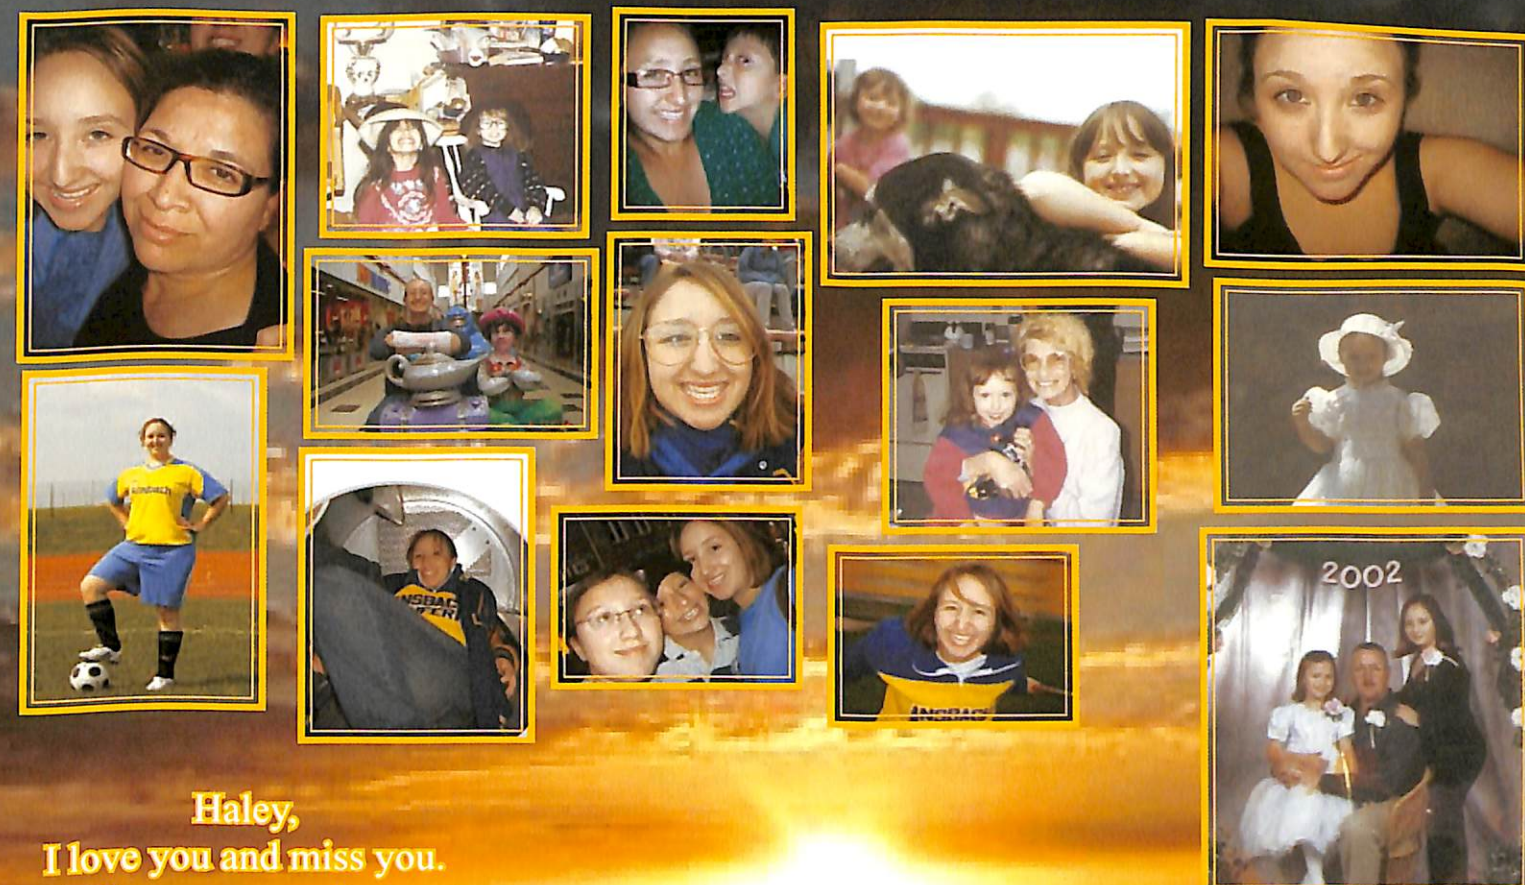

You must always believe in your self and know that your family and friends support you.

Love always,
Mom & Dad

We understand you're nervous about college, meeting new friends, teachers, and being away from family; however, you have more strength than you realize.

We have never been more proud of you than we are right now. Please always know that we love you very much and will always be here for you, no matter how many miles away you may be.

We believe in you, so never give up on yourself for you are going to do great things!

Haley,
I love you and miss you.
When you were born,
I was so proud
to be your Daddy
until the nurse said
you cried a lot,
and that hasn't changed
one bit.
Love Dad

Haley,
You will always be my Lita, don't ever give up and always reach for your goals. You're my luna y estrella. The day you were born was the happiest day of our lives, I'm talking on behalf of your dad. The first time I ever saw your face still brings joy to my life. I love you con todo mi corazon.
Mom

Haley,
I am so proud of you
and all of your
accomplishments.
You may be mean to me
99.99% of the time, but I am
going to miss you.
I don't know what else to say
but congratulations!
Your sister, Melody

Friendship is born
at that moment
when one person
says to another:
"What! You, too?
Thought I was
the only one."

I've watched you grow from a cute little girl into a beautiful young woman. It's happened all too quickly, and now you are graduating. Believe in yourself- you can do ANYTHING! The world isn't as big and scary as it seems; sometimes life is full of challenges but you always seem to find the good in it. You've always got your family who love you very much. You're a loving, intelligent, talented girl and I'm so proud of the Teal you've become! I love you very, very, **VERY** much. Hugs and Kisses: Mom

Teal-
You're a good sister but you will always be a dodo head love ya lots ~ Genevieve
P.S. Good luck in your new life, and thanks to you I will have two rooms and be an only child :)

Teal,
Congrats on graduating, I'm really proud of you. Keep up the volunteer work and school; let your voice be heard. I'll definitely miss you lots.

Love, Dad
