DR. JOHN R. MIDDLETON

13-9-41

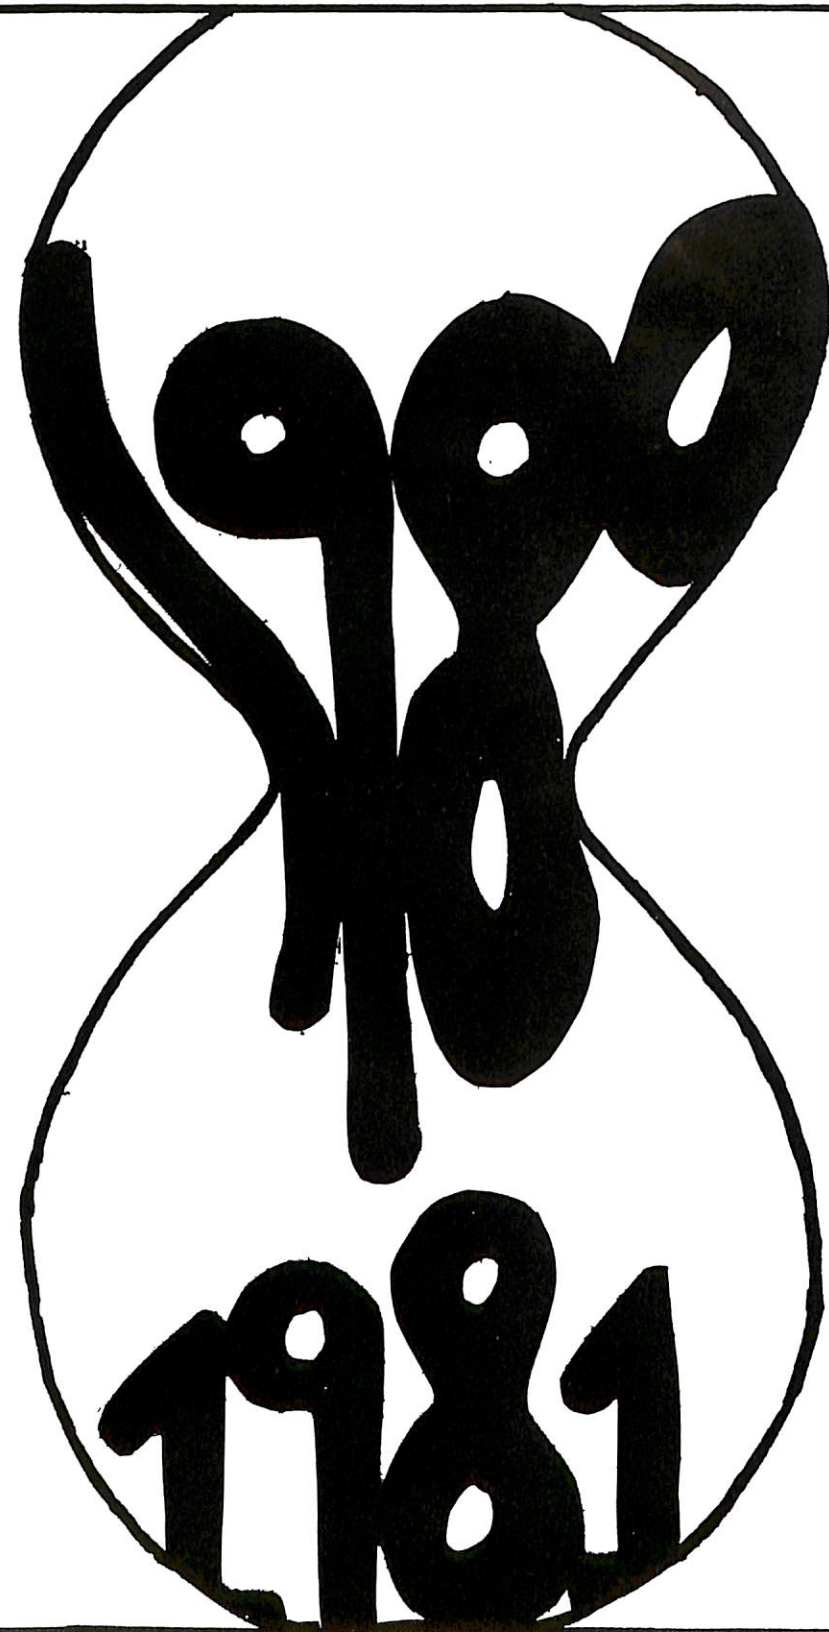

Oh! A wonderful stream is the river of  
Time,  
As it runs through the realm of  
tears,  
With a faultless rhythm and a musical  
rhyme,  
And a broader sweep and a surge of  
sublime  
And blends with the ocean of years!

*Bavaria:  
The  
New  
And  
Old*

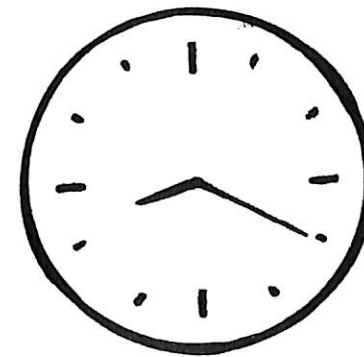

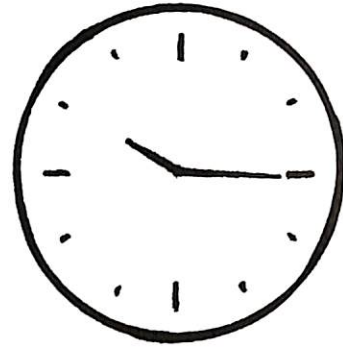

At AHS we find many different faces and personalities. Each of us is unique and we pride ourselves in our uniqueness.

Through our lives,  
We find time to be  
Ourselves

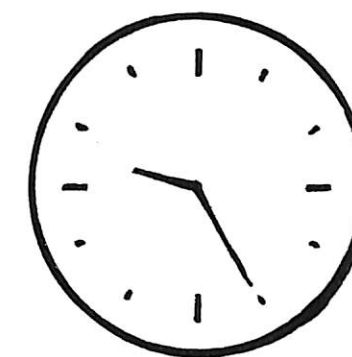

Augsburg students love to play  
and always set time aside for  
pleasure.  
"Pleasure is the beginning and  
the end of living happily."  
Epicurus

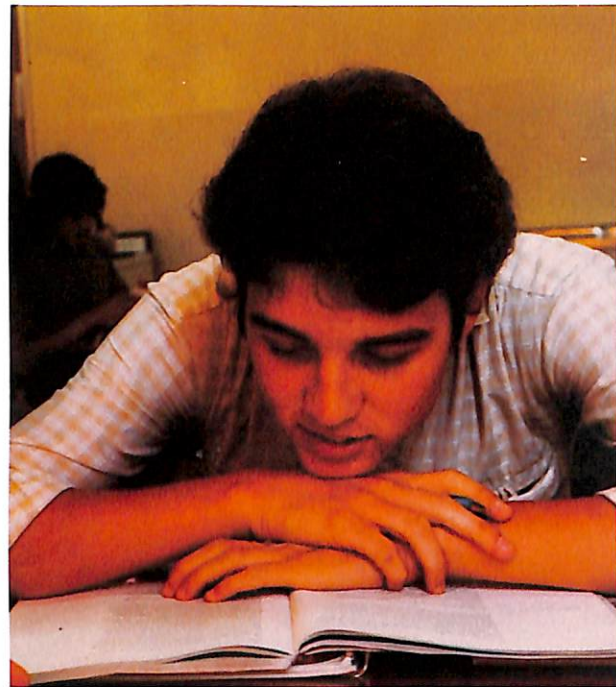

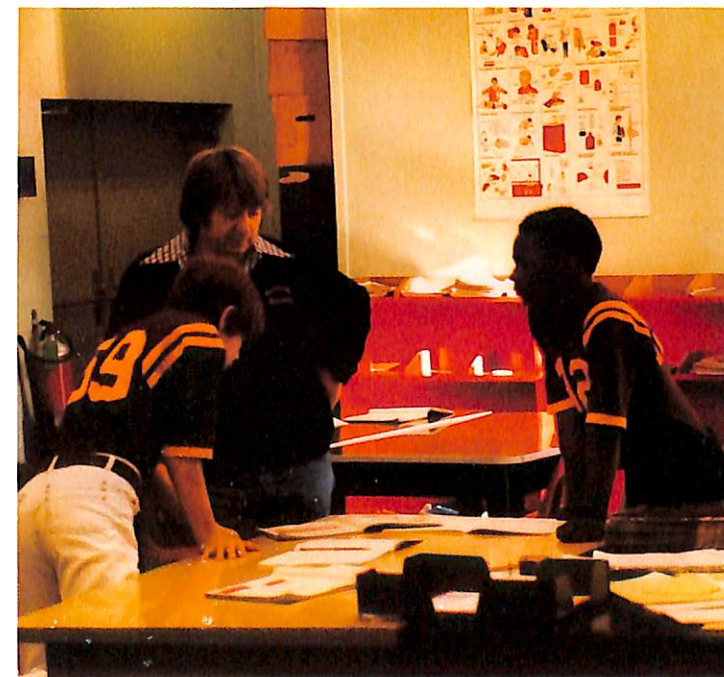

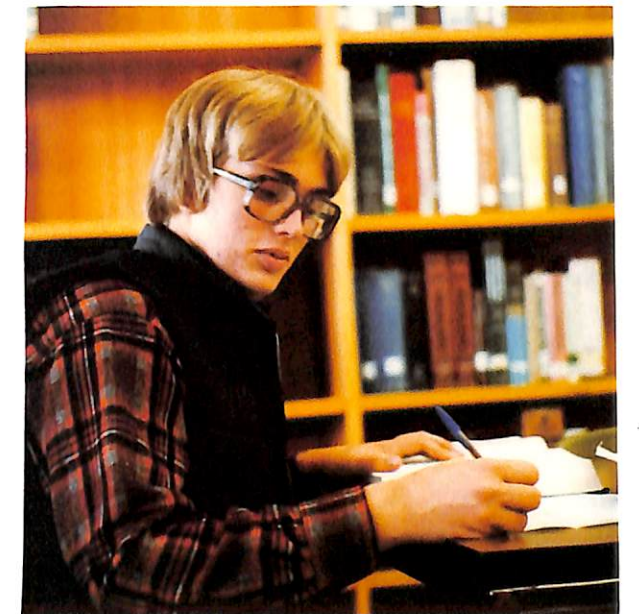

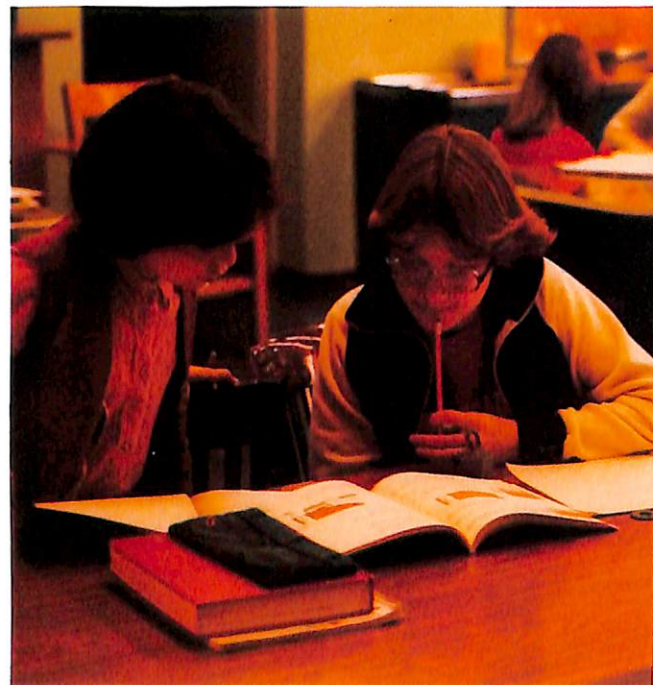

To many, football is not the important part of that special time — Homecoming. Everyone enjoyed the pep rally and crowning of the "Queen". Pat Bandy found the car bash especially fun.

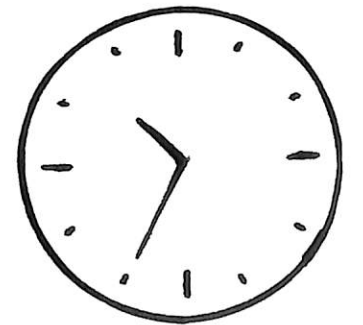

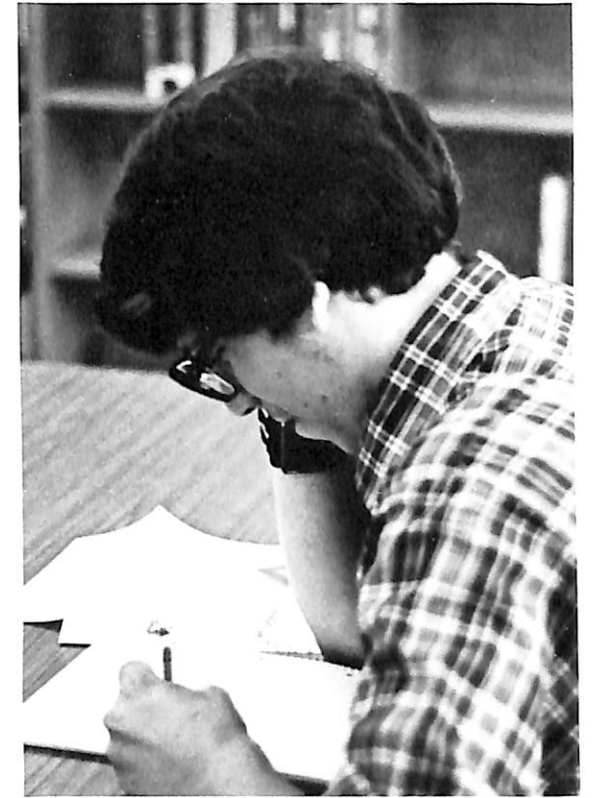

There is always time for work.  
 "Every man's work, whether it be literature or music or pictures or anything else is always a portrait of himself."  
 Samuel Butler

"There is no time like the old time  
when you and I were young."  
Oliver Wendell Holmes

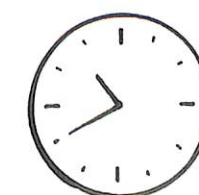

The Hand of Time writes its name in  
Eternity, and having writ, passes on.

## Letterman's Club

The Lettermen's Club is one of the most popular clubs at AHS. As a service organization, members help out the athletic department at sports events. When a member has earned a varsity letter, he or she may earn a letter jacket by working for the club at games or in the school. The club attempts to raise school spirit by selling buttons, banners, hats, and other spirit items. This year, the club, with the help of Robert Larson, donated a large Apache emblem to the school. Robert Larson painted the emblem for the Lettermen's Club.

"Spass und Gemuetlichkeit!"

Fun and friendship is an important aspect of the GA Club. The club sponsors trips, parties, and exchanges with German schools. Members are offered a chance to make both American and German friends. Members learn about the German culture through experience. During This school year, a weekend in Oberstdorf, a day at the Oktoberfest, and a party were among the favorite activities. Other members enjoyed the Lebkuechen, Wurstchen, shopping, and the beautiful surroundings of the Kristkindlesmarkt in Nuremberg.

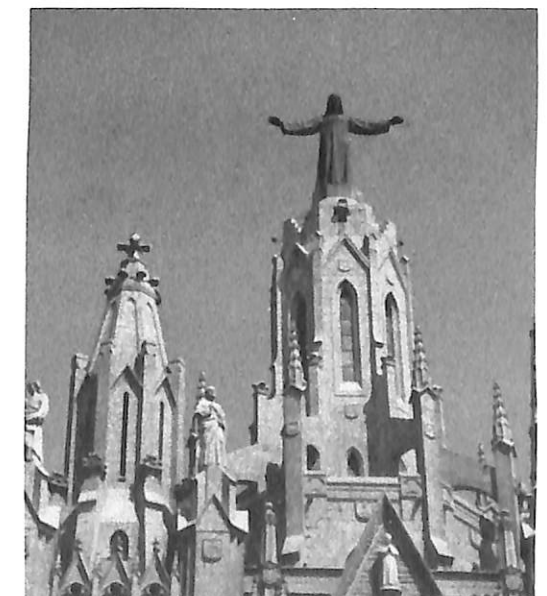

Sitting: Mrs. Cakora, Anna Travino. Standing: Lisa Vary, Bobette Barnett, Terry Whiteford

"Divertinos bien" — "We have a good time!" say the members of the Spanish Club. Club members often meet at lunch to cook and eat tacos, enchiladas, burritos, tostadas and other Hispanic foods. In May the club sponsors a five day trip to Barcelona, Spain where members sight see, shop, and practice Spanish. The trip is not only fun, but also educational. Students visit the Salvador Dali art museum, a replica of Columbus' ship, and history museums. Students also get to try out all the Spanish delicacies at restaurants. According to some members, the best part of the trip is seeing a blue sky and feeling the heat of the sun which never shines in Germany.

## STUCO

The Student Council is YOUR government! The Student Council is a service organization whose members are elected by the students for the students. The STUCO delegates represent students in their districts. At meetings, the delegates vote for what they feel the students would like. This year's STUCO was very successful under the leadership of Frank Hayden. The Smoking Roof was finally completed after technical difficulties. Dances such as Sadie Hawkins were sponsored, and the annual Gong Show was produced. Most members of STUCO agree that students are not concerned enough about STUCO. Meetings are open to the student body but very few students showed interest. Special committee meetings also lacked student participation. Still, the Student Council worked very hard for the benefit of all.

Students worked hard on the Smoking Roof. Above, students prepare to begin the day's work. At right David Cummings does his share.

A lot of work, worry, time, and . . . FUN

Organizing and putting together a yearbook is not as easy as it may seem, but in the end we only remember the fun. Thanks to a dedicated sponsor and a hard-working staff, the yearbook was finally completed. A great amount of coordination between the photography and layout staffs was required. Each day, Mark Bryant, Bobette Barnett, Lisa Vary, Marcel Garner, Andy Long, David White, and Laura Falter worked on the layouts and typing while Tony Drozdowski, Scott Whigham, Pat Purvis, and Yvonne Carlo developed and printed photographs. Keeping a watchful eye over us was Mr. Boyd, our "security blanket", who assisted in every way possible to get the job done. In the end, our efforts resulted in the best yearbook AHS has ever had.

## MUN

### World-Wide Debating

The Model United Nations Delegates are students interested in world politics. During the first semester, students raised 1200 dollars to finance a trip to the Model United Nations Conference at The Hague, Netherlands. This year delegates represented the countries Turkey and Qatar. Besides learning about parliamentary procedure, world politics, debate and the UN, students were given a chance to meet other students from all over Europe. All enjoyed the MUN. Some felt that the best part of the trip was meeting people from all over. Comments ranged from "It was very educational" to "I loved the sexy floor secretaries". Norman Dixon enjoyed playing "CIA SPY" while Frank Hayden made an emotional speech for Qatar.

## Drama Club

"Just acting?"

"No," answer the members of the Drama Club. Besides two yearly plays, *Picnic* and *The Good Doctor*, the club sends students to the three day Drama and Forensics Festival in Wuerzburg. Such activities offer members a chance to make friends, laugh, and act crazy all in the name of "acting". The fall play was very successful this year. Winds of War have swept Augsburg! The newly formed club is for all who love games. Dungeons and Dragons is a popular fantasy game which takes players back to the Dark Ages. ## Autographs

As each class of seniors leaves AAHS, they cross a rainbow to the beginning of a right and meaningful new life in search of the pot of gold that their education has taught them lies at the end of that rainbow. The best wishes of the student council go with each senior for 1981 as they embark on this search. It is our hope that all students who have participated in any STUCO activity this year have been enriched by that experience and left better able to search.
