## "It Can Only Happen To Seniors"

All facets of life have been supremely wonderful. Experiences have been enjoyed to their utmost, and when problems were encountered, their answers were easily obtained. You have always known that years would pass and that in their passing, you would mature. It is hard to realize that time, your dearest friend, has very suddenly presented you with a most difficult set of circumstances. You hesitate at this moment, and ask yourselves very privately, "Am I prepared to. . . .?" But, here again, the unknown confuses issues and reality appears cold and unfriendly.

Let me say to you, "Take this step with confidence, for YOU have been very fortunate in life--born an American, lived in an American home, and educated in American schools. You have been fortunate, indeed, for of all the teeming millions of people in our world, you are an honored member of the select minority. You have but to apply your talents and you can be assured that life will continue to be wonderful. Use well the experiences you have gained and build on them for Good!"

The Student Council has sponsored activities during the school year such as the football homecoming and several sock hops. A student tutoring aid program was initiated and members worked hard to raise money for assistance to other organizations. During the PTA Open House, Student Council members served as guides to the parents. Rewarding visits with the Baumholder Student Council were made during the second semester.
