## Ian Coubrough Principal

This is my second year at BES. One of the best things about being the Principal here is getting to know the terrific students that we have in our school. When I think back on our year together, I am reminded of the many memorable times and the very special moments that we have had. It is my hope that our students will leave BES with the skills and the knowledge that are needed to be successful in the world. I especially hope that each student leaves here with a true love for learning. Our students will look back with fond memories. I wish all of you a very happy and prosperous future.

## Martha Steinman Assistant Principal

This is my second year at BES. I worked with special education for many years, because there is such a need to make sure that all students are able to learn and grow. I believe that all students can learn and it is our job to help each child reach his/her fullest potential. I want to ensure that all students at BES are safe and feel pride for our school. I was so thrilled with the fifth grade students who wanted to do a Christmas program. I was also very touched with the teachers who carried out the program when I had an emergency in the States.

## MRS. MYRNA MARGRAF RETIRING AFTER 35 YEARS

I served 30 years in DoDDS and 5 years in the states. This is my 12th year in Bamberg. I have taught four years in Puerto Rico, two years in Japan, five years in Kansas, and 24 years in Germany. I have taught first grade all, but 3 years. I love teaching children to read and write. It has been wonderful to work at a meaningful job and travel around the world.

## MRS. NANCY TILTON RETIRING

This is my sixth year in Bamberg. I have taught every grade level from first to sixth in Delaware, Pennsylvania, Japan, Okinawa and several bases in Germany. I have really enjoyed the experiences of these past years - learning about other cultures - meeting people from all over the world - while doing the job I like best - teaching.

## MRS. BARBARA WAX RETIRING AFTER 20 YEARS

This is my 13th year in Bamberg. I have taught two and half years in New York, four years in England, and six months in Greece. I have a passion for teaching. I love to teach! Demonstrated throughout my career, I have been sensitive to the individual success of my children and have realized that each one is precious. I have been diligent to instill a love of learning in my students and have well-prepared them to do well throughout their lives.

## TEACHER OF THE YEAR MS. DEBORAH ROTH

Becoming a teacher was a very natural choice for Deborah. She loves working with children and has had many positive experiences, even before she became a teacher. Since beginning her teaching career twenty-two years ago, she has participated in Special Olympics and instructed swimming classes for children and adults, including the disabled. Additionally, she volunteered as a tutor in a hospital.

The last fourteen years of her teaching career have been at BES. She is currently teaching 2nd/3rd multiage class. She believes that her greatest contribution to education is her commitment to teaching her students to be "giraffes" who "stick their necks out" for their fellow human beings.

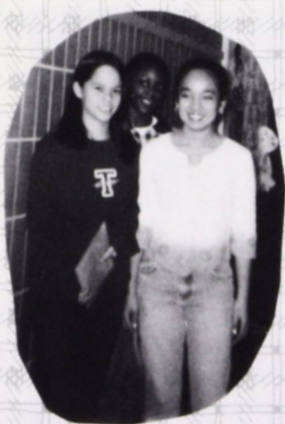

Along with being selected Teacher of the Year, Deborah has also been awarded Certificate of Recognition 82d Engr Bn Task Force Falcon, Kosovo, DoDDs Certificate of Exceptional Performance and Logical Task Force 201 Certificate of Achievement.
