Lead the life that will make you kindly and friendly to everyone about you and you will be surprised what a happy life you will live.

I am not in this world to live up to your expectations,
And you're not in this world to live up to mine.
I am I, and you are you.
And if by chance we meet again
It's Beautiful.

"THEME FROM
MAHOGANY"

Between 1720 and 1730 a slave, Sally Bassett, attempted to poison her master. The plot was uncovered and she was sentenced to burn at the stake. When the day of execution arrived, Sally was marched to the foot of the lane, where she was to be burned. Anxious crowds had gathered along the way. Sally was heard to have told them not to rush for the fun couldn't begin until she arrived. Afterward, when the ashes were being raked, a beautiful purple iris in full bloom is said to have been found. Hence, the legend of the endemic Bermudiana was born.

Slave Day

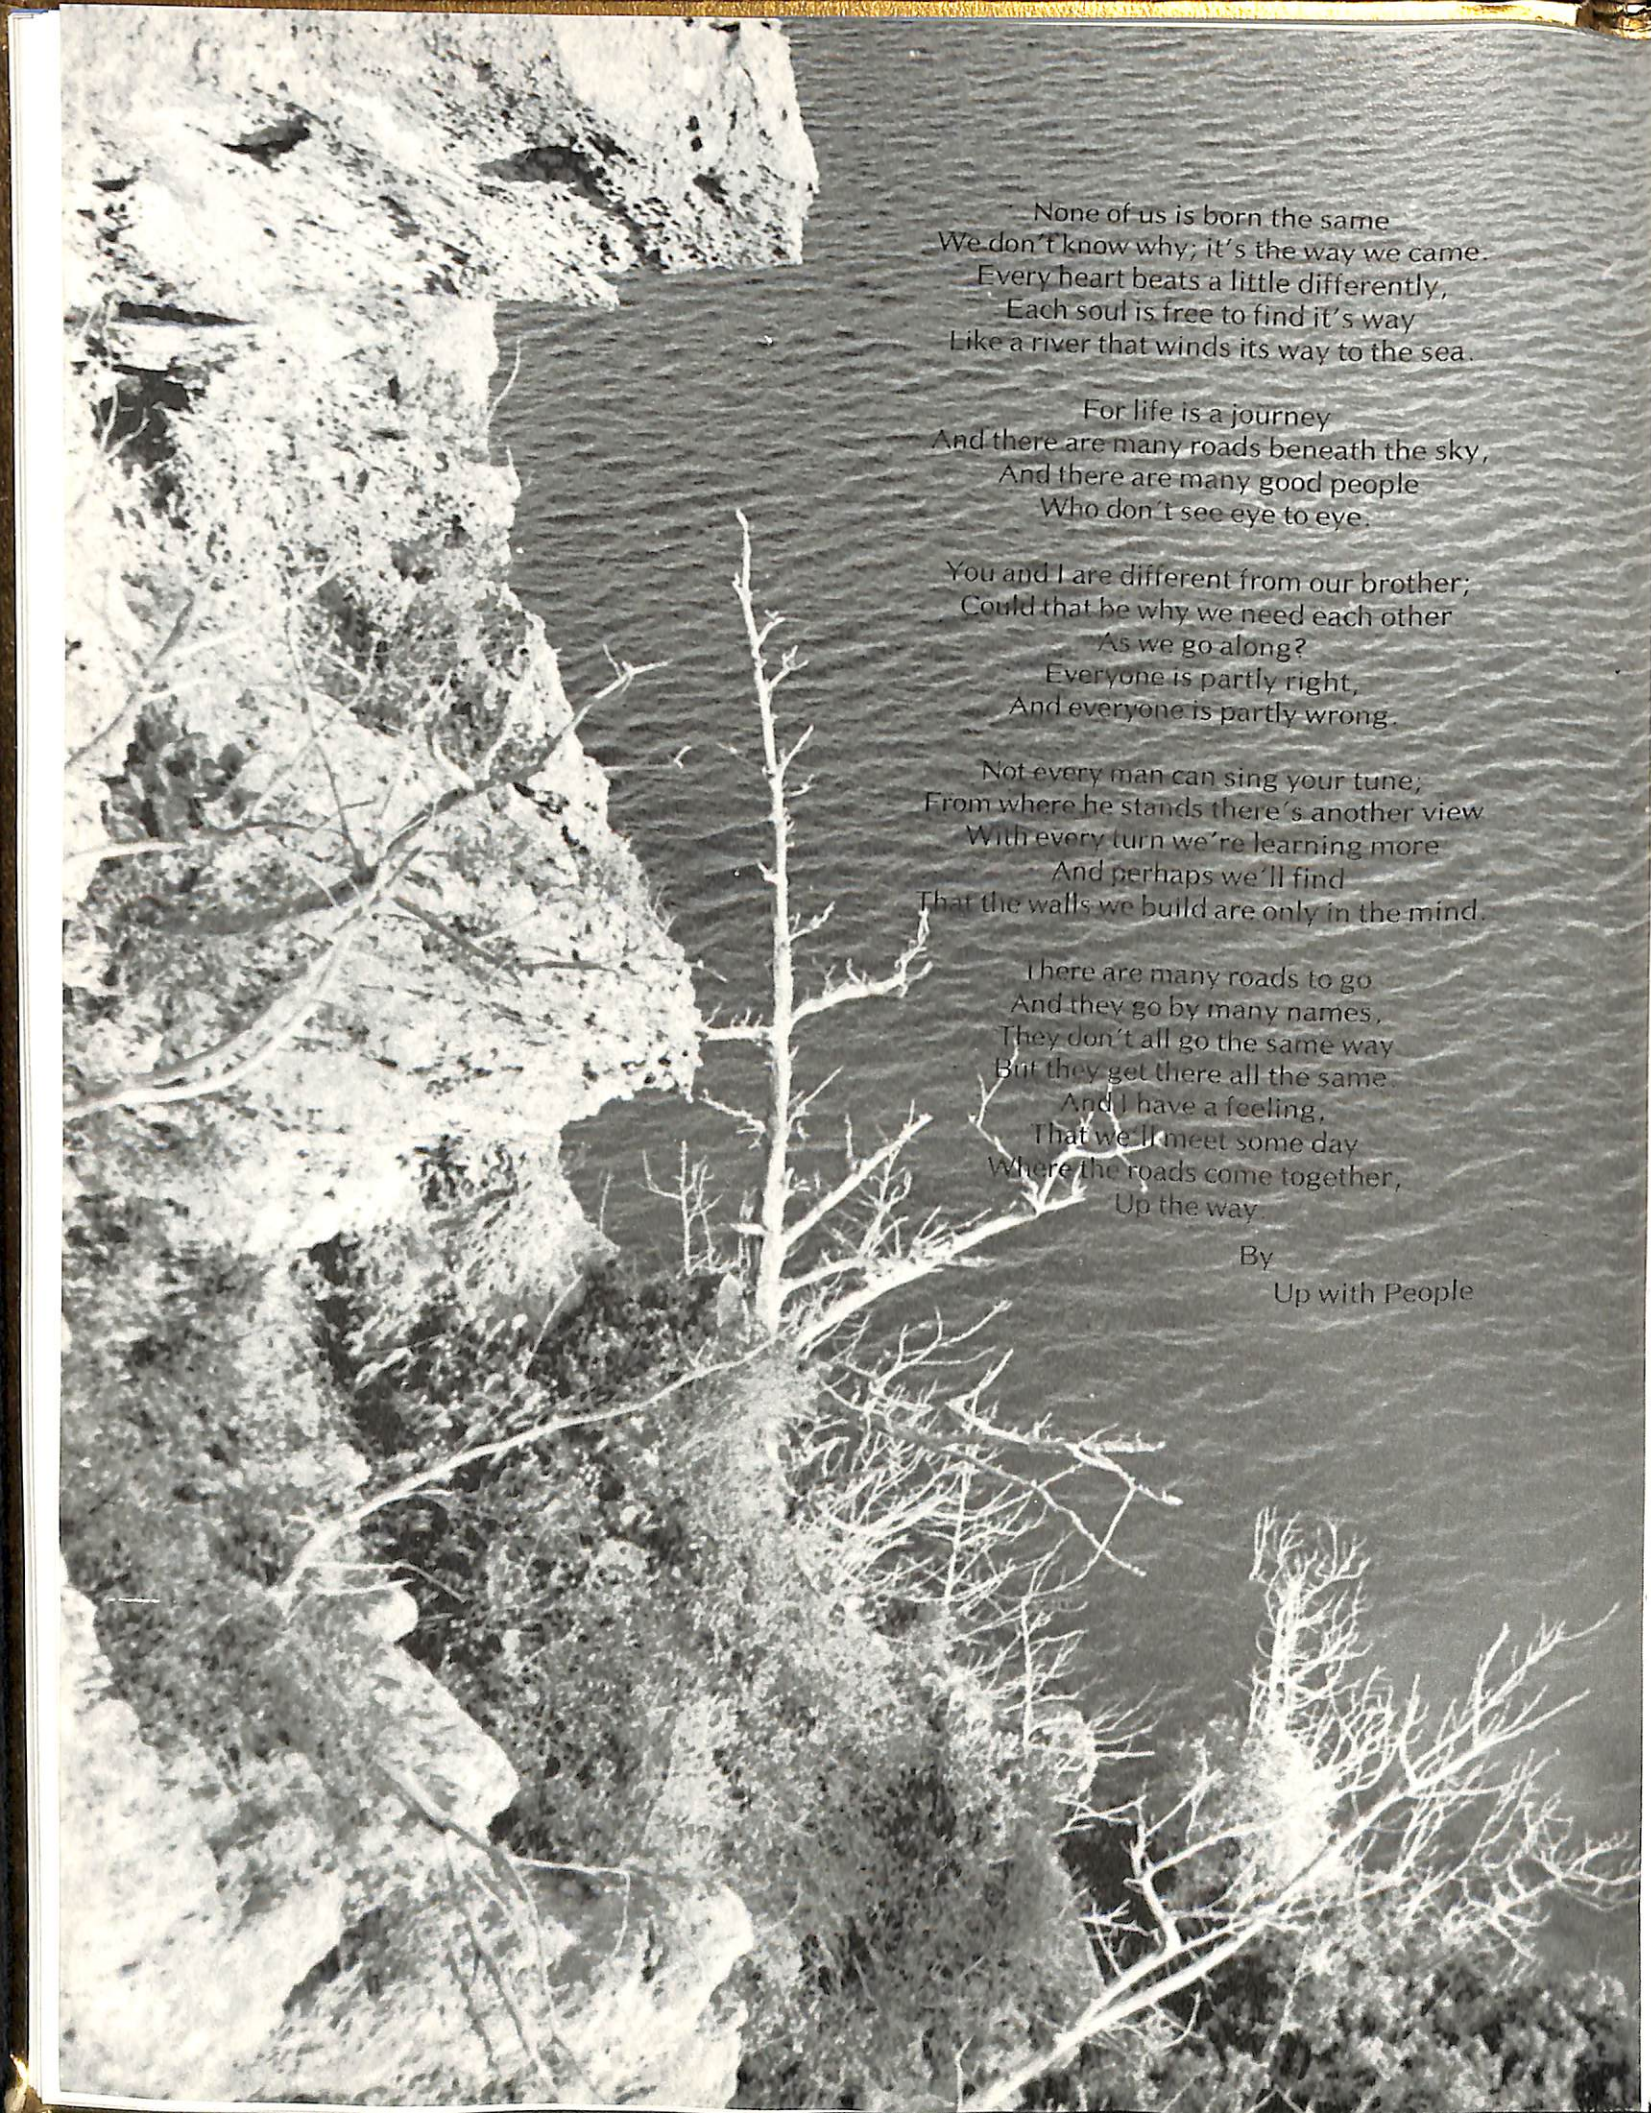

The crowd had finally stopped growing and people were becoming restless and expectant. Then their victims were herded out like a bunch of frightened animals, their faces blanched with fear for they knew not what to do or which way to turn. The auctioneer began - 22 scrawny Seniors, capable of doing only simple chores such as cleaning spokes, dancing and such other oddities. Within no time the lot were sold, but the crowd was in an uncontrollable frenzy. They wanted more! First the auctioneer himself and then other unfortunates were dragged to the block to discover their fate and doom - all were destined to be costumed in the most humorous manner to serve and humor their new masters on the following day.

50's Dance

A Time To Remember

None of us is born the same
We don't know why, it's the way we came.
Every heart beats a little differently,
Each soul is free to find it's way
Like a river that winds its way to the sea.

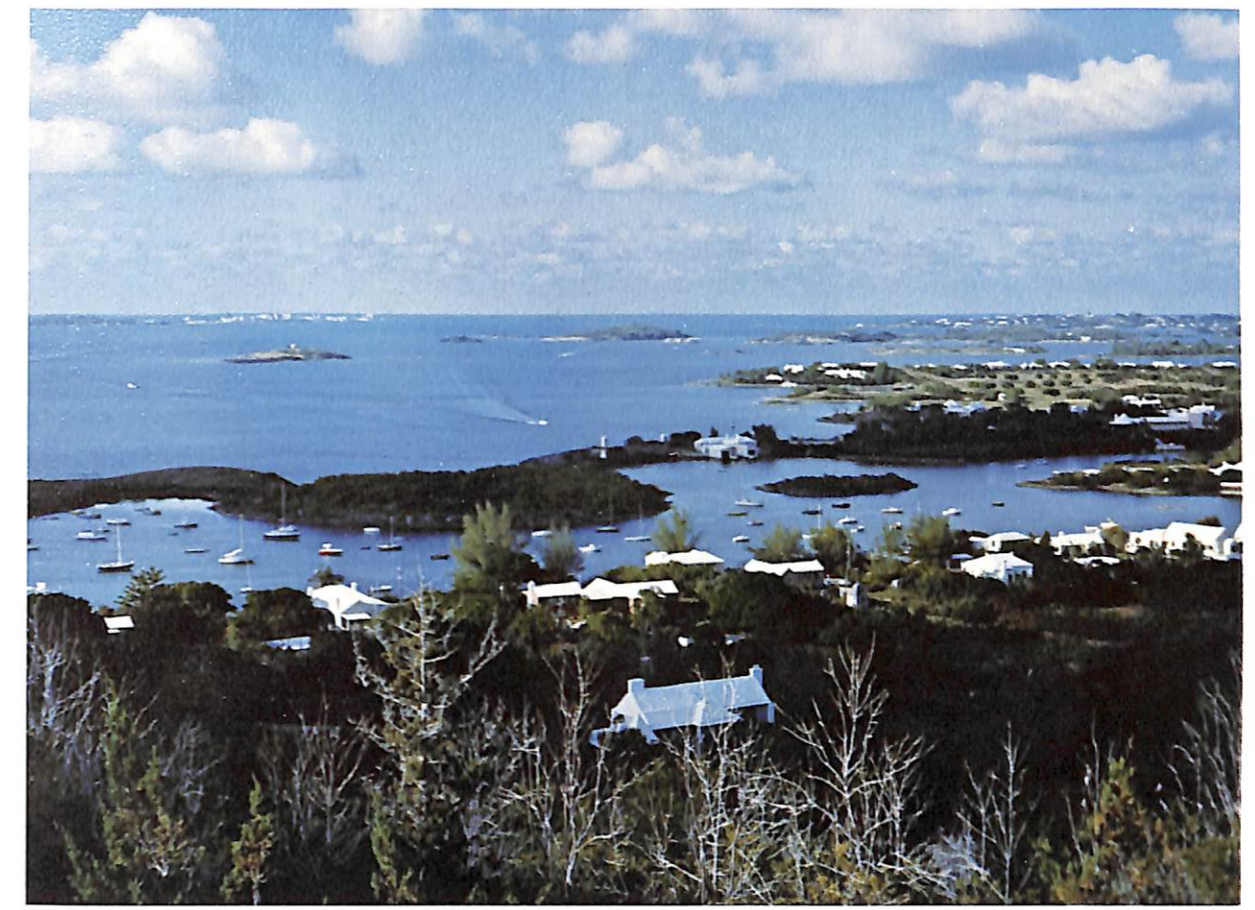

For life is a journey
And there are many roads beneath the sky,
And there are many good people
Who don't see eye to eye.

You and I are different from our brother;
Could that be why we need each other
As we go along?
Everyone is partly right,
And everyone is partly wrong.

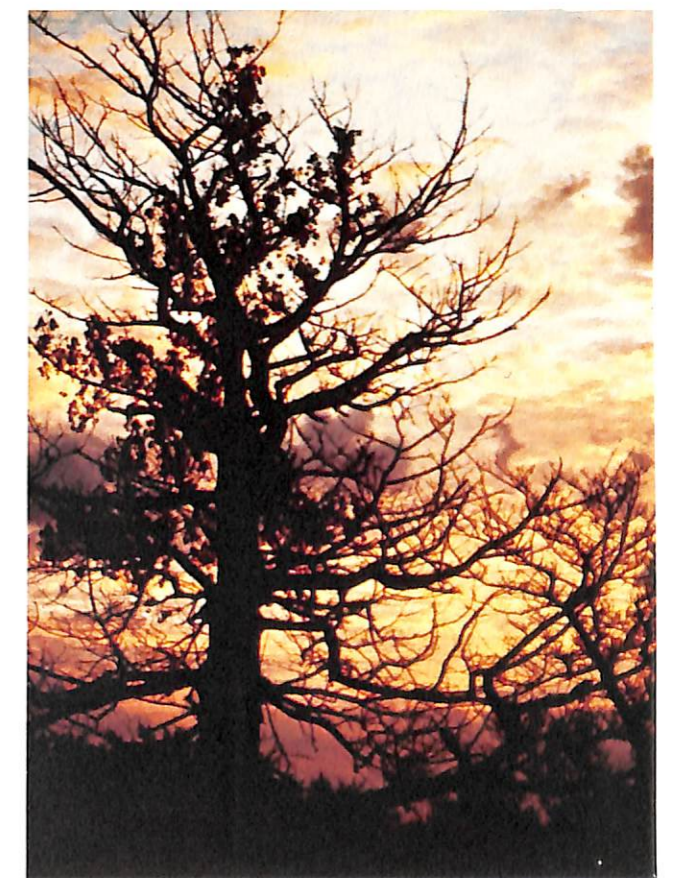

Not every man can sing your tune;
From where he stands there's another view
With every turn we're learning more
And perhaps we'll find
That the walls we build are only in the mind.

There are many roads to go
And they go by many names,
They don't all go the same way
But they get there all the same.
And I have a feeling,
That we'll meet some day
Where the roads come together,
Up the way.

Student Council was organized early in the school year. The members immediately began making plans for the annual school picnic which was held on October 10th at Clearwater Beach. Student Council also sponsored a bake sale at the Post Office in the fall. The Council paid the outstanding debt on the popcorn machine that had previously been owned by the Youth Center and then made the machine available for dances and other school activities. Student Council was instrumental in getting a pay phone installed in the front hall of the school and in discontinuing hall passes on a trial basis. The Student Council is presently planning two money-making projects - a dance on March 12th to raise money for the Presidential Classroom and the annual Spring Carnival on May 1st to raise money for the scholarship program.

The principle behind our program of girls' basketball is simply to involve as many girls as possible in a program that is first - fun, second - learning, and third - competitive. For the 1975-76 school year, almost thirty girls have been involved, representing approximately one-third of all the girls in our student body. Twenty of the thirty girls are also involved in other school activities and well over half of the girls maintain honor roll standing in addition to their activities. Our primary aim, our main reason for existence, and fortunately our major result of the program is simply: **LET'S HAVE FUN AT IT.**

Boys' Jr. Varsity Basketball

TOP ROW (L to R): Mr. Mudd - Coach, G. Cochran, C. Stiteler, J. Anderson, J. Helms, J. Brunson, B. Casey, E. Abordo. BOTTOM ROW (L to R): J. Sabol, I. Brunson, M. Nearon, K. Riddley, G. Miller, F. Lewis.

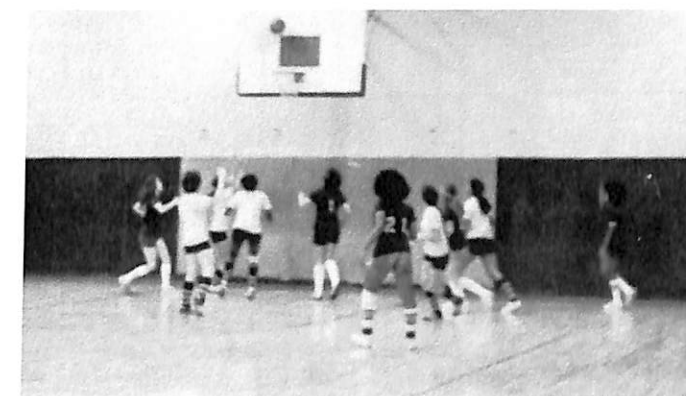

The Junior Varsity basketball team began the season with practice sessions in the middle of December. From the very first practice it was evident that the team, although relatively young and inexperienced, possessed great spirit and discipline.

The first game of the season at Whitney resulted in a 21-7 victory for the enthusiastic Chaffee squad. The second game here at Chaffee ended in an exciting 23-22 loss for the Falcons at the hands of the Saltus team. And the third game - played at M.S.A. - was a thriller, with Chaffee coming back from a 10 point deficit in the last quarter to make the score 19-18 in favor of M.S.A. A few costly errors gave M.S.A. the win, but the Chaffee Falcons proved to be as enthusiastic and sportsmanlike in defeat as they had been in victory. We hope that this spirit and enthusiasm we have had this year will carry over into future years here at Chaffee.

FRONT ROW (L to R): D. Russell, J. Farmer, E. Stiteler, K. Mallder, D. Swenson, J. Allen, M. Lambert, B. Bowen, S. Cochran.

This year the Girls' Athletic Association has sponsored the Powderpuff football game which ended 21-0 in favor of the Sophomores and Juniors, and the Sadie Hawkins Dance. We hope in the future to sponsor a basketball game between the female teachers and the girls of GAA and we also hope to enter the off-base hockey league. GAA is run on a point system in which each individual girl must excell in sports or help the organization in order to receive a letter or patch at the end of the school year.

Handspring, Valdez, Swedish Fall, Needle Scale...Sound unfamiliar? Well, they are very familiar terms to the 14 high school and 12 elementary girls who comprise the Chaffee Gymnast Club. After practicing for 8 weeks all girls who are interested in trying out for the club are judged and a team is selected. From then on it is practice, practice, practice. The girls spend an hour after school two days a week perfecting movements on the uneven parallel bars, balance beam and vaulting box. Competition is keen against other schools' gymnasts and for the past two years Chaffee has walked away with high honors. Our rating of Best on the Island is challenged in February when we compete in the Island-wide Competition.

The main purpose of the Club is to promote gymnastic ability and in the process develop lithe bodies, strong muscles, character and grace. A parallel purpose is for the girls to have a good time and enjoy themselves. This can be attested to by watching a practice session and hearing the shouts of joy and laughter when one of the girls has perfected a new stunt. To see the girls develop symmetry, continuity, coordination, balance and timing in addition to strength and endurance is the greatest reward in having a program such as this.

Brunson, T. Weist, M. Miller, R. Wildman, J. Helms.

This year we hope to field two teams. They will operate very much along the lines of the current basketball teams, in that there would be a varsity and a junior varsity team. The younger students need some opportunity to develop and this is hoped to improve their skills.

Sign up this year indicated 33 students willing to try out for the teams. We have a strong nucleus returning from last year's team. We seem to have someone who has had experience in all the positions.

Barring injuries we expect to field an extremely strong team and use the junior varsity team to develop skills. With this idea we hope that Chaffee High School can field a team each year that has the potential of capturing the league championship.

Last Will And Teasement

I, Danny Lorry, being of questionable mind and not so sound body, hereby bequeath the following: to Mr. Mudd I leave the ability to play darts while someone is talking to him; to Hoagie I leave the ability to eat and eat and eat without gaining weight; to the Junior class I leave Mrs. Bates; to Mrs. Bates I leave the ability to put up with the Junior class; and last but not least; I leave to anyone who doesn't want it, my parking space.

I, Lyn Rubinchak, being of fair mind and ? body, do hereby bequeath the following: to the school I leave my Rubinchak name which should always be remembered; to Shannon my ability to charge through the front line in the Powderpuff game and also my ability to keep quiet in Algebra class.

I, Ines Norgard, being of overly intelligent mind and skinny body, do hereby bequeath to my brother Kenny the ability to do homework while watching TV and reading a book. To Mr. Didden I leave my "Learn German in a Week" book so he can try to impress next year's Marine Biology class. And to Mr. Bennett and the faculty I leave this school.

I, Lisa DiDonato, being of sound mind and not so sound body, leave to Mrs. Barsness Shannon McClendon along with a collar, leash and muzzle in case of emergency - GOOD LUCK!

I, Janel Allen, will to Kathi Martin all my POD notes. To Iola Brunson I leave my thinking ability which I don't use too often. And to the Bouchand sisters, I leave my ability to "be for real".

Last Wills (Cont.)

I, Diana Krabbe, being of somewhat sound mind and skinny body, do hereby bequeath to my sister Danica my Senior privileges; to my brother David my office of class treasurer; to Mr. Didden's 3rd period study hall my ability to be quiet; and to Deena Brown my ability to disagree at yearbook meetings.

I, Lisa Hopper, being of sound mind and somewhat short body, do hereby leave to Mr. Didden and the Marine Biology class, the best spot for catching fish without getting all wet (unless you slip). I also leave my eggy nickname to Martin Nearon.

I, Mary Elizabeth Miller, being of strained mind and questionable body, do hereby bequeath to my brother Mark, his favorite Honda 50 so he can speed to school every day. I also leave my quarterbacking ability to Terri Fortenberry for next year's Powderpuff game.

I, Michael Byrom, being of empty mind and outrageous body, do hereby bequeath the following: to Shane Adkins the ability to kick the ball; to Ron Sabol and Tim proctor the ability to buy cigarettes; to Jimmy Brooks the ability to drink without belching; to Steve Gordon I leave my empty mind and outrageous body; to Suzette Cochran I leave Nothing; last but not least I leave my diapers and Bugs Bunny to Joe Toups to use on Slave Day, 1976, good luck.

I, Janet Lynne Bowen, being of questionable mind, and strangely unique body, do hereby bequeath to my sister, Brenda, first my ability to get through Mrs. Barsness' classes, and second, my trusty bike. I also leave to Stacey Weist my flirting title from 9th grade. And to Wayne Riddley, I leave my smile. Last, but not least, I leave to all the faculty, my sister for another year.

I, David Schattner, being of demented mind and desirable body, do bequeath to Wayne Riddley the leather whip and torture rack he has wanted, on the condition that he share it with Kenny, Pikey, and Krabbe. Of my fantastic aptitude in mathematics I give E-man the ability to count to four. Lastly, to the student body of Roger B. Chaffee High School and to some student bodies in particular, I leave this school with its many terrific, fun experiences.

I, Sandra Bouchand, being of genius mind and beautiful body, do bequeath to Marie Farren the ability to grow a perfect Afro; to Randy Wiser my precious blue hat; to Suzette Cochran my great ability to tan; to Tim Proctor my Afro puffs; to Mike Riddley new excuses for basketball and Shane Adkins I leave my brown paper bags.

I, Ginny Browne, of stable mind and somewhat stable body, do hereby leave my Horney shirt to Maryann Mayer in hopes that she will carry on the old Scorpio reputation.

I, John Buschlen, of sound (but twisted) mind and equally sound (but not so twisted) body, do hereby bequeath to Ron Sabol one pair of liquid-proof pants, plus along with Maryann, Joe, Tim, Steve and Randy my seat at the Robin Hood for whoever gets there first. To Ron Burns I leave my fantastic ability to memorize and recite "Monty Python" even though no one seems to understand it.

I, Marsha Nadine Haase, being of somewhat stable mind and saddlesore body, do hereby bequeath the following: to Gail Miller my ability to find excuses for being absent on all those Fridays; to next year's Senior president the ability to organize the banquet and attend it; and finally to Tim McMahon, my horse to ride to school - it's much quieter.

I, Mack Farmer, being of insane mind and not so hot body, hereby bequeath the following: to the Junior class I leave Mrs. Bates POD class, may you have as many exciting, fun-filled hours as I did; and to my sisters I leave "nothing", you'll get along, I did.

Theme from Mahogany

Senior Class Song

Do you know where you're going to?
Do you like the things that life is showing you?
Where are you going to?
Do you know?

Do you get what you're hopin' for
When you look behind you there's no open door?
What are you hopin' for?
Do you know?

Once we were standing still in time
Chasin' the fantasies that filled our minds.
You knew how I loved ya, but my spirit was free
Laughin' at the questions that you once asked of me.

Do you know where you're going to?
Do you like the things that life is showing you?
Where are you goin' to?
Do you know?

Now lookin' back at all we had
We let so many dreams go by without our hands
Why must we wait so long before we see
How sad the answers to those questions can be?

Do you know where you're goin' to?
Do you like the things that life is showing you?
Where are you goin' to?
Do you know?

Do you get what you're hopin' for
When you look behind you there's no open door?
What are you hopin' for?
Do you know?

Electricity usage...did you think that was something for parents to worry about? Not so. Kids and teenagers enjoy electricity as much as anyone. They use the shower, watch TV, play the stereo, make toasted snacks, listen to the radio, burn the electric lights, prefer an electric toothbrush and consume electricity in a dozen different ways. That means that they should learn early how to conserve electricity and how to use it wisely. It's a good lesson to learn, now!

In 1858 The Bank of N.T. Butterfield & Son, Ltd. was established as a definite banking house in Bermuda. However, there hangs in the Bank this Bill of Exchange drawn by Messrs. Dickinson and Trott of Antigua on Nathaniel T. Butterfield of Bermuda, dated 1816, which proves that the Butterfields were in essence merchant bankers as far back as the Battle of Waterloo, 160 years ago. The Bank was incorporated in 1904 and has grown in size and influence, particularly since its incorporation 72 years ago with assets of about fifty-seven thousand pounds at that time. Today the assets of the Bank are in excess of \$375,000,000.00.

On behalf of the Yearbook staff I sincerely hope that you have enjoyed this year's annual. Throughout this year we have been working very hard at trying to preserve each memorable event so that you may keep it with you wherever you go. This task has not been easy. It has been a long process of planning, sorting, doing, photographing, writing, laying out pages and raising money in order to reduce the price of each book from \$22 to the low price you paid.

I would like to extend my thanks to the Yearbook staff and those students who have helped and contributed to this book to make it what it is. I would like to especially thank John Buschlen, Ines Norgard, Diana Krabbe, Sheila Baldwin, Lisa DiDonato and Deena Brown who have spent many late afternoons, evenings, nights and weekends working on the yearbook.

Last but not least we of the Yearbook staff would like to thank those faculty members who have helped us with the photography and the painstaking clerical work: Ms. Hayes, Mr. Long, Ms. Ahlberg, Mrs. Barsness, Mr. Lehr and Ms. Harrison. Mrs. Bates - thanks for your patience. Mack Farmer - thanks for lending your artistic hand.
