Some Words Of Wisdom

CAPTAIN JIM ARNOLD

"Many historic and incredible changes have occurred this year. It has given us an unpredictable Presidential Election and has shown us the beginning of the new European Economic community.

At NAS Bermuda, we are continuing to support both allied and national interests while we attend to quality of life improvements at the base. Our DoDDs School System, its faculty, and the positive personal involvement of the students and their parents make NAS Bermuda's Schools a hallmark of excellence.

Thank you all for your strong support and contribution to our base and its mission."

DR. THOMAS E. SMITH

"I want to thank all of the students of Chaffee for enriching my life and those of my family during the five and a half years I spent as principal. Your contributions to my development as a person I hope were balanced with the contributions I made to Chaffee. Everyone working together developed a super school. We have great students who one day will make a mark on society.

I wish everyone great happiness and special good wishes to the class of '93. It was my good fortune to watch them grow from seventh graders to become young men and women about to face the adult world. That makes them a very special class to me.

"Thanks for the great memories."

MICHAEL W. DIEKMANN

"Just as NAS Bermuda is undergoing change so is Roger B. Chaffee School. The change from a High School to a Unit School presents many new opportunities. I look forward to the challenges that face all of us. We all are going to be facing the challenges in the years ahead. What you do and learn here at Roger B. Chaffee will affect, in the coming years, whether or not you view a challenge as something to overcome or allow it to become an obstacle to defeat you. I hope what you take with you from here is the knowledge that challenges are opportunities to grow and become better."

HANGING AROUND
Students in Chaffee are practically friends with everyone. Jimmy Landsittel, Alice Cross, and Wendy Weinbrecht chat at the beach.

FUN
Late September beach party.

ACTIVITIES
Living in Bermuda, students are exposed to a wide variety of people and things. Each year, students get to enjoy an airshow hosted by the naval base.

VARIETY
There are various people and personalities in Chaffee. Sophomore Stuart Greenough displays one of his many different hair styles.

UNIQUENESS . . .

. . . A Perspective Look At Roger B. Chaffee.

"Uniqueness." This word in itself describes Roger B. Chaffee High School. There is no school like this . . . and there may never be.

Some students are quick to judge though. They can only see the disadvantages of going to a school "in the middle of nowhere." However, there are some of us who would rather be here than anywhere else, and we can only see the finer points of Chaffee.

If you have ever been to a school in the states you know it is almost impossible to know everyone in your class, let alone your whole school. Here at Chaffee it is possible to know everyone in the school and be friends with most of them. Considering there are only 120 students in grades 7-12, there

is a closeness at Chaffee like no other. Although there are little squabbles, no serious fights have occurred.

Another great thing about Chaffee is the fact that the beach is open year-round. How many places can say that you have played beach volleyball in November? It is never too cold to go outside and wash the car or bike, and there's never snow for you to shovel up.

There are many advantages of living in the "middle of nowhere," and going to Chaffee. As the saying goes, "life is what you make of it," and many people would say we live a pretty good life.

Introducing Mr. Chaffee And Ms. Chaffee . . .

. . . Charles Ramsey And Jennifer O'Neil

"I have greatly enjoyed my four years at Chaffee. I like the fact that everyone knows everyone else, even though at times it can be difficult. In a small school you can get close to most of the people attending and form lasting relationships. I have made many wonderful and interesting friends that I hope to keep in touch with throughout the years. Leaving Bermuda and Chaffee will be one of the most difficult things that I will have to do. I will miss the weather, the beach, the parties, and most of all, my friends."

When I look back at 1993, ten, twenty, or fifty years from now, I want to remember a group of students that was proud to be themselves. I ran for president because I wanted Chaffee to have more student participation. The more work and time one puts into something, the more proud of it he becomes. I want the Class of 93' to be proud to have attended Chaffee High School.

MEMORIES

By: Caetha S. Williams
 c/o '76

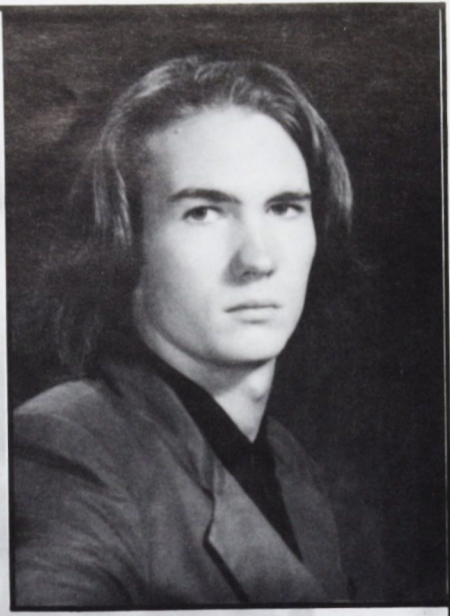

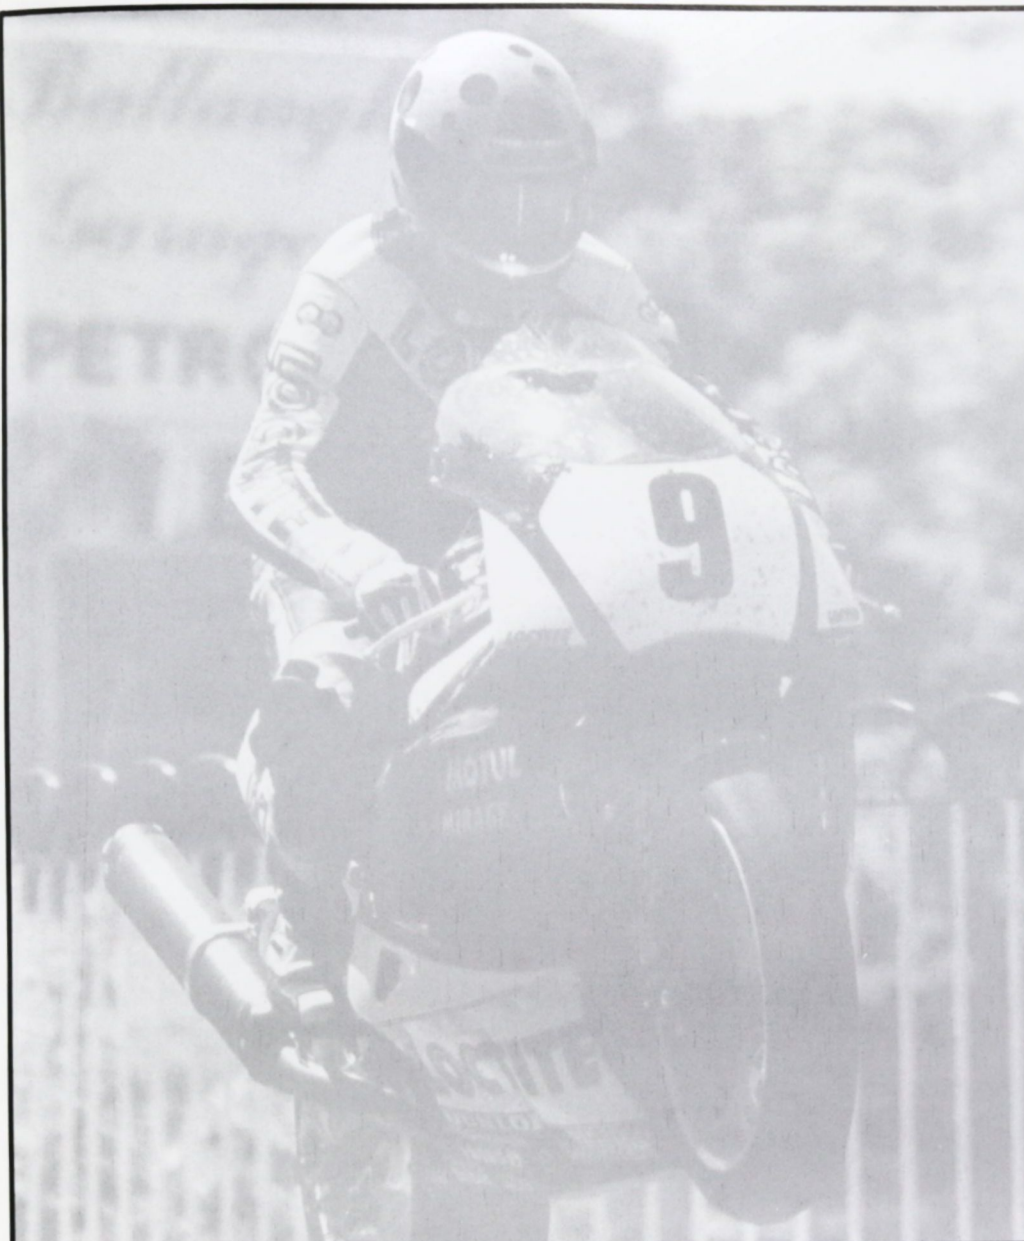

There are a thousand times in life
 I silently recall
 The sunshines of the summer
 And the snows of past gone years
 The hand I held
 The face I touched
 To kiss a way a tear
 The people that I met and all the merry
 moments that I will not forget
 When I review these memories
 I know I will never
 live them again
 Yet some things seem funny
 That were not so funny then.
 The labor looks less wearisome
 And every joy more real.
 Then in the days when
 eyes were held
 And hands were there to feel
 But now as I grow older
 And my backward vision
 Less I minimize old sorrow
 And inflate the happiness
 The sun goes up or comes up
 And also it goes down
 And life is weak or strong
 And somehow as the days go by
 I will not forget you because you
 know life goes on.

IF —

If you can keep your head when all about you
Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies
Or being hated don't give way to hating,
And yet don't look too good, nor talk to wise:

If you can dream — and not make dreams your master;
If you can think — and not make thoughts your aim,
If you can meet with Triumph and Disaster
And treat those two imposters just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools:

If you can make one heap of all your winnings;
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: "Hold on!"

If you can talk with crowds and keep your virtue,
Or walk with Kings — nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And — which is more — you'll be a Man, my son!

COMES THE DAWN

After a while you learn the
Subtle difference
Between holding a hand and
chaining a soul,
And you learn that love doesn't
mean leaning
And company doesn't mean security
And you begin to learn that
kisses aren't contracts
And presents aren't promises,
And you begin to accept your
defeats with your head up
and your eyes open,
With the grace of a woman,
Not the grief of a child,
And learn to build all your
roads on today because
tomorrow's ground is too
uncertain for plans, and futures have
A way of falling down in mid-
flight.
After a while you learn that
even sunshine burns if you
get too much.
So you plant your own garden
and decorate
Your soul, instead of
waiting for someone to bring
you flowers.
And you learn that you really
can endure . . .
That you really are strong
And you really do have worth.
And you learn and learn . . .

WITH EVERY GOODBYE YOU LEARN.

The class of 1993 holds a special place in Chaffee's history book. In addition to being the last class to graduate from the "Chaffee High School". The class of 93 is the smallest in Chaffee's history.

Many stateside seniors could rapidly think of countless disadvantages of graduating in such a small class, but for those awesome Chaffee seniors the good outnumbers the bad. The majority of the senior class would agree that the biggest plus in being a small class and school is the formation of lifelong friendships and group togetherness. By far the class of 1993 is the closest class compared to any other grade level.

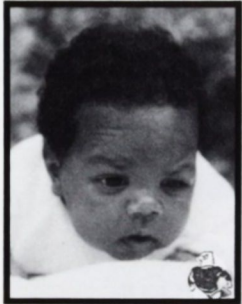

As our last months of high school quickly pass by, and the protective net of parents and teachers slowly lifts, the class of 1993 knows that as they venture out into the "real" world they will never be alone. There will always be twelve young lives close by to lift spirits, reminisce about old times, and most of all be a friend. In my opinion Chaffee has "saved the best for last".

Life At Chaffee

It is hard going to a school where your mother works. She is always making sure your homework is in and everything, but I guess I'll have to live with that. I like going to Chaffee because it is so small, and every one knows everyone else. Even though I'd rather be in the States I guess I enjoy this school.-
Kim Pahl

Life at Chaffee is homey. Everybody seems to know everyone else. Also everybody seems to get along very well. Teachers care about teaching, and students care about learning. I hope I can continue and enjoy life at Chaffee High. - Alice Cross

Life at Chaffee is pretty cool even though you do have some problems. For example, you have problems with people throwing

you in trashcans and some problems with lockers, but otherwise Chaffee is great because you have a lot of activities, and there's a lot

of clubs you can join. There are a lot of things to keep you occupied. The students here at Chaffee are friendly, and the teachers try to help you as much as possible. I think Chaffee is a pretty good school.

Faculty Types ... And Faculty Favorites

Fellow faculty flabbergasted by facial flexibility!

When faculty members were asked to fill out opinion polls on their favorite movies, etc. we expected some variety ... and we got it. Here are some of the favorites:

Music/Artist: Ringo Starr, Kenny G., Joan Baez, Gordon Lightfoot, Patti LaBelle, etc.

Music/Group: Rolling Stones, Kingston Trio, New York Philharmonic, Beatles, etc.

Music/Song: Ode to Joy, Notre Dame Fight Song, Everyday People, Where Have All the Flowers Gone, etc.

Movie: Barton Fink, Casablanca, Star Wars, Pretty Woman, Indiana Jones, Malcolm X, etc.

Local Hang-Out: Airport dump, Home, Bombay Bicycle Club, CHS, Beach, St. David's, etc.

Food: Pizza, Lemon Pie, Mexican, Italian, Beef, Egg Roll, Lobster, etc.

Actor: Steve McQueen, Kevin Costner, Denzel Washington, Burt Lancaster, Woody Allen, etc.

Actress: Jane Fonda, Meryl Streep, Julia Roberts, Whoopi Goldberg, Jessica Tandy, Susan Hayward, etc.

TV Show: 60 Minutes, CNN News, Discovery Channel, Northern Exposure, Hill St. Blues, Murphy Brown, etc.

Sport: Football, Basketball, Baseball, Snow Skiing, Fishing, Tennis, Running, etc.

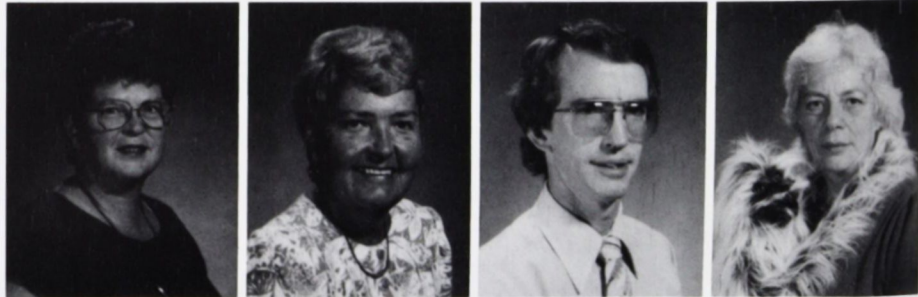

Change And Continuity

Many changes in US Bases overseas, but Mrs. Benbow (with hulks John and Kyle below) continues with snorkeling trips to Flatts.

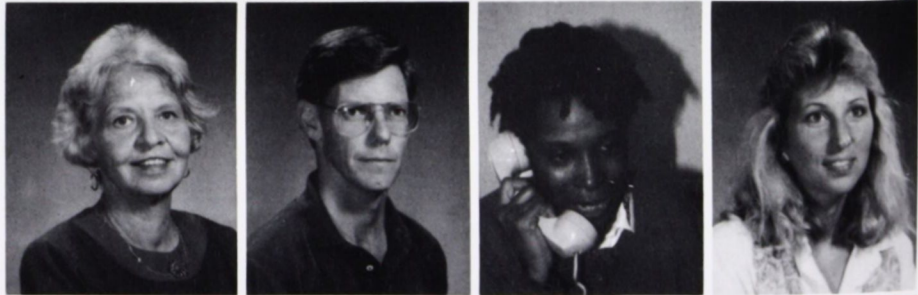

Mr. Michael Diekmann (new principal) and Mr. Charles Yahres (new assistant) take over in December, but students still risk retribution by placing horns on faculty.

Sports

"I have heard it said and I concur, that participation in athletics parallels participation in life. You have to work/practice to become good at what you do on the athletic field and on the field of life. Very few couch potato quarterbacks have signed million dollar contracts. It's the ones that have a record of achievements — who get the job done — that are successful, and it's true in the market place as well" . . . Mr. Funk, Athletic director.

They Played Hard

Chaffee Women's Volleyball: Youthful Spikers dominate this years team.

Freshman Aimee Sanderson leaps high for the block in practice before a game. Aimee is one of the five Freshmen on this years team.

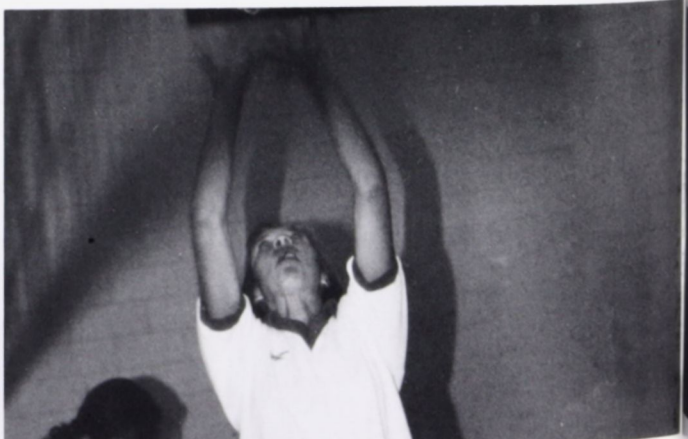

Coach Jan Driscol

Front row, L to R: Akilah Mathews, Aimee Sanderson, Coach Driscol, April McNeal, and Monnique Bellamy. Back row: Danielle Andrews, Elaine Poyerd, Gretchen Hasselbring, Sarah Widdop, and Michelle Moss.

The team meets for a pep talk and court assignments just before a game. Although the women did not have a winning season this team will always be a winning one.

Sophomore Sarah Widdop sets the ball for a super spike by one of her teammates. Sarah says "The best thing about this years Womens Volleyball Team is that we are very supportive of each other. Even when we are losing terribly we still support each other. Even when we are losing terribly we still support each other. We will be awesome next year."

Another Winning Season

"The best thing about this year's Men's volleyball team is that we all played well as a team."- Senior Rick Collins

While practicing before a game, Sophomore C.J. Thee sets the ball to senior Ariel Mierzejewski who spikes it.

The Chaffee Men's Volleyball team showed team spirit which led them to a winning season. Here the team has a huddle to discuss what to do next.

Younger And Nicer

Gave It Their Best On Tuesdays

Three intramural teams battled to a very close season finale with the LAMBACKERS winning. Here are four of our finest competitors.

"It's great!" ... this quote is from Natausha Samuels ... concentrate on the job at hand ... run like the wind ... flash 'em a shy smile ... not a bad way to be.

Varsity Boys Basketball

"In various games it seems as if we were going to get beaten, but at the last moment, we really rallied and pulled off the victory. Once we get "hyped," there's no stopping us."

- Charles Ramsey

"I believe that this years mens varsity basketball was one of Chaffee's best. We had ten guys that not only signed up for basketball, but wanted to play so bad that after administration had said "no" to a mens team these ten guys talked and pleaded with Dr. Smith and Mr. Funk so they would be able to play. I believe with this kind of desire and motivation, we can beat any team on the basketball court."

- Ariel M.

"A willingness to work together with one goal in mind - to win every game we play in a sportsmanlike manner."

- Mr. Brew

Teamwork was the key to Chaffee's success. Coach Brew rallies the team.

Games can get tense. Players watch closely from the side.

Chaffee Invitational Tournament

Varsity Girls Win!

Danielle Andrews takes the ball down the court for another two points.

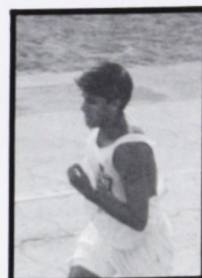

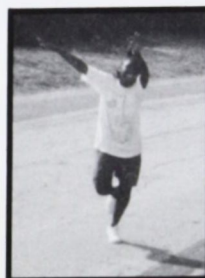

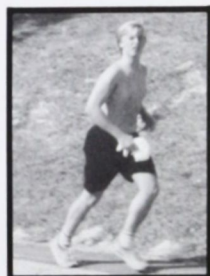

There were many fans watching the games this year.

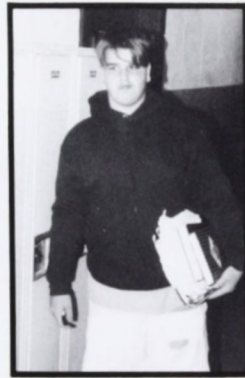

Varsity Boys fought hard for their second place finish.

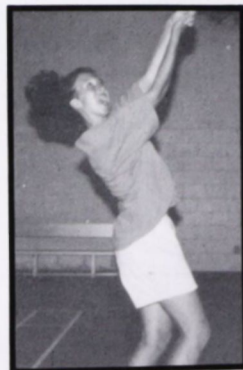

Turkey Trot

The annual pre-Thanksgiving run . . . around the grade school . . . down by the beach . . . and up de hill . . . has become one of our Chaffee classics. The event was coordinated by physical fitness and health model, Ms. Driscoll, and involved pretty much the whole school. Each person toughs it out in his or her own way. Top runners this year were Charles Ramsey and Jimmy Landsittel for the guys with April McNeal finishing first for the ladies.

Activities

“Extracurricular activities provide opportunities for students to participate in a variety of exciting and challenging areas. This enables them to develop new skills and improve present talents, thereby becoming well-rounded socially as well as emotionally. Lastly, these experiences will enable students to develop meaningful relationships locally, nationally, and perhaps internationally.”

Student Government

As the Chaffee Schools became smaller the Student Government still faced many challenges. Starting off the school year a welcome back beach party was held at Clearwater Beach for new and returning students. Early November saw a delegation of Chaffee Student Government members as they made their way to Sheringham, England for a leadership conference. "Go mad make a difference" was the theme. A new Student Government has come into being at Chaffee.

The winter months saw a basketball tournament in early February with a Student Government sponsored homecoming week. Spring finally arrived with warm and sunny days and the traditional Field Day. This year's Student Government would like to thank all of the students, faculty, and administrators for their support.

Falcon Flyer

Hardwork, determination, and perseverance. What do all these things have in common? You need each and everyone of these things to be a successful reporter for the Falcon Flyer.

Many people don't realize the amount of time and energy that goes into every edition of the Falcon Flyer. Many staff members stay as late as four or five hours after school, just to complete his/her page on time, and although they have received some new, greatly-appreciated equipment, the supplies are still limited.

The Falcon Flyer Staff works very hard every month to bring out a quality paper. So the next time you are complaining about the Falcon Flyer being late, think of all the students who are still at school burning the midnight oil to bring you excellence.

Duke of Edinburgh is a highly educated group of young adults that spend their free time doing skills like piano lessons, wood working, horseback riding, and community work such as tutoring and church activities.

In October, Natausha, Naomi, Sarah, Gretchen, Akilah, Jonathan, and Chris went on a five mile trek from Chaffee to Abbots Cliff for the night and in the morning back to St. George's for an overnight stay on Paget Island.

The group has had fun doing all things this year. Among the group, only Derek Trimmingham is going for his gold medal. Sarah Widdop and Naomi Sosa are going for their silver, and Gretchen Hasselbring, Natausha Samuels, Chris Gross, and Akilah Mathews are going for their bronze.

"What a great sound for such a small group" seemed to be the general consensus of opinion for students and faculty alike at the band concert in December."

-Lee Hasselbring, Teacher

"The band this year is split into three different classes. We will pull the classes together for at least two performances, one in December and the other in May."

-Richard Peter, Music Teacher

Key Club

Key Club is an international service organization sponsored by the Kiwanis International Club. It provides service for the school and community. This year we sponsored a child in Columbia through Children International. In addition to monthly financial help we provided him with a Christmas and Birthday gift. We also provided the teachers with Christmas decorations, as well as decorating the cafeteria and the halls. We helped to paint the old gym to allow housing to turn it into a community center. We hope to continue helping out through our service projects.

From back L-R: Akilah, Amie, Gretchen, Sarah, Charles, Alethea, Danielle, Dawn, Front Natausha, Aimee, April, Danielle, Jennifer, Vanessa, Yalonda, Naomi, and Mrs. Hoffman-Pahl.

Business Club

Earning and learning is our goal in the Business Club; we learn about the world of business and earn our way to New York City through organizing dinners, a trashathon, and other business activities.

National Honor Society

April Sanderson, Jennifer O'Neil, Charles Ramsey, Amie DeAngelo

Rarely does a group this small have such great responsibilities. The National Honor Society consists of students distinguished for their leadership, excellence and service.

Under the guidance of Mrs. Beth Bates, the NHS is responsible for the Awards Banquet, the Awards Assembly, and to be ushers at graduation. The NHS provides community service in occasions like the Christmas party at Friendship Vale. The organization helps the school promote educational excellence, community service, and good work ethics.

Yearbook

Even though there were only eight people on the staff this year, we were responsible, and together we got the job done. There was always a lot of work to be accomplished, but we just sat down, fought out a plan and carried it out. Now that all of our hard work is done, we will just relax and read the yearbook like all the rest of the Chaffee students and enjoy its splendor

Future Teachers Of America

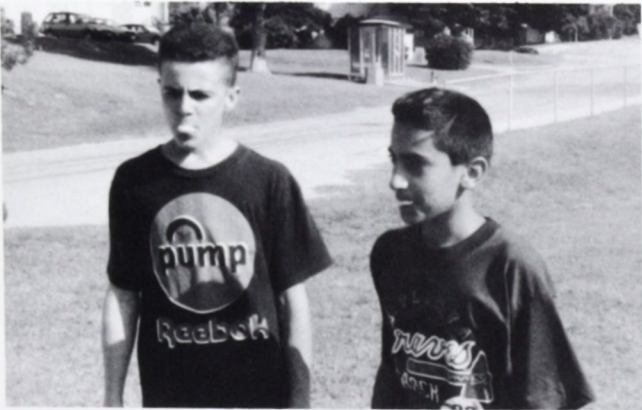

The Future Teachers Of America have high hopes of what we will be doing. We plan to receive our official charter. We would like to find which age level we would like to work with and spend a day with a teacher for that grade. We will be inviting experienced teachers to learn their points of view on teaching pros and cons.

Middle School Types

Jeremy and Jason compete in a bubblegum blowing contest.

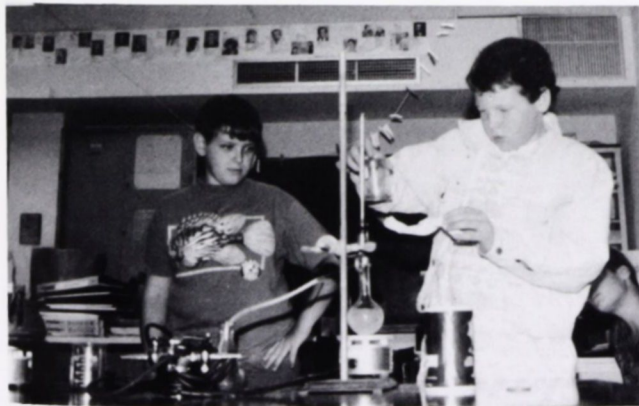

Part of the day middle school students sit quietly and learn.

But if they had a choice they would rather have fun and jump around as Sarah and Julie are doing at field day.

Friends gather with friends enjoying each others company.

Two future "scientists (James and David) are on the verge of a major breakthrough.

Model United Nations

Model United Nations is a course that almost every school offers. What is unique about Atlantic Region DoDDS schools is the opportunity to travel to The Hague, Holland. Students enrolled in MUN work hard for an entire semester for one common goal; The International Model United Nations Conference. Each school is given a country to represent. The conference involves students from all over the world who have the chance to voice their opinions about such topics as the environment and child care.

Charles Ramsey was chosen as this year's ambassador from the Bahamas. The rest of the council are, April Sanderson, Amie DeAngelo, Shaun Powers-Sharpe, Yalonda Johnson, Jennifer O'Neil, Alan Montagna, Ariel Mierzejewski, Gary Woods and Monnique Bellamy.

The Civilian Women's Social Club is pleased to be a Sponsor for the Chaffee High Yearbook. We certainly welcome the opportunity to tell you about our Club, as we have discovered that there are a lot of people who do not know of our existence.

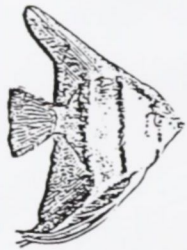

Our membership is open to the Wives of U. S. Civilian employees and U. S. Civilian women employees with base privileges and their dependents.

The purpose of our club is to foster fellowship and to encourage scholarship support of any worthy students of the Roger B. Chaffee School. In this connection, the Club awards at least \$1,000 in scholarships each year. In addition, we assist in community development activities and functions, make donations to local charities, and we sponsor a child through World Vision.

In order to raise funds, we have three major functions a year. These are Easter/Spring Bake and Crafts Sales; the sale of crafts, etc., at the Carter House Fair; and a Christmas Bake and Craft Sale. Also, you will probably see our members selling the Sno Kones in the Mall on Saturdays. The members enjoy making and selling the Sno Kones and of course, the kids love them. If you enjoy making craft items, or if you would like to learn, you will certainly enjoy our group!

This Thanksgiving, it was the Salvation Army who were the recipients of a gift made possible through the latest fund-raising projects held by the Club. The Club handed over a food basket and gift vouchers for a turkey and a ham to be donated by the Salvation Army to a deserving family for Easter.

Meetings are held the first Monday of each month in the homes of the members. Some of our members are really very clever at making crafts, and we have great fun at these meetings. If you wish to attend, please call either Betty Mroz, President at 297-1281 or Kelly Lewin, Vice President at 293-5330. There is a list of the officers and members of the Club at Recreation Services.
