BMS Faculty & Staff: In Focus

BMS Faculty & Staff: In Focus

the principal

Dear BMS Students,

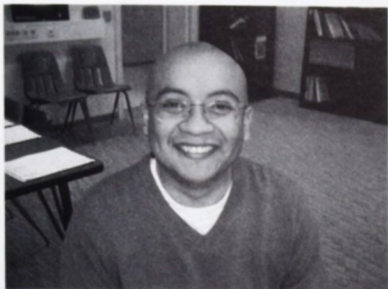

Although it is sometimes hard to believe, your middle school years really are the wonder years! During this time in your life, you are expanding your depth of knowledge, experiencing significant physical changes, and continuing to define who you are more than ever before.

Being the principal of Bitburg Middle School has always given me great joy, because every year I have had the opportunity to witness some of that middle school magic. I welcome you to a new school year in August, and then in June, I marvel once again at the academic, physical, and emotional growth that each of you has achieved in only a few short months.

Now, in only a few days, SY 2004-2005 is officially over. It is a good time to wish each of you a safe and fantastic summer break! If you are leaving us, I wish you much happiness as you settle into your new corner of the world, whether it is in a brand new community or just up the hill at Bitburg High School. May the memories that you have made at BMS last you a lifetime. You will be missed, but not forgotten. If you are returning to BMS in August, it is great to know that you will be back to continue your middle school quest here. Your teachers will have another opportunity to challenge you academically, provide you with new and interesting experiences, and share some fun with you along the way.

I thank each of you for your part in making my time in this community and at this school a memorable one. As I prepare to depart the Eifel, I look back with great fondness on my many years at Bitburg Middle School. It will forever hold a very special place in my heart.

Guidance Counselor & Office Staff

What is your job all about?

My job is about helping students cope with the everyday stressors of school.

How long have you been working at BMS?

This is my 5th year working here.

Did you always want to be a guidance counselor?

Yes, I always wanted to be a counselor.

Do you enjoy being a guidance counselor? Why?

Yes, because I feel I am doing something worthwhile.

What is the hardest part of your job?

The hardest part of my job is managing my time.

What is the most rewarding part of your job?

The most rewarding part of my job is knowing that I am able to help people.

If you could change one thing about this school, what would it be?

One thing I would change about this school is I would add a second story.

Where else have you worked as a guidance counselor?

I have only worked at BMS as a counselor.

What other occupations have you had?

In the past I have worked as a teacher.

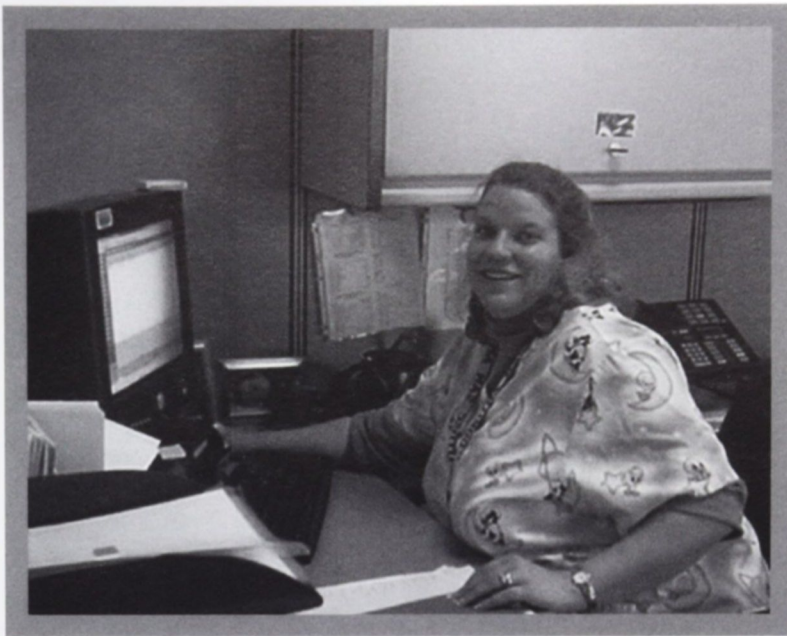

"As the year comes to an end, Frau Karpen, Mrs. Krisher, and Mrs. Young would like to wish each and every one of you a safe and exciting summer. For those of you who will be leaving BMS, take the wonderful memories of living overseas and keep them close to you as you move on to your new adventure. Twenty years from now you'll look back on those memories and realize how special this time was - trust us!"

Frau Karpen celebrates 30 years at BMS this year.

Mrs. Young and Mrs. Krisher will be heading back to the states this summer.

Mrs. Cavanaugh, School Nurse

.....

What is your job all about? "I provide support for students while in school, and I take care of sick or injured students during the school day."

How long have you been working at BMS? "I have been working at BMS for 2 years."

Did you always want to be a nurse? "No, I originally wanted to be a teacher or pilot."

Why do you enjoy being a nurse? "I enjoy being a nurse because I like to help and support people when they are not feeling well."

What is the hardest part of your job? "The hardest part of my job is determining how ill or injured a student is."

What is the most rewarding part of your job? "The most rewarding part of my job is communicating with students on a daily basis."

If you could change one thing about the school, what would it be? "I would add outdoor picnic tables for lunch time."

Where else have you worked as a nurse? "I have worked at Wilford Hall at Lackland AFB, Texas; the University Health System in San Antonio, Texas; Guantanamo Bay, Cuba; and Panama City, Florida."

What other occupations have you had? "I have been a camp counselor, waitress, and research associate for radiation oncology."

Mrs. Krisher, BMS Registrar

.....

What is your job all about? "I register and withdraw students, and I keep the data base updated and current. I, also, gather grades and print report cards and transcripts. I maintain students' cumulative files for not only the current school year, but also for the past 5 school years. I gather info on students for teachers, staff, and the district. Plus, a whole lot more!"

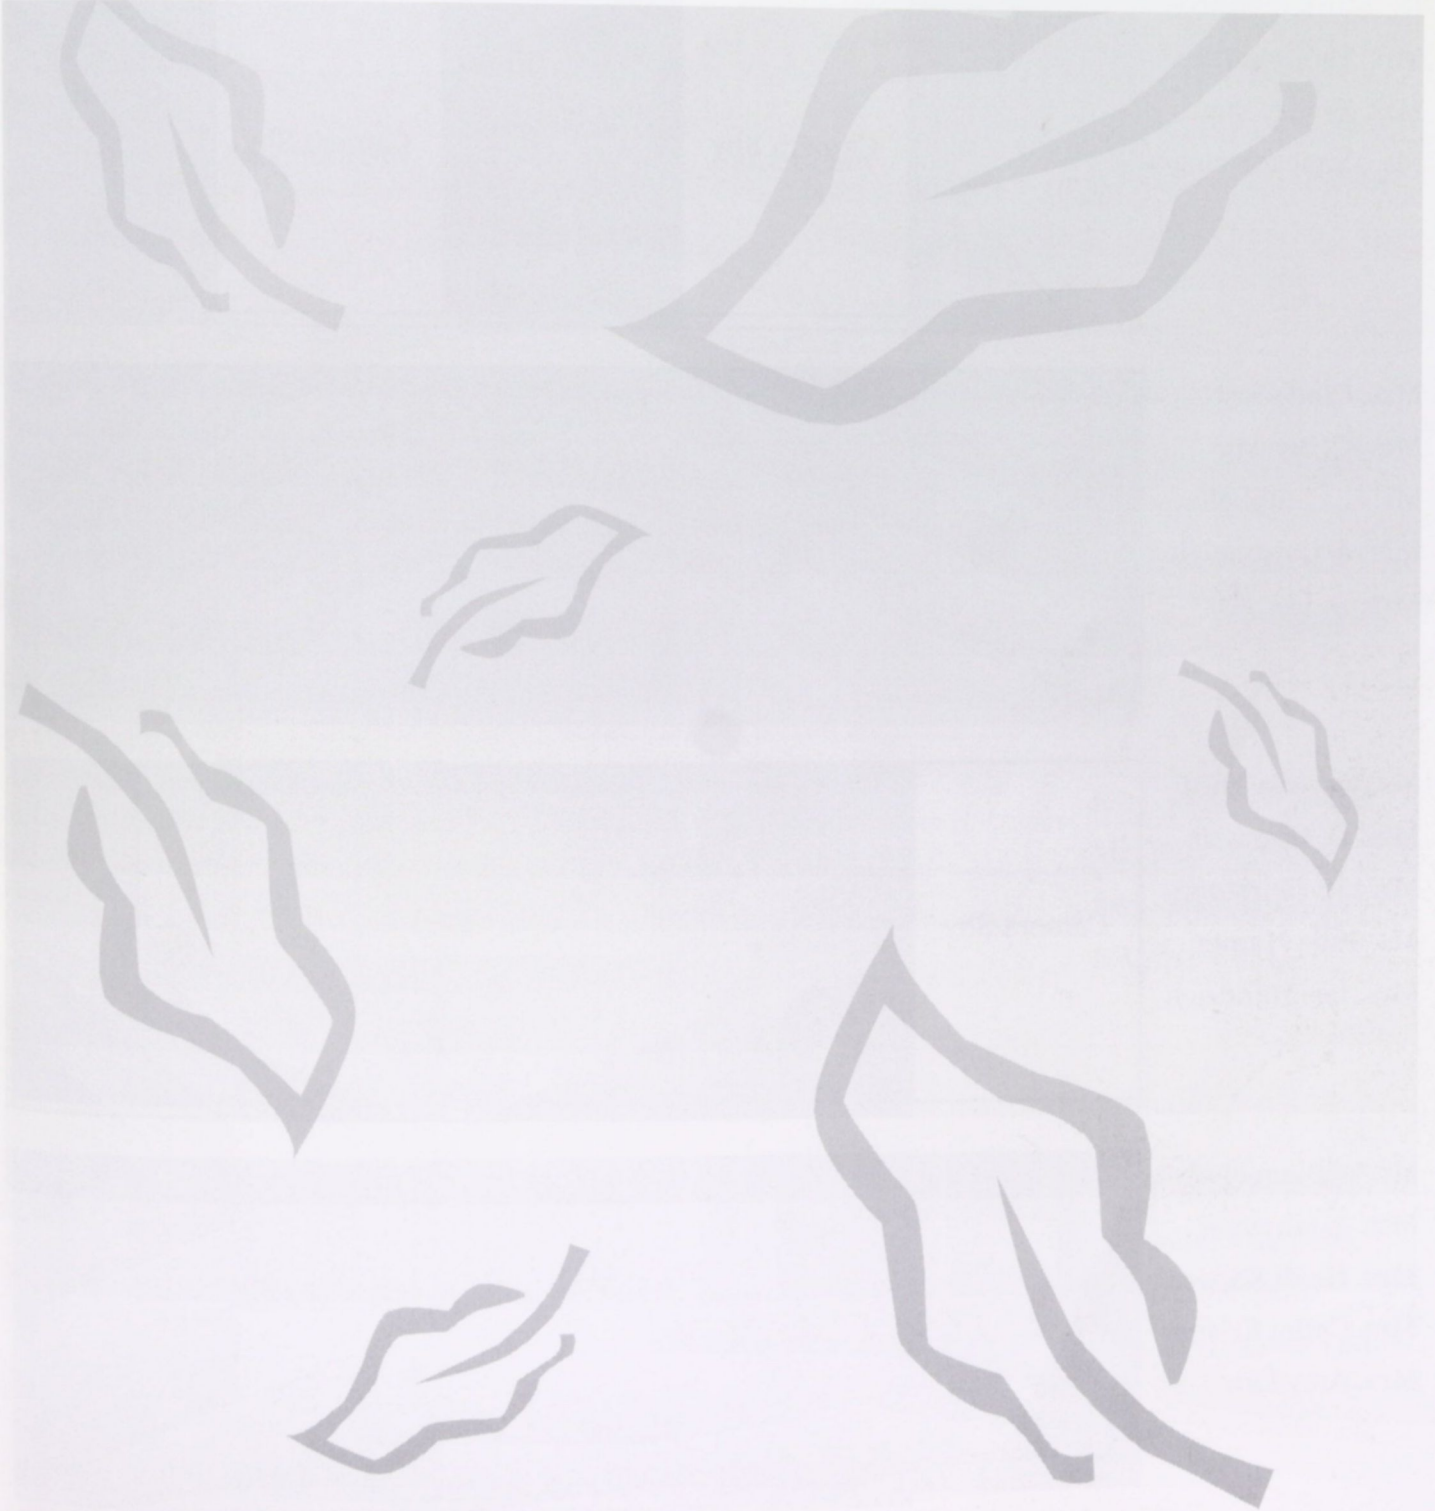

Did you always want to be a registrar? "I never really thought much about being a registrar until I was offered the job. However, I did want to work at a school."

Do you enjoy being a registrar? **Why?** "Yes, because it is interesting, busy, and challenging."

What is the hardest part of your job? "When everyone wants reports or info at once."

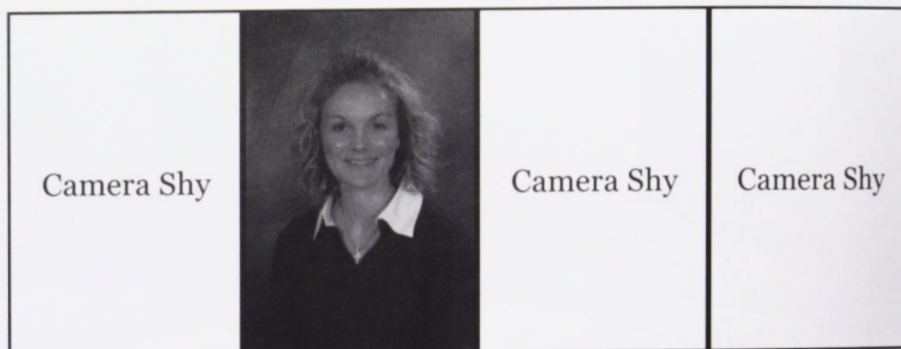

What other jobs have you had? "Lots! I have been a waitress, sales clerk, stocker, shipping and receiving clerk, child care provider, assistant in ceramics, cake decorator, office clerk, and dental assistant."

Information Specialist and Technology Coordinator

Interview with Ms. Rewey

- **What is your job all about?** “I help students learn for themselves. I teach them how to do good internet searches. You can use this in life, later.”
- **Have you always wanted to be an Information Specialist?** “No, (laughs) I actually was a math teacher. It never crossed my mind to do this, but I couldn’t be happier.”
- **What other occupations have you had?** “Math teacher. I was a librarian for the Oscar Myer Company. And, I was a lifeguard. I volunteered as a counselor at a camp for children with AIDS, too.”
- **What is the hardest and easiest parts of your job?** “The hardest thing about my job is getting students to go to a reliable source for information. They **NEVER** listen to me! (laughs) I wouldn’t say it’s the easiest, but the most *enjoyable* part of my job is ordering books for the library.”

- **Are there any rewarding times in your job?** “I would say when I get students who don’t like to read and I recommend a book for them and they come back and tell me they loved it.”
- **Do you have any words you would like to share with the students at BMS?** “Keep reading! Also, my grandfather used to tell me, ‘Get your education. They can’t take that away from you.’”

Technology Coordinator & Media Specialist

- ***What is your job all about?*** “My job is all about helping students and teachers by using internet resources and print material.”
- ***Have you always wanted to do what you are doing now?*** “Yes, I have always wanted to work with kids and books.”
- ***What other occupations have you had?*** “I have been a lifeguard, a baby-sitter, and a ski instructor.”
- ***Are there any rewarding times in your job?*** “All the time! I love it when I recommend a book to someone who hates to read and then they come back and tell me how much they loved it.”
- ***Do you have any words you would like to share with the students leaving BMS?*** “Keep reading!”

Yearbook Dedication

Mrs. Huebner

Prejon: Where are you going after this?

Mrs. Huebner: "After BMS I will be moving with my husband to Long Pond, Pennsylvania which is in northeastern PA in the Pocono Mountains."

Prejon: How long have you taught here?

Mrs. Huebner: "This is my 13th year at BMS."

Prejon: What subjects have you taught here at BMS?

Mrs. Huebner: "I have taught math primarily at the 6th grade level. I have taught all four grades. And besides math, I have taught science, speech, comp. ed., study skills, reading, and read 180."

Prejon: What has been the most challenging thing about teaching for you?

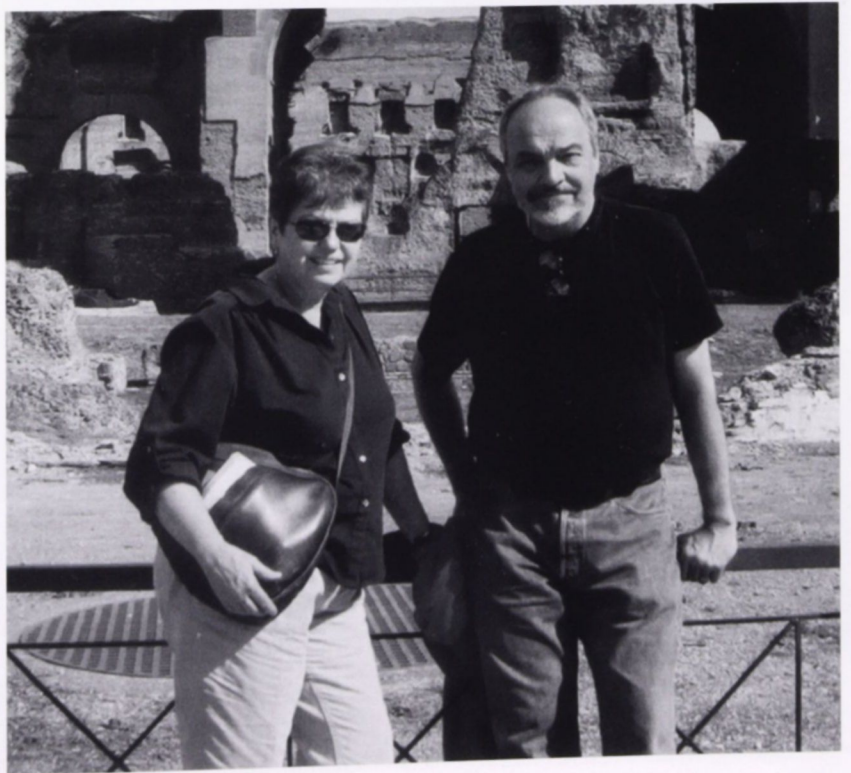

Mrs. Huebner: "The most challenging thing about teaching is getting the students to enjoy math and problem solve."

Prejon: Who are you going to miss the most?

Mrs. Huebner: "My 6th grade kick ball team!"

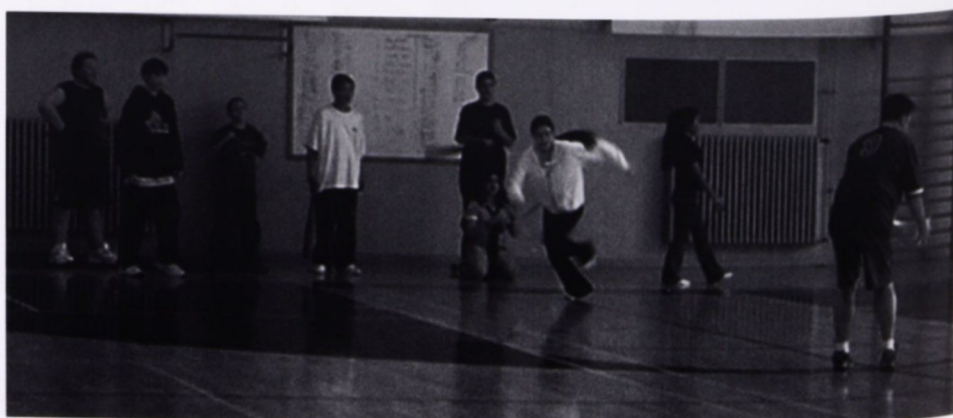

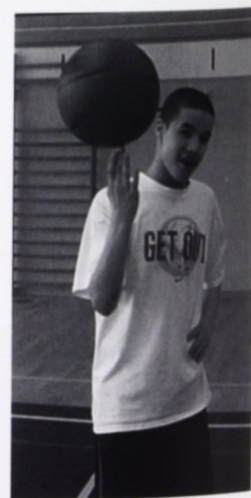

Times will pass
and we will part.
But, true friends stay
close at heart.

Beginning & Intermediate Band

What are your responsibilities as a music teacher?

"I teach band instruments, piano, and help people sing."

How long have you been working at BMS?

"I started working at BMS last September."

Did you always want to be a music teacher?

"No, I wanted to be an astronaut at first."

Do you enjoy being a music teacher? Why?

"I like doing many different things at once."

What is the hardest part of your job?

"Going home everyday."

What is the most rewarding part of your job?

"Making music."

If you could change one thing about this school, what would it be?

"I would have snow days."

Where else have you worked as a music teacher?

"I have worked in Syria, Kenya, and Austria."

What other occupations have you had?

"When I was in high school, I made donuts."

What instruments do you play?

"My favorite instrument is the piano, but I play every instrument in the band. I especially like the woodwinds."

Chess Club

Chess Club is held on Mondays and Fridays each week. They also provide snacks for all you hungry eaters. And, if you don't know how to play, Mr. Herb will be happy to teach you! Here's an interview with the chess club sponsor, Mr. Herb.

Skye Brown: What is chess club?

Mr. Herb: "It is an after school club where students learn how to play chess and improve their skills."

Skye Brown: How long have you been sponsoring the chess club?

Mr. Herb: "This is my third year sponsoring the chess club."

Skye Brown: Do you ever play any students?

Mr. Herb: "Yes. I have even lost to a student before because I wasn't paying attention."

Calebb Traylor
planning his
next move.

Concentration
is the key to
success!

Christian Ver-
gori going at
it.

Patrick Wil-
liams making
his move.

Homework Club

Prejon: What is homework club?

Mrs. Brown: "Homework club is an opportunity for students to complete homework, projects, and class work with assistance. Also, reading counts can be done as well."

Prejon: Do you enjoy sponsoring homework club?

Mrs. Brown: "Absolutely! I love working with children of all ages."

Prejon: Will this club help students improve their homework grades?

Mrs. Brown: "Yes. Homework that is completed and turned in is a percentage of a grade."

Prejon: Do you have the students do work of your own?

Mrs. Brown: "I do not assign homework or class work."

Prejon: Is it hard to help students with their homework?

Mrs. Brown: "No, I love to help out and it makes me proud to see students succeed."

Journalism: BMS Paw Print

Mrs. Bent is a new teacher at BMS. She teaches fifth grade reading and language arts classes, seventh and eighth grade journalism class, and she sponsors the school newspaper. Her job is to supervise and manage students. She said the hardest part of her job would have to

be motivating the students to get the job done. She likes being a journalism teacher because she enjoys writing and working with the students. Although this is her first time teaching a journalism class, she enjoyed being in the class when she was in middle school. She plans to continue producing a high quality school newspaper for as long as she is living here.

Video Productions: Bobcat News

Ms. Micallef has been teaching video productions for the past 13 years. Video Productions produces the weekly news program "Bobcat News". Video Productions uses cameras, lights, computers, and other equipment to produce movies, and, also, the news. Although this class seems

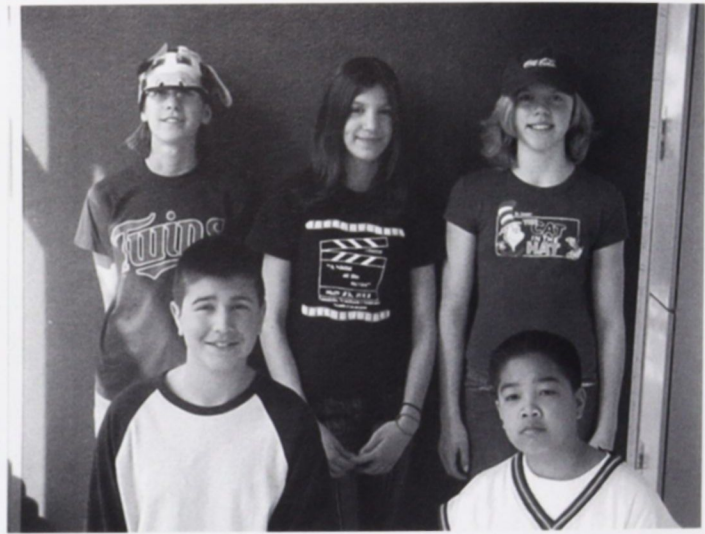

like the easiest class, it's not all fun and games. In order to use the equipment, you must first learn how to use, handle, and control the equipment. That's where Ms. Micallef comes in. She teaches her students how to use the broadcasting equipment and how to create a quality video production. Ms. Micallef believes that students will learn how to communicate more effectively by taking this class.

Brain Bowl & JLS

The BMS Brain Bowl Team. **Back row:** Andrew Kovalcik, Amy Davis, Samantha Anzalone, Greg Marchand, Vinnie Dermody, and Kameryn Sanchez. **Front row:** Enrico Ecker, Mark Bintz, and Cy Wilmoth.

Outdoor Education

National History Day

Business Fair

The Arts & Crafts Club

The arts and crafts club is an after school activity sponsored by Mrs. Susan Schwartz. This club is open to all BMS students. Students who attend this club learn how to create various arts and crafts, such as Thanksgiving Day, Christmas, and Easter ornaments.

The Yearbook Staff

Skye Brown, Prejon Henderson, LaNia Hendrix, Ebonae Hodges, Jessilyn King, and Mr. Herb (sponsor: not shown).

The Bitburg Middle School 2004-2005 yearbook was published by Memory Book Company. The press run was 160 copies. Most copy was Georgia. The cover was a full-color original student drawing by DJ Legister. Faculty, staff, and student photos were taken by Rotary Portraits. Club and sports photos were taken by the yearbook staff.

The yearbook was produced by Mr. Herb's yearbook class. Mr. Herb would like to thank any and all who helped to make this yearbook possible.

More Than Meets the Eye

In the spring of 2004, one of the flags which was flying above the Pentagon on 9/11 came to BMS. The entire faculty, staff, and student body at BMS assembled to pay tribute to our fallen heroes.

2004~~~~~

Four Hurricanes ➡ Hit Florida

Hurricanes Charley, Frances, Ivan, and Jeanne caused billions of dollars in damage and left at least 70 dead in Florida alone.

↩ The War On Terror

More than a year after the fall of the Saddam Hussein regime, the U.S. and other coalition countries continued their battle against insurgents. The city of Falluja was a significant area that underwent intense fighting. Other cities also suffered attacks as insurgents continued with terrorist activities. President Bush worked with interim Iraqi president Ghazi al Yawer on various matters concerning the future of Iraq.

Devastating Tsunamis ➡

The Indian Ocean earthquake that occurred on December 26th produced tsunamis that were among the deadliest natural disasters in modern history. The death toll was over 150,000 people in at least 11 countries. Indonesia, Sri Lanka, India and Thailand were hardest hit. Many people including tourists were missing and thousands left homeless. Relief agencies warned of thousands of more deaths as a result of disease and starvation. The magnitude 9 quake prompted a widespread humanitarian response.

Palestinian Leader Dies

75-year-old Yasser Arafat died in France. He was buried in Ramallah.

Mount St. Helens Activity

The Washington-state volcano had enough seismic activity to create some attention.

Russian School Hostage Crisis

An estimated 30 Chechen militants raided a school in Beslan, Russia, and took more than 1,000 people hostage. A bomb accidentally went off and some 339 hostages were killed, half of them children.

Flu Vaccine Shortage

The United States lost nearly half of its anticipated influenza vaccine supply due to contamination. British regulators found widespread problems at the manufacturer, Chiron Corp. The CDC suggested only "high-risk" people should be able to receive a vaccination.

election

George W. Bush Wins Second Term In Office

Electoral Count		
R	Bush	286
D	Kerry	252
(270 Electoral Votes Needed To Win)		

Popular Vote Count		
Bush	59,459,765	
Kerry	55,949,407	
Other	905,333	

In the largest voter turnout since 1968, George W. Bush won a second term as president. Challenger John Kerry conceded the hotly contested race only after Ohio finished counting votes early in the morning following the election. President Bush proclaimed it a "historic victory," and pledged to reunite the country.
