APO AE 09107

Thank you for joining us for an exciting journey through the 2008-2009 Böblingen Elementary and Middle School (BEMS) Yearbook. This publication represents a sampling of accomplishments the students, parents and faculty of BEMS have achieved that distinguish this school with Bulldog Pride!

The most important measure of success in school is the level of achievement of the students. The yearbook is full of numerous examples of the kind of teamwork it takes for a school to be successful. Partnership between schools and parents form an important coalition to make school a meaningful and productive undertaking for students. We are fortunate to have dedicated parents and teachers who offer a variety of programs including PTA, book fairs, tutoring programs, field trips, school competitions, dances, family reading nights, art exhibits, movie nights, after-school clubs, ethnic recognition celebrations, cultural arts presenters and many others that enhance and enrich the daily educational program for students.

Every effort is made to keep BEMS a safe and clean environment where students can learn and grow into healthy, well-educated, young adults. The pages of this book are a testimonial to the energy given to the learning process and the joy derived from life at BEMS. We want our students to be excited and happy about coming to school.

This yearbook was composed to provide a lasting memory of this school year and to honor the students, teachers, parents and staff of BEMS. It is our sincere wish to continually improve and perpetuate our theme, Bulldog Pride!

Thanks to the yearbook staff and the leadership of Mrs. Diane Gravatt for bringing us all closer together in good will and education.

Volume 8

"The Above-the-Fold Stories of 08"

January to December 2008

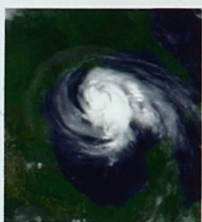

## The Results Are In; Obama-Biden Win!

The 2008 presidential election was a contest of historic firsts. Barack Obama was elected the first African American president defeating Senator John McCain, who would have been the oldest man to be elected president. The election also marked the first time in 48 years a sitting senator has been elected since John F. Kennedy's election in 1960.

Sen. McCain chose Alaska Governor Sarah Palin as his running mate. It marked the first time the Republican Party had chosen a female candidate for the office and would have made Gov. Palin the first female vice president.

## Hurricane Ike

Ike was the third most destructive hurricane in U.S. history. Sept. 5 saw Ike develop to a category 4 storm with winds reaching 145 mph. Damage was estimated at \$27 billion in the Texas gulf coast area.

## Economic Troubles

In December it was confirmed that the U.S. economy was in recession. News of the housing and credit crisis dominated newscasts and was the main focus of the presidential campaign.

Congress passed a \$700 billion rescue plan for banks and other financial institutions. The auto industry also suffered a severe slow down and also went before Congress requesting a bail out package. The meltdown had spread around the world by year's end and the growing economies of China and India slowed down as well.

## Miracle on the Hudson

Capt. Chesley Sullenberger made an emergency landing in the Hudson river after hitting a flock of birds on take-off from New York City, which resulted in the loss of both engines. The skill of the aircrew resulted in all 155 persons on board surviving the Jan. 15, 2009, incident.

## Iraq and Afghanistan

U.S. troops in Iraq continued to turn security duties over to Iraqi soldiers. Plans to remove U.S. troops from Iraq after the surge were being discussed. The focus of the "War on Terror" began shifting to Afghanistan. Troops from Iraq will be diverted to Afghanistan.

Camp Rock follows on the success of Disney mega hits High School Musical I, II & III. Featuring the musical and acting talents of the Jonas Brothers and introducing Demi Lovato, Camp Rock is Disney Channel's second most watched original movie ever! Plans for a sequel have already been made with most of the original cast returning.

Will Smith continued his winning ways collecting two Peoples Choice Awards. Smith was victorious in the male movie and action star categories.

The 2008 Kids Choice Award for favorite female singer went to multi-talented Miley Cyrus a.k.a. Hannah Montana.

Johnny Depp and Jessica Alba were chosen by Kids Choice as favorite actors for 2008.

## Going Green!

Gasoline prices topped \$4/gal. in some areas of the U.S. in 2008 and coupled with the issue of climate change focused more attention on the research into alternative energy sources. Auto makers are committing to produce improved hybrid, electric and fuel cell technology for cars.

Wind power is becoming more common. Wind farms are being built around the country. Rock Port, Missouri, became the first city in the U.S. to use wind turbines to generate 100% of the town's energy needs. Other areas of alternative energy generation receiving attention are electricity generated by tidal surges and clean coal technology.

## Cool Technology

On June 9, 2008, Apple CEO Steve Jobs unveiled the new 3G+ GPS-equipped iPhone, respectively priced at \$199 for 8 GB and \$299 for 16 GB, at the Worldwide Developers Conference in San Francisco's Moscone Center. Along with the iPhone came iPhone apps which included Crash Bandicoot, midomi and ShoZu.

Guitar Hero, Rock Band and Wii were some of the hot techno-games in 2008.
