Principal's Message

To all DeLallo Dolphins:

The great Henry Miller said, "A man should begin with his own times. He should become acquainted first of all with the world in which he is living and participating." This yearbook is a great place for you to start to understand the world. Inside its covers, your friends are going to the Fall carnival, stacking things on tables at Make a Difference Day and jumping rope for the Heart Association. You're in here, too! These pages will show how you lived and learned this year. No matter where else you live or how old you grow to be, this yearbook will always hold the world of 1998-99.

This year you will look at this book and concentrate on remembering each detail of every activity. When you move away from DeLallo, you will look at this book and remember each person who wrote a message on the autograph page. When you become an adult, you will read these pages to recapture the fun of being a child. When you are a parent, you will share this book with your children to prove to them that once upon a time you were a child, too! They probably won't believe you even though you have the pictures to prove it!

This is a special book. Treat it well. Love it for a long time.

Dedication

This page is dedicated to Mrs. Mortenson . She has given 29 years of faithful service to the children, parents and staff of Camp Lejeune Dependent Schools. The majority of those years spent right here at Delalio Elementary.

We thank her for her faithful committment to educate and serve our children in an exemplary manner. She has touched the hearts and minds of many children in a positive way as only a special teacher can, who knows, maybe she has inspired a future president!

We wish her health and happiness with her retirement.

Thank you!

A hundred years from now
it will not matter
what my bank account was,
the sort of house I lived in,
or the kind of car I drove ~~

but the world may be different
because I was important
in the life of a child.
