Dear Delalio Students,

As I reflect on the accomplishments of this school year, it gives me great joy and pleasure to know we have accomplished many great tasks. We have fulfilled our mission of providing you with varied and challenging opportunities for learning, good citizenship and community interaction. You've met the challenges your teachers placed before you with confidence and perseverance. I commend you for the dedication and effort you put into your education.

Nothing in life worth having comes easy. You have worked hard and have dedicated many extra hours to being successful. Whether it was a poem or short story you've written or a project that solved a problem, you have done your best to achieve.

You are destined to do great things in life and I look forward to reading about your achievements. Always do your best and learn all you can. Continue to seek out challenging opportunities for learning and be a productive citizen within your neighborhood. I hope you have a summer that is filled with adventure and excitement.

Sincerely Yours,
Cassandra B. White
