"The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education."

**Martin Luther King, Jr.**

# Principal's Message

It is with great pleasure that I dedicate our yearbook to all of our wonderful 8th grade students. I have witnessed you grow from young 6th graders to now mature and confident 8th graders. You have demonstrated an incredible ability to lead, achieve and assist; yet done with kindness and poise. You possess a gentle heart, but with the determination of a mighty dragon. My wish is for you to never lose your fearless spirit, your stamina and drive to achieve success. Continue to pursue your dreams and achieve your goals. As GEN Colin Powell said, "A dream doesn't become reality through magic; it takes sweat, determination and hard work", and you have demonstrated to all of us that you were born with those attributes.

**Jesus Calderon, Principal, Daegu American School**

It is with great pleasure that we present to you the 2015-2016 edition the Daegu American School Yearbook. This yearbook is dedicated to all of the hard work and dedication you have shown over the course of this school year. Being a part of a military community comes with its own set of unique challenges and residing overseas adds to the challenges in unique ways. Your ability to successfully manage these challenges speaks volumes about your adaptability and flexibility. Both of these skills will serve you well in the future. Good luck and thank you for being a part of our community and the lessons you have taught us during your time at DAS.

**Mark Sanford, Assistant Principal, Daegu American School**

**Citizenship**

I am both honored and fortunate to have had the opportunity of being a leader to our community's best. I worked with young adults who will one day use their talents and abilities to go forth into the world and act as community leaders and servers. That is what the NJHS stands for. We strive to make our community a better place.

As president I have learned the best way to achieve your ambitions is to take small actions everyday. When I first accepted this position I hoped to encourage our members to appreciate the true meaning of being a part of the NJHS. Hard work, sacrifice, dedication, perseverance, and co-operation are traits that truly embody the meaning of the society and it is these traits that will help prepare us for bright futures ahead. I truly believe what Thomas Macaulay once said, *'The measure of a man's real character is what he would do if he knew he would never be found out.'*
