In class, at lunch  
Or after school,  
We're working hard--  
We're playing cool,

Waiting for the Play

translating German

We're cooking food,  
We're reading books,  
Improving our minds,  
Improving our looks,  
  
Computing, translating,  
Calculating, too  
There's much for the future  
We must learn to do.

A great audience

"Who's we?" you say.  
Now can't you guess?  
It's us--the students  
of D.M.S.
