# Lockers!

Sixth grade is a whole new world! Five minutes to change classes, lockers and combinations, upper classmen, rotating electives, and seven different teachers. Whew! Adjusting to the lockers seems to take the longest - between the time limit pressure and the frustration of messing up on the combinations some never do get the hang of it. Without lockers though, where else could posters of our favorite musicians be hung (to be drooled over between classes) and trash be stored?

# Baseball card club

Mr. Benjamin sponsors the baseball card club.

Active trading after school.

Baseball card collecting and trading has been rejuvenated! It has taken DJHS by storm with many students, both boys and girls, participating. The club not only trades cards, they also find good buys for binders and plastic pages. On club meeting days, students flock to Mr. Benjamin's room to see what collectible they can find or show off.

Some groups may be small, but in size only!

## Various organizations

Darmstadt Junior High School has many organizations and clubs. Some are small in size but proudly represent DJHS in competitions, leadership projects, sports, and just plain fun. Teachers take special time to sponsor clubs so that students will have a place to expend energy, create, get fit, socialize, and broaden academically.

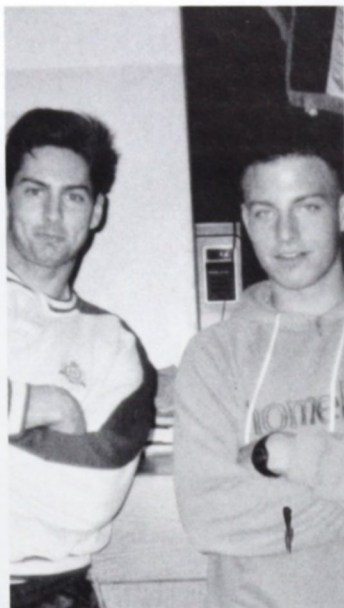

The student sponsorship club, guided by Dr. Doerr, orients new students to Darmstadt as well as the school. The energy awareness and recycling club promotes environmental awareness. At the beginning of the year, an energy awareness assembly kicked off the 1990-1991 campaign. Mr. Wade sponsors the intramural program. Band and chorus, while not a club, put on holiday specials and work with the Humanities classes in a spring play. They yearbook staff works weekly to get pictures and learn how to produce a yearbook. Herr Bremer's third period German class says they feel like a club since they take field trips and learn about Germany. Mr. Benjamin sponsors Fantasy Basketball - a favorite with students and teachers alike. The MATHCOUNTS! team represents DJHS in mathematical competitions.
