Darmstadt ACS helps

Darmstadt ACS and the School Counselor got together to provide a session to help students of deployed soldiers deal with their emotions while having a loved one deployed in Operation Enduring Freedom or Operation Iraqi Freedom.

Students with Deployment

Two soldiers came in and talked to the students about how it felt to be away from their children and some of the things that they go through while being deployed. The soldiers showed a slide presentation of how they live, eat, and communicate while serving downrange. The students loved being able to see some of the things that the soldiers received in the mail from their families and enjoyed trying on some of the local headdresses for Iraq and A februsites.

Thank you for keeping us safe.
