## 1983 ANTILLES MIDDLE SCHOOL MEMORY BOOK

FT BUCHANAN, PUERTO RICO

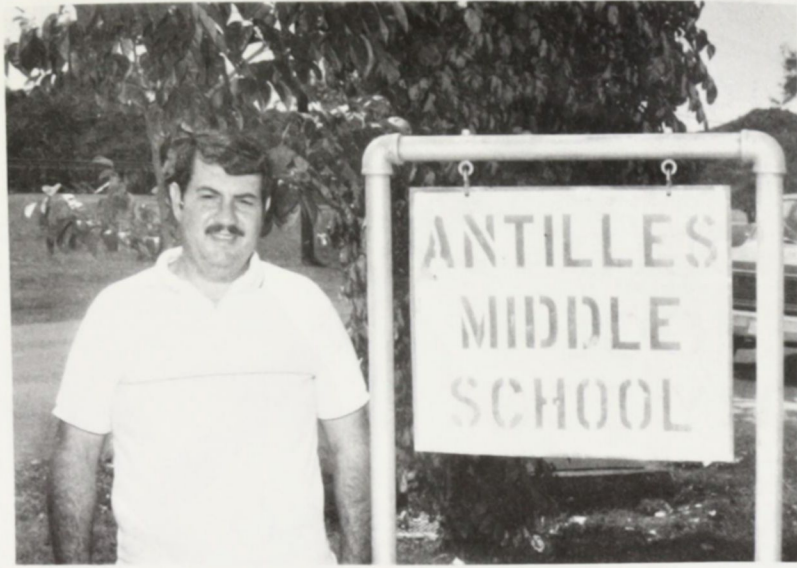

The 1983 AMS Memory Book is dedicated:  
...to the student as an artist and to the student's art, the art of achievement whether in the area of academics, athletics or art. Recognition is given to those that support these aspiring student artists. To the teachers who chart the student's course of study. To the parents who provide mental and moral support to both the student and the teacher. But a very special recognition is reserved for a true artist, Mrs. Janice Collins. Her life was her art. Those that knew her were inspired. She will be missed, but, she will not be forgotten.

All artistic creations involve more than just the artist. The AMS Memory Book is no exception. To those individuals that had a direct influence upon this book I say, "A very sincere Thank you." They are Jerry Van Buren, a superb photographer; Ellen Velez and Beverlee Benben, two talented typists; Trudy Laframboise and Maria Carrasquillo, individuals with an eye for aesthetics; Louis Caban, a promising young graphic artist; and Andrew Bielecki and Jean Johnson, patrons of all Middle School endeavors. To the students - may this book serve as a source of pleasant memories from your youthful years.

"Just cause I love ya!"
