Memories

1994-95

A.M.S. is structured under the house concept. The cover page, illustrated by Jonathan Guzman, 8th grade, depicts this method. Students are placed in houses (huts) and teachers assigned to that house work collectively towards educational goals.

Graduation

*All these years of growing together
And now everything will change.
It always seemed to be so far away
But now it's all at such close a range.*

*Everything we've been through,
all the tears of pain and joy
are now all things of the past and
the future is what we must try to enjoy.*

*Now the time of leaving is near
and we must all say goodbye.
Say goodbye to all the memories
and to know it all must sometime die.*

*It's very hard to face new life
when it all seems to have changed so fast.
It's very hard to face the fact that
our Middle School years are a thing of the past.*
