Core Beliefs

Schools are built for children. They are the most important asset of our school.

All children can learn and be successful.

People come first at AMS. Treat others as we want to be treated.

All students must be prepared to live in a world in which the ideals of democracy, celebration of diversity, multi-cultural awareness, and the need for global interdependence are essential.

*****These core beliefs drive our daily activities and enter into each decision we make*****

Mission of Antilles Middle School

The mission of the Antilles Middle School is to help all students build the foundation of knowledge and skills needed for responsible, productive citizenship in a 21st century global community characterized by advanced information technology, rapid change and cultural diversity. Central to this mission is the development of each student's ability to learn independently using English-language communication skills and vocabulary knowledge. Within a safe and caring environment, the AMS faculty and staff work closely with parents and community to present a challenging, equitable curriculum that provides all students the opportunity to develop academically, physically, socially and emotionally to their fullest potential.

School Resumes after Hurricane Georges

Classes went on....

Wherever.....

However.....

Hurricane Georges struck Puerto Rico on Monday night, Sept. 21, 1998. The week after the hurricane, school resumed on a half day schedule with water but no lights or air conditioning. Everyone brought their own snacks and drinking water.

Lucky for us to have Ms. Escribano and Mr. Sosa
