Dedication

The administration, teachers, staff and students of
Antilles Middle School
dedicate this book to:

Douglas Furlow
In Loving Memory
1987-2001

Seventh grade students participated in a tree planting ceremony in honor of Douglas.

Ms. Nancy Maldonado
Principal

Mr. Keith Young
Assistant Principal

Our Mission

The mission of the Antilles Middle School is to help all students build the foundation of knowledge and skills needed for responsible, productive citizenship in a 21st century global community characterized by advanced information technology, rapid change and cultural diversity.

Central to this mission is the development of each student's ability to learn independently using English language communication skills and vocabulary knowledge.

Within a safe and caring environment, the AMS faculty and staff work closely with parents and community to present a challenging, equitable curriculum that provides all students the opportunity to develop academically, physically, socially and emotionally to their fullest potential.

Trying out their Wild Wings

As part of Module 6 Project Mrs. Cruz's 6th grade students built Wild Wings with paper. These had the basic shape of triangular and rectangular prisms without the bases. Once they made the constructions and calculated the ratio of total weight to surface area; they were ready to let them fly!
