"I TOUCH THE FUTURE; I TEACH."

Memories

Once you passed the clocks, time never stood still.
 Many confrontations awaited us with baited breath
 Maintaining a sense of self while being pulled in
 So many directions, was the biggest challenge of all.
 These vacated halls will forever contain our now
 Knowledgeable spirits as we guide those innocents
 Who follow on a path they, too, will never forget.

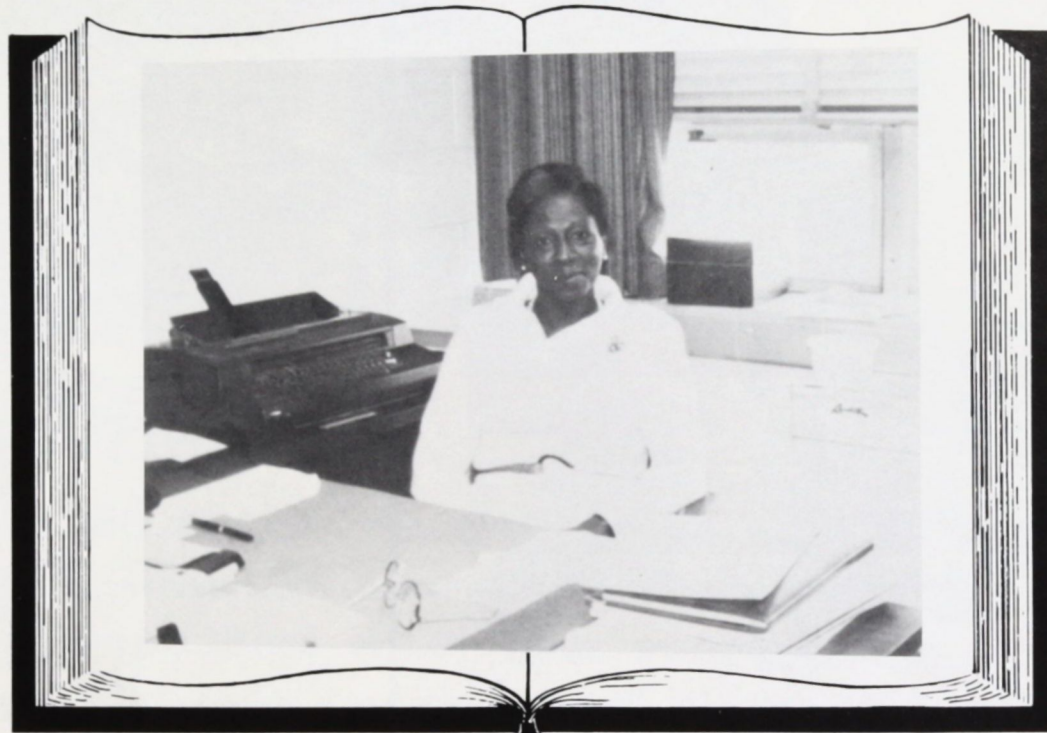

Much time and preparation went into the publication of this the first yearbook at Irwin Middle School. I hope that within these pages, you will find the photographs and words to help recapture the spirit of the year.

"Education does not mean teaching people what they do not know....
 It is painful, continual and difficult work to be done by kindness,
 by watching, by warning, by precept, and by praise, but above
 all -- by example." Ruskin

Thanks to those who have helped to make this yearbook a reality.
