Shughart Middle School

Established 2011

Randall D. Shughart

Our school is named after Sergeant First Class Randell David Shughart. SFC Shughart showed actions above and beyond the call on duty on October 3, 1993. He was a Sniper Team Member, who was serving in Mogadishu, Somalia. SFC Shughart and his team were inserted 100 meters south of the Blackhawk crash to save the critically injured pilot and crew members that were under heavy fire. He was only armed with a sniper rifle and a pistol, but he still bravely pushed his way through the dense maze of shacks. He pulled a pilot and other crew members from the Blackhawk.

Those actions put him in the most vulnerable position. SFC Shughart fired his rifle at the enemy. He kept at this until all his ammunition was gone.

He was then fatally wounded. SFC Shughart's actions will be remembered forever. His extraordinary heroism and devotion to his duty saved the crew's lives. He was awarded the highest military award, the Medal of Honor. He was an incredible person and did remarkable things. We all are very proud that our school is named after him.
