To You — Mrs. Pennington

Having the yearbook dedicated to one specific teacher is one of the highest honors an instructor can receive from the students of Fort Campbell High School. It enables the students to show their appreciation and admiration of that particular individual.

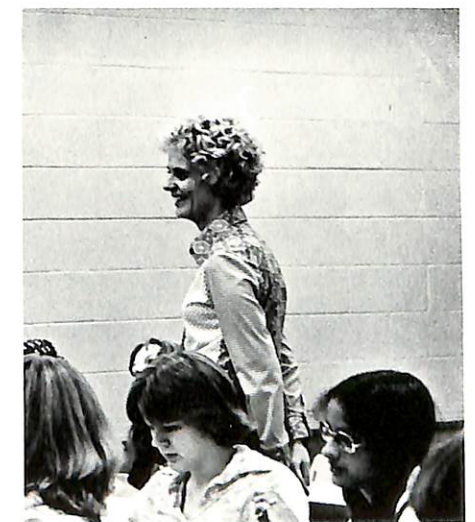

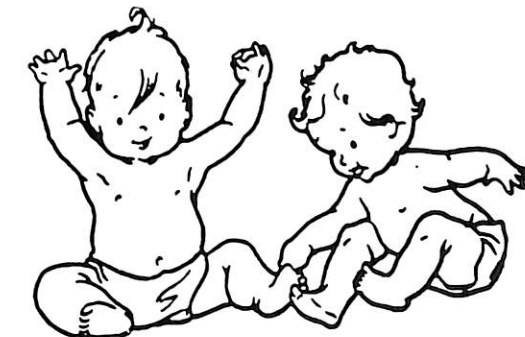

The 1978-79 dedicatee is a very unique person. She has the rare gift of stimulating the desire in her students to enhance their knowledge. Her warm smile, friendliness, and understanding makes students feel at ease as soon as they meet her.

This remarkable lady can always be found in the Business Department, eager to lend a helping hand, for her concern is truly in the welfare of her students. She teaches a variety of business courses and possesses a great deal of knowledge and interest in each. She also sponsors the Future Secretaries Association.

Mrs. Sherrie Pennington, we hope that this dedication of the FALCON expresses our sincere appreciation for the fine job you are doing.

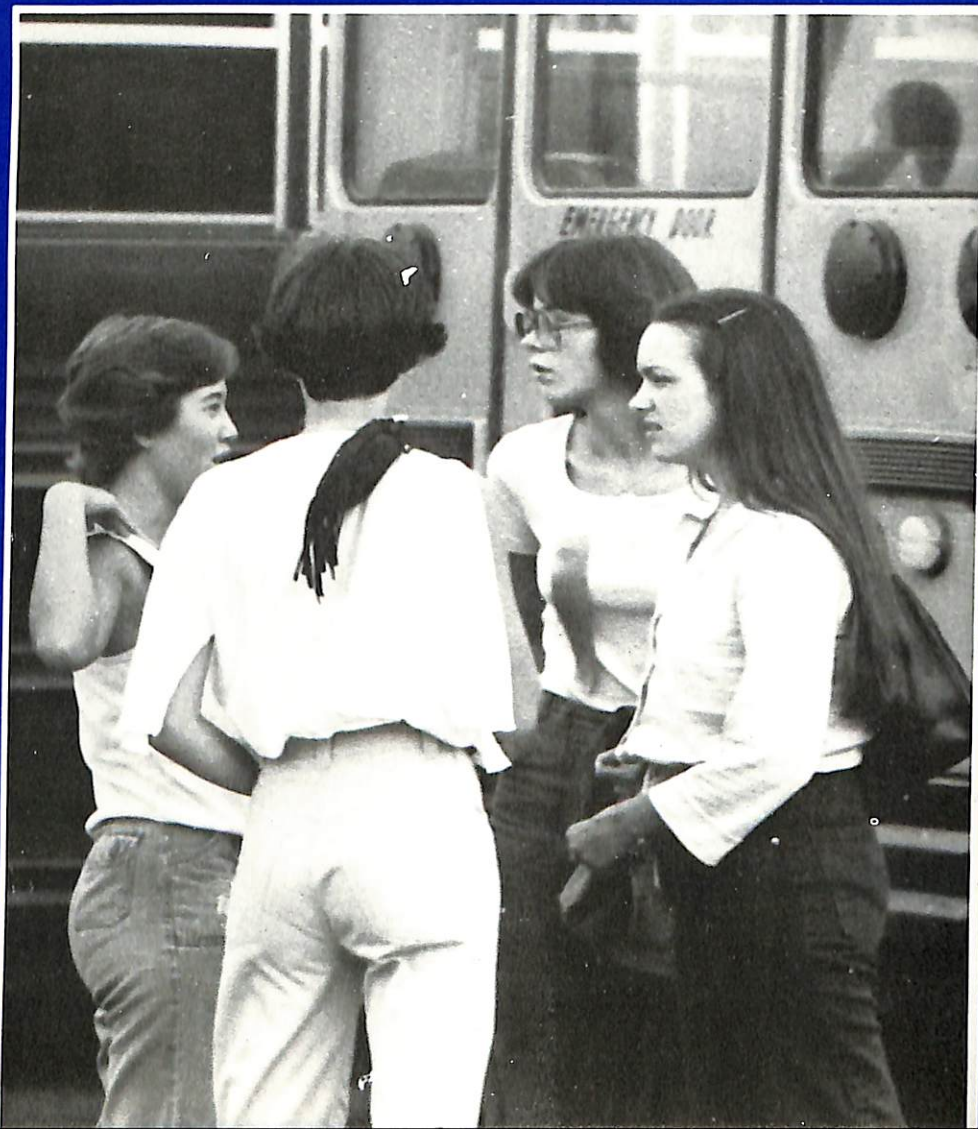

Always there with a smile and a helping hand, Mrs. Sherrie Pennington is a true asset to the school, and will be welcomed back with open arms when she returns after the birth of her baby girl, Claire.

The Last of the Seventies

It is apparent to anyone who notices that the class which graduates this year will be the last class to graduate in the seventies. As in the fifties and sixties, this year's graduates have been by their times and have goals characteristic of those times. The graduates of the fifties had an idealism borne of the hope for a better world after the second World War. The sixties' graduates began a search for new values because of their disillusionment with the American Dream. And what of the seventies? It appears to have reached an equilibrium between the conservative values of the fifties and the liberal ones of the sixties. What goals will these passive yet active seventies instill? It's hard to say. But here at Fort Campbell it is hoped that our education will enable us to cope with our future, whatever it will be . . .

And so, when the time comes, we'll be able to look back on these days. How will we remember them? Will the tints and scents and sounds be saved? It's hard to say, but one thing that will be remembered is the sense of permanence in spite of change. Things go from being loud, boisterous, and full of life to being quiet, calm and absent of life. But always along the way is that smile or pat on the back that keeps you going and makes you proud to be a FALCON.

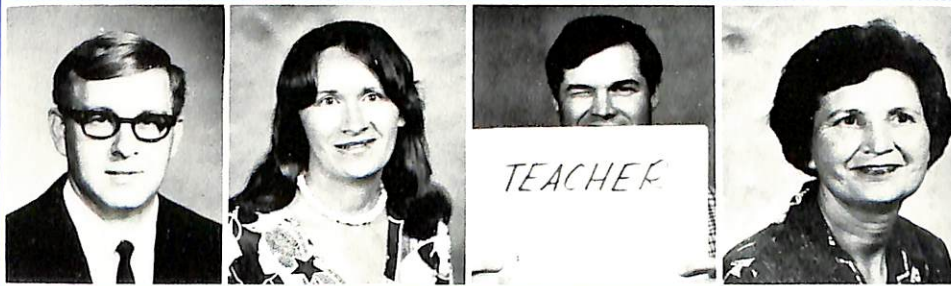

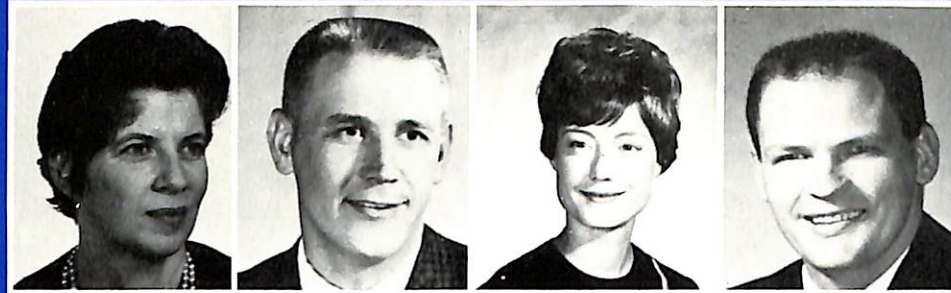

The First of the Seventies

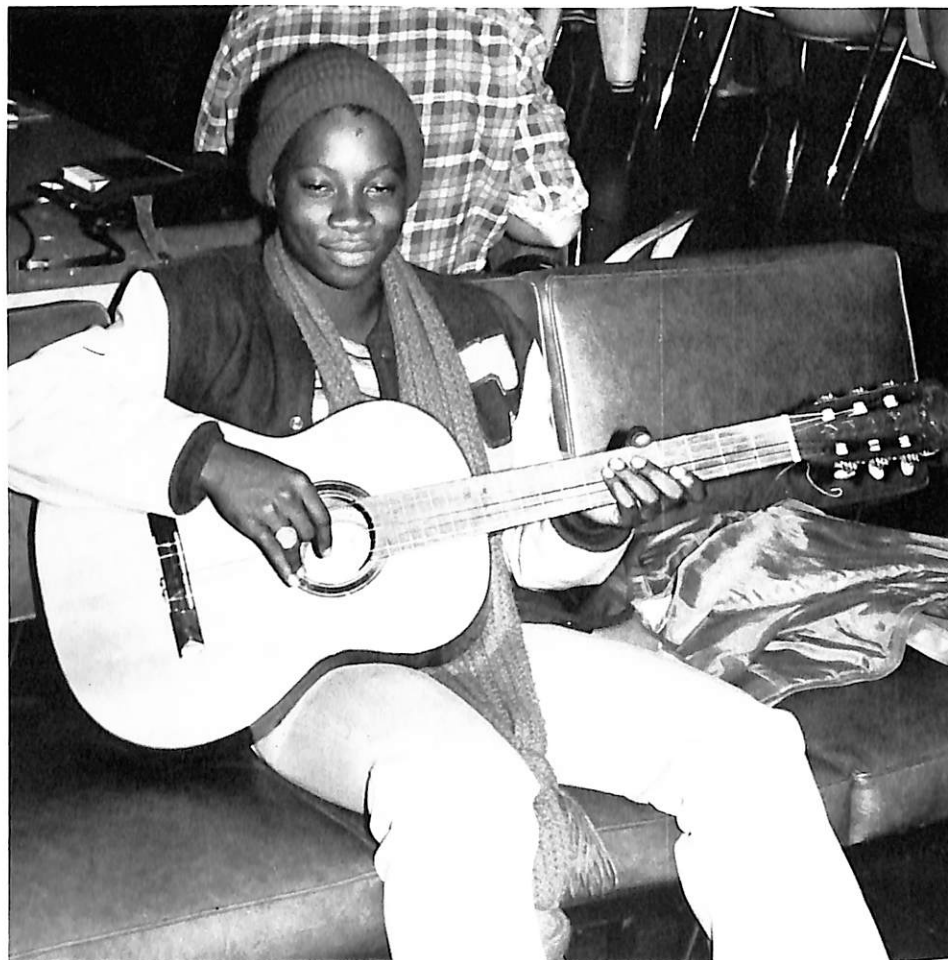

Very few things are permanent at Fort Campbell High School. Among some of the few things that approach this state are some of our teachers and faculty members. By being here for "years on end," they add a sense of unity and continuity that isn't always found in an Army high school.

Students and teachers get along in a friendly atmosphere here at Fort Campbell High. Barbed jokes fly back and forth through the air making some observers wonder who's going to explode first. But it's all in fun and it just helps make up the atmosphere that is uniquely Fort Campbell.

And So, Goodbye . . .

And so we say, "Goodbye." For some, it will be a short one lasting only a few months, but for others, it will last for years or forever. But in any case, we will all be joined together by a common experience — living and learning at Fort Campbell High School. Life at FCHS has been and promises to be an exciting and unique experience. Winning our second state title in three years in football, and taking state in cross country with a second year girl's team only adds to the deserved pride in our school. FCHS is, has been, and most certainly will continue to be the best school in Kentucky. The best doesn't mean the biggest, the most elaborate, or the most exclusive — the best school is a school where students and teachers get together and do what school is all about: receiving and sharing information, ideas and values to get the best out of life. It's not just a one way affair; nothing that is really important or basic occurs in one direction.

We Wiped Out the Rebels!

Friday, Oct. 13 was an ill-fated day for the Todd County Rebels. Their destiny was fore-shadowed as we mercilessly burned the Todd County sig to ashes in the midst of our bonfire Thursday night, Oct. 12.

As with all of our home games, the ball was parachuted in for our Homecoming tilt against Todd County on Friday night, Oct. 13. A new procedure was initiated announcing the Homecoming Queen and her court. The candidates did not know who had won until they were crowned in the pre-game show. Tea were not an uncommon sight among the happy winners.

The Big Blue Machine crushed the Rebels with a final score of 45-14. The Falcons were at their best, holding the rueful Rebels scoreless at the end of the second quarter. A members of the team participated in our runaway victory over the Rebels.

Way to go Falcons!

The theme of Football Homecoming 1978 was "Memories," and it truly was an occasion to cherish. After the successful bout against the Trigg County Rebels, many a happy Falcon rushed home to change and get ready for the dance that was held at the Hide-a-way Club. Sponsored by the Student Council, the dance started at ten o'clock and was DJ'd by Tommy Tucker of radio station WJZM in Clarksville. As part of the dance's program the Homecoming Queen, Miss Adrika Junque Friels, and her court — Miss Carmen Marie Furrow, Senior Princess; Miss Kimberly Kay Smithee, Junior Princess; and, Miss Cristol Haunani Chewning, Sophomore Princess — cut the traditional Homecoming cake.

For the coronation of the Homecoming court, which took place in a pre-game show, a new method of selection was used that added to the excitement. The classes each had four semi-finalists representing them (the Seniors, since one of their finalists was destined to become Queen, had five). First the semi-finalists walked around the field with their escorts so that the spectators could see them in all their finery. Then each lucky lady was introduced with her escort and the winners were announced. The Homecoming Queen was crowned by Col. William Golden, President of the School Board, and her princesses crowned by Dr. Leon Sitter, Superintendent of Schools, Mr. Bill Perry, principal of FCHS, and Mr. Gary Stewart, Vice-Principal of FCHS.

(Upper Left) Carmen Furrow is the daughter of Capt. and Mrs. Furrow. Carmen plans to attend college at the University of Kentucky. When asked how she felt about being elected, she said, "I'm happy to represent the Seniors of 1979."

(Upper Right) Kim Smithee is the daughter of SSG and Mrs. Smithee. Her initial reaction to being selected was: "Oh, Daddy! I can't believe it!" She says that she will cherish the feeling all her life.

(Lower Left) Audrika Friels is the daughter of SSG and Mrs. Payne. Her initial reactions were shock, surprise, and pride at being selected. Audrika said of the responsibilities of being Queen: "I think one should strive to collaborate with others; in other words, to help others and get along with them."

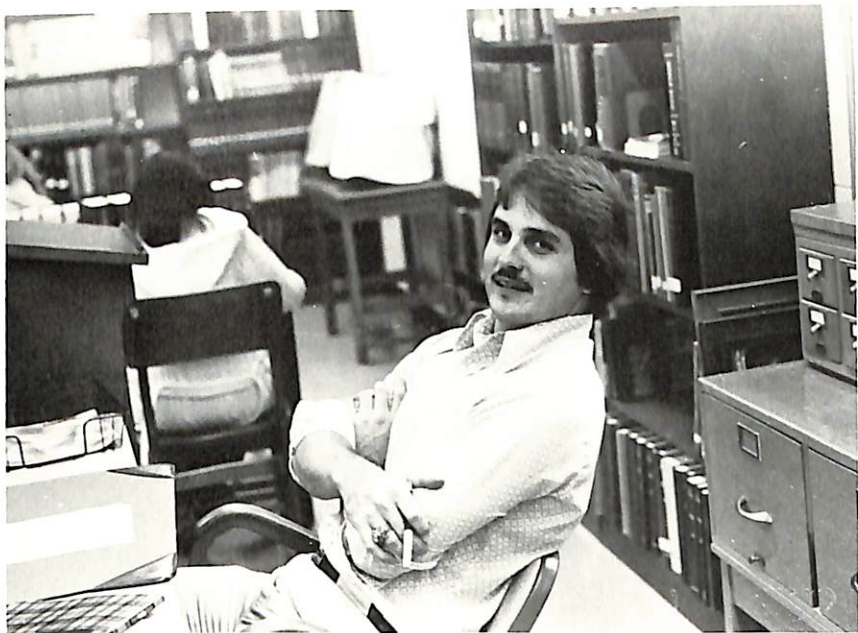

(Lower Right) Cristol Chewning is the daughter of CSM and Mrs. Chewning. She belongs to the FSA and is a member of the cheerleading squad. Her initial response was: "Shocked, but very, very happy."

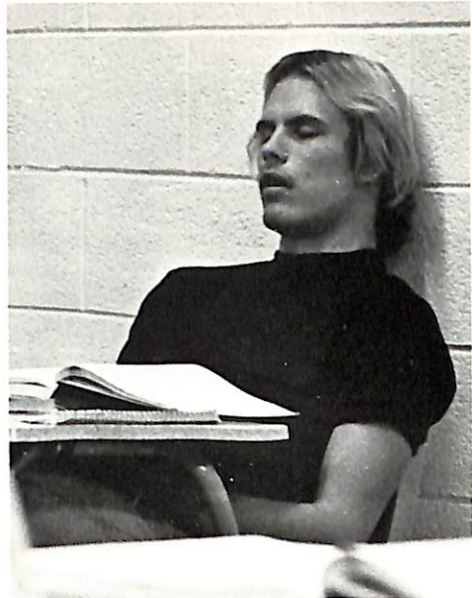

Happiness Is .

... Eating a school lunch ...

... Knowing Mr. Cox ...

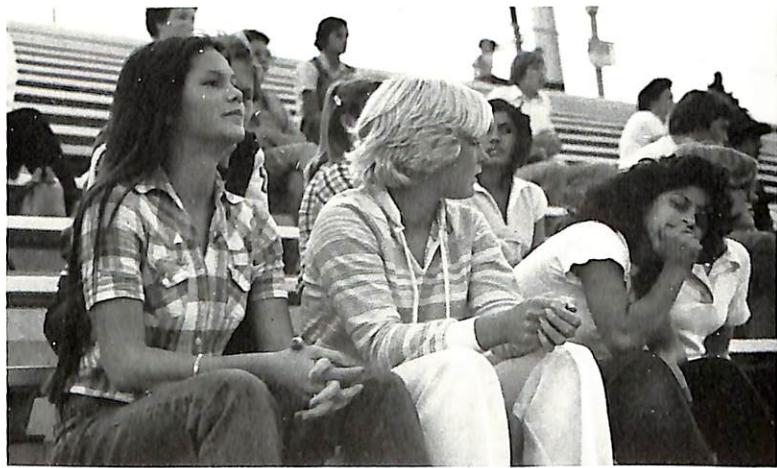

... Being alert in class ...

... Dancing? ...

... Going to an away game ...

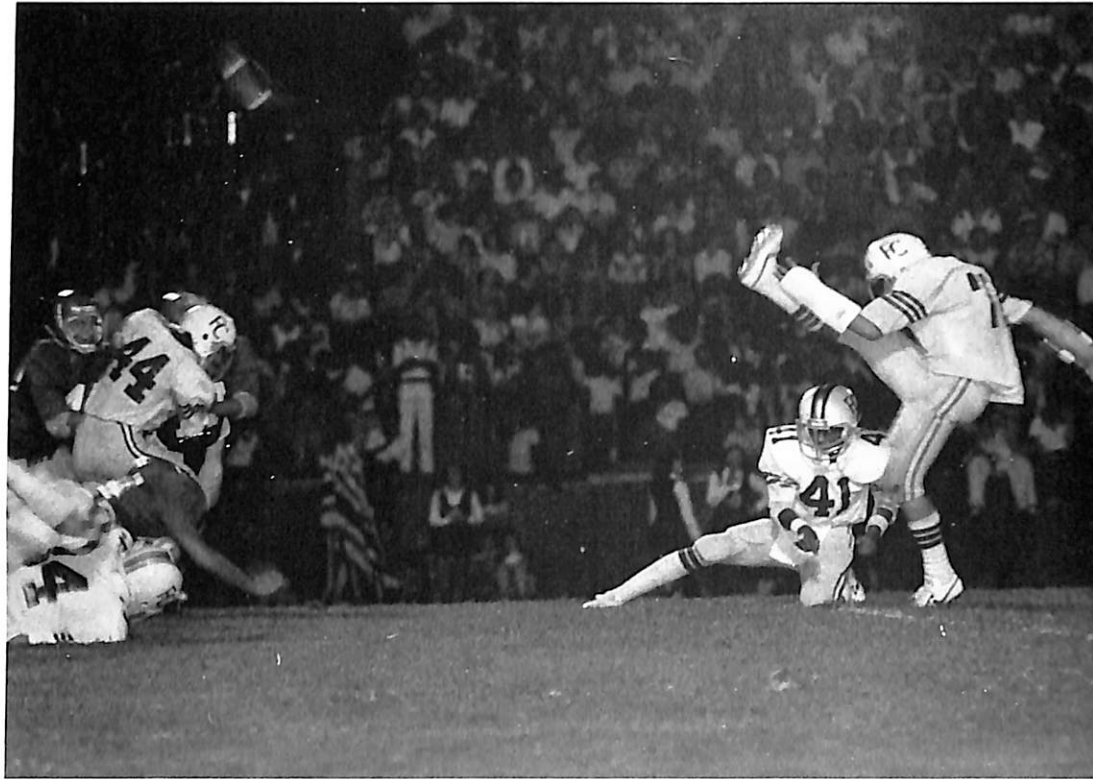

... Being in a study hall all day long ...

... Being on the other end of one of Mr. Davis' jokes ...

A Kick Off to Victory

The third game of the season went much better against the Crittendon County Rockets in a 39-12 win. Darrell Perkins was the main man with 74 yards on 12 carries, 3 touchdown runs, and an extra point run. Tony Block was the leading rusher with 88 yards on five carries.

The next week evened out the Falcons record at 2-2 as they lost 28-0 to the Triple A power, Brentwood Academy Eagles.

Next on the Falcons list were the Russellville Panthers. FCHS won this key district game 41-14. Don Felder and Steve Brown were once again in control of the ball as Don had 109

yards in 20 carries, and Steve had 104 yards in 10 carries. Steve Cornell also had a good night as he intercepted the ball and ran 73 yards for the touchdown.

The Trigg County Wildcats were next to taste the agony of defeat as Fort Campbell rumbled to a 28-0 victory. Steve Brown collected 152 yards on 16 carries as well as two touchdown runs. Don Felder had 92 yards on 10 attempts. This included a 72 yard touchdown run, two extra points, and a two point conversion pass to Gerald Hood.

Onward bound were the Falcons as they played the traditional "Army Bowl" and emerged victorious for the fourth time in five years. Don Felder had 74 yards in this game including three touchdown runs as well as three extra point kicks. Our faithful quarterback, Steve Skelton, had a 20 yard scoot for the fourth touchdown, and Dave Cabrinha made the fifth and final score on a 16 yard run as the Falcons took an easy 33-6 win!

The Todd County High School football team found a new superstition for Friday the 13th. "You don't mess with a Falcon on Homecoming night."

"Take State 78" are familiar words to all people of FCHS.

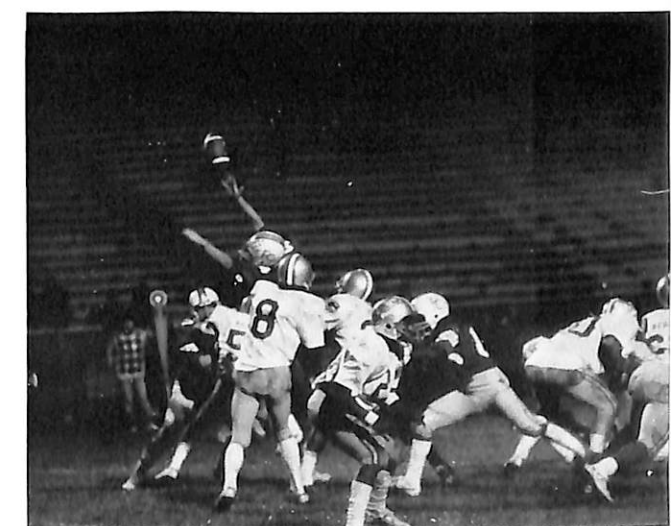

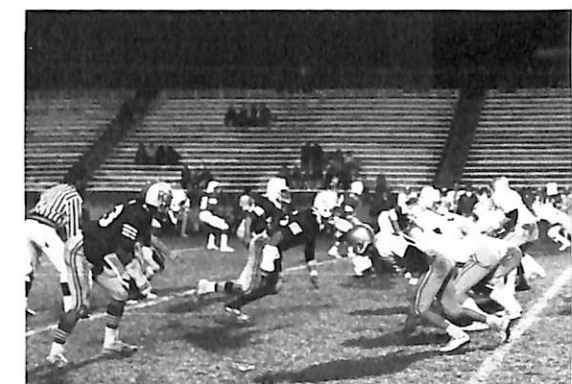

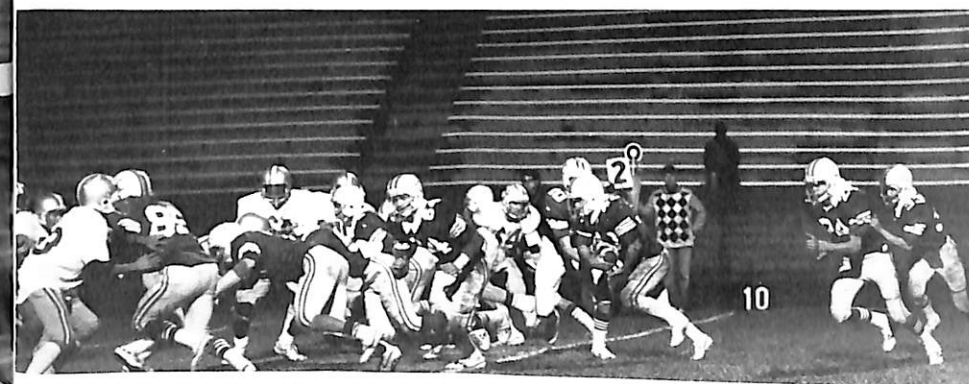

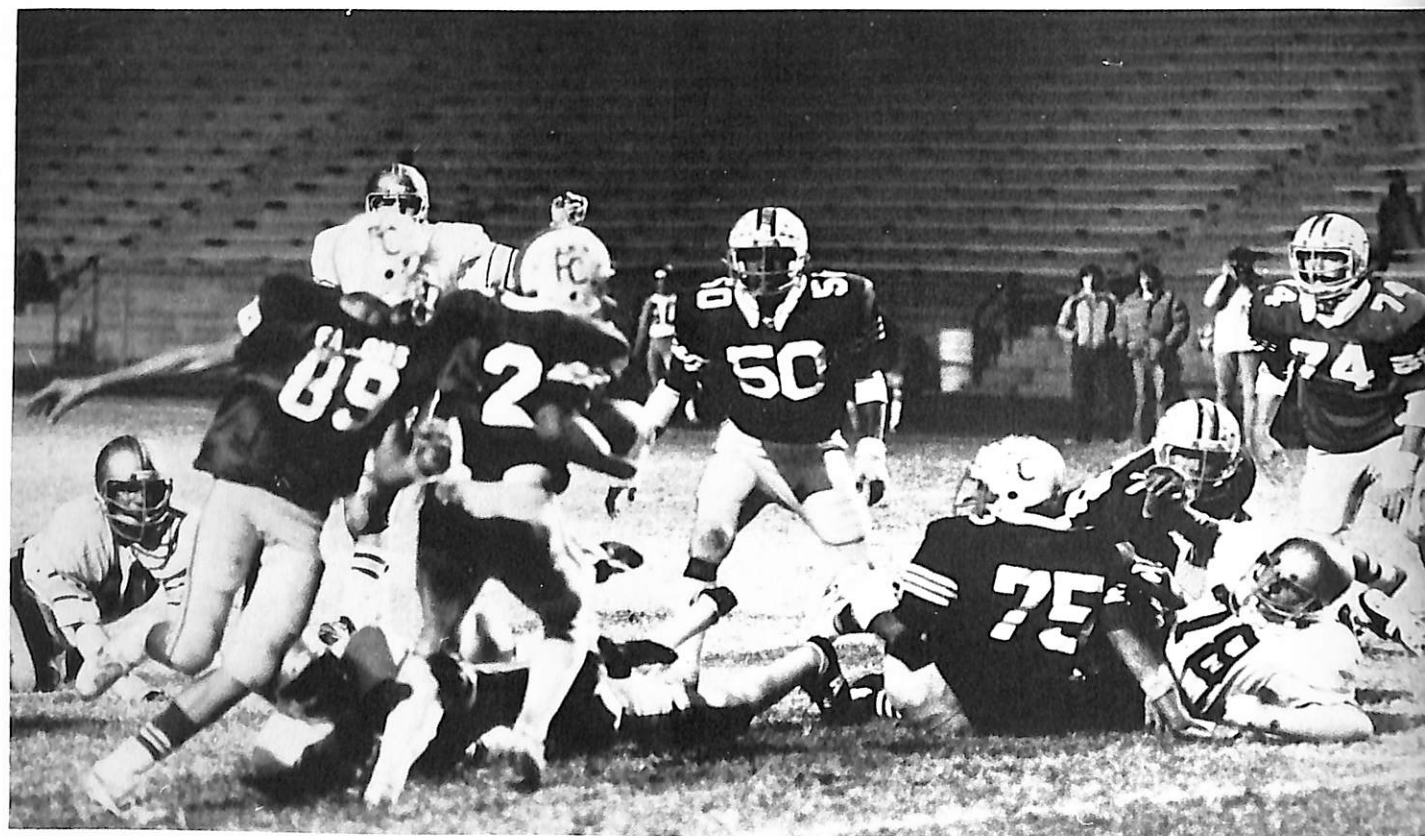

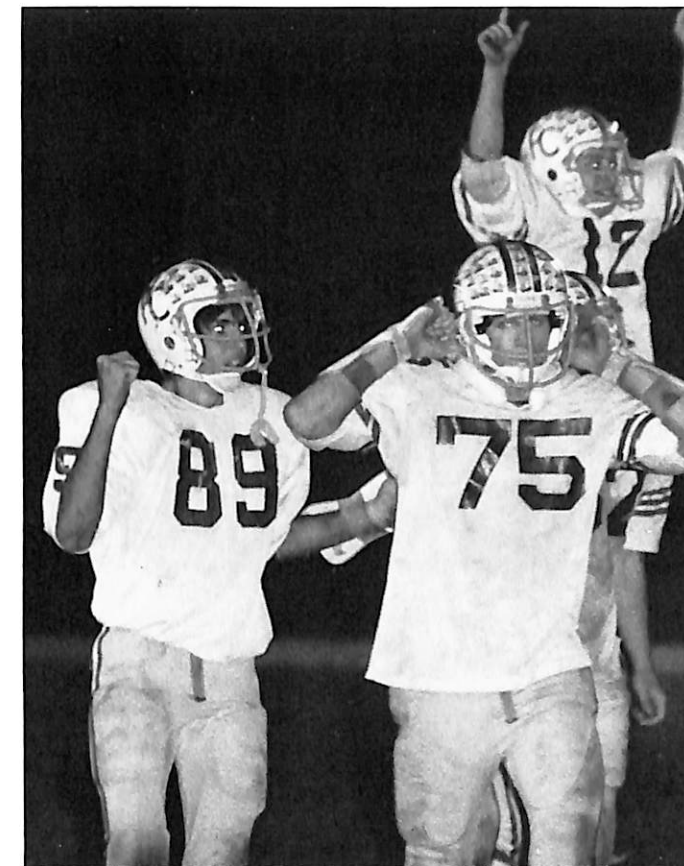

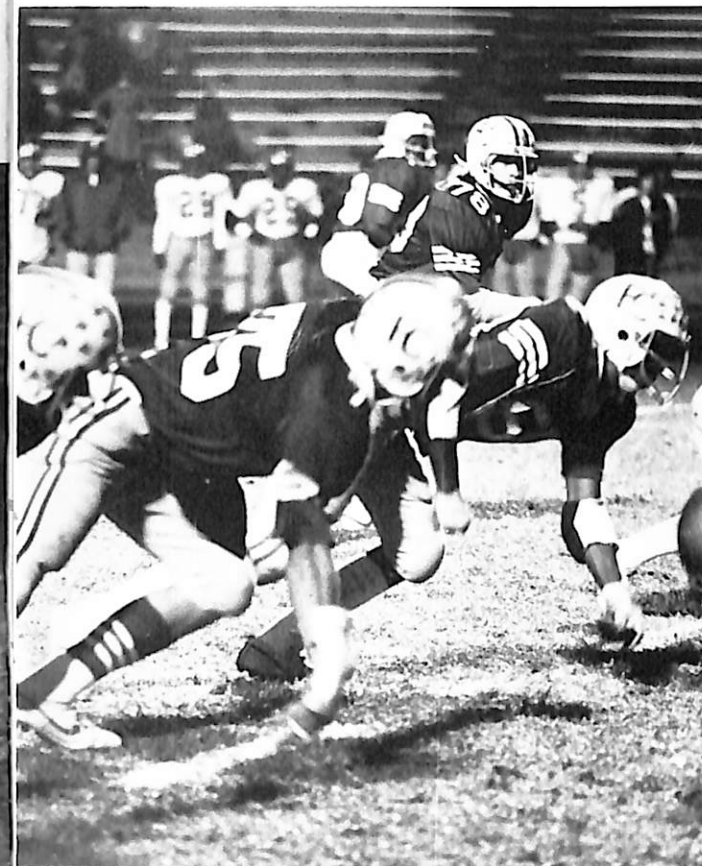

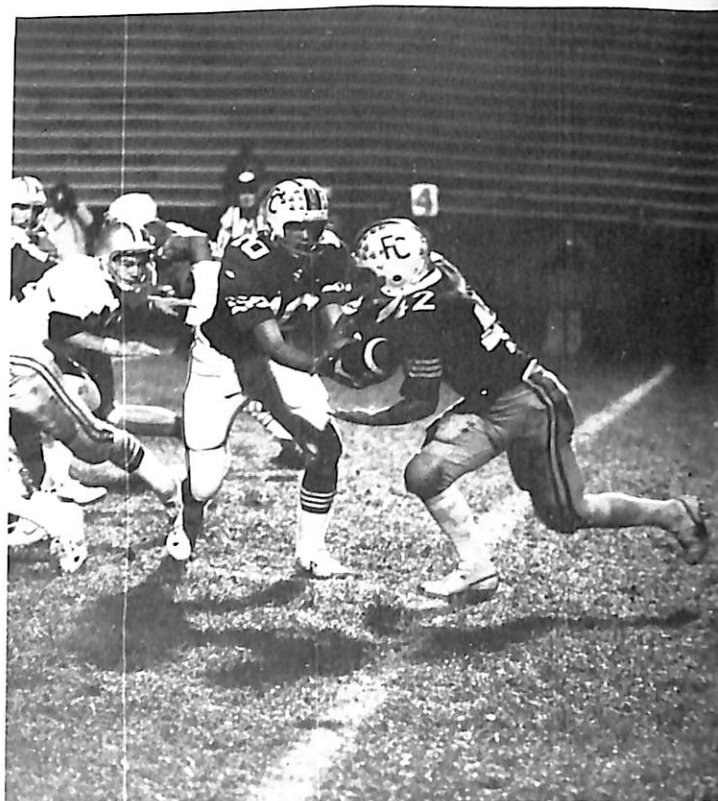

Football: A sport demanding the upmost of experience, concentration, and most important, SPIRIT! This year's football season was a successful one even though it was not a perfect one.

The Falcon season started off with a bang as FCHS defeated Triple A power, Warren Central 7-

0. Don Felder made the only score with 74 yards in 18 carries. The score topped off a 70 yard drive.

Next week came the highly rated Mayfield Cardinals. Don Friels was the only one to score for Fort Campbell when he received a 14 yard pass from Steve Brown. Steve Cornell made the extra point. Even with this touchdown, the Falcons limped home with a 28-7 loss.

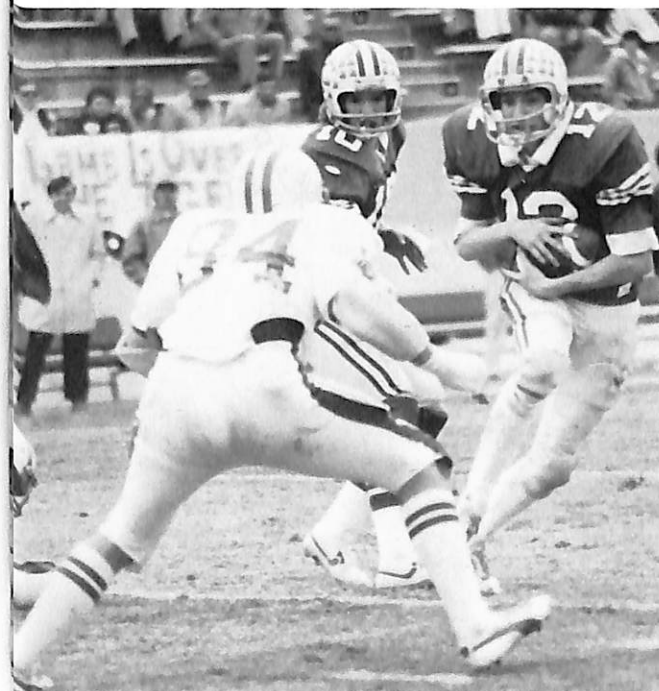

We Are the Champions . . .

Managers: Front — Chuck Franks. Back — Sharon Conley, Tammy Hood, Carol Ballesteros, Amy Humphrey, and Veronica Hayward.

Above — Coaches: Ron Bell, Houston Mills, Marshall Patterson, and Rocky Cobb.

Below — Seniors: Front row — Don Felder, Robert Darnell, Ahmad Coston, Steve Hellums, Jeff Kruwell, Bill Cochran. Back row — Steve Brown, Frank Pierce, Ed Kastner, Tony Turner, Gerald Hood, Don Friels.

Those famous words "Take State 78" were transformed to "We took State in 78" on the afternoon of November 24 as the Falcons beat the Paintsville Tigers 15-13.

Fort Campbell made the first score as the Falcon defense forced the opposition to punt, a punt which was blocked by the onrush of B. Cochran who then picked up the ball and ran 2 yards for the TD. The extra point was missed because of a foul-up in the holder's position. FCHS made the third tally as S. Skelton ran 46 yards with an unplanned quarterback sneak.

The game "saving" score came in the third quarter. Even though no touchdown was made, a field goal by D. Felder was scored. The kick which careened off of the right side of the goalpost and through for the three points almost caused a few heart attacks.

The next play of interest came in the fourth quarter as T. Block intercepted THE pass. All the Falcons had to do was to keep the ball for the last two minutes of the game. SUCCESS was theirs as they claimed the KHSAA Class

We're No. 1!

"A" football championship. We at Fort Campbell High School shall always remember this, the day we took state. The uniting of the school and team into one has made the Falcons the #1 team. The strength of the football team was the result of their dedication and work to be the best. The memory of "State 78" shall remain with us forever.

We Love Our Team

A Falcon cheerleader can be spotted out of any crowd . . . She's the girl with 70 locker decorations to be put up before morning . . . She's the girl that can't talk on Monday morning because she lost her voice at Friday night's game . . . She's the girl with the enthusiasm and pep that never ends.

The Falcon Cheerleaders really LOVE their team, spending countless hours on pep signs and long practices. The spirit of unity became a part of this squad.

The Falcon cheerleaders really LOVE their team. Know Why? They know that the FALCONS ARE #1. Thanks, girls, for all your hard work, strong support, and super spirit . . . you're great!

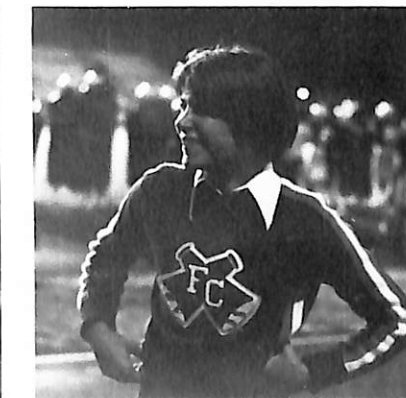

L to R: Traci Boyer, Cristol Chewning, Patty Hern, Betsy Byerley, Susan Watke, Susan Pattison, Kelly Lynch, Maribell DeJesus, Corina Buress, and Peri Auna.

All "cone"ing aside . . .

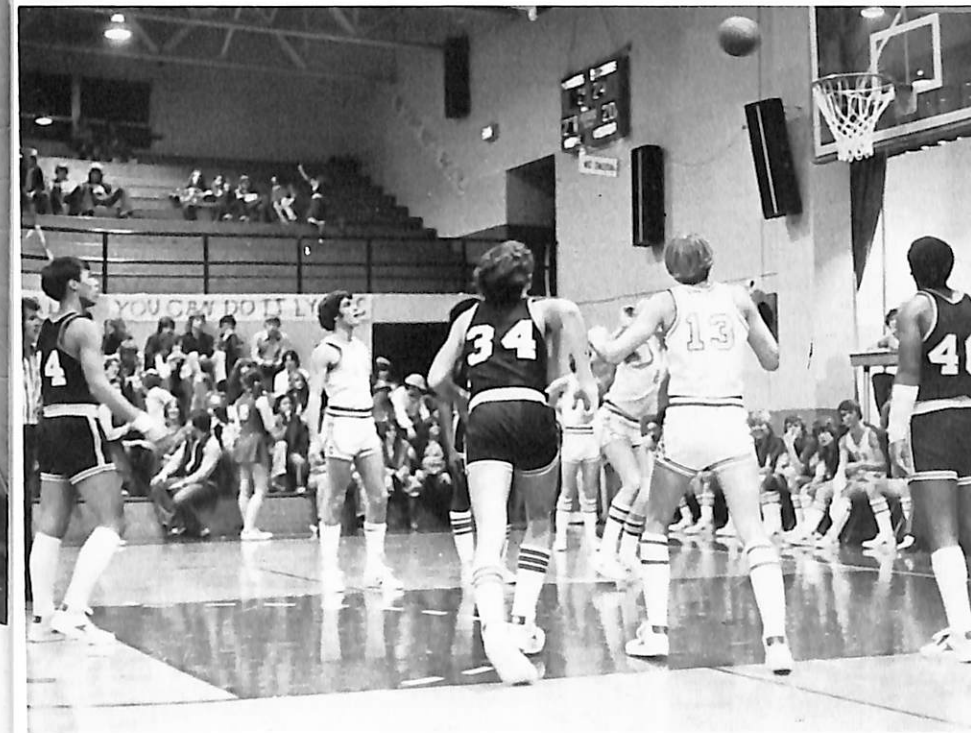

Falcon Pregame.

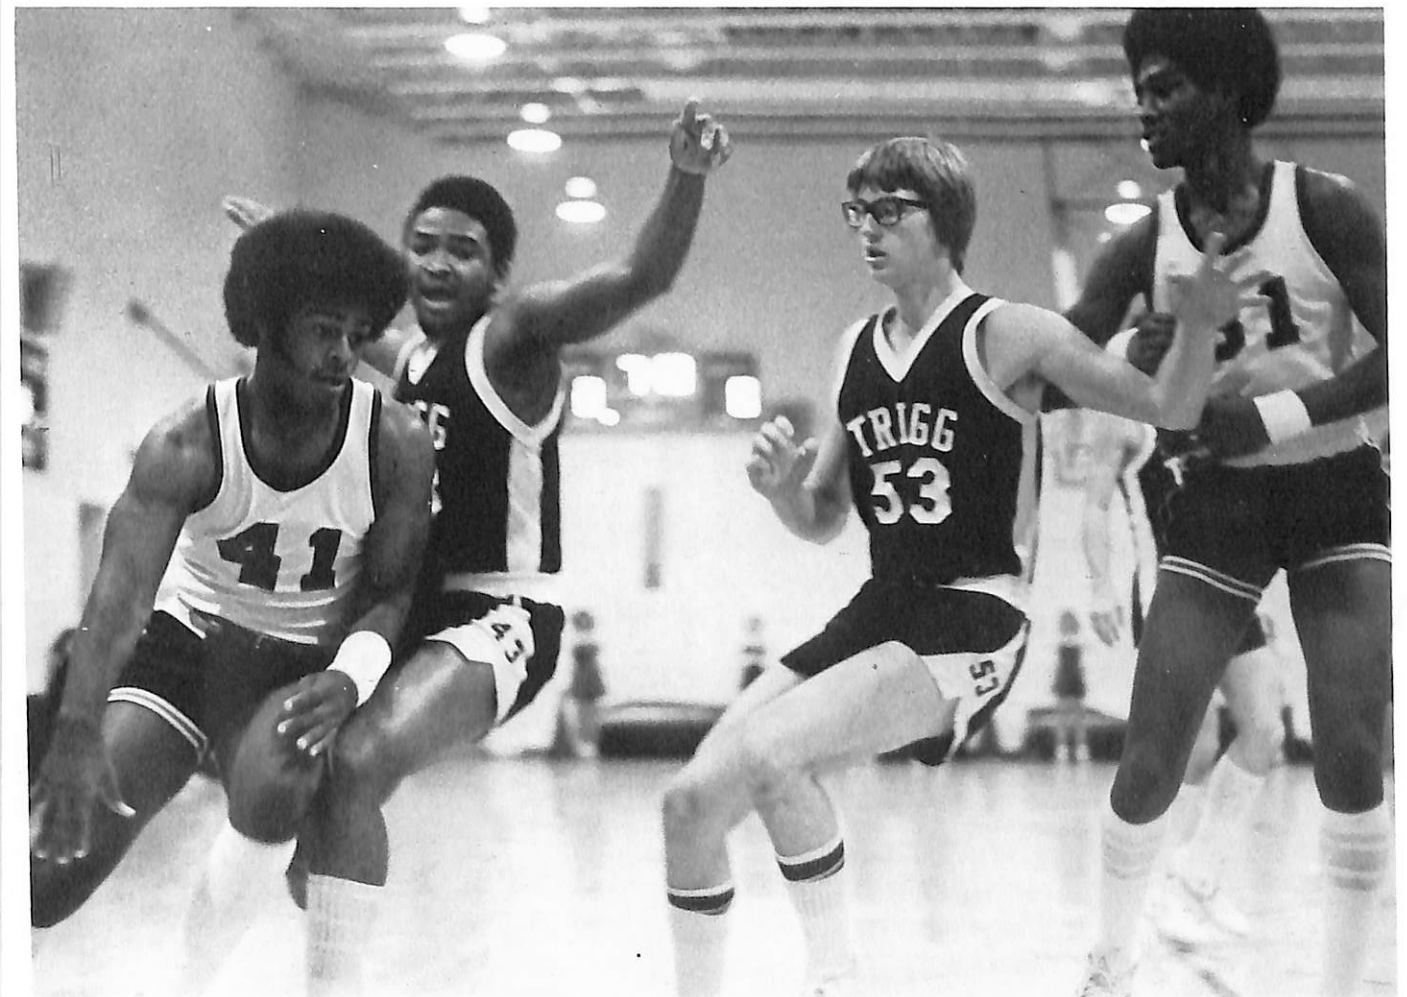

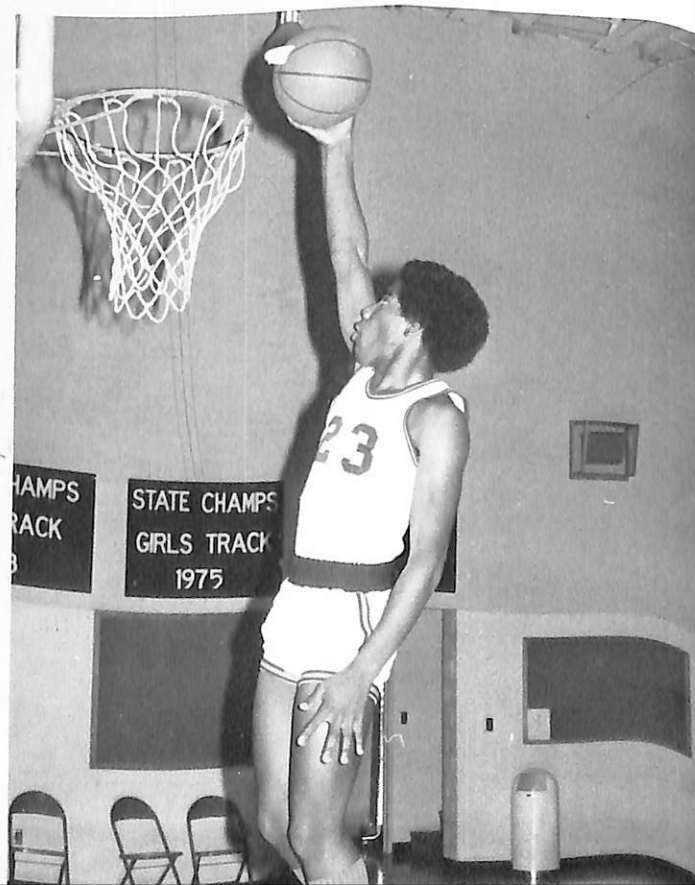

Front — Managers Lisa Turacek and Patricia Elliot. 2nd row - Ricky Lynch, Steve Skelton, Mitch Auna, Derick Stuart, Bobb Webb, and James Extine. 3rd row — Coach Warner, Ed Kastner, Tony Turner, Frank Pierce, Johnny Cato, Coach Darke.

Sport is the contest between two sides, two persons, or two parts of one person. Basketball embodies all of these ideas. After the winning football and cross country seasons, this year's basketball players had to psyche themselves up and try to do their best. Each ran against himself.

After this they had to learn to work with other members of the team and get to know them so that they could fully function as a unit. Then the team as a whole had to work together in order to succeed. Success does not always mean winning. Playing the best game possible is just as good. This attitude characterized our basketball team this year.

Get Back !!!

Going down and . . .

. . . bringing it back.

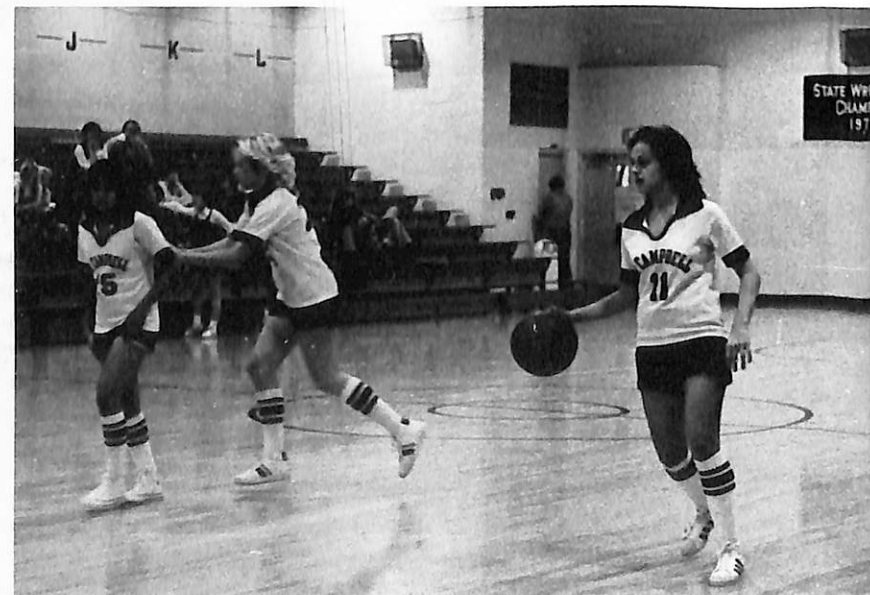

To Handle

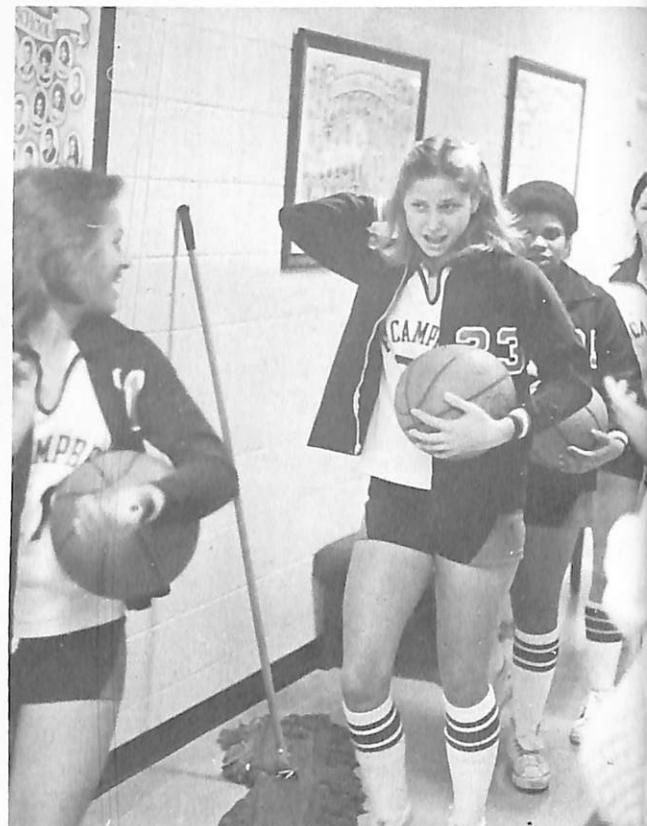

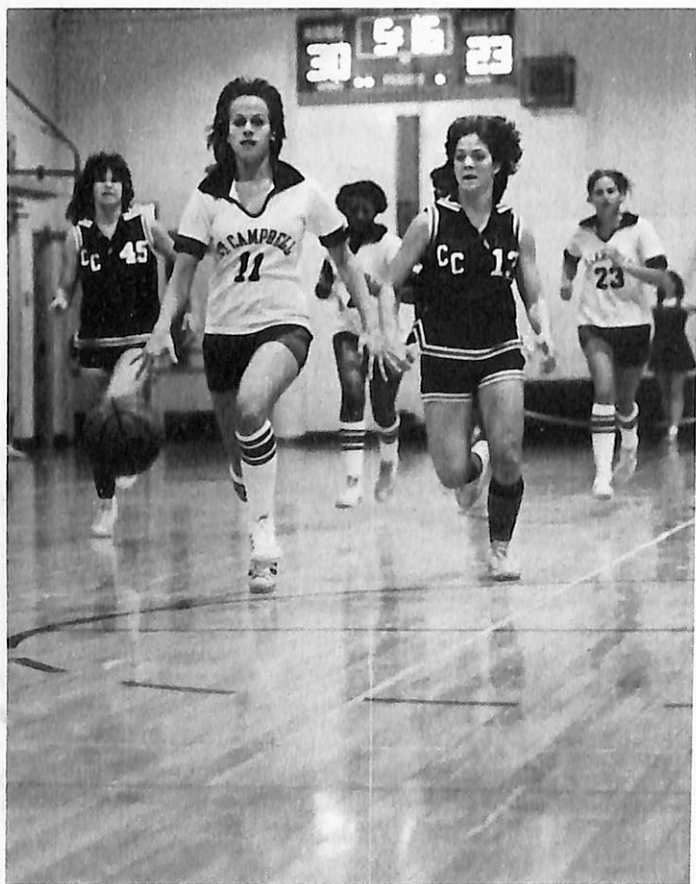

This year's team had a slow start due to the loss at the beginning of the season of two seniors, Kim Young and A. J. Waddel. Even without these two stars, the team's skills increased and they grew stronger every day. Going to District with an 11-8 record they had become a time bomb ready to explode.

Two girls received special recognition: Cheryl Hall was voted to be the *Best Defensive Player* in the region, and Paige Green was nominated for *Top Offensive Player* and *Most Improved Player*.

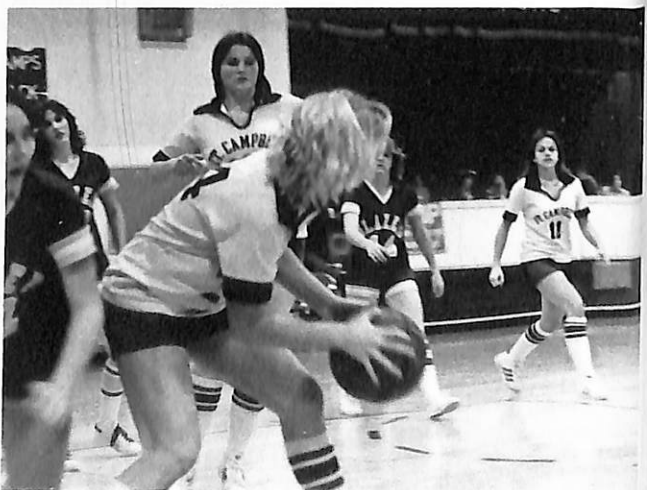

The seniors on the team, Cheryl St. Pierre, Charlotte Keys, and Florence Gayton, had done a fine job. All of the girls have finished a good season and carried on the Falcon spirit.

United We Stand . . .

Divided We Fall!

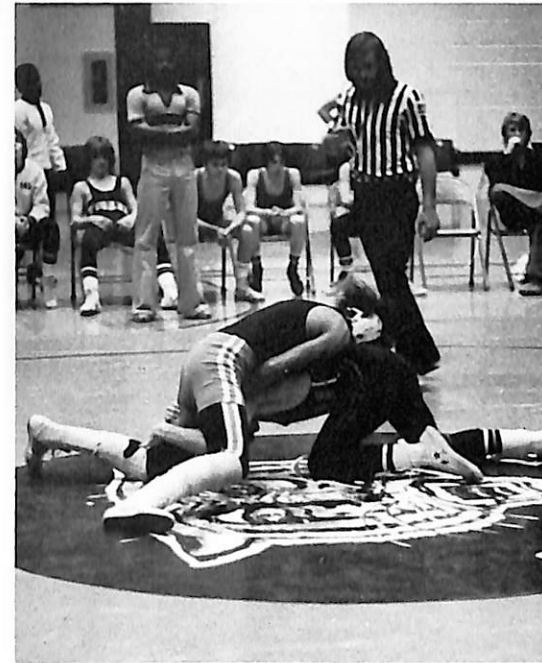

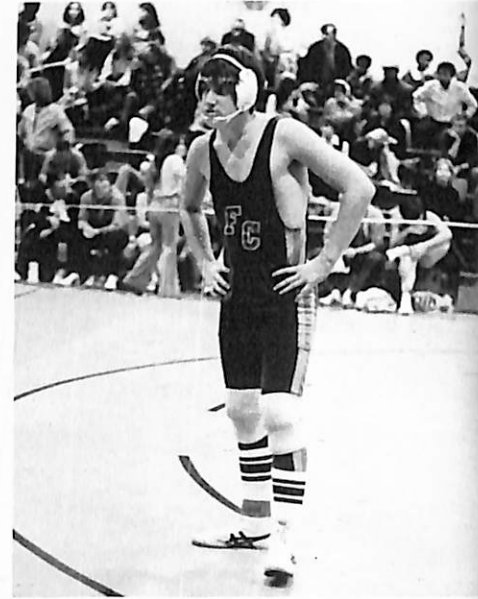

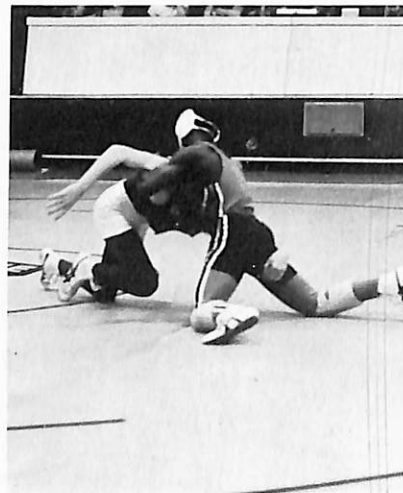

Weight Watchers!

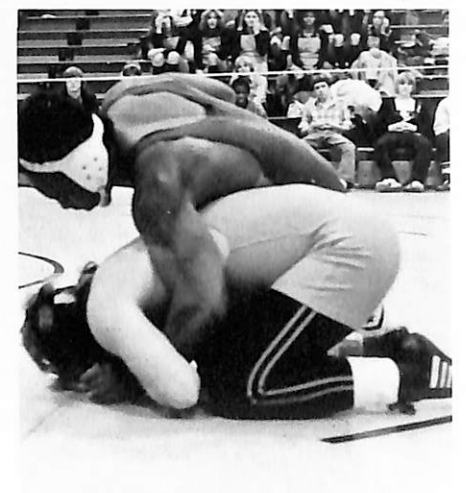

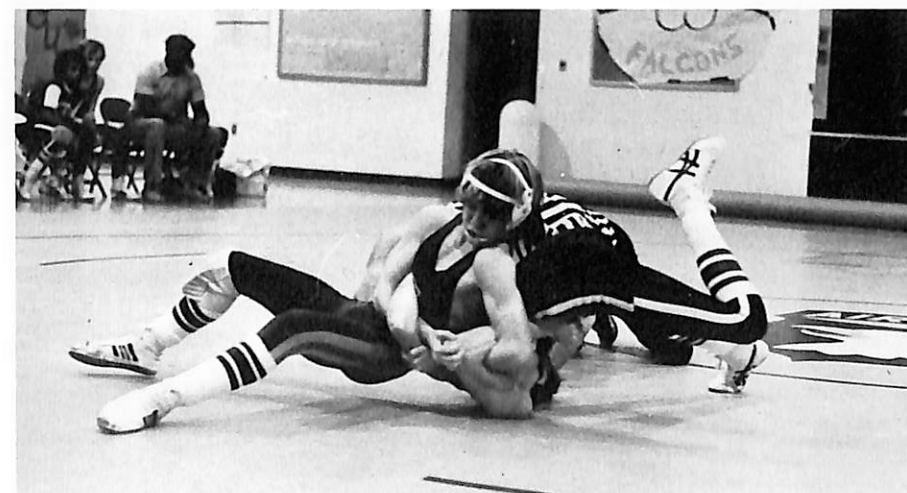

The Beginning . . .

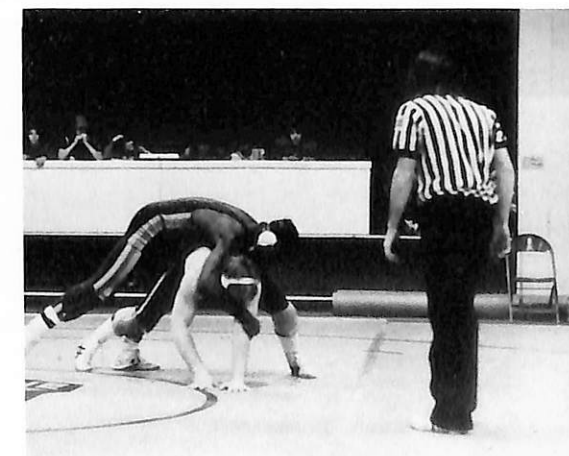

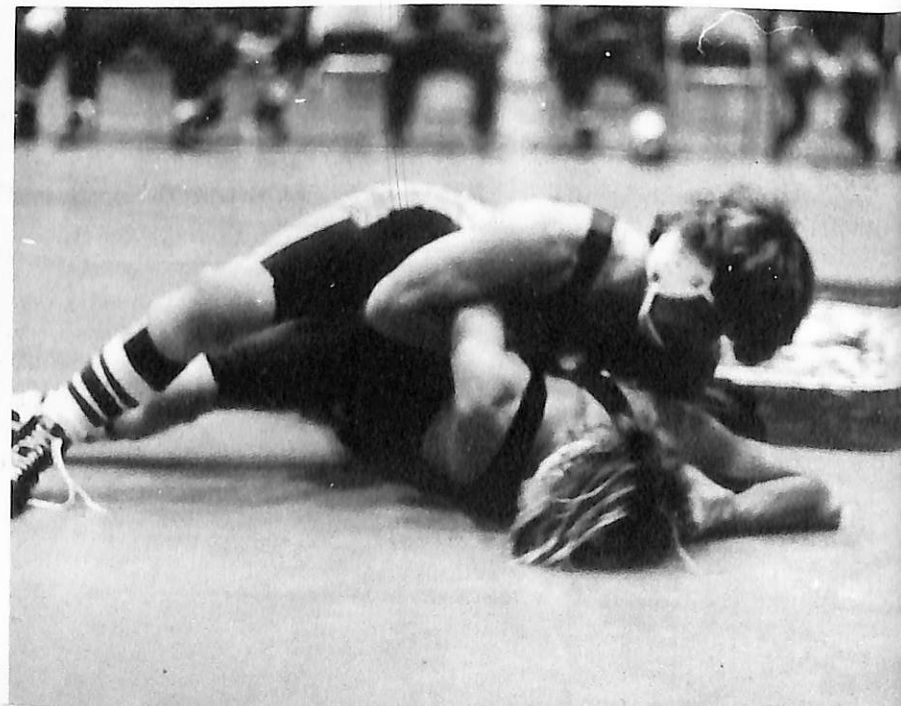

When you see wrestlers at a match you hardly realize all the preparation and conditioning that these young men have to go through each day to stay in their excellent physical and mental shape. Jogging, running, sweating — each member of the wrestling team had his own special regiment to follow to keep his weight to a minimum. And just keeping slim wasn't the only problem, exercises in physical dexterity and strength happened daily. Pep talks and encouragement added to the mental stability of these modern gladiators, and the Falcons did indeed carry out

The Greatest Show on Turf

Billed as the "greatest show on turf" and starring a mixed cast of seniors, juniors, sophomores, freshmen, and other undergraduates, the Fort Campbell High School Cross Country Team had an impressive season. The ladies' squad managed to become the first FCHS team to take state in seventy-eight, and although the guys didn't fare as well, they did stay on top til the last race, never losing a non-invitational meet.

All of us here at FCHS are proud of our Cross Country Team and hope that they will continue on with their tradition of excellence.

Cross Country is a demanding sport but once mastered, it becomes more enjoyable. For the beginner it offers the chance to increase determination and self discipline; for the expert it offers an exhilarating form of exercise and entertainment. For the intermediate runner it offers the satisfaction of a

(Right)The Easter egg hunt will begin in three minutes.
(Below)This area for team members only!

job well done and a goal that can be reached. For the spectator it provides as much (if not more) tension and excitement as any other contest.

The Falcons started their season with a bang and kept on exploding til the end. During the course of the season, the team became the closest team in

the school, as every man and woman on the squad learned to depend on one another. Even those runners, who weren't superstars knew they had to do well not only for themselves, but also for the team. Hats off to those determined individuals who made up the 1978 Cross Country Team.

Up the Ladder

Mistakes, corrections, questions, answers . . . all a part of learning and a very big section in the lives of seniors. We were all starting on the first rung of the ladder. No one was licensed, but we had to start somehow. Opportunities were abundant. Seniors were practicing to become everything from beauticians to electrical engineers. From newspaper printers to gourmet cooks, the soon-to-be graduates worked hard and some proved their talents very well. Somewhere in the future, we knew we would hear the voice of a friend on the radio or meet up with a former classmate shouting through a speaker from a platform. As seniors, we knew the time for leaving the nest was approaching fast. But with freedom to choose from endless opportunities, we knew we could go far.

SLUMPITIS

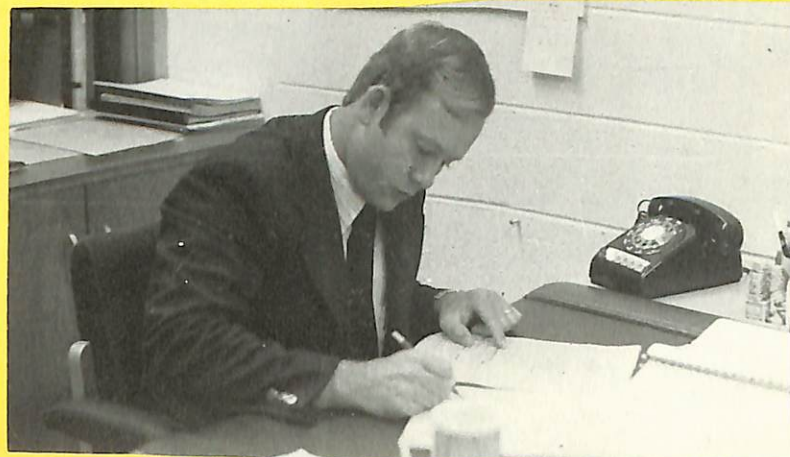

Seniors have been known for a severe disease they contract during their last year in high school. It is not a rare disease, in fact it is highly contagious, and large groups of people are apt to find themselves afflicted. The disease begins at the toes, with a feeling of numbness. As it spreads the afflicted slows down in vitality and movement. This stage can usually be seen by repeated tardiness to classes. The latter stages are the most apparent. The numbness has

by this time spread all the way to the upper extremities. At pep rallies, football games, and all their school events, the frozen mouth can not only be seen but also heard. This dreaded and deadly disease has been rightly named "Senior Slump." But, FCHS's class of '79 was not the average senior class. They were a new breed of Falcons, and with no predecessors for comparison. No one knew quite what to expect.

FCHS Administration Hard at Work

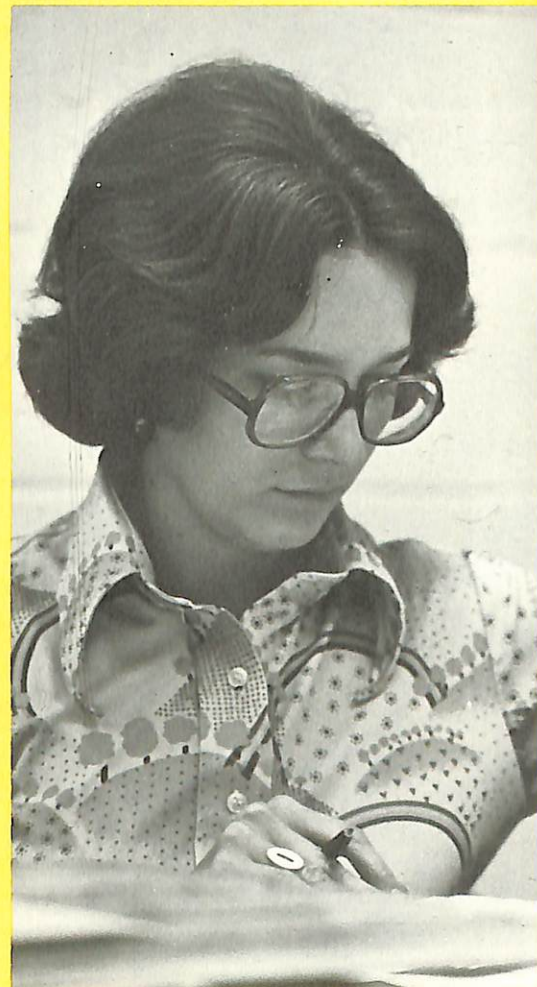

Devoted to the youth of this school, Mr. Gary Stewart spends many of his own free hours coming to dances, football games, basketball games, and various other activities.

"Good morning," Mr. Perry speaking. The job of principal keeps Mr. Perry very active, but he still has time to take a personal interest in the students.

Dr. Leon Sitter, superintendent of schools, has many everyday duties which include overseeing the operation of the schools, handling public relations, and serving as the advisor for the Board of Education on all school matters.

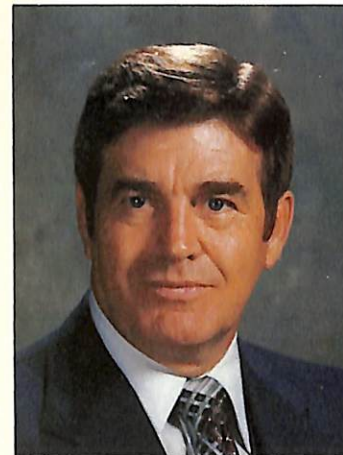

Mrs. Martha Allensworth, our guidance counselor, appears to be contemplating senior ranks, college and scholarship applications, student records, or the scheduling of classes.

Stern disciplinarians with teaching techniques which were developed in the Dark Ages and instructors who were only concerned with how much knowledge they could pump into their students were people FCHS decided they could get along without. Consequently, each member of the staff had to have new and unique ideas which could be applied to the present school concept.

Sharing the students' enthusiasm, the teachers seemed to be reliving old high school days. In addition to daily classroom activities, the faculty could often be found mingling with the students, cheering on the Falcons at pep rallies as well as at athletic

events. Making it their business to care for the school as well as the students in it, members of the staff spend much of their free time sponsoring and attending school functions.

It was said the school was divided into two groups — students and faculty — but again we were the exception. Most people believed it was impossible for both groups to work together as one, but we showed we could "get it together." FCHS was not just a building, it was people who were able to relate to each other.

Junior Jump

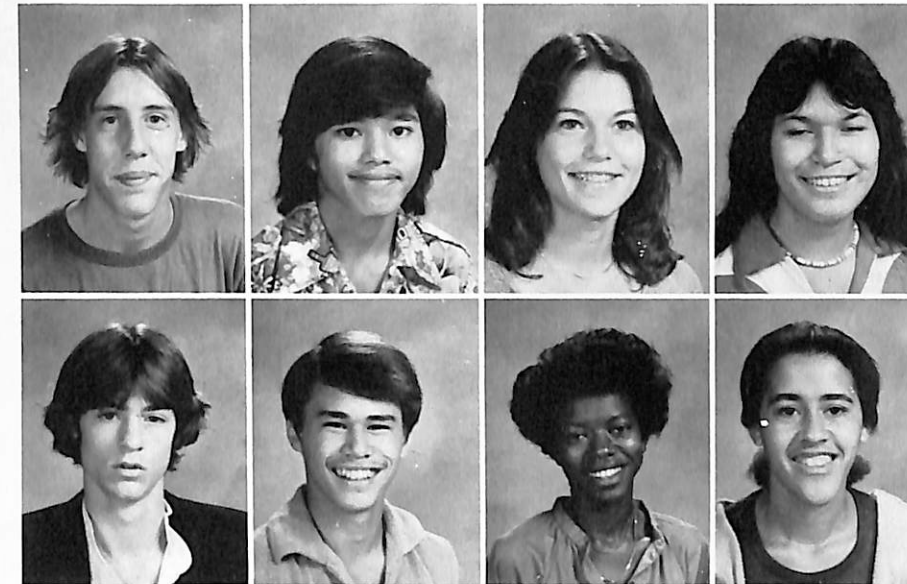

The Sophomore "Split" was over and the Junior "Jump" was on!! It was our second year at FCHS and we decided to get things rolling. We jumped in with both feet. We played the first varsity sports. We ordered the first class rings. We took the first PSATs. We took the first SATs. We got the first varsity letters. We got the first varsity letter jackets. We had the first Junior-Senior Prom. Everything we did was tradition-setting firsts, and once we did it we knew we wouldn't have had it any other way.

Junior Class Officers: President — Steve Skelton, Secretary — Kim Smithee, Treasurer — Kim Slayden, and Vice President — Kim Shaver.

Class Sponsors: Barbara West, Kathy DePriest, Leon Lange, Terry Cox, Jack Darke, and David Kerr.

Super Sophomores

Class Sponsors: Ms. Gamble, Mr. Medlock, Ms. Chaney, Mr. Morgan, Ms. Proctor, Mr. Patterson, and Ms. Sheets.

Class Officers: K. Besselieu, T. Mattingly, B. Spencer, C. Chewning.

When in the course of High School events a new class joins the ranks, it is usually greeted with general indifference. Each sophomore class is considered just one more in a long line of newcomers. This year's sophomore class was different and yet the same. It brought excitement, pep, and beauty to the halls of Ft. Campbell High and quickly settled into high school life ready to move on down the line to graduation . . .

Top Ten

Sandy

Sandy Lindsley, the top Senior of our list, was born in Munich, Germany and arrived here at Fort Campbell a year ago after living for one-and-a-half years in Taipei, Taiwan. When asked about her feelings for ECHS she said, "I really don't know. If you get involved, it's great. But if you don't . . . FCHS will help you, but first you have to help yourself." She's not really sure where she wants to go to school, but she's considering Western Kentucky University or Tennessee Tech, and planning to major in music or accounting. Sandy enjoys swimming, listening to music, and watching people smile, and believes that to live, love, and laugh is the secret of life — "Also smile; it makes your whole body grin."

Becoming part of the top ten is achieved by a lot of ability and a little bit of luck.

The honor is given to the ten seniors with the highest grade point average. On these pages those students who have done that are saluted.

Jerome

Carolyn

Born in New York City, Jerome Carter, the second Senior on our list, spent three years living in Germany before coming here and thinks that FCHS is the greatest. "It may have its faults but I love it anyway. The teachers here care about what you're doing and do their best to help you do your best." Jerome plans to attend the Massachusetts Institute of Technology "if I'm lucky" and major in mathematics. He says that in order to succeed in life you have to believe in yourself, be yourself, and enjoy being yourself. Some of his hobbies include hiking, camping, biking, writing, and acting.

Playing the piano, doing needlepoint, riding horses, and running are some of the hobbies of Carolyn Faircloth. Born in Garland, North Carolina, Carolyn has lived here at Fort Campbell for almost five years and has also spent some time in Germany. She feels that FCHS is the place where she's grown up and she likes to call it home. She plans to attend Murray State University for the first two years of her college education and possibly Michigan Tech. Carolyn says, "Everyone should strive to reach their goals and even if they don't reach them, they've accomplished something by trying."

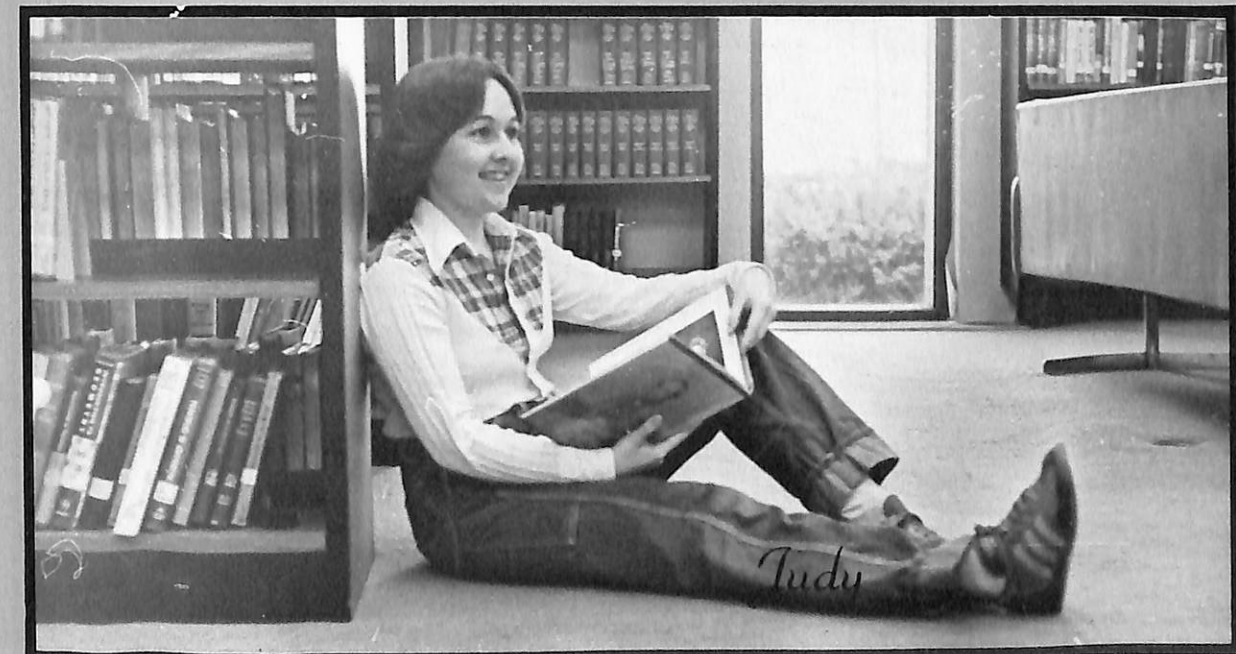

David Rivard carried on the family tradition by becoming the fourth Senior on our list. David, an avid tennis player, has lived here at Fort Campbell for two years and lived at Fort Leavenworth, Kansas for a year before coming here. Planning to attend Michigan Technological University and major in computer science, David thinks that FCHS is the most congenial school he has ever attended. He feels that the combination of students with different backgrounds makes it truly interesting. When asked for his personal philosophy, he said, "There are some people who find an obstacle a stumbling block, but those who use it as a stepping stone will achieve success."

Next on our list of top ten Seniors is Carole Véronique Gatlin. Born in Belleville, Illinois, Carole has lived here at Fort Campbell for 2 years, and has had many fond experiences. She says that she's spent her best high school years meeting terrific people and that she's become more involved in school activities since arriving at Fort Campbell. She plans on attending Murray State University and enjoys playing tennis, reading, swimming, jogging and having fun. When asked for a few words of wisdom she said, "I think that in order to succeed in life you should have confidence in yourself and look on the bright side of things."

Planning to major in medicine at the University of New Mexico, Betsy Byerley, the sixth Senior on our list, thinks that FCHS is a really super place, loves it here and wants to come back some day. She feels extremely close to her friends and family because of being here. Born in Manhattan, Kansas, she has lived here for three years and was in Tehran, Iran for two years before coming here. Betsy has set certain goals for herself that she hopes to achieve/ and believes in taking life as it happens and living one day at a time.

Judy Dunlow, number seven on our list, plans to attend Chowan College and major in legal secretarial administration. Born in Ahoskie, North Carolina, she was living in Kitzingen, Germany before she came to Fort Campbell. Speaking on FCHS she said "I feel that FCHS is one of the best schools I've attended. The teachers seem to be very versatile in their studies. They also seem to treat you like a person rather than just a student. Also the students at FCHS are really friendly. They make you feel at home as soon as you arrive here." She enjoys water-skiing, playing the piano, reading, playing tennis, and acting crazy with friends.

Born in Johnson City, Tennessee, Teresa Burrell, number eight, enjoys bowling, reading, and partying and has lived in Fort Campbell for three-and-a-half years. Not sure of the college she plans to attend, Teresa Ann plans to major in accounting or computer science. When asked about her feelings for FCHS, she said, "I have enjoyed my years here at FCHS. I prefer small schools over large ones because everyone knows everyone else and it's easier to learn in this type of atmosphere."

Born in Wahiawa, Oahu, Hawaii, Tara Bethke, the ninth Senior on our list, has lived in Fort Campbell for four months. She says that she really likes FCHS and that one of the best years of her life has been spent here learning, making friends, discovering, broadening her horizons and finding herself. She plans to major in forestry at Western Kentucky University, and enjoys hiking, music, yoga, and poetry. Her personal philosophy is "You must accept people for what they are . . . think positive if you wish to attain your goals."

Not Pictured — Tony Turner, the last Senior in the Top Ten, enjoys playing football and participating in school activities. A native of Memphis, Tennessee, he has been here at Fort Campbell for a year and lived previously in Stuttgart, Germany. A quiet person in the public eye, Tony prefers a few close friends for company instead of crowds.

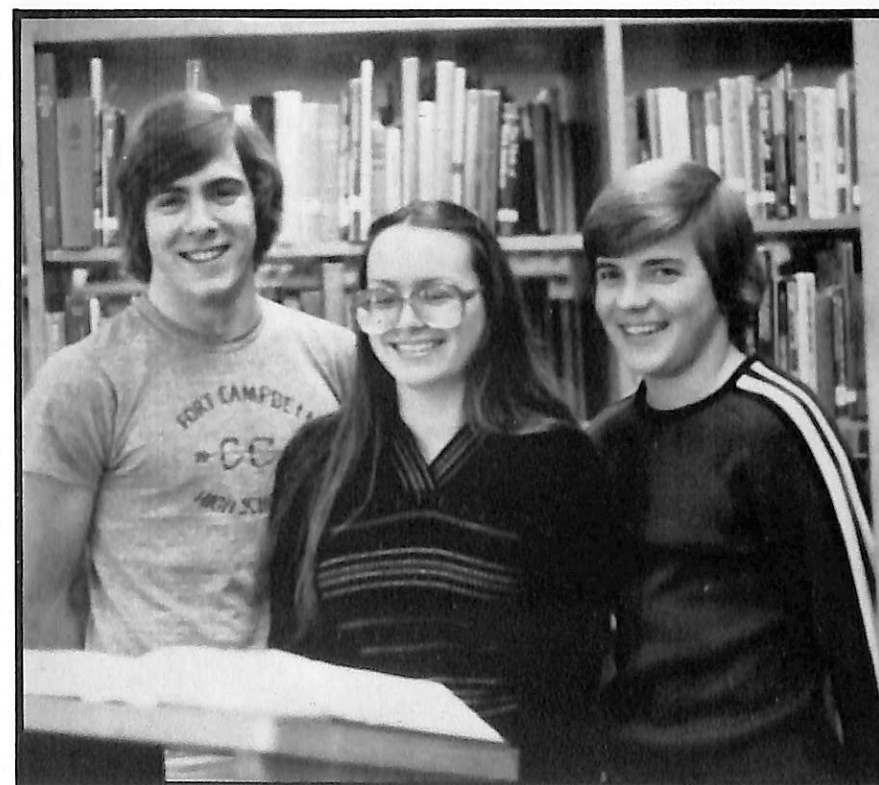

Academic Honors

School is an institution of learning, yet often it is the athlete that gets the credit for making a school great. On this page and those preceding it, honor is given to students who bring greatness to our school by their achievements in the field of knowledge.

David Rivard, Bill Golden, and Teresa Burrell, by becoming National Merit Scholarship Finalists, bring joy to their parents and to the teachers and fellow classmates who have worked and studied with them on their way to the top. To qualify for his honor each of them had to score extremely well on the PSAT and do the same on the SAT. Since there are only fourteen thousand finalists, becoming one shows not only academic knowledge but also indicates future success.

In the Presidential Scholars Program, Jerome Carter became a Finalist by scoring well on a test on government and current events. Administered across the United States, this test and an essay admitted with it became the basis of selection for one thousand Finalists who then had to write essays about themselves and their ideas about school. Winners will receive a paid trip to Washington, D.C., and have their medals presented to them by the President.

Among those FCHS students entered in this year's edition of "Who's Who in American High Schools," a collection of the nation's top students, are a number of our top students: Peri Auna, Maribel DeJesus, Judy Dunlow, Laura Bartlett, Traci Boyer, Betsy Byerly, Jerome Carter, Robert Darnell, Darren Denham, Carolyn Faircloth, Paula Ferland, Carole Gatlin, Todd Jacobs, Susan Pattison, Jackie Russell, Carmen Furrow, Liz Garcia, Bill Golden, Sabrina Harrell, Steve Hellums, Vickie Rhodes, Susan Watke, and Kim Young.

As you can see, FCHS is no slouch when it comes to what school is really all about, so we should be proud of the academic talent of this school.

Decisions, Decisions!

The FCHS Student Council started off the school year a new way this time. Because of the early date for Homecoming, this year's junior and senior representatives were elected at the end of their sophomore and junior years, rather than in the time tested method of years gone by; therefore, the whole Student Council benefitted from the summer workshops which helped them get ready for the school year 1978-79.

The first big activity this year was Homecoming. Most of the activity centered on the dance and elections for homecoming queen and princesses. A combination of bad weather and small interest cancelled the parade, but everything else went smoothly.

After the homecoming activities were over, the Student Council settled down for a little while and then started planning the Christmas Basket program. For the sophomores, it provided a chance to see what they could do as a homeroom. The juniors, who were familiar with the program, handled it with aplomb. The seniors made it their last chance to show their school spirit. By anyones' standard it was a success.

Next the council planned a Baswres Ball, which was the first in the history of Fort Campbell High School. This was a Student Council with a lot of imagination and plenty of new ideas! Officers: Mr. Stewart, Sponsor; Peri Auna, President; Judy Dunlow, Vice President; Carole Gatlin, Secretary; Jackie Russell, Treasurer.

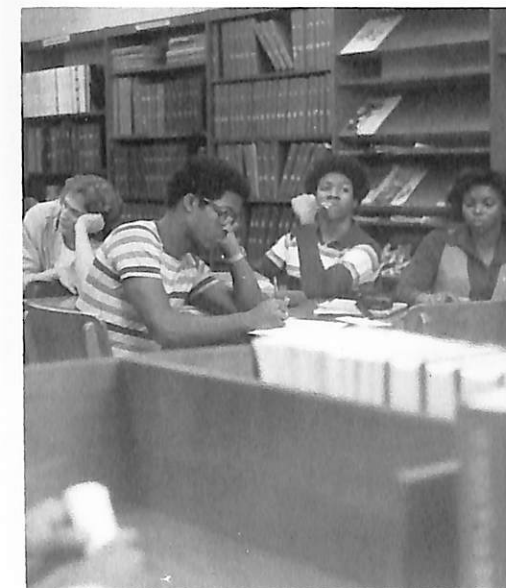

Student Council members.

Psst! They're taking our picture!

Was she expecting this picture?

Why pick Monday to have meetings?

Gosh, that's exciting!

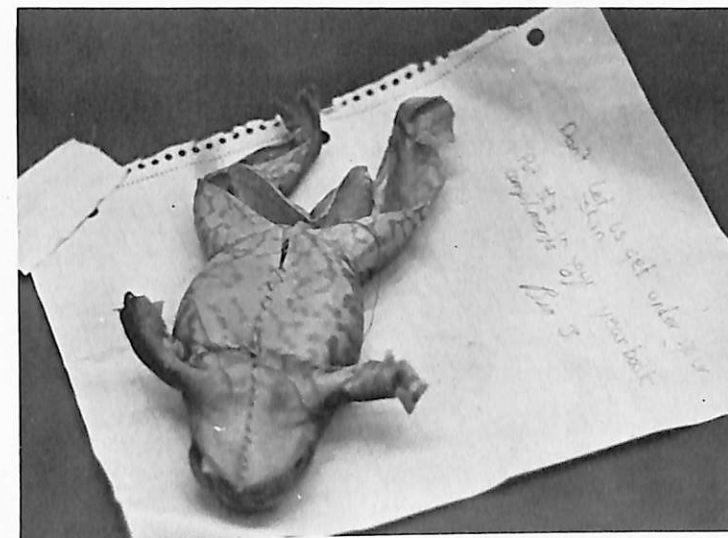

"We Write the Captions"

We write the captions that help to tell our story.
We write the copy that bathes the students in glory.
We write the headlines that accent all the clubs.
We write the book, yea, we write the book.

Oh our book it makes you laugh and gives you
happiness to carry on.
It's for you, it's for me, it's a school wide memory.

We are the staff at Ft. Campbell High.
We write the copy in rhythm and rhyme.
We make you happy as you read our book.
We are the staff, yea, we are the staff.

We are: Betsy, Sandy, Teresa, Ann, Linda, Carole,
Traci, Donna, Matthew, and Jerome.
We are the staff and we write the book.

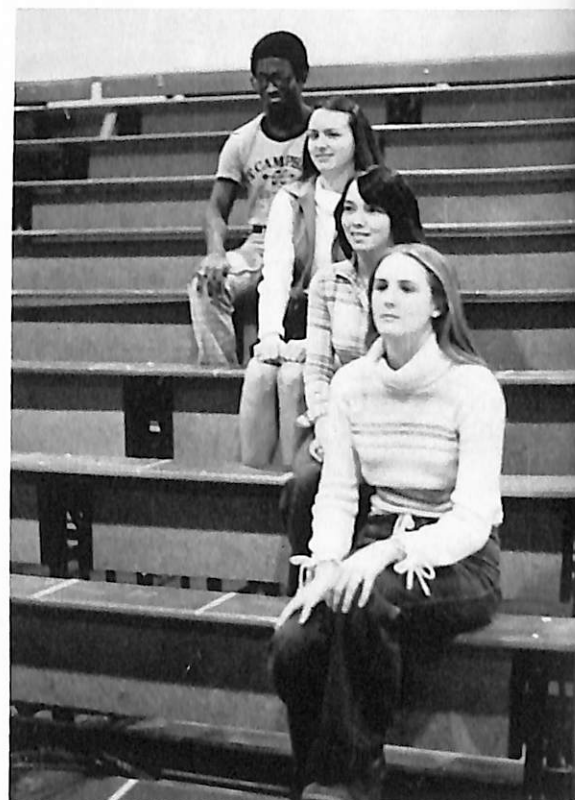

Even the yearbook staff doesn't know when the camera will strike.

Brains Have More Fun . . .

The National Honor Society is an organization that honors the top students in a school and provides services for the school and community. This year's NHS started off their activities with a bake sale to help raise money for the annual induction. A trip to the children's ward of the hospital was planned soon after to spread a little Halloween spirit but inclement weather caused it to be called off. Next came the induction in which some thirty new members joined the ranks and the tea to which the parents and members were invited. Next the FCNHS planned an auction and a Saint Patrick's Day Dance in the spirit of accomplishment and service that is their hallmark.

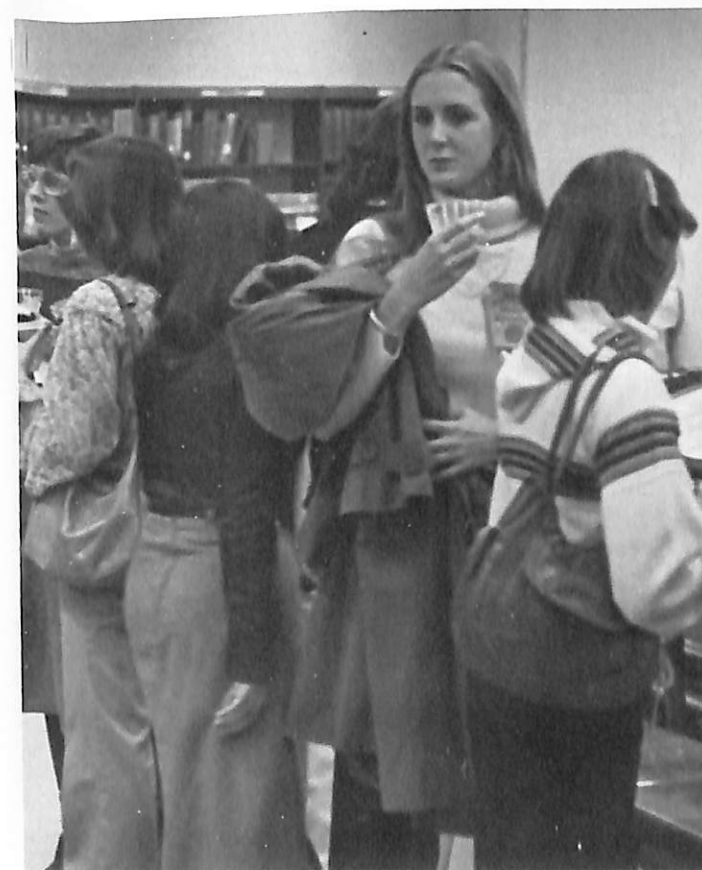

Offices Are: President, J. Carter; Vice-President, T. Burrell; Secretary-Treasurer, S. Rayborn; Historian, S. Tye.

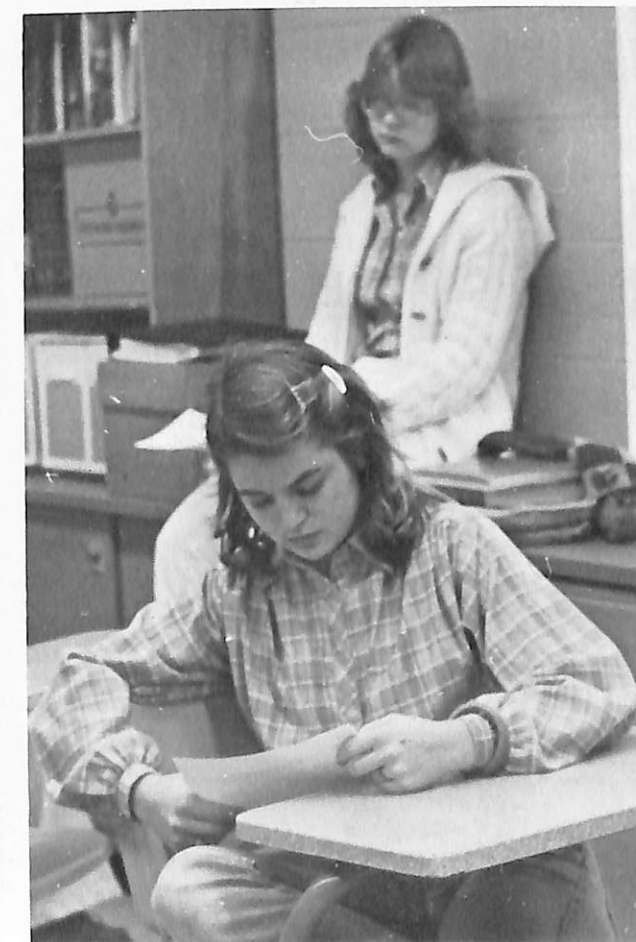

Old Members: 1st row — Amy Martin, Judy Dunlow, Carolyn Faircloth, Tiffany Haddock. 2nd row — Carole Gatlin, Kim Shaver, Susan Pattison, Betsy Beverly, Cynthia Burrell, Chantale Kain. 3rd row — Robert Darnell, Steve Skelton, Steve Cornell.

New Members: 1st row — Don Hinton, Dave Cabrinha, Sandy Lindsley, Kelly Thompson, Margaret Stewart, Kristi Besselieu, Lisa Gross. 2nd row — Cristol Chewning, Cindy Ostermann, Jeff Kruwell, Skip Pattison, Donny McKay, Jeff Grimes. 3rd — Ann Byers, Wayne Walker, Tara Bethke, Jackie Russell, Kim Sullivan, Joe Kinzer. 4th row — Mark Camp, Chuck Franks, Traci Boyer, David Rivard, Bill Golden, Tom Teeter. Not pictured are the sponsors: Ms. Pendleton and Ms. Allensworth.

After the induction, NHS members celebrated with a tea after school.

Future Secretaries Association

The Future Secretaries Association started the year off with the very important and exciting hosting of the annual FSA Kentucky Seminar. Many of the FSA girls from other counties were seeing a military base for the first time, so they were taken on a tour of what we call everyday life. The theme of this successful projects that the Fort Campbell FSA chapter will always remember was "Air Assault and Backspace."

As the year went on these girls kept active, going to monthly meetings in Hopkinsville and Fort Campbell and having a Christmas party in the basement of First Trust and Savings Bank in Clarksville.

Not all the girls in Future Secretaries Association are interested in becoming secretaries, but this is one of the most active clubs in school and it provides a lot of fun and learning experiences for everyone. It couldn't have been done without Mrs. Pennington and Mrs. Sylawa, the sponsors of FSA, and the NSA chapter of Hopkinsville, who gave their full support.

At one of the nightly meetings, Linda was the model for the make-up session.

The Officers Are: President, Judy Dunlow; Vice-President, Carole Gatlin; Secretary, Vickie Rhodes; Treasurer, Teresa Burrell.

There are times when the meetings aren't as interesting as usual.

The Members of FSA Are: Maria Alvear, Regina Perkins, Linda McDonald, Laura Bartlett, Michele Gatlin, Sandy Lindsley, Cristol Chewning, Tina Odenbaugh, Ann Byers, Danette Carter, Tara Bethke, Kim Slayden, Kim Smithee, Cynthia Burrell.

In November the F. S. A. gave their sponsor, Mrs. Pennington, a baby shower. They had fun putting it together and seeing the end result. The picture to the left shows Mrs. Pennington's surprise and thrill when, after a long line of gifts for the baby, she received one just for her. Congratulations Mrs. Pennington on your beautiful baby girl!

Key Club

The Key Club is a service organization based on the Kiwanis Club. It is comprised of the lettermen who were responsible for this year's bonfire during the football season, as they traditionally are. In addition, they help out people in the community when their help is needed by providing food, clothing, and the like.

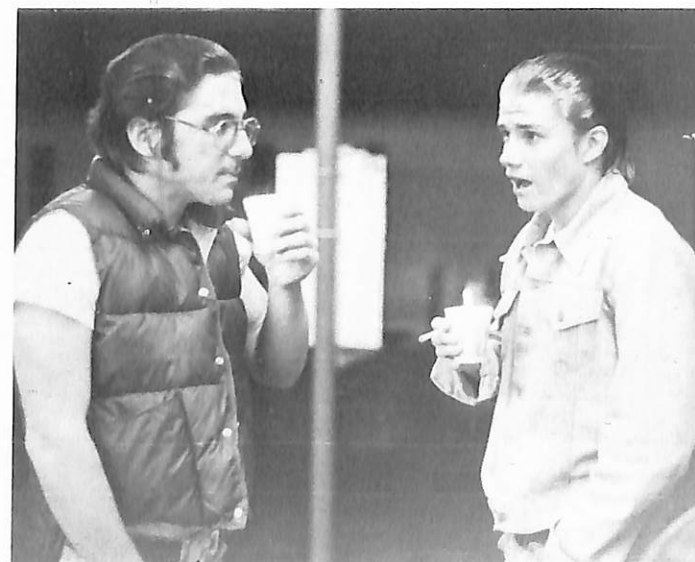

The Members Are: Jeff Kruwell, Tony Turner, Steve Brown, Frank Pierce, Steve Skelton, Robert Darnell, Steve Cornell, Tony Block, and Billie Church.

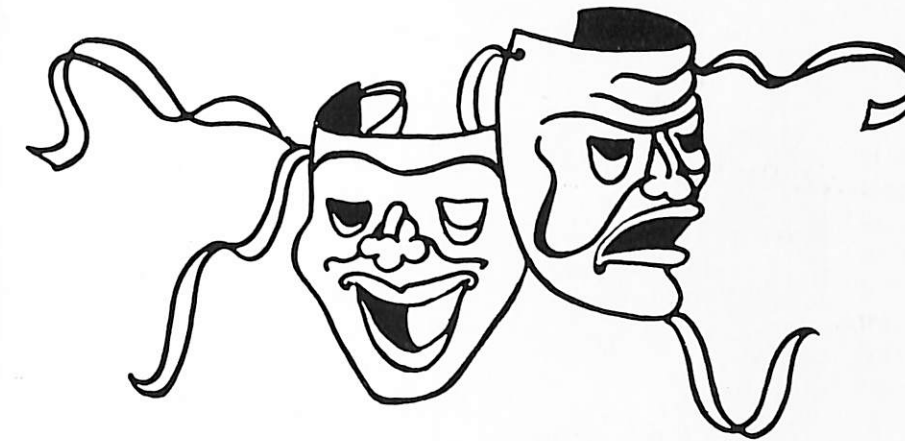

Sponsor, Mr. Davis; President, Tony Turner; Vice-President, Jeff Kruwell; Secretary-Treasurer, Robert Darnell.

Prospective members? No, just refugees from 50's night at Sonic.

Sha-Na-Na rejects!

For a change of pace, try the Drama Club. You can never tell what might happen when the club meets. Sometimes it's discussing business and other times it's acting. Because of the lack of dramatic activities in school, many of the members participated in plays put on by the community theaters. Among these plays were "Hello Dolly" and "Pippin." The club also planned to help out the Children's Theater. The Drama Club had existed years ago but somehow it faded out. This year, though, some of the members put the club back to action. It is very difficult to start a club, so the members worked very hard in getting this club into shape. A special thnaks must go to Mrs. Gamble, the sponsor, for her help and patience.

Drama Club

President, Jerome Carter; Vice-President, Ann Marie Gilbert; Secretary-Treasurer, Lori Ann Puckett; Robin McAnnally, Tara Bethke, Kelly Thompson, Mike Clark, Rex Harder, Traci Boyer, Karen Denham.

Reveille!!

The FCHS Falcon Battalion is an important part of our school program, with its help at football and basketball games. In addition to this, the ROTC includes the boys' and girls' Drill Teams which march at all football games. The Pistol and Rifle Teams compete on or off post with other school ROTC teams. Some of their activities included the St. Jude's Bike-a-thon, the Military Ball, car washes, parades, competitions, and summer camp. ROTC is a class that involves as much out-of-school time as in-school time with its special as well as routine activities.

The Drill Team helps out during football halftime.

ROTC show their spirit in a pep skit.

Car washing helped to raise funds.

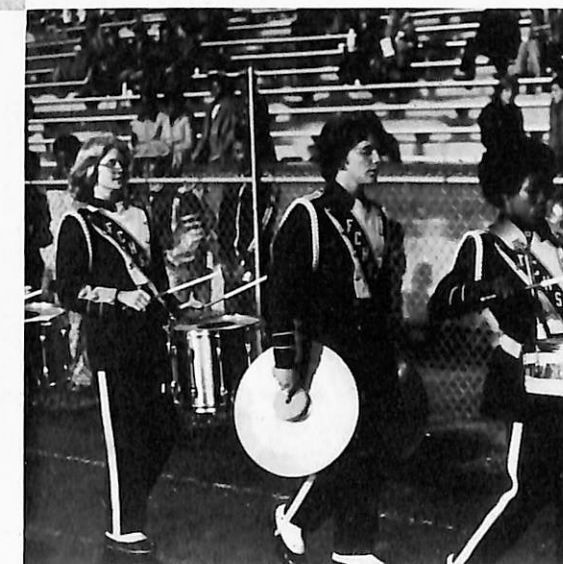

Making It All Worthwhile . . .

When the whistle blew, everyone knew it was time . . . time to listen for the whistle, time to march, time to practice, time to do, then re-do, time to sweat, time to curse yourself for doing wrong, but then time to perform with perfection, making it all worthwhile. Every year the marching band got together to work on half-time shows for football games, parades, and competitions. With all its hard efforts and enthusiasm, the FCHS Marching band turned out to have a fantastic "1978-79" year, making it all worthwhile.

This was Mr. William's first year with the marching Falcons. Although he took control of the band late in the summer, he managed to get to know the band and get everything under control before the season started. You did a great job this year, Mr. Williams. Good luck next year.

Band Major: Charles Gasque

Band members from L. to R: 1st: C. Gasque 2nd: C. Marin, I. Rossignol, K. Slayden, K. Thompson, M. Davenport, K. Smithee, L. Walker, K. Hood, T. Irizzary, K. McDonald 3rd: K. Shaver, K. Boyer, D. Artistic Honors

FCHS is a school that is as artistically blessed as it is athletically and academically. Fort Campbell bands and choruses are well known for their outstanding performances, and outstanding artists are as common as beautiful sunsets. On this page we honor some masters of both the visual and performing arts.

Todd Jacobs has built a reputation as an outstanding artist, and this year he did something that proved that he did deserve this reputation. The National Game and Fish Agency sponsored a poster contest this year that Todd almost walked away with. The theme of the contest was "Hunting and Fishing are Conservation," and Todd took first place in the state and came in second nationwide. He has lived here at Fort Campbell for three years and modestly claims running and painting as "hobbies."

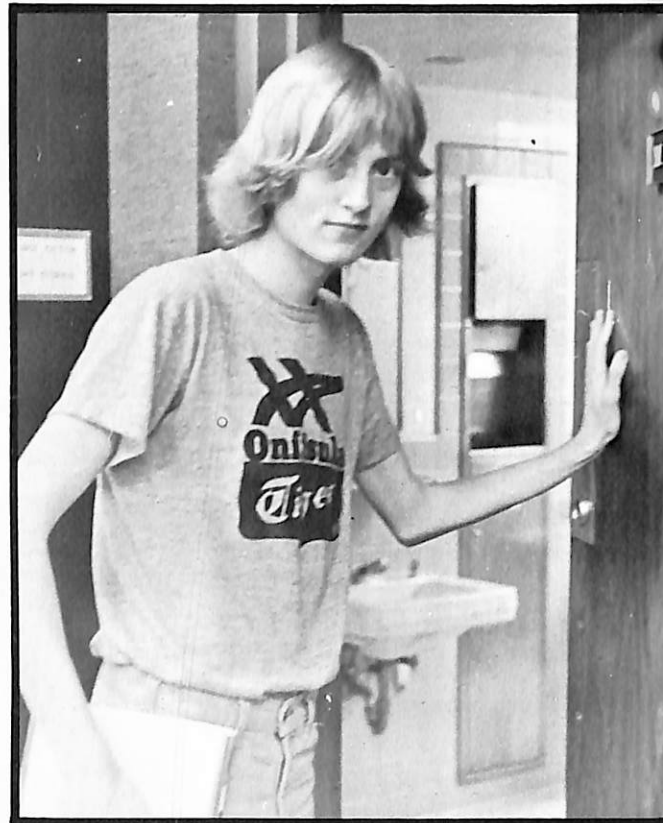

Sophomore Dale Guillory, a member of the FALCON 79 football team and of student government, took first place in Christian County in the Kentucky State Department of Human Resources "Handicapped Poster Contest," and went on to state competition. Kim Shaver, an avid tennis player and matmaid, has been honored to show her artwork in an exhibit sponsored by the Clarksville Chamber of Commerce.

On the musical side of art, David Rivard and Carolyn Faircloth were selected for All American Hall of Fame Band Honors, and for the U.S. Collegiate Wind Band. In addition, Traci Boyer and Kevin Logan were selected for participation in Quad-State, a music festival held each year at Murray State University.

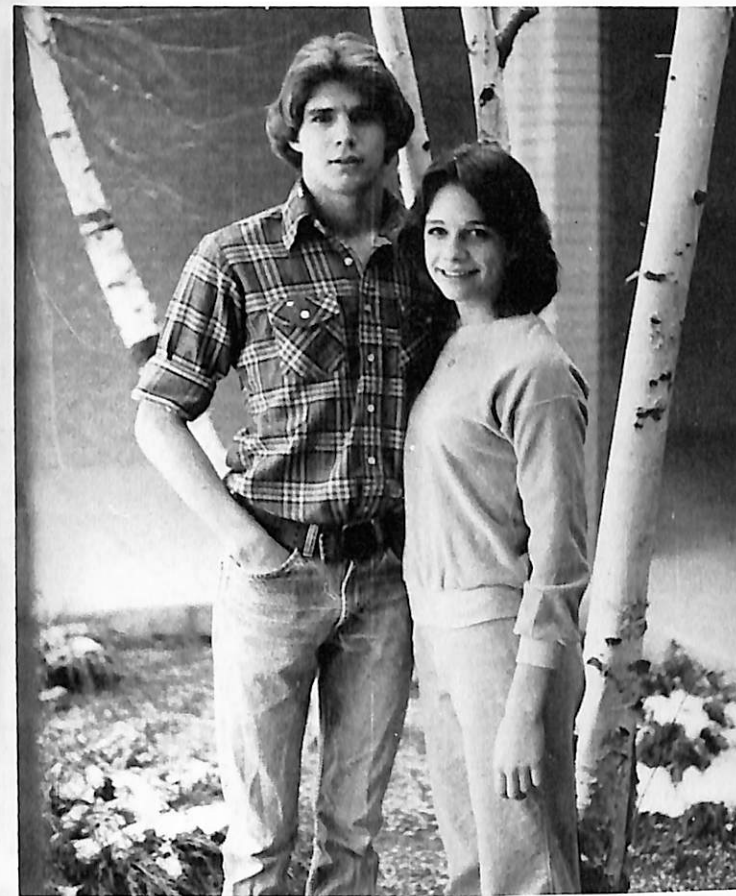

FCHS does not yet have a strong Drama department so there aren't any dramatic award winners that we know of, but Fort Campbell High School students are active in many post productions.

In any direction you look you can find Fort Campbell students succeeding in the field of art. And whether you are a "super-pro," or a novice anyone can have fun doing it.

Above — Todd Jacobs enters one of his favorite places of inspiration. Below — Kevin Logan and Traci Boyer relax after a performance at Quad-State.

Superlative Seniors

The Senior Superlatives are Seniors honored by their classmates for their special talents, traits, or abilities. This year Jerome Carter and Don Feldef each garnered honors in more than one field, but, due to the nature of the contest, they were asked to select only one of the honors so that more people could be involved. This does not diminish the glory of the others but allows everyone to have their place in the sun.

School's Out!

To the Faculty and Student Body of Fort Campbell High:

We, the officers and members of your Student Council, would like to take this opportunity to say we have enjoyed serving you! We appreciate your cooperation and support, because without it we would not have had as successful a year as we did. We've tried new things this year at Fort Campbell and hopefully they will carry on.

With students becoming the leaders of tomorrow we all need to begin our search into the world *today!* We have teachers around us that are willing to guide and support us. When people work together, things work better. To the teachers, we say thank-you. May we continue to support each other and may the bonds between us grow *stronger!* Times change and people need to adjust — that's why it's great that we as student body and faculty can change and adjust.

This has been a *great* year at Fort Campbell. So, remember the times we spent together . . . the sunny days we thought would never end . . . the places we used to go . . . the things we say and did . . . the warm smiles and happy laughter . . . and, the heights we have reached and will reach in the future.

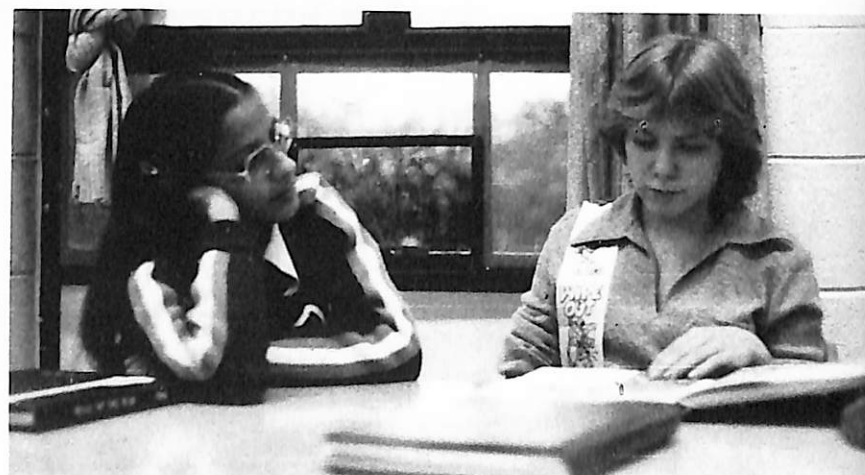

Your 1979 Student Council
