For many years FCHS has been known to have a distinguished past, and an exhilarating today, and a promising future. Our appreciation is given to the students, staff, faculty and parents for allowing this to happen. We, the yearbook staff hope to make this yearbook a mirror in which to catch and hold a reflection of our high school years here at Fort Campbell. And remember...IT DOESN'T STOP HERE!

Dedication 95-96

Special Education

This year's Yearbook Dedication goes to the Department of Special Education. The Yearbook Staff feels that this Educational Department deserves much more credit than they receive. The devoted providers, Mrs. Darilyn Hunter and Mrs. Donna Shaughnessy, have put more than one-hundred percent into the lives of Bill Collins, Dolly Mae Kinch, and Jonathan Reynolds. Bill, Dolly, and Jonathan have improved in many areas, thanks to Mrs. Hunter and Mrs. Shaughnessy.

Get the box, Bill.

Dolly shows off her bunny book.

Learning

Life Skills is a class where a student's independence is fostered, and quality of life is enhanced. We begin with each student's "Present Levels of Performance" and go from there. If a student CAN walk, see, and make simple decisions about safety, then we can teach that student to cross a street, expanding that student's horizons and improving their quality of life. We also teach cooking, survival words, grooming, sign language, and age appropriate interactions. Every student can learn SOMETHING in Life Skills. — Mrs. Hunter

Front row L to R: Jennifer Webb Middle Row: Travis Landrith, Robyn James, Christy Dougherty, Tenesha Handley, Marcisha Brazley, Summer Raschke, Rebekah Bratcher Top row: Derek Smith, Joe Marshall

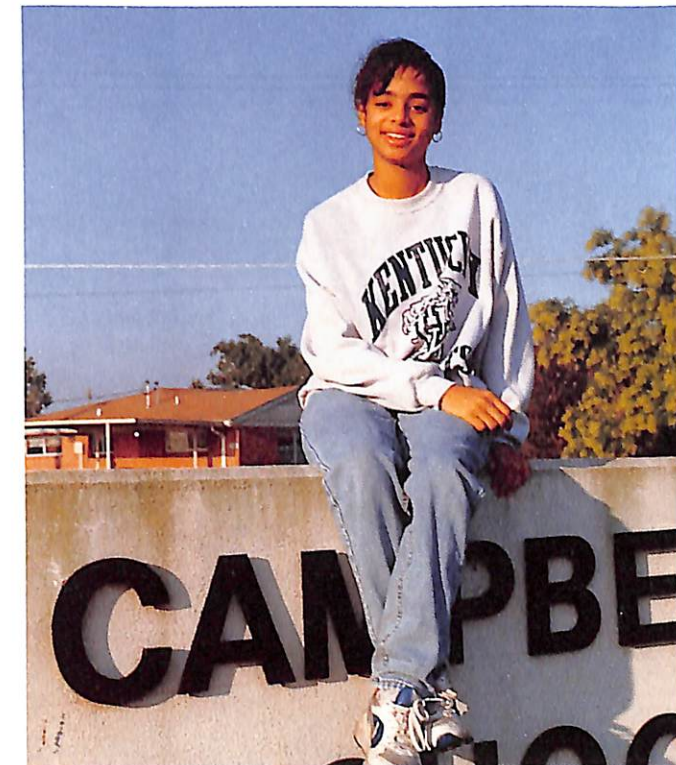

This year's Senior class officers were elected from a very competitive field of candidates. Each person running was more than qualified for the position they were seeking. The numbers were extremely close in the elections but, one from each category had to emerge victorious. The candidates for president were Travis Landrith, Marcisha Brazley, and Robyn James. Those running for vice-president were Tenesha Handley, Summer Raschke and Joe Marshall. There was only one person running for secretary, Derek Smith. The field was equally filled in the treasurer category with Rebekah Bratcher, Christy Dougherty, and Jenny Webb. The senior class officers have big plans for the senior year which include a senior trip to Florida and senior privileges.

First of all, I'd like to thank God for giving me wisdom and a thirst for knowledge. I'd like to thank my parents for their love and support, and I'd also like to thank teachers like Mrs. Dowlen, Mr. Medlock, Frau Loucks(even though I was never actually in your class), and all the others I've had for their support and inspiration. I love you all and will miss you after I leave. After graduation, I will be moving to Indiana and will be attending the University of Indiana. After two years there, I will more than likely transfer to Butler University where, God willing, I will recieve my Physicians Assistant Certificate

I would like to thank my family and my close friends for their support and guidance. I would also like to thank God for blessing me with all of my talents and my abilities. After high school I plan on attending college to earn a degree in international business. I also hope to continue my piano, clarinet, and foreign languages at college.

"For as a man that is born blind, hearing men talk of warming themselves by the fire, and being brought to warm himself by the same, may easily concieve, and assure himself, there is something there, which men call fire. I extend my thanks to all who have brought me to the fire. As far as my plans for after graduation, I never think of the future; it comes soon enough."

I would like to thank my parents, Charles and Elisabeth Adams for their loving support during all of my years of school. And to my closest friend Kadeija Nelson, "I thank you for your friendship, and your wacky, off beat jokes." After High School, I plan to attend college. I am at this time undecided which major I wish to pursue. Again, Thanks to everyone who I have had the pleasure of meeting. You have made High school an experience I shall never forget.

I can not express enough how grateful I am to my parents for their continuous support and encouragement. I am lucky to have such great parents that stand behind me in whatever I do. Thank you for everything, I could not have made it without you! Also, many thanks: Coach Lange, for his "never ending attempt to stamp out my ignorance." Thank you for making me a stronger person; Senora Carver, for being the best Spanish teacher anyone could ever have and for all the "vitaminas" After Graduation I will attend Austin Peay State University in the fall and major in biology.

There's not enough room in this book to hold the thanks I have for my parents. They have always pushed me to be the best person I can possibly be, and have taught me to never settle for second best. Everything I have ever accomplished in life or ever will accomplish I owe totally and completely to them. No matter where I go or what I do they will always be standing there behind me with support. Thank you for everything!!

After graduation I will either be attending Texas A&M University or West Point

Sophomore Class Politics

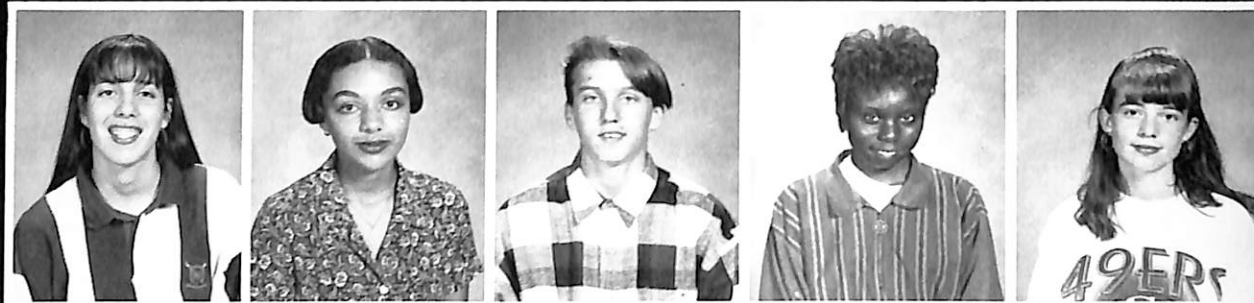

This year only one Sophomore ran for a class office. Do to this, Angela Luttrell took over all political responsibilities for the Sophomore class.

In her office she will be able to start planning fund raisers and thinking of themes for prom which they as Juniors will sponsor next year.

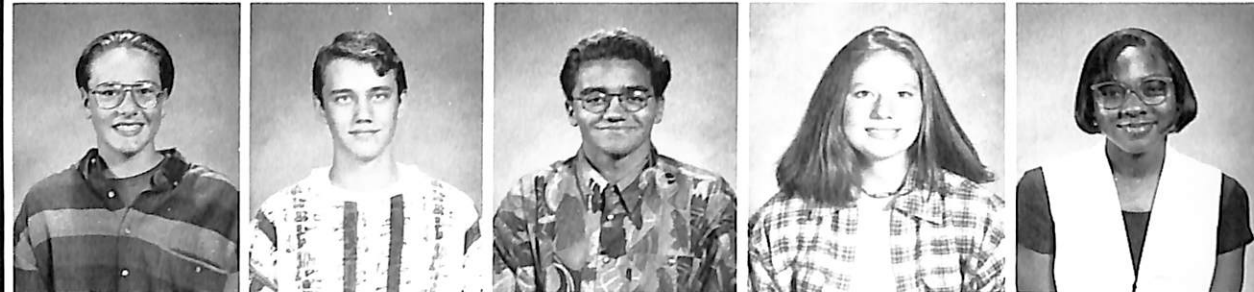

All in all we can only hope that more sophomores become involved in school politics and run for class office next year.

Behind The Scenes

Sophomore Tony Berry a Falcon favorite guarantees 1000 yards by his senior year and hopes to be very productive each year. Tony states he can't wait to take state.

We had a very successful season because of the commitment to excel from players and coaches. I'm glad to go out knowing we had one of the best teams in the state of Kentucky. Hopefully the under classmen will keep up the winning tradition in the years to come.

I feel as team captain that we had a great season due to everyone coming together as a team. I give much thanks to the fans for their support whether winning or losing.

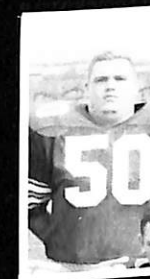

This year we had the "bomb" football team. We had a lot of unity and love for each other. After this year is over I will feel bad because my brothers Airron D, David W, and Brian S will be gone. They will always be here in my heart. I don't think another Ft. Campbell team will be as good as this year's. I enjoyed playing on the same team as my little bro (Quan). In closing, I would like to say the 1995 Falcons Football team did alright.

Much love to my BOYZ.

Having a dominating team (9-1), I must say my boyz had a very productive season on defense. The defense and offense backs had an excellent season as well. With our team working together hopefully this will take us to state (95-95).

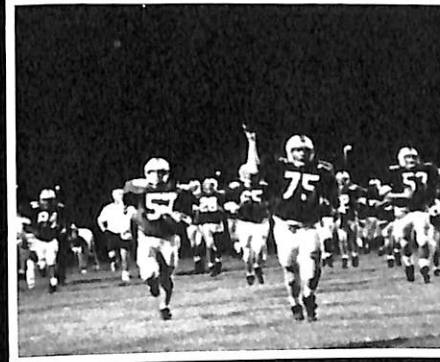

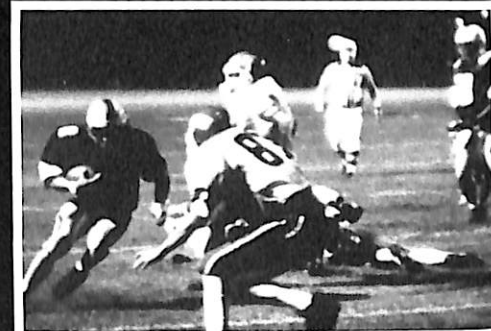

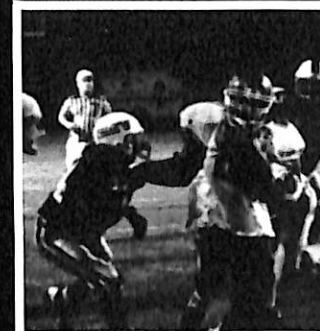

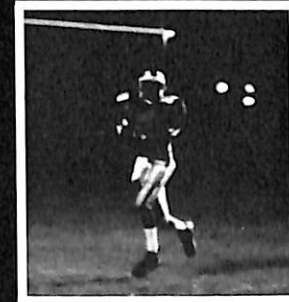

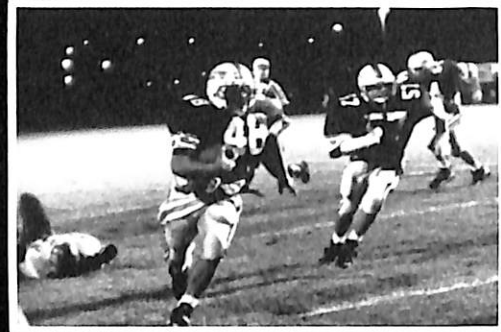

Being a falcon for five years, I have to say this is one of our best years. After thanking the team for working to their capabilities and pulling together, I have to give my heart to the fans for all their support. There is no way we could of done it without them.

Having a phat football team — This meant we had to pull together and stop the fight over little stuff. Airrion Delaney is having a productive season at DE. Vince and Brian are doing great at LB. If we play to our capabilities we should bring home the state championship title.

Boys: Regional Champions!!!

The Fort Campbell High School Cross Country teams began the season early last July, and worked hard all year long to put together a team that could be competitive with some of the powerhouses in the state of Kentucky. Making a Cross Country team out of a group of individuals that had very little Cross Country experience between them was no easy task. While working on speed and endurance, the returning runners from last year had to teach the new runners what exactly Cross Country was all about.

Both teams placed well in each race throughout the year considering that they ran against many schools that were in Class AAA divisions. The Cross Country team seemed to be the quiet little team that no one really knew about until the men's team brought home a Regional Championship trophy, and the girls also advanced to state with a fourth place finish in the regional race.

The road to the State Championships had been long and tiring, but adrenaline took over when the teams stepped up to the frigid starting line in Lexington and prepared for the wildest race of their lives. Around 300 people were on line for both the men's and women's races, and everyone of those runners was ready to run their hearts out for their team. The FCHS women's team was hurt by a lack of team depth, but still finished sixteenth in the state. The men on the other hand, proved that their regional championship was no fluke and ran to a seventh place finish in the state.

1995 Falcon Softball

Right: Sophomore, Sarah Hanks takes her homerun step for the ball.

The 1994-95 falcon softball team had a successful year. Softball was coached by newcomer, Will Begley and Melony Willard. The girls switched to fast pitch this year and did well. The girls claim the best thing about fast pitch was they could steal bases and bunt. Eighth grader, Amy Pestona, helped the Lady Falcons in the varsity infield. Captains, Trina George and Julie Perez have played for the high school for three seasons and said that this was the best year ever. Ft. Campbell hosted districts this year. The girls spent hours draining the field with Wendy's cups. Next seasons girls should be ready for the fast pitch challenge and take state!

Coach Boyd and Coach Hawkins getting ready for another exciting season

With only four returning starters from last season, this year's Falcon baseball team had a rough season ahead of them. With a record of 4-17, the team struggled through most of the season, yet managed to have a good attitude despite the losses. Joel Brown said, "We had some great athletes on the team. Unfortunately, one mistake brought down the whole team. We're a state champ team but just had some bad luck." In any case, with the experience that the team has gained, they should be well prepared for the 95-96 season.

Despite leaving only four returning player this years girls and boys tennis teams did an excellent job. Coach Darke and Coach Bennett developed the players skills through many hard and long practices.

Senior Sharon Cook commented by saying, " This year has been a learning experience. This was my first year on the team, and no matter how tough it was, I received encouragement."

The Matmaid squad seems to see through the problems and to give the wrestlers support. They worked very hard to get to where they are today. Howdy!

This year's Marching Band is tooting it's own horn. They have truly improved. It looks like their long hard hours of practice have really paid off.

When asked the question, "How do you feel about this year's Marching Band?", senior band member, Kadeija Nelson replied, "I feel Marching Band has improved this year even though we're smaller. I think more people should join."

When asked the same question, junior band member, Belinda DeJesus commented by stating, "The Marching Band is pretty good this year considering half our band is made up of eighth graders."

The Journalism class has worked hard all year to produce a quality newspaper that addresses the many issues that we as Fort Campbell High School students may face everyday. Such issues have been alcohol, drugs, senior pranks, and the attitudes of American travelers in Europe. The newspaper also informed students about activities and other information around school. From introducing students to new teachers and administrators to sporting events; this year's journalism staff has covered it all.

Reserve Officer Training Corp. ROTC for short has been very active in most high schools across the United States. Not many people know what goes on behind the close doors of ROTC room. There you can learn map reading, first aid, history, about weapons, drills, and many more subjects. ROTC has many activities, such as the rifle team, drill team, and the color guard. In fact this year a select group of people from ROTC got to go to Washington. All in all ROTC is a great experience for high school students to learn not just about the ARMY, but also about life.

Many students are under the misconception that Stan and Ms. Mary are the only two custodians that take care of our school. The truth is that their day begins at 6:30 a.m. and ends at 3:00 p.m. By this time, most of the students have left and Lisa Tomlin, Jack English, and Frank Dority take over. But, that's not all of them. There is another custodian, Dave Foster that comes in at 10:30 p.m. to finish up the job.

It Doesn't Stop Here

*Where do we go from here?
Why are our hearts filled with so much fear?
As we go our separate ways,
We'll recall those one hundred and eighty
days.*

*The days of fun and laughter,
Will we go to college or have a job here after?
We met as freshman in the year of ninety-two,
But will we meet up again when it is finally
all through?*

*From games, pep rallies, and spirit week,
To prom, homecoming, and dances,
To pink slips and tardies.*

*We've come to comprehend,
The hardships, the heartbreaks, and the under-
standing,
And all the teachers, some too nice and some
too demanding.*

*Ninety-six is not just a year or a class,
It's something that will always be remem-
bered in the future,
Not just in the past!*

*Together we came,
And together we'll go,
What's yet to come no one really knows,
We may think that our mission is complete,
But tomorrow there will be so much more to
see.*

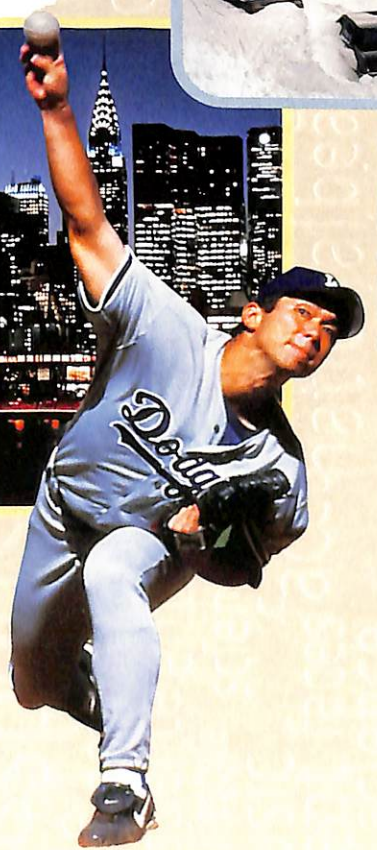

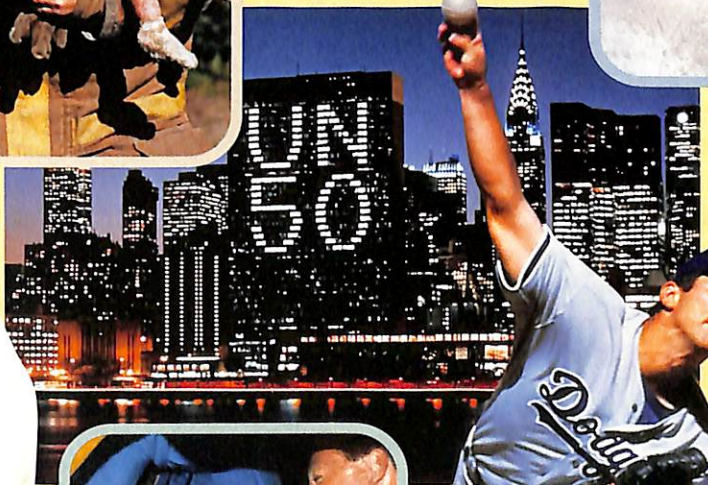

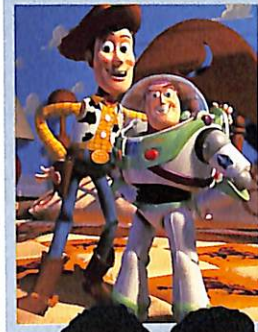

*Some friends will be remembered,
And some will be forgotten,
But if I'm a good friend...
We'll continue talking.*

*You may think that the class of 1996 is just
another year,
Well that's where you're wrong
... Because it doesn't stop here!*
