A WORLD OF DIFFERENCE

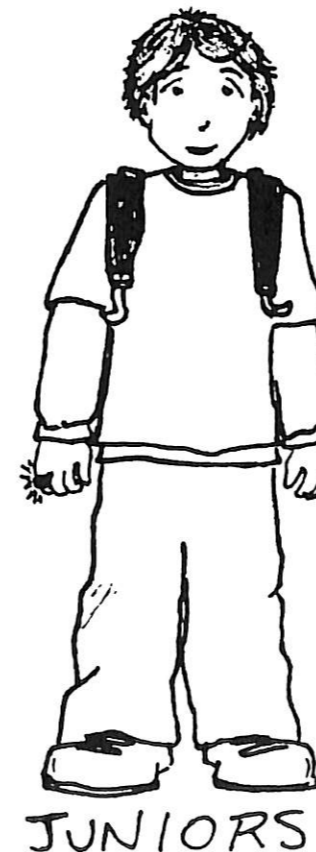

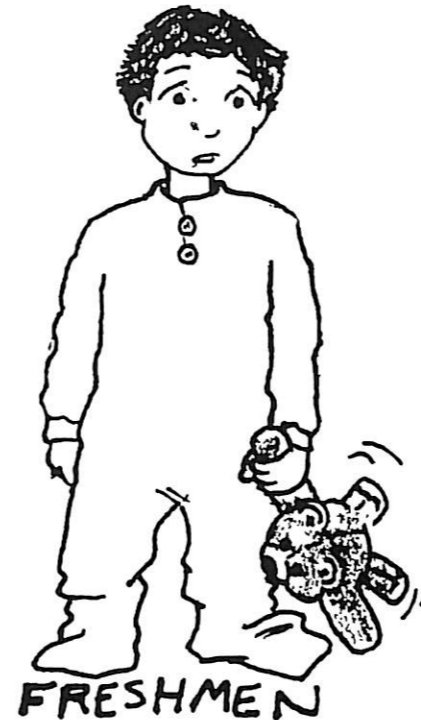

*In the beginning, everything was new,
We were the babies of them all,
And we felt as if we knew everything,
But boy we were wrong!*

*Over the following summer we matured a little,
And came back as Sophomores a little bit wiser,
Still inside we felt as if we hadn't found our place,
But we made it through the year anxious to become upperclassmen.*

*Now that we are Juniors the pressures start to build,
The choices that we decide this year can effect the outcome of our futures,
But through all the anxiety and stress, we still find time to have fun,
And to make our Junior year a year worth remembering.*

*Once we are Seniors, we have one year till we're on our own,
And the friends we made as Freshmen have come and gone,
But through it all we've managed to find our sense of identity,
Which tells us that a new life is about to begin,
And no one knows, but fate where we'll end.*

"1996 Homecoming Dance"

Homecoming was a great experience! Even though we lost the game, this did not damper the Falcon spirit. The dance itself was a huge success. It was filled with lots of friends, lots of laughs, and lots of memorable times. So lets get together and have some fun! Gooooo Falcons!

The Three Musketeers!

Strike a pose!

The Terrible Twosome!

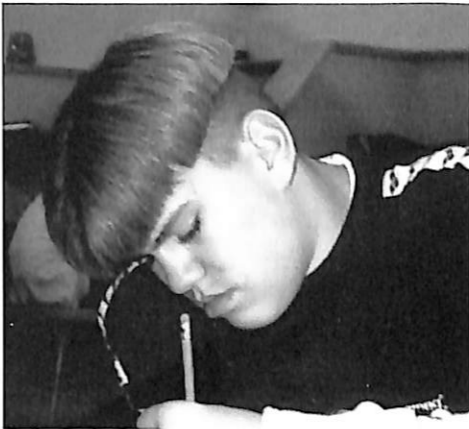

Showing their pearly whites!

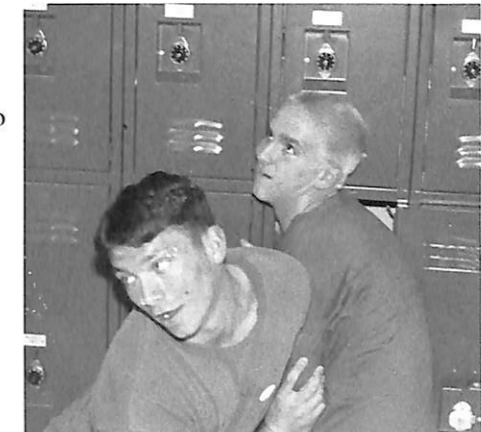

We don't know what planet they're from!

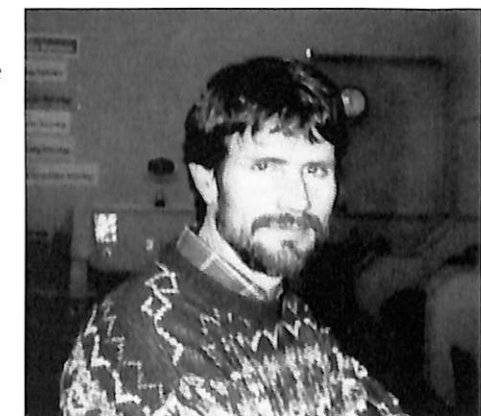

Mr. Gilbert practices his hidden talent!

WE, THE YEARBOOK STAFF, have worked long and hard to produce a unique and original yearbook this year. In the beginning, working together seemed to be very discouraging, but through a lot of cooperation and communication it proved to be a collaboration of creative minds and solid team effort. This class taught us not only how to layout, design, and publish a yearbook, but it also helped us to make new friends and develop hidden talents that we never knew we possessed.

We'd also like to give special thanks to the two teachers who guided us through the year and without them we would have been lost. To **Mr. Nolte**: Thank you for all of your financial advice and aide. Without your help we'd probably be bankrupt! To **Mr. Gilbert**: There's so many things that we would like to say to you, but it's too many things to put on one page. We sincerely thank you with all of our hearts for leading us safely through all this troubled water. "Oh captain! Our captain! THANK YOU!" Staff of 96-97

Sarah Hanks

I would like to give credit to my parents who supplied me with what I needed to succeed. They have always encouraged me to do what I enjoy. Through this encouragement, I have found what I want to do, and I have learned a lot!

"As a living magnet, you inevitably attract people, events, and circumstances into your dominant thoughts."

That is the advice I give.

To my fellow Seniors: good luck and I wish you the best! To the Seniors to come: it's as nerve racking as everyone says it is! To my teachers and facilitators: thanks for believing in me! And to my friends: don't worry, summer is yet to come!!

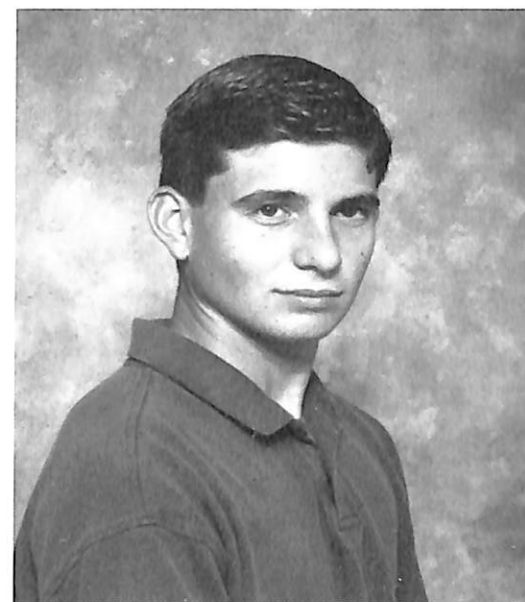

Gregory Adams

In gratitude of those teachers who really know what teaching is all about... I hold you in highest regard as friends and mentors.

You are honors to a profession which lacks the likes of you, Thanks.

My friends- thank you also. You know who you are. For a shoulder to lean on, your companionship, and many once in a lifetime experiences. The best of luck on whatever path you take- "Two paths diverge in a yellow-wood..." I know you'll choose well. Don't laugh too hard when you think of me.

And I extend immeasurable thanks to my family. I appreciate you putting up with me for 18 whole years! For your support, sacrifices, guidance, patience, and all tokens of love... I only hope that I can represent you favorably to the rest of the world.

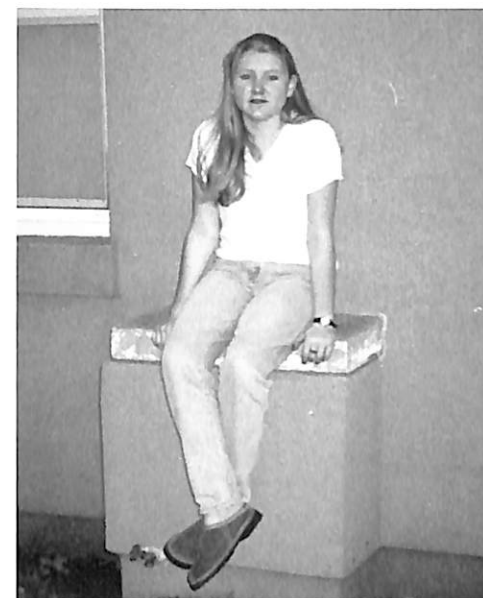

Ashlee Mixon

Looking back, these last four years have gone by fast, but at times not fast enough. High school has been full of good and bad experiences which have helped to make me the person I am today.

Keeping my grades up has always been a goal for me. I feel I have achieved my goals to the best of my ability. Next year I will attend the University of Georgia and major in Microbiology. I plan to take advantage of everything college has to offer, because the next four years will be the best years of my life!

I want to thank God for the strength he has given me. I would like to thank my parents for their endless love. Coach Lange, you are a rare teacher because you care. Thanks for listening to me! Ms. Ladd and Mrs. Blane, you two are the greatest! My little sister Adrienne, good luck these next four years, you will do fine. Justin H.- thanks for coming into my life and giving me your love and support. Well, now I am on to bigger and better things!

Stephanie Shirts

First and foremost I would like to thank my Heavenly Father for the many talents he has given me. I would like to say thank you to my mother who has always been there for me. My mom has taught me the importance of a good education and the values it takes to make it in this world. Thank you to Mrs. Carver for all of her inspiration. Last, but not least, thanks to all the friends who have been there along the way. After graduation, I plan to attend college in Utah. I want to major in Secondary Education and become a high school Spanish teacher.

Sidney Atkinson

A brick, a path, the road ahead. The rising sun against the brilliant background of hopes and dreaming clouds encroaching the dawning day. Two shadows in the midst ever clear burned into memory by morning light to form concrete images in mind and heart and soul. Guiding compass, companions from within, trenched in my life to root and build myself ever growing by their knowledge and have planted within. Thank you Mom and Dad.

"Welcome, O Life! I go to encounter for the millionth time, the reality of experience and to forge in the smithy of my soul the uncreated conscious of my race. Old father, old artificer, stand me now and ever in good stead."

-James Joyce

Thomas Royal

Thank you to my mom and dad. Thank you to my teachers here at Fort Campbell for making this possible.

Jeremy Harmon

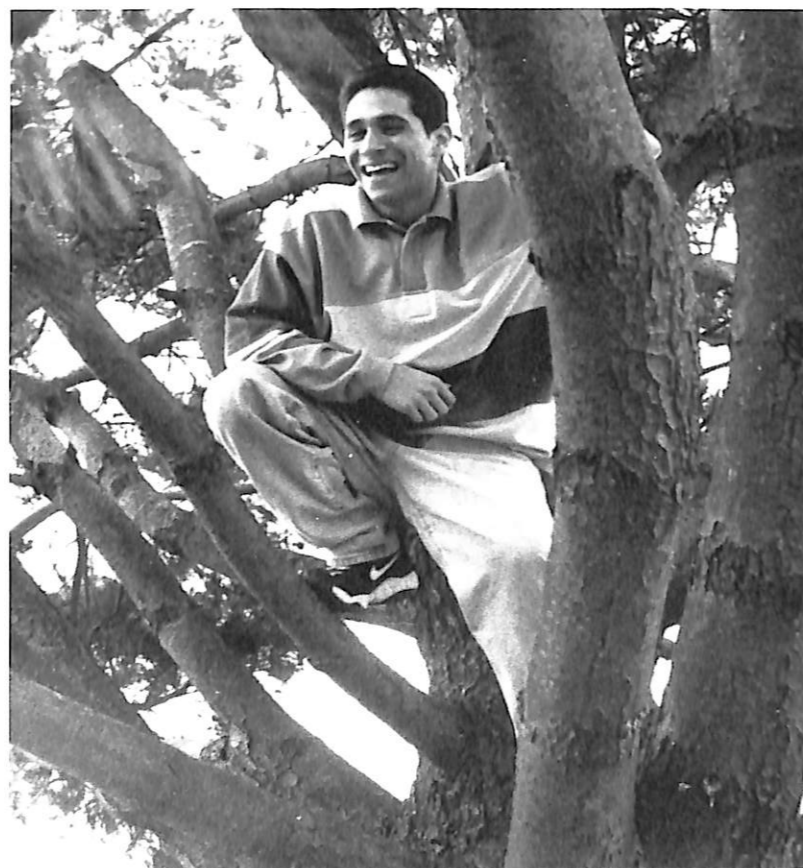

Mom and Dad, thank you for everything you have done for me. I could not have done it without your love and support!

After graduation I plan to attend college to further my education.

Dennis Menjivar

I would like to thank my family for giving me love and support throughout my high school years. I would also like to thank Sherry, Miguel, and the rest of my good freinds for being there when I needed them! Last, but not least, I thank all my teachers for giving me a chance to learn and receive an education!

After high school, I plan to attend the United States Air Force Academy in Colorado Springs, Colorado.

Jaymee Holstein

A wise woman once told me, "You have to get through what you do, to get to who you are!" I would like to thank my family, friends, and advesaries for providing me with that experience. I am the person I am today, because of you. Many thanks to my family for allowing me to grow on my own with their silent support.

Ms. Dowlen, thank you for being a teacher, a friend, and a confidant. You have taught me more than you could ever know.

After high school I would like to attend Harvard. I plan on getting a double-major in Psychology and English, and a minor in Criminology. I hope to go on to graduate school to get my Ph.D. as a Psychologist.

Thank you to everyone who has touched my life. I love you all.

Class of '97 Salutatorian

Matthew R. Considine

Credit must be given where credit is due, and that is why I'd like to start by thanking my producers (mom and dad), without whom any of this would have been possible. I'd also like to thank my co-staring brothers. Despite countless fist fights and arguments I still know I can depend on them. A big thanks to all my teachers (here and abroad) who have directed me in the right direction. I am also grateful to the Fort Campbell football coaching staff for giving me a chance to play. My fellow seniors, (Alvon J., Stephane C., and Mike B.), my only regret is that we didn't go farther than Edmonson Co.

Finally, a special thanks to Coach Rodgers. Your guidance and friendship has meant so much to me. I promise I'll be back to visit and maybe we can go out and bag us a buck.

Well, eighteen years in four different states and three different countries; the military has kept me moving. It is the only thing I know, so why fight it? After graduation, I'll be attending West Point. And hopefully, carrying on my dream of carrying a football!

'97 Class Valedictorian

Jared Moore

First of all, I would like to give thanks to God. He has greatly blessed and enriched my life, in so many ways. Next, I would like to thank my parents for all their support, motivation, and unconditional love. I would like to thank my older brother, Jason, for always looking out for me, and for all the free Blizzards at DQ. My younger brother, Joshua, thank you for putting up with all my teasing and playing with me when no one else would.

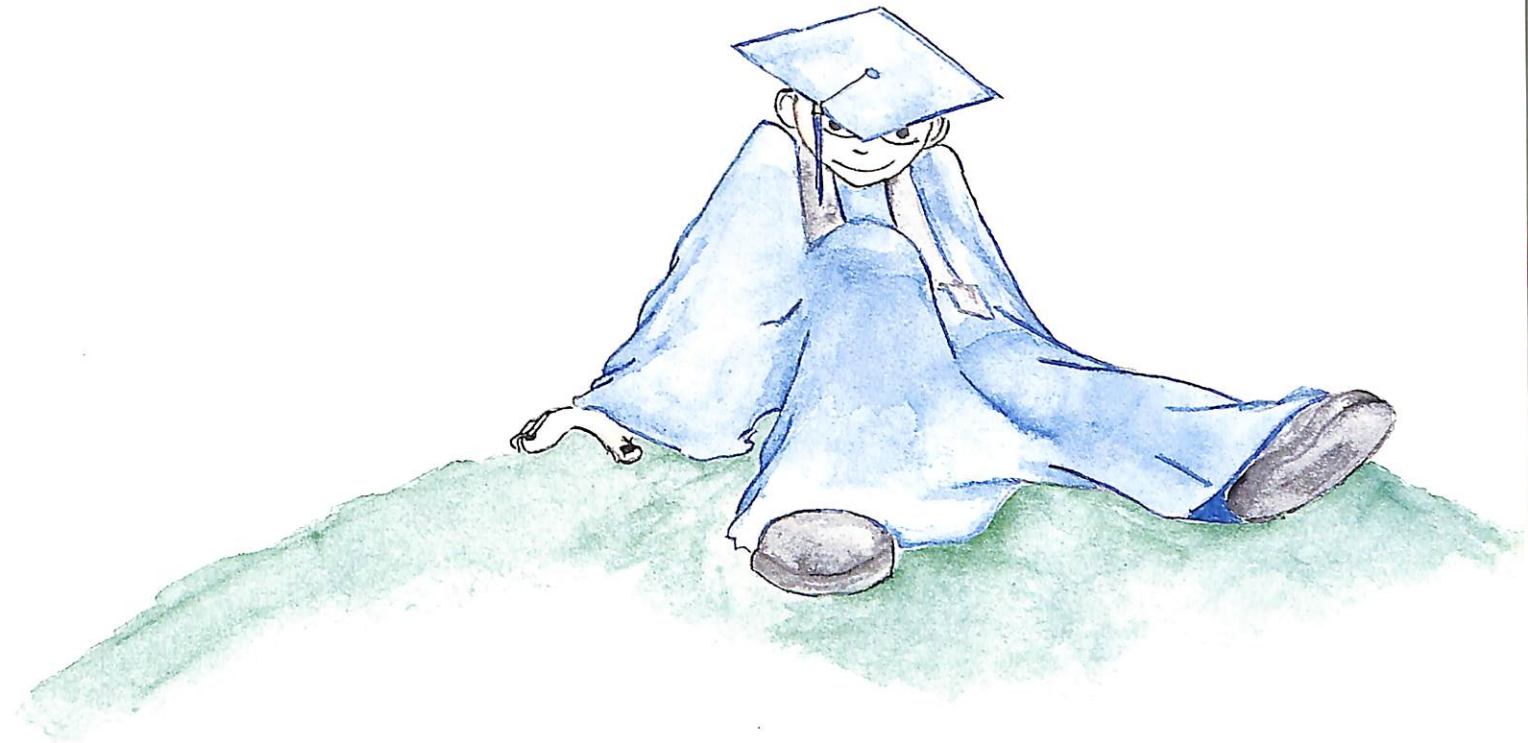

I love you Mom, Dad, Jason, and Josh.

Finally, I would like to thank my teachers for all their hard work, effort, and dedication, which has brightened all of our lives.

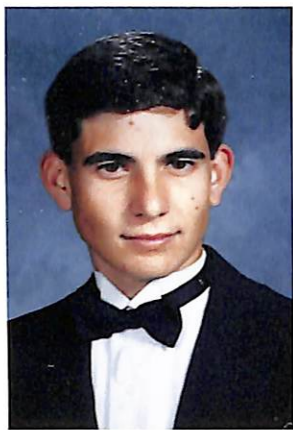

I hope to attend Milwaukee School of Engineering in the fall, and major in Mechanical Engineering.

"There is nothing in all creation that will ever be able to separate us from the love of God, which is ours through Christ Jesus our Lord."

The 1996-1997 Senior class officers had a very productive year. This year, the Senior class officers arranged an exciting Senior trip, instead of the traditional trip to Opryland. They also collected and organized all the information needed to have a successful class reunion. The Senior class officers' hard work made the class of '97 the best class to walk the halls of Fort Campbell High School.

FCHS's Cutest Couples

Everyday people come in and out of our lives, but the one person who is always there for us, is the one we love the most. Our *highschoolsweethearts*! That is the one person we share our sorrows, struggles, secrets, and our *SMOOCHES* with! And even though we might not last forever, the memories of our first loves will always remain entrenched in our hearts.

How does it feel to be a Junior at FCHS?

Kristeen Ronsairo:

"It feels great! I'm finally an upper classman, but I'm already starting to feel the pressures of college."

Jason Holgate:

"It feels pretty good. I have a lot more responsibilities and privileges this school year."

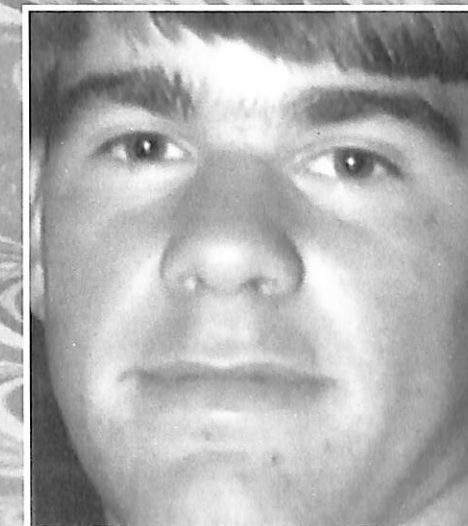

Nadia Benavides:

"It's very, very groovy, because I only have one more year left!"

Suhale Sanabria:

"It's alright I guess. It's not what I expected, but life goes on right or wrong?"

Brian Schultz:

"It's cool because you only have one more year of school. Plus, I'm an *upperclassman*!"

Latisha Lee:

"It's exciting, because I only have one year till graduation!"

JAMMING WITH THE CLASS OF 1998!

Being a Junior at FCHS can be stressful and challenging yet, through it all we've made the best of friends and shared a lot of wonderful memories.

And although this year has been 'the bomb', we enthusiastically await for our Senior year to come, so that we'll finally be able to graduate!

FRESHMAN CLASS OFFICER

Once again we had a class where only one candidate ran for office this year, and that person was **Debbie Marlin**. Debbie has proven to us, that although she may be alone, she is still able to get the job done. And here are her thoughts on taking on the responsibilities of being president, vice president, secretary, and treasurer:

"This has been a *great* year! I thank God for the opportunities that he's given me to be a leader. Sometimes it's been stressful, but everything always works out. I look forward to another great year!"

The Big Blue In Action....

The Fort Campbell Falcon Football team had a **"boomdigi"** season! Through their wins and their losses, they were still able to maintain the Falcon Spirit. They showed considerable team effort which enabled them to progress to the Kentucky State Playoffs. Even though they did not come out on top, they still remain number one in our eyes.

Dennis Menjivar

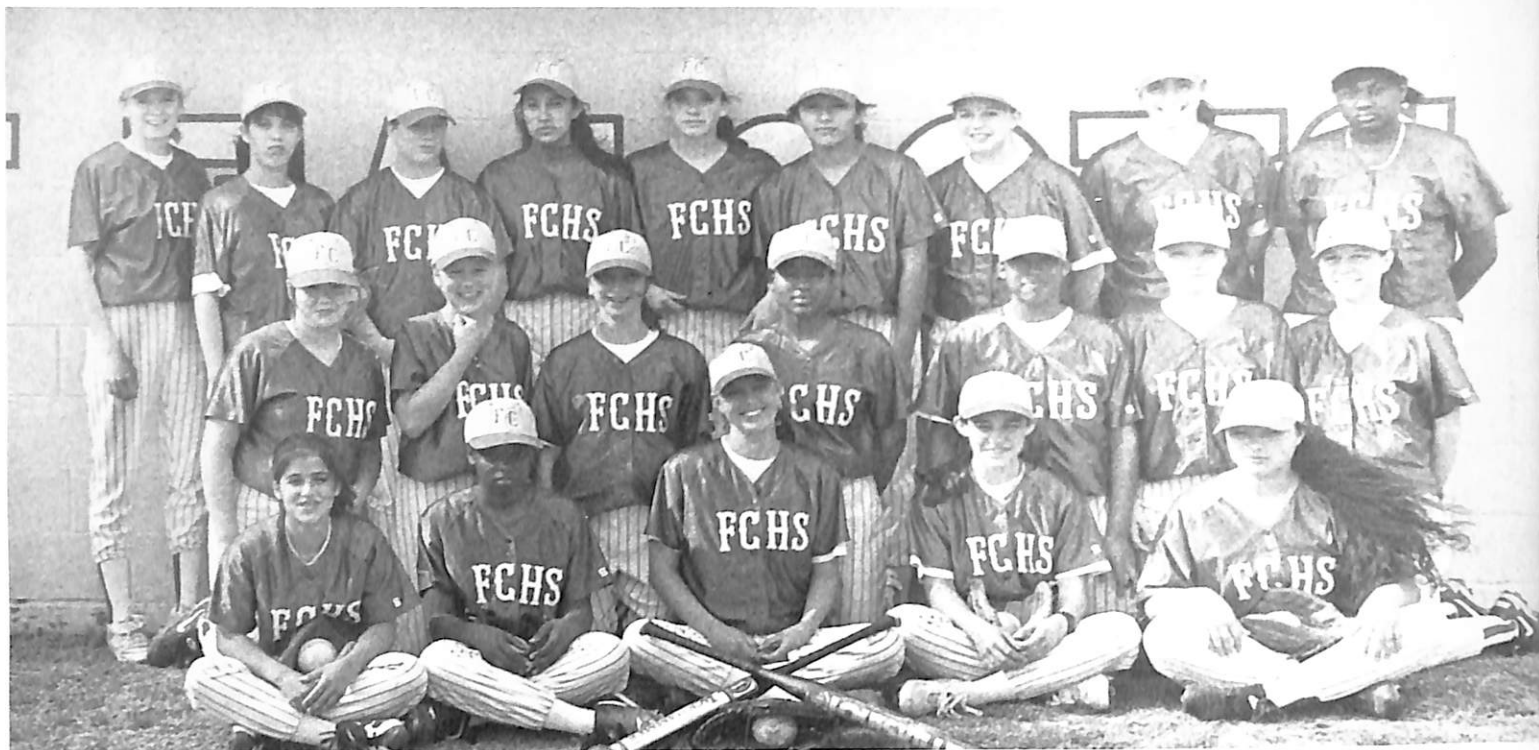

"There was no real superstar on our team this year; we all kind of gelled together as a team. This was due in part to there being more team based tournaments this year."

Jared Moore

"It's been fun wrestling this year. Despite a few injuries, we were still able to do pretty good. I look forward to next year's season."

The FCHS Softball team this year had a season of 5-9. Both JV and Varsity teams worked very hard at obtaining goals by practicing extensively after school and even on some Saturdays. Softball is a mental sport and the minute you lose your focus is the minute an error can happen. As a team, you can meet goals, expectations and learn to work with others. Like someone

said "A team that plays together, wins together." Not only do you learn good sportsmanship, but you have a chance to meet friends that can last a lifetime or at least have many memories (catching your first popfly, those long bus rides, the away games, and of course, that great farmers tan!) Hopefully next year everyone will see you out on the playing fields, or at least being a supportive fan, cheering as a familiar face slides into home.

Joel's throwing a fast one!

This years 96' Falcon baseball team has been put on many delays because of the weather. All of the members still had fun considering mother natures supprises. The district games will determine overall how their season will turn out. Senior Joel Brown said that at districts the pitching wasn't all that good but the hitting was awesome. He also wanted to stress that they went farther than everyone thought they would and they'll keep going. The yearbook staff would like to Congratulated all members of the Falcon baseball team for a memorable season. Good Luck!

Let the games begin!

The Making of The Falcon Voice

The 96-97 Falcon Voice newspaper staff worked hard to cover the news and features affecting students. The staff was also responsible for the articles appearing in the Leaf Chronicle and the Fort Campbell Courier. IF FCHS WAS A ZOO...

We asked FCHS seniors if they could be any animal what they would be, and here's what they came up with...

Miguel Martinez would be a falcon so he could fly high and bring pride to his school.

Bryan Kirby said he enjoys the architectural beauty of a fire hydrant - that's why he would be a dog.

Giraffes are tall, like Nicole Schnibben. "I want to be taller than I already am," she said.

Bears are fierce...yet can be cute and cuddly, just like Dennis Menjivar.

Jen Thorpe felt as though she could relate to the size of a mongoose's brain.

Kanika Calvin is sneaky and sly, just like her friend the cat.

The **Black History Academic Team** is composed of students who desire to learn about **Black History** and use that information in a competitive manner. Membership is open to the entire student body regardless of race, creed, religious preference, or academic achievement. In their quest for information, they study competition manuals, practice two days a week and attend a **Black History** class every Wednesday after school. Field trips to **Murray State's Black History Scholar's Bowl** and the **Civil Rights Museum** in Memphis contributed to their learning experiences. The team will represent FCHS in two academic bowls this year.

DYING BREED

In the midst of a world of chaos and politics, there remains an underground culture of oddities and boundless ingenuity. Although residing in the spotlight of modern day trends and hype, the validity of skateboarders has begun to decrease.

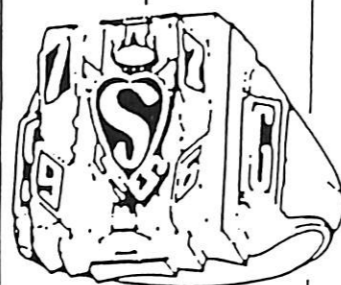

To the outsider, what is seen is what exists; however, to the insider, the true depths of desire and motivation are easily picked out, processed, and chosen as genuine or fickle. Skateboarding has become less of a pastime and more of a "nouveau culture." It is a race of people with no limitations of color or nationality, or segregation due to religious persecutions, but with emphasis on the individual and his/her personality. Almost idyllic.

As an antagonist to the whole genre of skateboarding, society has taken a clear role in the isolation and devastation of skateboarding. Within each of us lies a great beauty and unique understanding of life, and when society takes the time to look further into our convictions, and discovers how strong we are, we will receive what is coming to us: support, acceptance, and recognition.

Until then, we remain the few, the strong...we will persevere.

Your class ring A GREAT FEELING

Pride is the catalyst for human achievement...the mover of minds, of muscles and most of all hearts. Your class ring is more than a mere piece of jewelry. A class ring shows Pride.

Your class ring identifies you with your school and your class for all to see. It carries with it much sentimental value and will help you preserve special memories forever.

HOW THE YEAR SPEEDS BY

THE ROAD NOT TAKEN

*Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;*

*Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,*

*And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.*

*I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I-
I took the one less traveled by,
And that has made all the difference.*

Robert Frost
