WE are the first class of the New Millennium! Now that our place in history has been secured, it's time to begin! The yearbook staff decided that the best way to depict life here at Fort Campbell was from the students' point of view (hence the name, Bird's Eye View).

The most observable challenge that the student body has had to deal with this year has been the implementation of the uniform system. At first we were simply GREEN with envy of the other schools; it caused a severe case of the BLUES, because our school just seemed dull and GRAY by comparison. Our student body adapted well, however, taking everything in stride. We learned that creativity and individuality are not limited to the kind of clothing you wear. Having recuperated from the initial shock of wearing khakis almost everyday, we learned that we can still be unique and express that uniqueness through other mediums besides dress. Accessorizing has become the fad, along with an increase in after school extracurricular activities, which have helped students to express themselves.

School Organizations have had a huge impact on our senior year. The music department's bands and choirs have continued to challenge their students to push their musical ability to the next level. Their hard work shone through in these groups' superb performances. Other creative groups such as the Drama and Art Clubs also had an outstanding 2000-2001. The Drama club performed "The Foreigner," "In White America" and "A Mid-Summer's Night Dream." The Art Club continued to develop their talents also. The foreign language clubs and classes all did very well at their various festival competitions. Community service organizations such as 4-H and Key Club made many contributions to the community around us. Student council planned and followed through on many school oriented projects such as the cook book, flower beds, talent show and dances. The honor societies participated in community projects and encouraged students to excel.

The epidemic of injuries that plagued this past school year should have labeled us the "Cast" of 2001! But amidst these challenges, our Athletic teams had awesome seasons! The 2000 Boys' Track Team won STATE and the Girls took Regionals! Fort Campbell's Volleyball team definitely started off right; winning Districts isn't something every first year team does! Soccer was amazing this year as always. The Lady Falcons not only won Districts, but Regionals as well! The guys also made it all the way to Regionals. Our Cross Country Team even participated in the STATE competition! The wrestling team even went to STATE.

School events took on special significance this past year. The 2000 prom was truly "Unforgettable," and worth all the hard work that so many people put into it. Homecoming week was memorable as well, ushering in a myriad of wacky-tacky outfits, famous "pairs" and Hawaiian shirts. The bonfire, game, and dance were all full of fun too. Fort Campbell also held a Powder Puff football game that ended up a little bit messy! The blue team won 28-6, but the silver team and all the cheerleaders played their hardest as well, and made the game fun for all. The Pep-rallies and home games were excellent!

This year has also treated us to several amusing memories. Who could ever forget Mr. Counts taking down an "anonymous trouble-maker" during lunch, the Senior Skip Day that never was, the plague that swept over our school in early January, or the first Fort Campbell "Snow Day" (in how long)?

Outside the halls of Fort Campbell, our world and nation have experienced many challenging issues as well. The 2000 election is one that will go down in history books. There is now new meaning to the phrase "every vote counts," since the election was decided by such a small margin of votes. Political revisions and pop culture marriages ruled the airwaves. The Holy Wars in Israel raged on, celebrities filed a record number of divorces and terrorist attacks began to resurface at full strength. Commercial copyrights and "free" music became a controversy too, with the Napster trials. Natural disasters tormented the globe. Americans were credited with the scientific breakthrough of mapping the human genome.

Looking back years from now, we will remember more than the fact that we were the "authentic millennium class." We will remember all of the different experiences and issues that this year presented us and how we rose above them and made the best of this year. Good Luck SENIOR C/O 2001! *Second to None*

DEDICATION

Martha Allensworth

"Ms. Allensworth is great because she is so willing to give a helping hand."
-Ashley Warren

"Deadlines...Deadlines!!"
-Anonymous

"She's always ready and willing to lend a helping hand and 'push' us along the right path."
-Anna Rice

"She has a lot of patience while helping me figure out what to do for my future over and over again."
-Dianne Gallagher

Every year the yearbook staff dedicates the yearbook to a faculty member. This person is chosen because of his/her tremendous support of the student body and his/her impact on the students' studies and future lives. For the 2001 yearbook, the staff has proudly selected a most deserving recipient, Ms. Martha Allensworth.

Ms. Allensworth is a graduate of Austin Peay State University, where she earned her B.S. and Master Degrees. She received her Rank 1 from Western Kentucky University in Guidance and Counseling. She has served the Fort Campbell School District for 23 years and is currently the guidance coordinator for the Terra Nova, maintains senior records, offers advice and information on colleges and scholarships, organizes college night, and works with seniors and freshmen on their schedules.

Not only does Ms. Allensworth do an amazing job in the guidance office, she is also involved in a number of other after-school activities. Ms. Allensworth has organized "Project Prom" and other after-Prom activities for the last 11 years. She is a sponsor for National Honor Society. Additionally, Ms. Allensworth has been the staff member keeping the PTO alive. The faculty and staff know her as the social activivties coordinator. She really knows how to throw a party.

We are very glad to have Ms. Allensworth as a member of the FCHS family. The countless hours she has devoted to our student body, whether in or out of the guidance office are greatly appreciated by all. Thanks for everything Ms. Allensworth!

"Ms. A. has always helped me organize my classes and my priorities." -Jill Lepper

"She goes out of her way to prepare the seniors for their future. I appreciate that." -Sara Schoenbeck

TOP TEN

Number One/Valedictorian:
Anna Rice

"It was the best of times; it was the worst of times...."

I thank God for helping me through all of it. You know, one really doesn't realize how many people work hard to help her/him get where she/he wants and needs to be... Until one attempts to thank all of them in a limited amount of space. I am grateful to and thankful for so many people in my life that no matter how hard I try, I could never thank everyone... But I can try.

My parents, my models for life— I know I've had my faults as a daughter, but you've helped me overcome and move beyond them. I love you and cherish your patience, support, and understanding. I couldn't have asked for better guides through life.

My brother and sisters-- Alex, Amanda, Nora-- I am honored to be claimed three such wonderful people. You three mean so much to me, and I have enjoyed (nearly) every minute of the memories we've made.

MomFuchs, Dr. Peavie, Ms. Allensworth, Mrs. Biter, Coach Lange, Frau Loucks, Ms. Robinson, Jack English (in no particular order)— there's nothing to say but you are all wonderful. Thank you for being there when the chips were down and the deadline was tomorrow.

Andrew Wm, my cowboy, thank you for pushing me when you knew I needed it, for having confidence in me, and for the three-hour Hamlet sessions... God has plans for you. Just give him time to reveal them. And in the meantime, patience is a virtue. :)

My supreme confidante, Dusty, I don't know what I'd do without you to cheer me up. Du bist ja mein eigene Staubig, und ob ich verruckt oder nicht bin, eine von meinen besten Freunden.

All of my friends, teachers, and classmates: thank you for keeping things interesting and helping me fully realize who I am.

"The way was long, and it was rough.
We wanted to stop when it got too tough.
But good people were there to keep us on track;
'C'mon, keep going, no looking back!"
They helped us up when we happened to fall...
All I can say is thank you and God bless you all." -A.E.R.

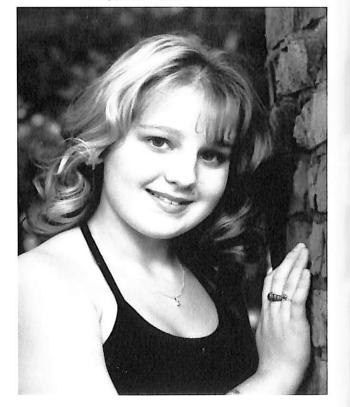

"Up to a point a man's life is shaped by environment, heredity, and movements and changes in the world about him. Then there comes a time when it lies within his grasp to shape the clay of his life into the sort of thing he wishes to be. Only the weak blame parents, their race, their times, lack of good fortune, or the quirks of fate. Everyone has it within his power to say, 'This I am today; that I will be tomorrow.' "-Louis L'Amour

I would say high school has been the time when I have had the opportunity to shape my life. I like to think I have done a good job. I made the grades, learned the lessons, and challenged myself. I have also made memories with sports, clubs, parties, and friends along the way. These things have influenced my life greatly, especially the people. Because of them, I have seen who I want to be in life, and with their help, I intend to become it.

Mom and Dad, thanks for everything you've done for me these past eighteen years. You've been there, loved me, cared for me, and helped me strive to be better in life. I love you. Nathan and Kevin: my brothers! I love you both dearly, though sometimes it may not seem like it. Be who you want to be, not who someone else wants you to be. Sheila, thanks for believing. Dianne, where do I begin and where do I end? Our friendship has been an adventure since the beginning, and I've cherished every minute of it. Girl, you have opened my eyes to let me see how much fun life can be and to truly enjoy it. From the very bottom of my heart, thank you and Ich liebe dich! Frau, Jack, Mrs. Hatcher, Ms. Ladd, thanks for all the lessons and advice, I'll cherish it forever. Mrs. Gallagher and Mrs. Campbell, my second mothers, I love you always! To all of my other friends, I will never forget you!

Though my high school days are over, my life continues on. As each new day brings happiness & sadness, misery & gladness, I find my control. My normalcy in life: I call in the morning...

Number Three: Sarah Smith

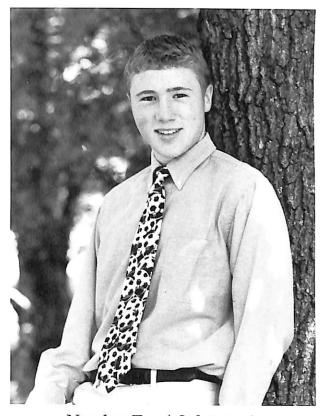

SENIORS

Oooolllaaaahhlaa... High school is over! A Calvin and Hobbes comic comes to mind when I think about school:

"Why in the world an I waiting in the pouring rain for the school bus to take me somewhere I don't want to go???"

"I go to school but I never learn what I want to know." Though I didn't always want to learn what I was being taught in my classes, I was able to survive boring classes (and the interesting ones too) because of many great people. I would like to thank my family. I am indeed grateful for all the encouragement and support you have given me. Thank you so much for being my sister and friend, Wendy. I love you. All of my friends have made school easy for me, thanks for all of the memories and laughs, I don't think I could have made it without you guys... and I don't think you guys could have made it without an occasional glance at my paper! Haha... just kidding. Thank you Adrian, Jonathan, Staz, Tim, Jennifer, Katie, Megan... and everyone else too. I am indebted to you all for making me the person I am now. Lastly, I would like to thank my teachers and coaches for expanding my mind and horizons. You have given me a great foundation of knowledge that I will cherish for years

Number Two/ Salutatorian: Brad Holland

Number Four: Mandy Botelho

First of all, I would like to give honor to Jesus who has helped me through this all! His guidance and wisdom have kept me on the right track. My parents have certainly been the driving force behind all of my "senior stuff"... scholarships, applications, you know! I love you! I'm just glad that by now everything's done! I would also like to thank my sister and brother. Charis, you have been a best friend and inspiration. You always have me laughing. Ben, you are so sweet! I know that you will always be there for me. Without a doubt, all of my friends have definitely helped me make it through this last year. AHHH!! We're seniors! It just surprises me when I think how we have all matured and grown together despite the transient environment we're in! Especially the Q.B.s, you all have been such a great support.

In the future, I plan to be in the medical field as a specialized surgeon. Good wishes to all the other students here at Fort Campbell High School! Aloha! Tchus! Adios! Au revoir! Arivederci! Bye!

Number Five: Lauren Worrell

Dear God,

I just want to thank You and praise You for the things You have done. You have kept me under Your watchful care since the day of my conception and haven't taken Your eyes off of me. You have paved the way for my life. You have given me an awesome family, who has loved, supported, disciplined, joked, cried, and been there through it all. You have supplied amazing friends and teachers, who have also had a tremendous impact on my life. I want to thank You for helping me through high school and through all the "issues" that I have encountered along the way. I can clearly see how You have worked in and through my life. Apart from You, I would truly be nothing. I pray that You would continue to work through my life and shape me into the person You want me to be, and also to continue being patient with me when I try to do things my way or resist what You want to do and change in my life. I hope that people have seen You when they have seen me, and if not, that they realize that You are infinitely more gracious, caring, loving and supportive than I could ever show You to be. Forgive me for any selfishness and anything I have done to let You down. I know that You have been and will continue to be with me till the end of time, leading, forgiving, gracing and loving me with Your presence. I pray that the people in this book and those who read this will also one day accept Your love and join me forever in Your awesome presence. I love You, Lord- thank You. Amen.

I would like to thank many people for their love and support through the past four years. First, I want to thank Jesus Christ for his love, mercy, and grace. Without Him, none of this would be possible. Next, I would like to thank my parents. My mom, who has made innumerable lunches and cartrips and dad who always had faith in me. Sarah, thanks for all the essays you have revised and all the advice you have given. Jill, thanks for being the best little sister. Thank you.

Jesus, I love you. Through all the times I have failed, been a disappointment, and been stubborn, you have always been right beside me with open arms ready to pick me up, hold me and tell me you love me. You are my life and to you I owe everything.

Mom, you have been so much more than a mother: friend, confidante, musician, counselor, and comforter to me- you have given me a constant song in my heart, a smile on my lips, an encouraging word to share, and an energy and passion for which I am eternally grateful. I want to be like you in so many ways; I love you.

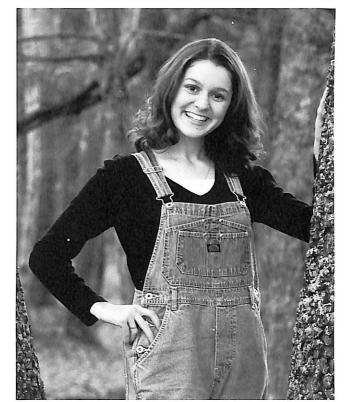

Dad, I've missed you so much. I am so thankful for your undying confidence in me, your compassionate love for me, and your godly wisdom and advice to me. I have never known a stronger and more dedicated man- you are the pride of my life and I love you.

Nikole and Josh, I couldn't have dreamed of a better sister and brother. You have each given me reason to laugh, cry, scream, envy, and boast- you are both so precious to me and I love you.

Matthew Brett, my Godsend, you are the best friend I have ever been blessed to have and I honor and revere you more than any other earthly friend. I see Jesus when I look at you, but I know you're worthless, just like me. Thank you.

My teachers, friends, and peers, I pray that I have been a reflection of Christ to you and I ask your forgiveness if I have not. Thank you for the life and academic lessons that have enriched my soul through your teaching. Mrs. Biter and Mr. Killebrew, you have been priceless treasures to me.

Grace be with you always. "You only have one life, 'twill soon be past. Only what's done for Christ will last. When I am dying how glad I shall be that the lamp of my life did burn out for thee." - Source unknown

Number Six: Rachael Bozeman

Number Eight: Jillian Lepper

As my last year of high school comes to a close, I realize that I have never been so happy to branch out and move on to bigger and better things. But first I would like to thank my wonderful, encouraging parents. They are the ones who have taught me to recognize what is important and to keep my priorities straight. I love you guys. Thank you to my grandparents for their love and support. I would like to thank my little brother, Jack, for being the target of all my jokes and teaching me patience. The people who also deserve a lot of thanks for my accomplishments are my teachers and coaches (a special thanks to Senora Carver) for believing in me enough to push me to do my very best. And finally, I would like to thank all of my friends and fellow classmates. You have made my high school experience bearable, and I have learned something from every one of you.

As for my future plans, this fall I plan to attend Murray State University and major in Business Administration.

Number Nine: Katie Oates

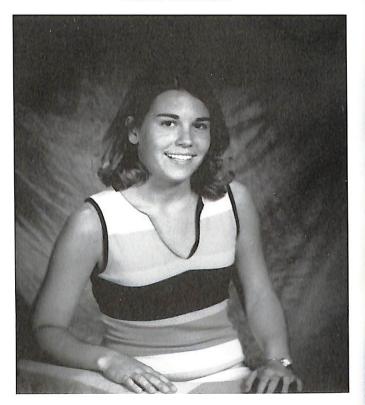

"The future belongs to those who believe in the beauty of their dreams."
-Eleanor Roosevelt

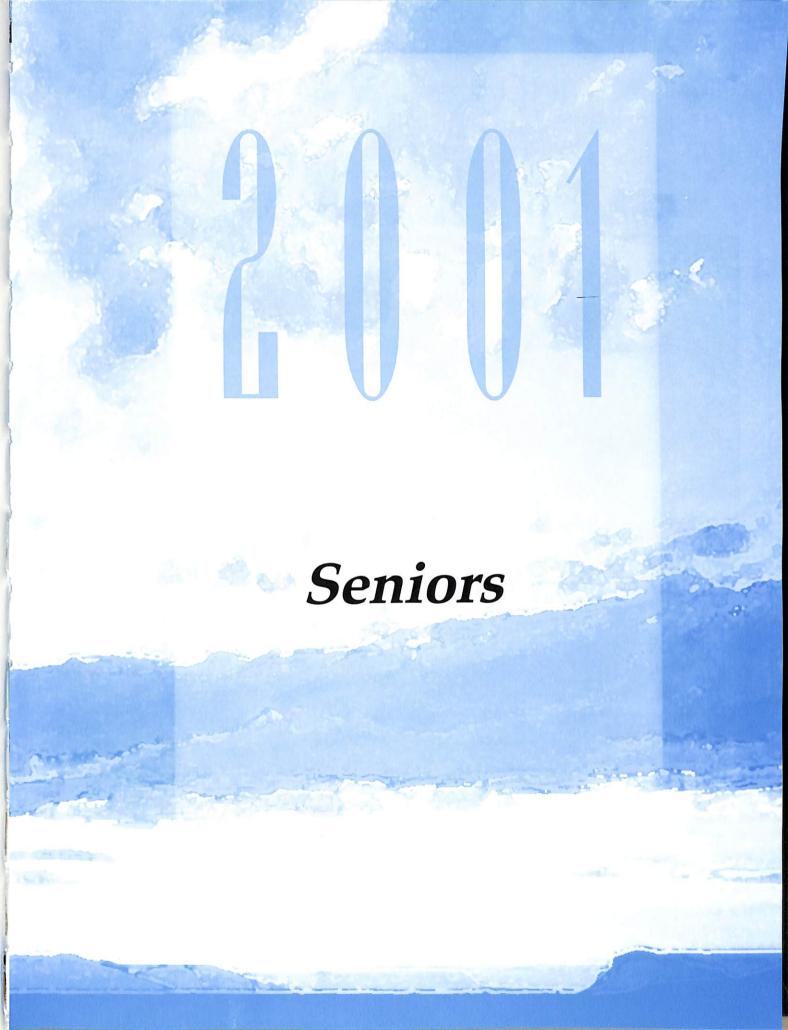

What a wonderful country we live in where we, as children, can have dreams to become a painter, doctor, professionial soccer player or even president of the United States, and even more spectacular, we can fulfill them. As young adults in a society that takes for granted the meaning of "freedom," we should give thanks for the awesome blessings God has bestowed upon us. We are blessed with loving families, caring teachers, encouraging coaches and the wonder of living in a nation that is founded upon principles such as life, liberty and the pursuit of happiness; the ability to pursue our dreams. Yet it is truly up to us, as the leaders of tomorrow, to grasp hold of the opportunities we have and let our imaginations run away with us in the direction of those dreams. The greatest advice I can leave you is best said in the words of someone I look up to very much: Duke basketball player Steve Wojciechowski. "Live every day like it's your last. Don't ever go through life having any regrets. Work hard and strive to reach your goals, to live your dreams. In doing so, you will have so many fulfilling things happen to you that you will wake up every day with a smile on your face."

First, I'd like to thank God for getting me where I am today. Mother Graham and Big Dave, I couldn't have made it through the past three years without you. Thanks for always pushing me to do well in school and to never give up. Michael, calm down with those "leg-lifts!" Ashley, take care of our family while I'm gone. Make sure Reba stays out of the CD player! Josephine, keep working that indoor visor! Kaylee, don't change our room too much when I'm gone! I love you booger-butt! Ann, there are no words to describe what a great friend you've been to me. I love you to death and I'll never forget the great times we've had... good or bad! Jon (giraffe-boy), I know our friendship's had lots of "ins and outs" since serving drinks together almost five years ago, but I've always been able to count on you when I needed someone mostthanks! Julian, hey Mexican! I'll never forget all our "unnecessary" talks in English and lunch. Keep up the good work in track! Last, but not least... Timmy, (a.k.a. Stinky, Cavalry) I sure am gonna miss you after this summer. Good luck with school and baseball. Thanks for all the memories, Ft. Campbell!

In the fall I plan on attending the University of Tennessee to major in Special Education.

The Senior Dedication page is a special page for the seniors who have had to attend Fort Campbell High School for their entire high school career. We've seen many a change at good of FCHS. Looking back at our freshman year it seemed like a dream world in comparison to the obstacles we've had to deal with our senior year.

It's not that we're ungrateful for our education, we're just envious of the people who have had the opportunity to experience a "different" kind of high school environment. We've seen people come and go, (and wished we could tag along) but the memories we'll keep forever. With the new changes each year that we had to endure, we kept our cool and made each year special to us. We're ready for bigger and better things, and FCHS has been a guiding light in our path to success. Congratulations class of 2001!

Will the saga continue?

MAZING. That is the only word possible to describe our whirlwind season. Volleyball was most definitely a success-in more than one sense. For some of us, it was a chance to play a sport we loved once again. For others-including the coaches-it was the chance to learn a new sport. However, for EVERYONE, it was the opportunity to play for one awesome team that took it's District by storm. Playing two or three matches a week was nothing compared to the 11 games we played to come out of the "Loser's Bracket" and win our District Championship. Throughout the season, Fort Campbell proved to be an intimidating and powerful team that always gave our opponents a good, hard game. All in all, volleyball definitely proved ourselves worthy of the name Lady Falcons. First Year. First Team. First Place. Lady Falcons Volleyball.

"We set down at the beginning of the year and set three goals. One was to have fun. One was to get along together as a team and win a regional game." - Coach Mike Shultz

The 2000 Lady Falcon Seaser team picted up where they left off last year for the best record ever of 18-2. Martha Montiel was out most of the season, due to a knee injury, along with others. With a new goal keeper, sophomore Emily Suiter, the sight of winning districts and regionals became more and more cleaning theads high and overcoming several losses and clause in their 7th straight District 3 championship again by Falcon Soccer team has ever made it to the Region by this team had the will and skill to make it- and boy, and the straight District 3 championship again by Falcon Soccer team has ever made it to the Region by this team had the will and skill to make it- and boy, and the straight District 3 championship again by Falcon Soccer team has ever made it to the Region by this team had the will and skill to make it- and boy, and the straight District 3 championship again by Falcon Soccer team had been by a single indirect kick that put the final score at 1-0. The emotions ran high, but they knew in their hearts that they gave it all they had and were the most successful girls soccer team the sport has ever had. They rock!!!

Soccer... at most schools football seems to be the popular or cool thing to do, while at Fort Campbell it's a completely different story. Soccer is the dominant sport, and gosh darn we're pretty good at it!

They may not have followed in the same footsteps as last year, but the talent and the ability is still there. This year, the boys team lost a few valuable players; however, that doesn't seem to be hindering their performance thus far. Bill Boyd had to resign from his coaching position, and was replaced by Roc Cobb. With a final record of 12-7, the boys are ready for next year to get back their district and regional championships that they strived so hard for.

Country

Even with its small beginnings, the Cross Country team had an awesome season. The team grew from barely enough members to qualify for meets to a later total of 14 runners. Half of the team had never run Cross Country before. Such obstacles did not prevent the girls' team from going to and placing competively at State, or the guys' team from coming within 8 points of qualifying for the State competition. The guys' top two runners (Staz Dawson and Tony Perez) placed high enough individually at the Regional meet to compete at the State meet. The team's hard work at practice paid off. They ran an average of 3-6 miles a day or did speed work at the track. Coach Beckler always pushed the runners to do their best and was there to offer up encouragement and promote unity within the team. The team's positive attitude was on display at Regionals. The girls tied for 2nd place and ended up in 3rd, and the guys came in 5th missing 4th by only 8 points. Many runners set personal records this year and truly gave it their all. Jason Gosz and Caress Baltimore both received the 110% award for the team because of their extraordinary effort at practice and meets to take their running to the next highest level. This kind of dedication and commitment continued to shine through at State where Staz Dawson and Rebecca Shultz placed 6th and 13th out of approximately 250 runners respectively. Tony Perez also distinguished himself placing in the top third. Staz Dawson and Rebecca Shultz were selected as the team's MVPs because of their work ethic and consistent top ranking performances, as well as their determination to always succeed. The team as a whole overcame many injuries and fulfilled their Coach's motto, "Pride lasts longer than pain". Overall, the team had a well rounded and excellent season.

The 2000 Baseball Team did not have as much success as they had in the past. Due to injuries and other conflicts, some of the major members of the team couldn't play. Although the team felt the absence of Coach Boyd, Coach Story filled his shoes well. He coached and stayed with the team regardless of their record. It has been a rebuilding year, and hopefully there will be a better outcome next year.

2000 GIRLS TENNIS

I gotta hit it!

The yearbook staff asked the 2000 girls team a couple of questions...

"What does being a part of a team mean for you?"

"No matter what happens, there will always be people there to support you."
-Mandy Bothelo

"Being on a team is a good place to get to know people." -Kelli Kim

"We all support each other, and I'm always here for them."

-Jennifer Auld

How Lovely!

Hit what???

This years tennis team has come about a little different than normal. For one, this year they didn't have a boys' team; however, the girls have been doing just fine without the boys. They have not lost a single game their entire season, and they were successfull at regionals. As their saying goes..." There's no crying in tennis."

Returning Letterman

The Girl's Track team participated in over 12 track meets to prepare themselves for the 2000 Regional Meet, which was held right here at Fryar Stadium. Even though the team was coached by new coaches, they still managed to work hard and come together to participate in the State Meet in Lexington, KY. The Lady Falcons did very well in the state meet, placing 7th overall. In fact, none of the competitors from the Ft.Campbell team came home without a medal. The team is still very young, only losing one senior after this year (Denise Burnam). They have very high hopes for the upcoming year. Good Luck, Ladies!

Away from the cheers and rumble of the crowd, Ft. Campbell athletes toiled alone on the track fighting mental as well as physical opponents, competing in less recognized but by no means less important sports of their own. Track is one of these sports which requires a competitor to compete individually and without many fans to cheer them on.

The boy's track team has excelled again this year by placing in invitationals as well as other competitions. As the seasons wears on their skills seem to improve, leaving tracks for an even better team next year.

These are the true athletes for they know that the extent of their team's success depends on their performance which helps decide the outcome of the contest. Although, these athletes don't receive the attention that is accredited to a team sport participant, this doesn't prevent them from working on and trying to prefect their skills

The 2000 Lady Falcon Softball Team has proven its strength and ability to surpass last year's record. With many returning players and some new faces, the Lady Falcons came out of the season with several wins. Christine Delgado explains her thoughts on the overall season: "It was a really fun season and I'm gonna miss everybody who is leaving. Hopefully next year we'll have a fun group like we did this year." The team is going into districts with confidence and with hope that it will succeed. Even if they do not, the Lady Falcons had a competitive season and everyone should watch out for them in the future!

I am crucified with Christ: nevertheless I live; yet not I, but Christ liveth in me: and the life which I now live in the flesh I live by the faith of the Son of God, who loved me, and gave himself for me.

Galatians 2:20

Don't let anyone look down on you because you are young, but set an example for the believers in speech, in life, in love, in faith, and in purity.

1 Timothy 4:12

For I am convinced that neither death nor life, neither angels nor demons, neither the present nor the future, nor any powers, neither height nor depth, nor anything else in all creation will be able to separate us from the love of God that is in Christ Jesus our Lord.

First Priority is a club organized for the students, by the students. Our purpose is to unite fellow believers and extend an invitation to the undecided. First Priority aims to establish that God should be first priority in every teen's life.

But seek ye first the kingdom of God, and his rightousness; and all these things shall be added unto you. - - Matthew 6:33

Key Club is a service organization for high school students. It blends service with outstanding leadership training. The projects and activities undertaken by your Key Club provide learning experiences outside of the classroom and encourages students to become involved in their school and activities. Along with serving the community, Key Club provides many services to the school. Key Club is sponsored internationally by Kiwanis International, a community service organization for adults. Key Clubbers and Kiwanis members often enjoy close fellowship while cooperating on projects that benefit their communities as well as themselves.

The French Club also includes the Russian students. This is a wonderful way for students to enhance their language study - by enjoying social activities, which accentuate the foreign language and culture. Examples of such activities are film nights highlighting foreign films and serving ethnic snacks, a Halloween party at which students must dress in costumes depicting their language, Christmas custom activities and Mardi Gras. Fundraisers involve culturally oriental activities.

Students truly enjoy this opportunity to have fun in an academic setting. All students interested in French or Russian culture are welcome to join.

Council

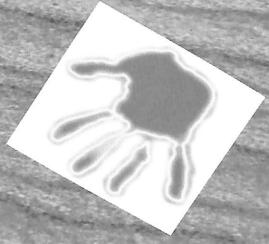

Student Council is a dedicated group who strive to make Fort Campbell High School a better place. The 2000- 2001 year has been a little different than previous years, mainly because there are not designated representatives per advisory. In years past the advisors had trouble getting people to commit to Student Council after the fun activities of homecoming were finished.

Homecoming was a financial success, this year, as was the canned food drive. Slated activities for the remainder of the year is the "Adopt a Flowerbed" activity, the annual talent show in March, and Teacher Appreciation week in May.

Through their efforts and positive outlook the student council has made FCHS a better place for us all.

The National Honor Society consists of eligible juniors and seniors with second semester sophmores inducted in the spring. The object of NHS is to create an enthusiasm for scholarship, to stimulate a desire to render sevice, to promote worthy leadership and to encourage the development of character in its members. Membership in the National Honor Society is both an honor and a responsibility. Students selected for membership are expected to conintue to demonstrate the qualities of scholarship, service, leadership, and character. Service projects are conducted throughout the year. Participation in these service projects is a requirement of the orginization. A fund-rasier is also held during the year. The chapter meets the first Thursday of each month. The official colors of NHS are blue and gold. The motto is Noblesse Oblige, the French phrase meaning "nobility obligates."

I would like to say goodbye to everyone. First of all, I would like to leave the freshmen: Mr, Therell. Keep being bad because you know he would be bored all day if he couldn't give out those detentions every minute. To Keniffa, Janea, & Mellissa, I would like to say I had fun racing to Piano class our sophomore year and running over teachers on our way there. To Brandy Brooks-I enjoyed walking down the hallway grabbing boys' butts & acting like somebody else did it. To Tiffany Briggs-I leave all of my books so you can throw them at Shawn when he gets out of line. Out of all the teachers the hall be the property of This programment of the programm

Your class ring A GREAT FEELING

Pride is the catalyst for human achievement...the mover of minds, of muscles and most of all hearts. Your class ring is more than a mere piece of jewelry. A class ring shows Pride.

Your class ring identifies you with your school and your class for all to see. It carries with it much sentimental value and will help you preserve special memories forever.

Quintin, we are so proud of all of your achievements. Love, your Aunts, Uncles & Cousins. God bless you.

Chelsea:

Your basic education is now complete. Many of life's lessons are at a new beginning for you. Embrace all of your hopes, your dreams, and expectations; never give up on any of them.

With these, you will always succeed. Congratulations on your graduation, and remember we will always be there for you.

Love,

Mom & Dad

Katie

Where have the years gone? Even from the time you were a child on a rocking horse you had focus and a direction and that has continued all through high school. Not a day has gone by that you haven't made us proud. Your entire family wants you to know we will be cheering you on in college and all your endeavors.....Remember to whom much has been given, much will be expected in return.

WAY TO GO KATYBUG! We love you! Mom, Dad, Elizabeth and Margaret

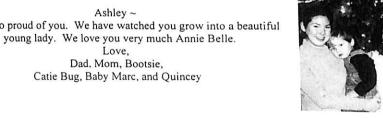

Ashley ~ We are so proud of you. We have watched you grow into a beautiful young lady. We love you very much Annie Belle. Love, Dad, Mom, Bootsie,

Dianne,

We watched you grow from sweet little girl to a beautiful young lady. Best of luck as you continue to achieve greatness!!!

Daddy, Mama, Susan & William

We're so proud of you. Let these things be your guide through life: Honor. Integrity. Loyalty. Respect.

We love you, Mom, Dad, Robert, and David

Kelly, Congratulations!!! We are so very proud of you. May Every Dream in Your Heart Come True. Love, Mom, Dad and Ashley
