FCHS Introduction

"Beep...beep...beep," sounds the alarm. I wake up ready for the first day of a new school year, August 7, 2002. As I walk through the doors of FCHS and into the crowded halls, I notice the nervous look in the eyes of the new and lost freshmen. Their next four years would be ones filled with many memories, some good and others bad. With the one year experience of knowing what it's like to be a "high schooler", the cocky sophomores are already harassing the freshmen and it's only 7:29 a.m. The juniors are happy they finally don't have to kneel down to the upperclassmen...or to reach their lockers. The seniors, class of 2003, are excited and anxious to get through their final year of high school, to walk across the stage, and to hold their diploma in their hand.

Like our school colors, Blue and Grey, which symbolize the North and South coming together, the students of Fort Campbell High were more united than ever before. 2002-2003 was a year of revived school spirit. The student body found themselves cheering on a long-awaited victorious football team. As the month of October rolled in, the students at FCHS were becoming more and more excited for Homecoming. Although the rain and wind soaked the field as well as the crazy fans, the football team put up a strong fight from their football-bleeding hearts. The majority of the fans stayed through the disappointing 1-point loss against Caldwell County in double overtime. Much hard work and dedication resulted in a successful football season with a winning record of 6-5 and an advancement to the state playoffs. Under a new coaching staff, the volleyball team played a terrific season and performed with much aggression and a positive outlook into the district tournament. Because of a loss of many returning players, 2002 was a rebuilding year for both soccer teams. Once again, the cross country teams ran full-force all the way to the state championship. The girls placed 4th and two boys ran as well. While the athletic teams practiced and competed, the drama club held auditions for the fall production of "Here Lies Jeremy Troy". The comedy was so funny that the audience often found themselves shedding tears of laughter.

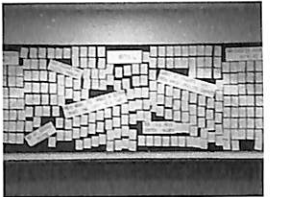

It's Not The End...Just A New Beginning

The students and faculty of FCHS has done a great job with-holding the reputation of a Blue Ribbon school. Despite the voiced dislike of the strict dress code, the students are finally starting to get used to opening their closets full of white, navy, and hunter green polos.

The first semester came to a close, along with the warm weather. To the delight of everyone, including teachers, Fort Campbell was hit hard with many inches of snow. Never before had FCHS experienced as many snow days off from school as 2002-2003. Before long, basketball season was underway. Both the girls and boys basketball teams put their best foot forward this year. However, due to of a lack of experience, the basketball teams had a difficult season but are expected to do many great things in the years to come. As always, Fort Campbell Wrestling put on a great showing on the blue mats while taking on schools from all across the state of Kentucky and some parts of Tennessee. This was the first year the team, as a whole, qualified for the state duals.

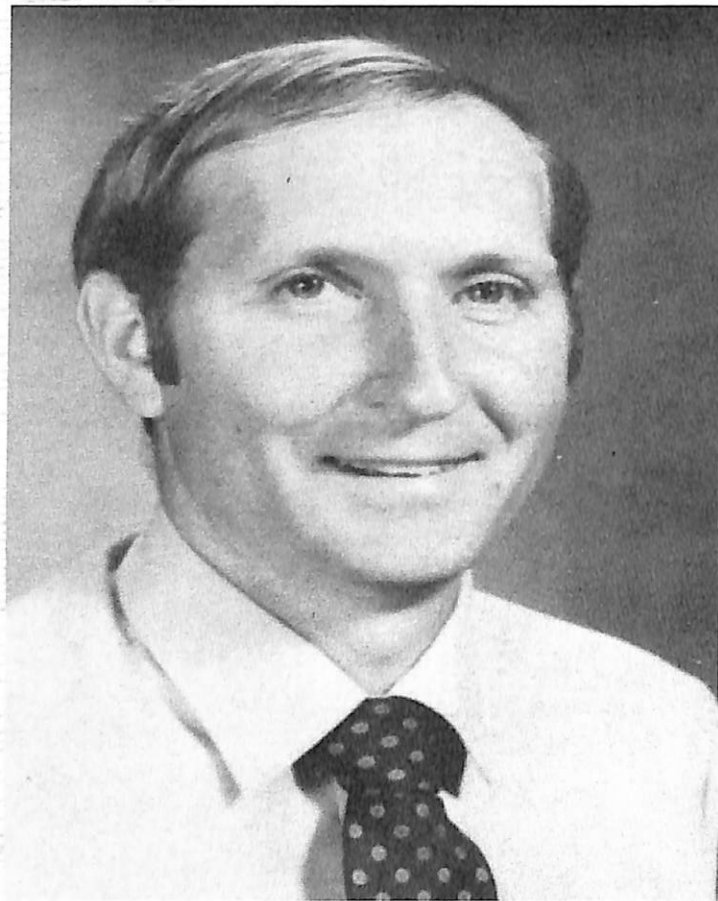

America was finally beginning to recover from the devastating terrorist attacks of September 11, 2001. However, the nation found itself in a new and tense struggle with Iraq. The students of FCHS continued to go through their daily routines with the fear of the possible deployment of their parents. Mixed feelings of anxiety and patriotism swept the entire country from sea to shining sea. February 1st was a day full of sorrow and tragedy. The US and the world was in shock when the terrifying news of the Columbia space shuttle crash hit the media. The seven astronauts will forever be remembered.

Due to the early deadlines of the yearbook, the spring sports and events could not be included. Thanks for making the school year of 2002-2003 at Fort Campbell High a year of many memorable moments. Good luck to the seniors of FCHS in the future! You will never be forgotten!

We Proudly Dedicate This Year's Yearbook To

Mr. Smith

Dedication. It is a word that embodies the finest qualities of the teacher honored in this yearbook, Howell Smith. His career at Fort Campbell, which began in 1969, has been characterized by his dedication to his students.

Thoreau said, "Success usually comes to those who are too busy to be looking for it." This perfectly describes the way in which Mr. Smith set the example for his students. His tireless efforts at making even the most complex mathematical concepts seem easy to grasp have set many FCHS students on the path to success.

And so it is that this honor comes to Howell Smith. His years of putting others ahead of himself have brought him the recognition and success he never sought for himself. Mr. Smith...a man of loyalty, knowledge, leadership, and values. A man of dedication.

"I want him to be my grandpa! He made me want to learn. Thank you!"

-Emily Shultz

"Mr. Smith is always willing to lend students a helping hand!"

-Charis Botelho

"Mr. Smith is always willing to help you with all your problems." -Zack Knight

"Mr. Smith has always gone that extra mile with his students at FCHS. He has always been a positive role model as a teacher as well as a friend for me." -Mr. Gilbert

"I loved how Mr. Smith would run to bring you a calculator. He was just always excited about math." -Ashley Hughes

"Mr. Smith was always willing to help you when you needed help, no matter when! That's a great quality in a teacher!"

-Ramona Wanlass

"Mr. Smith is a great person to all of his Key Club members. We couldn't have done it without you! Thanks!"

-Amanda Langston

"Mr. Smith is a dedicated professional who cares deeply about his students and all those around him. Whether it is teaching in a classroom, assisting students after school, or sponsoring the Key Club, Mr. Smith can always be counted on to give his very best. Mr. Smith is not only has a great knowledge of mathematics, but a compassionate understanding of the students at FCHS. He is greatly respected by the Fort Campbell High School staff and our students as well. As anyone can understand, those who come in contact with him are truly fortunate individuals and they have their lives enriched and rewarded."

-Ken Killebrew

"Mr. Smith is a fun and outstanding teacher. He really led Key Club in the right direction."

-Chris Clendenin

"If I have achieved anything resembling success in my teaching career, I owe it to my mentor and colleague, Howell Smith.

His friendship honors me."

-Rose Garrett

The yearbook staff is composed of hardworking students who dedicate their time to the making of the yearbook. Although it is very stressful at times as the group works under a deadline, they still somehow manage to put it all together in time. The students show their creative sides and various artistic attitudes while working under pressure with page layouts, pictures, and activity write-ups. Most of the staff members take time out of their busy schedule to make it to games and other school events to get the pictures that they need to create an unforgettable yearbook. The staff hopes to help the great memories of 2002-2003 last forever.

It is finally over. Even though high school might seem like a small feat to you on the outside, I couldn't have done it alone. I thank my parents for encouraging me. Thank you to my friends for your smiles. Thank you to God for being with me and being patient with me. I love you all.

As for advice to you left on the inside, P.D. East said, "Love your enemies. It makes them so darn mad." My advice might sound all too familiar, to love the Lord. He loves his enemies for better reasons.

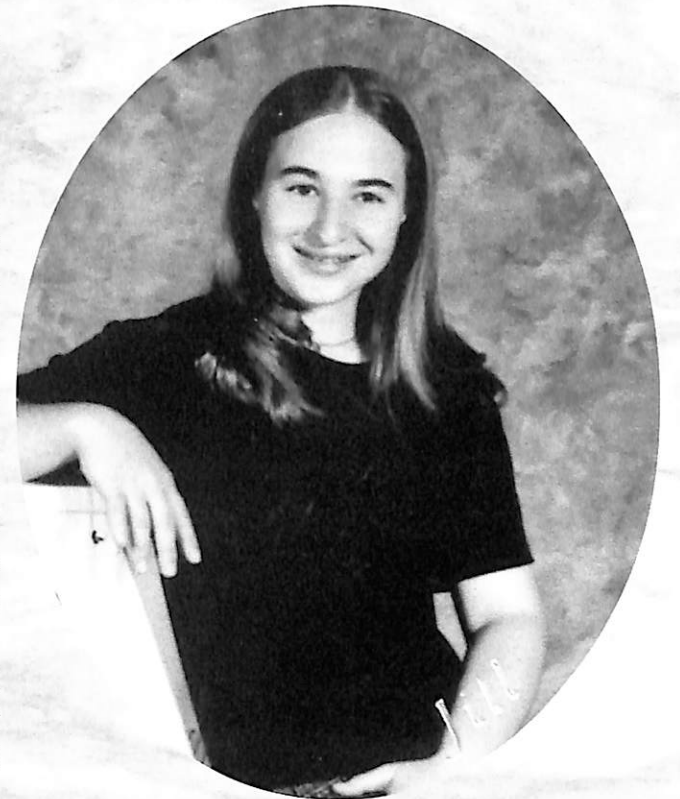

I hope the future holds kindness and understanding for all of us. Here's hoping we have a lot of good hairdays and few cavities. My love to all who take time to read this.

The greatest influence in my life has been the presence of God. My family and friends have also had a great deal of influence on me. They have been my comfort and supported me all throughout my life and will continue to be so in my future. I am incredibly blessed to have been given, by God, such an amazing family. And I could not be where I am today without the encouragement and patience of my teachers.

My thanks extend to people too numerous to name individually. So I must thank them as a whole-- my God and Savior, my wonderful family, my supportive friends, and the dedicated teachers and staff. Their efforts make it possible for me to face the future prepared, and perhaps a little bit wiser.

What I will remember most about high school are the people who urged me to make an effort and to do my best. Their sacrifices have opened many windows of opportunity for me.

My advice to those who still look forward to graduation-- remember to say thank you for the gifts you have been given: opportunity and knowledge.

As I begin to take my first 'baby steps' into adulthood, there is a mixture of excitement and apprehension. There are so many memories; some good, some bad, and some in-between, but experiencing them all has made me who I am. I thank God for all his blessings; for breathing life into me each and everyday and surrounding me with love. To my family and my true friends I thank you all for your continued love and support. To my mother, I love you and I thank you with all my heart for being there for me since day one. To Jonathan, my baby bro, although you can be stubborn at times I still love you and I can't wait to see you grow into your own. And to my teachers, thank you for sharing the gift of knowledge.

Many people have helped me make it through my high school years. To God, I thank him for all the blessings he has bestowed upon me, my family, and my friends. To my parents, I thank them for all the love and support they have given me. To my friends, I thank them for being there for me through the good times and the bad times. I love you guys. To the Fuh Mmm Buh (you know who you are)... this year was fun. I'm gonna miss you guys. To Jeanette, you've been my best friend since 9th grade, stay the way you are. Don't get all wild on me (even though everyone thinks you are). To Tomeka, girl you are hilarious, I know I can always talk to you if I need cheering up. I'll never forget "D.Y.E.", you know what I mean, so I'll leave it at that. To David, I have never met a person as cool as you. No matter what you or anyone else thinks, you ARE a very talented guy. I know you'll be a star one day. Don't forget to keep in touch when you're in NY. Hopefully, I'll only be a train ride away! To Ajashu, you are one strange chic, but I love you anyway, you are one of my best friends. To all the underclassmen, good luck. To anyone I have forgotten, sorry, but you know I love ya! Congratulations Class of 2003! We are finally FREE!

Four years of ups and downs, friends and significant others, changes and things that just don't change, gifts and letters are all I have to show, but all in all, it was well worth it. I'd like to thank all my loved ones for their care and support. I'll never forget anyone who has helped and directed me along the way. I'll always remember dances, parties, rollerskating, summers, vacations, snow days, swimming, and most importantly friendships.

Advice to underclassmen:

Don't believe what people tell you all the time, a foolish person trusts everything and everyone.

Be yourself no matter what other people claim or say, you are what YOU think!

Number 5

My final year of mandatory school, thank God. It's been a long 8 years at Fort Campbell for me, I'm ready to leave. I want to say thanks to my friends for all the fun, especially those I've known the last 4 years or longer. Thanks to the teachers who put up with me for 3 or more years: Mrs. Bulter, Ms. Garrett, and Frau. I'll really miss all of you.

Good luck to my fellow track members, we need to put another flag on the wall. Good luck to all the cross country runners next year, sorry I wasn't in good condition this year.

Finally I need to thank God and my family. Without them I would be nothing. I thank my parents for giving me wisdom, and my sister for- well- giving me someone to pick on, just kidding, you know I love you. You'll miss me when I'm gone.

Life is short, live it before it passes you by.

Its been fun at FCHS, I'll see you all later. '03

The most influential people in my life would have to be all my teachers. Each and everyone of them have taught me and helped me to reach my goals. I would like to thank my beautiful little sister, Regina, who I look up to and who I feel is the most amazing person I have ever and will ever know. Christina, my right hand girl, for being there for me when I needed her the most. For my lunch buddies Chris, Josh, Steve, and Eric, you all made school fun.

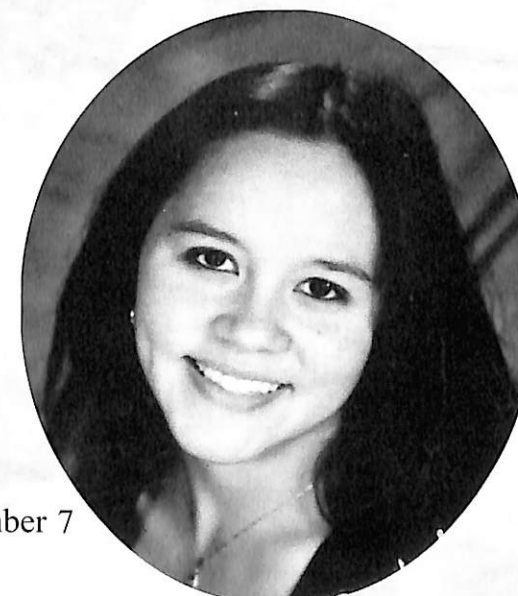

To all underclassman, I leave you with two quotes that helped me, hopefully they will help you:

"Be happy for this moment, because this moment is your life"- Author Unknown

Hey, you only have one life, live it to the fullest.

"Twenty years from now, you'll be more disappointed by the things you didn't do then the ones you did" -Mark Twain

Do stuff you've always wanted to do(!) Even if you're scared. Step out of your comfort zone, it might just change your life!

"Be not like dumb herded cattle, be a hero in the strife."
-Henry Wadsworth Longfellow

My greatest thanks is to God, who has been there through the good and the bad and has given me the strength to do all things through Him. I would also like to thank my family, friends, and Patrice. It has been a pleasant four years, and I wish I could have stayed around for 12th grade. Hopefully, I'll run into you guys again.

Jo Knightstep

There are entirely too many people to thank appropriately, and no words could ever express my gratitude. Here are my futile attempts.

Thank you to the teachers who have showed dedication to their job by putting forth challenges and teaching me how to reach them.

Thank you to my friends for being who they are and accepting me for who I am.

Thank you to my expansive family for their unfaltering support and undying love.

Thank you to my brothers for teaching me patience and love. I wish for nothing but success and happiness.

Lastly, but most importantly, thank you to my mom and dad. I love the two of you with all my heart and am deeply indebted for years of love and support. Thank you for my life, your love, and your impeccable sense of humor.

Number 8

Sara Moodt

There is so much to say, I have learned so much. Not necessarily in knowledge but about myself. High school has helped form a new me, a better person. I have met so many people in this incredible journey, and to think it has only begun. Mom and Dad, I love you more than you'll ever know. You both have been the light in this whole adventure of life. Thank you for setting the foundation of my success, I promise you will never be disappointed. To my incredible family, thanks for all the love and support and definitely giving me an innate sense of humor. To the many mentors and leaders that I have ever known, thank you for loving me, strengthening me in mind and soul, and making me work for what I have. To my best friends, you have shown me the true meaning of friendship and that is something I will never forget. Most importantly to the Almighty, without You this happiness would not exist. Thank you for your unconditional love, that is what has truly gotten me through this and is what will lead me the rest of the way. To fully love life and enjoy it you must first learn to love yourself, and I thank every single person who has touched my life in helping me to learn that. I have truly enjoyed myself, but I am definitely ready for a new beginning.

Number 9

Chris Rasnic

First, I would like to thank my mom and dad for pushing me and teaching me not to quit when things get rough. This is a trait that will help me throughout my life. I love you both very much.

To my sister, Amanda, thanks for always being there. Living with you has taught me how to be patient and understanding. I love you.

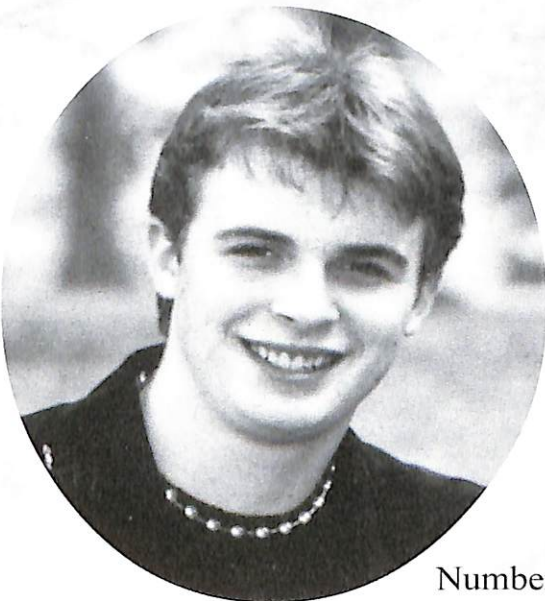

I want to thank my teachers, the good and the bad. You all have strengthened me in your own unique ways. The good teachers encouraged me and made me work to my potential, and the bad ones taught me tolerance and self-control.

Thanks to my friends (you know who you are) for teaching me skills that are missing in high school curriculum. Thanks for bringing humor into my life, and teaching me not to worry about the little things.

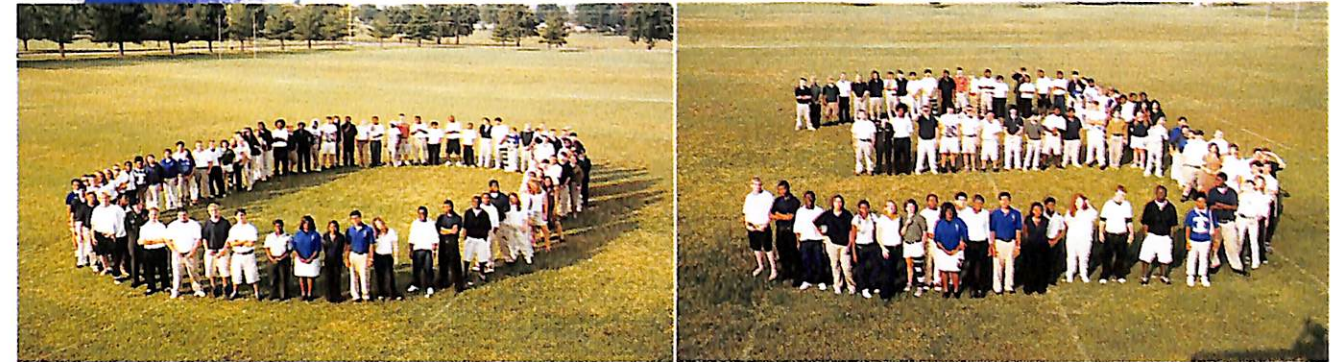

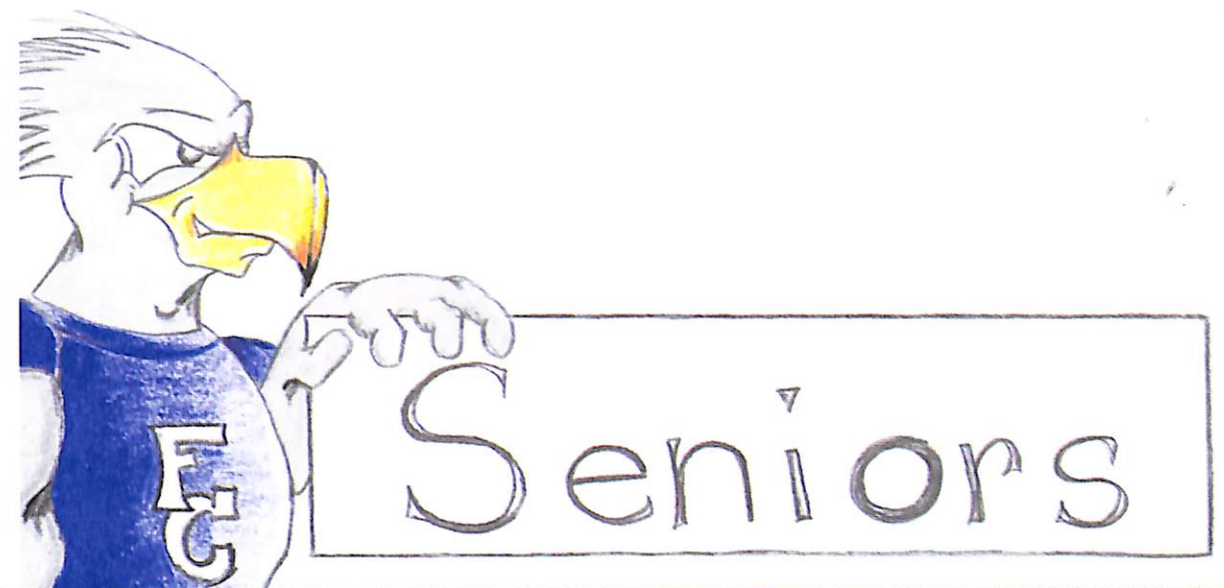

Finally, to the Class of 2003 and all future classes of FCHS, I leave you with this thought:

"To laugh often and much; to win the respect of intelligent people and the affection of children; to earn appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded." ~Ralph Waldo Emerson

Excelling in Education

The Clarksville-Montgomery County Chamber of Commerce initiated the Excelling in Education in 1988. It is an ongoing cooperative effort of the Chamber and local businesses to honor area high school students who have achieved academic excellence or who have been models of exemplary citizenship in the school setting. Three categories of cards are awarded, Gold, Silver, and Blue. The gold cards are given to students who have recieved all A's for the semester. Silver cards are awarded to students who recieved any combination of A's and B's for the semester. Several stipulations apply to blue card recipients. Possible candidates are nominated by a faculty member; these candidates must have no semester grade lower than a C, a clean disciplinary record and an out-standing attendance record. The number of blue cards is limited to 50% of the total of gold and silver cards awarded.

America Stands

In the face of disaster

We smile through our tears,

For humanity shines forth,

And quiets our fears.

Hear refrains of our anthem,

As Americans join hands,

Supporting our kinsmen,

Defending our land!

We shant be discouraged,

For Freedom still reigns,

From the great purple mountains,

To the lowlands and plains.

Setting aside differences,

Each neighbor a friend!

Take heart, my countrymen!

United, we stand, once again!

Delora Mae Hilmanowski

Reflections...

A year ago, America came under attack by an evil, both unprecedented and unwarranted. On that day, last year, over three thousand lives came to a tragic end, and our lives were forever changed. September 11th has a new meaning that is somber yet patriotic, and it is the most recognizable day of the year. 9-11 is stained with the blood of countless innocents and tainted with the darkness of evil, yet in light of all this, America has grown stronger, more unified, and above all our patriotism has a new light to follow. America's pride has a new strength, and this day has stepped up our challenge of fighting for justice; our civilians have given blood, money, and countless months of hard work. The Pentagon is nearly repaired, ground zero is finally clear, and the hole left in the ground in Pennsylvania is filled. In spite of all the tragedy we faced last year, our homes still run, we wake up and go to work or school, and our lives continue on. The darkness has faded to allow the pride and joy in our country to shine through, our hearts reach out to all those who suffer in pain from loss. To those three thousand plus dead in NYC, Pennsylvania, and Washington D.C., to the soldiers both dead and still fighting for our freedom, the students at FCHS thank and honor you this day and forever more. Thank you and God Bless America.

The JV finished the season with a 5-10 record. The team showed improvements throughout the year. The team Captain was Staci Harrell.

The Varsity squad had a successful regular season, finishing 12-7. Highlights included big district wins against Logan County and Christian County. Fort Campbell started district playoffs strong with a 2-0 win against Russellville and a second round upset win over Christian County. The third round saw the Lady Falcons fall to the eventual district champs, Franklin Simpson. The Falcons then faced Logan County in a regional bid game, but lost 2-0. Cryshana Harbison and Julian Campbell were honored as All-District selections. The seniors on the team were Maddy Brownell, Jill Manley, and Cryshana Harbison.

The Fort Campbell football team played an outstanding winning season this year with a record of 6-4.

This was the first time since 1996 that the football team has advanced to the playoffs. With a new coaching staff under the direction of Head Coach Shawn Berner, the Falcons learned what it means to be dedicated and to believe. Football consumed the lives of these athletes starting in the blistering month of June and ending at the beginning of the cold month of November. The long and intense practices paid off, however, and the Falcons performed beyond everyone's expectations. The Falcons are looking forward to improving their performance next year for an even more successful season.

The Lady Falcons 2002 Soccer team had quite a year. You can say that it was a rebuilding year. They played well considering most of the players never even played before. The structure of the team began with only 6 definite players attending practice. However, once the school year began the team took shape and was ready to amaze their fans once again. They played the whole season with dedication and enthusiasm. The aspiration that they possessed made the season a well fought and well deserved one. The years to come would only be lucky to have a team like the 2002 Lady Falcons.

The 2002 boy's soccer team had a good season. They played with intensity and courage throughout the season. With a brand new coach and only one senior, the team still had the individual skill to push through their games. Along with the loss of the players from the previous year came new and skilled younger players. Injuries were also a problem for the boys. With the loss of their main keeper, a freshmen had to step in and take charge. Practically the whole team was changed around because of the loss. However, the guys adjusted and played on.

Both the Fort Campbell Cross Country teams had a successful season once again. The girls team, along with Paul Demilia and Zach Knight, ran fast all the way into the State Championship. Although the girls team was hit hard with injuries, they still managed to take home the first place regional trophy and place 4th in state. The boys team also put a lot of hard work, dedication, and heart into their season. Because of the coaches' encouragement and knowledge of the sport, the cross country teams learned what it takes to be a persevering runner. Great job to both teams for upholding the FCHS standards of athletic excellence. GO FALCONS AND KEEP RUNNING!

The Agony of Practice!!

The Seniors this year are Vernard Dicker weighing in at 103, who transfered from Europe. Brandon Campbell, weighing in at 145, is a four year wrestler and two time state placer. Brandon Hester, weighing in at 171, is a first year wrestler. The team took third place at the Kenwood Klassic meet. first place at Clash at the Camp meet, and third place at the Tullahoma Invitational meet. The Head Coach is Chris Carbin, coaching his third year here at Ft. Campbell High School. The Assistant Coach is Jason Knapp, coaching his first year here at Ft. Campbell High School. Last years record was 14 wins, 9 loses, and 1 tie. Last year we were region runner ups. We had 10 state qualifiers and 2 state placers. This seasons goals are to become Region Champions, have 13 state qualifiers, place top five in the state tournament, and win 90% of all of our dual meets.

The 2002 Baseball team had a great first half of the season. They started out with a great district win versus Russelville in their first game, but slowly lost focus as the season went on. The Falcons were led by pitchers, Josh Richard and Matt Pennington. Behind the plate was Andrew Batule, at third base was Josh Duncan, at short stop was Wes Vincent, at second was Chad Taylor, and at first was Aaron Hedges and Jack Lepper. The Outfielders were led by Michael Hays in right, Dan Keefe in center and Chris Grosch in left.

The 2002 Lady Falcon Softball team had an explosive and unforgettable season. Losing seven players from the previous season's starting line-up, it began as a re-building year. The team shattered the school record with 17 wins. They finished out the season on a ten game winning streak, defeating UHA to advance to the District Championship against the Christian County Colonels. The Colonels defeated the Lady Falcons by only four runs. The Lady Falcons were District Runners Up for the first time in FCHS history! WAY TO GO LADY FALCONS!

The Drama Club of 2002-2003 enjoyed much success. The play "Here Lies Jeremy Troy" was a smash hit with students and adults alike. Members of the Drama Club either were in the play or worked backstage, handling props, costumes, and the ticket booth. The play's winding plot and memorable, whimsical characters secured it as one of FCHS' best ever. The Drama Club hosts numerous "Improv" Nights" through out the year, where members make up their own characters and fictional situations on the spot and act them out. Although few in number, the handful that remain make sure that the Drama Club is memorable for themselves and their audiences.

Fellowship of Christian Athletes is an organization lead by the student athletes of FCHS. This year, the program started off slow. However, it picked back up in the beginning of the second semester with faith and assurance. At each meeting there is a lesson taught about faith and life that prepares us for situations in the future. At the end of each meeting any prayers request and blessings toward family, friends and country are brought to be prayed upon by the group. We have games that we play and we have fun with getting to know each other. FCA is welcoming of any and all students at FCHS who are interested.

The purpose of the high school mock trial is to promote greater understanding and appreciation for the law, court procedures, and the American judicial system. This years team is sponsored by Mr. Puhr and coached by attorneys from Ft. Campbell's Judge Advocate General (JAG) office. Due to recent change in rules, competition will be in a double-elimination format and our team will have at least two opportunities to argue their case in court. Although the 2002-2003 Mock Trial is largely made up of new attorneys and witnesses, it is anticipating an interesting and successful season.

2003 is the first year for the Future Educators of America. As the FEA charter club, getting started was rough, but the club has many activities planned. The club will attend board meetings, shadow a teacher of the grade of their choice, and attend meetings with guest speakers. The club reveals the enjoyment and opportunities of the career of teaching.

The French Club for 2003-2003 was very eventful and fun for all involved. In the beginning of the year there was the movie night, where members came in with sleeping bags and pillows and watched a French related movie while eating freshly baked French Bread Pizzas. In October, the club hosted their annual Halloween Party which was alot of fun for all. In December, the club organizes a Secret Santa and in January, they will ice skate. This year was memorable for all!

National Honor Society consists of eligible juniors and seniors with second semester sophomores inducted in the spring. The object of NHS is to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership and to encourage the development of character in its members. Membership in NHS is both an honor and a responsibility. Students selected for membership are expected to continue to demonstrate the qualities of scholarship, service, leadership, and character. Service projects are conducted throughout the year. They consist of a clothing drive, selling tickets for the hospice program, caroling for cans, raising money for Cystic Fibrosis, serving as student ambassadors to new students, and tutoring. We also participate in the American Character Week activities. The chapter meets every Thursday of each month.

High School

It's a time you'll always remember.

The classes and the exams. That one teacher who always handed out too much homework. Your friends and the laughs you all shared. Going to "the game" in the crisp autumn air, cheering for your team and sharing the feeling of victory - or defeat. The excitement of your Senior Prom. These memories will always be with you.

But, sooner or later, high school ends and you have to get out in the world and be on your own. If you haven't started planning, it can be overwhelming - and downright scary.

We can't help you plan your life - that's up to you. But, we can help you start on solid financial ground, and that can make your future easier to face.

If you want honest answers and straight talk, stop in and talk to us. We'll be glad to help. We remember what High School was like.

Your class ring A GREAT FEELING

Pride is the catalyst for human achievement...the mover of minds, of muscles and most of all hearts. Your class ring is more than a mere piece of jewelry. A class ring shows Pride.

Your class ring identifies you with your school and your class for all to see. It carries with it much sentimental value and will help you preserve special memories forever.

TO

To Those who follow...

The mission of Fort Campbell High School is to develop critical thinking and effective communication skills; provide a program of studies that includes challenges, and rewards. Relevancy to educational and vocational endeavors; promote and reinforce responsible social and civic behaviors; foster positive attitudes and a realistic self-concept in each of our students.

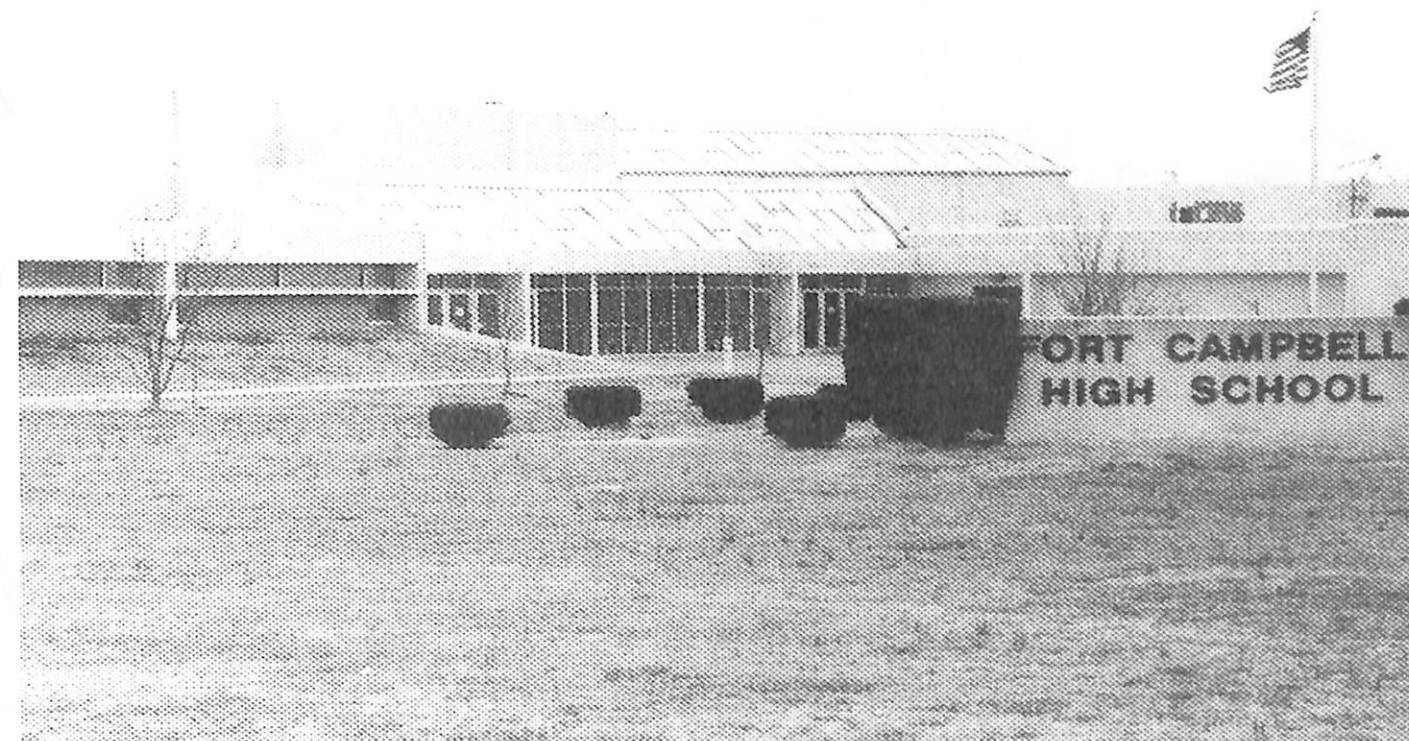

Our comprehensive programs, consisting of both academics and cocurricular activities, are designed to meet the needs of all our students. Through a wide variety of offerings, students are able to find a place to feel involved, wanted, and successful. In fact, military sponsors will frequently accept overseas assignments that will permit their families to remain at Fort Campbell so their children can continue their education at FCHS. An array of organizations, clubs, and athletic teams allow students to become involved in the school, gain a sense of belonging, and experience success in non-academic areas.

Each year we are privileged to have National Merit finalists and military-academy appointments. The Foreign Language department has consistently earned championships in state competitions. On honors night, our students are recognized for their many achievements. Also our graduates are well represented at the most selective colleges and universities.

Our mission and beliefs drive all educational decisions at FCHS, but our vision is much greater than the sum of these statements. We believe all students can learn, but we know they learn the best when their individual needs are recognized and their students potential is allowed to be realized. We believe that technology is not a luxury but a survival skill. We know that we must balance technology with a curriculum that emphasizes science and Shakespeare; mathematics and Mozart, if our children are to become successful thinkers. We believe that actively engaging the learner means more than schoolwork.

May blessings be upon pupil and parent, upon principal and teacher and upon everyone whose influence will in any degree affect the work of the education as it shall be conducted within these hallowed walls

Can I Graduate?

A little advice for the future: Enjoy the power and beauty of your youth. Oh, never mind, you will not understand the power and beauty of your youth until they've faded, But trust me, in 20 years, you'll look back at photos of yourself and recall in a way you can't grasp now how much possibility lay before you and how fabulous you really looked. You are not as fat as you imagine.

Don't worry about the future. Or worry, but know that worrying is as effective as trying to solve an algebra equation by chewing bubblegum. The real troubles in your life are apt to be things that never crossed your worried mind, the kind that blindside you at 4 p.m. on some idle Tuesday.

Don't be reckless with other people's hearts. Don't put up with people who are reckless with yours.

Don't waste your time on jealousy. Sometimes you're ahead, sometimes you're behind. The race is long and, in the end, it's only with yourself.

Don't feel guilty if you don't know what you want to do with your life. The most interesting people I know didn't know at 22 what they wanted to do with their lives. Some of the most interesting 40-year olds I know still don't.

Enjoy your body. Use it every way you can. Don't be afraid of it or of what other people think of it. It's the greatest instrument you'll ever own.

Understand that friends come and go, but with a precious few you should hold on. Work hard to bridge the gaps in geography and lifestyle, because the older you get, the more you need the people who knew you when you were wrong.

Accept certain unalienable truths: Prices will rise. Politicians will philander. You, too, will get old and when you do, you'll fantasize that when you were young, prices were reasonable, politicians were noble and children respected their elders.

Don't mess with your hair too much or by the time you're 40 it will look 85
-Mary Schmich

Can I graduate? Can I look in the faces that I meet? Can I get myself off the street? I've been living on for so long.
