FORT CAMPBELL HIGH SCHOOL BACK IN THE DAY

The bells first rang throughout the halls of Fort Campbell High School in 1962. The school was originally located at the sight of Wassom Middle School. The premiere graduating class consisted of 30 seniors, compared to the current class of 116 seniors. In August 1969, FCHS transferred to the location of Mahaffey Middle School. It wasn't until 1985 that the building we now know as FCHS was built and made home.

With the 2000-2001 school year came another of change. It was that year the dress code policy we've all come to love was instituted. This year we added to the mix by transitioning to block schedule.

Several teachers have returned to their alma mater to pass on the traditions of FCHS including, Coach Weaver, Coach Moore, and Coach McKillip, all Class of 1993, and Coach Lowe, Class of 1990.

Other teachers have grown with the high school for over 30 years. Mrs. Pendleton began her first year at FCHS in 1971, Mrs. Cardenas and Coach Lange, '73, Mrs. M. Davis, '76, Mrs. DePriest, '77. Ms. Sheets not only attended FCHS as a sophomore in '66, but returned in '75 to teach.

1974 was the first Army Bowl versus Fort Knox. FCHS claimed victory that year and 15 other years, including this past season. Fort Campbell plans to continue this winning spirit for years to come, not only in sports, but overall.

Here at Fort Campbell High School, we try to bring out the best in our inmates...

The 2004-2005 school year welcomed technology open heartedly. This year the electronic marquee was installed to provide students and their families with the most up-to-date information and events. A new curriculum was also adopted that focuses on content standards. Each subject was provided with a list of standards to follow throughout the year. Several new classes were introduced, including AP European History and the return of Journalism.

DR. BONNIE KARRIGAN

Dr. Karrigan teaches ninth grade English and AP English Literature here Fort Campbell High School. She started out at Wasson Middle School in August, 1972. In 1986, she transferred to the newly built Fort Campbell High School on 1101 Bastogne Avenue. We are honored to have her here at FCHS.

This year marks another milestone in her career. She received her PhD. from Vanderbilt University this year. She is thought of very highly by her students and peers. Ms. Sheets says she is "A True Shakespearean Lady."

Ms. Pendleton says, "Dr. Karrigan is a distinguished scholar and a dedicated teacher. For thirty two years, she has put students near the top of her priority list; with very few absences from her job, she has been present in the classroom to provide meaningful activities for her students. She has striven to be equitable and fair to all students and colleagues. With strong morals and convictions, she has been a positive role model for the students and has helped to guide them in proper etiquette in their relationships with peers and teachers."

Mr. Killebrew, who went to junior high school with Dr. Karrigan said about their days together, "When she was a freshman, I was in seventh grade. Everyone in the seventh grade was in awe of Bonnie Karrigan because she was 'The Smart Girl'."

STUDENT QUOTES

Vickie Rausch - Ms. Karrigan is an unique teacher. She knows so much about so many different things, and loves to share with her classes.

Josh Duncan - Ms. Karrigan is a lot of fun to get a rise out of.

Sophia Lopez - She's a very intelligent teacher.

Andy Sizemore - She's a caring, dedicated teacher.

Christie McCrum (former student) - One day in my college English class my instructor was talking about James Joyce. No one but I knew the answer, and I knew it from Ms. Karrigan in AP Lit.

I bet the little girl in this picture didn't know that one day she'd be teaching high school English, and have a PhD, or did she?

Jack English

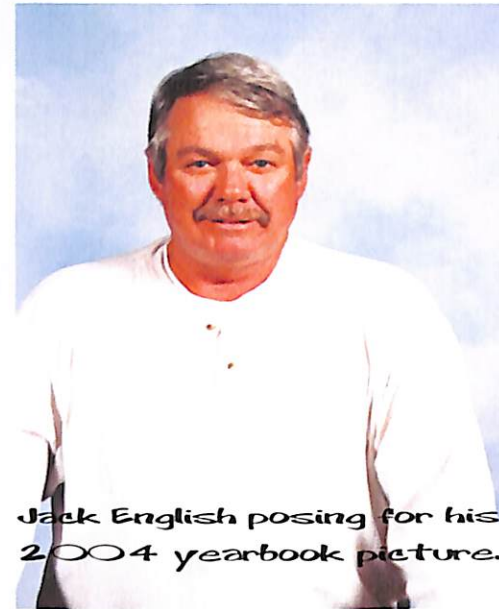

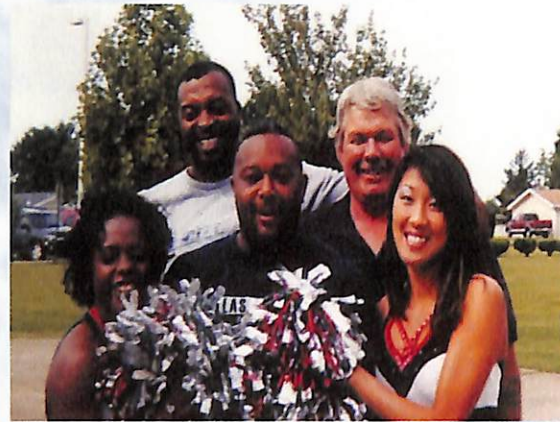

1949 - 2004

Jack English was everyone's friend. Whether you were a first year freshman or a four year senior, he made you feel like you belonged. Jack not only cherished all of us, but he was definitely cherished by all of us.

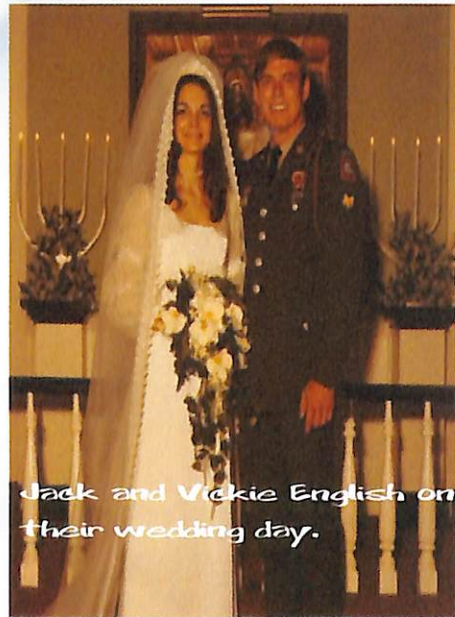

"God always listens to me; except on the golf course." - Billy Graham. Jack loved golf. When he wasn't at school, he was golfing.

"Jack was the softball team's biggest fan. We'll never forget him!" - Jenna Smith

"Jack loved to eat, especially when we had bratwurst and German potato salad. He was always very supportive of the German Club's efforts. We miss him dearly." - Iris Loucks

"Jack loved to hunt but rarely saw many deer, so I made a point to tell him each time I saw deer on the way to work. His response was usually 'Don't tell me.' I saw a young deer just this morning on my way to work and thought about Jack." - Kathy Vaughan

The Dash

I read of a reverend who stood to speak at the funeral of a friend. He referred to the dates on her tombstone from the beginning...to the end.

He noted that first came the date of her birth and spoke of the following date with tears. But he said what mattered most of all was the dash between those years.

For that dash represents all the time that she spent alive on earth. And now only those who loved her know what that little line is worth.

For it matters not, how much we own; the cars...the house...the cash. What matters is how we live and love and how we spend our dash.

So think about this long and hard. Are there things you'd like to change? For you never know how much time is left. You could be at dash midrange.

If we could just slow down enough to consider what's true and real and always try to understand the way other people feel.

And be less quick to anger and show appreciation more and love the people in our lives like we've never loved before.

If we treat each other with respect and more often wear a smile... remembering that this special dash might only last a little while.

So when your eulogy is being read with your life's actions to rehash, would you be proud of the things they say about how you spent your dash?

Linda Ellis

Here's to the dash in between.

YEARBOOK

I would like to thank my staff for a year of blood, sweat, and tears. Well ok, it wasn't that bad but we all got a taste of the making of a yearbook. We decided to do things a little differently this year and we think our efforts have paid off. We wanted to show you the "then", see the "now", and look forward to the future!

A very special thank you to Mr. Gilbert, who helped us with technical support. We would have been a bit confused without his expertise.

Frau's 12

This year's yearbook staff couldn't be defined by any other word other than utterly spectacular. It began with 5 members attending a summer workshop in Bowling Green and got even better with our yearly field trip to Jostens Yearbook Plant. From learning how our yearbook is created step-by-step to the very much anticipated Pizza Hut, the yearbook staff began a long journey of manufacturing in the diamond mine of FCHS.

From day to day Frau's twelve dwarf's worked their shovels to dig out the most creative pages to make FCHS's 04-05 yearbook the first in all color. Unlike Snowwhite, Frau didn't clean house and have dinner ready by 5 but she was always there to make sure each and everyone of us put the most we could in this yearbook. Through the family meetings around the old hickory table and frustrations of meeting deadlines at the mine, this experience not only gave us the ability to make a yearbook look good but will challenge us to make next year's even better.

Seniors of the 60s

Head of the Class

Jordis Nelson, Valedictorian

The four years that a student is in high school are a journey. The journey is complete with valleys and mountaintops, detours and shortcuts. Throughout all the changes in my journey, one element has remained constant: I was never flying solo. There are so many people who helped me along the way that I would like to thank.

First and foremost, I would say thank you to all of the teachers who helped, encouraged, and inspired me throughout the past four years. I have spent many mornings and afternoons acquiring assistance and I thank you for your patience. I know that sometimes it doesn't seem as though your job makes a difference, but it truly does.

My family-No amount of words can describe the amount of love and thanks I have for you. I thank you for always pushing me to do my best and helping me dust off after I picked myself up from a fall. I thank you for your wisdom and all that you have taught me about life. Kelsie, our sisterly bond is unique and I thank you for your laugh and spontaneous behavior. You have taught me that it is ok to break free once a while and I thank you for all the times that we have spent together.

Last but not least I would like to say thank you to my friends. Whether we met in school or somewhere else, I thank you for your friendship and guidance. To everyone, I want to say remember: anything worth attaining in life has to be worked for. So, give it all you've got and never look back.

Taneshia House, Salutatorian

Dear Seniors,

I know I haven't been the most sociable student and have been stuck in the books for most of the year. I am a quiet person by nature. But studying is another story; I study, first of all, to make myself and my family proud. People I'm close to and grew up around haven't made it as far as I have or much farther, but I'm happy that I will. However, I believe that college is half about having fun and half about finding yourself and getting a better education. So my goal after high school is to live life to the fullest, be outgoing, and most importantly, stay focused on my education. I advise all of the seniors to do the same.

Go Class of 2005!

Then & Now

David Kirby, Number Three

So I'm 3rd in my senior class. I guess I'm qualified, I mean I run into golden arches and my other personality Helga, "helped keep my mind on track." "AND THIS IS THE HOUSE OF PAIN!" is something he always said. I'll always keep that in my mind because that's what school was. My friends also did well to take me from my homework (that's why this was late.) Whether we were running from people with baseball bats or hanging at the Frontpage Deli, every moment was better than the last. So let me immortalize them- Brant, Sparks, John, Amanda, and Heather. Ha, now they'll live forever. I'll never forget my mom forcing me to eat green beans all the way up to this year and my dad always had something to say. But my coming this far was in part made possible by Phily Rose- the keeper of my sanity and thief of my heart. So I don't know what I'm going to do but I do know- "I'll do whatever I feel like, gosh!"

As they say, when in Rome...

Nicole Ernest, Number Five

Believe people when they say that high school will be the greatest four years of your life. The repetitiveness might get old, but when it's over you'll be happy with what happened and, amazingly, you'll be satisfied. I found myself and a lot of the greatest people I could ever meet here at FCHS. Everyone has had an affect on my life, but a few people I want to thank. First are my parents. They've been great to me and helped me through a lot. Next are Mike and Shannon. Shannon has been on of my many "sisters" for five years now. We've had ups and downs, but we're always there for each other. Mike, my boyfriend through nothing less than accident, thanks. So much. You've helped me to know that even dreams come true. Thank you and I love you. As for teachers, thanks to all of you who supported me. Thanks to all of my friends that I didn't mention. You know I love all of you.

Well, I guess this is goodbye FC...wow, the bittersweet moment is finally here. I'll miss everyone, but somehow we all end up coming back.

Always, Nicole Ernest

Shannon C. Bailey, Number Four

Dude! I'm number 4! Sweet! Well high school sure was an interesting experience. I've had lots of fun times and some not-so-fun times too of course. I'll never forget all my friends and the memories we made. Dani- Thanks for being the greatest best friend ever! Nicole (my little-big sister), Jenna (my NLL), Aimee, Nicki (Canada!), Heather, and Satara- you chicks rock! Jon- "Yellow"

To all my friends, thank you for sticking by me through thick and thin. I hope I have brightened your day at least once. I love ya'll.

Frau- Du bist meine Lieblingslehrerin jetzt und fuer immer! Strecke die Decke! Ms. Ladd- You are an awesome teacher and a great inspiration to me. Mrs. Hatcher- "Gravity doesn't exist, the earth just sucks."

Ok time for some advice. Laughter really IS the best medicine. When in doubt think "surface area". Always remember the simple things in life such as cheese nips and Jones Soda. Finally, remember this quote by the author Luciano de Cresceno... "We are each of us angels with only one wing, and we can only fly by embracing one another."

Future plans: Psychology major at Austin Peay Sate University.

Victoria Rausch, Number Six

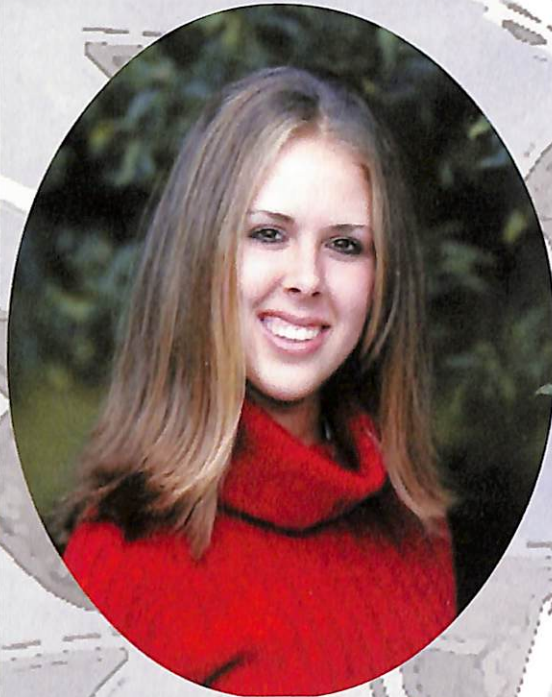

They say that times flies by when you're having fun. If that is so, I want to know why it has taken so long ot become a senior. Every year the yearbook staff asks the top ten seniors to write something about themselves, and every year they must sit down and think about what to write. Do I make it cheesy and gushy about how much I'm going to miss this place, or make it fun, and just say goodbye? Do I pass on my infinite knowledge to the underclassmen, or tell them to suck it up and drive on, one day they'll graduate too, hopefully.

Well as for me, I'm glad we're finally graduating. Some of us have worked hard, while others have hardly worked, but in the end, on May 20th, as we all receive our diplomas, somewhere deep down we will all be sad to see this chapter of our lives close, but we will be looking forward to the next chapter. Many of us will start college in the fall. We will start new jobs, make new friends, and move on with our lives. High School has been great, but here's to the rest of our lives, and the memories to be made.

Thanks Mom and Dad for everything you have given me. I love you guys so much. Jenny, what can I say you're my lil' sis, but I love you to death. You're one of my best friends.

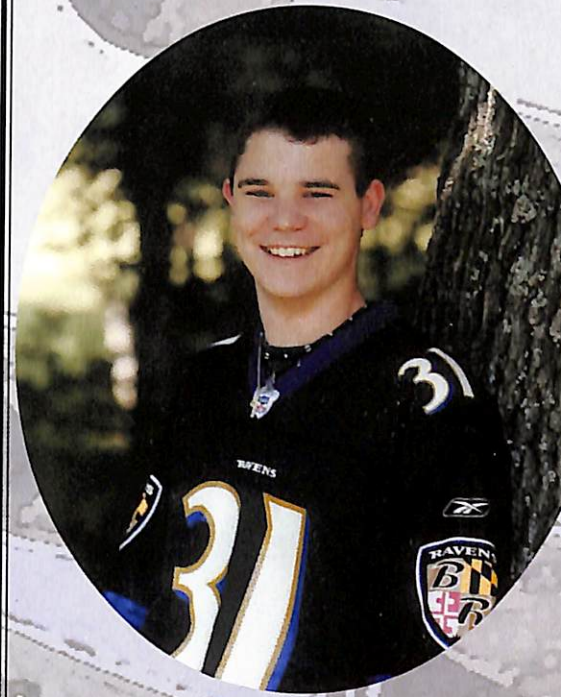

Ashley Mason, Number Seven

I can't believe this school year is almost over! I can still remember my first day of high school; it was exciting and definitely scary but I got through it. Seniors, I know we are all looking forward to our first day of college; like high school it is going to be exciting and definitely scary but we will get through it. I have built so many memories and friendships here at FCHS and although I am definitely ready to get out of here, I am going to miss it. I am going to miss trying to make my way through the tiny over-crowded hallways. I am going to miss our assemblies they call "Pep-rallies". I am going to miss having to tuck in my shirt. I am going to miss not being able to carry a water bottle. I am going to miss the lunches... Oh wait, those are thing I am not going to miss, haha... just playing. For real though I am going to miss FCHS, my favorite teachers, and my friends. We have all grown up so much these last four years. Everyday I look at the freshmen and think "Oh my gosh, did I act like that?!" (and the scary thing is I probably did). I will be moving to Lexington, Kentucky this summer to go to the University of Kentucky and although I am a little scared I know it is going to be an awesome adventure. GO FALCONS, GO CATS, GO BIG BLUE!!

Ryan Miller, Number Nine

I can't believe it, four years are finally done and high school is almost over. It seems that only last year we were wide eyed freshmen getting lost in the halls. My years in the high school have been a blast and, oddly enough, I've enjoyed every moment.

I would first like to say thank you to my parents, without you none of this would have been possible! Another large thanks goes to everyone of my friends your support has kept me happy and grounded. Thanks to all of you for dealing with me! Finally, thank you so much to my teachers. Because of you, my future is bright and your hard work has also helped shape me into the person that I am today. Thank you to everyone, I will always remember you!

As I close, I would like to say a few things. First, never give up, and never let anyone tell you it can't be done. Next, just be yourself, don't pretend to be something your not, even if it's unpopular. Finally, I have to say; just rock on! Always have fun with whatever you do. Enjoy your life and always laugh!

Mark Hays, Number Eight

It's finally over. I can't promise that I'll come back to this lame school so I'll say some farewells to certain teachers. First, to Mrs. Cardenas, goodbye and how did I not drive you into retirement? To Frau Loucks, it was a fun three years. If I could have had you a 4th, I think I could have caused a few more wrinkles. I'll miss you. To Mrs. Garrett, you're one of the coolest teachers I've had.

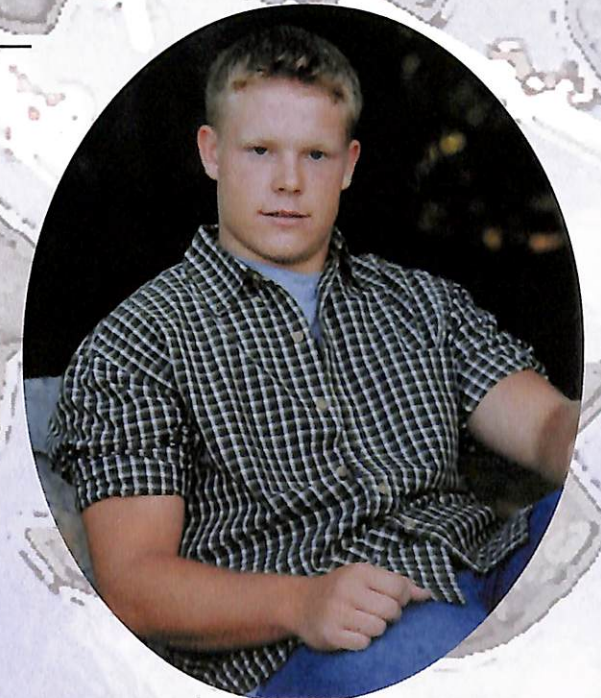

To Coach Berner and the entire football team, thanks for everything and good luck next year. To all my other teachers, congratulations on making it through these four years. It can only get better from here. Now for the important people ... my friends. Richard- It's been a fun ride, see you at APSU.

Crystal- You're a good friend and I'll see you at APSU too. To all my other friends, keep in touch and if you don't, then have a nice life. To all the people that claimed to be my friends but talked about me behind my back- don't keep in touch and don't have a nice life. Haha. Now for Meredith, what can I say?? You are the best friend that I've ever had or ever will have. I've loved every minute of the 3 years I've known you (well, most of them anyway). Good luck next year. I'll miss walking the halls with you. I'm sure we'll be seeing a lot of each other throughout the next 50 years though. Goodbye everyone.

Joshua Duncan, Number Ten

I want to thank everyone that has helped me make it through high school. To my parents, I want to thank you for all the support you have given me. Without you, I would never have been successful like I have been so far. You have taught me so much and I am thankful to have loving parents like you. You have pushed me to succeed and work hard in everything I have done and that has made me a better paeron. To my friends, thank you for being there for me. You have made my time here at FCHS unforgettable. We have built friendships that will last a lifetime. High school has definitely been a wild ride of ups and downs and having you all with me has made it all worth while.

Almost half of this year's graduating class have attended FCHS since their
freshman year, 56 out of the 116 Seniors.

Even our biggest stars

Tiny Handprints

Tiny handprints grow so fast
 Their awkward groping soon will clasp
 A ball, a book, a sweetheart's hand
 A diploma, breifcase, a wedding band

Tiny handprints grow so strong
 It doesn't take them very long

To snap a shirt, to paint, to draw
 To labor hard, to drive a car

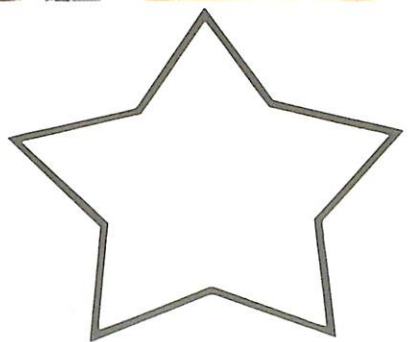

Tiny handprints grow to be
 A person that is quite unique
 A wonderful mix of so many things
 With his own feelings, thoughts and dreams....

High School Sweethearts

Only time will tell.....

A Love Poem

When we're together I'm as
happy as can be.

You make me smile, laugh, and
be the real me.

We've been together a while now

but you still make me say WOW!

The thought of losing you makes

me sad. It makes me hurt inside

and makes my heart feel bad.

When you look at me I see my

knight.

The one who will protect me day

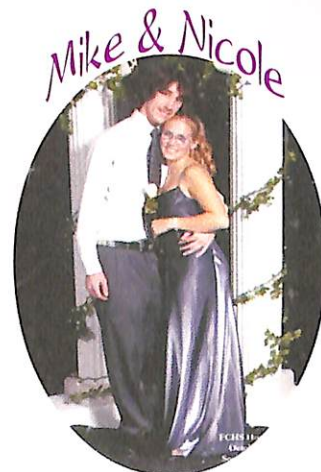

and night.

All this time together has made

me see that with you is exactly

where I want to be.

Why God Made Teachers

By Kevin William Huff

When God created teachers,
He gave us special friends.

To help us understand His world
and truly comprehend.

The beauty and the wonder of everything we see.

To also become a better person,
so we can all decide

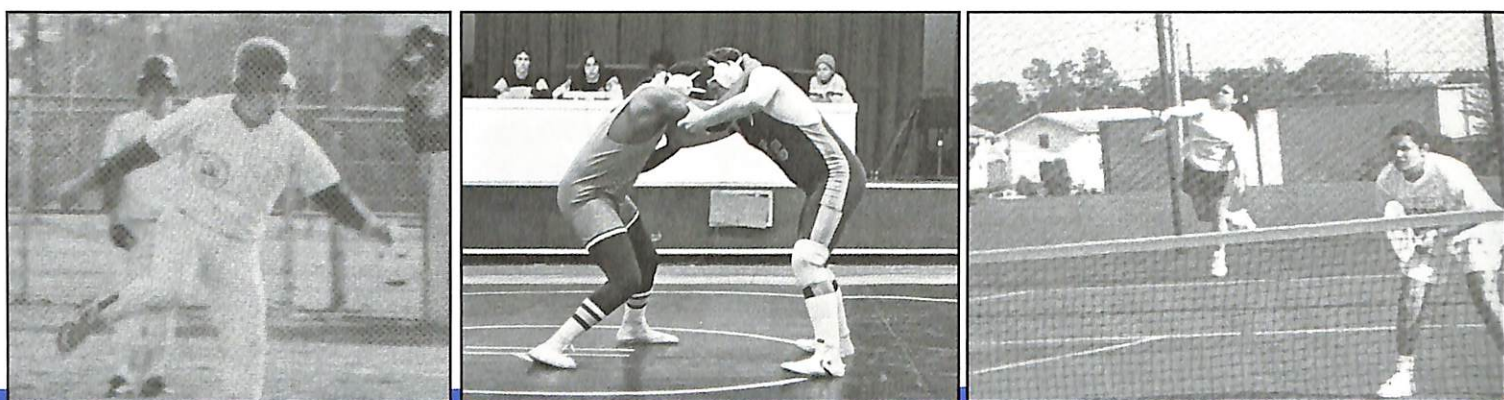

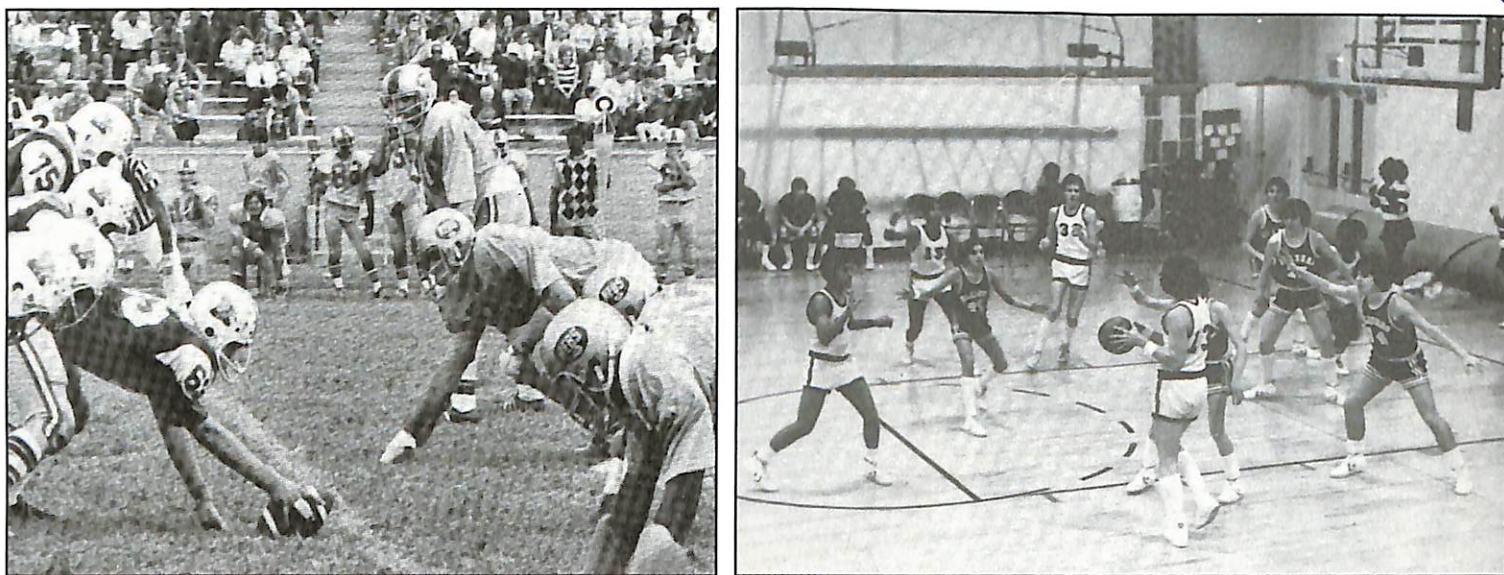

how to live and how to do what's
right instead of wrong.

To lead us so that we can lead
And learn how to be strong.

Why God created teachers, In His wisdom and His grace,
was to help us learn to make our
world a better, wiser place.

COACHES

COACH BERNER

"This was a great group of players to work with. They proved a lot to themselves and others with the accomplishments they achieved this year. It was an honor to work with these young men."

COACH WEAVER

"The coaches I had here at Fort Campbell had a major impact on my life and helped me figure out that I wanted to become a teacher and a coach."

COACH MCKILLIP

"This was a very special group to work with because it was the first group this coaching staff nurtured from freshman through senior year."

COACH MOORE

"The football team grew up as a whole and showed that they could persevere through hard times. The mark of a good team is how you react when something goes wrong."

COACH LOWE

"The football team this year accomplished a great deal. It was a great honor to be able to coach an awesome group of young men."

COACH MAPLES

"It was a great opportunity to be part of a winning program. I look forward to next year."

"COUNT ON ME"

Some of the newspaper article headlines:

Dominant Ft. Campbell Wraps Up 9-1 Season

Falcons Pitch Shutout vs. Muhlenberg South

Falcons Look to Stay Undefeated in District 1-2A

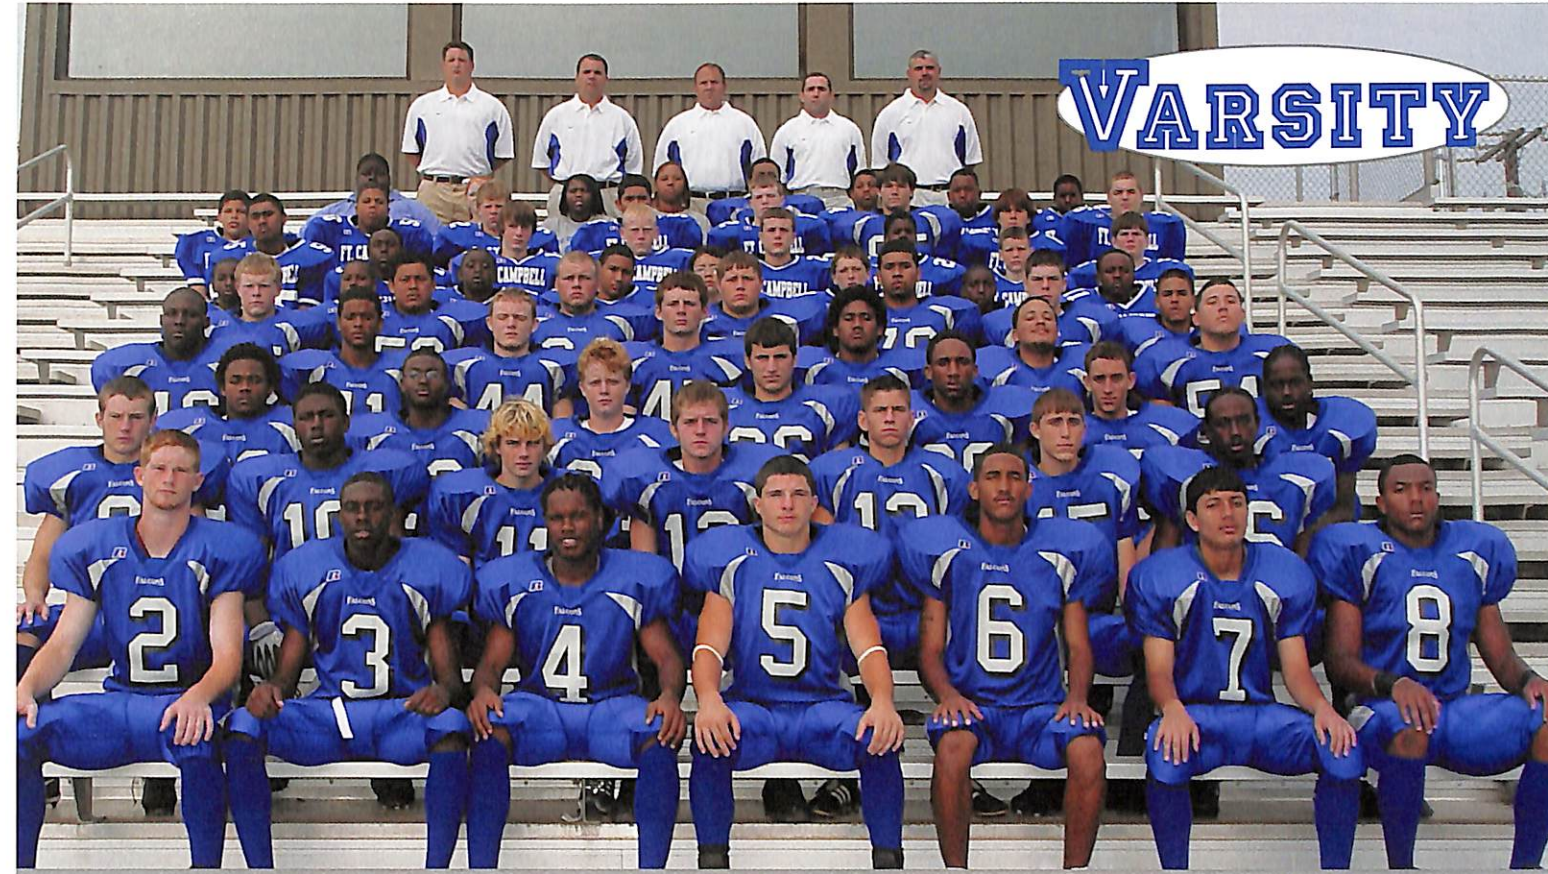

Falcons Dedicate Blowout Win to Player's Mother

Fort Campbell Jumps to No. 3 in KY Prep Football Poll

The headlines tell the story... the 2004 Falcon Football Team continued down the path to victory, forged by last year's football team. This year's team had a tough act to follow, and there was talk of not being able to fill the shoes left vacant by graduating seniors. These young men did more than prove naysayers wrong. This team pulled together and fought back through their first and only loss of the regular season, a long list of injuries, and the heartbreaking loss of their teammates' mother, Brenda Levale. The 2004 Falcon Football Team went undefeated in the district play for the second year in a row, and ended their season with an overtime loss in the second round of the State Playoffs. This team has helped to compile an amazing 21-4 record for the past two years. These young men have proven they are champions both on and off the field, and they know that when it comes down to the finish, "Count on Me" is what makes a team.

2004 DISTRICT CHAMPS!

The 2004 season has proved to be the most exciting and successful season in Fort Campbell Volleyball history. Season highlights included tournament championships at Logan County and Caldwell County, as well as a runner up finish at the Trigg County Slamfest. Alisha Levin, one of the smoothest setters in the state, led the offense in assists. The powerful duo of outside hitters Jacyntha Vaomu and Meredith Campbell "killed" other teams' defense. The big dogs, Alicia Brownell and Vickie Rausch put up a strong middle block, and defensive specialists Amanda Claytor and Sam Rosenbarger ate the ball up in the

back court, frustrating opponents' attackers. Newcomer Sabrina Vimoto was a primary passer and always threatened with her serve and attack. Jordis Nelson and Meghann Patterson provided great support off the bench, playing solid defense when given the call. Heading into the post-season, the Lady Falcons were 25-7 and en-route to winning their 1st district championship in 4 years. They won their district championship by beating Christian County and Hopkinsville. The Lady Falcons were defeated in semi-final regional play, by Henderson, ending their hopes at a state title.

JUNIOR VARSITY

This season was a huge success for the JV Volleyball team. Led by team captain Aimee Hedges, the team was always charged up and ready to play. The JV Lady Falcons only gave up 4 losses all season, dominating all other opponents, including making it to the finals of the Caldwell County SlamFest. Aimee Hedges led the team in kills, Britanie Claytor led in digs, Jackie Vaomu and Jo Collett led in aces, and Brianna McGuire ran the offense, leading in assists.

"Everybody played together as a team. They worked hard during practice and it showed during games. It shows how good they are, leading the district and region with the best record. We are proud of the girls for what they have done this season, and look forward to next season. We will have some of the JV girls back, and wish the best of luck to the girls moving up to Varsity. Most of all, keep your head up, **DO THE RIGHT THING**, and drive on...we'll see you guys next year...and we love you all," Coach "T".

Head Coach

Joel Brown

"Though the Fort Campbell soccer team had an uphill beginning, they finished off the season successfully. We worked and conditioned very hard all summer and proved ourselves as an aggressive team from the very beginning"

Assistant Coach

Patrick Puhr

"This past soccer season was a rewarding experience for both the players and the coaches. It was truly a great feeling to see the team exhibit the intensity, dedication, and skill that resulted in a winning season."

This year was a very successful season for the Fort Campbell Falcons. They had 7 returnees from the 2003 team and 5 new players from other schools. Garret Ebel, Mike Steele, and Jason Monk were three new players who made major contributions to the 8-6 record with which the Falcons ended the season. Head Coach Joel Brown said, "This past season will help us roll right into next year as a team who no longer has something to prove, but now is a team to be reckoned with."

With that in mind, it seems he has high expectations for the boys in 2005. As the year comes to a close the Falcons will be losing 6 seniors, which will give the younger players an opportunity to fill those positions. At the end of the season, the team awarded trophies to those who excelled during the year. Nate Johnson received the award for most goals scored with a record of 18 and Jason Schroeder received the award for Mr. Defense. Good luck Falcons for next year.

"There were only three of last years thirty-two players that returned for this year's season. The 2004 season was dedicated to rebuilding the team. Eventhough there were noticeable improvments, the Lady Falcon's faced elimination during the first round of the District Tournament against Christian County, ending their season prematurely. Three of the team's members were selected for the All-District Team, Crystal Johnson, Toni Haraldsen, and Becca Shultz. Falcon Basketball

2004-2005

Remarkable, Amazing, Exciting, and Record-setting are all words to describe this year's boys basketball team. Ft. Campbell High School is very proud of the boys basketball team's performance. "They have made an amazing turn-around from 2-3 years ago," says Coach Amy Sholar. The Falcons are led by Senior captains Quintel Lakes, Kenny Thomas, and Michael Walker. "The players have shown great character by hardwork and determination to turn this program around." The team has accomplished many firsts. They traveled to Marion County, Kentucky and brought home the championship over Christmas break. They won their first district since 1996, defeating Hopkinsville, and they have also had the most wins in Falcon history, finishing the season with 18. The 2004-2005 Falcon Basketball Team has definitely clawed their way into the history books.

The Varsity won its first District game against Hopkinsville early this year, and the Junior Varsity Basketball team had a lot to do with the success they're having this year. They have made remarkable improvement from the start of the year until now. They continue to improve with every game they play. JV team took second place in the Hopkins Central County Junior Varsity Basketball tournament, with rising stars like Toron Thomas, Garrett Ebel, and Durell Williams coming into their own; I look for them to be major contributors next year on Varsity and to continue to improve our program for years to come. The players now know what it feels like to walk with their heads held high, chest out like a Champion, and be proud to be a Falcon!!!

"As a whole I felt like we made a lot of progress this season. As we look back following the State Tournament I am able to say that we are a better team. Everyone on the team showed a great deal of toughness this year, from the middle school wrestlers to the Varsity captains. I think that Nate Johnson and Matt Mines deserve a great deal of recognition for leading this team in the wrestling room everyday. They, along with others, modeled the tenacity that is preached everyday in the practice room. This group of young men are truly great competitors. We have a small number of seniors which makes the future look promising. We are looking forward to working harder to make us better in the future and help us continue to build our program back into one of dominance."

"I am very excited about the 2005 Baseball season. We have more experience as a whole than in the past. Our team goal is to be competitive as much as possible and to out hustle other teams. We have made significant steps in the right direction with our off season program and we feel as a team that we will be competitive to our capabilities. We also have made some tremendous steps on upgrading our facilities thanks to our parents and supporters. The attitudes of the team are great and even getting better. I am very proud to be coaching the kids on this team and believe we are building the foundation for a solid baseball program. Returnees like Josh Duncan, John DeMoss, Cole Vincent, Jesse Jerkins, Justin Pennington, Kel Harrison, and Matt Levin will help lead this program in the right direction. Newcomers like Tim Turner, Kevin Carlo, and Steven Nunn are also great additions to the team."

TENNIS 05

BUSTIN' OURS TO KICK YOURS

Coach Demetrius Thomas (pictured at left) got the Lady Falcon Tennis team off to a fresh start. The team welcomed six returners and five new recruits to fill out their rankings. The Lady Falcons officially began their season April 4, defeating Christian County. With a loaded schedule, 15 matches total and an average of 3 per week, the girls had a lot of hardwork ahead of them. The team hoped to end the season undefeated and rank at Regionals at Henderson County in May. Newcomers: Lia Galli, Kate Vail, D'Anne Gilliam, Nicole Paul, and Angela Baxter.

This season three captain were selected: Senior Angela Baxter, Junior Meredith Campbell, and Sophomore Brittany Hays. "We were victorious as a team, taking it straight to Regionals," says Baxter. Campbell noted the great workmanship among her fellow teammates. "We're one big family, that's what I love. We all get along, work well together, and love each other." Hays, a third year player for the Lady Falcons, was excited about the season and saw Regionals as a challenge she was ready to handle. Junior and returner, Jo Collett summed up the meaning of tennis simply, "Love means nothing, passion is everything."

Track

Coach Moore

Fort Campbell Track and Field is a young team on both the boys and girls side with few returning teammates. Hard work and perserverance is the key to compete well within the region. Track and Field has a great coaching staff and with their help the students all hope to achieve their ultimate goal of being state bound.

Falcon Marching Band!

Fort Campbell High School Marching Band

What would a high school be without a marching band? This year we were blown away with the Falcon Marching Band's rendition of **MOTOWN HITS!** This year's Guard Captain was Kelsie Nelson and the Field Commander was Sophia Lopez. Mr. Hofe directed the Falcon band. "The thing I appreciated most this year was the lack of arguments. I complimented them daily on their ability to work together. I'd say it has to do with senior leadership." The seniors this year included: Brittany Latham, Madeline Danley, Sophia Lopez, Megan Cleary, Tricia-Marie Marchan and Crystle Bryan. Camille Steele, Rachel Fisher and Linsay Burnett were also part of this year's staff.

The Fort Campbell High School choir is an essential part of high school. The choir performs a Christmas and a Spring Concert and sings at Graduation. The choir performs a variety of choral literature, from Renaissance madrigals to "Hits from Grease"! This year the traveling choir had the opportunity to sing at various functions when requested. Students also have the option to audition for State and Regional Honor Choirs. This year Nicole Paul was selected for the Tennessee All-State Choir, and Satara Johnson and Nicole Paul were selected to the Tennessee All-Midstate Choir. Mrs. Schoonover is proud of the choir's achievements and looks forward to the upcoming years. Thanks to Mrs. Schoonover's guidance the choir has had a successful year.

ONE MISSION

JOHN 14:6

2004

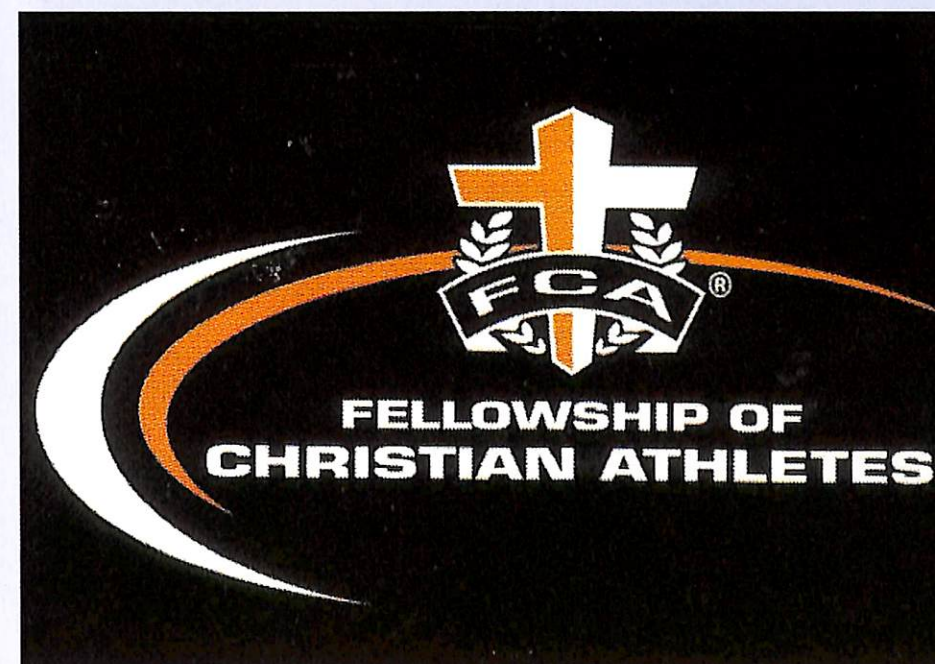

GET IT • GOT IT • GIVE IT

FCA VISION: "To see the world impacted for Jesus Christ through the influence of athletes and coaches."

FCA MISSION: "To present to athletes and coaches, and all whom they influence, the challenge and adventure of receiving Jesus Christ as Savior and Lord, serving Him in their relationships and in the fellowship of the church."

FCA VALUES: "Our relationship will demonstrate steadfast commitment to Jesus Christ and His Word through Integrity, Serving, Teamwork and Excellence."

FCA has been an establishment at Fort Campbell High School since 1963, the first year Fort Campbell had a high school. They are a group dedicated to making sure Christian athletes have a place to hang out, worship and fellowship.

Do you not know that in a race all the runners run, but only one gets the prize? Run in such a way as to get the prize. Everyone who competes in the games goes into strict training. They do it to get a crown that will not last; but we do it to get a crown that will last forever. Therefore, I do not run like a man running aimlessly; I do not fight like a man beating the air. No, I beat my body and make it my slave so that after I have preached to others, I myself will not be disqualified from the prize.

-1 Corinthians 9:24-27

National Honor Society is dedicated to scholarship, leadership, service, and character. NHS is made up of seniors and juniors, as well as sophomore inductees in the spring. These honored students strive to meet the objectives of NHS. The select members are expected to continue to demonstrate these qualities during their membership. Throughout the year, members participate in required service projects. These include a clothing drive, caroling for cans, raising money for Cystic Fibrosis, serving as student ambassadors to new students, and tutoring. Members also sold Crush cans on Valentines Day and promoted a different character trait for each month. The character traits emphasized the importance of good morals and values.

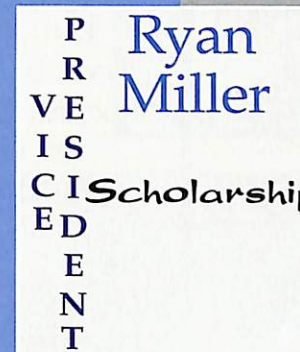

The clothing drive was a big success thanks to FCHS students and teachers!

¡Hola!

Spanish Club began the year with about forty members. A requirement to join the club was that the student must be currently enrolled in a Spanish class. Movie night was the first event. Students enjoyed snacks as they watched *Buscando Nemo*. The club's first outing was dinner at Havana Cafe, a local Puerto Rican restaurant. The next dinner was held at Pancho Villa. In December, Spanish Club donated a number of gifts to three children at the PX's Angel Tree. Members also had the opportunity to sing Spanish Christmas carols in the Maternity Ward of the hospital. During National Volunteer Week, Spanish Club also donated items to a local women's shelter. In February, Spanish Club held a potluck in which all Spanish students were invited. Señora Gonzalez served as the Spanish Club sponsor this year, and along with the clubs officers, Amber Reed (President), Nicole Paul (Vice-President), and Jennifer Shaheen (Secretary) has organized all the activities.

Student Council members were elected at the end of the 2003-2004 school year and didn't stop working until the school year ended. Student Council sponsored events like Homecoming and Spirit Week. Student Council was also the reason for those data matches that everybody laughed at around Valentine's Day, along with various other activities that they put together to ensure that the school year was jam packed with fun events.

TOP 5 THINGS TO DO AT A MEETING

#5 PLAN

S.C. plans (and carries out) many things throughout the school year, with Homecoming being their biggest challenge.

#4 GET

ACTIVITIES APPROVED

Officers must make sure that Mr. Killebrew is okay with all of our planned events.

#3 DEBATE

Like other groups of people, the proper way to decide on things is to maturely discuss them.

#2 DECORATE

From the stunning Homecoming decorations to the class hallway competition - Student Council is definitely responsible for it.

#1 KEEP MEMBERS UNDER CONTROL

A few members of Student Council were very voicy about their opinions. It was often necessary to calm them down to allow others to speak.

Teens, Crime, and Community

TCC is a service organization whose members participate in numerous activities to improve our community. Nursing home visits, contributions to adult daycares and families in need and On the Wings of Love Homicide Ceremony are a few examples of their commitment. This year they also raised money for the Tsunami Relief in southeast Asia. Not only do they help others, they also have fun. They invite anyone who likes to help other people to come and join TCC next year.

A Friend Throughout the Years...

In kindergarten your idea of a good friend was the person who let you have the red crayon when all that was left was the ugly black one.

In first grade your idea of a good friend was the person who went to the bathroom with you and held your hand as you walked through the scary halls.

In second grade your idea of a good friend was the person who helped you stand up to the class bully.

In third grade your idea of a good friend was the person who shared their lunch with you when you forgot yours on the bus.

In fourth grade your idea of a good friend was the person who was willing to switch square dancing partners in gym so you wouldn't have to be stuck do-si-do-ing with Nasty Nick or Smelly Susan.

In fifth grade your idea of a friend was the person who saved a seat on the back of the bus for you.

In sixth grade your idea of a friend was the person who went up to Nick or Susan, your new crush, and asked them to dance with you, so that if they said no you wouldn't have to be embarrassed.

In seventh grade your idea of a friend was the person who let you copy the social studies homework from the night before that you had.

In eighth grade your idea of a good friend was the person who helped you pack up your stuffed animals and old baseball but didn't laugh at you when you finished and broke out into tears.

In ninth grade your idea of a good friend was the person who walked with you to and from school and helped you with any problems along the way.

In tenth grade your idea of a good friend was the person who changed their schedule so you would have someone to sit with at lunch.

In eleventh grade your idea of a good friend was the person who gave you rides in their new car, convinced your parents that you shouldn't be grounded, consoled you when you broke up with Nick or Susan, and found you a date to the prom.

In twelfth grade your idea of a good friend was the person who helped you pick out a college/university, assured you that you would get into that college/university, helped you deal with your parents who were having a hard time adjusting to the idea of letting you go...

At graduation your idea of a good friend was the person who was crying on the inside but managed the biggest smile one could give as they congratulated you.

The summer after twelfth grade your idea of a good friend was the person who helped you clean up the bottles from that party, helped you sneak out of the house when you just couldn't deal with your parents, assured you that now that you and Nick or you and Susan were back together, you could make it through anything, helped you pack up for university and just silently hugged you as you looked through blurry eyes at 18 years of memories you were leaving behind, and finally on those last days of childhood, went out of their way to give you reassurance that you would make it in college as well as you had these past 18 years, and most importantly sent you off to college knowing you were loved.

Now, your idea of a good friend is still the person who gives you the better of the two choices, holds your hand when you're scared, helps you fight off those who try to take advantage of you, thinks of you at times when you are not there, reminds you of what you have forgotten, helps you put the past behind you but understands when you need to hold on to it a little longer, stays with you so that you have confidence, goes out of their way to make time for you, helps you clear up your mistakes, helps you deal with pressure from others, smiles for you when they are sad, helps you become a better person, and most importantly loves you!

It has been comforting to know that even through rough times at FCHS there are people who genuinely love you. I have not only learned academically; I have more importantly learned about myself and life and have been blessed to encounter amazing people. Nicki, you have been my comic relief... Napoleon Nicki!!! Hehe! I treasure our friendship-and it's because we're fat. LOL! Deleshia, we pushed friendship to every limit and learned lessons. I can't wait to see your success in the future, thank you, I love you, Kenny, we'll have to be "un-busy" in ten years to plan a reunion, it's great! You know I love ya. See you at WKU. Sophia, my NY girl, I'll be coming to visit, thank you for everything. You are something special and our friendship will continue to grow. Joanne, you are amazing, and our friendship has so much potential. I would be incomplete without you. The future is bright. To my lunch table friends, so much drama, so many laughs, "You are voted off the table," starving Jonathan, and pranks on Mr. Counts- PRICELESS! Mrs. Greene, you are my rock. I wouldn't have survived this without you. You are my "mom" and I can never thank you for the difference you've made in my life. It's been a short four years, but we have so much to look forward to in the future. Remember these things: "To the world you may be one person, but to one person you may be the world," and "Life is not measured by the number of breaths we take, but by the moments that take our breath away."

Mommy,
 Words couldn't express how grateful I am to have you as my mother. I wouldn't trade any of our memories, laughs or even fights for the world. Without you I wouldn't be who I am today. You are seriously the best mom in the world. But you aren't just my mom, you're my best friend. I love you with all my heart and I'll miss you every minute that I'm gone. You're the best mommy and you've made this journey through life great so far. You're the strongest woman I know, and I couldn't be any more proud than I already am. I've made it because of you!

Love ~ Sophia

Len,
 I'm looking forward to our future together. I love you more than words can express. You are not only the love of my life, but my soul mate and best friend. I can count on you for anything and I can tell you anything. I will be thinking about you every second that I'm away, but I'll always hold you close to my heart. I'm so proud of you and all of your accomplishments. You're such a great athlete. I'll be watching you hit some boys every Sat. when you go play college football and I'll go to as many games as I can. Remember that I will always be there for you because we will forever be together. I love you!

Sophia,
 Congratulations! This is a new beginning, a new chapter. You are heading off to live your life... much has been accomplished in what seems like too short of time. I'm prouder than any parent could be.

Love, Mom

In my daughter's eyes, I am a hero.
 I am strong and wise,
 And I know no fear.
 But the truth is plain to see:
 She was sent to rescue me,
 I see who I wanna be, in my daughter's eyes.
 In my daughter's eyes, everyone is equal,
 Darkness turns to light,
 And the world is at peace.
 This miracle God gave to me,
 Gives me strength when I am weak.
 I find reason to believe, in my daughter's eyes.
 And when she wraps her hand around my finger,
 Oh, it puts a smile In my heart.

Everything becomes a little clearer.
 I realize what life is all about.
 It's hangin' on when your heart has had enough;
 It's givin' more when you feel like givin' up.
 I've seen the light: it's in my daughter's eyes.
 In my daughter's eyes, I can see the future.
 A reflection of who I am,
 And what will be.
 And though she'll grow and, some day, leave:
 Maybe raise a family,
 When I'm gone, I hope you'll see,
 How happy she made me,
 For I'll be there, in my daughter's eyes.
 Love, Mom

Your class ring A GREAT FEELING

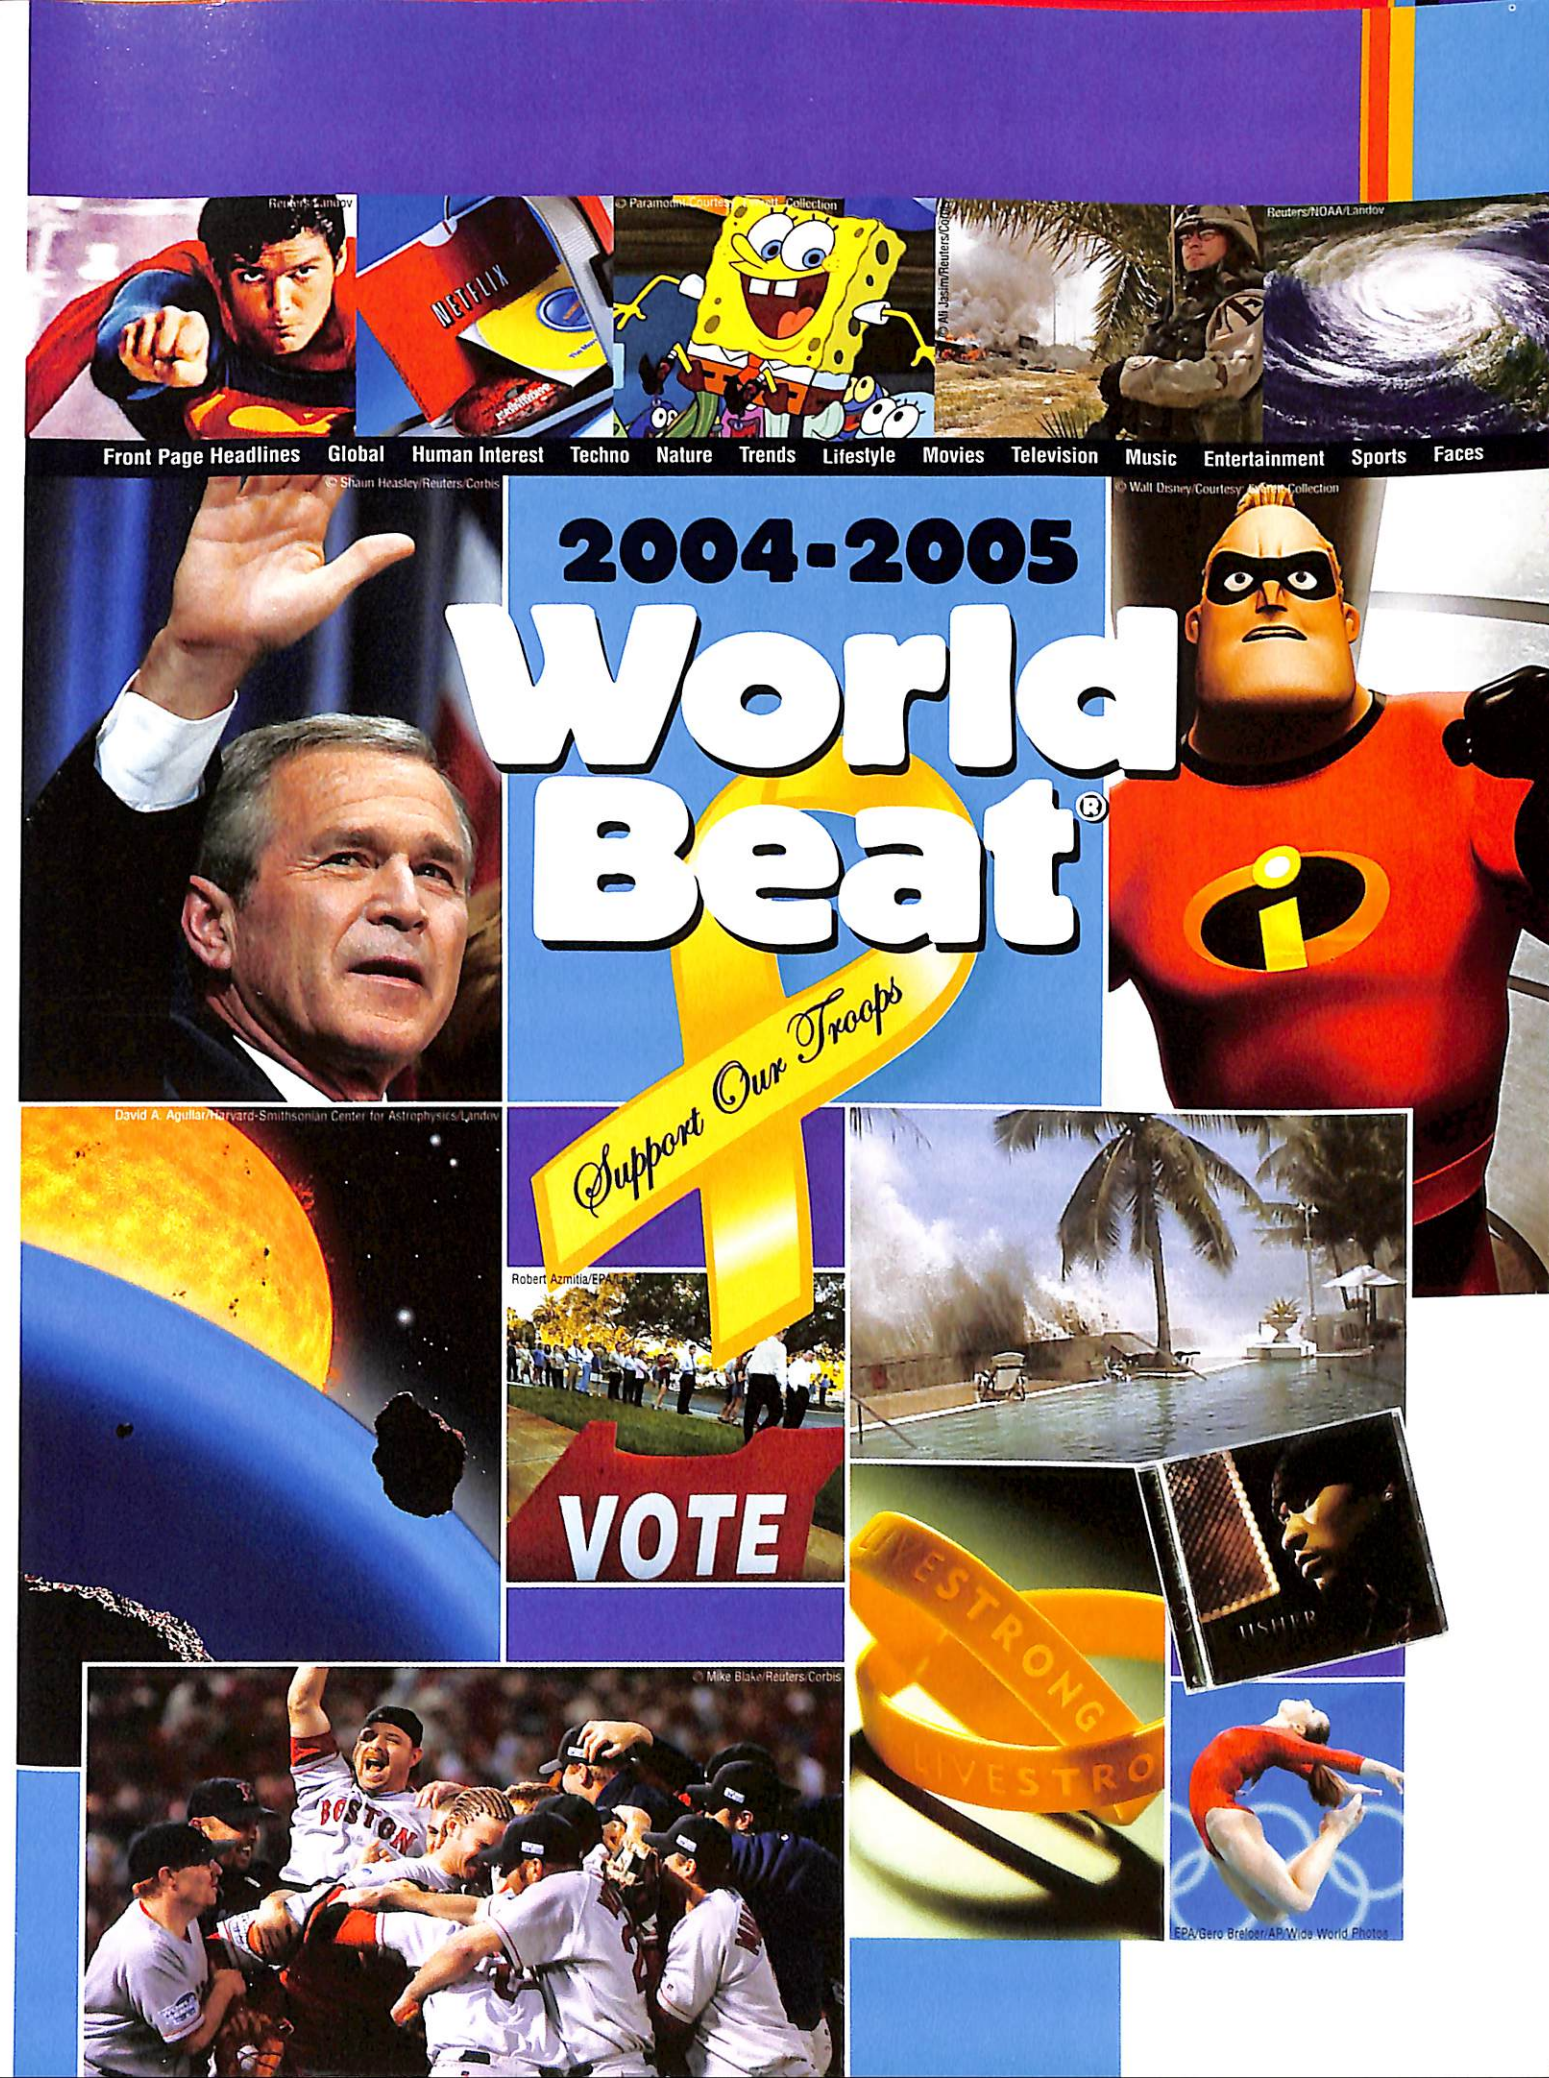

Pride is the catalyst for human achievement...the mover of minds, of muscles and most of all hearts. Your class ring is more than a mere piece of jewelry. A class ring shows Pride.

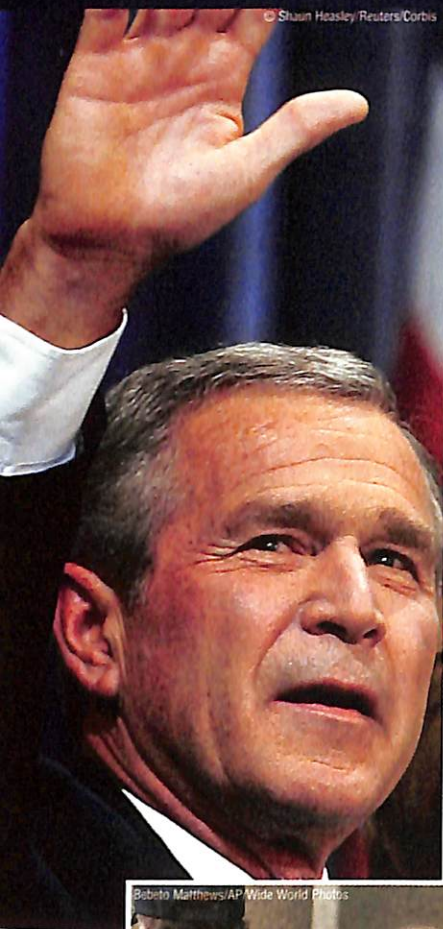

Your class ring identifies you with your school and your class for all to see. It carries with it much sentimental value and will help you preserve special memories

These include several concentric loops and swirls in different colors: a large grey one in the upper left, a red one in the upper middle, a purple one in the middle right, a black one on the far right, a light green one in the lower right, and a yellow one in the bottom left. There are also some thin, elongated loops and a few small, faint swirls scattered across the page. The overall style is whimsical and artistic.
