FALCON FORCE

2006

This school year has been action packed, which makes this year's yearbook theme very appropriate. The staffers thought that a comic book theme would allow room for more creativity and would be fun for the students. The goal for this year's publication was to make a bigger and better book which pictured students not only in an academic atmosphere, but in a social one as well. The book features new spreads allowing for more coverage of student life.

The title, Falcon Force, was chosen on the basis that the students, the faculty, and the staff are a team. Together, they overcome the changes and the obstacles of the new school

year. A new administration was welcomed and scheduling formats were altered. With thousands of soldiers deployed, students have come to rely on the school community for support.

The intended purpose of a yearbook is to chronicle the events of a society over a period of time. The staff has filled this book with pictures chronicling the lives of those within the school from August 4, 2005 to May 19, 2006 in an effort to preserve memories for all.

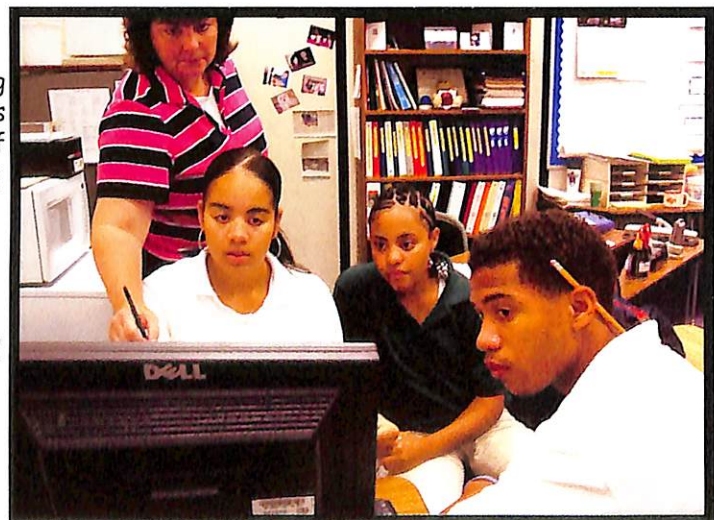

The Yearbook Staff hopes that you take pleasure in this book, and are able to relive the happiest moments of the past nine months.

Deleshia Youngblood
Yearbook Editor

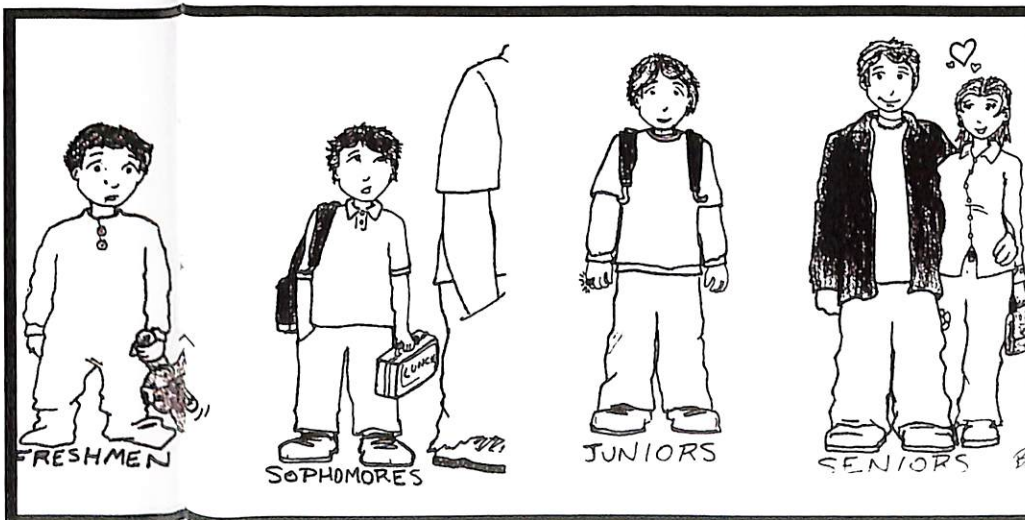

Above: Jon Campbell, Jacky Gaul, Gretchen and Gabby Gittings, and Kyle Schwenning are some of the many students who watched the powder puff games during the Homecoming Bonfire.

Right: Mrs. Gammons, a math teacher at FCHS, provides help for her students, Ebony Starke, Sandra Pappilion, and Robert Rogers. Mrs. Gammons returned to FCHS after a year absence, during which she taught at Mahaffey Middle School.

Above: Lunch is a very social time for students. They are able to sit with friends and talk. Here are a few students and their friends posing for the camera.

Right: Les Brown once said, "All of us need to grow continually in our lives." High school fosters the growth necessary to succeed in life. Not only do students learn how to write research papers, but they learn how to make important decisions. School encourages curiosity, it's growth that supplies the answers.

A LOOK INSIDE

FCHS opened its doors to over 600 students this school year, who will be acknowledged through sports, academics, or other talents in this book. Here are some of the featured students:

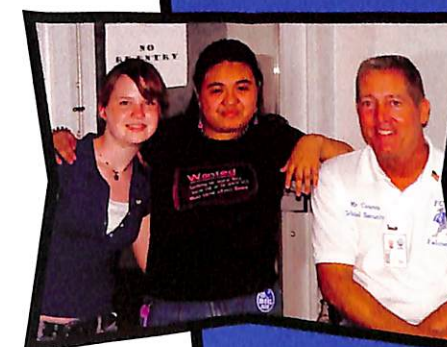

FIRST WEEK BACK

Senior Toni Haraldsen hides behind the concession stand at the Falcon Night dance. Due to the overlap of activities the first Friday back to school, the dance lacked attendance. However, Homecoming had a much better turnout, with over 300 students.

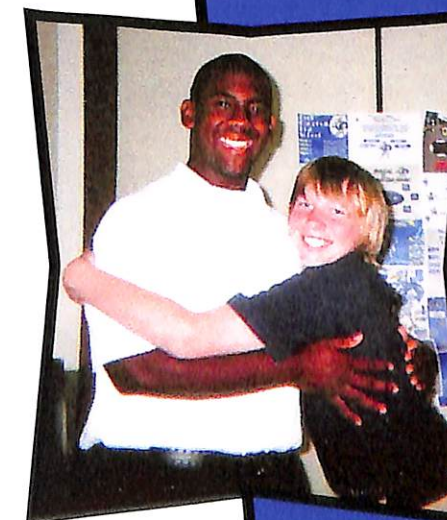

ARMY BOWL

Albert Bartee and Quentin Royster were two of the volunteers from TCC and JROTC to help MWR with hot dogs and drinks during the Army Bowl game. The game, even though delayed by storms, was packed with fans cheering the Falcons to victory.

FORMING BONDS

Jessica Wright and Erika Diego pose with Mr. Counts, the school's resource officer, displaying the bond between students and staff. Members of the faculty and staff try to make themselves available to the students for any needs they may have.

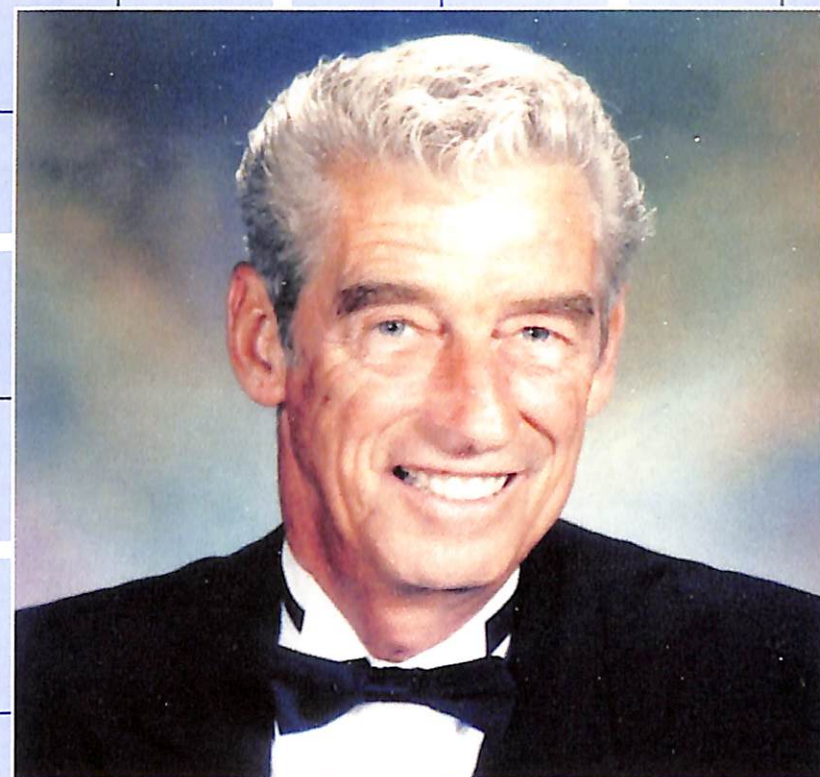

CLASSES UNITE

Senior Jesse Fox and Freshman Chris Farley exhibit the unification of classes. It is the job of older students to guide those younger than themselves in the right direction. The students can learn so much from one another if they can put aside their age differences and make an effort to form relationships.

Stan Sprague

Husband, Dad,
Brother, Soldier,
Friend

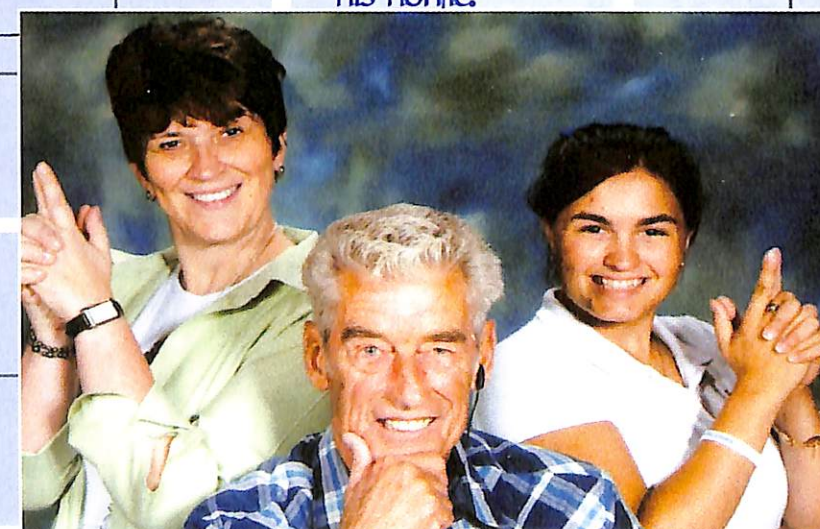

Stan Sprague is more than just a custodian at FCHS. In addition to being a husband, father, and soon to be grandfather, he has been the father figure to many students over the years. He has been there for thousands of locker emergencies, he has listened and given advice, he has always made us laugh, and he has even given his arm when a student needed an escort on the Homecoming field. Stan has also been a great friend to the members of the faculty and staff, and will be missed when he retires after 20 years of service this May.

"Everyone hears what you say, friends listen to what you say, best friends listen to what you don't say."
-Anonymous

Stan poses with his wife and brothers in front of his home.

"Stan is one of those people who can make you feel better, no matter what your predicament, and he is always willing to listen and always up for a good laugh." -Alecia Judd

English teacher Kathy Duerr only had good things to say about her friend of 13 years. "Stan is a friend to all of us at FCHS. He's here for everyone when we need a locker unjammed, a flat tire changed, a caring ear to listen, or a laugh to share. No matter where life takes us, Stan will always be a friend to us and in our fondest memories of Fort Campbell High School.

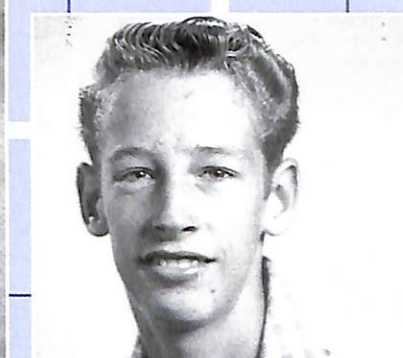

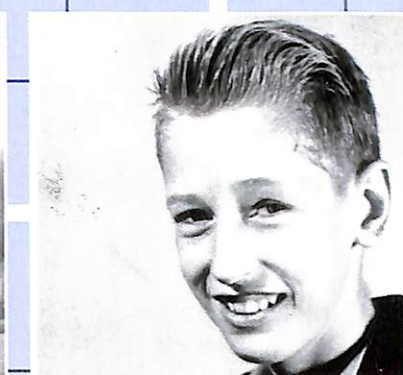

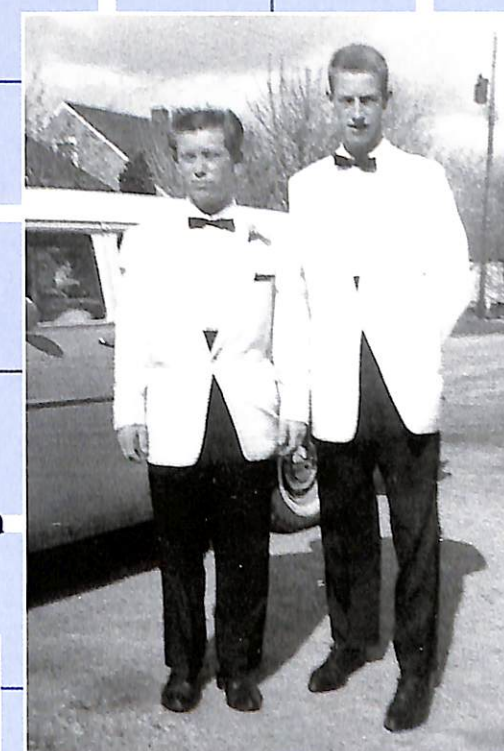

Senior Mike Steele hasn't been at FCHS as long as other students, but in his short time here he has formed a relationship with Stan. "Stan's the Man," he said. "He's always there when you need him and can always make you laugh."

Daughter Su, Stan and his wife Yong back in the day, and below Stan with his bride on their wedding day.

The career Army man in his hay day below and how we know him today far right.

Faculty, Staff, and Students Speak Out

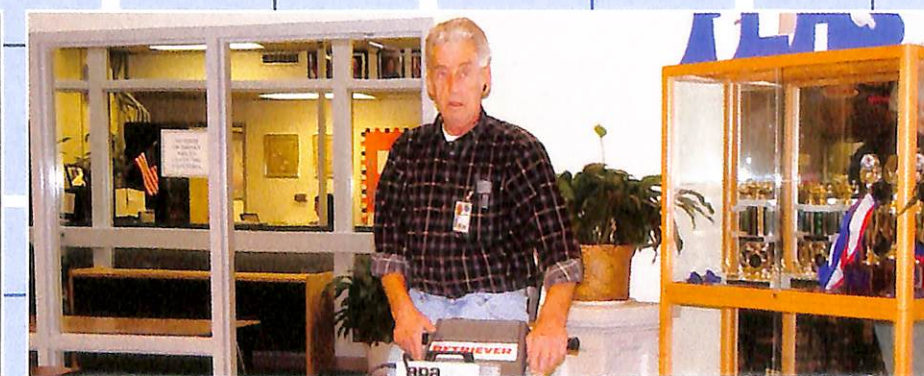

"Sunshine - That's what I call Stan because he is always smiling. To know him is to love and respect him because he would do anything for you. His sense of humor, has that been mentioned? How can you not love someone who gives you a witches broom for your Halloween Birthday?!"
-Iris Loucks

"Stan is the guy that greets you as you walk into school every morning. He puts a smile on your face even if you were having a bad day. He is the softball team's biggest supporter, and I for one will never forget him."
-Jenna Smith

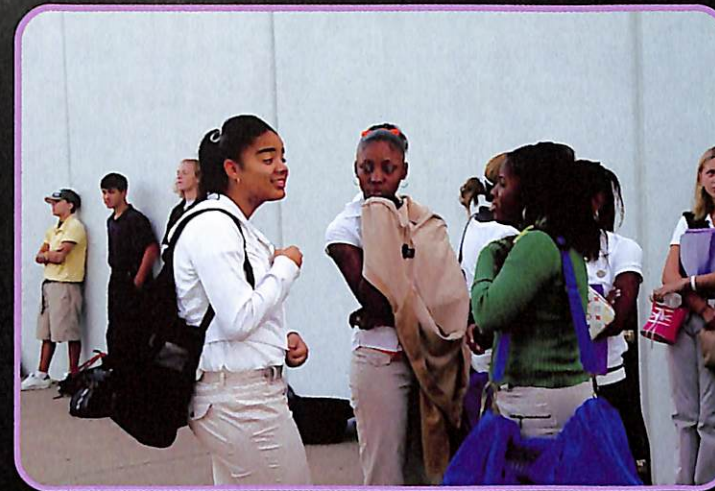

Stan's co-worker Barry Thomas had too many words to describe Stan, so he summed it up by echoing, Stan IS the Man!

"Stan has been around for so long that he is a part of this school. It's hard to imagine FCHS without Stan because 'Stan's the Man!'"
-Justin Pennington

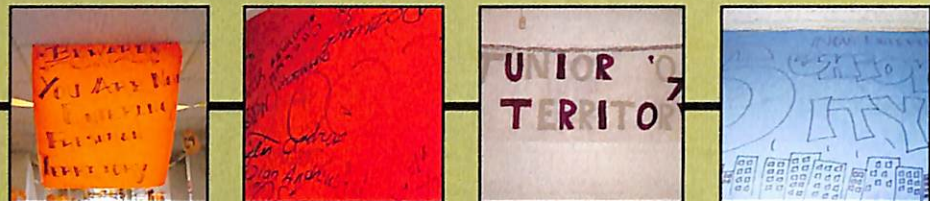

Alyce Sheets has known Stan for many years. The two have shared many secrets and many laughs. "He is the Midas Man!" We can only guess what that inside joke means.

Nine Stress Busters

TAKE A "VACATION"

Close your eyes and envision a place where you feel safe and relaxed. Breathe it in, open your eyes and take it with you. Below Nick Collett (left) and Alex Kirby (right) are doing just that!

STRETCH YOUR LEGS

If possible, go outside and take a brief walk. That is what students are doing during this fire drill.

WORK

TRY A MUDRA WHILE YOU MEDITATE

The chin mudra, in which the thumb and index finger touch while the rest of the fingers are outstretched, is intended to clear the mind and bring peace. It looks like these students are intently watching one of the coaches demonstrate on the left and in physics class below.

WORK

PLAY

LIVE

PRESS PLAY

If you put on your favorite song, or any song for that matter, you will feel differently at the end of that song. Look it up! Kelsie to sleep on this bus trip (above left) and you see how music affected these Falcon dancers at the Falcon Night Dance in August. (above right)

The Heat is Rising Students Speak Out

26%

WORK 88 out of 336 students listed school as their main source of stress overall. Most students agreed that family/parents is their next source of stress.

12%

PLAY 39 out of 336 listed exercise as a way to deal with stress, making it the number one method. Sleep was the next most popular method.

19%

LIVE 64 out of 336 students always feel stressed. Most students (122), though, responded that they only feel stressed sometimes.

WORK Stress is self-absorbing and can take over if you don't let it out in the right fashion.

Shermayne Butts

PLAY Stress is what you let it be!

Toby Farley

LIVE Stress is mostly an illusion of the mind. Picture yourself stress-free and pretty soon you will be.

Kaliegh Belda

LIGHT A CANDLE

If you like the scented variety, try lavender which is a natural relaxant.

ROLL YOUR EYES

Tired eyes can cause mental strain, so give those babies a break. Looks like Garrett Ebel (left) and Justin Pennington (right) have a firm grasp on this stress buster.

Shelly Henry

Senior

2006

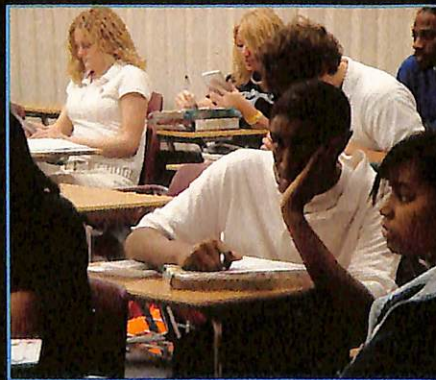

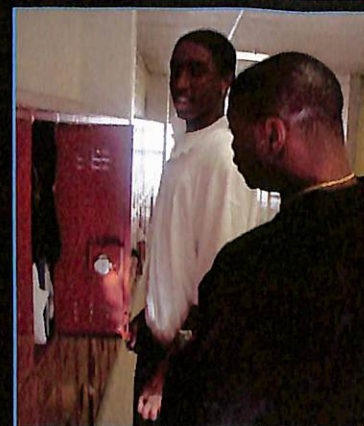

Shelly Henry, age 17, was born on August 15, 1988 in Fort Campbell, Kentucky. Some may describe this Falcon Senior as shy and quiet, but we all have different sides to us and Shelly is no exception. *Look out for the quiet ones.* This girl leads a crazy life, inside and outside of school.

Darnell Hand

Junior

2007

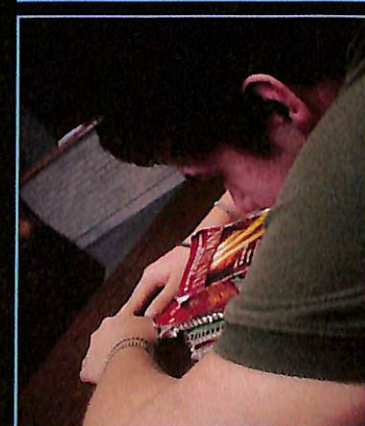

Darnell Hand, age 16, was born on June 12, 1989 in Wilmington, North Carolina. Darnell confessed that people may think he's shy, quiet, and dumb when they first meet him, but once they get to know him their perspectives may change drastically. He's the exact opposite: LOUD, smart, and an all-around comedian.

Aaron Juvera

Sophomore

2008

Aaron Juvera, age 16, was born on December 29, 1989. His favorite colors are black and red. Aaron is very quiet until you get to know him. This sophomore likes to skateboard and is a videogame-aholic. Aaron has a girlfriend named Katie. Sorry ladies, he's taken.

Brittany Heath

Freshman

2009

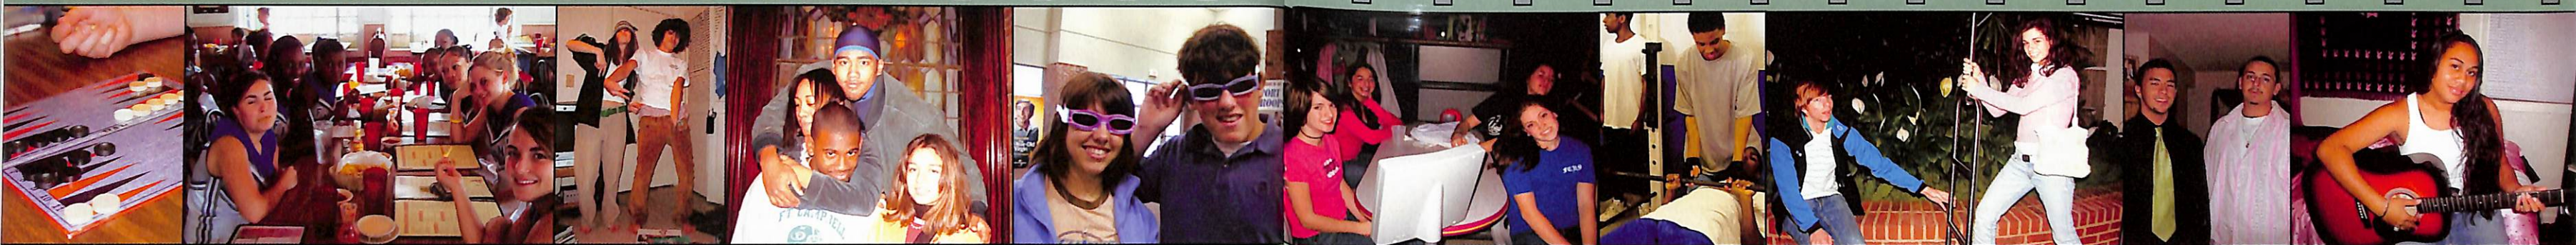

Brittany Heath, age 15, was born on November 29, 1990. Her favorite color is blue. Brittany was very nervous about entering high school, but has adjusted. She likes to play softball and Xbox. Her sister Raven is a FCHS graduate.

WEEKEND WARRIORS

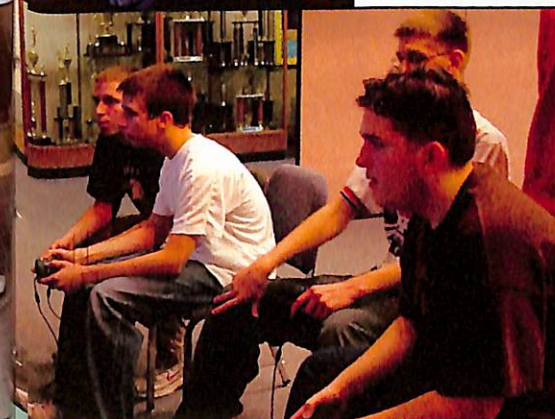

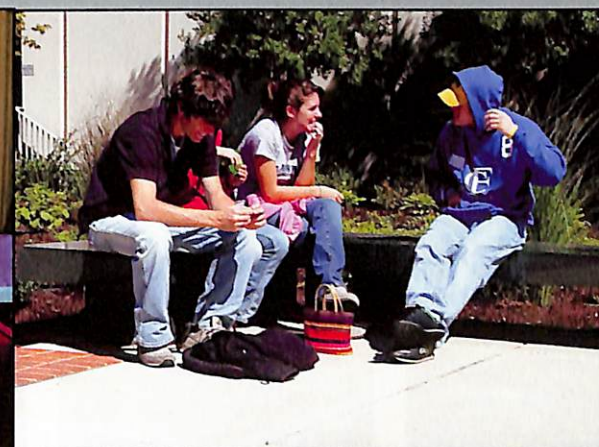

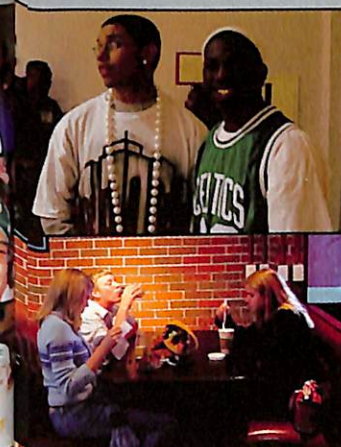

When Falcon superheros aren't training, they spend their time like most teenagers - hanging out. The number one weekend activity was spending time with friends - some of the most important people in the lives of FCHS students.

In the words of Ralph Waldo Emerson: "It is one of the blessings of old friends that you can afford to be stupid with them."

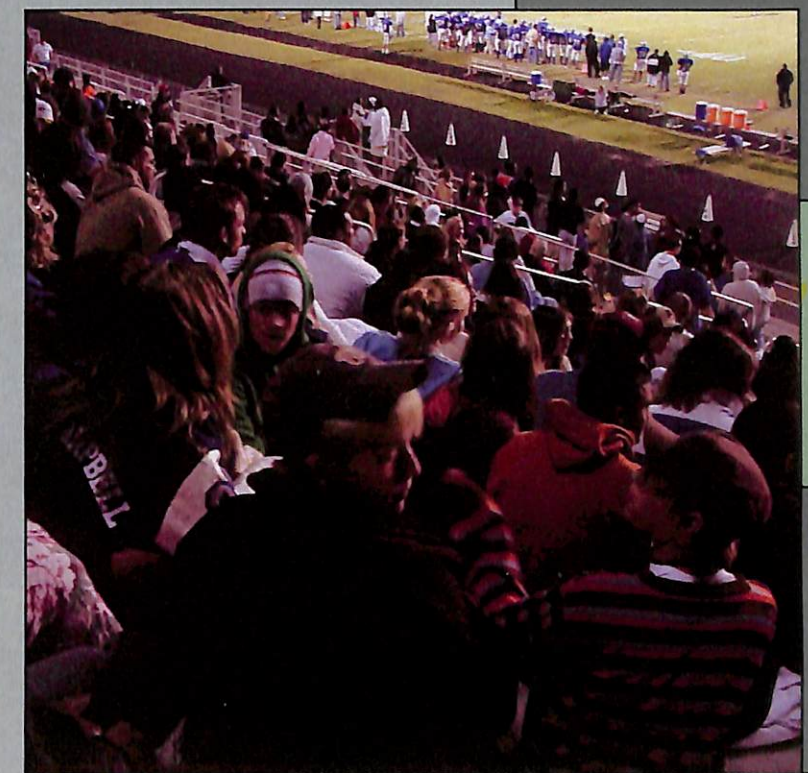

The Great Escape Theater is a popular hangout for students on the weekends. Enjoyed by movie-goers included: *Harry Potter and the Goblet of Fire*, *Saw 2*, *The Chronicles of Narnia: The Lion, the Witch, and the Wardrobe*, and *Get Rich or Die Trying*.

"I like to listen to both the radio and CDs. Right now I'm really into Ten Years (a punk band)."
- Randal Gradle
Freshman

"I play videogames. My favorite ones are action games, like *Ghost Recon 2*.
- Christopher Smith
Sophomore

"I do a lot of things on the weekend. I talk on the phone. I also like to read. Right now I'm reading *The Kin*. On Saturdays I go to the Roxy, where I act."
- Hannah Carmona
Freshman

Spirit is not scarce among FCHS students. The second-most popular weekend activity is playing or watching sports. Friday football and basketball games provide ample entertainment for those watching and participating.

Trends of the Year

The fashions that help disguise our superheroes.

"Starting school in a new state for the first time was definitely a milestone for me. I went to the same school, with the same people from kindergarten to high school. When I moved here it was extremely hard because the environment was totally different."

Ashley Adams

"At the second round for pre-lims in the 2005 track season, I fell over the 100-meter hurdles and was very disappointed. That's okay though because I'm coming back for the 2006 season for a state win."

India Allen

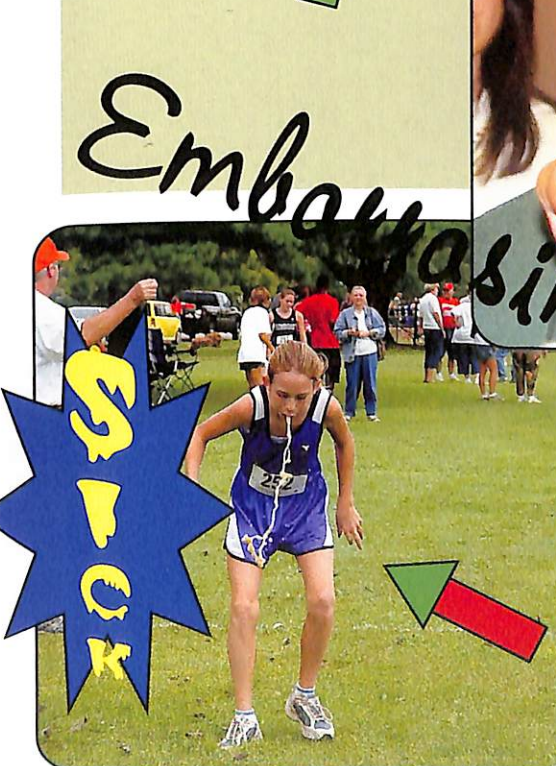

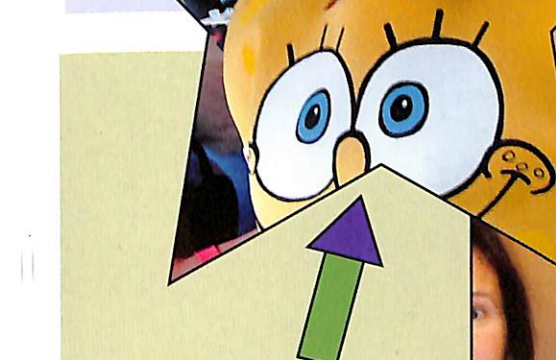

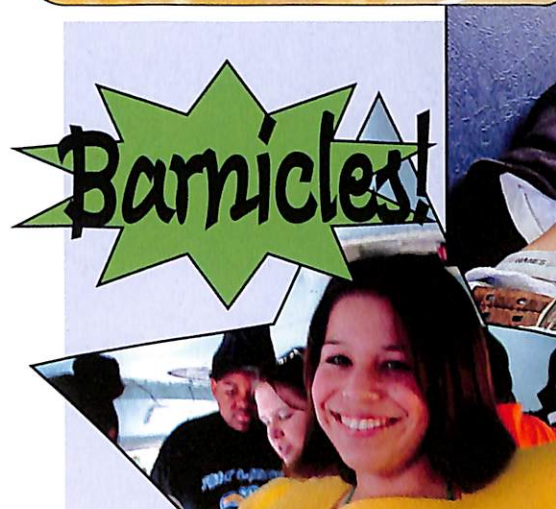

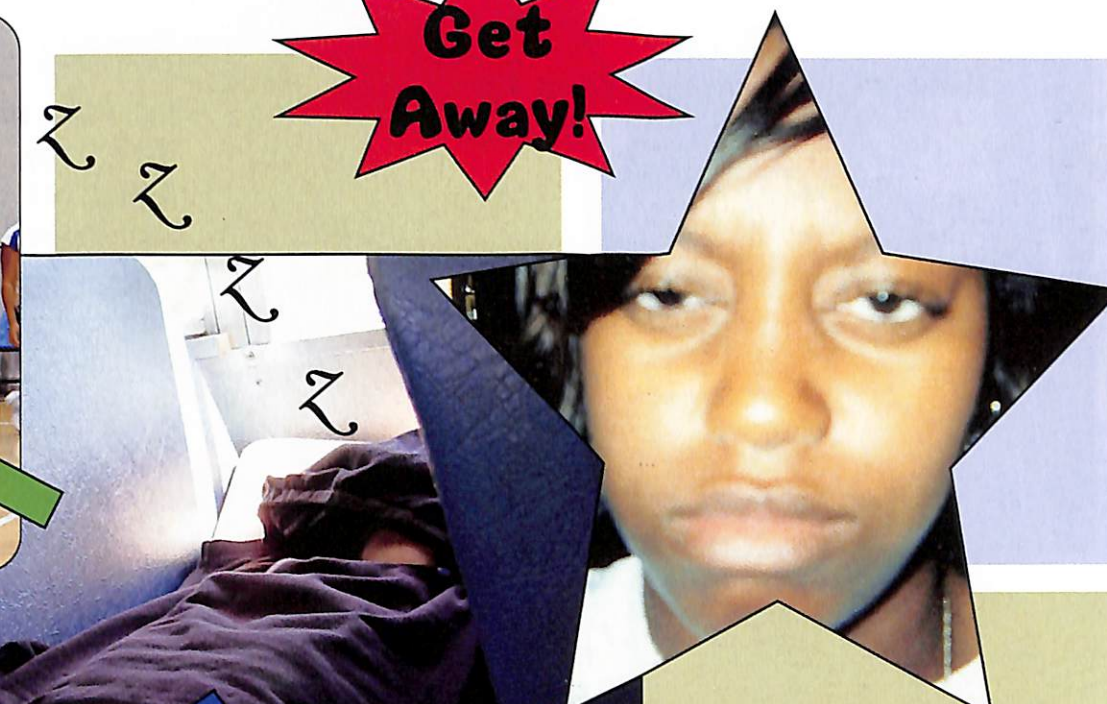

"I was 11 years old when my mom introduced my sister and I to this lady who taught Hula dancing. I thought I knew how to dance and was acting all "pro" towards my cousin. At our first practice, I liked it, but noticed how NOT so pro I was."

Beatrice Benjamin

"My milestone would be of my memories with the football team my freshman year. We were horrible and had no organization, but for the past three years we became best friends, even brothers, and the best team in the state."

Marco Copeland

"My milestone is the first time I started skateboarding at 2 years old. I've had fun ever since."

Jeff Kelly

"My milestone would be when I first started to ride my bike. I was five years old and just about ready to ride without training wheels. I was getting ready to go when my aunt pushed me and I ended up falling down a bank into a sewer."

Jackie Hayhurst

Milestone Memories

Our firsts, most memorables, and the unforgettables

"This is my first year at Fort Campbell and I'm so happy that I speak English. In Samoa, at my other school, I never spoke English. I'm not really good at it but I'm proud for making it this far."

Maiema Tuilulua

"A first in my life was winning Mrs. Covermish Hopkinsville Beauty Pageant, which qualified me to go to the state pageant in March."

Kalee Smith

"The 1st time flying a plane was fun. Landing the plane is the scariest part but taking off is easy and really cool."

Darran Heintzelman

"Surfing for the 1st time in the Atlantic Ocean was great."

Khelsea Mason

"When I first got to high school I was nervous because everyone had been telling me horror stories, but I realized it wasn't that bad and now it's a lot of fun."

Sarah Irick

"When I was in the 5th grade I ran high school track. After a long season I made it to state and placed in the top 30 out of 300 runners."

Rebecca Shultz

"My first time seeing real cars drift was exciting. I was amazed at how they got the car to slide around the corners at over 50 mph. From that point on I knew that's what I wanted to do."

Rafael Tejada

LET'S GO FALCONS!

“ Hey you know the story we'll tell the whole wide world this is FALCON TERRITORY! ”

Kathryn Strehle is one of many dedicated shell collectors here at FCHS. She now holds a record of 366 shells.

Cory Chatigny shares the wealth of his profitable collection along with his other peers, Daniel Patton, Jeff Kelley, Zach Rinestine, and Kyle Schwenning.

Beanie Babies were the most popular collected critters on our survey. These fierce beast are tamed by many including Aleia Judd, Tiffany Allen and even Frau Loucks.

It's amazing how students such as Deidre Hill master the art of the finger kickflip using Techdecks.

Unexpectedly, guys and gals such as Jasmine Burdine, Gabrielle Gittings, and Robert Caraccillo are all collectors of dolls.

FALCONS AND THEIR TREASURES

A collection is the accumulation of things that catch your interest and attain some version of sentimental value for you. Everyone needs to remember what it was like to be a kid. Maybe that is why we start collecting things when we are young. Our reasons for collecting something may all be different and we may have stopped or changed our collection patterns but we still remember them. Here are some of FCHS's collections.

There were a small amount of people who collected "antiques" such as the figures above. We found it suprising that our very own Katherine DePriest did.

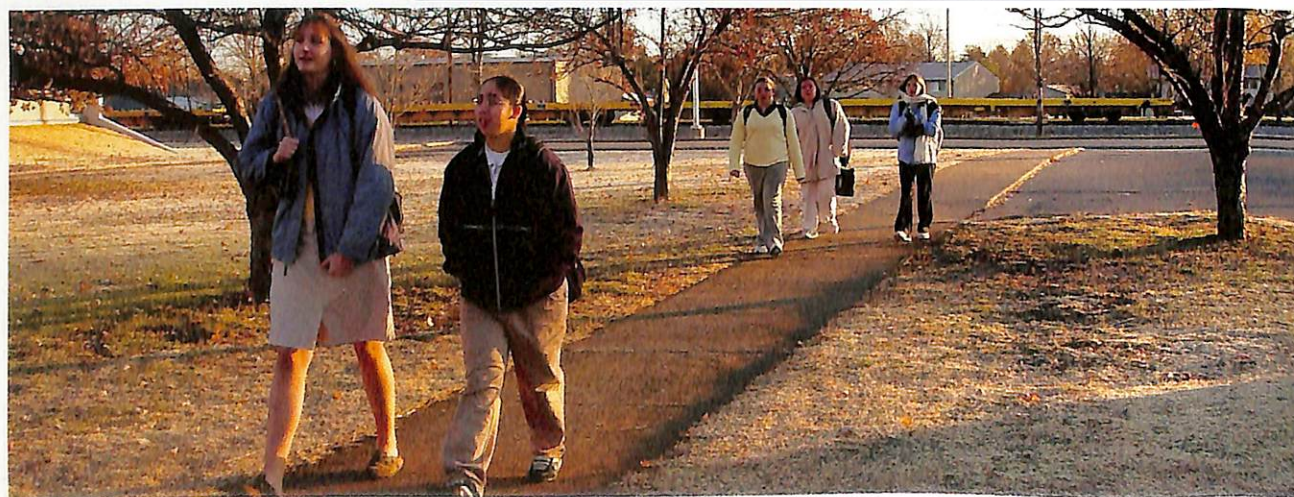

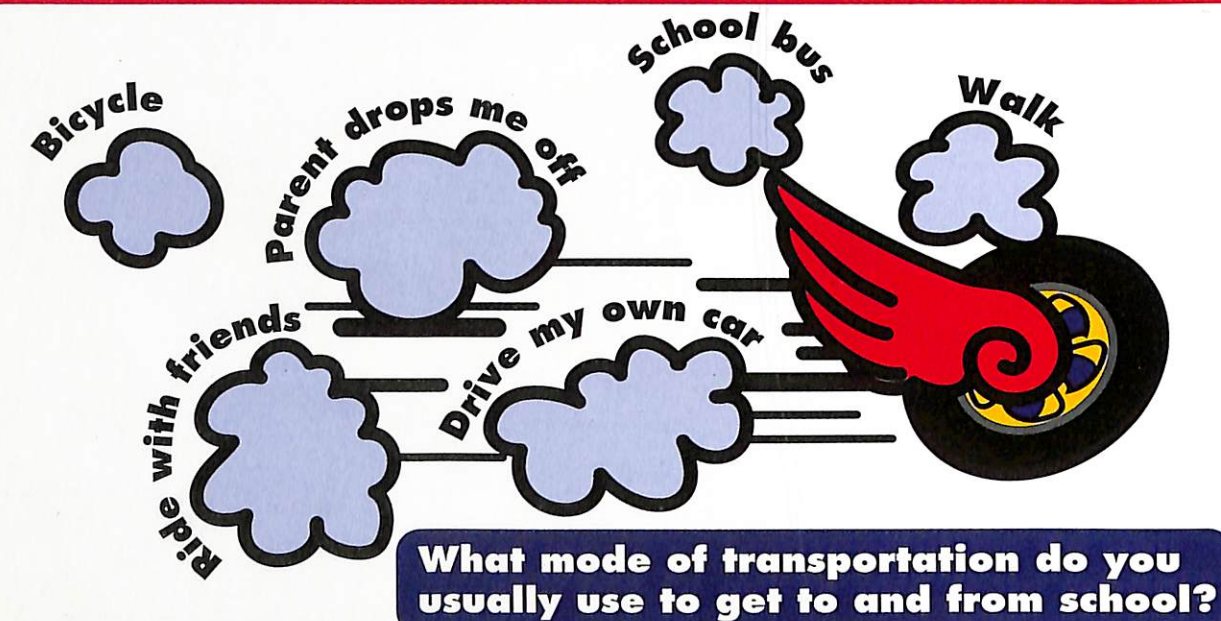

Ashley Roberts has been collecting rocks since age 4. She shares this interest with peers such as Elizabeth White, Caitlin McGuire, and Sandra Papillion.

Ashli Stalder has amassed store bought and handmade key chains as her "sacred" item of uniqueness.

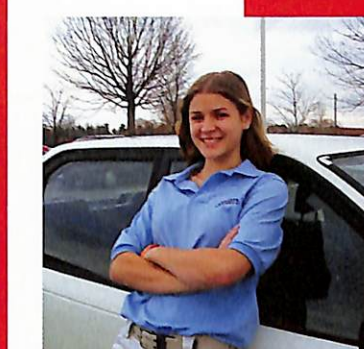

1. About 90 percent of Fort Campbell students ride a bus to school.
2. Some kids, like Samaria Crockett, try to study or do work before they get to school.
3. "I'm so glad it is a Friday. I can't wait to get home." - Elizabeth White
4. The wheels on the bus go round and round...
5. Justin Otey is one of few students who ride a bike to and from school.

Daniel Richard is one of the many students who drive to school. Students are required to park in the student parking lot located on the side of the school.

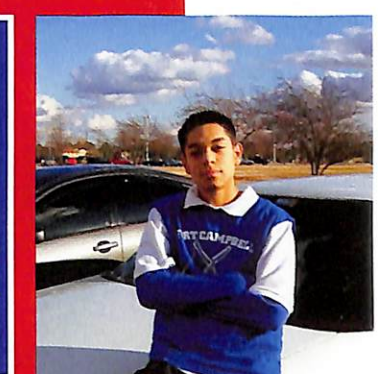

Q & A What is your means of transportation to and from school?

"I drive a Ford."

"I drive my car to school."

LEFT: Xach Way breaks the pep rally rules by bustin' a move with the cheerleaders.
RIGHT: Chris Englen pulls out his phone during class to make a call, breaking the "no cell phones in class" rule.

"I was just resting my eyes."

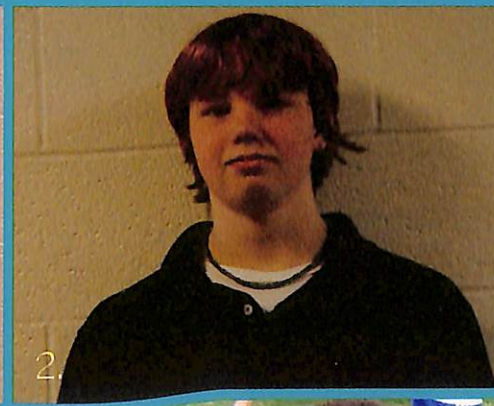

"It's not gum. I was chewing on my tongue."

"I forgot we couldn't wear that."

When students were asked what their lamest excuses were for breaking a rule, most responses were your typical lame excuses. However, some were a little bit more creative...

1. Trying to get out of being marked tardy when arriving to class, Darran Heintzelman used the excuse, "I'm not late for class, I'm just really early for the next class."

2. When Jonathon Taylor was caught not wearing a belt, he said he "sold it for lunch money."

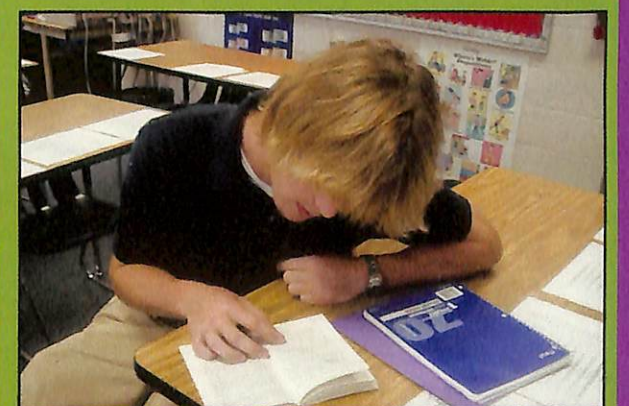

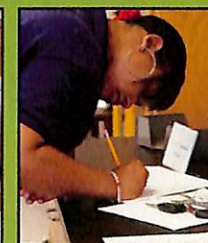

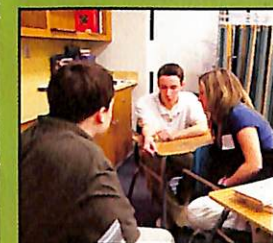

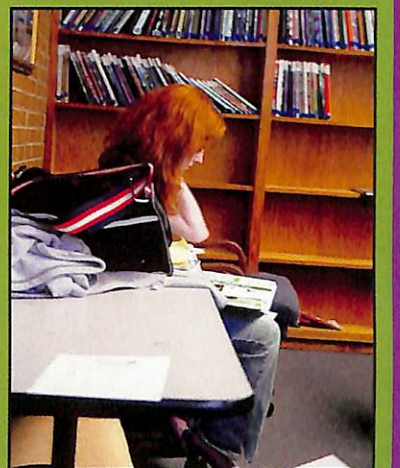

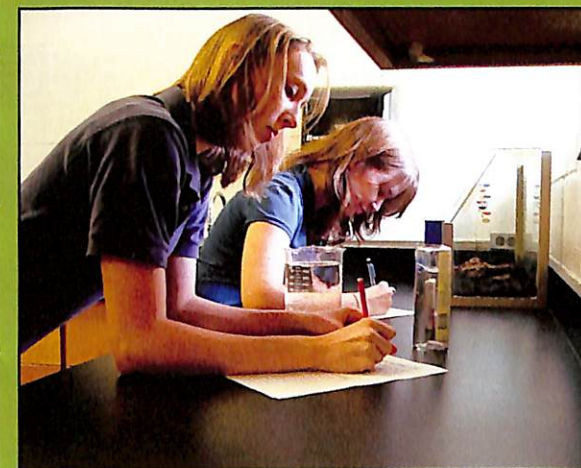

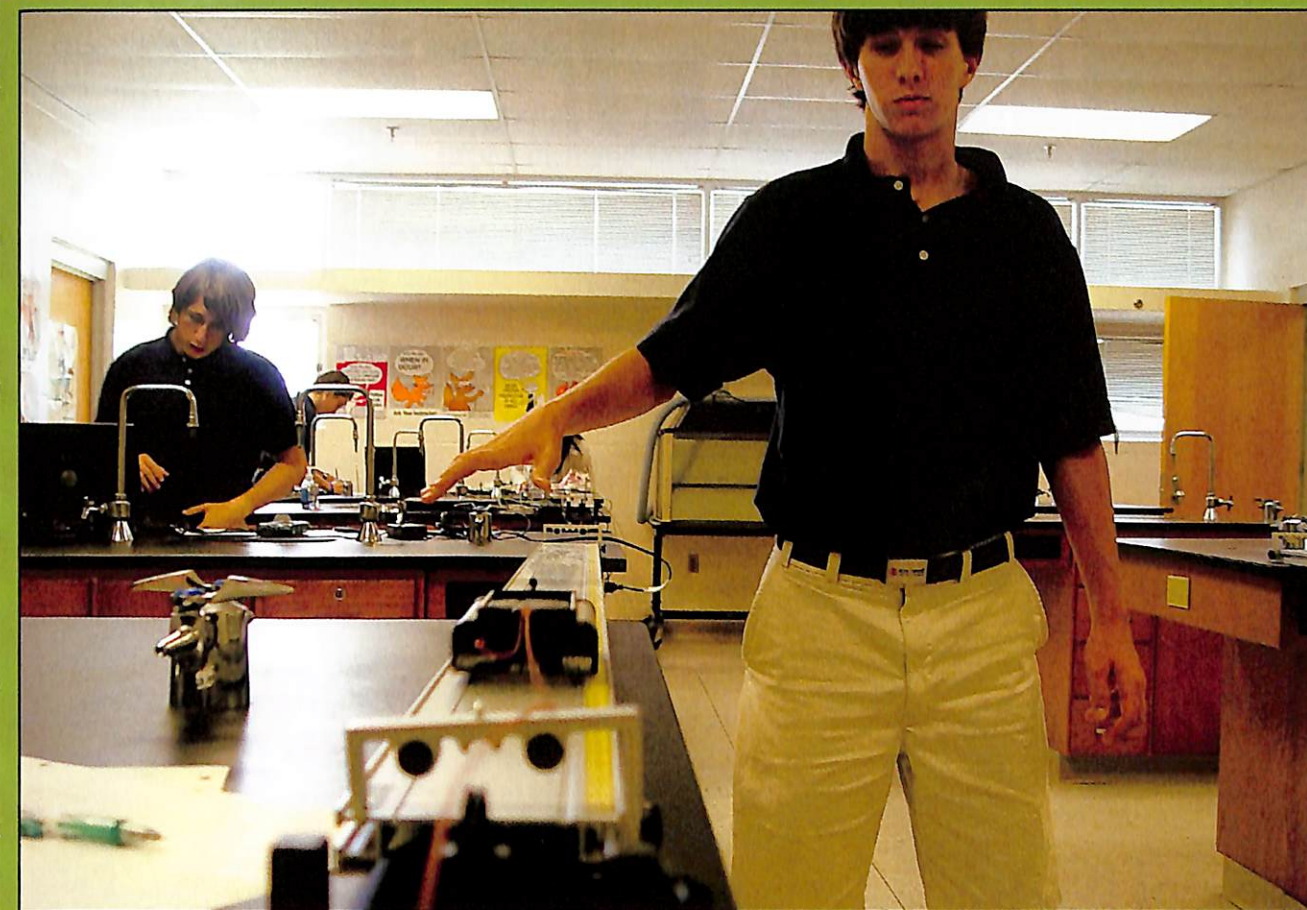

3. Mark Boroff's excuse for sleeping in class: "There was a bug in my eye and I was trying to suffocate it."

4. Justin Ringle's excuse for not turning in his homework was, "I'm Amish, I couldn't type my paper."

Meet the Team

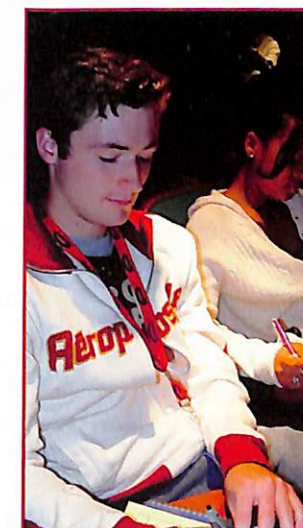

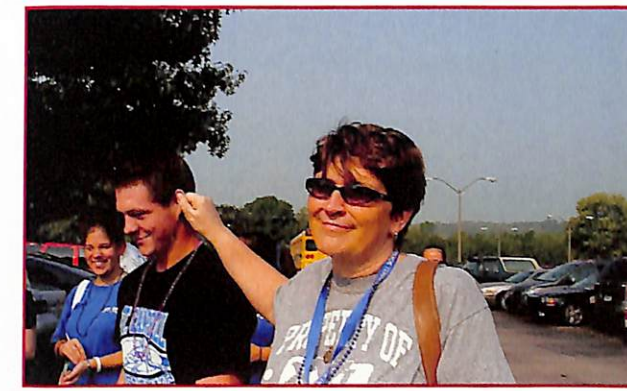

In my quest for the perfect Falcon Force, I knew I needed an army of real go-getters – recruits that could follow my orders, but also people who could lead. I needed strong men and women who could get the job done. The task was relatively simple: make a comic book themed yearbook, think outside of the box, and attempt a feat never accomplished before at FCHS.

The leader, Dee, (The Dee-leter) could read my mind. As the editor, her choices were sometimes hard. A good leader knows how to take losses but quickly bounces back for the troops. I needed another right hand for this mission, and I found her. Next, Nicole came aboard as the Master of Red Eye Removal. Kelsie was the Grammar Defender. She waved the editing wand mercilessly. Matt proclaimed himself Super Yearbook Boy with his assignment of keeping the programs running. Jo became the Index Wizard. She knew everyone's business and whereabouts. Jenna, the Photomeister, tackled her demons and the senior class with their terminal disease, Senioritis. Not a picture was safe from Andy, oh dear Andy. He was the Photostudio Proprietor. Toni, a.k.a. Go-to Girl, picked up everyone's slack. Dannyale was Recongirl, always looking for someone. Aleia secured the funds to make all the special projects happen. She became known as the Adsellinator. Samaria inherited Jo's perfectionist powers, and we named her "It's Almost Done Girl". Tiffany was a part of our advance party and always began strong. She asked the right questions to move the team forward, earning her the nickname Advancia. Hykeem, a.k.a. Make It Look Easy Man, was the zen force of the team. He never showed any sign of stress or fear. Erika, known as Firegirl, realized that our undertaking was not her mission and left to pursue other interests. Finally, there was I – the one who brought them together. I never had a moment of peace throughout this task. The team's creativity was inspiring, their work habits infectious, and their intelligence a mere marvel. The decisions were often difficult, but my choices were unquestionable.

The crew each had their individual talents, but they came together for the good of the team. My goal became their goal – to be representatives for FCHS, to chronicle the year, and create a work so out there that it would be remembered for generations. Yes they are...

CONCERT BAND

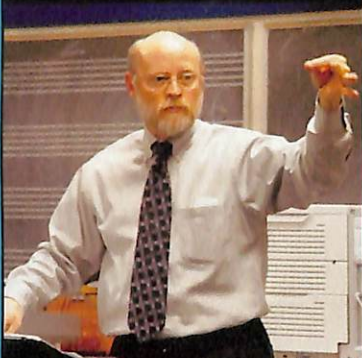

WHO Mr. Don Hofe, The Conductor!

WHAT He is the brains and leader of the Fort Campbell High School Band.

WHERE Every first and eighth period you can find The Conductor in the band room creating beautiful music.

WHEN All year long Mr. Hofe uses his amazing musical talents to teach his band students all there is to know about the wonderful art of music. Throughout the year, evidence of his magnificent leadership is reflected through his students and their performances.

WHY "I can't imagine doing anything else. I love music. I love students, and I love putting the two together."
-Don Hofe

The students that participate in the Concert Band program at Fort Campbell High School take pride in their unique styles and playing ability.

MUSIC MYSTIFIERS

The Fort Campbell Concert Band program has had a hectic year. It has been filled with extra activities, such as the Veteran's Day Parade, and it has had to eliminate some annual events, for example, the Christmas Concert in December. However, through all the stress that the year has brought upon the students in the band, they have performed to the highest of expectations and have increased their level of playing ability throughout the year.

With the 101st Airborne Division Band deployed, the Fort Campbell High School Band once again had to step up to bat and take their position at several events including the Veteran's Day Parade and the Christmas Tree Lighting.

Vocalizers

The FCHS Honor Chorus is open to students by audition only. The

chorus performs a Winter and Spring Concert, sings at Graduation, and sings at various post functions when requested. Students also have the opportunity to audition for State and Regional Honor Chorus.

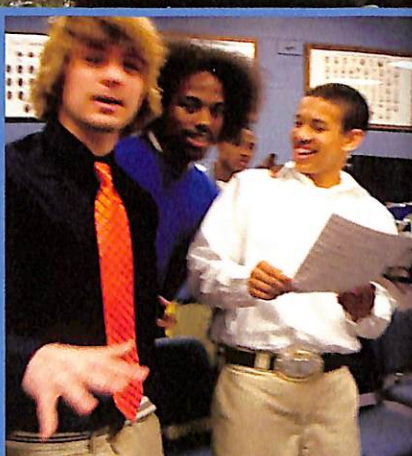

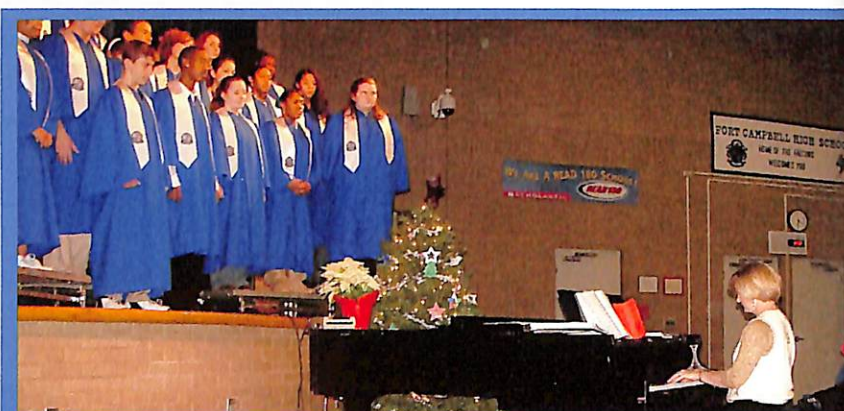

This year Chorus has many freshmen. Hannah Carmona, a freshman, says, "Chorus is much better than when I was in 8th grade. We actually sing!"

At the Winter Concert the boys had their moment to shine when they sang "Rise Up Shepard And Follow". They did so well they brought the crowd to their feet.

Kalee Smith, Amber Hutchings, and Vanessa Zepeda stopped warming up their voices for a second to smile for the camera.

Nicole Paul, CheVonne Bailey, Denise Miller, Amanda Foley, and Kalee Smith are the chorus members who tried out for All-State and Midstate Chorus. Nicole Paul made it to both All-State and Mid-State. CheVonne Bailey, Amanda Foley, and Kalee Smith made it to Mid-State. Even though Denise Miller didn't make Mid-State or All-State, she still did a great job. Congratulations ladies!

OUTstanding Director.

"This year the Chorus class did a great job. We had more boys than we have had in a long time. I am really proud of all their hard work."

Bill Gates' Rules of Life for Recent Graduates

- Rule 1:** Life is not fair, get used to it.
- Rule 2:** The world won't care about your self-esteem. The world will expect you to accomplish something **BEFORE** you feel good about yourself.
- Rule 3:** You will NOT make 40 thousand dollars a year right out of high school. You won't be a vice president with a car phone, until you earn both.
- Rule 4:** If you think your teacher is tough, wait till you get a boss. He doesn't have tenure.
- Rule 5:** Flipping burgers is not beneath your dignity. Your grandparents had a different word for burger flipping; they called it opportunity.
- Rule 6:** If you mess up, it's not your parents' fault, so don't whine about your mistakes, learn from them.
- Rule 7:** Before you were born, your parents weren't as boring as they are now. They got that way from paying your bills, cleaning your clothes and listening to you talk about how cool you are. So before you save the rain forest from the parasites of your parents' generation, try "delousing" the closet in your own room.
- Rule 8:** Your school may have done away with winners and losers, but life has not. In some schools they have abolished failing grades; they'll give you as many times as you want to get the right answer. This doesn't bear the slightest resemblance to **ANYTHING** in real life.
- Rule 9:** Life is not divided into semesters. You don't get summers off and very few employers are interested in helping you find yourself. Do that on your own time.
- Rule 10:** Television is NOT real life. In real life people actually have to leave the coffee shop and go to jobs.
- Rule 11:** Be nice to nerds. Chances are you'll end up working for one.

Stations included Uncle Sam (Taxes), Housing, Transportation, Contribution, Insurance, Clothing, and many more. While making various purchases, they must keep in mind their family, which is randomly selected. The purpose of the demonstration is to illustrate the importance of grades and their impact on future success.

Fort Campbell High School offers 12 Advanced Placement classes in every core subject and even a few electives. Each class has its own challenges, from writing five page essays to reading early American literature, from mastering a foreign language to combining chemicals, or remembering complicated equations for the rate of change in motion. At the end of the year, each student enrolled in an AP class must take the AP exam with a chance to earn college credit and weighted grades in order to boost their GPA.

"I'm only taking one AP class this year. I'm taking AP Physics because I liked physics last year, so I thought it would be fun and a challenge."

Erika Diego

"I'm taking AP English Language because it was recommended to me. They said it was a lot of fun, and they were right."

ENGLISH AS A SECOND LANGUAGE

Being a military school, Ft. Campbell is accustomed to new faces, new personalities, and new friends often. But sometimes those we see everyday forget that everyone around us isn't from the same country or even speaks the same language.

Studies have shown that stress greatly inhibits language development and all learning. ESL is here to provide an atmosphere that sharpens English skills as well as other academic areas. Mrs. Darlyn Allen has taken on this responsibility as the ESL teacher and comments on how she has the best job in the school system.

"Remember: all of our conflicts are in foreign countries where the people don't speak English. ESL is a great support for the families of soldiers who are of non-native speakers of English, who provide our US military with a wealth of service."

LOOK WHO'S TALKING

"ESL is fun but boring at the same time. I miss the culture and customs back in Panama most of all." Elizabeth Button - Panama

"I've been here for 3 months. Missing my friends isn't that bad, but it's sometimes hard to speak English all the time rather than German." Kevin Kuhl - Germany

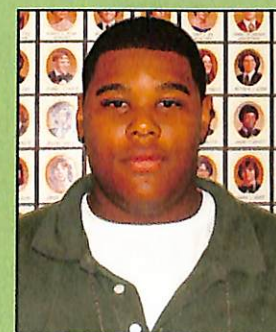

"Learning English has helped me for the past 6 months. It takes a little off my mind when I miss my parents, the beach, and culture back in Samoa." Maiema Tuiluluu - Samoa

1) "Feel the burn!" Crunches are a part of warm ups at the beginning of class. 2) Shooting hoops isn't the only activity available on "Free-time Fridays." You can walk, run, play volleyball, or work in the weightroom. 3) Kickball is part of the curriculum in Fielding Sports because it teaches the principles of softball and baseball. 4) "Now how much do I need to lift to look cool?" 5) Before participating in activity time students must run for five minutes. 6) "Come on Coach! I want to play. I'm getting tired from sitting here." 7) On "fitness days," students participate in a variety of activities including weight lifting. 8) Butterflies aren't the only bugs students might find in gym class, especially if the class goes outside. 9) "Don't you wish you had these biceps." 10) Whoosh! Look at Wes run!

FITNESS MASTERS

"I take gym because we need it to pass high school. I guess it's cool, but it's harder than middle school."

Lemonte Watson
Freshman

"I take PE because I have to. PE is okay, I don't like to run, however, it is different from sitting in a desk all day long, and it is good exercise."

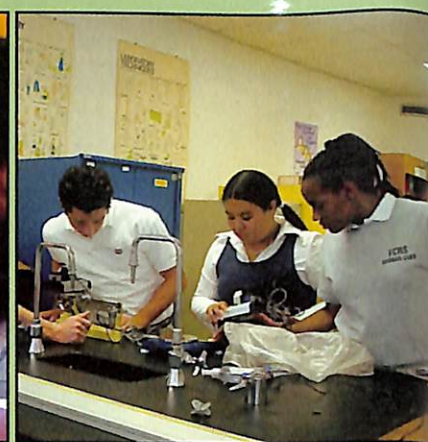

Courtney Nichols
Sophomore

"I'm taking PE because I needed a credit. I like it sometimes, but I'm not sure if I'm going to take PE past the requirements."

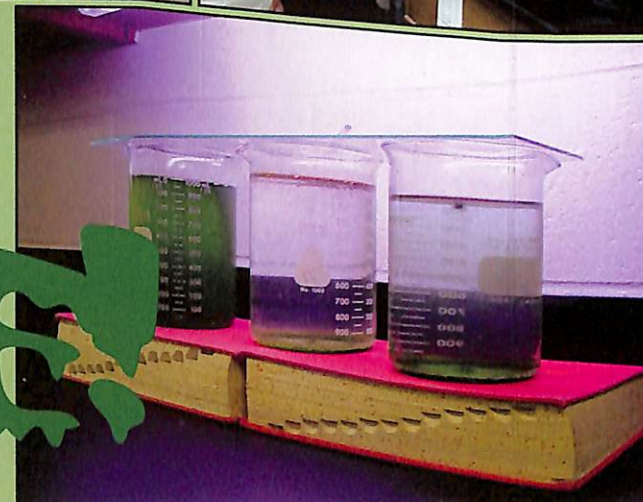

Cory Chatigny
Junior

Every student attending FCHS must take at least three semesters of PE. There are many different courses available for the student body to choose from including Lifetime Sports, Conditioning, Personal Fitness, Fielding Sports, Target Sports, Net-wall Sports, and Dance.

The girls have worked hard this season, and have met their goal to make it back to State, with a 4th place finish at Regionals. The squad was fairly young this year. Juniors Margaret Oates and Rebecca Shultz anchored the team, providing the leadership for the younger girls. Freshman Kelsey Fish also had a great top position on the team. Rounding out the team were Freshman Ashleigh Sketch, eighth graders Emily Kelley and Erika Wildcat, and seventh grader Alex Farley. This season provided many challenges for the girls but through a lot of hard work and determination, we made it through a long, tough season.

-Coach Bosch

The Falcon football team entered the 2005 season with high expectations and a #1 state ranking. After a summer filled with camps and long practices, the Falcons started the regular season with a 27-8 win over Paducah Tilghman. The win gave the team momentum as they cruised to a third straight district title and a 10-0 regular season record. The Falcon offense led the region in points, while the stingy defense topped the region with only 87 points allowed. Although the state title eluded the team, the Falcons proved that they are one of the top programs in the state.

"The season turned out great even though we didn't go to Louisville. We still had fun and at the same time it was exciting."

FOOTBALL CHEERLEADING

Going to the game, who ya gonna see? The Falcons, the Falcons, so shake it cheerleaders!

With a new coach, new freshmen, and a male cheerleader, who came days before camp, the football cheerleaders had a long season ahead of them. It started with summer camp where they were the smallest squad with the least experience. However, they came home with the leadership award, the most prestigious award given, four all-stars. The cheerleaders worked hard all summer to prepare for football season by learning new stunts, doing more jumps, and working harder on tumbling. The cheerleaders enjoyed a great season full of fun, memories, and food.

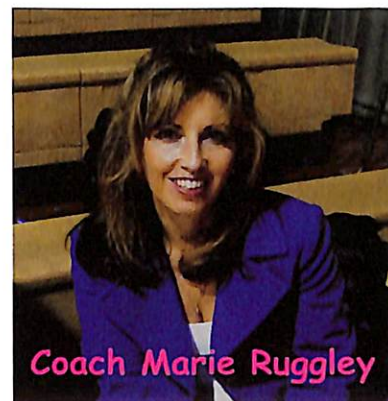

Senior Aleia Judd has cheered for three years, and this is her second year as captain. "I really like cheering, and I really like being captain because I enjoy helping the team be the best they can be."

Junior Jasmine Nobel has cheered for two years and this is her first year as captain. "The beginning of the season was a struggle, but the outcome was A-W-E-A-A-A-SOME!"

Junior Elizabeth Gaspers-Lund has cheered for two year, and this is her first year as captain. "This season was amazing. From fish faces to hand shakes to those crazy sayings and the nasty camp food, the ten of us were the best."

Back row: Breona Carter, Trevor Hager, Clarrissa Jeffery Middle row: Jazmine Nelms, Ricketta Bryant, Jasmine Nobel, Ambra Nobel, Shardae Davis, Elizabeth Gaspers-Lund Front row: Aleia Judd and Annina Ruggley

The basketball cheerleaders eagerly await the beginning of a cheer at the December 11th boy's basketball game.

I decided to try out for cheerleading because I have done it in the past and I thought it would be a great way to end my senior year.

Thanks so much girls. You were so great. Thanks for the support when I got hurt and all the fun on our van rides. Thanks coach for teaching us so much. I'll miss you girls.

Nina Ruggley

JV and Varsity UNITE!(To spread school spirit.)

Try-outs ended a month before the very first game, so the new basketball cheerleaders had a lot of work to do. After selecting captains, splitting the team into two, and working without one of the coaches, the girls worked long and hard for their first game, and all of the games that followed. They supported each other during tough times and laughed with each other during good times. Through their hard work they experienced a great season and created some lasting friendships.

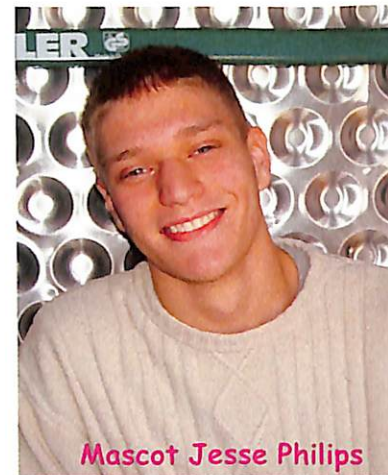

Senior Aleia Judd was selected be captain for Basketball Season. "I was honored to be selected for this position especially since I have never cheered for basketball before. I was very excited about the new team and I am glad that I was a part of such a fun team."

Senior Breona Carter has cheered for 2 years and this is her first time as captain. "Being captain is a big job. It takes a lot of time, patience, and effort ...But hey, somebody's gotta do it. (lol)"

Nicki Reed is a first time Fort Campbell Cheerleader and the JV Captain. "No matter what size or shape you are, you can do anything you put your mind to. I tried out for captain because I thought I would make a good captain and a better cheerleader."

BOYS' BASKETBALL

Team. Team. Team!!!!

With a nine player rotation, it's no wonder the Falcon Boys Basketball Team is giving their opponents a run for it. So far this year the boys are 11-6. The boys started the season with some new players and finished with a new attitude. TEAM, TEAM, TEAM!!!

"I enjoy playing with the team. I hope to play with them next year because were going to be cold!"

1st year player, Guard,
Robert a.k.a "Robbie" Townsend

"After the success of this season, I think that we are just as or even more successful than last year. I enjoyed this year, especially since it's my last. I wish luck to the upcoming players and hope they carry on the tradition."

Guard,
Garrett Ebel

"I love the boys and they're a lot of fun. They made my last year enjoyable especially since it's my first year playing."

1st year player, Forward,
Micah Johnson

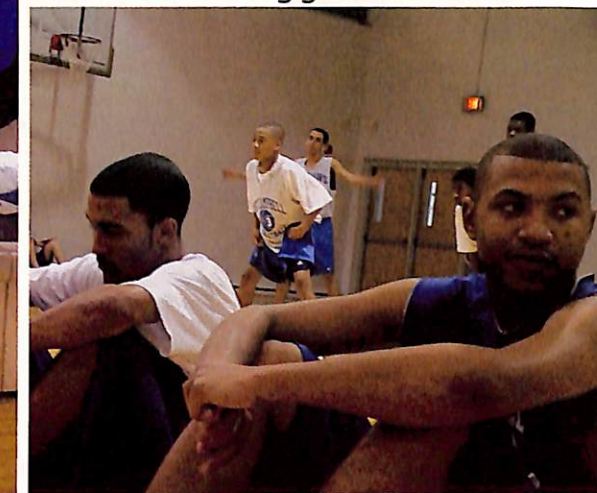

"I want to finish out our big games and especially beat UHA in the state tournament. So far the season has been fun. We're like brothers, there are always good times and I love em' all"

Guard,
Marco Copeland

Taking a breather from a hard day's practice, Robert Townsend and Micah Johnson have an ice down and a good laugh.

Maybe it's a crossover or just a no look pass that Marco Copeland and Branden Ward are thinking about at practice before the big game.

With no seniors on last year's team, the Lady Falcon basketball team returned four of five starters who set out to improve on last year's record. A new coach and a new point guard presented a good opportunity for the team. The girls took advantage of this big break, earning more wins than the previous year.

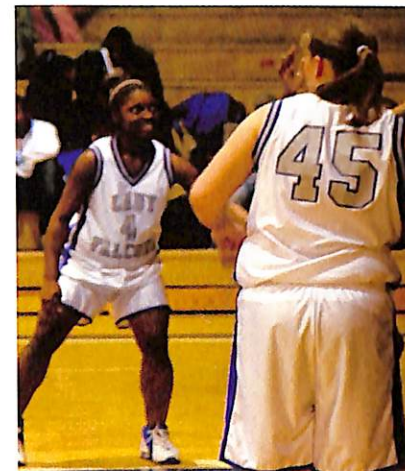

"I do whatever I feel like, GOSH!!!"
- Lindsey Handley

"The season was definitely better than last year because I had a lot more fun. I'm going to miss laughing and clowning around with y'all."
- Dannyale Crawley

"I thought this season was great and I hope there are more like it to come."
- Tyriana Frazier

FAB FOURSOME

Taking time out to have fun

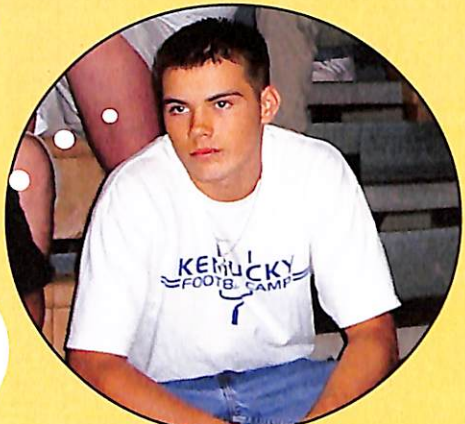

It's not everyday that a person plays a game of bocce ball. Kennesha Hill, Andrew McFarland, Derfamyar Pratt, and Marchelle Watson took the game as a challenge and had fun. They also took time out and participated in Special Olympics Bowling. Their teachers, Mrs. Lewis, Mr. Hayes, and Ms. Embry, were there to support them all the way.

Another year is over. Another new beginning has ended. Here's to the good times and the bad. The moments given to us will always be ours forever - they can never be erased or taken away. People will change. People will leave. Houses will be torn down. But the memories created by each person will forever be a part of the ground we walk on.

To all my friends and people I have met over the years - you are the reason I have succeeded. I never would have made it this far without you - all of you. It doesn't matter if we never talked or even could stand each other. You made an impact on my life regardless.

"Will I bid you adieu or will I be seeing you soon? If what they say around here is true, then we'll meet again - me and you." ("Idiot Prayer" Nick Cave and the Bad Seeds)

If I Could Be...

Of all the superheroes, I would be Captian Canuck. For one, he's Canadian. Secondly, he lives in a futuristic world where Canada is the most powerful nation. Most importantly, he is reincarnated and fights a biker gang.

Superhero Strengths

1. Being open-minded
2. My lack of "cool" uniform clothes
3. Driving a van
4. My writing ability
5. My small ears

If A is success in life, then A equals x plus y plus z.
Work is x; y is play; and z is keeping your mouth shut.
-Albert Einstein

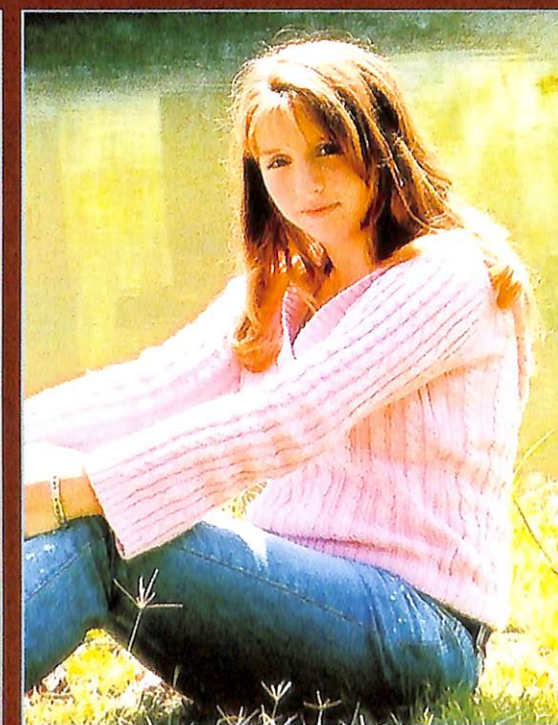

If I Could Be...

I'd be Shadow Cat from the X-Men if I could be a superhero. She's smart and she can turn invisible and pass through solid objects like a ghost. To have that kind of power would be awesome because I would never have to worry about being late or locking my keys in my truck.

Superhero Strengths

1. Varsity Volleyball
2. Varsity Tennis
3. German Honor Society
4. National Honor Society
5. Yearbook

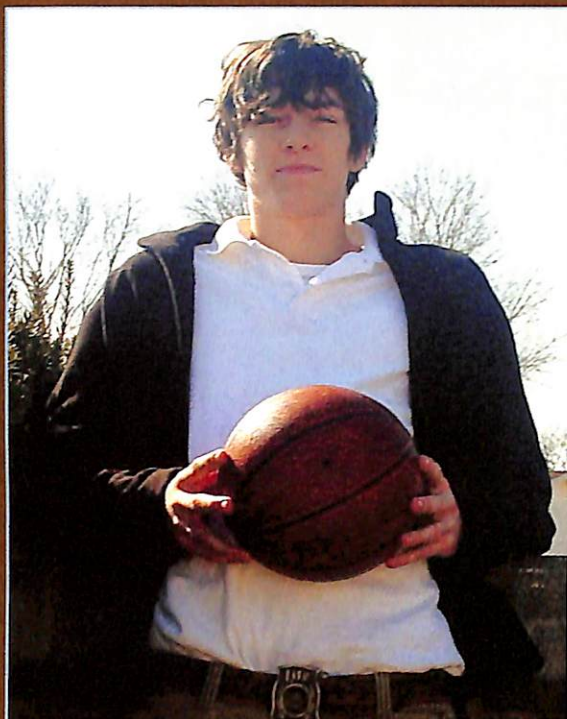

First, I'd like to thank my parents, who have inspired me and have been my guides. Thanks, I don't know how I could have made it without you! To my brothers, thank you because you both have taught me patience and made me practice and use my patience more times than I can count. To my friends, its been great and you have definitely made my high school experience fun, and I know we just can't wait to get to college! Last but not least, to my boyfriend, thank you for being there for me and supporting me. I couldn't have asked for anyone better! I would like to give some final words of advice, "Take time to work because it is the price of success. Take time to dream, because it hitches the soul to the stars."

For two years I have walked the halls of Fort Campbell High School, and it seemed as though this day would never come. But now it has and I'm graduating. I would first like to thank all of my coaches and teachers who have pushed me to be a better student, athlete, and person. Ms. Ladd, Mrs. DePriest, Mrs. Butts, Mrs. Greene, Coach Brown, Coach Gammons, T-Bone, Dr. G, Dr. Peavie, and so many others - I can't thank you enough. Next, I'd like to thank my Mom, my Dad, Seth, Brooke, and Megan - you have always been there for me no matter what and I love you. Seth - Stay focused in school. I know you will have your fun but stay focused; it will pay off in the end. For my friends, I'll miss you all and I know I'll be seeing you on the outside - GO FALCONS!

If I Could Be...

If I could be any superhero, I definitely would not be Spawn because all he does is copy other superheroes. In no way are his powers original. He camouflages himself like a little woman and can't even beat puny little Spiderman in a fight. I would be The Flash and run circles around Spawn and all his powers would become worthless - just like him.

Superhero Strengths

1. Six foot two and a hundred and sixty five pounds of twisted steel and sex appeal
2. Ms. Ladd's favorite T.A. ever
3. Best S2S President ever
4. Quiet and reserved until you know me
5. Quick witted with a good sense of humor

#5 Joanne Gomez

I can't believe its finally over! These past four years have gone by fast and slow all at the same time! I am excited to leave but I will be sad to leave home and leave some of my friends behind. Mom, I will miss you so much! You are truly my best friend. I love you. Kelsie, you have been my rock this year. I couldn't have made it without you. I can't wait until we both get married and live down the street from each other! Mrs. Greene, thank you for all the words of wisdom and thanks for always worrying about me even though you drove me crazy sometimes! No one will ever understand. Everyone that I didn't mention - I love you! Always remember, "Everything will be fine in the end. If it's not fine, its not the end."

If I Could Be...

If I could be a superhero I would be Mighty Mouse because good things come in small packages!

Superhero Strengths

1. NHS Secretary
2. TCC Executive Committee Member
3. Always smiling and laughing
4. Caring
5. Short!

Strength does not come from physical capacity. It comes from an indomitable will.
-Mohandas K. Gandhi

Crafty men condemn studies; simple men admire them; and wise men use them.
-Francis Bacon

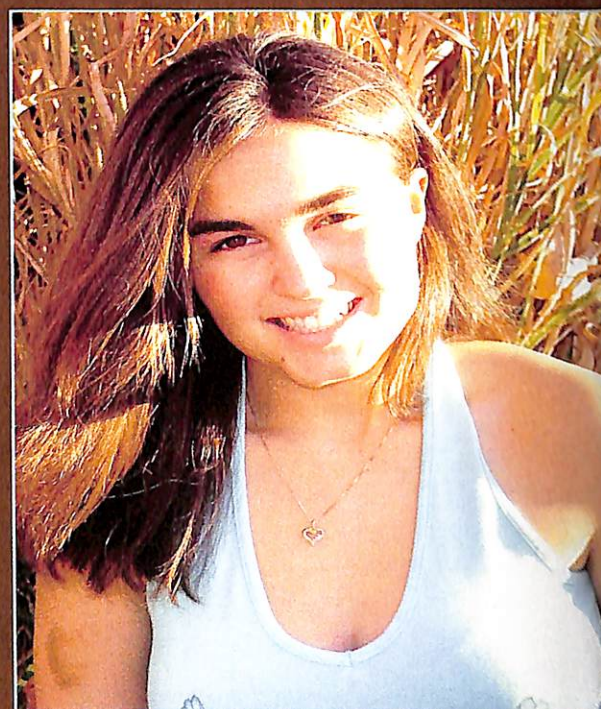

If I Could Be...

If I could be any superhero, I would be Batgirl because she is smart, athletic, and can take care of herself without Batman's help. (Otherwise, I would be the pink Power Ranger, but Deleshia gets upset when I want to be the pink power ranger.)

Superhero Strengths

1. Rock and Roll Cheerleading Captain
2. Student Council President
3. Peppy Nerd
4. Deutsches Madchen
5. Friend

"Go confidently into the direction of your dreams." - Henry David Thoreau. It's funny, the things I complained the most about, in and out of class, are probably the things that are the most vivid in my mind. It's the little things like, "Confucius say...", trying to get Mrs. Greene off the topic (which was usually a success), and meeting deadlines in Yearbook and Blue Review that I will miss the most. I will also miss the teachers who pushed me, taught me, and only expected the best of me, thank you. I will miss my parents who always supported me, were always there for me, and always loved me no matter what I decided to do. Thank you so much, I will greatly miss you next year, but I know that you will be with me in spirit. Finally, I will miss my friends who supported me when I needed help and made me laugh when I wanted to cry.

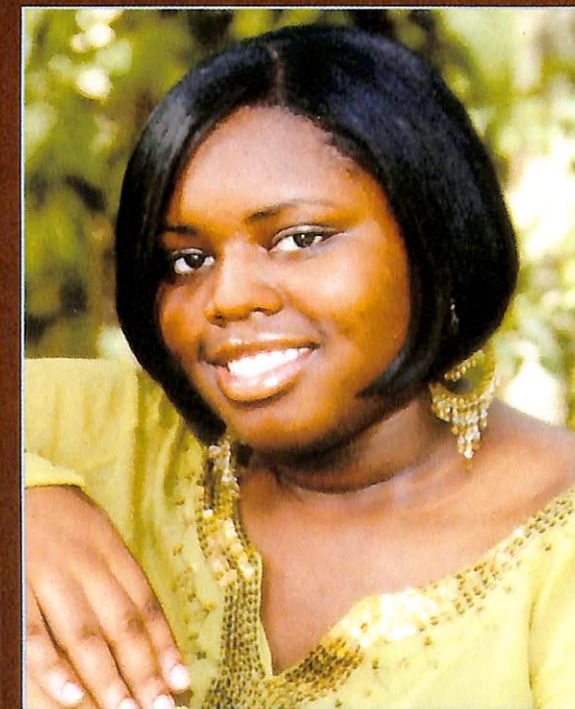

If I Could Be...

My favorite superhero is Storm from the X-Men. Storm has a quiet demeanor but if you push her hard enough, she can generate lightning and cause a torrential downpour. Furthermore, she beautifully pulls off white hair. I think it would be totally boss to be Storm because I could change the weather to fit my needs and fly around to wherever I needed to go. It doesn't hurt to be able to create a blizzard the day of exams. (I would have liked to be the original pink Power Ranger, but Aleia doesn't let anyone else be that Ranger.)

Superhero Strengths

1. My sweet last name
2. My funky fresh graffiti Chucks
3. My eclectic personality
4. My totally random and pointless stories
5. Perseverance

I realize that these words aren't that important and probably few will read them, but I want them to reflect who I am. People call me Deleshia, Dee, and the most shouted, YOUNGBLOOD. I am the daughter of two very loving and supportive parents who I will continue to thank for the rest of my life. I am the student of many teachers who I cannot thank enough for their support and encouragement. I am the friend of many who have put up with my whining and complaining, my "questionable" driving, and my sarcastic comments. Thanks, I appreciate it and will always be there when you need me. Lastly, I am the person before you today because of the people I have met and the experiences I have had here at Fort Campbell, and I wouldn't change anything that has happened over the past four years.

#6 Deleshia Youngblood

#7 Jennifer Shaheen

So, lucky number seven. Right. Now to thank the people who made the high school experience a whole lot better than it had any right to be. My "core group" from this summer, I'll cherish every memory from Hayden at BK to our late night talks at Nicole's. My friends from school who provided welcome distraction from classes, you always kept me smiling. My brilliant and fantabulus (tell me when to stop) teachers who helped me whenever I needed help. And finally, dear FCHS! I've done a lot of growing up inside your walls and looking back, I wouldn't change a thing.

"This is not the end. This is not even the beginning of the end. It is instead, the end of the beginning." -Anonymous

God Bless the Class of 2006!

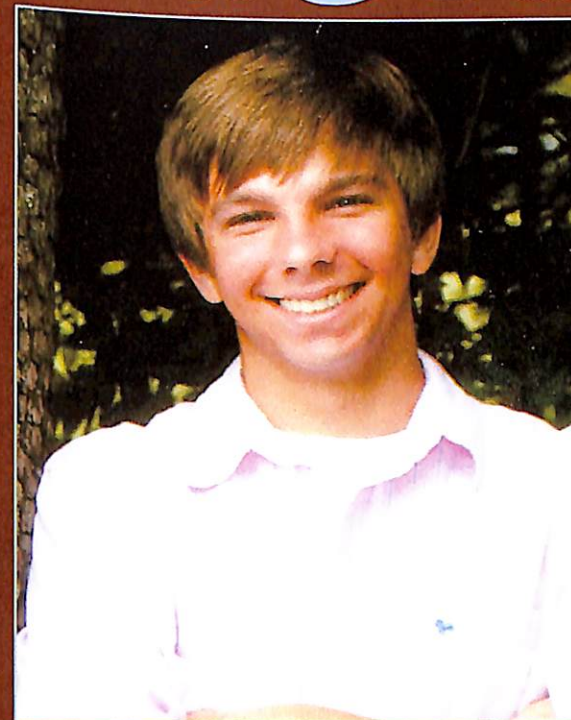

If I Could Be...

I would be Jubilee (Jubilation Lee) because she seems to be a strong and confident woman, and she gets to be Wolverine's unofficial sidekick.

Superhero Strengths

1. Kind
2. Tenor Saxophonist
3. Sensitive
4. Spontaneous
5. Outgoing

#9 Jason Monk

First off I would like to thank all of the teachers I have had at Fort Campbell, especially Ms. Ladd, Coach Berner, Ms. Watts, Mrs. Duerr, Ms. Garrett, and Coach Weaver. Adios to my A.R.P. friend Joanne. It has been fun hanging with you in middle school and high school. Stay in touch. I would like to now thank the most important people in my life, my parents. They have always told me school comes first. My mom has always been on me and my school career from the beginning. I remember those summer days when no other kids were thinking about school, and I was inside doing flashcards. Thank you for everything, Mom and Dad. I owe all of this to you guys.

If I Could Be...

If I could be a superhero I would be one of the Teenage Mutant Ninja Turtles, preferably Michaelangelo. I don't know if they are considered superheroes, but they protect society. They are crazy, fun, and they eat PIZZA while still helping others. Who doesn't like pizza?

Superhero Strengths

1. Varsity Soccer Player
2. National Honor Society (Historian)
3. Outgoing
4. Funny
5. Beautiful

Work smarter, not harder.
-Ron Carswell

Perseverance is the hard work you do
after you get tired of doing the hard
work you already did.
-Newt Gingrich

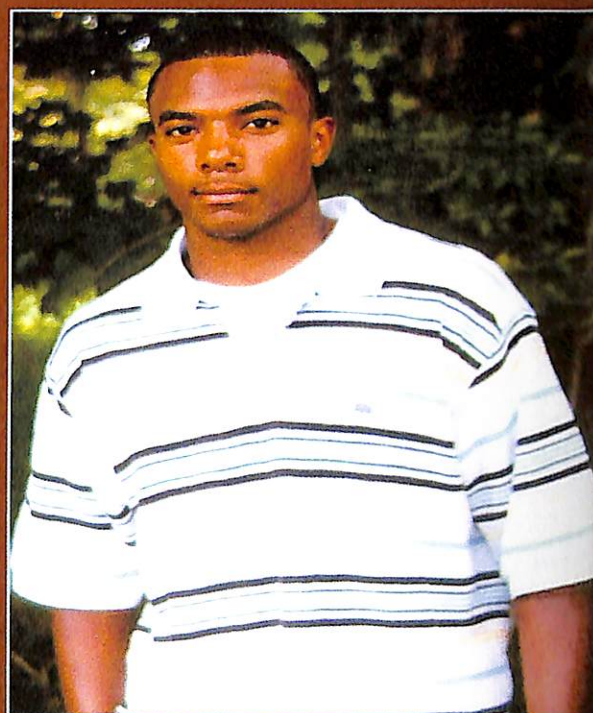

If I Could Be...

If I could be a superhero I would be Superman because he is strong, fast, dependable, cunning, intelligent, and he's good with the ladies!

Superhero Strengths

1. Varsity Football
2. National Honor Society
3. National Spanish Honor Society
4. Student to Student
5. Well-mannered

As quickly as it started, it has come to an end. These past four years have flown by and it's finally time to begin a new chapter in my life. Believe it or not, I didn't know if I would even make it this far. The journey thus far has been enjoyable and filled with memories that I will cherish forever. There are so many people who have contributed to my success, but I think my parents, myself, and God have made the most significant impact. I thank my parents for continually supporting me and being there for me over the past 18 years. I thank myself for striving for excellence and never being satisfied. Last but not least, I thank God for blessing me everyday. Well, I guess I'll be seeing you guys around. Continue to work hard and stay focused. Go Irish!

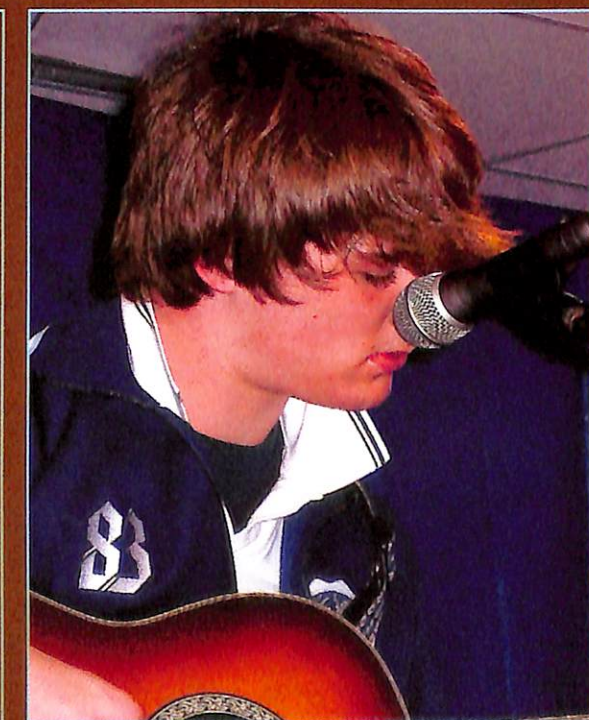

If I Could Be...

If I could be a superhero, I would be Spawn. He can do anything other superheroes can do plus much more. Especially lame 'wanna be' superheroes like the Flash. Spawn is a real superhero. The black and white suit attached to his body and the enormous cape flowing behind him is by far the best ever. I would be Spawn because the Flash is "just a leeeetle guhrrl!"

Superhero Strengths

1. Play and write music on piano and guitar
2. Sing and write lyrics
3. Love to cheer people up by making them laugh
4. Social
5. Good at doing as little as possible

Well, it's finally over! Thanks to all of the people who have tolerated me over the past two years. Fort Campbell High has had its ups and downs, but all in all, it has been a great place to end my high school career. The friends and memories I have made here will last forever. I'll never forget all of the teachers who helped me to stay on track and mature a little bit. Dr. Peavie, thanks for all of the guidance and teachings on how to be less abrasive. Coach Brown, thanks for all of your help on and off the field and also helping a couple guys do some recording. Frau, thanks for putting up with me in class for two whole years and making German class both fun and educational. Mrs. Greene, thanks for all of the college advice, and to all who plan on going to college, take AP English Language. It's been real, and fun, but not real fun, goodbye.

Well guys, it looks as if senior year is finally at an end. No more high school. This is a bittersweet feeling. On one hand, I'm finally graduating; on the other hand, I leave so much behind. I leave my teachers who are my friends and schoolmates who are as well. I'm always learning. We all are. And as long as I take things as they come, I'll make it. Thank you Fort Campbell High School, you made me who I am. Thanks to my friends who got me through Rock on!

I just wanted to give a shout out to my baby first of all. Baby, I am going to miss you so much. I love you more than anything in this world. Your one and only Tazmanian Devil. I just wanted to give a shout out to all my boyz: Durrell, Micah, Yule, Robbie, Robert, Justin, Sean, Steven, Darius, and to all the others I missed. To all the girls I was cool with: Stephanie, Autumn, Sandra, Jacyntha, and Jasmine, be easy. Y'all are like my little sisters. See ya'll on the flipside. And most of all I want to give a shout out to my mom and dad. I love y'all for everything y'all have done. Y'all have made me into the man I am today.

I have avoided writing my farewell all weekend. I think it's because I'm going to miss high school, mostly, the people in it. It is painful for me to think about the future without all of my friends that helped me come out of my shell and find myself, especially after my little accident sophomore year. Jenna, thank you for being my friend, even though I wasn't very mobile. Deleshia, thank you for always listening and trying to make me feel better no matter what the subject was. Don't forget Spring Break 2007! Jesse, thank you for loving me and being there for me, and making me feel like a goddess. Oh and thanks Jo for being my Chemistry buddy, even though you left me alone a lot. And to all of my sleepover buddies (who are so not normal) stay sweet and strange. To the rest of my friends, thanks for being there and talking to me no matter how crazy I can be. To anybody I didn't know or not that well, it's been real. Peace out to the class of '06. My first year here was one of the most miserable I've ever had. Thankfully, things got better. I've made a lot of friends here and they all know who they are, so I won't bother naming them. Thanks, guys. Because of you I'll be able to look back twenty years from now and know that these last few years have been the best of my life. I hope and pray that each and every one of you is happy, healthy, and successful in life. God bless, y'all. Due to the word limit, I'm going to list some inside jokes. Some are stupid; if you don't get them, don't worry about it. Making it 56 minutes before Barb heard noises, trout, the park in Cole Park, camping, waking up to Nate and Garrett in my house (after prom), ARP, circle of trust, insano, JIM (Justin is not *in* Mike), put your face over here, Y (eyes rolling), mullet, whisper song (bum, bum, bum), bonequesha, troy skit, you got in another wreck?, don't get mad playing tennis (\$20 KFC and broken racquet), not a forehead definitely a five-head, my mom's in the driveway, the pool after hours, bottle full of water, driving without a license (Marge after prom), Margarine, midnight mass **starts** at midnight, the quarry, and no words just emotions. I love you all. "Farewell."

Well, we're finally graduating and getting the heck outta here! It's been great, guys. We have had a lot of good memories. Some memories were a little crazy. We have been there for each other through so much. A lot of us will be glad to move out of the house and some still want to stay so Mom can do their laundry. So much has happened, from keeping secrets to sharing textbooks, from the stubborn teachers to the endless tardies. There are also those who can't stop cheating and those who brag about which island is better. Through blonde moments and through moments of being broke. I will miss you guys a lot.

Good Luck to the Class of 2006

Nicole Ann Hockenberry

I've watched you grow from a little blond haired girl into a beautiful young woman. I'm extremely proud of you and all of your accomplishments. Every day you astonish me with your love for life, your willingness to help, and your selflessness for others. You have this ability to see a vision, and somehow find a way to make that vision a reality. Make all those visions you have for your future come true. As you turn your tassel on graduation day, remember the world is yours for the taking.

I Love You, Mom

You learned early, if you set your mind to it, there's nothing you can't do with hard work and dedication.

You've accomplished so much to this point in your life, and have touched so many along the way.

Graduation is just one of the many stepping stones that will form your life's path.

We're all so very proud of the young woman you have blossomed into and look forward to the person you will ultimately become.

Love You, Dad

Seems like just yesterday I was trying to teach you left from right. You tried so hard to understand, and eventually you did. I was so proud of you for understanding. The memory still makes me smile today. Here we are now some 15 years later and you are graduating from high school (and you still know the difference between left and right... go you)! We are all proud of you. You are an intelligent and beautiful young lady. You will achieve all your dreams. You just have to dream big and have the courage to pursue them.

Senior 2006

Dear Mike,
It is hard to believe that you are graduating from high school. Time has just flown by. It seems like just yesterday that you took your first step, went to Kindergarten, started high school, and now you are graduating. We are so proud of you and your accomplishments. These last few years have been tough, and we know your years at FOHS were not what you dreamed they would be; but someday you will look back and realize these were some of the best days of your life. Now you move onto college, and in a few short years you will find yourself graduating once again. All we can really do now is offer a few final words of wisdom and let you know that we will always be there for you.

You are a great kid,
a terrific big brother,
and a wonderful son.
We love you,
Mom, Dad, and Jake

Words of Wisdom
Just because everyone else is doing it doesn't make it right.
Do unto others, as you would have them do unto you.
If a thing is worth doing, it is worth doing right.
Genius is immediate, but talent takes time.
Gentleness and strength go hand in hand.
Brothers are the best, best friends.
Fathers know everything.
Mothers know best!

Deleshia Jonnetta Youngblood

Ever since the day you were born, you have been an Angel in our eyes. A true gift from above. Your bright smile, your wonderful laugh, and your warm embraces have constantly brought joy to our lives. We have shared so many great and wonderful moments together, for all of which we are thankful.

You have grown into a beautiful, giving and intelligent young woman, and now it's your time to shine and discover your dreams.

Your continuous effort to achieve excellence has evolved into many rewards.

You have set goals and worked hard to obtain them and we are so very proud of you! You are a special gift to us, so always remember that we are here to love, support, and comfort you.

We will share in your sorrow, celebrate your success, and pray that life continues to bring you love, happiness, and much success.

Congratulations Fort Campbell High School C/O 2006!
And Congratulations to you, our daughter, our sister, our angel,
Deleshia Jonnetta Youngblood

Love Always, Mom, Dad, & Jonathan

Erika,
It seems just like yesterday, now it's today! You'll know what it means because we always have this connection that is most of the time freaky. You're not only my daughter, but one of my best friends and one of the few people that really know me. I don't know how I would've survived army life without you. I want you to know that I'll always be there for you, just a phone call away. I heart you!!!
Mommy

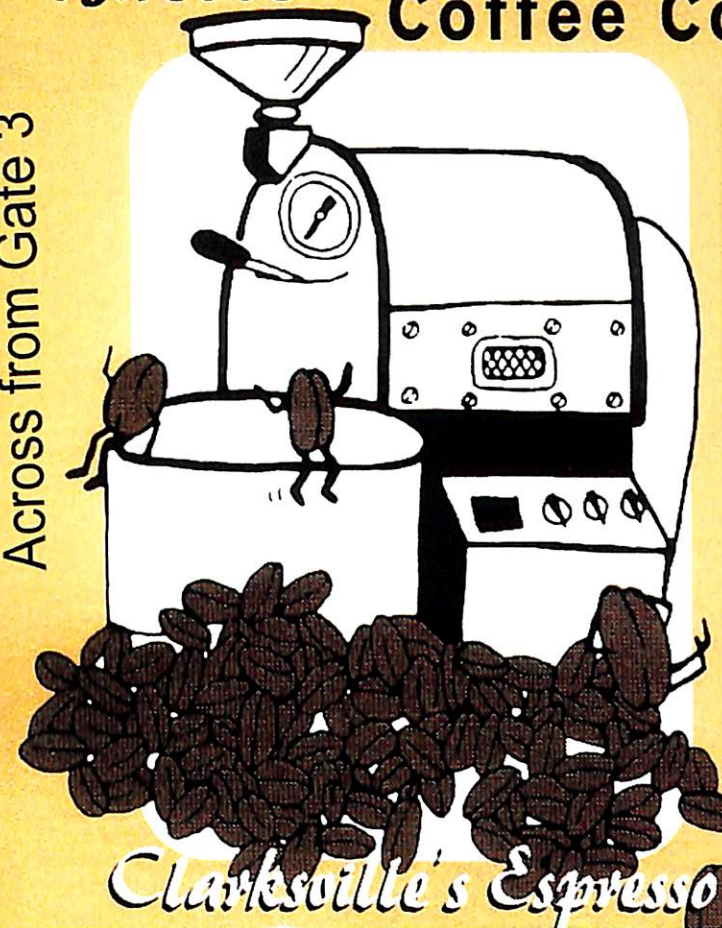

Erika Mae Diego

Ka,
Congratulations on graduation! I know it's been twelve long, hard years. Sorry I haven't always been there to see you through every day, but I'm still very happy and proud of all you've achieved. Know that I'll always support any future goals and I know you still have lots of dreams to fulfill. So here's to the start of a bright future. Love you, always and forever, wherever you are, whatever you're doing.

Your class ring A GREAT FEELING

Pride is the catalyst for human achievement...the mover of minds, of muscles, and most of all hearts. Your class ring is more than a mere piece of jewelry. A class ring shows Pride. To my son Andy,
The pride, the hope, the joy, and the worry that I feel for you is never really going to be understood until you have a son of your own and he is graduating high school. The world will never be easy or completely safe, but you have to try and sometimes fail to succeed. Son, you were my first born, and I have a heart full of pride and love from watching you go through your childhood. I have watched you learn how to play violin, piano, and trumpet. I marvel at the thought of what you can accomplish. I know you will never realize that I think you are a wonderful son and that I am sincerely proud of you. I am positive you will only continue to be loved by many more as you continue your journey through life.

- 25 Hurricane Katrina strikes Florida.
- 28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.
- 29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breached, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.
- 31 President Bush surveys the damage.

September

- 1 30,000 National Guard troops are deployed. Gas prices spike to as high as \$5 per gallon.

- 4 The New Orleans Superdome is evacuated.
- 6 President Bush and Congress pledge to investigate the flawed disaster response.
- 9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.
- 12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.
- 14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.
- 15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.
- 20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.

October

- 24 Hurricane Wilma hits southwest Florida.

Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.
