# Dr. Gammons

The 2021 Yearbook Staff proudly dedicates this yearbook to Dr. Amy Gammons!

Dr. Gammons was born on June 26, 1965 in Mayfield, Kentucky to Nathan and Nancy Scholar. She has two older siblings, Jeff and Angie. In 2005, she married her husband Mike. They live with their two dogs, Molly and Yadi.

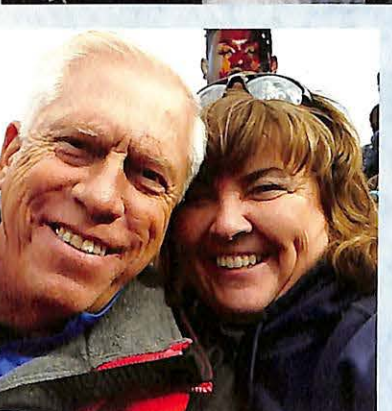

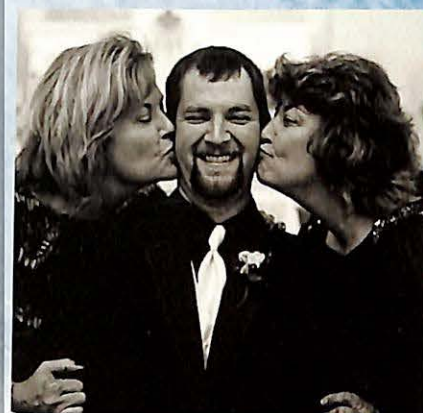

Dr. Gammons joined our Falcon family in 2000. Throughout her time at FCHS, she coached different sports, including basketball and softball, where she set several records, such as most wins in a season! In the classroom, Dr. Gammons encourages her students to continue their educational goals. She was the driving force behind the creation of the AP Statistics and College Prep courses. She, herself, was an example that education is a life-long journey by earning her doctoral degree in 2016. She serves as the Department Chair for the Mathematics Department, one the of National Honor Society sponsors and the union representative for the teachers.

Whenever possible, Dr. Gammons can be found fishing or at a sporting event. She is an avid fan of the Cardinals and Wildcats! She makes some amazing goodies, such as her famous Derby Pie, and is always willing to share.

On behalf of the FCHS family, we want to show our love and support for Dr. Gammons.

**"Once a FALCON....always a FALCON."**

**- Amy Gammons**

The 2020 volleyball season was amazing, even though it was a shorter season than usual. We are amazed with how much the team grew from the first day to the last. All the girls did an amazing job, and each individual gave their all. Despite having to wear masks during the games, they still managed to play their heart out. We hope they continue to have great seasons for the upcoming years.

**What is something you will miss about high school?**

I will definitely miss the clubs and sporting activities! The clubs and sports at FCHS gave me the closest group of friends I could ask for and the activities (especially training with the sports) always gave me something to do!

*Riley Fisher*

**What is your proudest moment from high school?**

Probably being in Beauty and the Beast during my freshmen year, even though I was absolutely terrified of being on stage.

*Chloe Grizzle*

**What is something you will always miss about FCHS?**

Fort Campbell has a penchant for not giving up. Whether it was sports, academics, clubs, or even a global pandemic, FCHS has always persevered.

*Joshua Murphy*

**Favorite memory from high school?**

My favorite high school memory would be swim season. Going on bus rides to the meets and early morning practices. I loved everything about it.

*Abigail Graham*

**Best advice someone has ever gave you?**

Try hard freshmen year.

*Issac Witt*

**What project or assignment challenged you the most? Why?**

My hardest project was a group project my sophomore year. It was groups of four and I missed the day we assigned groups and all my friends were in a group without me. I then had to put hard work into an artistic piece and got one of the lowest grades I've seen in my life. The only upside was that the lowest grade I received was higher then the grade my friends who abandoned me got.

*Travis Doyle*

**How have you kept up with your grades through high school?**

I just made sure I got things done on time. You have to be responsible and not procrastinate too much.

*Ryan Pretlow*

**Who has inspired you the most to work harder at school?**

My older sister was my main inspiration. She worked hard in high school and in college, and it pushed me to do as much as I could while doing my best in school.

*Kelli Turner*

**What are your plans after high school?**

I am planning on going to the Airforce academy and or Airforce ROTC program in college to become a pilot in the Air force.

*Eli Cetta*

**Describe your senior year in three words.**

Disappointing, exhausting, and uneventful.

*Jeremy Heise*

**What advice would you give the upcoming freshmen?**

My advice for freshmen would be to take school seriously if you plan on going to college, but don't feel pressured to do so. Think about what you'd actually be HAPPY doing in the future and starting working towards it early.

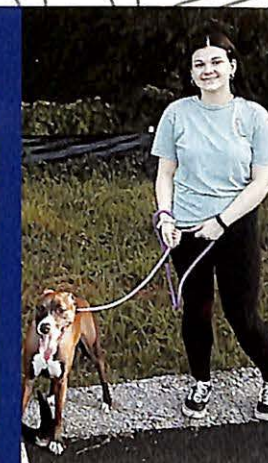

*Regan Oakley*

"Many people might think that doing school virtual is easier and it's better because you don't have to actually go to school, but it is a lot harder than it seems. It's harder to get help from teachers and even contact them. You get over loaded with assignments, and it feels like just as soon as you get caught up, you're behind again. In all honesty, virtual school is very stressful, and I don't find one positive thing about it."

**Kaleigh Metz**

"From my experience so far, I believe actually going to school was better. I do have great teachers online, but sometimes it is hard to reach out to them unlike in school. I miss seeing my friends and going to school in person. I feel since I have started virtual school, I have had more work than usual which can be stressful and time consuming."

**Stephanie Seay**

"I think that virtual has its pros and cons. It's easier to work at your own pace, and if you don't understand, you can move on to a class that you do and schedule meetings with the teachers for what you don't understand. I personally feel like I have more time to do things and can plan my day a little differently than spending all day working on school. I do feel like it gets a little hard at times not being able to talk to friends that are not online, but I think online is better for me overall. :)"

**Jessica Leveton**

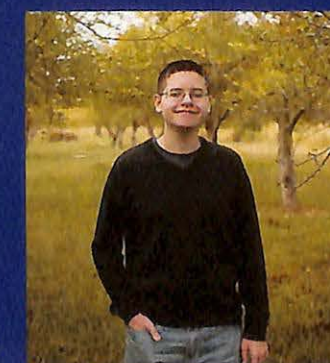

## Virtual Students

**Brianna Dobbins**

"Online school is not my favorite. Online school took away my social life. I can't see my friends. It is also hard for me to focus. My grades are slipping. So online school isn't the best thing. I am going back to school so I can see my friends and maybe my grades will be better."

"I was really excited to start my freshman year in school, but instead I was switched to virtual. My grades are good doing virtual, but I think I could learn better in person. I miss seeing my friends, and I wanted to meet new people this year. Hopefully I can return to school next year, and I will be able to meet new people and teachers."

# Kaylee Fann

M&M,

Of all the things we have encountered throughout this life, time can genuinely be called our best-worst enemy. As parents, our responsibilities are pretty straightforward: ensure that the life we have been entrusted with is nurtured, made/kept safe, educated [including both morals and standards], and set-up for success. While they may tell you time passes by fast, they don't cover just how fast. It seems as though just yesterday, you were waddling around the backyard in your diaper chasing lightning bugs. Now that you're a little taller, you waddle around chasing grades, friends, Summit bids, and TikToks. Getting to watch and guide you as you grow has been one of the greatest gifts we have been given. With your High School chapter coming to a close, we are excited to see what the next chapter holds for you. There is no doubt in our minds that you are ready for the #nextlevel. We just hope the next level is ready for you! Always remember, in a world where you can be anything, be yourself - kind, caring, and courageous. Never forget, we will always love you!

Love,

The proudest parents of all - Mom and Dad

## TRAVIS DOYLE

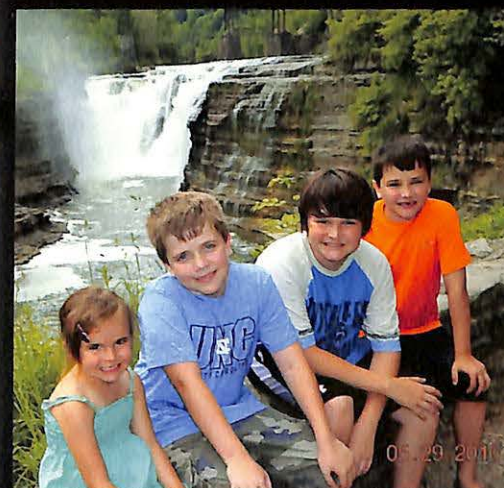

Travis

Greatest. Kid. Ever. We're proud of you for graduating high school, but we're even more proud of you for growing up to be such an amazing person. You are kind, patient, loving, and level headed, everything we could have hoped for in a son. Our only complaint... Why did it all have to go by so fast?

Now it's "Goodbye High School!" There were good times and bad times, and we rode the roller coaster with you. It was a tough year in so many ways, but also a great one. But now it's time for you to close that door and solely open the next!

So to our smart, handsome, charming, adventurous, sometimes-sarcastic, always-hilarious son, congratulations! The future is yours! We'll love you forever,  
Mom and Dad

## Chastity Montalvo

Chastity we are so proud of you and the young adult that you have become. You are a strong, caring person and we are so proud that you are our daughter. We love you and hope this chapter in your life brings you so much joy and happiness. You have accomplished so much these past years. Keep up the great work.

-Love Mom and Dad

Chastity, you make the world a better place with your smile. I know in my heart that you will do great things in life.

- Love Grandpa

Chastity, Congratulations on reaching such an important milestone. I'm proud of all your achievements, can't wait to see what the future holds for you.

- Love you, Nana

Chastity, you have gone from lipstips to lipstick it seems overnight. You are a beautiful inside and
