Indian Walkingstick

Carausius morosus

The Indian Walkingstick (also called the laboratory stick insect, *Carausius morosus*) is a long, slow-moving, plant eating insect from India. There are almost 3,000 species of stick insects (Order Phasmida) in the world; all are herbivores (plant-eaters).

SHOW US YOUR SPIRIT!

Here's
looking at
you Kid!

**FACULTY
AND
STAFF**

We would like to say a huge
"THANK YOU"
to all the parents who helped
to make
this year's book possible. We
would not
have been able to do it without
you.

All the time
and
love you put
forth shows in the
pages of the yearbook.
