Principal

Dr. Bernadette Schlueter
Assistant Principal

Continuous School Improvement Goals

Goal 1 LANGUAGE ARTS:

All students at CDR William C. McCool Elementary/Middle School will improve Language Arts writing strategies in all curricular areas.

Objectives:

75% of Kindergarten through Eighth Grade students will demonstrate proficiency in writing topic sentences and relevance by June, 2015, as measured by the TerraNova, 3rd edition, Language Arts subtest (Grades 3 to 8) and other local school-based assessments (Grades Pre-K to 8).

Intervention: Step up to Writing

Goal 2 MATHEMATICS:

All students at CDR William C. McCool Elementary/Middle School will improve math communication in all curricular areas.

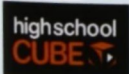

Objectives:

75% of Kindergarten through Eighth Grade students will demonstrate proficiency in explaining thinking and solution process by June, 2015, as measured by the TerraNova, 3rd edition, Math subtest (Grade 3 to 8) and other local school-based assessments (Grades Pre-K to 8).

Intervention: Journaling/ 4-Step: Read, Write, Pair, Share

CDR William Cameron McCool

Born September 23, 1961 in San Diego, California. Died on February 1, 2003 over the southern United States when Space Shuttle Columbia and the crew perished during re-entry, 16 minutes prior to scheduled landing.

SEAHAWKS MASCOT:

Per Dr. Gonzales who was part of the committee for the renaming of our school:

The SEAHAWK is a U.S. Navy helicopter of HSC-25 that is based at Andersen AFB, Guam. It is the Navy version of the Army Blackhawk helicopter. The SEAHAWK symbolizes Naval Aviation, of which CDR William McCool was a proud member. Flying the Growler jet aircraft, CDR McCool served aboard the aircraft carriers USS Coral Sea and USS Enterprise.

COLORS:

The official colors of CDR McCool School are navy blue, red and silver. Navy blue represents the Navy while red represents the Marine Corps.

The Navy and Marine Corps form an aviation team serving aboard all our nation's aircraft carriers. Silver represents NASA, the agency that oversees the Space Shuttle program that CDR William Cameron McCool served as a pilot in. It was his first and final mission aboard the Columbia.

Why are we named after him?

Guam South Elementary/Middle School was renamed CDR William C. McCool Elementary/Middle School on August 29, 2003, during a name-change ceremony at the school.

Guam Delegate Madeleine Bordallo introduced H.R. 672, which became public law April 22, to rename the Department of Defense Education Activity (DODEA) school after McCool, who had close ties to Guam. He attended two public schools at Guam -- Dededo Middle School and John F. Kennedy High School from 1975 to 1977.

"CDR William C. McCool Elementary/Middle School will serve as a symbol of pride and achievement to our island school children," said governor of Guam, Felix P. Camacho. "The eyes of the world will be on the name change ceremony, serving as a fitting tribute to a man who lived his dreams and who will forever be a part of the lives of the people of Guam."

VISION STATEMENT

CDR William C. McCool Elementary/Middle School is student-centered and prepares all to excel as collaborative citizens in a progressive 21st century society.

KEY OUTCOMES

Safe learning environment
Environmental and global awareness
Analytical, critical, and creative thinking
Healthy well-being
All collaborating as a team
Writing, listening, and oral communication skills
Knowledge of information, media & technology skills
Skills for lifelong learning

New Parent and Student Orientation
August 15 - 16, 2013

Kinder Orientation
August 23, 2013

First Day of School
August 26, 2013

February 25 - 27, 2014

The cafeteria was packed with teachers, parents, students and community members to hear the AdvancED Oral Exit Report on February, 27, 2014. The lead evaluator Ms. Lynette Parkhurst reported on the team's recommendation for full accreditation. The team also recognized seven powerful practices and gave two required actions.

e-Cybermission

Dr. Gina Gonzales
e-Cybermission, Teacher

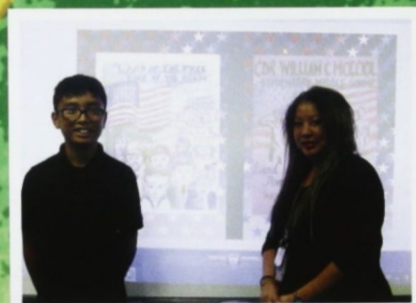

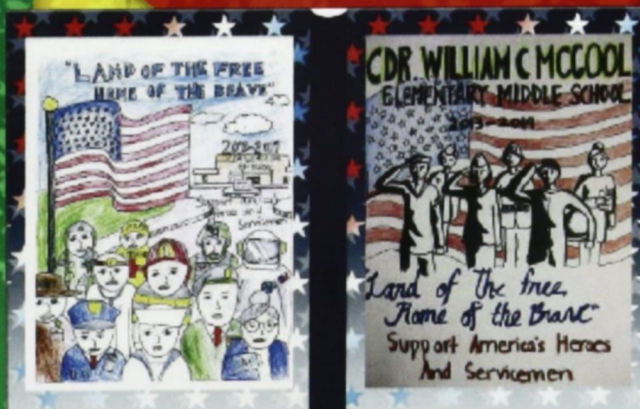

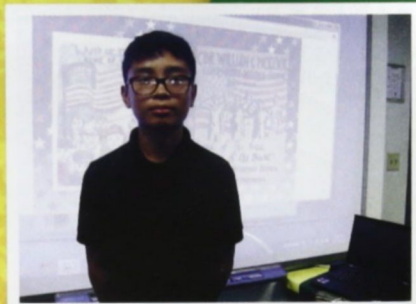

Dr. Gina Gonzales' 8th grade students, Dr. Jean Tuqueros' and Mrs. Julie Bautista performed an outdoor experiment. Students were drawing circles modeling the sizes of the sun and moon. They were trying to get the diameter of the sun compared to the moon.

STEM guest speaker LCDR Sean McConnon did a presentation about pathway to careers to the 8th grade students.

STEM guest speaker CDR Martin Sabel helping 8th grade students with their eCybermission engineering design project.

Joellen K. Bland

STEM

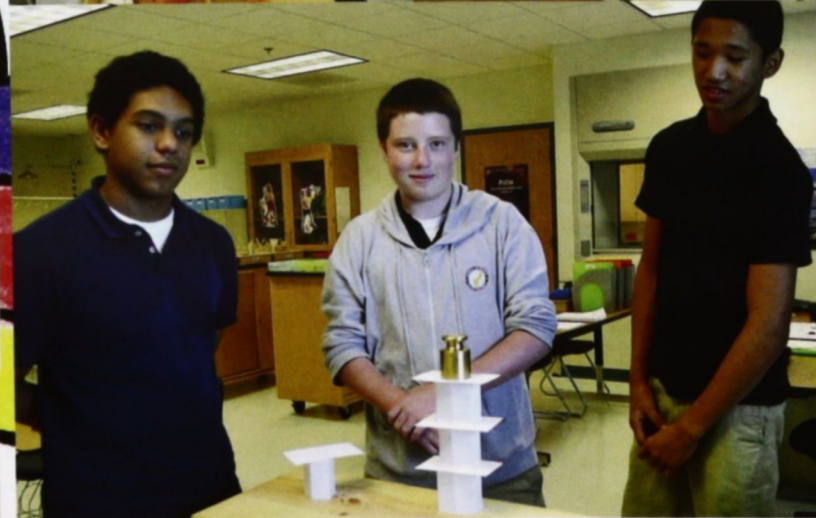

SCIENCE | TECHNOLOGY | ENGINEERING | MATHEMATICS

Elementary students practiced computer coding with the help of LCDR Sean McConnon, OIC of SPAWAR Systems Facility Guam.

Mrs. Orozco's third grade students worked on the marshmallow challenge to build the tallest free-standing structure with limited materials.

Middle school students showed off their index card structures during Mrs. Bautista's class. They had to design structures able to withstand wind, weight, and earthquakes.

Students in Mrs. Moore's class built LEGO NXT Mindstorm robots and programmed them to perform several tasks.

Dr. Tuquero's students took notes on the progress of their rusty nails experiment. They needed to find out what nail rusts first, how much rust it has and how this information can benefit the community.
