DEDICATION

Hanau Elementary School proudly dedicates the 1980-1981 edition of our yearbook, Reflections, to Mr. Alan Wong.

Mr. Wong had the patience and courage to produce an elementary school yearbook of professional format-a precedent setting concept. Four yearbooks were produced by Mr. Wong and the students of Hanau Elementary. Several schools have used our yearbook as a guide in producing a yearbook of their own.

Mr. Wong's outstanding guidance and distinctive interest in this difficult project are most appreciated.

- 1) The top line of the puzzle should give you the name of a well known European nation.
- 2) The 5 letters in the circles should give you the name of a town you know well.

IMPORTANT: In a German puzzle, the letter ö is written oe, it takes 2 cases.

Nurse Jo Dunn

Our school can really help us care for ourselves. We have a full-time registered nurse and a dental clinic in our building. The nurse helps us when we are sick and when we study our Health. Cpt. Nantz and his assistants help us keep all of our teeth healthy. We appreciate the time they spend with us!

Being in the fourth grade
Is lots of fun to me.
We go on great adventures
To see what we can see.

There are a lot of new friends
And grown-ups I have met.
Being in the fourth grade
Is something I will not forget

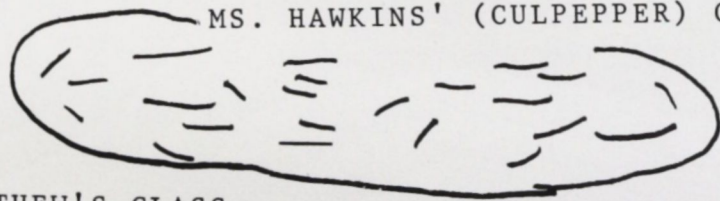

Brenda Ledbetter

I like the class because we
could get a lot more friends
and it is nice and clean.
And we get a lot of jobs to
do. And we learn a lot about
how to get an education. We
learn a lot of subjects like
Math which is the best. I
like German a lot too. And
I like being here in Germany.

Fifth grade means learning
and growing up to our needs.
It means getting the knowledge
to go into the sixth grade.
It means lots of work and long
hours of studying.
It means working up to our goals.
It means having fun and bad times.
It means behaving and misbehaving kids.
I behave and make it through-
I hope you do too!

What Fifth Grade
Christine Stevens Means to Me

The fifth grade is really good,
You always do what you should.
You learn to read and you learn to add,
but if you talk, the teacher gets mad.
Fifth grade is homework, pencils, and books,
And when you're bad, it's even mean looks.
So, be careful in fifth grade-it may be fun,
But just remember, sixth grade is yet to come!

The 5th and 6th grade choir is a great organization. They sing for special occasions. They've sung for Halloween and Christmas. Listen to them--they're SENSATIONAL!

KING TUT EXHIBIT KÖLN

In October, many of the 5th and 6th graders visited the treasures of the famous "boy king". Students and adults were amazed by the beauty of the items from his tomb. The students were lucky not to have to wait in the mile-long line, and entered the museum quickly. They also saw the Roman Museum, the Cathedral, and, best of all, McDonald's.

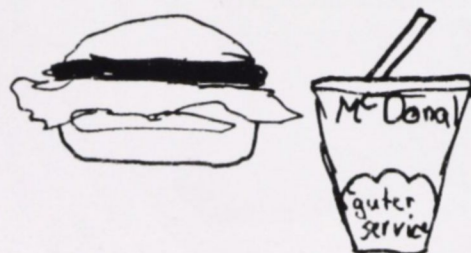

Top: The spires of the towering Köln Cathedral.

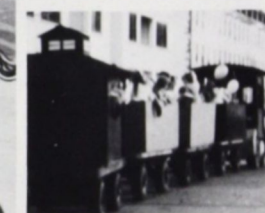

Right: Visitors were greeted by the Death Mask of Tutankhamen.

HALLOWEEN FUN

PLAY

"WHO'S AFRAID OF THE BIG, BAD PUMPKIN?"
This play was given by Mr. Saraceno's class. It was the story of a pumpkin that was almost banned from Halloween because he never scared anyone. The cast included a skeleton, the pumpkin and his defender, a witch, and a big gang of ghosts and goblins. It was a great play and the cast was excellent.

We give thanks....

For the education my school gives me...
For the freedom of our country...
For the love in the world...
For my parents who raise me...
For the teachers who help me...
For being able to talk...
For having my very own name...
For being able to have Thanksgiving...

Theresa Standish

"They're Free.. the hostages are free," exclaimed a reporter as our 40th president was being sworn into office. At that time, 52 fellow Americans were being flown to freedom. Now they are free at home and safe with their own families. The hostages were in Iran as captives 444 days until the final decision was made to set them free. Many of our own friends in Hanau were able to see the hostages in Wiesbaden and in Rhein-Main. WELCOME HOME! Peter Offring

"Which HOSTILE are you going to this year?"

A question that the children of around 23 of H.E.S.'s classes could ask one another again this year; all grade-levels K to 6!

..... thank goodness that we don't have to COOK as well !!

RICHARD SCHIRRMANN, a German school teacher hit upon this idea in 1909; the first "Jugendherberge" was opened in Burg Altena, his home town, 1919.

Now there are around 4800 of them all over the world. Only members of the I.Y.H.F. may use the hostels. H.E.S. is a member and has been since 1973. The 1981 classes make it a total of 83 classes that have spent 1, 2, 3, or 4 overnights at a German "Jugendherberge".

What a great way for children to EXPERIENCE Germany, as well as learning to get along with their peers!

The extra work and responsibility involved, for the teachers, chaperones and parents concerned is definitely worth it.

"Which HOSTILE are you going to ... NEXT?"

Gisela Olbrich-Hoerr, "Hostile Teacher".

THE RATE HITS FIVE MARKS!

HANAU, GERMANY--

Herr Kris Jensen of Hanau Elementary bowled a perfect 300 game today!! Offering a kissy-wissy of enthusiastic congratulations is our own Princess Barker!!

Tip for the Day: Turn to page 165 to find a fool-proof way to make straight A's on your very own report card!

STUDENT BREAKS WORLD RECORD

OLD ARGONNER- John Student broke the world record for eating lunch in the lunchroom of Old Argonner Elementary School. He consumed 2 hot dogs, 3 bananas, 5 sandwiches and the teacher's apple. The old record was 5 seconds, but John Student broke that record by using only 3 seconds for lunch. When asked what he was going to do with the Winner's Cup, John replied, "Fill it with Alka-Seltzer."

Beverly Roybal

HANAU ELEMENTARY- Teachers in Hanau Elementary have quit school--the students declared WAR when they got too much homework. The children say that they are glad that school is out and they go around grinning from ear to ear!

Mary Young

HANAU- The exchange rate hit 5 marks to the dollar today. People were camped out to be the first in line. When the bank opened, people were trampling each other in order to get in first. Ambulances were called in to rescue the injured. Ten people were cut and 15 were bruised. Thirty people were almost smashed in the rush. Many people got their money's worth- others just got their Doctor's worth!

GEE-IT'S NICE TO BE BACK IN SCHOOL

You know how it is- work and read everyday. We sit in our seat-wondering when school will be over. Time comes for art class, and you get all excited to paint pictures, and out you go. Time to go home and get your friends and play games. Then all of you get bored and sit around-waiting for the next school day to come.

A Tribute to the Army
 I'm here to say thank you to all
 the Army men and women
 For all of the wars that they have
 helped us win.
 I'm very understanding when my dad
 goes to the field,
 When I get a Power of Attorney
 he goes and gets it sealed.
 We travel around year by year,
 With Army folks, we have
 no fear.
 They give us money to build
 new schools,
 Army people sure aren't
 fools.
 The Army people work all day
 long,
 To keep our world going
 strong!" By Laurie Jones

YEARBOOK STAFF

The Reflections staff is composed of sixth grade students who accepted the huge responsibility and stuck with the job until it was done. Almost every lunch period was devoted to work on the yearbook as well as many late sessions after school and full-day periods on school holidays. We hope you like our book.

A WORD FROM OUR EDITOR

My special thanks

...to the sixth grade staff for giving so much of their time,
 ...to Ms. Weise for her typing, editing ability, creative ideas, and for being there whenever needed,
 ...to Ms. Barker for the big job of handling the finances of the yearbook,
 ...to Ms. Murray for typing the German page numbers and for various last minute jobs,
 ...to the sixth grade teachers for their patience and co-operation,
 ...to all teachers, especially Ms. Button, who have contributed photos for yearbook use,
 ...to all teachers and specialists who helped by sending in creative work from their classes,
 ...to my homeroom class for their assistance, understanding, and patience,
 ...to all students of Hanau Elementary who have contributed time and talent to the yearbook,
 ...to the administration for their support, and
 ...to Associated Photo for providing the roll of individual pictures.

I would like to also thank my wife and my family for sacrificing family time and offering moral support.

May this yearbook be meaningful for you to obtain a reflection of this school year now and when you reminisce about your years in Hanau, Germany.

The year went by,
So very fast,
We'll always remember
The joyful past.

We went on the Volksmarsch
And had some fun,
Also we went
To a museum in Cologne.

Some classes went
On a Youth Hostel,
Maybe in the woods
Or in a castle.

We had a lot of fun,
On the lantern parade.
All I can say is,
"It was great!"
