Hats off to Ms. McCloskey and Ms. Juergens for running a terrific intramural and after school sports program. While ALL teachers go extra lengths to offer "an educating hand," the physical education and sports program at HAMS are second to none! For countless hours of dedication, thanks from all your students and colleagues for a job well done.

A grueling pace for these 6th graders!

The rest and lunch was eagerly awaited.

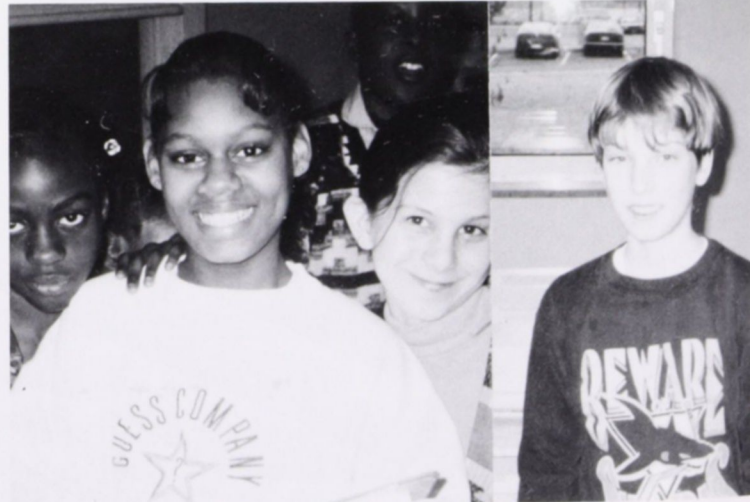

The World War II Memorial Volksmarch became an annual affair to commemorate the events and brave soldiers who died during the most devastating war of the 20th century. Ms. Bennett has been the organizer for this event.
