THE FACES OF HHS

Hanau High School is Panther Country. Pride, academic excellence and enjoying life are all part of our school. Over the past ten months, we have worked hard and played hard. We have accomplished a tremendous amount. This year students attended the World Expo, participated in Model United Nations, won athletic and academic awards...all while preparing for their future through hard work and academic endeavors. I would like to take this opportunity to congratulate the yearbook staff and yearbook sponsor, Ms Liu on an exciting publication. Your hard work and dedication to journalism over the past months will allow the students and faculty of SY 2000-2001 to remember friends, activities and fun through pictures and text.

As the school year draws to a close and graduation approaches, I extend my best wishes to the Class of 2001, as they move forward with their lives and careers in the 21st century. You have given us special memories and are always welcome in Panther Country.

OUR LIFE

Seniors Class of 2001

The time has come...oh! How long we've waited,
It seems like yesterday when we embarked on this
Long tedious journey, growing up, building ourselves
Up for this day to come, never giving up!

Just striving to excel.

It's strange how time flew by like the ebbing sea,
We're finally at the end, ready to spread our nurtured
Winds and fly high. Ready to paint the end of a sure
Beginning.

To all the people that made a difference in my life, I, **Genevieve Anakwe** would earnestly like to extend my heart warmed thanks firstly to **God** for helping me get this far and I hope that I'll be able to fulfill all my dreams with His gracious help. Most especially, I would like to thank **my family** for their tireless support and encouragement, especially **my Mom and Dad** for making me believe in myself and encouraging me to strive to excel. Thanks for always being there, for your love and inspiration, it really means a lot to me, I love you both. To **Ms. Tina Anakwe**, thanks for all your advice and concern. To **Celestina, Rachael, Junior, Adi, Tessa and Simi**, I really enjoyed the times we spent together; I'm most appreciative. To **Aunt Maggie**, you've always said I would make it, I guess it finally came true, thanks for believing in me. To my **Grandmother**, who passed away a few years ago, thank you for always understanding my need to be the way I am and always giving me the best advice I could possibly need. I wish you were here to share this happy moment with me. To my long-standing friends, **Nenlap and Remi**, thanks for your friendship and support, I leave you with all my shoes. To **all the teachers** that made me welcomed, encouraged, supported and positively inspired me towards taking my abilities to a higher level, thanks so much. Especially to **Mr. Vanderheyden** for believing in me and encouraging me to aim higher because after all, "you can't win if you don't play", thanks a lot. To **Tera**, I leave my quietness. To **Tikpha**, I leave my writing skills. To **Kiesha**, I leave my physics skills. To **Adam**, I leave my math skills. To **Anthony**, I leave you my tallness. To **Mr. Phillips**, I leave you a sack of coffee. To the **senior class of 2001**, you've all been great. I wish everyone the best of luck in all their endeavors and remember, keep living your dreams. To all those I forgot to mention, please accept my sincere apologies, you're in my heart. Thanks for everything.

In my last days, I, **Kesta Anakwe**, would like to thank all those people who have helped influence my life in a positive way. People like **my Mum, my teachers**, and all **my friends** especially **Marija and Alicia**. Basically I have nothing to leave anybody. Not because I am greedy, but because I'll need most of these things I am thinking of leaving behind when I get into college. With potencies like my soccer skills. If I give it out, it means that I will suck badly in college. But besides that, I have other things to leave behind. Like my ignorance and nonchalant attitude. **Matt**, you try so much to be a nerd, and if you keep on trying, I am afraid you might hurt yourself. So I leave you my ignorant attitude to help you ignore anything you find hard to understand. **Grant** I leave you my nonchalant attitude... so you can become vicious in the future. To **Steve**, I leave you some of my black genes, since you've always wanted to be a black boy with white skin. For all those I forgot, you can have whatever you all want from me because I am very generous. *2001 graduates the millennium explosives.*

I, **Sheelah Rose O. Aplasca** being of sound, body, and mind bequeath the following assets and prayers to the ones I love: To my **Lord and Savior Jesus Christ** I thank you for watching over me and waking me each day to experience life and its journeys. **Lula**, I leave you my childhood memories when it was just you and I. Thank you for being the first person to hold my hand as a child and showing me what the world had to offer. **Mom**, I leave you all the jewelry you always wanted. **Dad**, I leave you the new BMW M5 or Dodge Viper. To the both of you, I leave you the rest of my savings account I might not use. Mom and Dad, you are my heroes and I love you for raising me to be the young lady I am today, though I may have not been the daughter I should've been, you loved me anyway. Mahal Kita. To **Jeanny**, I leave you Ivan and your dream wedding dress you always keep telling me about. I never told you this but I've always admired your courage and strength. To **Roland**, I leave you all the MTV you can get. I also leave you the ability to get up off your butt and do something, Burger King Boy. So you know, you are a pretty coohermano. To my **Filipina click**, Percy and Tikpha. I leave y'all some money for bus rides, plane tickets, cabs and any other mode of transportation (hint, hint). Dang that day was so messed up! **Percy**, I leave you Andre and a wedding in Hawaii, not Denmark (yucky). I also leave you all the moments in cheerleading and how we messed up all the cheers. Don't ever forget the little giggles we had. I could never thank you enough for listening to me talk so dern much, about Rich especially. Oh hey, did we ever do our duet? Don't forget to knock on wood, okay. Hey Percy "Mr. Hall, Mr. Hall!" **Tikpha**, where should I begin? I leave you all the laughs we had at work and how we would scare all the customers away because we could never stop laughing. I also leave you Alfredo, the boy and the food (pasta you got to love it, baby). Hey, if there is any time you ever get pissed, call on me and I'll be there to calm you down. One last thing I leave you is the techno room in Paramount, tequila shots, and the cowboy hats we never bought. Grrrrrr. To the Mercedes Queen **Heather Koch**, I leave Homecoming Night 2000 and our drink 'Corona Gold.' To my **Childhood brothers**: Bobby, Dennis, and Andy I leave y'all our elementary school years. Dang, I wish we could've all walked together, it would've been unforgettable. **Bobby**, you did find your Tyra Banks, Tera! You found her sooner than you thought. I leave you all the food you can eat! Guess what, we made it Bobby, its been like ten years, we gotta get outta here! To the **Ghetto lunch table**, I leave y'all the ability to put y'all trays away, a real food fight, all the beats and flows, and some real food! Y'all gonna go platinum on that 'Booger in your Nose' and 'Crusty Elbows'. To the real **28634 Murda Click "SANTIAGO FAMILY"**, hold it down. One. To **Bleek**, you and Jigga betta blow up, NYC style! To my big brothers **Reese and TeTe**, I leave y'all the basketball season memories. **Reese**, how many booty calls did you actually get? To the 2000-2001 Hanau Cheerleaders, **Anzty Anna Lisa** my stunt partner. I leave you a partner for next year that can put up stunts as good as we used to. Thnx for trying out for cheerleading for b-ball season and here is that \$10 I owe you. Love your clothes and I told you I'd put you in my will. **Jiggley Jill**, I leave you the ability to get your backhand springs 'cause I know you can do them. I leave you all them long talks that we had. **Bouncing Bootie Brittany**, I leave you a solo part in choir and all the times I fell and you laughed. Oh hey, can I borrow your ponytail? (ha/ha). **Terrible Tera**, I leave us both a mat under every stunt we go up on. I also leave you all the chips we ate during football season. **Silly Stacey**, I leave you that cup of 'you know what' that somebody left in the female restroom at the clinic. Hey, "I thought I flushed it all." (ha/ha). **Mommy Long Legs Claire**, I leave the "T" stunt that you did with James. I also leave you my #6 value meal w/ sweet & sour sauce at BK. **Krispy Kristen**, I leave you a spot on the Dallas Cowboys Cheerleading squad. I also leave the song "Dare to Dream." **Scary Cat Sylivs**, I leave you another spotter like me who you can always trust to base you. I also leave you the ability to do a basket-toss. **Ms. Disco Dana**, I leave you some practice clothes with no holes. I truly thank you for being my guardian angel during cheerleading, because you were always there to catch me if I fell. To the **2001 click**, I leave y'all the Talent Show in 8th grade and the "ELITE" memories. **Michelle**, I leave you all our inside jokes, our secrets, all the boys you played, the ability to settle down and stop being a heartbreaker, our 'Aaliyah Dance,' and we must not forget 1999' SUMMER in LLORET DE MAR, SPAIN. **Sheena**, I leave you our 'Janet Jackson Dance,' our talks about our two men, a night that we actually get into a club, and your disco song off the "Rush Hour" soundtrack. **Christina**, I leave all the toilet paper you wasted, the ability to not laugh at everything, and the ability to stop arguing with 'bighead.' To my big siste **Sharon**, I thank you for being a true friend and sticking with me through a lot of crap. I leave you all the sugar you need, all the booty music, a salsa club, and finally 'ladies night' during our 1999' visit to LLORET DE MAR, SPAIN! To that LBC Chickla' **Janet Thorne**, I leave you my clothes line w/ your logo and a ticket for me to one of your WNBA games. To **Hanau American High School**, y'all are like family

to me and I'll miss you, but I have to move on and get out. To the real class of the NEW MILLENIUM... First, I leave each one of y'all an invitation to our 10-year class reunion (I'll contact you). I leave y'all 'graduation day & night' and a prayer that your dreams, hopes, and wishes do come true. To anyone I may have forgotten. Please blame my mind not my heart. I saved the best for last! To my fiancé, closest best friend, and the only true love of my life... **Richard M. "Santiago" Leckie**, I leave our past, present and future together, your rap about your father, our honeymoon to Jamaica, N.Y.C., "CUPID" from '112,' and a promise that we will never be far from each other again. Sweetheart, I want to thank you for being there for every second of my senior year. You have given me so much to live for and that is why I dedicate this will to you. You made me see how much these people and more have impacted my life. I love you so much, baby. Mahal Kita, Te amo, Aloha via hoy, I love You... Everybody!

I, **Grandit H. D. Asuncion**, would like to acknowledge the following. **Mom**, thanks for helping me out ever since I was young. You have always been the lighthouse every time I was lost in the sea of confusion. To my **Dad** thanks for the support. Again I can never repay you for everything you have given me. **My older sister** you are the best, and thanks for letting me copy sometimes. I will always remember the times when you laughed at me and not with me. I really will miss making you laugh because that is what I love doing best. And lastly my **older brother**, you may never read this but just in case, you have always been my role model I always tried to be you in every way. You were more than an older brother, you were the person I looked up to. I remember mom getting mad at me because I copied you too much. I love you!

I, **Tikpha Candriann Asuncion**, would like to thank the following people for making differences in my life. I've learned and gained so much from just watching y'all, and even though I've made mistakes you've helped me brush it off from it, then grow from it. **Daddy**, thank you for always driving those countless miles to bring me home after practice and work. I leave you with the number to Triple A just in case your car breaks down again and your dream truck. **Mom**, thank you for giving us so many chances and a good life. I love you so much and I am sorry about all of our many disagreements... like my laundry. I leave you an empty laundry basket and a full box of detergent. **Altus**, my older brother and my role model... thanks for being who you are and for guiding me the right way. You have given me everything, like those rides to school, the mall, & your books, but most importantly your love. I leave you everything you ever wanted. **Grant**, my baby brother and my comic relief. Thank you for being there when I was down (volleyball and 'ahem') and knowing when I was down even if I denied it. I want to leave you with my gel, my mirror, and my alarm clock. **Jain**, my best friend and my north star. Thanks for helping me get through the 'moving days' and for the many letters. Those letters are what helped me through it all. Remember San Antonio, the fight, the tree, the Hilton, and all our goals? I bequeath to you that trip I owe you to Six Flags. Road trippin' days are coming! **Anthony**, what can I say?! You're the greatest guy friend I have ever come across. I want to thank you for everything you've done for me and I know you've given me the world, so in repayment I want to leave you the universe. We're going to Disney World for spring break next year. **Coach Denvers**, how do I begin? You have supplied me with a lifetime of self-defense and given me a comforting shoulder to cry on, even though it was usually you who made me cry. Thank you for making my life hell and at the same time making it a dream come true. I leave you new boxing gloves. **Sonny**, you have been the sunlight in my life when there was no sun. You have taught me the importance of a smile. I love you and thank you for everything you've helped me get through. I leave you a barrel of laughter and smiles. **Percy**, you are the blondest Filipino I know, but that's cool because you're good at it. I want to leave you with the memory to know that you always wore glasses and the knowledge that no one will mistakenly throw away your retainers! (Ooops!) **Sheelah**... dang, I miss those days at work! Remember how Ernest would always trip if you asked for a day off, or how Quentin would hunt me down to do work? I leave you all the nicest customers in the world and all the days off you need. Remember 'Heey!' **Heather**, white girl with rhythm!! I'm leaving you a Long Island Ice Tea and all the Coronas in the world and I'll be the designated driver. **Sheelah and Heather**, I want you guys to always remember how to dance techno (the sign and Nazis)... and who taught it to you (wink). **Trish**, I'm going to miss you but I'll be back for summer '02 to drive you around! I want to leave you Jell-O... all the colors in the world! Remember the Jell-O wars. **Kristina**, I leave you our song, "Break Stuff" and that dance. One day we'll go to a Punk-Rock concert together in CO. **Bobby**, you are definitely not monotonous and I'm *rhapsodic* (new word for you) that we became friends. I'm leaving you a book of new, not used words. I know you'll put it to good use! **Garey**, I don't know why you're in my will... j/k! Thanks for being my locker bodyguard (even though the bodyguard himself would beat me up)... all is forgiven though! I'm leaving you my laugh (the one you and Bobby love so much) in a jar so you can carry it with you wherever you go. "I'm gonna cut my hair!" **Marija**, girl we made it through our Guv'ment class. I still remember the cookie crumb story!! I'm leaving you a box of un eaten Oreos... and you can give her the crumbs! **Alicia**, we had some memorable moments in TLC. I'll never forget them because Ja and I always gave you a hard time and that was fun! I leave you behaved students who don't talk back when you teach. **Genevieve**, thank you for always laughing at my corny jokes. I remember when you first moved here... you were so quite, but now you're still quite. Take care, ok? I leave you my maliciousness. **Ja' Ja'**... the Earthquake! Thanks for providing me with someone I can laugh at. Oh, don't forget our bet. My kids are going to be more proper than yours (ha!). I leave you that memory when you kicked me out the class "Dad" a.k.a. **Mr. Lightle**, geez... I'm growing up so fast huh? Who's going to be doing your makeup once I'm gone? I know, I'll leave you the skill to do it on your own. (You were getting really skilled during South Pacific... practicing?) **Colonel Pedraza**, you thought I'd forget about you but I didn't (ha/ha!). You helped me through all that español and what can I say? I know... muchas gracias señor. I'm leaving you another Tikpha so you can help her out too! **Mr. Van**, you have interlaced miracles into my writing, thank you. You will never be forgotten and you definitely will be put up on my "Teacher Wall of Fame." I leave you a house warming present. Thank you again! **To all my teachers I have ever had**: Thank you all for sharing with me your knowledge and for shaping me into the person I am today. For that, I am forever grateful. **To the Class of '01**: What a great year, eh? It wouldn't have been the same without the company of you guys! I'm going to miss all of y'all! I want you guys to know this... *I love all of you and you guys are what blockbusters are made of.* Please remember the memories that we all shared! Take care and God bless!

I, **Christian Baron** would like to leave the following to everyone I know: This will is dedicated to **all the people I know** and for **my family**. To my **brother** I leave all my CDs that he wants, my autographed baseball, and my Playstation 2. To **Chris** I leave, well, I'll leave you X because I know you want to see it in English. To **Grant** I leave all my soccer jersey's that I own. **Bobby** you can have my soccer cleats because I know you don't have any.

First I, **Judy Belgrave**, would like to thank and give love to my aunt and uncle **Audley** and **Nicole Stewart** for being there for me. I would also like to remind my little cousin, **Anissa**, that I will always love her. To all my brothers and sisters, **Shamika, Christopher,**

Marlon, Erica, and Alexis. And to my mom, **Ora Belgrave.** I love you too, I would also like to thank **Tyrone** and **Dashaun** for making me realize who my true friends are. To **Quateka** and her crew, I give you much love. To **all the Haters** in this school, keep **hatin'** and you won't make it anywhere in life. To **Jennifer**, I thank you for the support. And last but not least I would like to thank **God** for getting me through this school year that has caused me hell and drama. To all my **real friends** I forgot, keep your head up and much love.

In this final statement, I, **Jennifer Burrow**, leave the following to the people who have been there for me throughout my years in high school. **Lucas**, thank you for staying with me through all of the hard times we've had while we've been apart. I love you {MORE!}. I am glad to finally be finished with the time we were forced to spend apart. Thank you for coming to visit me. I really needed to see you. **Jonna**, I miss you man! I'm finally coming home!!! Wahoo! To one of my closest friends here, **Jennifer Oeser** a.k.a. **Jo**, I leave a SIP of 151 and a garbage can by your bed just in case... I hope you and Ben stay in love, sweet love forever. **Ashley**, I leave you a big bag of "blah blah blah" and a space in the corner of the room to rock back and forth in when you need it. Also I leave you my endurance for a long distance relationship. To **Vanessa**, may you have all the boxes of tic-tacs that you could ever dream of for those emergency situations. Also I leave you a pillow and blanket for those college classes that you just can't stay awake in. **Sarah**, I have no idea what to leave you, you're so lucky, you've already got everything you need. All I have to leave you is my love and friendship forever even when I'm not living here anymore. May we make the best of our foods class together and hope to God we pass so we don't have to get stuck in it again next year. **Josh**, congrats for finally making it. Maybe someday I'll see you kickin' @\$\$ at the guitar on TV or the radio or something. Rock on Man! **Jeremy**, I love you, man! But I've still got to leave you an instruction booklet on how to lower your self-esteem, you might need it some day. **Rem**, man I live right next door to you and barely know you. How'd that happen?!? I'm sure many people in our building would want me to leave you some headphones for when you practice your guitar, but I'm not going to. They need to learn to appreciate good music when they hear it. Tschau man! **Mr. Van**, I leave you my utmost thanks for letting me graduate and get out of this place! You're the best! For **everyone else** that I know, I love you guys! {sniff, sniff}. And I'm gonna miss you all a lot. May everyone have a wonderful life with lots of love, peace, and happiness.

I, **Deveda Clark**, would like to say: Cheer up, every thing is going to be all right. Now down to the matter you're really wondering about, what I have left to those I love. To **my family** (all my family, even those members I haven't meet) I leave my love, compassion, faith, and determination. The love that I felt for them and the love that I hope they will all find for each other. The compassion they will one day feel for others and themselves. Faith they will find in themselves and in God. And the determination to follow through on all that they should endeavor. As formy friends, the gifts that I leave you are the ones that I think best suit you in life. To my best male friend, **Michael**, I leave two things, this advise, don't stop seeing your psychologist and don't let people pressure you into stupid things. Also I leave the memories that was our friendship. To **Arlene** I leave memories of our trips to the Village and all over Manhattan and the raincoat she gave me before I came to Germany (for all those rainy days). To **Nianda** and **Michelle** I leave Polytech and all of Downtown Brooklyn, our original stomping grounds, and all the things that it means to us. Last but not least to **all the people** (not only the Class of 2001) I have meet at Hanau over the past few months, I leave you hope, luck, patience and determination to find and achieve your goals in life whatever they may be.

I, **Myong Cotham**, would like to thank the following people. Thank you **Mommy**. Not only have you been there to cry with me, laugh with me, and watch sappy love movies all weekend over a box of tangerines, you have been there as my very best friend. If it weren't for you, I know that I would not have turned out to be the person I am today. People say that I look like you, and each time, I consider it an honor. Not only do I wish to reflect your outer beauty, I also wish to reflect the warm, loving heart you hold inside. It's going to be harder to leave you more than anyone, but I want you to know that even though I will be far away, you will **always remain** in the heart you have raised to be as beautiful as your own. **Branden**, I love you so. From the first time I saw you, I knew that you were special. You opened up a whole new world to me---one in which I could go beyond the limits and express myself through the love I possess inside. When you came into my life, I was able for the first time, to discover the person I really am. You bring out the passion in me, and everything about you inspires me to be myself because that's all that I ever should be. You are the fire that ignites my love. Your love is the sun in my world. I am forever grateful to you for opening my eyes and loving me for who I am. **Kevin Shaw**, out of the three other members of Bubka, even out of all of the friends I have ever had, I have known you the longest. I am reminded every day of the relationship that we share. I find it unbelievable. Two people meet in the 8th grade, become close in the 9th, can't bear to be apart in the 10th and 11th, and now, I feel so strongly for you. Your friendship has taken me to a level of love that I otherwise would have never known. You are my first real best friend, one that I can call my "other half". In other words, you complete me. The love you have blessed me with has been the ladder out of the holes that had invaded various parts of my life. Every time I look at you, I am reminded that I am really and truly loved. You developed my heart and my love. **Ah Dinah**. When I was younger, I used to ask my Momma for a sister. Ever since I met you and became close to you, that plea has never again been brought to mind. Dinah, over the course of our years together, you have taught me many things. You taught me that friends *can* have differences--- that friends don't have to conform to one another. We can be individuals as well as friends. You were and still are there whenever I need someone to talk to personally about well... "girl stuff" >_<! (Sorry Kev and Core, but every now and then, I really need a female accomplice ^_^). You're not afraid of showing your love to me. We would walk the halls of Lielehua, arm-in-arm, and you wouldn't think twice. You taught me that it's okay to show love---wherever and whenever. I consider that a major impact to my life, and I love you very much. **Corey Galon**, my mind is so "befogled" (== ^_^=) when I think about what we have grown in to. You are always there for me, ready to tell me the words I need to hear, never putting me off or infuriating me in any way... just like a true friend. You taught me many things about myself. Every word you say to me proves that. You prove that friendship can go beyond regular standards because I can actually say, "I love you," even though we have never looked into each others' eyes or given each other piggy-back rides. I consider you an angel in disguise. I thank all of you for granting me a piece of your heart. Always know that you make up mine.

I, **Paul Flask**, would like to thank **Pat**... "Wha 'Z' uuuuup!!!" It was a great year, wasn't it? I know I won't be forgetting all the hilarious moments we spent in class. Time sure went by fast. I hope that next year you'll be able to find someone to annoy just as well as me. Anyway, all I want to say is "Thanks for the great time."

I, **Bobby Fuller**, would like to start off by giving all honor and glory to my personal savior Jesus Christ, because without You I would be nothing. Thanks for listening. **MOM**, I love you and I want you to know that I know how hard it is to keep me in check, but you are doing a great job at it and it's all for the best. **DAD**, we have been through a lot and I thank you for pushing me to strive and work harder to accomplish my goals, and I know you are the reason why I am the man I am. I also want to thank you for letting me come and talk to you about everything, even if I didn't talk to you about much, it's just the fact of knowing you were there for me. To you both I leave quietness, because now you don't have to listen to me yelling with Alicia. **DAVE**, We have been through a lot and I think it has brought us closer together, thus making us the tightest set of brothers in Hanau. Without you I wouldn't have made it anywhere, and you have set a great influence on me, and as much as I try to follow in your footsteps I always fail. That is because we are two totally different people, and it took the folks and me a long time to really recognize it. I love you and thanks for being there for me. **ALICIA**, I don't know what mom and dad are going to do with you when I leave. To you I leave luck, because it's gonna get rough in the future. **MR. MAURICE** and **MAMA CAROL**, The both of you have been like a family to me and if you look at it, it's like I am part of the family. I know I spend a lot of time over your house, but it's because I love you guys. The two of you have been there for me whether it was for food, guidance, counseling on Tera, or just for a good laugh. Mr. Maurice I especially want to thank you for teaching me about Filly, Eros, strotegue, and that other gamma one. I forget how it goes but thanks anyway. Mama Carol I want to thank you for helping me out with Tera 'cause we both know she can get on your nerves. **MANUEL**, (MANK), Wuz up homes? Well to you I leave a bunch of Pokemon balls so you can catch all but I leave these so you can catch them and become the greatest Pokemon trainer. **TERA**, well I don't know where to start, but you and I both know that we have been through so much and where we are today is a result of it. We have had our differences and through all of this time they have only brought us closer together, and I don't regret one bit of it. I know that I have been hard headed and slow when I shouldn't have been but you know it takes me a long time to catch up. I want to thank you for sticking with me when times got ruff. I know we had to take occasional breaks in our journey to see if there was anything better waiting for us, but we never found anything. Well, in brief we couldn't stand not being around each other so we kept coming back, and I don't know about you but to me that spells love. You have been the key to every one of my doors and without you I wouldn't be able go on. I love you and I can't leave you with anything because you have everything, and I couldn't ask for anymore because you fulfill my every need. **SHEELAH**, You are at the top of my list because I have known you all of my German life. You have seen me grow up, you have seen me mature, and you have seen me start school off as a child and seen me finish as a well brought up young man. You have always been there for me, whether I was having a sugar rush or if I needed a couple of answers and I thank you for all you have done. We have seen it, been through it, and stepped in it the whole way up and I couldn't ask for a better friend to do it with. For this I leave you my friendship. **GAREY**, I know we weren't that cool at first, but these last couple of months have been pretty cool, whether it was football, or whatever else. It has been real good. **MAURICE S.**, You know I couldn't forget about your crazy tail. I have known you since I moved to A-stadt and it has been fun. It's not that your that funny it's just that the stuff you say is so stupid we can't help but laugh, but it's all good. To you I leave my ups because if you had those you would be a pretty good baller. **TIKPHA**, Hey girl we have been good friends and the number 1 thing I love about you is your laugh. Your laugh will make me happy every day of the year. I leave you my personality because you can never have enough of the superability. **GRANT & MATT**, To you all I leave my soccer skills, because whether you all like it or not, you sssuucccekkkk. Nah I'm messing with ya. **JENNIFER & ASHLEY**, my locker buddies, well I know I haven't been the best locker neighbor but I try. Jennifer I want you to know that I would never drop a lock on your head. Ashley I would never hit you in the head with my door. I leave all the space you will ever need. **ROLLY**, I think you are the number one fake senior besides Missy (Missy don't take that personally) but you are a pretty cool punk now that you have started liking girls. **HEATHER**, Or should I say sister in law. Well what can I say, I can't wait to corrupt your children. We have had good times and I won't forget them, but we've also had some bad times when we just couldn't get along, but we saw past those times and got over it. If there is one thing that I know, it's that I can never get answers from you. To you I leave my brother because it's up to me whether you get him or not. **JA JANET**, Wussup girl, I think this year is the only year we have talked this much, but it's all-good. Well I don't see how we made it this far but we did it and I am happy as a fat pig on Butcher's strike day. I can't think of anything to leave you so I will just leave you this little entry, have fun. **CHRISTIAN**, All I have to say to you is **GORILLA TOYA G.**, I want to thank you for all of the teas that you let me finish in journalism, they was good. To you I leave some acetone, because you need to tone that thang down (ha/ha) Big Butt Bertha. **THE COUPLE GROUP**, well we have heard and found out a lot about each other this year and it has been fun. The number 1 question within our group is "What is wrong with Mario?" Mario I just don't understand you, but if I know anything, you are hard headed. Hopefully one day you will see what you got and snap into it, because you need counseling. I think another question within the group is "When is it going to happen, it should have been a long time ago?" Don't y'all feel the same way? Hey Wes, aren't you glad we don't have all of Mario's problems? I know I am! Leyla handle that fool! Mario, some day you will catch on to the game. All you gotta do is slow down and see what's in front of you. **DENNIS**, Well that's too bad we couldn't graduate together, but **** happens. I have known you for almost all of my life, and I have had a blast. If I wouldn't have met you I probably would have never liked football, or played it. You have been like a brother to me and always will. To **all of the lower class men**, all I can do is laugh right know because I am graduating and your not. I know how much y'all want to graduate, but it's not all what it seems, because after this it's just another harder, longer, and more costly journey, and some of you are gonna be ready for it and then there will be some of you who'll crash. You'll crash because you rushed getting out of high school, and didn't take the time to read all of the fine print and handle your biz. I don't want you to think I am preaching to you because for those of you who knew me, I did all of the above and now it's (as the philosophical term goes) hitting me where the good lord split me. But, if you all need some preaching I know a couple of good preacher's that go by the names of Pastor Macintosh and Nettles. All I am saying is take your time and wait for your turn, it's coming, just slow down and let it marinate.

I, **Percy Jane S. Gervacio**, being of golden-brown Filipino body and an absent mind, hereby bequeath the following: First and foremost, I would like to express my unconditional love to my parents, **Cynthia** and **Perfecto**. If it weren't for you two people, I wouldn't be where I am today. Thank you for never giving up on me, and in doing so, you taught me never to give up on anyone that you love. **Aricie**, mi seester and pruney, I love you and I will never stop loving you. "Love is the sweetest thing, love does exactly what it wants to do, love is the way we feel for you, we're family..." We've been through so much together, but don't ever forget those days. Cherish them always. And if you do have a problem, there's a thing called a phone card and e-mail that is very useful. I leave you with the memories of fighting over the phone and the shower, the many times you borrowed my clothes or magazines, and the number of times you got mad at me for not waking you up in the morning. Now you get the privilege of waking yourself up ON TIME. P.S. Take care of yourself and stay away from the boys!! To the rest of my brothers and sisters, (**Christopher, Cezar, Pamela, Paula, and the new baby**), I leave you countless hours of fighting over the shower and making me go crazy from the many shows of Blue's Clues, Pokemon, Digimon, Sesame Street, and Barney. I hope that you will learn how to talk soon, Cezar. I love you all so much. In a movie I once watched there was a song in it that went, "Every now and then, we find a special friend who never lets you down, who understands it all, reaches out each time you fall. You're the best friend that I found." PJ, you are not only my best friend, but also my psychiatrist, my confidant, and most of all, my brother. I love you so much. Thank you for helping me through all the problems that I had to go through in my life, and even though we are a whole ocean and a country away, you will always be in my heart. "If you lose your way, think back on yesterday, Remember me this way..." I leave you only the unconditional love, respect, and friendship that you have given me in the last couple of years that you have shown me. My "Lil' Asian White Girl" I leave you all the chocolate on Valentine's Day in the world to you. We've been through too much for us to forget about each other. We still have so much of the world to explore and time is running out, so we need to hurry because I don't think the world is ready for us. **Heather Marin!** Remember all the times that we spent on the phone talking about the "Kristys" and trying to go to the fest and our freshman cheerleading squad! You take care of yourself and tell that boy to take care of you too. I want to see you happy in less than a year... **AFTER WE GRADUATE!!** To the Jelly Belly Princess, **Sheelah Rose O. Aplasca**, I leave you enough money to pay you back and to get on the bus, a pair of glasses, and a stress reliever to calm you down at those certain times. We've been through so much from cheerleading to CWE to our classes. I don't think I could have made it through these past two years without you. Remember this phrase always: "Mr. Hall, Mr. Hall!!!" I love you girl! Keep in touch 'cause when I'm that rich and famous singer who needs a choreographer, I'll be calling you cause I am your Jelly Belly Queen. "You can have diamonds in your hands, have all the riches in the land, but without love, you don't really have a thing, no, no..." Tell Rich to take care of you. From Foods class to crazy lunchtimes, I will always remember you, Ms. President. **Tikpha Candriann D. Asuncion**, remember that I will always be there, especially if you are in need of some lip-gloss. I leave a punching bag and some gloves to go with it so that whenever you realize you forgot something, instead of hitting me, you can hit that punching bag. I also want to give you some money to be able to take the bus to wherever you need to go. Thank you for all the advice you have given me. "Remember, we all have secrets." Make sure to bring

two boxes of Kleenex at graduation plus some construction paper, scissors, yarn, and glue cause you know what all that is for. I am going to miss you and our so-called lunch table. Love ya, and say hi to Joe from Abercrombie for me. **Heather Koch**, I hope that you accomplish all that your heart desires in life. We have to do that girl's night out thing. But there's always Spain. Remember me as that crazy ditzy girl that talked nonstop about nothing, ok? I will miss our little crew so much. I hope the world is ready for four crazy women fresh out of high school because we are on our way to being absolutely free. Maybe one day if you, Tikpha, Sheelah, and me get desperate enough we can do that *Coyote Ugly* thing. And don't get irritated with too many people. **Trish**, you rock! I leave you a book to teach you how to type fast and my skills in writing those horrible papers for your classes for the next few years and all the Jell-O in the world. Thank you for entertaining me when I was sad and gloomy over whatever things that came up. In a few years I want to see you play on the USA soccer team, ok, so you better work on those skills. **K-dawg**, I leave you the lei that you had ever since the last few months of last year. I hope that you enjoy your senior year. Cherish every moment because it is going to go by so fast you won't believe it's graduation time already. Trust me!! But anyway, no matter where you go in the next year or so, just realize that you have been there to make me laugh through all the bomb threats, at lunchtime, and in seminar. **Kaylee, Ruth, Mike, Maria, Stacey, and Sarah**, "Stand for Truth and Righteousness." I will miss you all and you will be in my hearts as I go on the rest of this crazy journey called life. I will see you in heaven, so get there. Hey, **Marija!** You know what? I hope that the world is ready for us cause I am ready to face it all! I leave you all my skills in not only algebra but math in general. I hope your life leads you to that one special person that you have been waiting for, and if he treats you wrong, call me, ok? I think we'll both be able to take him on, whoever he may be. Thank you for all the advice you have ever given me. It truly meant a lot. **Constance**, what can I say? I wish I talked to you more often this year. I am so thankful though that you helped me to see the light at the end of every tunnel last year. If it wasn't for you I don't know where I would be right now. Thanks so much. I love you. **Tera**, I hope you go far with those basketball skills. I leave all the insane moments that we shared at Baskin Robbins and in cheerleading. I hope you get a career for Michael Jackson's dancers or an exercise video. I hope that you, **Grant**, finally learn the basics to sewing a straight line or the different kinds of fabric. Thank you for being a great person to talk to in clothing and in AP English. You are the coolest. I leave all the snacks that you can take on for your classes so that you won't have to ask anyone else for some. To **Silly Stacey**, I will miss our scorpion thing that we had going on. **Antsy Ana**, I leave you my crazy personality that seems to take over me when I get on the field/court. **Bouncing Booty Brittaini**, I will miss your beautiful voice. **Claire**, thank you for all the times that you made me a free BK Broiler, even though that was only one time. **Krispy Kristen**, I leave you the knowledge that I have gained about music for the last fourteen years of my life. To **all my teachers**, I thank you for pushing me to be the best that I can be and for never giving up. If it weren't for any of you, I wouldn't be where I am. I wouldn't have the knowledge that you have helped me gain. I am especially thankful for all the teachers that have taught me the little things about life, like how it's ok to laugh at yourself or how it's ok to be wrong. Thank you for giving me that kind of knowledge. To **the senior class of 2001**, I leave you the courage to face all the challenges that you will be faced with after you leave this final stage of your adolescent years and the ability to get whatever it is that you most desire out of life. Last but not least, to the person who has seen me shed tears of joy and sadness, helped me through the difficult times in my life, given me the strength to go on, and the advice that I need to hear. **Andre S. Morgan**, I love you with all my heart and soul. Thank you so much for being there when I needed you the most and when I needed a shoulder to lean on. "Doesn't really matter what the eye is seeing cause I'm in love with the inner being, and it doesn't really matter what they believe, what matters to me is you're nutty, nutty, nutty for me..." I love you beyond what words can say, and I hope you realize that. You are one of the best things that have happened to me. You make me want to live each day to its fullest because of the motivation that you give me.

I, **LaToya Denise Gibbs**, being of sound, mind, body, and soul write my last will and testament. I would like to start by thanking **God**. You've always been there for me no matter what. Whether I was happy, sad, or depressed. It didn't matter, you were there for me. To **my parents**, the ones who gave me life. I would like to say thank you for everything you've instilled in me. I'll always be grateful. I leave y'all my love, room, and a lot of money. Hopefully it will be enough to get back for all the money you have given me. To **my mom** especially, I leave some hair dye. Use it wisely. To my brother **Eric**, I got nuttin' but love for you. Thank you for always being there for me when I needed you. You're the best brother any one could have. I will always be grateful. To you I leave my Business Law homework. I'll always be there for you just like you've been there for me. Remember what I've told you and you'll go far. **Garey!** Buddy ol' pal. I leave you with all the memories we shared in Physics and in Mr. Phil's seminar. You know what I mean. **Tinky Mofu** (Tera), I leave some cracker to go with Popeye's Gumbo and my Physics homework I copied off of Heather. **Heather**, I leave you a bag of Flaming Hot Cheetos, a lunch ticket, and an honorary black girl certificate. You're still the whitest-black girl I know. **Bobby**, I leave an empty bottle of tea. **Ja'Ja'net**, you may keep everything you have taken from me. **Maurice**, it's been fun these past couple of years. I leave you my child care homework. **Sharify**, you can have all the Popeye's you can eat and 10 cents. The "White Girl Physics" table, (**Vanessa, Stephanie, Jennifer, and Ashley**) y'all had some weird but interesting conversations. It's been fun listening to the things y'all been through. Good luck in the future.

I, **Garey Anthony Gill**, being of sound, mind, body, and soul write my last will of testament. First I would like to thank **the Lord** for giving me the strength to stay and graduate from school. For all the pressure that I went through, then I came to you and prayed. Thank you. To **my parents**, I thank you for being on my side through all the good and bad times we shared together. I leave you my photo albums. You are going to need something to remember me by. **Tomy brother**, I leave you with my ability to laugh things off. You are going to need it in the future. That attitude of yours is not going to cut it. Good luck to you in the future high school years. I will be back to watch your games. **Karole**, I leave you with all the movies I do own, since you like to watch movies so much. I love all four of you and hope for the best for all of you. One more thing **Derek and Karole**, get college out the way quick and early. Don't wait for the last minute!! **Kinelle**, hope you are having fun. Hopefully I get to see you again in the future. **Bobby**, good luck for you in the future. I hope you keep the possession that you have. She is a special person, and you two are going to need each other **Wes**, good luck to you in the future. Keep practicing on your football. Who knows, maybe we will see each other again someday? The only bad part is that we will probably be on different teams. **Maurice S.**, you tweedly d. Take care of yourself and help the football team to have a 500 or better record. **Tera, Toya, and Heather**, I will miss you three because you girls are so crazy. Good luck to all of you for the future. **Tikpha**, You are going to be alright, right? Just keep on laughing and you shouldn't be stressed. Thank you for being there when I was in a bad mood and you laughed to make me feel better. To **the football team**, keep your heads up. Everything is going to be alright. Good luck **class of 2001**. You just closed one door and are ready to open another. Be safe and have some fun before you graduate. Soon it will be over and time for the rest of your life.

I, **Marija Hugh**, would like to thank the one's I love and trust. I will first like to thank you all for being there for me. Especially when I was going through a lot of things, physically, emotionally, and mentally. I would like to leave all my love from my heart and soul. I want to leave you joy and the spirit of laughter. **Mommy and daddy** I love you with all my heart. I will like to leave you the understanding that you did a good job of raising me. You taught me how to value a spiritual life and how to thank God for everything. Not only respect God, but have him as a personal friend, and with God I can achieve anything. **Eleion** I love you with all my heart and soul. You're the best baby sister a girl can have. So I'm going to leave you strength. The strength to take a negative and turn it into a positive. Don't let what people say be your result. **Samuel and Joseph** you both are my babies and I love you both. I would like to leave you the gift of respect. Not only respect for yourself, but respect for others. Treat everyone equally and don't disrespect females. I know if you have respect in your heart you will have respect for the ladies, and they will love you. The reason why is

because you not like the rest of the guys, and it's nothing wrong with being different. **Grandma and grandpa** thank you for everything. You showed me how much you care for me when you took me in with open arms. Yeah, I wasn't your flesh and blood, but you made me feel a part of the family. I leave you a piece of my heart, because it takes heart to receive a heart. With my heart it will be filled with love and appreciation. **Aunts and uncles**, I would like to leave you all a quote. "A family that prays together, stays together." So as long you all pray together, there won't be any drama in the family. **Toall my cousins**, I love you all. Yeah I know I was the ringleader in everything. So I would like to give you all confidence in yourselves. There are many things you will have to face, and if you confined in yourself the sky will be the limit. So I love y'all and I will see you at the crossroads. **Miranda Rhodes** I love you with all my heart and soul. We have been best friends for four years. That's the longest I ever had a true friend. Girl I leave you the passion to overcome the odds of life. I know what kind of person you are and I don't think you have to prove yourself to any dumb boy. Overcome the odds of life that might distract you; guys, trifling chicks, so-called friends, family, and your inner-soul. Stay true to yourself and others. **Mrs.Harris** thanks for being a great teacher, because you never turned your back on me. In the process you made learning fun. Every time I wanted to give up you would encourage me to reach for the stars. So I would like to leave you the teacher of the year award, because teachers don't get recognized anymore. **Alicia** when I met you it was like I knew you for years. We both were new to the country and to the school. I would like to leave you laughter. So keep your head up and stay sweet **Gerald** you're my baby. I wouldn't trade you for the world. You always treated me with respect and I love you for that. Yeah, we might not have seen each other every day, but when we did spend time together I felt like Cinderella, because you swept me off my feet. So thank you for that. I would like to leave you the memory that you were one of my first loves and you were my high school sweet heart. I never thought I would find anyone in Germany until I met you, and I will see you again in heaven. Well, to all the friends I might have missed. I have nothing but love for you all too.

I, **Alicia Isaac**, would like to start my will off by thanking the One who has always taken care of me. The One who made me who I am today. That One is **God**. I want to thank You for being there when my so-called friends had me down. For being there when I needed someone to talk to. When I was alone, You were the one that made me feel whole. Thank you God, for everything. I also would like to thank my **parents**. You have always been there for me. I know that I have taken you through a lot. So here I leave to them my dedication to further my education and become somebody. To **myoldest brother**, I would like to leave my admiration. For you're truly somebody. You have always been strong. When people said you couldn't do it, you did it anyway. You are my big brother, and I love you for being you. You have always been something special. To **mylittle brother and sister**, I leave you guys wisdom, and knowledge. To **mygrandma**, I love you Mama. You are the best. Much love to the rest of my family. Especially to my cousin **Kim**. I am so proud of you. Now to my friends, I don't have that much. The ones that I do have are really special. To my friend **Jennifer Knight**, I love you. I leave to you my forever friendship. To my girl **Marija Hugh**, (a.k.a. Mahogany)... You are my girl. The truest female I know. Keep on keeping it real. You and your boy Gerald. I love you girl. Anything you need I got you. You know this is not the end. I want to leave to you my good times, because if it were not for you, I would have no good times here. To my boy **Johnathan**, I am so glad I met you. Even though we did not get off on the right foot, I knew you would come around. Whenever I needed to escape and get away from Hanau, I just thought about you. You are my boy for real. Keep it tight **ONE**. Much love to **all my people** in Texas. You know Texas be on point. Much, much love **toall my family and friends** in North Carolina. Also to anyone from the big N.C. I am not the type to purposely leave any one out intentionally, but there is no way I can remember to mention everyone. Even though I would like to, it is impossible. So I am going to leave it like this **Veda**, it has been nice knowing you, and I want to leave you will power. Keep it cool girl. How can I even forget my homeboy **Marc Benjamin**. Boy you know you tight. I'm so proud of you. Go 'head boy, with your bad self. I will never forget you Marc. Before I forget... my girl **Judy Belgrave**. I know you have been through a lot, but you finally took my advice. Even if I tried, I can't leave out my girls **Quatica, Shay, and Crystal**. You were the first people that I met when I did not know anyone. Y'all made me feel so welcome. I am glad I met you guys. You people are the illest freshmen I know. Much love, and peace. Before I forget, I want to mention my nice friend **Tikpha Asuncion**. Tikks, it has been fun having you in my classes. When I had bad days, you came walking in the class laughing and it made me laugh. So I leave to you forever laughter. Thanks for being someone special. To **any one that I did not personally mention**, sorry. You know I love y'all too. I have love for everybody. Those who have kept it real with me, I kept it real with you. I hope that everyone remembers me for who I was. Also that, I hope that I have made an influence in someone's life. That is basically it. I know I will see most of you all again in life. PEACE.

I, **Heather Koch**, being of sound, mind, body, and soul, do hereby bequeath all my worldly possessions to the following: To **my parents** I just want to say thanks and I love you! I've made it just like we always knew I would but I couldn't have done it without you. You guys are my rock. May I be able to return all the love and support you've given me for the past 17 years. And don't worry Dad, you're retirement fund is taken care of. To **Hanna** I leave you the "limelight" so that you may shine like I know you can. Do great things, be a great person. Much thanks for always being there to hold my hand when times got tough. Have fun with Mom and Dad for the next 3 years!! To **David** my love, my soulmate, my everything. All I can leave you is space baby because that's all there is. The MAGIC we have is like nothing else on this earth; it's the movie stuff. Thank you for taking the time to find Heather when even I didn't know where she was. Thank for you loving me even when it was easier to let go. Thank you for being my David, the beautiful person. You showed me how great it was to be able to really need somebody until you weren't anything without them. Hold on because Forever is just around the corner. In the meantime, we still have reservations for the Sun. To **Jennitche** the bestest friend in the whole wide world. You're my other sister chica! I leave you the memories of Old Jr. and "We're going to Europe!!!!" And a one-way ticket out of Enterprise; you're way too good for them. Thanks for being so supportive even when I go through my Ghetto Hanau phases!! Just know that your happiness means just as much to me. To **mybrother-in-Law** and **Tinky** (Robert and Tera) I leave the ability to commit the right way, whatever that may be. We've had some good times but the best has yet to come!! Always remember though that we came first so that makes us the best... naturally. To **Big J** (Justin) my only true Hanau friend. I'm gonna leave you a girl who can treat you the right way, how it should've been all along. We've managed to stay friends throughout all the rumors and for that I'm eternally grateful. And no matter what you believe, the world is waiting for you. To **Vanessa** (Vanessa) I leave my full understanding of what it is like, all of it. You're the only person who can sympathize and laugh with me at our stupid conversations. Thanks for helping me get through all those months. And try to stay out of those car accidents!! To **TikphaSheelah**, and **Percy** I leave you guys a map so we don't get lost in the middle of the night anymore. Oh yeah, and "ENGLISH!!!!" skills. It's Girls Night Out every night for us!! And Percy, you really gotta get out more. To **Toya** Long Live the Big Booty!! Sure hope you always find clothes to cover that thing, we don't always wanna hear bout the thong. You get the other half of the certificate for being the blackest

white girl. To "The Couple Club" I leave group therapy!! Y'all need it, that's for sure!! Thanks for making the time fly . . . in an interesting way. Just remember, David was always there in spirit!! To **Physics** I leave the black table a never-ending supply of Hot Cheetos and No-Doze so you guys can stay awake for Mr. Phil. I leave the **white table** a tape-recorder so you guys can hear what you talk about and shock-collars so Mr. Phil can zap you into paying attention. I loved being the "bridge!" Oh yeah, and all you people can have my homework. To **The Class of 2001**, just remember that it requires wisdom to understand wisdom; the music is nothing if the audience is deaf. We are the TRUE first class of the millennium so let's show the world what music really is.

I, **Vanessa Kurtiak**, would first like to wish the **Class of 2001** the best of luck in whatever you wish to do with the rest of your life. In my last will of testament I, **Charles D. Maybee**, would like to thank **my parents** and all the **poor teachers** who've had to put up with my *crap* all these years. I also would like to thank **myself** for a job well done. As a senior I would normally leave behind a lot of things, but there is only one thing I can leave which is *my insanity*. From moving here last summer, I believe my sanity has been left behind in the states. So as I leave here I will leave behind my insanity for all the poor soles that are stuck here for I *carvegain my sanity* when I arrive back in the states.

I also leave you all the clothes you've already stolen from me. I love you. **Arvon**, I leave you a penny for every time you made me feel loved, slow danced with me in our living room to a song that wasn't even on, and, finally, for every time you and Destiny have amazed me with my own ability to love both of you so much. You are my best friend. Thank you for always being there. To **Shawna Getchell**, I leave you a wallet, may it always remind you of all the times we've shared together (like New Year's 1999). I hate to say it but I love you like a brother. I think you understand why cinnamon. Bye Pooh Bear. **Lamar**, I leave you a million dollars to repay you for all the kind things you've done for me (and gas money). Thank you for being a better friend than I ever expected. I love you guys so much and I want you to know that I always will! You guys have always been there for me and without you I don't know where I would be. **Benjamin**, my love and sweetheart, I will make every effort to always be with you. The army can be a real pain, but it can never separate us. We're too strong and too cute. You have also been my greatest support and I thank you for all those late night phone calls we have shared. Thank you for everything! Through the years we've been together, we have a lot of pretty awesome memories, which I will never forget! To my good friends: **Jennifer**, my closest friend, we have had some real kick...um butt times. From the horrors of Ryan to the day I was restricted from your house, we have had some pretty cool adventures. Out of everyone, you understood me the best and you were always there for me. Thanks! I leave you a life time supply of Reese's, a driver's license, and a spaceship. Long live 151, video games, oh and don't forget the coke! In my last will of testament, I, **Tera Delisa Perez**, would like to thank my family. **Mom, Maurice** without you letting me go and explore new things I would have been living inAltenstadt and have a boring senior year. Thanks for always being there. I love you. To **Manuel**, thanks for always getting me in trouble, I leave you my room, since you never like to come out. To the **Lee/Fuller** family, my second home. Thanks for always letting me come over when I was bored and wanting to watch movies. To **Bobby**, my love, my sweetheart, my everything. Nobody can ever erase our memories; I love you so much. The Hanau Tennis Team got a complete makeover for the year 2000. Only two members from last year's team remained. Mrs. Vanderheyden graciously stepped in as the new coach and scored high on the popularity scale. The girl's tennis team was complete this year with seven members, six of them beginners. Kristina Marshall played first chair, Maria Morey second, Patricia Foster third, Sarah Blair fourth, Jennifer Shipley fifth, Elizabeth You sixth, and Gladys Rodriguez and Jessalin Williams traded off for seventh chair. The boy's team included Justin Lassiter as first chair and Emmanuel Baker as second. All the players improved dramatically in the short season. Justin placed fifth at Division II Finals and advanced to Europeans, and Kristina placed sixth.

Track and Field

2001 Track and Field team

Track can test the best in you. You must be able to face the test alone. As well as competing against other individuals, you will learn to compete against yourself. The stopwatch and tape measure are always there to check on your improvement. The same tape measure and stopwatch allow you to compare performances with other athletes throughout DODDS Germany and Europe. Somehow when you feel you're good, you read about someone who is doing better. You need to set goals for yourself during the track season.

In the midst of this struggle, you will find out that you are also competing for your team and school. You will learn the sweetness of a team victory whether you score ten points or one. You will learn to accept a loss and to congratulate the winner. You'll learn that your opponents can also be good friends. You can compete harder against someone when you know them well. You will learn that, to compete against the best, you cannot give them any advantages. You realize that training rules do have a purpose. Finally, when you have faced the test through thick and thin, you will realize that most of all—IT HAS BEEN FUN!!!

The AVID staff: Mrs. Panzlau, Mr. Eller, and (on the far right) Mrs. Blair.

AVID is a college preparatory class that is used worldwide. The components of AVID are as follows: notes, tutorials, and classes. The AVID program demands that all students take notes in Cornell style during five of the seven classes they are in. The tutorial system introduces the fundamental principles needed in college. Students learn to cooperate in a group and confront their problems with the help of others. Students are not given the answers but instead have to find their own through thought and guidance. The final component is the classes that the students need to take. AVID students are expected to be enrolled in a rigorous schedule composed of mathematics, science, language arts, and foreign language courses. The AVID program at Hanau American High School is well honored. Recently, at the Mary Katherin Swanson (the Founder of AVID) meeting, the Hanau High School was recognized for consistently having forty percent of the students make the Honor Roll or higher. Hanau was also recognized for having the first six year AVID student, Nicholas Williams, who applied to Yale University, Trinity College, Northwestern University, Illinois Institute of Technology, Massachusetts Institute of Technology, and Oregon State University. Hanau High School was also awarded with being the only school that follows the ABC Writing Program, and having all students correctly scheduled in college preparatory classes. Lastly, the AVID program was regognized for having the highest percent of students that are in Honors and AP classes in AVID.

FUTURE EDUCATORS OF AMERICA

Future Educators of America is a club designed to promote education as a career and teacher appreciation. Club members dedicate one seminar a month to help run errands for teachers. Also the Future Educators have an article in the school newspaper which they use to feature a different teacher or staff member each month. This was the first year Hanau has had a chapter of the Future Educators of America, and the club will certainly continue to thrive in years to come.

Mario, just stay out of trouble and be patient. To all the cheerleaders on the 2000-cheer football squad, I leave you with a smile (**Sheelah, Percy, Jill, Stacey, AnaLisa, Brittaini, Kristen, Sylvia, and Claire**), you guys were the best. To **Stacey and AnaLisa**, I had so much fun with you guys. Good luck and I'll miss you two. To **Roland**, I leave you friendship and age, grow older and always be happy in whatever you do (brain surgery). To the **basketball team**, I leave you my experience of the game. You only get better. To everyone I forgot... good luck!

I, **Steve Postighone**, would like to thank **ALL MY TEACHERS**. Thank you for what you all have done for me in the last year and a half in **Hanau High School** and for never giving up on me. May God watch over all of you and bless you with His love.

I, **Rolando E. Rios**, being of sound, mind and body hereby state my last will and testament. **God**, first of all I would like to thank You for the opportunity You have given me to graduate. Thanks **Mom and Dad**, I thank you for all the love and understanding you've given me, so for this I leave you my love and a picture of me so that you can remember me the rest of your lives. **Mysister Cheryl**, I leave you all the fights we had and mom and dad. To **Tera**, remember all those trips we had our senior year. It was nice talking to you. I leave you all the candy you can eat and some more, plus my new BMW convertible. To **Bobby**, I leave my football skills and my good looks. Remember if you work hard enough you'll look as good as me. To **Toya**, I leave you a bag of Chips Ahoy and the trip to Hannover. To **Matt** I leave him my soccer skills which you will need in the future. To **Grant**, I leave all the girls you want and those you don't. To **Mike Vicente**, I leave my golf skills. To **Tikpha**, Just keep on laughing and you'll make it to the top. To **Justin Lassiter**, I leave you all the basketball skills you don't have. **Sheelah**, I leave you my cheerleading skills. **Garey**, I leave you a Big Bertha and a golf ball (you know what I am talking about). **Mr. Van**, I leave you my house in Hawaii. **Kesta**, I leave you the Ms. Nigeria Award you never got for your participation in opposite sex day. **David Vargas**, I leave you all the country grammar. **Nick**, I am going to leave you some knowledge and some muscles so that you can carry your body bag around college. **Marija**, I am going to leave my young soul, and all the times I bothered you when you were typing. I also leave you my freestyle skills and typing skills. To the **senior class**, I passed and had a good time with y'all. This is the best senior class I have seen. I am going to miss you all. I hope that all of you have nice futures, and that you always can be successful. See y'all in 10 years.

I, **Eric Sanchez**, would first and foremost like to give props to the two most influential people in my life, my mom and my cousin Will. **Mom**, you've been like my big sister, a great mom, and my dad at times. **Will**, you have taught me just about everything I know and I am grateful. I leave both of you all of my love and care, and I love ya to death even though I might not always act like it. To my step-father, **Robert**, I leave you all of my Timberlands and all of my sports knowledge. I also leave you all of my baseball skills because you know I'm better than you. I've known you just about all of my life and even though we haven't always gotten along, I really appreciate all of the things that you have done for me and all of the advice you have given me over the years. Now to my friends. To **LaToya Gibbs**, I leave you all my CD's, my advise, my AND I sneakers, and my love and care. Thanks for all of the advice. I really appreciate it and I should've listened more. To my boy **Sharify Baksh**, I leave you all of my rap videos and all of my change from lunch. I also leave you all of the Freestyles we made up about people and things we did in STS (potatoes). We've been cool since tenth grade and everyday has been fun. Keep ya head up and tell Shayaa I said what's up and hit me up in N.Y. To **Maurice Robinson**, I leave you everything and everyone we've talked about in computer music. We really didn't know each other until this year but it was fun knowing you. To **Tera Perez**, I leave you that day we chilled (tickle, tickle). It was fun knowing you and I will never forget you. To everybody at our lunch table and to everyone I chill with that I forgot. I'm sorry but I love ya and appreciate the friendship but I just didn't have enough time to mention everybody.

I, **Aja Shamburger**, would like to dedicate my senior year to the people that have helped me get through this last year. First, I would like to thank my **mother**. I know I have put you through a lot these past 17 years; I want you to know that I am very thankful to have you as a mother and a best friend. **Father Patrick**, thanks for helping me deal with all of the situations I have been through this year, especially the MALE problems ☹. My sister, **Brittany**, I just wanted to let you know that even though I may fuss at you, I only want you to do the best, I don't want you to go through the same things your big sister has been through. I want you to know that if you ever need ANYTHING from me, I am there. I love all of you!!!! To my home girl from Maryland, **Shala**, you already know that I was going to put you in this, I am never going to forget all of the fun me and you have done. We are unstoppable West Coast East Coast Connection. ☺ For real, I appreciate all of the advice you have given me through the year, even if I didn't listen to you. Don't be tryin' to go to Maryland and forget about me. I will be up there to see how the East Coast is. **Tasha**, I wanted to put you in here even though we have had some complications with our friendship. We gonna try to do this college thing right? See you next year at Mannheim!! **Maurice**, hey PUMPKIN!!! I just wanted to let you know that I cherish our friendship. I won't forget all of the times we just chilled and had fun. ROLL IT, ROLL IT!!!! Well, I'm not going to say anything else, 'cuz you already know about that... that's our little secret. To all of those that I forgot, you already know that we were cool, and I will miss y'all.

I, **Ja'Ja'net Chimi Thorne**, in my last will and testament, would like to first of all thank the **Lord God** for allowing me to get this far in life. I would like to thank my family for always supporting me even though they didn't always agree with me. I LOVE YOU!!! To my **Mom**, I love you very much and I thank you for putting up with me through my tough times. To my **Dad**, I love you too. Even though I didn't tell you a lot it was because I didn't know how. I, **Nicholas Williams**, would like to say the following: My, my. What a hectic year this has been. As a matter of fact, looking back, I can see the turbulence of it all. But there are still many things left to do. For one, I need to express my appreciation to all of those who have given me support as well as thanking the people I leave behind. There, I have done so now. For those of you who need to have more specific thanks, instead of being merely mentioned in one sentence, I shall enlighten you if I can. To start of with, I wish to thank my family for their support as well as expressing their unbiased opinions to me. Next, I wish to thank a series of fellow students who have given me their support as well as their kindness: **Patrick and Paul**, I thank you for trying to cheer me up while I was down, and thanks for being my friends. **Zack**, if you are reading this, I wish to extend my thanks as well as congratulations for being a member of Existent Productions. To my other employees, who I shall refer to as **Artimus, Taylor, Calli, and Charles**, I thank you for being in my company for over a year, and shall give promotions when I feel like doing the paperwork. To the entire cast and crew of "My Three Angels," **Henrie** would like to give his thanks to the superb performance as well as the behind the scenes action **Kiesha**, thanks for being nice to me and filling my time at the store with some sort of fun. I wish to thank **Constance**, patience and kindness, and I hope that you accomplish your dreams. To all of those people whose minds I have poisoned with calculator games, I thank you for letting me manipulate you and getting me closer to world domination. Just don't give the teachers here too much trouble. Above all, I thank **Heather Wells** for both good experiences and bad, and hope that your life turns out all right. But even my teachers deserve praise, and I wish to thank all of you for putting up with me in your classes. Special thanks goes to **Mr. Schupp**, who had one hell of an Integral day, as well as **Mr. Van** for making his class as interesting as possible. A lot of thanks goes to **Mr. Eller** who helped me become who I am today. Organizations that I want to thank are: **Odyssey of the Mind, NHS, Drama, and Yearbook**. Thanks to everyone else that I failed to mention here! On an ending note, I would like to impart some advice to underclassmen. I am leaving here with a world record, and I think all of you can do the same. I hope that you do, and wish you luck in the future!

Wellness Day

14 February 2001

We've all looked for ways to learn how to relax or we've searched for books about the meaning of dreams. We question our spirituality and most of us needed dance lessons. We found out the grandeur of being a woman and the excitement of being a man. We learned how to boost our confidence and about love addictions. We learned all these things and so much more during Hanau High School's 2001 Wellness Day.

THE WELLNESS DAY

Always a friendly face waiting to greet you when walk in Hanau High

Your perseverance and altruist spirit is an inspiration to all!

You have done the best and taken good advantage of the opportunities and blessings that God has granted you in life.

Keep being yourself with your good principles, and all the good that you have cherished in your heart.

May our kind God keep guiding your steps on His path.

Congratulations On Your Graduation Day!! Enjoy each minute of it!! You deserve it!!

**We love you, and will always be there for you and you know this well.
