DEDICATION

MR. PHILLIP D. HARR

MS. JOSEPHINE DUNN

CELEBRATIONS IS PROUDLY DEDICATED TO TWO INDIVIDUALS WHO HAVE SERVED OUR SCHOOLS IN HANAU VERY WELL FOR A NUMBER OF YEARS. MR. HARR WAS THE PRINCIPAL FOR 18 YEARS AT ARGONNER, AND MS. DUNN WAS THE SCHOOL NURSE FOR 16 YEARS IN HANAU ELEMENTARY SCHOOLS.

BOTH MR. HARR AND MS. DUNN RETIRED DURING SCHOOL YEAR 85-86, AND OUR SCHOOL AND COMMUNITY HAVE PROFITED FROM THE ASSOCIATION THAT WE HAVE HAD WITH THESE FINE PEOPLE OVER THE YEARS.

THANK YOU SO MUCH FOR ALL THAT YOU HAVE DONE, AND MAY YOUR YEARS OF RETIREMENT BE FILLED WITH HAPPINESS.

CELEBRATIONS

LIFE IS FILLED WITH EXCITEMENT AND HAPPINESS. THE SECRET IS THAT WE MUST CELEBRATE THIS GREAT GIFT. APPRECIATE THE BEAUTY OF THE PEOPLE AROUND YOU, LOOK FOR THE GOOD IN EVERY SITUATION AND LIKE A BALLOON, YOU WILL BE FILLED WITH JOY.

"WHO'S WHO IN THE MEDIA CENTER"

Do you remember these residents of the Media Center? If you
don't they are waiting to meet you.

1. What bear always wears a slouchy hat?
2. What amphibians (reptiles) are best friends?
3. What arachnid (spider) is a good writer?
4. What primate (monkey) is full of curiosity and mischief?
5. Who were the hounds of "Where the Red Fern Grows"?
6. What rodent (mouse) ran away on a motorcycle?
7. What member of the Cygninae (swan) family plays a trumpet?
8. What female (girl) member of the Mustelidae (badger) loves bread and jam?
9. What female homo sapien (human) is the biggest pest on Klickitat Street?
10. What male (boy) homo sapien stores all the information that is in the Media Center in his head?

If you scored less than seven, come in and meet these
characters. They are eager to meet you.

MARCHING ALONG

The Argonner Elementary School had an exciting Volksmarsch for grades 3-6. The 3rd and 4th graders hiked a distance of 12 km (over 7 miles), while the upper graders trugged a foot blistering 20 km! That's about 12 miles, folks! We had a ball, but a couple of us were tired that evening!

Let's take a break!

During the final days of October, our school really enjoys the holiday of Halloween. We have parties, a carnival sponsored by the PTO, and a chance to scare all our friends.

Beware of us!!

I thought this was just a regular day not Halloween!

Why are you staring at us?

HISTORY

IS EVERYWHERE

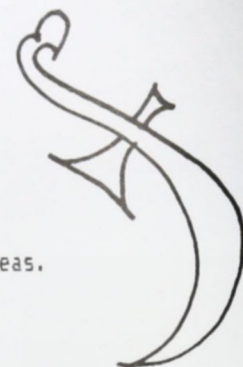

VISITING TRIER

Trier is the oldest city in Germany, over 2000 years old! It is situated on the Mosel river, and is an important center for trade and transportation.

The Romans made quite a settlement here, complete with an amphitheater, and bath areas.

Today there is so much to see, and if it was good enough for the Romans, it's good enough for me!

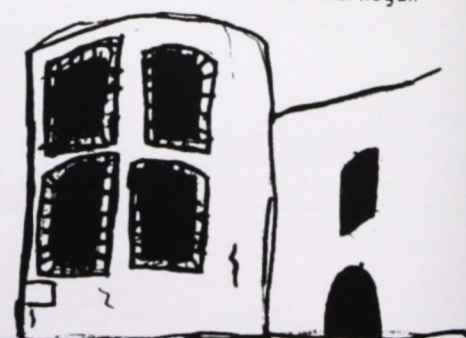

I can jump over that Porta Nigra easily.

Huddle up now. The next play will be throwing the lion into the Emperor's booth!

Artwork by James Jernigan

Ouch, we've been hit by a Roman star!

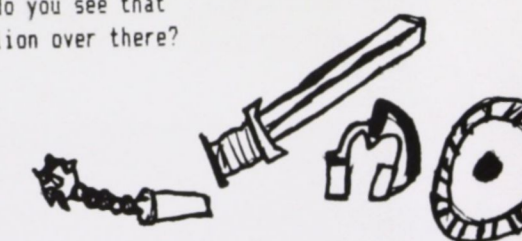

Here come the victors of today's battle!

CHILDREN LEARN WHAT THEY LIVE

If a child lives with criticism, He learns to condemn.

If a child lives with hostility, He learns to fight.

If a child lives with ridicule, He learns to be shy.

If a child lives with shame, He learns to feel guilty.

If a child lives with tolerance, He learns to be patient.

If a child lives with encouragement, He learns confidence.

If a child lives with praise, He learns to appreciate.

If a child lives with fairness, He learns justice.

If a child lives with security, He learns to have faith.

If a child lives with approval, He learns to like himself.

*If a child lives with acceptance and friendship,
He learns to find love in the world.*

Dorothy Law Nolte

TIME OF REMEMBRANCE

The 6th graders presented a program in October calling on American children to speak out against world terrorism. Each class presented the Pledge of Peace signed by every child, and lighted a candle.

A group of students presented a choral reading, and all joined in singing "Let There Be Peace on Earth" and "We are the World."

This list was to be taken into space on a laser disk aboard the space shuttle, Challenger.

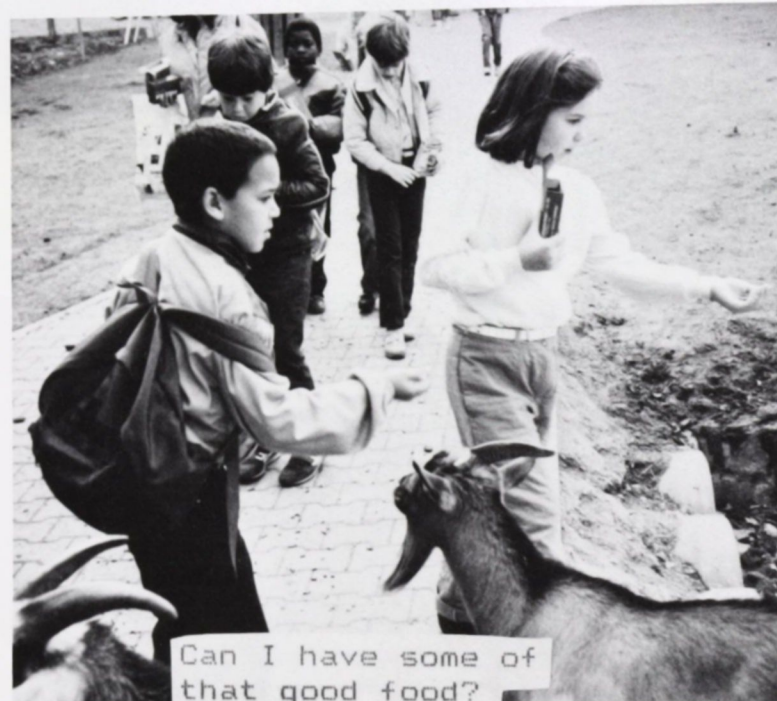

With great sadness, we learned of the explosion that killed the seven astronauts, including the teacher, Christa McAuliffe.

★ Lets go on another trip
★ tomorrow!

Living in Germany gives us the opportunity to visit places that many people in the U.S. only dream about. This year several of our classes have visited castles, famous places of history and museums. We had a great time, and learned a lot too!

The Space Program

I think that the space shuttle program is very useful, because it allows us to travel beyond the limits of the earth's atmosphere. But it does have weak points, such as the accident on January 28, 1986. On this day, seven courageous men and women went into the shuttle expecting to go into space, and see the earth from a much higher point than any jet could show them.

But in the end, all they saw was death staring them in the eyes.

BY PATRICK GALLAHER

As I have been growing up, I have heard of many exciting space vehicles, called the Challenger, Columbia and the Enterprise. The Challenger, unfortunately, exploded on January 28, 1986 at 11:39.13 A.M.

NASA scientists are looking for parts of the Challenger and the booster rockets to see what may have caused the explosion.

The seven people in the Challenger, including the first teacher to go into space, did not have time to escape, because the fuel that should have taken 8 minutes to burn took only 3 seconds!

Our space program will continue, with another teacher, after the results of the investigation.

I was sad when I watched it explode on TV. One of our teacher's husband was one of the top 20 to be selected for the Teacher in Space Program. He was at the sight to witness the flight. Mr. Van Lew came to our school and spoke to us about some of the people in the Challenger, his feelings and what he knows about the disaster and space program.

I hope that such an accident never happens again.

"Turkey News"

by Tanya Martin 6th grade

Characters: Reporter, Mr. Turkey, Farmer, Narrator, Tommy Turkey, Ralph

Scene 1: Turkey Farm

Reporter: Hi there, folks! This is your faithful reporter with "Turkey News". Today we are interviewing Mr. Turkey, a turkey weighing 200 pounds, 8 ounces. Hello Mr. Turkey. How much are you worth right now?

Mr. Turkey: Oh, I'd say about \$500,000,000.

Reporter: My goodness! Is that minimum or maximum?

Mr. Turkey: Minimum, of course.

Reporter: (chokes) Uh, do you have any friends around here?

Mr. Turkey: Gobble, gobble. Yes, I do. As a matter-of-fact, here's one now. Hi Tommy!

Tommy Turkey: Oh, hi! What are you doing?

Mr. Turkey: I'm being interviewed. Where's Ralph?

Tommy Turkey: You mean that stupid-looking chicken?

Mr. Turkey: That's him.

Tommy Turkey: He's mad at you for sitting on his one-wheeled wagon.

Mr. Turkey: So?

Tommy Turkey: Go look at the wagon.

Narrator: Just then, Ralph comes flying around the corner.

Ralph: The farmer's coming!! The farmer's coming!! He's got an ax! Run for your life!

Farmer: Hiya!

Narrator: There is a loud "pop!" and there, sitting on the ground, is a scrawny 6 pound turkey.

Reporter: What happened?!

Tommy Turkey: You see, it was only an inflatable suit with heavy objects in it to make him appear larger.

Reporter: Well, there you have it, folks, the turkey FRAUD! Join me next time with "Turkey News".

Winter

White snow drifts lightly,
Down from the light blue shady sky,
Sticking to the dusty ground,
The green meadows turn to white wonderlands,
Beautiful flowers lay down to sleep for the snowy winter season,
Little children play in the snowy school yard,
Animals hibernate for the long and cold winter nights,
And all noises quiet down until a new spring.

Small fries love McDonald's fries.

Why do kids love our french fries so much? Maybe it's because we only use 1 Grade potatoes.

Or, perhaps, it's because we always make them in our own secret patented way, so they're always crisp and golden.

But, the most likely reason is because they always, always taste so good.

Which is why they're the favorites of America's kids. From 3 to 73.

We do it all for you

The Power of Knowledge

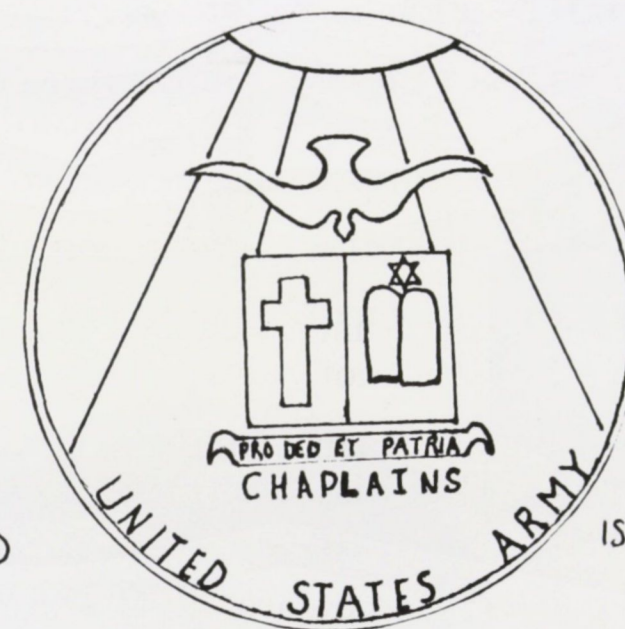

I PLEDGE:

1. I now realize that the greatest power in the world is the power of knowledge.
2. I want to be smart. Dumb, misinformed people go through life missing so many rewards that could be theirs.
3. I will learn my basic skills and be expert in them.
4. I will read books on the subjects that interest me most. But I will also read books and articles on other subjects to broaden my awareness of what is happening in the world around me.
5. I will discuss at dinner time what I have learned or questioned at school today.
6. I will study the ideas and dreams of our history to see how they can help me today.
7. I will set aside some time each day to think about my future, to discuss it with people I respect and to work on accumulating the knowledge that can guarantee that future.
8. I pledge this to those who love me and are trying to help me succeed. More important, I pledge it to myself.
