A dog's view on life ...
Suitable for all ages from 12 years up ...
MERLIN BOOKS LTD. ISBN 0 86303 412-8

Timm is the delightful story of how a dog copes not only with his human family but also his canine family. He tells the story in his naive-wise style, leaving the reader sometimes thoughtful, sometimes a little puzzled, but often smiling.

Timm is also a useful guide to the upbringing and care of dogs - in which our friend Timm offers candid advice 'straight from the dog's mouth'.

In Timm, Gis Olbrich has captured what most dog owners read in their dogs' eyes.

by Timm Yawarra as told to Gis Olbrich

**Small fries
love McDonald's fries.**

Why do kids love our french fries so much?
Maybe it's because we only use 1 Grade potatoes.
Or, perhaps, it's because we always make them in
our own secret patented way, so they're always crisp
and golden.
But, the most likely reason is because they always,
always taste so good.
Which is why they're the favorites of America's
kids. From 3 to 73.
