LETTERS FROM OUR LEADERS

On behalf of myself and all of the Iron Knights of 2-501 Aviation Regiment, we would like to thank the entire DODDS school staff and teachers for their exceptional leadership and care that they provided to the children and the families of our soldiers while we were deployed. Your care for our children was significant to our mission success in Iraq. You relieved us of the burdensome concerns of the welfare and education of our children, allowing us to focus on the mission at hand. You have our deepest gratitude.

To all of the children, thank you for working hard on your studies and assisting your parents in taking care of your selves and your brothers and sisters. Your parents could not have done it without you. You are very special children and all of us soldiers and parents are extremely proud of each and every one of you. We know that this deployment was not easy for you, we asked you to be strong, and you impressed us everyday.

You are very special children and have made incredible amount of sacrifices for the good of our country. You are proud American Heroes...and we are proud of you.

James D. Schrote
Iron Knight 06
Baghdad, Iraq

As the Commander of 1-501st Attack Battalion on Fliegerhorst Kaserne, I would like to thank you all for your support for all the families and children of the soldiers from my unit that are deployed in support of Operation Iraqi Freedom. Without your efforts, we would not be successful here performing our duties.

It is difficult to measure the impact of what you all have done in supporting these families and their children. But, throughout the school year, each and every one of you has been there to assist them through the good times and the "not so" good times as they deal with the hardships of family separation. Each of these families are better for what you all have done.

Again, thank you and best of luck with the rest of the school year.

To the Staff, Teachers and Students of Argonner Elementary School

From the Commander and Command Sergeant Major of the 55th Personnel Services Battalion, we would like to thank you for your love and support to our families and children while we were deployed in support of Operation Iraqi Freedom. Congratulations on completing another year of education, another year of new hopes, new ideas and new experiences.

This has been a challenging year for all of us. Being away from our children, our spouses, our schools and communities has been most difficult. We relied on the pictures, letters, gift boxes and emails you sent to the unit. For the many adopted parents in our neighborhoods, we thank you for helping fill the void, the loneliness by creating space in your home and extra seats at your dinner tables. Words are inadequate for the gratitude and appreciation we feel for the staff and teachers who have provided our children with a safe and loving environment in which to learn and grow. Yes, this has been a challenging year for us all; but we, the soldiers of the 55th Personnel Services Battalion were able to concentrate on our mission, knowing that our families and children were a part of a community that understood the hardships of family separation and the price associated with freedom.

Again, congratulations to our children and families. We are very proud of all of your accomplishments this past year. We salute you and all those that made this a memorable year!

To the Staff and Faculty of Argonner Elementary School

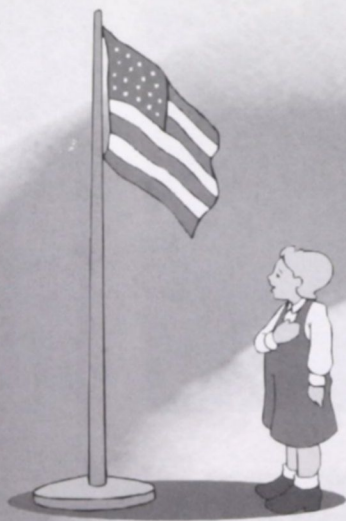

I would like to take this opportunity to personally thank each of you for the loving support you have shown to our children over the past year. Your efforts at home have provided ease of mind for all soldiers serving in Iraq fighting the War on Terrorism. For that, I am most thankful. We are all better for what each of you have done.

To Students of Argonner Elementary School

It is you who makes us the proudest. Please continue to support us by being great students and good people. We are all proud of each of you. We will be home soon with hugs and kisses for everyone.

God Bless you all.

LETTERS FROM OUR LEADERS

To the Teachers and Students of Argonner Elementary

Remember the first day of school last fall? When each of you-student and teacher- walked into the building and into the classroom for the very first time? Seeing some old faces, but many new ones? Thinking about the challenges you would certainly face, and feeling deep inside you the mix of excitement and a little anxiety? That's how it always is when any of us starts a new adventure, or take on a new challenge.

But now all of you are at the end of a school year, and the excitement is replaced by accomplishment and the anxiety is replaced by the knowledge that you have met difficult challenges and reached new heights.

So, congratulations on the completion of another education and growth. Congratulation on accomplishing much than you ever thought you were capable of, and achieving more than what you thought was ever possible.

For many, this has been a difficult year because of the deployment of so many soldiers from the Hanau area. Most students, parents and teachers were parts of families that faced the demands of the school year when their soldier was in a foreign land fighting for freedom. For the teachers, there wasn't a husband or wife to exchange good ideas with, or share the frustrations or excitement from their classrooms. For students, there wasn't that additional helping hand for the class project or the word of praise for a good grade (or some motivational words when the grades weren't so good). For the spouses who remained at home, there were the demands of being the only parent available when students needed some additional help. It was a demanding year for all.....

But that is sometimes the price of freedom, and military families-and the teachers who associate with them- know it very well, we know it more than most.

So as you finish this school year, and remember all the great times that occurred throughout this particular grade, know that we are all proud of your accomplishments, but also thankful for what you have done for the cause of freedom in very difficult time.

LETTERS FROM OUR LEADERS

TO THE STAFF, FACULTY AND STUDENTS OF ARGONNER ELEMENTARY SCHOOL,

It is an honor to address all of the students, teachers, and staff of the Argonner Elementary School. On behalf of the entire 127th Aviation Support Battalion, I want to thank you for your support of the deployed troops during our yearlong mission in Iraq. I, also, want to say how much I appreciate your patriotism. Without your spirit, determination, and perseverance, I feel that our deployment would have been much tougher and more challenging then it has been.

I am sure that most of you have experienced the painful challenges of family separation over the past year. As this is a difficult subject, I want to assure each of you that your sacrifices have been for a greater cause-freedom. There is no way that we can compensate the separated families for their sacrifice, but over time we will see how much our efforts will benefit the American people.

Thank you, again, for all of your wonderful support throughout this school year.

Sydney,
We congratulate you for your outstanding achievements as a student and super athlete. Your commitment to excellence has resulted in many academic and athletic accomplishments. In swimming, you broke four European Forces Swim League's records and won six gold medals at the 2003-2004 Berlin District and Munich Championship meets. As a student, you continue to excel in your studies while participating in the young author, Chorus, and Reading Clubs. We are proud of your displayed of good citizenship toward your classmates, friends, and teachers. We are especially proud of how you have helped your Father by assuming more responsibility at home while your Mother was deployed to Iraq. Sydney, you have been an inspiration to your friends and family. Your future is bright-you can accomplish anything with hard work. A Super job from a Super Student!
