ADMINISTRATION

Mr. Phillip Crooks, Principal

This book represents MTV Elementary's first at developing a yearbook. Miss Clouse, the yearbook sponsor and her assistant, Mrs. Pruss, together with the student council boys and girls, whose dedication and hard work made this book a reality, are to be roundly applauded. I hope that you, the boys and girls and parents, will find this book a source of happy memories in years to come.

A VISIT FROM ST. NIKOLAUS

A Christmas concert

Every year on the 6th of December children in Germany look forward to St. Nikolaus Tag. On the evening of the 5th, just before they go to bed, they place a shoe or a plate on the door-step or the windowsill, and hope that St. Nikolaus will come during the night and fill it with candies.

The children who have been good get nuts, fruits and candies. But those who have been naughty receive only switches! St. Nikolaus comes in person to some families, and the children recite poems or sing songs. St. Nikolaus then invites the good children to take something from his huge sack.

FIFTH GRADE GOES SKIING

We arrive!

Hurry up, I'm getting cold!

Having problems?

On Ski Week we went to Sheffau, Austria. We went on ski week, not only to learn how to ski, but als to learn how to live with other people and how to share. Some people had a hard time adjusting to the system, but in the end, everyone was happy.

One Last Word

We hope you have enjoyed capturing some of the memories of the School Year 1977-78 through this book. It is our belief that childhood memories should be happy ones and that is what we have tried to portray through our pictures and captions.

I would like to give sincere thanks to those who helped make this book a reality-- to Phil Crooks for the excellent photography work; to Marjory Pruss for helping with layout, designing the cover and for many good ideas used throughout the book; and to the Student Council members for captions and artwork.

It is my hope, that even though this is our first edition, it will not be our last.
