Which 3 coins are copper-colored? Which 3 coins are gold-colored? What is different about the 1 and 2 euro coins?

Kindergarten  
Kids

Each grade wants to use their 1 & 2 euro coins to buy a 12 euro book. Which grades have enough of these coins?

1st Graders

Would you rather have the amount of money pictured on the 3rd Grade pages, or the amount on the 2nd Grade pages?

2nd Graders

How much money do the 3rd and 2nd Grades have combined? If these grades donated half of this total amount to the Fisher House, how much would they donate?

3rd Graders

Estimate to the nearest euro how much money is pictured for each grade. List the grade totals in order of most to least.

4th Graders

How much money is pictured on all the class pages? What is the value in U.S. dollars if the exchange rate is \$1.50/1.00 euro.

5th Graders

### Directions:

Solve each problem using the coins pictured on the KG - 5th Grade collage pages. Start at the top of this page and work each grade's question until you have solved your grade's question. That means 5th Graders can do them all. Have fun! (5/4 Split calculate with 4th Grd; 4/3 Splits calculate with 3rd Grd; 3/2 Split calculate with 2nd Grd.)

A turtle flying faster than the eye can follow

# STAR NIGHT AT PHES

"Buzz Aldrin Jr."

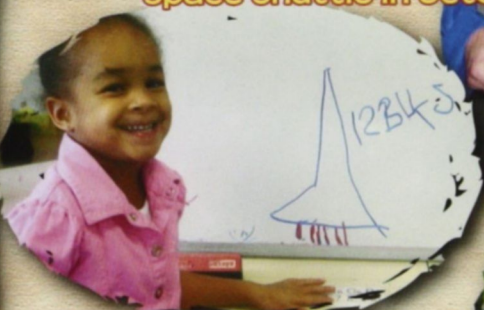

Space Week was a great time to integrate space studies in our daily work.

PHES was one of 500 schools chosen to send our autographed poster on the Space Shuttle in October.
