Carnival

A collage of 30 photographs showing children and adults at a carnival. The photos are arranged in a grid-like fashion on a blue background. The children are wearing costumes, holding cotton candy, and participating in various activities. Some photos show adults interacting with the children. The overall theme is a fun, festive event.

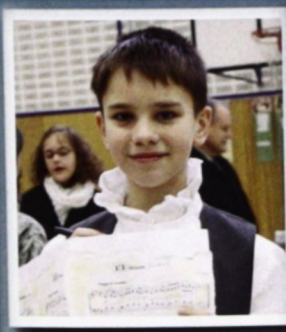

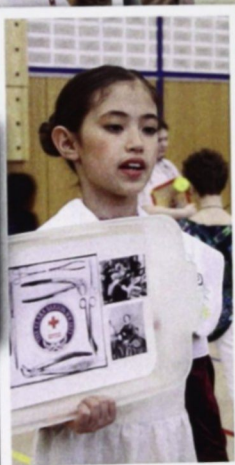

PHES Families

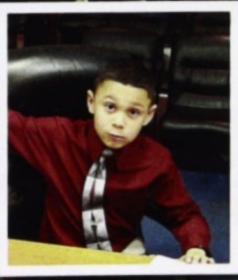

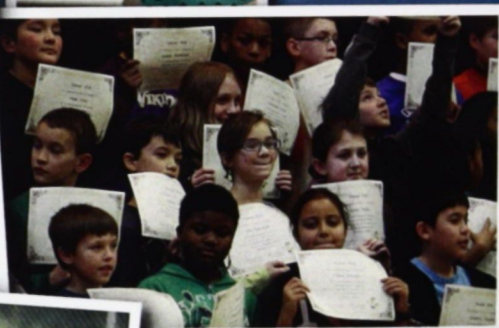

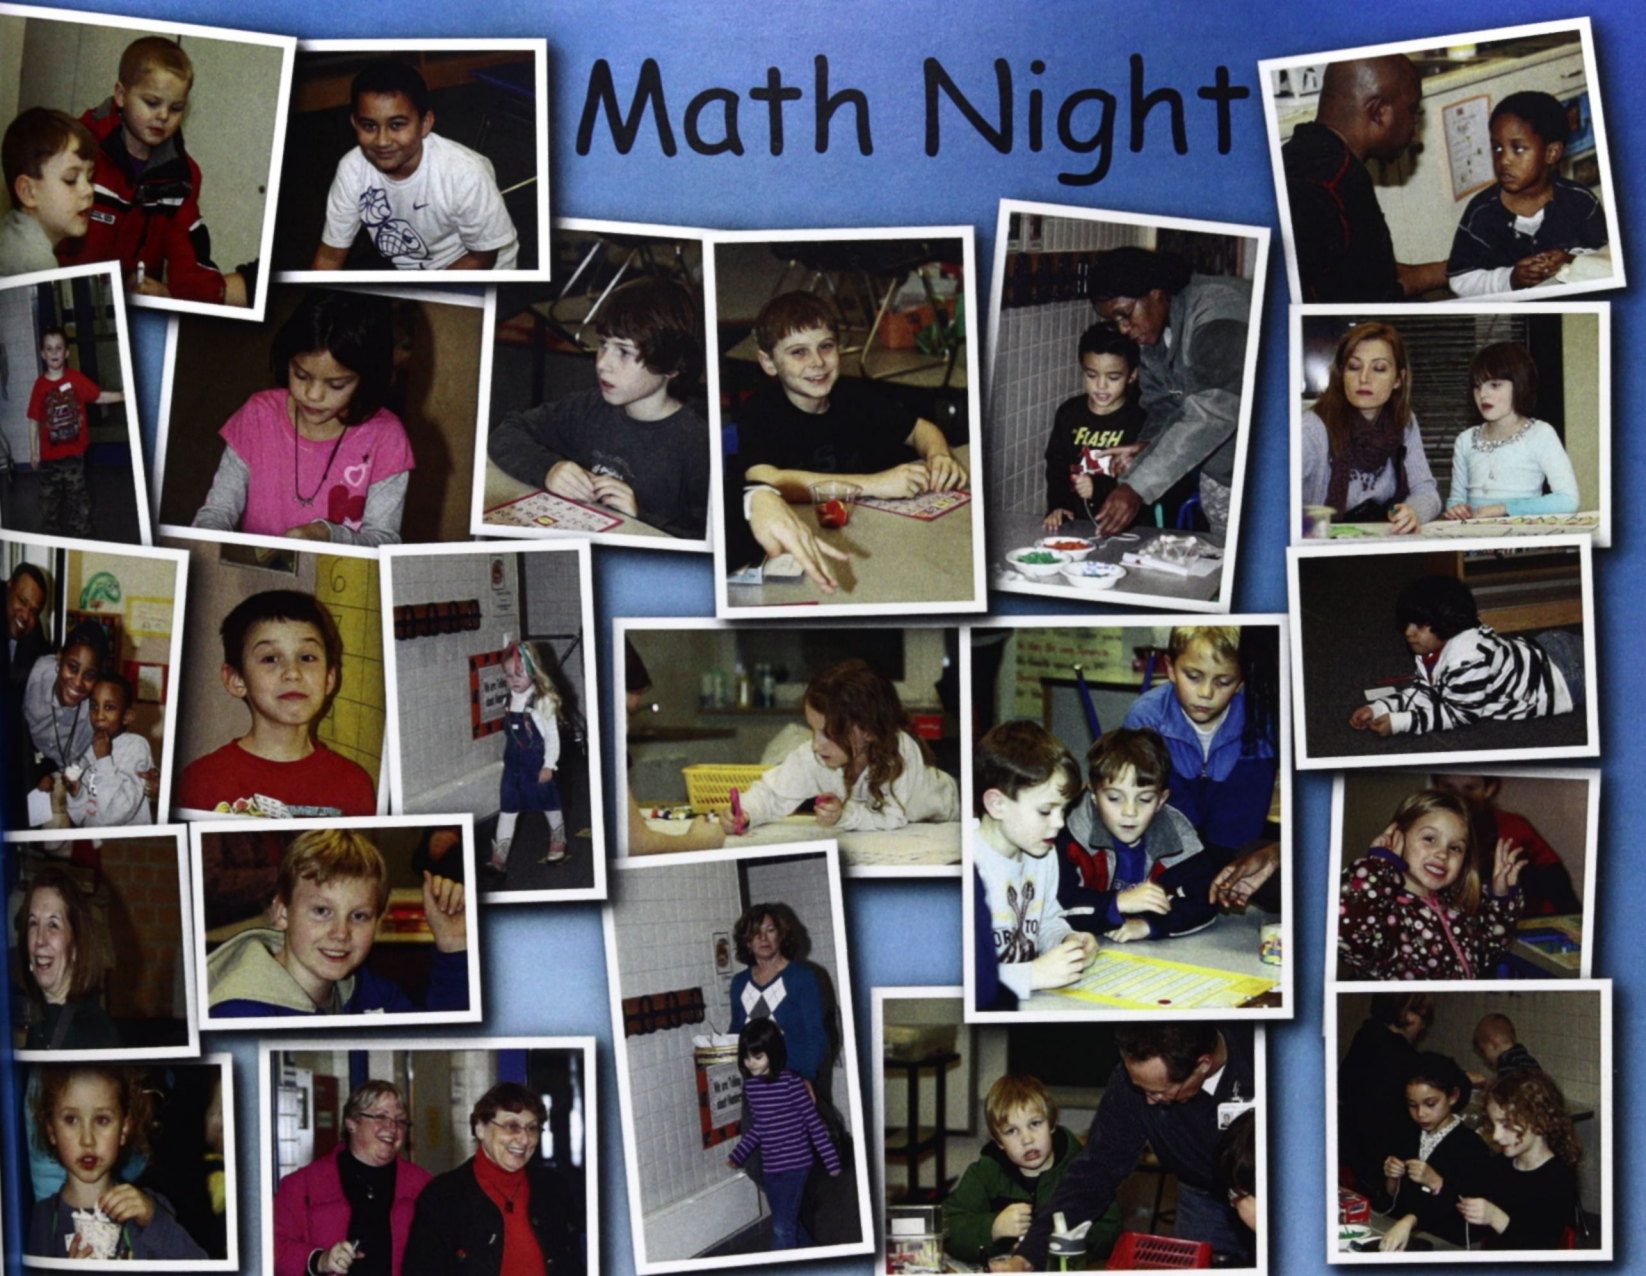

Living Museum

Math Night

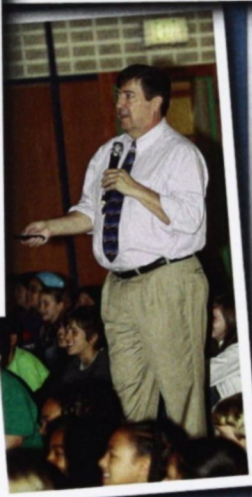

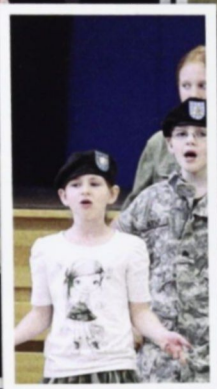

The collage features 18 individual photographs capturing various moments from a 'Math Night' event. The photos are set against a solid blue background. The images show a mix of children and adults engaged in different math-related activities. Some photos show children working independently at tables, while others show adults providing guidance or assistance. The children are dressed in casual clothing, and the adults are also in casual attire. The photos are of various sizes and are tilted at different angles, creating a dynamic and engaging visual. The overall atmosphere is one of learning and fun.

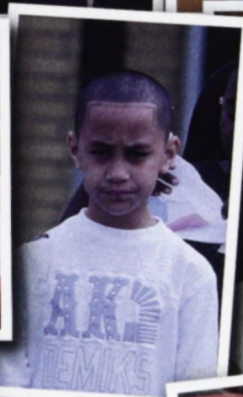

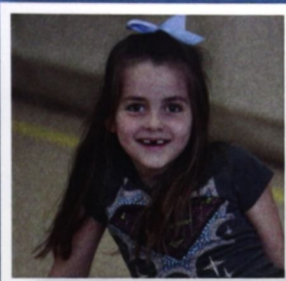

Science Night

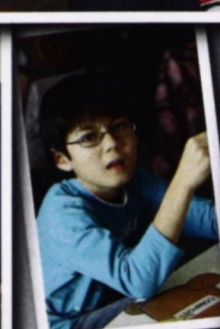

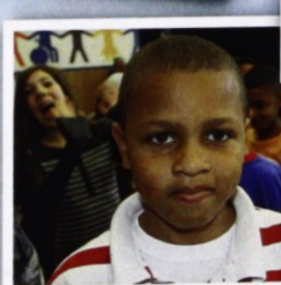

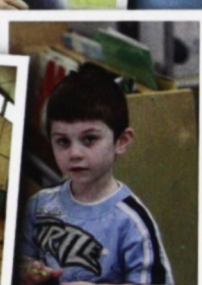

The Show must go on.....
